FOR IMMEDIATE RELEASE

2 December 2014

**RECOMMENDED ALL-SHARE ACQUISITION OF
FRIENDS LIFE GROUP LIMITED BY AVIVA PLC**

Summary

- The Boards of Aviva and Friends Life are pleased to announce that they have reached agreement on the terms of a recommended all-share acquisition of Friends Life by Aviva.
- **Under the terms of the Proposed Acquisition, holders of Friends Life Shares will receive 0.74 New Aviva Shares for each Friends Life Share they hold.**
- Based on the Exchange Ratio and the Closing Price of Aviva and Friends Life shares as at 20 November 2014 (being the last business day prior to talks between Aviva and Friends Life being made public), the Proposed Acquisition, excluding the payment to RCAP in relation to the Value Share and Friends Life's proposed second interim dividend payment in respect of the 2014 financial year (each as described below), values each Friends Life Share at 394p and Friends Life's existing issued ordinary share capital at approximately £5.6 billion, representing a premium of:
 - 15 per cent. to the Closing Price of 343p per Friends Life Share on 20 November 2014; and
 - 27 per cent. to the average Closing Price of 310p per Friends Life Share for the three-month period ended 20 November 2014.
- Based on the Exchange Ratio and the Closing Price of Aviva as at 1 December 2014, the Proposed Acquisition values each Friends Life Share at 370p, which represents a premium of 8 per cent. to the closing price of 343p per Friends Life Share on 20 November 2014.
- In addition, assuming the Proposed Acquisition completes, Friends Life Shareholders who are on the Friends Life shareholder register at the Friends Life Record Date will also be entitled to receive, in place of Friends Life's 2014 final dividend, Friends Life's proposed second interim dividend of 24.1p per share, in respect of the 2014 financial year, resulting in a 2014 full year dividend of 31.15p per share. In the event that the Proposed Acquisition does not complete, Friends Life expects that its 2014 final dividend and therefore its 2014 full year dividend would be in line with Friends Life's 2013 final dividend and 2013 full year dividend, respectively. Friends Life Shareholders will have no entitlement to Aviva's proposed 2014 final dividend.
- The Proposed Acquisition would result in Friends Life Shareholders owning approximately 26 per cent. of the issued ordinary share capital of the Enlarged Aviva Group.
- The Proposed Acquisition accelerates Aviva's investment thesis of "cash flow plus growth" with a financial and strategic rationale that the board of Aviva believes creates a compelling opportunity for the Enlarged Aviva Group to create value for both sets of shareholders:

Financial

- Expected to generate approximately £0.6 billion incremental Holdco Excess Cash Flow per annum¹;
- Gives rise to a combined central liquidity position of £2.4 billion²;
- Reduces “day 1” external debt leverage and S&P Leverage to a level consistent with an S&P AA rating, beyond Aviva’s medium term objectives, with no requirement to further deleverage the Enlarged Aviva Group;
- Expected to generate approximately £225 million of run-rate annual cost synergies by the end of 2017, which Aviva has valued at approximately £1.8 billion³. Aviva believes these synergies will deliver substantial value and increase cash flow generation and expects significant additional value through capital, financial and revenue synergies over time; and
- Accelerates Aviva’s expected dividend growth, with the intention, in the medium term, to move dividend cover to approximately 2x operating EPS on an IFRS basis.

Strategic

- Secures position as the leading insurance and savings business in the Enlarged Aviva Group’s home market, with 16 million customers in the UK (prior to the deduction of overlapping customers);
 - Increases scale in attractive segments of the UK Life market including leadership position in Corporate Pensions, Protection and At-Retirement;
 - Opportunity for Aviva Investors to add up to approximately £70 billion⁴ of Friends Life’s UK assets under administration, increasing its AuM by up to 29 per cent., to up to approximately £309 billion⁵;
 - Brings 5 million current Friends Life customers to Aviva, who stand to benefit from being part of a stronger and more diversified group with a wider product range, and enables Aviva to accelerate its Digital First and True Customer Composite strategies;
 - Adds significant scale to Aviva’s existing UK Life back book, as well as a management team with the expertise to unlock further value from UK Life insurance back books; and
 - Enables investment in the Enlarged Aviva Group’s growth businesses.
- The Aviva Directors propose to pay a 2014 final dividend of 12.25p per share, representing a 30 per cent. increase on the 2013 final dividend per share, and resulting in a 2014 full year dividend of 18.1p per share. The Aviva Directors believe the Proposed Acquisition would be broadly neutral to Aviva’s operating EPS once full run-rate synergies are achieved, expected by the end of 2017.
 - The Aviva Directors believe the Proposed Acquisition brings together two successful management teams, combining Aviva’s particular expertise in cost reduction and turnaround with Friends Life’s expertise in business integration and back book management.
 - Following the Proposed Acquisition, it is anticipated that, Andy Briggs, the current Group Chief Executive of Friends Life, will become Chief Executive Officer of Aviva UK Life and will join the board of Aviva as an Executive Director. Shortly after the Scheme becomes Effective, it is expected that Sir Malcolm Williamson, the current Chairman of Friends Life, will join the board of Aviva as Senior Independent Director and it is anticipated that a further Non-Executive Director of Friends Life will join the board of Aviva.

¹ Based on 2013 actual Friends Life cash flow plus expected run rate synergies.

² Calculated by reference to Friends Life’s Available Shareholder Assets as at 30 September 2014 of £911 million, adjusted for the proceeds received from the disposal of Lombard (£260 million), less the amount spent on the share buy-back before it was suspended of £29 million.

³ The synergy valuation is based on estimated net present value of expected cost synergy benefits.

⁴ The Friends Life UK Life assets under administration opportunity breaks down into over £19 billion of directed in-house funds and over £49 billion of directed externally managed funds.

⁵ £309 billion / 29 per cent. increase includes approximately £70 billion of assets that are non-customer directed funds for which the asset manager is pre-selected. Excludes £33 billion of customer directed funds, which allows customers to choose their asset manager.

- The Exchange Ratio and implied premium have been agreed between Aviva and Friends Life having taken into account the impact of the Value Share and the consideration that will be due from Friends Life to RCAP under the terms of the Limited Partnership Agreement.
- At completion of the Proposed Acquisition, Friends Life is required to settle the Value Share in cash. The cash consideration payable to RCAP is expected by Friends Life to be approximately £220 million. However, under the terms of the Limited Partnership Agreement, RCAP can elect to receive the consideration in Friends Life Shares. If RCAP elects for shares, any Friends Life Shares would be acquired by Aviva immediately following completion of the Proposed Acquisition at the Exchange Ratio in connection with the proposed implementation of the Scheme.

Commenting on the Proposed Acquisition, John McFarlane, Chairman of Aviva, said:

“Aviva’s recent success and sound growth and return prospects already present a compelling investment proposition and enable us to advance our strategy through acquisition as well as organic growth.

The Proposed Acquisition not only consolidates Aviva’s leading position which Aviva has established in the UK, it is expected to enable a much stronger dividend flow and balance sheet position than would otherwise have been possible. It also offers Friends Life Shareholders an attractive outcome.

This move enhances, and is consistent with, our investment proposition of “cash flow plus growth”, and I commend it to shareholders.”

Commenting on the Proposed Acquisition, Mark Wilson, CEO of Aviva, said:

“This acquisition is financially and strategically compelling. It is one of those rare transactions where the two organisations fit with surgical precision, building on each other’s strengths and addressing the challenges.

Consistent with our investment thesis of cash flow plus growth, this transaction will increase our cash flows and reduce our leverage and support continued growth in our dividend. It secures our leadership position in our home market and gives greater flexibility to drive growth in other parts of the Aviva group.

This is good for shareholders and customers alike who will benefit from being part of a stronger, more diversified and resilient business with a wide range of products.”

Commenting on the Proposed Acquisition, Sir Malcolm Williamson, Chairman of Friends Life, said:

“The Board is pleased to recommend the offer which strongly supports our focus on generating value for shareholders.

Friends Life has built a strong and successful business under Andy Briggs’ leadership. By combining the market-leading strengths of the two businesses, we will create the UK’s leading insurance, savings and asset management business, delivering additional scale and efficiencies. This will provide enhanced outcomes for the increased customer base and for new customers into the future.”

Commenting on the Proposed Acquisition, Andy Briggs, Group Chief Executive of Friends Life, said:

“Friends Life has always been about maximising value for shareholders and delivering strongly for customers. The compelling combination of Friends Life and Aviva provides an excellent opportunity to accelerate our existing strategy and growth, generating value for shareholders faster.

The enlarged group brings together complementary strengths and a commitment to delivering the very best propositions, service and expertise for customers. I’m delighted to be joining the board of Aviva as part of the leadership team, committed to driving forward the group’s investment thesis of cash flow and growth. Together we will have scale leadership positions across our chosen growth markets, ensuring that the new group is well placed to take advantage of the opportunities presented by the rapidly evolving UK life insurance market.”

