

Schedule of voting on company resolutions

The voting records available within this document represent decisions made by Aviva Investors (Aviva Investors Global Services Limited in the UK) on behalf of clients. There are occasions where our clients may wish to adopt a different voting stance in relation to their assets, which we are of course happy to accommodate. To search for a specific company, hold down the Ctrl and F keys on your keyboard, type in all or some of the Company name required and then click "Find Next". Note that meeting dates are updated 3 months in arrears (i.e a meeting held on 1 August 2012 will be displayed on this page on 1 November 2012) in descending date order.

	Resolution 13. Approve 2015 Long Term Incentive Plan	For (Exceptional)	The Company states that the 2015 LTIP will be an important driver of the Combined Group's growth by making available to senior executives (including executive directors of the Company) share awards and nil cost Options which will vest if performance conditions are met over a performance period of at least three financial years, with vesting after a minimum of three years after the date of grant. Whilst the performance targets have not been disclosed, the Company states that the performance conditions will be challenging and will be determined by the Remuneration Committee at the time of grant. For incentives granted in 2016, vesting is likely to be conditional upon a combination of growth in revenue (25% of award) and EPS (75% of award) over the three year period to end in 2018. However, we have advised the Company that as large shareholders we would be keen to be consulted on specific targets before awards are made. If this is not the case, we will take the necessary voting action at the next AGM. In addition, we welcome the introduction (under resolution 15) of the deferral of one-third of any bonus received which, will help further align the interests of executive and senior management with the long term interests of shareholders, and also retention and in implementing malus and clawback.

However, the Company has explained that it considers the ongoing contribution of Andy McCue to be of core importance to the success of the combined Group and the delivery of the envisaged synergies. The increased change of control provisions effective on Completion will provide for Andy McCue's transition from Group CEO to Group Chief Operating Officer and to provide him with clarity of role and tenure, him, effective on Completion. TwentyFour Income Fund Ltd GBP EGM 16/12/2015 GUERNSEY	Resolution 1. Approve Issuance of Equity or Equity-Linked Securities without Preemptive Rights to Facilitate the Realisation Opportunity and a Fund Raising	For (Exceptional)	Under normal circumstances we would not be supportive of such a significant share issue authority (the 300m shares proposed represent approximately 105% of current issued share capital). However, the share issue is being proposed to facilitate the Company's Realisation Opportunity. In addition, the shares will first be issued to existing shareholders through an Open Offer and new shares will not be issued at a discount to the prevailing NAV. Obviously, those shareholders who do not participate in the Issue will suffer dilution to their shareholdings and voting rights but we are relatively comfortable given the justification and commitments provided.

			increase it holding through Rule 9 waivers without having to pay a premium for the outstanding shares in the company that it does not already own). However, we are exceptionally supporting this Waiver as (i) the tender offer, which is in connection with the cash realisation strategy agreed by shareholders in 2011, cannot take place without the waiver of Rule 9 being approved; and (ii) the Concert Party intends to tender the vast majority of its eligible shares, resulting in only a modest increase to their percentage holding in the company.

	Resolution 2. Approve Final Dividend	For	
	Resolution 3. Approve Remuneration Report	For (Exceptional)	We have some reservations regarding the EPS targets that determine lower to mid vesting of the awards under LTIP). For example in October 2015, the CEO and Finance Director were granted awards equal to 130% and 100% of salary, respectively. The EPS targets (for half the award, as relative TSR performance determines the other half) are based on compound annual growth ('CAGR') between 8%-18%. The current consensus estimates indicate EPS growth of: FY2016, 17%; FY2017, 11%; FY2018, 13% (source: S&P Capital IQ). However, we note that this is based on a low number of estimates and the top target is certainly stretching.
	Resolution 4. Approve Remuneration Policy	For (Exceptional)	None of any annual bonus award is deferred and there is also no additional post-vesting holding period for the LTIP. However, the Committee considered this unnecessary due to high levels of executive share ownership and the Company's business model. We accept these

			reasons for now but would encourage the company to introduce at least one of the two features, particularly to align the interest of any new joiners with the interests of shareholders. Given the company has recently listed (and has only been a FTSE 250 constituent since Nov 2015), we haven't previously engaged with the company on this issue but we will do.
	Resolution 5. Elect Richard Baker as Director	For (Exceptional)	This Director is a non independent Chairman due to being associated with a controlling shareholder. We consider that in the interests of good governance, the chairman should generally be independent, and in particular not associated with a controlling shareholder. Whilst we note that following Admission, Richard Baker has not acted on behalf of Advent in respect of its investment in the business, nor has he received any remuneration from Advent in respect of his role at DFS, this doesn't mean he is independent and not representing the interests of Advent. In addition, Advent has another representative on the Board (Andy Dawson) and (the three) independent directors represent less than a majority of the Board. However, given the company has recently listed (and has only been a FTSE 250 constituent since Nov 2015) and we haven't previously engaged on this issue, we have exceptionally supported his re-election at this AGM and will be raising this issues with the company as they will warrant further consideration.

