

### **Disclaimer**

#### Cautionary statements

This document should be read in conjunction with the documents distributed by Aviva plc (the 'Company' or 'Aviva') through The Regulatory News Service (RNS). This announcement contains, and we may make other verbal or written 'forward-looking statements' with respect to certain of Aviva's plans and current goals and expectations relating to future financial condition, performance, results, strategic initiatives and objectives. Statements containing the words 'believes', 'intends', 'expects', 'projects', 'plans', 'will', 'seeks', 'aims', 'may', 'could', 'outlook', 'likely', 'target', 'goal', 'guidance', 'trends', 'future', 'estimates', 'potential' and 'anticipates', and words of similar meaning, are forward-looking. By their nature, all forward-looking statements involverisk and uncertainty. Accordingly, there are or will be important factors that could cause actual results to differ materially from those indicated in these statements. Aviva believes factors that could cause actual results to differ materially from those indicated in forward-looking state ments in the announcement include, but are not limited to: the impact of ongoing uncertain conditions in the global financial markets and the local and international political and economic situation generally; market developments and government actions (including those arising from the evolving relationship between the UK and the EU); the effect of credit spread volatility on the net unrealised value of the investment portfolio; the effect of losses due to defaults by counterparties, including potential sovereign debt defaults or restructurings, on the value of our investments; changes in interest rates that may cause policyholders to surrender their contracts, reduce the value or yield of our investment portfolio and impact our asset and liability matching; the unpredictable consequences of reforms to reference rates, including LIBOR; the impact of changes in short or long-term inflation; the impact of changes in equity or property prices on our investment portfolio; fluctuations in currency exchange rates; the effect of market fluctuations on the value of options and guarantees embedded in some of our life insurance products and the value of the assets backing their reserves; the amount of allowances and impairments taken on our investments; the effect of adverse capital and credit market conditions on our ability to meet liquidity needs and our access to capital; changes in, or restrictions on, our ability to initiate capital management initiatives; changes in or inaccuracy of assumptions in pricing and reserving for insurance business (particularly with regard to mortality and morbid ity trends, lapse rates and policy renewal rates), longevity and endowments; a cyclical downturn of the insurance industry; the impact of natural and man-made catastrop hic events (including the impact of Covid-19) on our business activities and results of operations; the transitional, litigation and physical risks associated with climate change; our reliance on information and technology and thirdparty service providers for our operations and systems; the impact of the Group's risk mitigation strategies proving less effective than anticipated, including the inability of reinsurers to meet obligations or unavailability of reinsurance coverage; poor investment performance of the Group's asset management business; the withdrawal by customer's at short notice of assets under the Group's management; failure to manage risks in operating securities lending of Group and third-party client assets; increased competition in the UK and in other countries where we have significant operations; regulatory approval of changes to extension of use of the Group's internal model for calculation of regulatory capital under the UK's version of Solvency II rules; the impact of actual experience differing from estimates used in valuing and amortising deferred acquisition costs (DAC) and acquired value of in-force business (AVIF); the impact of recognising an impairment of our good will or intangibles with indefinite lives; changes in valuation method ologies, estimates and assumptions used in the valuation of investment securities; the effect of legal proceedings and regulatory investigations; the impact of operational risks, including inadequate or failed internal and external processes, systems and human error or from external events and malicious acts (including cyber attack and theft, loss or misuse of customer data); risks associated with arrange ments with third parties, including joint ventures; our reliance on third-party distribution channels to deliver our products; funding risks associated with our participation in defined benefit staff pension schemes; the failure to attract or retain the necessary key personnel; the effect of systems errors or regulatory changes on the calculation of unit prices or deduction of charges for our unit-linked products that may require retrospective compensation to our customers; the effect of simplifying our operating structure and activities; the effect of a decline in any of our rating sby rating agencies on our standing among customers, broker-dealers, agents, wholesalers and other distributors of our products and services; changes to our brand and reputation; changes in tax laws and interpretation of existing tax laws in jurisdictions where we conduct business; changes to International Financial Reporting Standards relevant to insurance companies and their interpretation; the inability to protect our intellectual property; the effect of undisclosed liabilities, execution and separation issues and other risks associated with our business disposals; and the timing/regulatory approval impact and other uncertainties, such as diversion of management attention and other resources, relating to announced and future disposals and relating to future acquisitions, combinations or disposals within relevant industries; the policies, decisions and actions of government or regulatory authorities in the UK, the EU, the US, Canada or elsewhere, including the implementation of key legislation and regulation. For a more detailed description of these risks, uncertainties and other factors, please see the 'Risk and risk management' section in Aviva's most recent Annual Report

Aviva undertakes no obligation to update the forward looking statements in this announcement or any other forward-looking statements we may make. Forward-looking statements in this report are current only as of the date on which such statements are made.

This report has been prepared for, and only for, the members of the Company, as a body, and no other persons. Accelerate to **Diversify** \$170m GCS Corporate Risk PL Direct Fast growth, Opportunistic > 10% CAGR

COR 95% - 99%

Scale direct, grow specialty PL & core, middle market and large commercial

## 2 Invest in industry leading capabilities

#### **Strategic Focus** Aiming point (2023) Model delivery • Pricing model enhancements **Pricing sophistication** • Model integration and automation 2x faster Market leading expense IT simplification **Leading efficiency** Digitised customer and broker journeys ratio < 9%1 Product simplification Narrow COR corridor<sup>2</sup> **Underwriting expertise** Exposure and portfolio management • Underwriting workflow optimisation 93% - 95% • Operational effectiveness through automation Claims expense < 8%<sup>3</sup> **Claims management** Fraud identification Vendor management Workforce transformation >80% People & culture High performance culture employee engagement • Diversity and inclusion

Optimise core capabilities as a clear point of differentiation to the market and our customers

## Transform the service experience through digitisation

# Where we came from

#### Increasingly digital operations

Last 3 years

- ✓ Quote and buy online for some journeys
- ✓ SMS and chat, less telephony
- ✓ Paperless documents, digital marketing
- √ 3<sup>rd</sup> party API integrations
- ✓ Basic data infrastructure

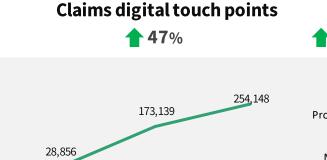

2020

#### Digital self serve

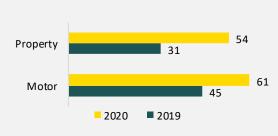

2023 and beyond

Where we are going

- Digital purchase, serve and claims journeys
- Sophisticated fraud analytics
- Telematics, digital direct
- Digital settlements/payments
- Cloud, robust data infrastructure

2019

**Claims TNPS** 

Property - 23pts Motor - 16pts

#### Monthly chat usage

**159**%

2018

## Disrupt the market with innovation

#### Strategic focus

#### **Data science**

Build the leading data science and analytics practice in Canada to create differentiation in a commoditised market

#### **Claims settlement**

Set a new industry standard for claims experience through fast and fair claims settlement in under 24 hours

### **Digital direct**

Make insurance easy with the best digital experience in Canada, empowering customers through transparency and expert advice

Aiming point (2023)

3% uplift in GWP 1pp COR improvement

24hr settlement 60% for Motor 40% for Property

>10% of GWP¹ by 2026

Create a competitive advantage that accelerates growth and delivers an unmatched experience

## We have clearly defined measures of success