The Aviva Directors, having reviewed and analysed the potential synergies of the Proposed Acquisition, based on their experience of operating in the insurance and savings sectors, and taking into account the factors they can influence, believe that the Proposed Acquisition can deliver shareholder value through expected realisation of approximately £225

million of annual run-rate cost synergies by the end of 2017. The potential sources of quantified synergies include integrating life companies operations, recapturing previously outsourced asset management contracts and the possible reduction of corporate and development costs across the two businesses. It is currently envisaged that approximately 60 per cent. of these potential synergies will be derived from the Life business with the balance being achieved in approximately equal measures from two other potential sources, namely recapturing previously outsourced asset management contracts and the possible reduction of corporate and development costs across the two businesses.

In addition to the £225 million of annual run-rate cost synergies, the Aviva Directors expect that the Proposed Acquisition will benefit shareholders in the Enlarged Aviva Group over time through expected realisation of significant incremental capital, financial and revenue synergies. As at the date of this announcement, an integration plan is being compiled and this may involve headcount reduction. Finalisation of the integration plan will be subject to engagement with appropriate stakeholders, including employee representative bodies and unions.

It is intended that the Proposed Acquisition will be implemented by way of a court-sanctioned scheme of arrangement under Part VIII of the Companies (Guernsey) Law, 2008 (as amended), further details of which are contained in the full text of this announcement. However, Aviva reserves the right to implement the Proposed Acquisition by way of a takeover offer (as defined in Part 28 of the Companies Act 2006 (as amended)), subject to the Panel's consent and the terms of the Co-operation Agreement.

The Friends Life Directors, who have been so advised by Goldman Sachs International consider the terms of the Proposed Acquisition to be fair and reasonable. In providing advice to the Friends Life Directors, Goldman Sachs International has taken into account the commercial assessments of the Friends Life Directors. Accordingly, the Friends Life Directors intend unanimously to recommend that Friends Life Shareholders vote in favour of the Scheme and the associated resolutions to be proposed at the Guernsey Court Meeting and any Friends Life General Meeting, as those Friends Life Directors with beneficial holdings have irrevocably undertaken to do, or procure, in respect of their own beneficial holdings of 930,681 Friends Life Shares representing, in aggregate, approximately 0.066 per cent. of Friends Life's ordinary share capital in issue on 1 December 2014 (being the last practicable date prior to the release of this announcement).

Barclays and RBC Capital Markets have also provided financial advice to the Friends Life Directors in relation to the Proposed Acquisition.

The Proposed Acquisition will be put to the vote of existing Aviva Shareholders as a class 1 transaction for the purpose of the FCA's Listing Rules. The Aviva Directors consider the Proposed Acquisition to be in the best interests of Aviva and the Aviva Shareholders as a whole and intend unanimously to recommend that Aviva Shareholders vote in favour of all of the resolutions to be proposed at the Aviva General Meeting which will be convened in connection with the Proposed Acquisition, as they have irrevocably undertaken to do, or procure, in respect of their own beneficial holdings of 263,847 Aviva Shares representing, in aggregate, approximately 0.009 per cent. of Aviva's ordinary share capital in issue on 1 December 2014, being the last practicable date prior to the release of this announcement.

The Aviva Directors have received financial advice from Morgan Stanley, J.P. Morgan Cazenove and Robey Warshaw LLP in relation to the Proposed Acquisition. In providing their advice to the Aviva Directors, Morgan Stanley, J.P. Morgan Cazenove and Robey Warshaw LLP have relied upon the Aviva Directors' commercial assessment of the Proposed Acquisition.

The Scheme Document will include full details of the Scheme, together with notices of the Guernsey Court Meeting and any Friends Life General Meeting and the expected timetable, and will specify the action to be taken by Scheme Shareholders. It is expected that the Scheme Document will be posted to Friends Life Shareholders in the second half of January 2015. For the purposes of paragraph 3(a) of Appendix 7 of the Code and with the agreement of the Friends Life Directors, the Panel has consented to this arrangement.

It is expected that the Aviva Prospectus, containing information about the New Aviva Shares, will be published at the same time as the Scheme Document is posted to Friends Life Shareholders. It is also expected that the Aviva Class 1 Circular, containing details of the Proposed Acquisition and notice of the Aviva General Meeting at which resolutions will be proposed for the approval of the Proposed Acquisition by Aviva Shareholders, will be posted to Aviva Shareholders at the same time as the Scheme Document is posted to Friends Life Shareholders.

This summary should be read in conjunction with, and is subject to, the full text of this announcement (including the Appendices). The Proposed Acquisition will be subject to the Conditions and further terms set out in Appendix 1 to this announcement and to the full terms and conditions which will be set out in the Scheme Document. FOR IMMEDIATE RELEASE

2 December 2014

**RECOMMENDED ALL-SHARE ACQUISITION OF
FRIENDS LIFE GROUP LIMITED BY AVIVA PLC**

1. Introduction

The boards of directors of Aviva and Friends Life are pleased to announce that they have reached agreement on the terms of a recommended all-share acquisition by Aviva of the entire issued and to be issued ordinary share capital of Friends Life (not already owned by the Aviva Group) in exchange for New Aviva Shares.

2. Summary of the Proposed Acquisition

It is intended that the Proposed Acquisition will be implemented by way of a court-sanctioned scheme of arrangement under Part VIII of the Companies (Guernsey) Law, 2008 (as amended).

Under the Scheme, which will be subject to the Conditions and terms set out in Appendix 1 to this announcement and to the further terms to be set out in the Scheme Document, Friends Life Shareholders will receive:

0.74 New Aviva Shares for each Friends Life Share

In addition, assuming the Proposed Acquisition completes, Friends Life Shareholders who are on the Friends Life shareholder register at the Friends Life Record Date will also be entitled to receive, in place of Friends Life's 2014 final dividend, Friends Life's proposed second interim dividend of 24.1p per share, in respect of the 2014 financial year, resulting in a 2014 full year dividend of 31.15p per share. In the event that the Proposed Acquisition does not complete, Friends Life expects that its 2014 final dividend and therefore its 2014 full year dividend would be in line with Friends Life's 2013 final dividend and 2013 full year dividend, respectively. Friends Life Shareholders will have no entitlement to Aviva's proposed 2014 final dividend.

The Exchange Ratio and implied premium have been agreed between Aviva and Friends Life having taken into account the impact of the Value Share, and the consideration that will be due from Friends Life to RCAP under the terms of the Limited Partnership Agreement. At completion of the Proposed Acquisition, Friends Life is required to settle the Value Share in cash. The cash consideration payable to RCAP is expected by Friends Life to be approximately £220 million. However, under the terms of the Limited Partnership Agreement, RCAP can elect to receive the consideration in Friends Life Shares. If RCAP elects for shares, any Friends Life Shares would be acquired by Aviva immediately following completion of the Proposed Acquisition at the Exchange Ratio in connection with the proposed implementation of the Scheme.

Based on the Exchange Ratio and the Closing Prices of Aviva and Friends Life shares as at 20 November 2014 (being the last date prior to talks between Aviva and Friends Life being made public), the Proposed Acquisition, excluding the payment to RCAP in relation to the Value Share and Friends Life's proposed

second interim dividend payment in respect of the 2014 financial year, values each Friends Life Share at 394p and Friends Life's existing issued ordinary share capital at approximately £5.6 billion.

The terms of the Proposed Acquisition, excluding the payment to RCAP in relation to the Value Share and Friends Life's proposed second interim dividend payment in respect of the 2014 financial year, represent:

- a premium of 15 per cent. to the Closing Price of 343p per Friends Life Share on 20 November 2014;
- a premium of 27 per cent. to the average Closing Price of 310p per Friends Life Share for the three-month period ended 20 November 2014; and
- a multiple of 1.0x Friends Life's Market Consistent Embedded Value per share as at 30 June 2014 (adjusted for the sale of Lombard and share buyback).

Based on the Exchange Ratio and the Closing Price of Aviva as at 1 December 2014, the Proposed Acquisition values each Friends Life Share at 370p, which represents a premium of 8 per cent. to the Closing Price of 343p per Friends Life Share on 20 November 2014.

If successful, the Proposed Acquisition will result in Friends Life Shareholders, together, owning approximately 26 per cent. of the ordinary share capital of the Enlarged Aviva Group.

3. Background to and reasons for the Proposed Acquisition

Summary

Over the past two years, Aviva has undertaken a major transformation, creating significant value for its shareholders. The Proposed Acquisition has a financial and strategic rationale that would accelerate Aviva's transformation in line with its investment thesis, "cash flow plus growth". It is expected to increase the quantum, resilience and diversification of group cash flows and improve Aviva's ability to invest for growth in its chosen markets and products, leveraging the respective strengths of Aviva and Friends Life to establish a compelling opportunity to create value for both Aviva and Friends Life shareholders.

Aviva also has a focused, clear, simple and differentiated business strategy. Its strategic anchor has three elements:

- **True Customer Composite.** Aviva is the only composite of scale in the UK and one of the few in the world that can offer a full range of insurance and asset management products, underpinned by the most recognised insurance brand in the UK.
- **Digital First.** This is how Aviva is capitalising on being a composite insurer. It is how customers increasingly want to do business with Aviva. If there is a choice of where to invest, it will be in digital first across any channel; and
- **Not Everywhere.** Aviva is not interested in geographic regions but individual markets where it has scale and profitability or a distinct competitive advantage. It will focus on markets, like the UK, where it will win.