	Resolution 12. Appoint KPMG LLP as Auditors	For (Exceptional)	The annual report states that the current audit firm was appointed while the Group was under private ownership and has served for a number of years (i.e KPMG was the auditor of DFS Furniture Company, the former listed entity, prior to its delisting in 2004). We consider that mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. However, the Company states that in accordance with best ethical standards, external auditors are required to adhere to a rotation policy whereby the audit engagement partner is rotated after five years. For purposes of continuity during the Group's first reporting period since listing, this engagement has continued but the Group aims to ensure that it complies with best practice on audit firm rotation as a listed entity. We welcome this commitment and given the Company has recently listed (and has only been a FTSE 250 constituent since Nov 2015) we consider that the Company needs to be given some more time to meet best practice.

On ISS definition of independence the company is 82% independent. Out of a board of 11, the CEO and Bill Gates are not independent. We have a stricter definition of independence. As we are satisfied that Bill Gates remains on the board we are accepting that the level of independence on this board is acceptable.

There is also an issue over quantum. However, the final awards under this plan were made to the CEO and CFO in 2014, with the majority of the awards made in 2012 and 2013. . Also, the reality is that stock is locked in for 5 years which is more than acceptable for an AIM company. With this said, we would not expect a scheme like this to be repeated.

Re-elect Philip Ashfield as Director	For (Exceptional)	<p>Under normal circumstances we would have voted against the re-election of this Director as he is an executive chairman and the company has not provided sufficient explanation for not having an independent chairman. Furthermore, there is just one independent director (of three non-execs) on the board. However, this is the first time we have engaged with the Company on such issues and we have learnt that the Board values the chairman's contribution and leadership and the Company's net asset value and share price, has outperformed the Company's benchmarks. He knows the business well particularly given his family connection. If the Board felt that performance was an issue, these issues would be discussed. With regard to the directors as a whole, the Company acknowledges that most of the directors have been on the board for a long period but the board reviews the contribution made by the directors on a regular basis to ensure that the continuance of each director is of benefit to the Company. The Company acknowledges that it may be appropriate for an additional note to be added to the Annual Report stating this position. 	Resolution 9. Authorise Issue of Equity without Pre-emptive Rights	For	
	Resolution 10. Approve Continuation of Company as Investment Trust	For	
	Resolution 11. Approve Waiver on Tender-Bid Requirement	For (Exceptional)	Under normal circumstances, we would have voted against this resolution due to concerns over creeping control by the concert party. In summary, under resolution 7 the Company is seeking an authority to purchase up to 10% of the issued ordinary share capital and as the Ashfield Concert Party currently holds 35.6% of the issued ordinary share capital of the Company, its holding would increase to approximately 39.5% if the Company were to utilise the proposed share purchase authority. As this would give rise to an obligation on the Ashfield Concert Party to make a mandatory offer in accordance with Rule 9 of the Code, it is therefore proposed to approve the Rule 9 waiver. Our concern with this (and other) Rule 9 Waiver(s) is that it would allow the Ashfield Concert Party to further increase its control over the Company without the payment of a premium to the minority shareholders. With gradual small increases in shareholdings over time (i.e creeping control) arising from routine company actions, e.g. share buybacks, the Concert Party's shareholding may eventually exceed 50 percent and result in no further waivers being necessary going forward and provide full control of the company without the payment of a control premium to other shareholders. However, this is the first time we

Schedule of voting on company resolutions

			have engaged with the Company on such issues and we welcome that the Company has provided us with an assurance that should any buy back of shares take place, the Concert Party would participate in the buy back to make sure that the level of control remained the same or reduced. A statement outlining this will be made in future in the Annual Report. It is certainly not the intention of the Concert Party to increase their total voting control. As such, we have been able to support the Rule 9 Waiver.