Aviva believes that the Proposed Acquisition reinforces its investment thesis and provides the opportunity for "accelerating cash flow plus growth".

Increasing the Quantum, Resilience and Diversification of Cash flows

The Proposed Acquisition leverages the complementary strengths of Aviva and Friends Life to create a stronger, more diversified and resilient business better positioned to serve customer needs, combining Aviva's brand, broad product range, scale and composite benefits with Friends Life's strong cash flow, corporate pensions leadership, balance sheet strength and proven back book expertise.

Substantial Value from Potential Synergies

Aviva envisages achieving an annual synergy run-rate of approximately £225 million by the end of 2017, through *inter alia*, integrating life companies' operations, recapturing previously outsourced asset management contracts and the possible reduction of corporate and development costs across the two businesses. Aviva has valued these potential cost synergies at approximately £1.8 billion⁶. One-off integration costs of £350 million are expected to be incurred by mid 2017 to realise these potential synergy benefits, of which approximately £200 million are currently expected to be incurred in 2015, approximately £100 million in 2016 and the balance in 2017. In addition to the targeted operating efficiency synergies, the Aviva Directors believe there is likely to be significant additional value through the capital, financial and revenue synergies that are expected to be available to the Enlarged Aviva Group over time.

The Aviva Directors are confident the Aviva and Friends Life management teams have the right experience and expertise to maximise the value from the Proposed Acquisition. Specifically, Friends Life's management team has a proven track record in integrating acquisitions and delivering value from back books successfully, rationalising seven legal entities into two and securing approximately £160 million of run-rate synergy benefits from 2011 to 2013. This complements the Aviva management team's track record in delivering cost savings and the successful turnaround of the Aviva business, having reduced Aviva's UK Life expenses by 28 per cent. from 2011 to 1H2014 (on an annualised basis) and realising run-rate annual Aviva cost reductions of £568 million over the same period.

The Proposed Acquisition would, over time, present the opportunity for Aviva Investors to manage up to approximately £70 billion of Friends Life's UK assets under administration⁷, increasing Aviva Investors' assets under management by up to 29 per cent., to up to approximately £309 billion⁸. The Proposed Acquisition would also increase scale in core asset classes, including sterling fixed income and tax transparent funds, as well as enhance Aviva Investors' overall profit contribution and its relevance in the context of the Enlarged Aviva Group. Aviva currently estimates that the insourcing of these assets under administration could, over time, contribute approximately £40 million of profit per annum to the Enlarged Aviva Group as part of the synergy benefits of the Proposed Acquisition. The Proposed Acquisition will provide an opportunity to create a stronger platform from which to execute Aviva Investors' strategy and in doing so create more cash flow for the Enlarged Aviva Group.

Further detail on quantified synergies is given in paragraph 7 below.

Increases Scale in Attractive Segments of the UK Life Market

The Proposed Acquisition would result in Aviva having leadership positions across key product areas, with a total of approximately 12 million UK Life customers (prior to the deduction of overlapping customers), with combined UK Life assets under management of £215 billion⁹, and provides a substantial opportunity to deliver improved customer proposition cross-selling through Aviva's True Customer Composite and Digital First strategies.

The Enlarged Aviva Group's UK Life platform is expected to result in:

- the UK's largest back book¹⁰, with the scale to achieve improved efficiencies when coupled with Friends Life's leading management team with a track record of back book value creation;
- a leadership position in Corporate Pensions with assets under administration of £39 billion¹¹;

⁶ The synergy valuation is based on estimated net present value of expected cost synergy benefits.

⁷ The Friends Life UK Life assets under administration opportunity breaks down into over £19 billion of directed in-house funds and over £49 billion of directed externally managed funds.

⁸ £309 billion / 29 per cent. increase includes approximately £70 billion of assets that are non-customer directed funds for which the asset manager is pre-selected. Excludes £33 billion of customer directed funds, which give customers the ability to choose their asset manager.

⁹ As at 31 December 2013.

¹⁰ Based on analysis of 2013 PRA returns of UK gross reserves. Back book defined as per Friends Life's methodology and includes with-profit products, unit-linked bonds and other legacy products.

¹¹ As at 31 December 2013. Includes £5 billion of Friends Life workplace pensions assets under administration which are currently under the Heritage division.

- significant increase in Protection value of new business, with complementary product mix and distribution focus and potential efficiencies through alignment of new business platforms; and
- an increased opportunity in the At-Retirement market, with the Enlarged Aviva Group representing one in four retiring defined contribution pension customers and accessing £4 billion¹² of annual maturing pensions.

In addition, the Proposed Acquisition would enable the Enlarged Aviva Group to unlock further value and cash flow from the combined back books in UK Life through reduced unit costs, improved retention and capital actions in the near-term.

Accelerates Financial Transformation of Aviva

The Proposed Acquisition is expected to result in an immediate reduction in financial leverage to a level that achieves Aviva's stated medium term objectives of external debt leverage below 40 per cent. on a TNAV (tangible net asset value) basis and AA equivalent on an S&P basis, with no expected requirement to further deleverage the Enlarged Aviva Group and no impact on existing plans to reduce the internal loan to £2.2 billion. Immediately following the Proposed Acquisition, external debt leverage on an IFRS tangible capital basis¹³, is expected to reduce from 44 per cent. to 39 per cent. for the Enlarged Aviva Group, and S&P Leverage is also expected to reduce from 30 per cent. to 28 per cent.¹⁴, providing Aviva with increased financial and strategic flexibility. Following the Proposed Acquisition, the Enlarged Aviva Group's debt leverage focus will be on the S&P Leverage metric, targeting a level that is consistent with an AA rating.

Aviva believes that its capital and liquidity position will be stronger and more resilient following the Proposed Acquisition. Aviva's Economic Capital surplus of approximately £8.0 billion would benefit from Friends Life's Economic Capital surplus (on a Friends Life standalone basis) of approximately £4.0 billion¹⁵, with the Enlarged Aviva Group position expected to be further strengthened by additional capital synergies over time. In addition, the Proposed Acquisition is expected to reduce the relative sensitivity of the Enlarged Aviva Group's Economic Capital to movements in credit and equity markets, as a result of Friends Life's lower market risk exposures relative to Aviva. The Enlarged Aviva Group would also benefit from Friends Life's central liquidity position of approximately £1.15 billion to provide a combined central liquidity position of approximately £2.4 billion¹⁶.

The stronger capital, cash flow and liquidity profile of the Enlarged Aviva Group is expected to be further strengthened by balance sheet synergies over time and improve the foundation for future growth.

The Proposed Acquisition is expected to have the following effect on key operating financial metrics:

- approximately £0.6 billion of incremental Holdco Excess Cash Flow per annum including the benefit from realisation of expected synergies by the end of 2017¹⁷;
- operating EPS broadly neutral once full run-rate synergies achieved;
- day-1 IFRS NAV per share accretion; and
- reduction in Enlarged Aviva Group operating expense ratio, by approximately 2 percentage points after realisation of expected synergies.

¹² For 2013 financial year.

¹³ Adjusted definition to deduct only goodwill from "tangible capital" i.e. AVIF maintained within capital base.

¹⁴ Both calculated as at 30 June 2014 by reference to Aviva's and Friends Life's 2014 half year reports.

¹⁵ Both calculated as at 30 June 2014 by reference to Aviva's and Friends Life's 2014 half year reports.

¹⁶ Calculated by reference to Friends Life's Available Shareholder Assets as at 30 September 2014 of £911 million, adjusted for the proceeds received from the disposal of Lombard (£260 million), less the amount spent on the share buy-back before it was suspended of £29 million.

¹⁷ Based on 2013 actual Friends Life cash flow plus expected run rate synergies.

Increased Dividend and Dividend Growth Trajectory

The Aviva Directors propose to pay a 2014 final dividend of 12.25p per share, representing a 30 per cent. increase compared to the 2013 final dividend per share, and resulting in a 2014 full year dividend of 18.1p per share.

The Aviva Directors expect the Proposed Acquisition to be accretive to Aviva's cash flow per share and cash flow coverage, given Friends Life's existing standalone cash flows and the expected synergy benefits of the combination. The Proposed Acquisition is expected to deliver approximately £0.6 billion incremental Holdco Excess Cash Flow per annum. In the medium term, Aviva intends to move dividend cover to approximately 2x operating EPS on an IFRS basis.

Customer Benefits

Aviva and Friends Life believe customers of the Enlarged Aviva Group stand to benefit from being part of a stronger and more diversified group with a wider product range.

In line with Aviva's true customer composite strategy, Friends Life's five million customers will be able to benefit from Aviva's product offering in General Insurance, Health, and Asset Management as well as Life Insurance and its strategy to put digital at the heart of how it deals with customers. Aviva's customers will be able to benefit from, inter alia, Friends Life's scale and expertise in Corporate Pensions with its market leading administration platforms serving the employee benefits market.

The UK Life market is attractive, particularly in retirement, protection and workplace pensions, three segments in which the Enlarged Aviva Group would have a leadership position¹⁸ and is expected to be well placed to invest, innovate and serve. Specifically, the Proposed Acquisition would lead to an increased opportunity to serve the 'At-Retirement' market, providing a broad range of retirement solutions to one in four retiring defined contribution pension customers. The Enlarged Aviva Group would be well positioned to provide new products to customers as they seek to take advantage of the new pensions freedoms which come into effect in April 2015.

The Enlarged Aviva Group would also have a leadership position in Protection, providing a broad suite of products across Life, Critical Illness and Health Insurance. In workplace pensions, a market which is expected to grow by 3.5 times in the next ten years¹⁹, the Enlarged Aviva Group would be well placed to serve both mid to large employers, where Friends Life has a leadership position, and small/medium enterprises (SME), where Aviva has a leadership position.

Transaction Reinforces Wider Growth Agenda

The Proposed Acquisition provides greater financial flexibility to drive growth in the rest of the Aviva Group by accelerating Aviva's balance sheet transformation as well as increasing cash flow generation and growth in UK Life. This enables the Enlarged Aviva Group to access its broader growth objectives, including:

- Growth markets: organic growth plus potential distribution/ bancassurance opportunities in Poland, Turkey, Greater China and S.E. Asia;
- True Customer Composite: Improve cross-sell ratio of 1.6 products to 36m customers²⁰ (16m in the UK, equivalent to accessing 1 in 4 households; prior to the deduction of overlapping customers), supported by enhanced digital offering and customer platforms (e.g. workplace);
- Asset management: new products to drive net external funds flow and increased scale supports investment to broaden capabilities (e.g. AIMS);

¹⁸ Based on market research conducted on behalf of Aviva.

¹⁹ Market growth projections from 2013 are based on market research conducted on behalf of Friends Life.

²⁰ Total number of Friends Life and Aviva customers as at 31 December 2013.

- General insurance: opportunity to cross-sell non-life products to life customers, with particular focus on building out existing businesses (e.g. France, Italy and Poland);
- Health: Aviva currently writes £1 billion premiums, compared to market opportunity of £90 billion premiums in Aviva's markets²¹;
- Digital: increasing direct access to customers (e.g. MyAviva app).

4. **Background to and reasons for the recommendation of the Friends Life Directors**

Over the last four years, during a period of substantial change within the industry, Friends Life's management have successfully transformed the financial position and strategic outlook for the Friends Life Group. A core element of this journey has been the reorganisation of the business into two UK life companies for legacy and for open business, accompanied by a prioritisation of shareholder value, both on immediate shareholder returns and also on longer term value creation.

This strategy has delivered "cash today", in the form of sustainable free surplus growing from under £100 million in 2010 to over £330 million in 2013, capital synergies generating free surplus in excess of £290 million, and a consistent and increasingly well covered dividend. The strategy has also delivered investment in "cash tomorrow", through the restructured open business in the UK, focusing on markets where Friends Life has the scale and expertise to grow profitably, namely Retirement Income, Corporate Pensions and Protection. This has been enhanced by the launch of Friends Life's in-house fixed income asset manager, FLI, and the delivery of significant change in the International division, where Friends Life's management have successfully disposed of Lombard and are currently repositioning Friends Provident International's business onto its own standalone platform, improving customer service and operating efficiency.

The result of this work is that Friends Life now has a clear and consistent strategy, focused on efficiently managing the Heritage platform and on capturing value in the retirement savings market. Throughout this period, Friends Life has maintained rigorous financial discipline. It is now more efficient, more customer-focused and more profitable, with a strong balance sheet and robust cash and capital positions.

The legislative and regulatory changes announced as part of the Budget in March 2014 represented some of the most significant developments for the industry for many years. In the new environment, Friends Life believes that its large existing customer base is a significant strategic asset that will become increasingly valuable as more customers transition towards retirement.

The Friends Life Directors believe that a transaction with Aviva offers an attractive opportunity to accelerate delivery of its strategy for Friends Life's policyholders and shareholders. The combination will create the largest UK life insurer, with a strong brand, broad product offering, 12 million UK Life customers (prior to the deduction of any overlap) and leadership positions in a number of the key segments of the market. This increased scale, brand recognition and resourcing is expected to provide significant cost benefits and efficiencies, enhancing the ability for the Enlarged Aviva Group to succeed and grow its new world retirement proposition. These benefits will be over and above the opportunities Friends Life has in back book consolidation. Aviva's large closed back book of business represents a sizeable opportunity to utilise Friends Life's strong skills in managing closed businesses to unlock value for both customers and shareholders whilst providing good levels of service and engagement with those customers.

The Friends Life Directors believe that the terms of the Proposed Acquisition recognise and reflect Friends Life's cash generation and longer term prospects as well as the settling of the Value Share. In reaching their conclusion, the Friends Life Directors considered the prospects for Friends Life's business, the potential benefits which Aviva expects to achieve from the Proposed Acquisition and the prospects for the Enlarged Aviva Group.

²¹ As at 31 December 2013.

Following consideration of the above factors, the Friends Life Directors unanimously intend to recommend that Friends Life Shareholders vote in favour of the Proposed Acquisition, as those Friends Life Directors with beneficial holdings have each irrevocably undertaken to vote, in respect of their entire respective beneficial holdings of Friends Life Shares.

5. Information on Aviva

The Aviva Group's history and expertise dates back over the past 300 years. It is one of the world's leading insurance groups and one of the leading providers of life and general insurance products in the UK and Europe. Its main activities are the provision of products and services in relation to long-term insurance and savings, general and health insurance and fund management. It currently serves 31 million customers across a range of insurance, savings and investment products and paid out £27.5 billion in claims and benefits in 2013²³.

Aviva's strategy is driven by its investment thesis of achieving cash flow plus growth. Its financial strength means it can be there for its customers, now and in the future. ²³ Aviva 2013 Annual Report.

For the twelve months ended 31 December 2013, Friends Life reported IFRS profit before tax from continuing operations of £415 million and as at 31 December 2013 had total assets of £130,091 million.

7. Potential synergies and integration planning

The Aviva Directors, having reviewed and analysed the potential synergies of the Proposed Acquisition, based on their experience of operating in the insurance and savings sectors, and taking into account the factors they can influence, believe that the Proposed Acquisition can deliver shareholder value through expected realisation of approximately £225 million of cost synergies on an annual run-rate basis. It is expected that the full run-rate synergies will be achieved by the end of 2017.

The potential sources of quantified synergies include integrating Life companies operations, recapturing previously outsourced asset management contracts and the possible reduction of corporate and development costs across the two businesses.

Whilst the integration plans are still being compiled and will, in due course be subject to engagement with all appropriate stakeholders, it is currently envisaged that approximately 60 per cent of these potential synergies will be derived from the Life business with the balance being achieved in approximately equal measures from the two other potential sources referred to above, namely recapturing previously outsourced asset management contracts (which Aviva currently estimates could, over time, contribute approximately £40 million of profit per annum to the Enlarged Aviva Group as part of the synergy benefits of the Proposed Acquisition) and the possible reduction of corporate and development costs across the two businesses.

In addition to these potential quantified synergies, the Aviva Directors believe that significant further value can be created through realisation of incremental capital, financial and revenue synergies, including:

- capital synergies through legal entity simplification, realisation of diversification benefits, de-risking and greater use of reinsurance and Solvency 2 optimisation;
- financial benefits including lower financing costs for the Enlarged Aviva Group and harmonisation of respective tax attributes; and
- enhanced revenue opportunities from increased cross-sell, improved retention of Friends Life's existing business and increased At-Retirement conversion through an improved combined product offering.

The integration of the businesses will require combining the Friends Life businesses and group functions into Aviva, with selection of the optimal platforms and operating model. It is anticipated that, following a suitable transition period, the Enlarged Aviva Group will operate under the Aviva brand for all UK Life new business. However, the selection of new business platforms will be on a "best of breed" basis. For example, Aviva would anticipate using the Friends Life corporate pensions platform and the Aviva annuities platform. Other platform selection decisions will be made as part of the integration process.

It is envisaged that the realisation of the potential quantified synergies will result in one-off integration costs of approximately £350 million (in aggregate), largely incurred by mid-2017 of which approximately £200 million are currently expected to be incurred in 2015, approximately £100 million in 2016 and the balance in 2017. Aside from these one-off exceptional costs, no material dis-synergies are expected in connection with the Proposed Acquisition. The identified synergies will accrue as a direct result of the Proposed Acquisition and would not be achieved on a standalone basis.

A full integration team is being established, bringing together the best relevant capabilities of both businesses, to ensure that the synergies of the Proposed Acquisition are maximised. Nick Amin has been appointed as Integration and Transformation Director to oversee all integration activity. Jonathan Moss will assume an expanded role to manage the back books of Friends Life and Aviva. The Aviva Directors are confident that the

integration of Aviva and Friends Life can be achieved without undue disruption to the underlying operations of either business and continue to enhance the UK strategy, as well as deliver customer benefits.

The integration process will operate according to the following important principles:

- protect the current business momentum and deliver synergies and long term growth potential;
- identify and retain the best talent from both Friends Life and Aviva;
- select the best platforms for writing new business from both Friends Life and Aviva;
- maintain existing back book administration for Friends Life and Aviva and avoid large scale IT migration (unless scale benefits dramatically improve the cost per policy); and
- focus on improving customer engagement to support the True Customer Composite strategy.