Also, we continue to have reservations over the EPS targets which will govern the vesting of one-third of the LTIP awards. This is because awards start vesting under this measure for EPS growth of RPI+3%pa (max award vests for RPI+10% pa) and this does not look particularly challenging. Similarly, we question whether 25% vesting for

Schedule of voting on company resolutions

			threshold/median performance across all measures is appropriate, given the generous award levels. However, awards at the highest levels of 350% of salary are only anticipated for new Director appointments, if needed and we welcome that this plan is a significant improvement on the previous arrangements. However, we will be keeping performance targets under review and also the actual award levels as if awards sizes remain the same as the first grants such as 300% of salary for the CEO, then 75% of salary is perhaps too generous for threshold performance. Particularly if 3% EPS growth remains relatively easy to achieve.

Petra Diamonds Limited AGM 30/11/2015 BERMUDA	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	Under normal circumstances we would have withheld support on the R&As to reflect that this is a FTSE 350 company with less than 15% women on the board. However, Petra states that diversity is important to the effective functioning of a Board as it allows for a broad range of views, experiences and backgrounds to be drawn upon for the benefit of the business. Moreover, in line with the Company's diversity policy that was put in place in FY2014, during FY2015 the Nomination Committee addressed the lack of gender diversity on the Board and further strengthened its skill-set through the recruitment of Octavia Matloa as an independent NED. The Petra Board considers it to have a broad and highly relevant skill-set; however, the Committee will continue to review its composition, bearing in mind a range of factors, including diversity. Given that the company has made progress on this issue and has provided good explanations /assurances, we have exceptionally supported the annual report this year and will review again next year.

	Resolution 5. Approve Guidelines for Incentive-Based Compensation for Executive Management	For (Exceptional)	Whilst, specific performance targets are not disclosed for the annual bonus and the long term incentive plan we note that under this proposal shareholders are asked to approve the company's forward-looking remuneration policy which marks a number of improvements. For example, the granting of matching shares would now be subject to the following conditions: "The performance targets shall cover a minimum period of three financial years. With regard to newly recruited executive officers, the year of employment may count as the first financial year notwithstanding that the person has only been employed for part of the year, subject to a minimum of six months. The performance targets may define different levels of achievement. Any financial performance targets shall reflect the Company's long-term financial objectives. The performance metrics to be used as performance targets applied for each grant shall be disclosed at the time of grant and in the Company's Annual Report." With that said, going forward we would expect to see much better retrospective disclosure of performance conditions that determine bonus payments

DFS Furniture PLC AGM 04/12/2015 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Final Dividend	For	
	Resolution 3. Approve Remuneration Report	For (Exceptional)	We have some reservations regarding the EPS targets that determine lower to mid vesting of the awards under LTIP). For example in October 2015, the CEO and Finance Director were granted awards equal to 130% and 100% of salary, respectively. The EPS targets (for half the award, as relative TSR performance determines the other half) are based on compound annual growth ('CAGR') between 8%-18%. The current consensus estimates indicate EPS growth of: FY2016, 17%; FY2017, 11%; FY2018, 13% (source: S&P Capital IQ). However, we note that this is based on a low number of estimates and the top target is certainly stretching.
	Resolution 4. Approve Remuneration Policy	For (Exceptional)	None of any annual bonus award is deferred and there is also no additional post-vesting holding period for the LTIP. However, the Committee considered this unnecessary due to high levels of executive share ownership and the Company's business model. We accept these reasons for now but would encourage the company to introduce at least one of the two features, particularly to align the interest of any new joiners with the interests of shareholders. Given the company has recently listed (and has only been a FTSE 250 constituent since Nov 2015), we haven't previously engaged with the company on this issue but we will do.
	Resolution 5. Elect Richard Baker as Director	For (Exceptional)	This Director is a non independent Chairman due to being associated with a controlling shareholder. We consider that in the interests of good governance, the chairman should generally be independent, and in particular not associated with a controlling shareholder. Whilst we note that following Admission, Richard Baker has not acted on behalf of Advent in respect of its investment in the business, nor has he received any remuneration from Advent in respect of his role at DFS, this doesn't

			mean he is independent and not representing the interests of Advent. In addition, Advent has another representative on the Board (Andy Dawson) and (the three) independent directors represent less than a majority of the Board. However, given the company has recently listed (and has only been a FTSE 250 constituent since Nov 2015) and we haven't previously engaged on this issue, we have exceptionally supported his re-election at this AGM and will be raising this issues with the company as they will warrant further consideration.