As at the date of this announcement, an integration plan is being compiled but more detailed consideration will need to be undertaken in relation to both the planning and the integration process. As soon as practicable following completion of the Proposed Acquisition, the Enlarged Aviva Group will aim to have fully validated its initial synergy assumptions, agreed the proposed target operating model of the Enlarged Aviva Group and completed the proposed integration plan across the Enlarged Aviva Group's business. The integration plan, once it is further developed, will set out the proposed scope of the integration process and quantified objectives, proposed organisation structures and processes to be reviewed and subsequently implemented, together with an overall proposed integration programme and stakeholder communication and consultation timetable. Finalisation of the integration plan will be subject to engagement with appropriate stakeholders, including employee representative bodies and unions.

These statements of estimated cost savings and synergies relate to future actions and circumstances which, by their nature, involve risks, uncertainties and contingencies. As a result, the cost savings and synergies referred to may not be achieved, may be achieved later or sooner than estimated, or those achieved could be materially different from those estimated. For the purposes of Rule 28 of the Code, the statements of estimated cost savings and synergies contained in this announcement are solely the responsibility of Aviva and the Aviva Directors.

These statements are not intended as a profit forecast and should not be interpreted as such.

Appendix 4 includes a copy of these statements of anticipated cost savings and synergies arising out of the Proposed Acquisition and provides underlying information and bases of belief. Appendix 4 also includes reports from Aviva's reporting accountant, Deloitte LLP, and its joint financial advisers, Morgan Stanley, J.P. Morgan Cazenove and Robey Warshaw LLP, in connection with anticipated quantified financial benefits statements, as required pursuant to Rule 28.1(a) of the Code, and provides underlying information and bases for the accountant's and advisers' respective reports. Each of Deloitte LLP, Morgan Stanley, J.P. Morgan Cazenove and Robey Warshaw LLP has given and not withdrawn its consent to the publication of its report in this announcement in the form and context in which it is included.

8. Directors, management and employees

Following the Proposed Acquisition, it is anticipated that Andy Briggs, the current Group Chief Executive of Friends Life, will become Chief Executive Officer of Aviva UK Life and will join the Board of Aviva as an Executive Director. Tim Tookey (Chief Financial Officer of Friends Life) has agreed to remain with the Enlarged Aviva Group for a transitional period.

Shortly after the Scheme becomes Effective, it is expected that Sir Malcolm Williamson, the current Chairman of Friends Life, will join the Board of Aviva as Senior Independent Director and it is anticipated that a further Non-Executive Director of Friends Life will join the Board of Aviva. Consideration will also be given to

appointing a number of the Non-Executive Directors of Friends Life to the subsidiary boards of the Enlarged Aviva Group.

The remaining Non-Executive Directors of Friends Life have confirmed that they intend to resign as directors of Friends Life on completion of the Proposed Acquisition.

The Aviva Directors recognise that in order to achieve the expected benefits of the Proposed Acquisition, operational restructuring is likely to be required following implementation of the Proposed Acquisition. The initial synergy work carried out to date has highlighted the potential to generate savings for the Enlarged Aviva Group in areas where there may be duplication. The Aviva Directors anticipate that this may involve headcount reduction. As identified in paragraph 7 above, integration planning has begun but more detailed consideration will need to be undertaken. Finalisation of the integration plan will be subject to engagement with appropriate stakeholders, including employee representative bodies and unions.

Aviva has given assurances to the Friends Life Directors that the existing contractual and statutory employment rights, including pension rights, of all retained management and employees of Friends Life will be fully respected following completion of the Proposed Acquisition and that, if any changes are proposed in the future, they will be subject to appropriate consultation.

9. Dividends and Aviva dividend policy

Assuming that all shareholder and regulatory approvals are received and the Proposed Acquisition completes, Friends Life Shareholders who are on the Friends Life shareholder register at the Friends Life Record Date will also be entitled to receive, in place of Friends Life's 2014 final dividend, Friends Life's proposed second interim dividend of 24.1p per share, in respect of the 2014 financial year, resulting in a 2014 full year dividend of 31.15p per share. In the event that the Proposed Acquisition does not complete, Friends Life expects that its 2014 final dividend and therefore its 2014 full year dividend would be in line with Friends Life's 2013 final dividend and 2013 full year dividend, respectively. Friends Life Shareholders will have no entitlement to Aviva's proposed 2014 final dividend.

The Aviva Directors propose to pay a 2014 final dividend of 12.25p per share, representing a 30 per cent. increase compared to the 2013 final dividend per share, and resulting in a 2014 full year dividend of 18.1p per share.

In the medium term, Aviva intends to move dividend cover to approximately 2x operating EPS on an IFRS basis. The Aviva Directors believe the Proposed Acquisition would be broadly neutral to Aviva's operating EPS once full run-rate synergies are achieved.

10. Current trading

Current trading for both Aviva and Friends Life continues in line with statements made in their respective announcements on 30 October 2014 and 11 November 2014, respectively.

11. Recommendations and irrevocable undertakings

The Friends Life Directors, who have been so advised by Goldman Sachs International, consider the terms of the Proposed Acquisition to be fair and reasonable. In providing advice to the Friends Life Directors, Goldman Sachs International has taken into account the commercial assessments of the Friends Life Directors.

Accordingly, the Friends Life Directors intend unanimously to recommend that Friends Life Shareholders vote in favour of the Scheme and the associated resolutions to be proposed at the Guernsey Court Meeting and any Friends Life General Meeting, as those Friends Life Directors with beneficial holdings have irrevocably undertaken to do, or procure, in respect of their own beneficial holdings of 930,681 Friends Life Shares representing, in aggregate, approximately 0.066 per cent. of Friends Life's ordinary share capital in issue on 1 December 2014 (being the last practicable date prior to the release of this announcement).

Barclays and RBC Capital Markets have also provided financial advice to the Friends Life Directors in relation to the Proposed Acquisition.

The Proposed Acquisition will be put to the vote of existing Aviva Shareholders as a class 1 transaction for the purpose of the FCA's Listing Rules. The Aviva Directors consider the Proposed Acquisition to be in the best interests of Aviva and the Aviva Shareholders as a whole and intend unanimously to recommend that Aviva Shareholders vote in favour of all of the resolutions to be proposed at the Aviva General Meeting which will be convened in connection with the Proposed Acquisition, as they have irrevocably undertaken to do, or procure, in respect of their own beneficial holdings of 263,847 Aviva Shares representing, in aggregate, approximately 0.009 per cent. of Aviva's ordinary share capital in issue on 1 December 2014 (being the last practicable date prior to the release of this announcement). The Aviva Directors have received financial advice from Morgan Stanley, J.P. Morgan Cazenove and Robey Warshaw LLP in relation to the Proposed Acquisition. In providing their advice to the Aviva Directors, Morgan Stanley, J.P. Morgan Cazenove and Robey Warshaw LLP have relied upon the Aviva Directors' commercial assessment of the Proposed Acquisition.

Further details of the irrevocable undertakings in relation to the Proposed Acquisition are set out in Appendix 3 to this announcement.

12. Structure of the Proposed Acquisition

12.1 Terms and conditions

Appendix 2 to this announcement sets out the Conditions and further terms to which the Proposed Acquisition will be subject, including details of requisite regulatory approvals.

12.2 Scheme of arrangement

It is intended that the Proposed Acquisition will be implemented by way of a court-sanctioned scheme of arrangement between Friends Life and the Scheme Shareholders under Part VIII of the Companies (Guernsey) Law, 2008 (as amended) (although Aviva reserves the right to elect to implement the Proposed Acquisition by way of an Offer, subject to Panel consent and to the terms of the Co-operation Agreement). The procedure involves an application by Friends Life to the Guernsey Court to call the Guernsey Court Meeting to approve the Scheme and upon approval an application to the Guernsey Court to sanction the Scheme and to confirm the transfer of all the Scheme Shares to Aviva, in consideration for which Scheme Shareholders who are on the register of members of Friends Life at the Scheme Record Time will receive New Aviva Shares (on the basis described above).

To become Effective, the Scheme requires, among other things, the approval of a majority in number of the Scheme Shareholders present and voting in person or by proxy at the Guernsey Court Meeting, representing not less than 75 per cent. in value of the Scheme Shares held by such Scheme Shareholders, together with the sanction of the Guernsey Court and the passing of any resolutions necessary to implement the Scheme at any Friends Life General Meeting. The Scheme will only become Effective upon the Guernsey Court sanctioning the Scheme.

The Scheme can only become Effective in accordance with its terms if all the Conditions have been satisfied or, where relevant, waived. Upon the Scheme becoming Effective, it will be binding on Friends Life and all Scheme Shareholders, irrespective of whether or not they attended or voted at the Guernsey Court Meeting or any Friends Life General Meeting. The Guernsey Court Meeting and any Friends Life General meeting will be held as soon as practicable following the publication of Aviva's and Friends Life's preliminary results for the financial year 2014, and are currently expected to be held in March 2015. The Scheme is expected to become Effective by the second quarter of 2015 (this is subject in particular to the approval of Aviva Shareholders and certain regulatory approvals, as described in Appendix 1).

12.3 Publication of Scheme Document and Aviva Prospectus

It is expected that the Scheme Document will be posted to Friends Life Shareholders in the second half of January 2015. For the purposes of paragraph 3(a) of Appendix 7 to the Code and with the agreement of the Friends Life Directors, the Panel has consented to this arrangement.

Aviva will be required to make the Aviva Prospectus available to the public in accordance with the Prospectus Rules. The Aviva Prospectus will contain information relating to the Enlarged Aviva Group and the New Aviva Shares. The Aviva Prospectus will be published at the same time as the Scheme Document is posted to Friends Life Shareholders.

12.4 Aviva shareholder approval

In view of the size of the transaction, the Proposed Acquisition will require the approval of Aviva Shareholders at the Aviva General Meeting. Aviva is required to prepare and send to Aviva Shareholders a circular summarising the background to and reasons for the Proposed Acquisition and which will include a notice convening the Aviva General Meeting. The Proposed Acquisition is conditional on, among other things, the resolutions to approve, effect and implement the Proposed Acquisition and to grant authority to the Aviva Directors to allot the New Aviva Shares being passed by the requisite majority of Aviva Shareholders at the Aviva General Meeting (but not, for the avoidance of doubt, any other resolutions to be proposed at the Aviva General Meeting which shall not be conditions to the Proposed Acquisition).

The Aviva Class 1 Circular containing the notice of the Aviva General Meeting will be sent to Aviva Shareholders at the same time as the Scheme Document is posted to Friends Life Shareholders and the Aviva Prospectus is published, which is expected to be in the second half of January 2015. The Aviva General Meeting will be held as soon as practicable following the publication of Aviva's and Friends Life's preliminary results for the financial year 2014, and is currently expected to be held in March 2015.

12.5 Delisting and cancellation of trading

It is intended that dealings in Friends Life Shares will be suspended at 5.00 p.m. London time on the Business Day prior to the date on which the Scheme becomes Effective. It is further intended that an application will be made to the UK Listing Authority for the cancellation of the listing of the Friends Life Shares on the Official List and to the London Stock Exchange for the cancellation of trading of the Friends Life Shares on the London Stock Exchange's main market for listed securities, with effect as of or shortly following the date on which the Scheme becomes Effective.

12.6 Indicative timing

The timing of implementation of the Proposed Acquisition will be dependent upon a number of factors including availability of the Guernsey Court and receipt of regulatory approvals. However, subject to these factors, the indicative timing of the transaction is currently expected to be as follows:

- second half of January 2015 – publication of the Aviva Prospectus and posting of the Scheme Document and Aviva Class 1 Circular;
- March 2015 – General Meeting, Guernsey Court Meeting and Friends Life General Meetings; and
- second quarter of 2015 – Scheme becomes Effective.

13. Friends Life Group share plans

Participants in the Friends Life Share Schemes will receive full details of the effect of the Proposed Acquisition on their rights and Aviva will make appropriate proposals to such participants in due course.

Details of Aviva's proposals will be set out in the Scheme Document and in separate letters to be sent to participants in the Friends Life Share Schemes.

14. Listing, dealings and settlement

Applications will be made to the UK Listing Authority for the New Aviva Shares to be admitted to the premium listing segment of the Official List and to the London Stock Exchange for the New Aviva Shares to be admitted to trading on the London Stock Exchange's main market for listed securities. The decision on such admissions is at the sole discretion of the UK Listing Authority and the London Stock Exchange, respectively.

It is expected that admission to trading will become effective and that dealings for normal settlement in the New Aviva Shares will commence on the London Stock Exchange shortly after the Scheme becomes Effective.

15. Overseas shareholders

The availability of New Aviva Shares under the Proposed Acquisition, and the distribution of this announcement to persons who are not resident in the UK or the US may be affected by the laws of the relevant jurisdiction in which they are located. Such persons should inform themselves of, and observe any applicable legal or regulatory requirements of, their jurisdiction. Friends Life Shareholders who are in doubt regarding such matters should consult an appropriate independent professional adviser in the relevant jurisdiction without delay.

This announcement does not constitute an offer for sale of any securities or an offer or an invitation to purchase any securities. Friends Life Shareholders are advised to read carefully the Scheme Document and the Aviva Prospectus once these have been published. Aviva Shareholders are advised to read carefully the Aviva Class 1 Circular and the form of proxy accompanying the Aviva Class 1 Circular once these have been published.

16. Opening Position Disclosures and interests in relevant securities

Aviva confirms that it has today made an Opening Position Disclosure, setting out the details required to be disclosed by it under Rule 8.1(a) of the Code.

Friends Life confirms that on 1 December 2014 it made an Opening Position Disclosure, setting out the details required to be disclosed by it under Rule 8.2(a) of the Code.

17. Co-operation agreement

Aviva and Friends Life entered into a co-operation agreement on 2 December 2014 with respect to conduct of the Proposed Acquisition. Under the terms of the Co-operation Agreement, Aviva and Friends Life have agreed, among other things, that (in summary):

- Friends Life and Aviva will co-operate with each other in order to assist it to obtain clearance from competition and other regulatory bodies in order to satisfy Conditions relating to such clearances;
- Aviva will provide Friends Life with certain information and assistance in the preparation of the Scheme Document;
- Aviva will convene the Aviva General Meeting so that it is held on or around the same date as the Guernsey Court Meeting;
- Aviva will be subject to certain customary restrictions on the conduct of its business during the period pending completion of the Proposed Acquisition, and which prohibit, among other things: (a) the payment by Aviva of dividends (other than in the ordinary course or by reference to a record date after the Scheme becomes Effective), (b) the allotment of further shares (or rights or options in

respect of shares) (other than pursuant to its existing share incentive schemes or in order to settle options or awards vesting under its existing incentive schemes), (c) the entry into any transaction which would constitute a class 1 transaction, or (d) amendment to its constitutional documents in any manner that would have a material and adverse impact on the value of, or rights attaching to, the New Aviva Shares;

- Aviva and Friends Life will co-operate to write to participants in the Friends Life Share Schemes and to inform them of the impact of the Scheme on their awards and the extent to which their awards will vest and, where applicable, become exercisable as a result of the Scheme; and
- Aviva may implement the Proposed Acquisition by way of a takeover offer (as defined in Part 28 of the Companies Act 2006 (as amended)): (i) at its own discretion, following consultation with Friends Life and, in good faith, giving due consideration to Friends Life's views; (ii) if Friends Life consents; (iii) if the Friends Life Directors withdraw or modify their unanimous and unconditional recommendation of the Proposed Acquisition to the shareholders of Friends Life; (iv) if a third party announces a firm intention to make an offer for the entire issued share capital of Friends Life which is recommended by the Friends Life Directors; or (v) the Guernsey Court hearing to sanction the Scheme is not held by the 22nd day after the expected date of such hearing as set out in the Scheme Document (or such later date as the parties agree), subject in each case to the Panel's consent.

A copy of the Co-operation Agreement will be available on Aviva's website at www.aviva.com and on Friends Life's website at www.friendslifegroup.com from today until the Scheme becomes Effective.

18. Confidentiality agreement

Aviva and Friends Life entered into a mutual confidentiality agreement on 10 November 2014 pursuant to which each of Aviva and Friends Life has undertaken to keep certain information relating to the Proposed Acquisition and the other party confidential and not to disclose that information to third parties (other than to specified recipients) unless required by law or regulation. These confidentiality obligations will remain in force following completion of the Proposed Acquisition.

However, if Aviva were to elect to implement the

Proposed Acquisition by means of a takeover offer, such takeover offer will be made in compliance with all applicable laws and regulations, including Section 14(e) of the US Exchange Act and Regulation 14E thereunder. Such a takeover offer would be made in the United States by Aviva and no one else. In addition to any such takeover offer, Aviva, certain affiliated companies and the nominees or brokers (acting as agents) may make certain purchases of, or arrangements to purchase, shares in Friends Life outside such takeover offer during the period in which such takeover offer would remain open for acceptance. If such purchases or arrangements to purchase were to be made they would be made outside the United States and would comply with applicable law, including the US Exchange Act. Any information about such purchases will be disclosed as required in Guernsey, will be reported to a Regulatory Information Service of the UKLA and will be available on the London Stock Exchange website: www.londonstockexchange.com.

It may not be possible to sue Aviva or Friends Life or their respective officers or directors in a non-US court for violations of US securities laws. It may be difficult to compel Aviva, Friends Life and their respective affiliates to subject themselves to the jurisdiction and judgment of a US court.

Forward-looking statements

This announcement contains statements about Aviva, Friends Life and the Enlarged Aviva Group which are, or may be deemed to be, “forward-looking statements” and which are prospective in nature. All statements other than statements of historical fact included in this announcement may be forward-looking statements. They are based on current expectations and projections about future events, and are therefore subject to risks and uncertainties which could cause actual results to differ materially from the future results expressed or implied by the forward-looking statements. Often, but not always, forward-looking statements can be identified by the use of forward-looking words such as “plans”, “expects”, “is expected”, “is subject to”, “budget”, “scheduled”, “estimates”, “forecasts”, “predicts”, “intends”, “anticipates”, “believes”, “targets”, “aims”, “projects”, “future-proofing” or words or terms of similar substance or the negative of such words or terms, as well as variations of such words and phrases or statements that certain actions, events or results “may”, “could”, “should”, “would”, “might” or “will” be taken, occur or be achieved. Such statements are qualified in their entirety by the inherent risks and uncertainties surrounding future expectations. Forward-looking statements may include statements relating to the following: (i) future capital expenditures, expenses, revenues, earnings, synergies, economic performance, indebtedness, financial condition, dividend policy, losses and future prospects; (ii) business and management strategies and the expansion and growth of Aviva’s, Friends Life’s or the Enlarged Aviva Group’s operations and potential synergies resulting from the Proposed Acquisition; and (iii) the effects of global economic conditions on Aviva’s, Friends Life’s or the Enlarged Aviva Group’s business.

Such forward-looking statements involve known and unknown risks and uncertainties that could significantly affect expected results and are based on certain key assumptions. Many factors may cause the actual results, performance or achievements of Aviva, Friends Life or the Enlarged Aviva Group to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. No profit forecasts or estimates

No statement in this announcement is intended as a profit forecast or estimate for any period and no statement in this announcement should be interpreted to mean that earnings or earnings per share for Aviva or Friends Life, as appropriate, for the current or future financial years would necessarily match or exceed the historical published earnings or earnings per share for Aviva or Friends Life, as appropriate.

Quantified financial benefits

Statements of estimated cost savings and synergies relate to future actions and circumstances which, by their nature, involve risks, uncertainties and contingencies. As a result, the cost savings and synergies referred to may not be achieved, may be achieved later or sooner than estimated, or those achieved could be materially different from those estimated. For the purposes of Rule 28 of the Code, quantified financial benefits statements contained in this announcement are the responsibility of Aviva and the Aviva Directors. Neither these statements nor any other statement in this announcement should be construed as a profit forecast or interpreted to mean that the Enlarged Aviva Group's earnings in the first full year following implementation of the Proposed Acquisition, or in any subsequent period, would necessarily match or be greater than or be less than those of Aviva or Friends Life for the relevant preceding financial period or any other period.

Disclosure requirements of the Code

Under Rule 8.3(a) of the Code, any person who is interested in 1 per cent. or more of any class of relevant securities of an offeree company or of any securities exchange offeror (being any offeror other than an offeror in respect of which it has been announced that its offer is, or is likely to be, solely in cash) must make an Opening Position Disclosure following the commencement of the offer period and, if later, following the announcement in which any securities exchange offeror is first identified. An Opening Position Disclosure must contain details of the person's interests and short positions in, and rights to subscribe for, any relevant securities of each of (i) the offeree company and (ii) any securities exchange offeror(s). Under Rule 8.3(b) of the Code, any person who is, or becomes, interested in 1 per cent. or more of any class of relevant securities of the offeree company or of any securities exchange offeror must make a Dealing Disclosure if the person deals in any relevant securities of the offeree company or of any securities exchange offeror. A Dealing Disclosure must contain details of the dealing concerned and of the person's interests and short positions in, and rights to subscribe for, any relevant securities of each of (i) the offeree company and (ii) any securities exchange offeror, save to the extent that these details have previously been disclosed under Rule 8. A Dealing Disclosure by a person to whom Rule 8.3(b) applies must be made by no later than 3.30 pm (London time) on the business day following the date of the relevant dealing.

If two or more persons act together pursuant to an agreement or understanding, whether formal or informal, to acquire or control an interest in relevant securities of an offeree company or a securities exchange offeror, they will be deemed to be a single person for the purpose of Rule 8.3.

Opening Position Disclosures must also be made by the offeree company and by any offeror and Dealing Disclosures must also be made by the offeree company, by any offeror and by any persons acting in concert with any of them (see Rules 8.1, 8.2 and 8.4).

 - (iii) there is or is likely to be any obligation or liability (whether actual or contingent) to make good, repair, re-instate or clean up any property now or previously owned, occupied, operated or made use of or controlled by any past or present member of the Wider Friends Life Group under any environmental legislation, regulation, notice, circular or order of any Relevant Authority in any jurisdiction (in each case to an extent which is material in the context of the Wider Friends Life Group taken as a whole).

Part 2: Certain further terms of the Proposed Acquisition

- (a) Aviva reserves the right (subject to the requirements of the Code and the Panel) to waive all or any of the Conditions in Part 1, paragraphs (i) and (n) to (u) (inclusive), in whole or in part, at its absolute discretion.
- (b) Aviva shall be under no obligation to waive or treat as fulfilled any of the Conditions in Part 1, paragraphs (i) and (n) to (u) (inclusive) by a date earlier than the latest date specified below for the fulfilment of them notwithstanding that the other Conditions may at such earlier date have been waived or fulfilled and that there

are at such earlier date no circumstances indicating that any of such Conditions may not be capable of fulfilment.

- (c) The Scheme will lapse (and the Proposed Acquisition will not proceed) unless all Conditions of the Proposed Acquisition are fulfilled or (if capable of waiver) waived or, where appropriate, determined by Aviva to have been or remain satisfied by midnight (London time) on 31 July 2015 or such later date (if any) as Aviva and Friends Life may, with the consent of the Panel, agree and, if required, the Guernsey Court may allow.
- (d) If Phase 2 European Commission proceedings are initiated, or there is a Phase 2 CMA Reference (following a referral by the European Commission under Article 4(4) or 9(3) of the EU Merger Regulation to the CMA or otherwise), the Proposed Acquisition will lapse (and the Proposed Acquisition will not proceed) if this occurs before the Guernsey Court Meeting and any Friends Life General Meeting.
- (e) If Aviva is required by the Panel to make an offer for any Friends Life Shares under a mandatory offer for Friends Life Shares under Rule 9 of the Code, Aviva may make such alterations to the above Conditions as are necessary to comply with the applicable rule or law.
- (f) Fractions of New Aviva Shares will not be allotted or issued to holders of Friends Life Shares. Fractional entitlements will be rounded down to the nearest whole number of New Aviva Shares.
- (g) The Friends Life Shares will be acquired by Aviva fully paid and free from all liens, charges, encumbrances, rights of pre-emption and any other third party rights of any nature whatsoever and together with all rights attaching to them as at the date of this announcement or subsequently attaching or accruing to them, including, without limitation, voting rights and the right to receive and retain, in full, all dividends and other distributions (if any) declared, made or paid, or any other return of capital (whether by way of reduction of share capital, repurchase or redemption or otherwise) made on or after the date of this announcement other than the proposed second interim dividend of 24.1p per share. Accordingly, insofar as a dividend and/or distribution and/or a return of capital is proposed, declared, made, paid or payable by Friends Life in respect of a Friends Life Share on or after the date of this announcement, and without prejudice to paragraph 2 of this announcement other than the proposed second interim dividend of 24.1p per share, Aviva reserves the right to reduce, with the consent of the Panel, by the amount of the dividend and/or distribution and/or return of capital, the number of New Aviva Shares to be issued under the terms of the Proposed Acquisition in respect of a Friends Life Share, except insofar as the Friends Life Share is or will be transferred on a basis which entitles Aviva alone to receive the dividend and/or distribution and/or return of capital but if that reduction in the number of New Aviva Shares has not been effected, the person to whom the New Aviva Shares are issued under the terms of the Proposed Acquisition in respect of that Friends Life Share, will be obliged to account to Aviva for the amount of such dividend and/or distribution and/or return of capital.
- (h) Aviva reserves the right, subject to the prior consent of the Panel and in accordance with the Co-operation Agreement, to implement the Proposed Acquisition by way of an Offer. In such event, the Proposed Acquisition will be implemented on the same terms, so far as applicable, as those which would apply to the Scheme, subject to appropriate amendments to reflect the change in method of effecting the Proposed Acquisition.
- (i) Under Rule 13.5 of the Code, Aviva may not invoke a Condition so as to cause the Proposed Acquisition not to proceed, to lapse or any offer to be withdrawn unless the circumstances which give rise to the right to invoke the Condition are of material significance to Aviva in the context of the Proposed Acquisition. The Conditions contained in Part 1, paragraphs (a) to (d) (inclusive) and (h) and, if applicable, the Offer condition referred to in paragraph (h) of this Part 2, are not subject to this provision of the Code.
- (j) Each of the Conditions shall be regarded as a separate Condition and shall not be limited by reference to any other Condition.
- (k) The Scheme will be governed by the laws of Guernsey and be subject to the jurisdiction of the Courts of Guernsey and to the conditions and further terms set out in this announcement and in the Scheme Document. The Proposed Acquisition will be subject to the applicable requirements of the UK Listing Authority, the PRA,

the Guernsey Financial Services Commission, the Jersey Financial Services Commission, the Jersey Competition and Regulatory Authority and the Guernsey Competition and Regulatory Authority, FSMA, the London Stock Exchange, the Code and US federal securities law (except to the extent that exemptive relief has been granted by the SEC). This announcement does not constitute, or form part of, an offer or invitation to purchase Friends Life Shares or any other securities.

- (l) The ability to effect the Proposed Acquisition in respect of persons resident in certain jurisdictions may be affected by the laws of those jurisdictions. Before taking any action in relation to the Proposed Acquisition, holders of Friends Life Shares should inform themselves about and observe any applicable requirements.
- (m) Unless otherwise determined by Aviva or required by the Code and permitted by applicable law and regulation:
 - (i) the Proposed Acquisition is not being, and will not be, made available, directly or indirectly, in or into or by the use of the mails of, or by any other means or instrumentality (including, without limitation, facsimile transmission, telex, telephone, internet or other forms of electronic transmission) of interstate or foreign commerce of, or by any facility of a national state or other securities exchange of any Restricted Jurisdiction and no person may vote using any such use, means, instrumentality or facility or from within any Restricted Jurisdiction; and
 - (ii) this announcement should not be forwarded or transmitted in or into any jurisdiction in which such act would constitute a violation of the relevant laws in such jurisdiction.

APPENDIX 4

QUANTIFIED FINANCIAL BENEFITS STATEMENT

PART A

Statements made

Paragraph 7 of this announcement (Potential synergies and integration planning) includes statements of estimated cost savings and synergies expected to arise from the Proposed Acquisition (together, the **Quantified Financial Benefits Statement**). As identified in paragraph 7 of this announcement, finalisation of the integration plan will be subject to engagement with appropriate stakeholders, including employee representative bodies and unions.

A copy of the Quantified Financial Benefits Statement is set out below:

The Aviva Directors, having reviewed and analysed the potential synergies of the Proposed Acquisition, based on their experience of operating in the insurance and savings sectors, and taking into account the factors they can influence, believe that the Proposed Acquisition can deliver shareholder value through expected realisation of approximately £225 million of cost synergies on an annual run-rate basis. It is expected that the full run-rate synergies will be achieved by the end of 2017.

The potential sources of quantified synergies include integrating Life companies operations, recapturing previously outsourced asset management contracts and the possible reduction of corporate and development costs across the two businesses.

Whilst the integration plans are still being compiled and will, in due course be subject to engagement with all appropriate stakeholders, it is currently envisaged that approximately 60 per cent of these potential synergies will be derived from the Life business with the balance being achieved in approximately equal measures from the two other potential sources referred to above, namely recapturing previously outsourced asset management contracts (which Aviva currently estimates could, over time, contribute approximately £40 million of profit per annum to the Enlarged Aviva Group as part of the synergy benefits of the Proposed Acquisition) and the possible reduction of corporate and development costs across the two businesses.

In addition to these potential quantified synergies, the Aviva Directors believe that significant further value can be created through realisation of incremental capital, financial and revenue synergies, including:

- capital synergies through legal entity simplification, realisation of diversification benefits, de-risking and greater use of reinsurance and Solvency 2 optimisation;*
- financial benefits including lower financing costs for the Enlarged Aviva Group and harmonisation of respective tax attributes; and*
- enhanced revenue opportunities from increased cross-sell, improved retention of Friends Life's existing business and increased At-Retirement conversion through an improved combined product offering.*

The integration of the businesses will require combining the Friends Life businesses and group functions into Aviva, with selection of the optimal platforms and operating model. It is anticipated that, following a suitable transition period, the Enlarged Aviva Group will operate under the Aviva brand for all UK Life new business. However, the selection of new business platforms will be on a "best of breed" basis. For example, Aviva would anticipate using the Friends Life corporate pensions platform and the Aviva annuities platform. Other platform selection decisions will be made as part of the integration process.

It is envisaged that the realisation of the potential quantified synergies will result in one-off integration costs of approximately £350 million (in aggregate), largely incurred by mid-2017 of which approximately £200 million are currently expected to be incurred in 2015, approximately £100 million in 2016 and the balance in 2017. Aside from

these one-off exceptional costs, no material dis-synergies are expected in connection with the Proposed Acquisition. The identified synergies will accrue as a direct result of the Proposed Acquisition and would not be achieved on a standalone basis.

Further information on the bases of belief supporting the Quantified Financial Benefits Statement, including the principal assumptions and sources of information, is set out below.

Bases of belief

Following initial discussions regarding the Proposed Acquisition in October 2014, a synergy development team was established to evaluate and assess the potential synergies available for the integration and undertake an initial planning exercise.

The team, which comprises senior strategy and financial personnel, has worked collaboratively to identify and quantify potential synergies as well as estimate any associated costs. The team has engaged with the relevant functional heads and other personnel to provide input into the development process and to agree on the nature and quantum of the identified synergy initiatives.

In preparing the Quantified Financial Benefits Statement, both Aviva and Friends Life have shared certain operating and financial information to facilitate a detailed analysis in support of evaluating the potential synergies available from the Proposed Acquisition. In circumstances where data has been limited for commercial or other reasons, the team has made estimates and assumptions to aid its development of individual synergy initiatives.

Reports

As required by Rule 28.1(a) of the Code, Deloitte LLP, as reporting accountants to Aviva, have provided a report stating that, in their opinion, the Quantified Financial Benefits Statement has been properly compiled on the basis stated. In addition J.P. Morgan Cazenove, Morgan Stanley and Robey Warshaw LLP, as joint financial advisers to Aviva, have each provided a report stating that, in their view, the Quantified Financial Benefits Statement has been prepared with due care and consideration.

Copies of these reports are included in Parts B and C of this Appendix 4. Each of Deloitte LLP, J.P. Morgan Cazenove, Morgan Stanley and Robey Warshaw LLP has given and not withdrawn its consent to the publication of its report in this announcement in the form and context in which it is included.

Notes

These statements are not intended as a profit forecast and should not be interpreted as such. These statements of estimated cost savings and synergies relate to future actions and circumstances which, by their nature, involve risks, uncertainties and contingencies. As a result, the cost savings and synergies referred to may not be achieved, or may be achieved later or sooner than estimated, or those achieved could be materially different from those estimated. Neither these statements nor any other statement in this announcement should be construed as a profit forecast or interpreted to mean that the Enlarged Aviva Group's earnings in the first full year following implementation of the Proposed Acquisition, or in any subsequent period, would necessarily match or be greater than or be less than those of Aviva or Friends Life for the relevant preceding financial period or any other period.

Due to the scale of the Enlarged Aviva Group, there may be additional changes to the Enlarged Aviva Group's operations. As a result, and given the fact that the changes relate to the future, the resulting cost savings may be materially greater or less than those estimated.

In arriving at the estimate of synergies set out in this announcement, the Aviva Directors have assumed that there will be no significant impact on the underlying operations of either business.

We report on the statement made by the directors of the Offeror (the "Directors") of quantified financial benefits set out in Part A of Appendix 4 to the announcement (the "Announcement") issued by the Offeror ("the Quantified Financial Benefits Statement" or the "Statement"). The Statement has been made in the context of the disclosures within Part A setting out, inter alia, the basis of the Directors' belief (identifying the principal assumptions and sources of information) supporting the Statement and their analysis, explanation and quantification of the constituent elements.

This report is required by Rule 28.1(a)(i) of the City Code on Takeovers and Mergers (the "Takeover Code") issued by the Panel on Takeovers and Mergers and is given for the purpose of complying with that requirement and for no other purpose.

Responsibilities

It is the responsibility of the Directors to prepare the Statement in accordance with Rule 28 of the Takeover Code.

It is our responsibility to form our opinion, as required by Rule 28.1(a) of the Takeover Code, as to whether the Statement has been properly compiled on the basis stated.

Save for any responsibility which we may have to those persons to whom this report is expressly addressed or to the shareholders of the Company as a result of the inclusion of this report in the Announcement, to the fullest extent permitted by law we do not assume any responsibility and will not accept any liability to any other person for any loss suffered by any such other person as a result of, arising out of, or in connection with this report, required by and given solely for the purposes of complying with Rule 28.1(a)(i) of the Takeover Code, or our statement consenting to its inclusion in the Announcement.

Basis of opinion

We conducted our work in accordance with the Standards for Investment Reporting issued by the Auditing Practices Board in the United Kingdom.

Our work included considering whether the Statement has been accurately computed based upon the disclosed bases of belief (including the principal assumptions). Whilst the basis of belief (and the principal assumptions) upon which the Statement is based are solely the responsibility of the Directors, we considered whether anything came to our attention to indicate that any of the basis of belief (or principal assumptions) adopted by the Directors which, in our opinion, are necessary for a proper understanding of the Statement have not been disclosed or if any bases of belief (or principal assumption) made by the Directors appears to us to be unrealistic. Our work did not involve any independent examination of any of the financial or other information underlying the Statement.

We planned and performed our work so as to obtain the information and explanations we considered necessary in order to provide us with reasonable assurance that the Quantified Financial Benefits Statement has been properly compiled on the basis stated.

Since the Statement (and the principal assumptions on which it is based) relates to the future, the actual synergy benefits achieved are likely to be different from those anticipated in the Statement and the differences may be material. Accordingly, we can express no opinion as to the achievability of the synergy benefits identified by the Directors in the Statement.

Our work has not been carried out in accordance with auditing or other standards and practices generally accepted in jurisdictions outside the United Kingdom, including the United States of America, and accordingly should not be relied upon as if it had been carried out in accordance with those standards and practices.

Opinion

In our opinion, based on the foregoing, the Quantified Financial Benefits Statement has been properly compiled on the basis stated.

Yours faithfully