	Resolution 12. Appoint KPMG LLP as Auditors	For (Exceptional)	The annual report states that the current audit firm was appointed while the Group was under private ownership and has served for a number of years (i.e KPMG was the auditor of DFS Furniture Company, the former listed entity, prior to its delisting in 2004). We consider that mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. However, the Company states that in accordance with best ethical standards, external auditors are required to adhere to a rotation policy whereby the audit engagement partner is rotated after five years. For purposes of continuity during the Group's first reporting period since listing, this engagement has continued but the Group aims to ensure that it complies with best practice on audit firm rotation as a listed entity. We welcome this commitment and given the Company has

			recently listed (and has only been a FTSE 250 constituent since Nov 2015) we consider that the Company needs to be given some more time to meet best practice.

Microsoft Corporation AGM 02/12/2015 UNITED STATES	Resolution 1.1. Elect Director William H. Gates, III	For (Exceptional)	This Director is not independent (due to a professional relationship) and there is a lack of two-thirds majority independence on the Board (our guideline for US companies). On ISS definition of independence the company is 82% independent. Out of a board of 11, the CEO and Bill Gates are not independent. We have a stricter definition of independence. As we are satisfied that Bill Gates remains on the board we are accepting that the level of independence on this board is acceptable.

In addition, this Director sits on key board committees which should comprise independent directors only.

AGM 02/12/2015 UNITED KINGDOM	Resolution 2. Approve Remuneration Report	For (Exceptional)	The LTIP scheme effectively allows re-testing of performance targets (i.e if the share price targets ranging from 45p to 75p are not met in year 3 or 4, awards are essentially rolled over to the following year) which is a fundamental breach of best practice. There is also an issue over quantum. However, the final awards under this plan were made to the CEO and CFO in 2014, with the majority of the awards made in 2012 and 2013. . Also, the reality is that stock is locked in for 5 years which is more than acceptable for an AIM company. With this said, we would not expect a scheme like this to be repeated.

London and St. Lawrence Investment Company PLC AGM 01/12/2015 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Re-elect Philip Ashfield as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this Director as he is an executive chairman and the company has not provided sufficient explanation for not having an independent chairman. Furthermore, there is just one independent director (of three non-execs) on the board. However, this is the first time we have engaged with the Company on such issues and we have learnt that the Board values the chairman's contribution and leadership and the Company's net asset value and share price, has outperformed the Company's benchmarks. He knows the business well particularly given his family connection. If the Board felt that performance was an issue, these issues would be discussed. With regard to the directors as a whole, the Company acknowledges that most of the directors have been on the board for a long period but the board reviews the contribution made by the directors on a regular basis to ensure that the continuance of each director is of benefit to the Company. The Company acknowledges that it may be appropriate for an additional note to be added to the Annual Report stating this position. Also, we welcome the appointment of a new director to the board in February 2015 and who is effectively the only independent director on the board. This gives the board some fresh perspective. We are disappointed however that neither of the very long serving non-executives have stepped down following this appointment. Should there be no improvement in board composition by next year it is unlikely we will be able to support the non-independent non-execs and chairman.

	Resolution 10. Approve Continuation of Company as Investment Trust	For	
	Resolution 11. Approve Waiver on Tender-Bid Requirement	For (Exceptional)	Under normal circumstances, we would have voted against this resolution due to concerns over creeping control by the concert party. In summary, under resolution 7 the Company is seeking an authority to purchase up to 10% of the issued ordinary share capital and as the Ashfield Concert Party currently holds 35.6% of the issued ordinary share capital of the Company, its holding would increase to approximately 39.5% if the Company were to utilise the proposed share purchase authority. As this would give rise to an obligation on the Ashfield Concert Party to make a mandatory offer in accordance with Rule 9 of the Code, it is therefore proposed to approve the Rule 9 waiver. Our concern with this (and other) Rule 9 Waiver(s) is that it would allow the Ashfield Concert Party to further increase its control over the Company without the payment of a premium to the minority shareholders. With gradual small increases in shareholdings over time (i.e creeping control) arising from routine company actions, e.g. share buybacks, the Concert Party's shareholding may eventually exceed 50 percent and result in no further waivers being necessary going forward and provide full control of the company without the payment of a control premium to other shareholders. However, this is the first time we have engaged with the Company on such issues and we welcome that the Company has provided us with an assurance that should any buy back of shares take place, the Concert Party would participate in the buy back to make sure that the level of control remained the same or reduced. A statement outlining this will be made in future in the Annual Report. It is certainly not the intention of the Concert Party to increase their total voting control. As such, we have been able to support the Rule 9 Waiver.

	Resolution 21. Approve Long Term Incentive Plan	For (Exceptional)	The individual maximum award limit is 350% of basic salary, higher than that currently in place under the existing schemes. Also, we continue to have reservations over the EPS targets which will govern the vesting of one-third of the LTIP awards. This is because awards start vesting under this measure for EPS growth of RPI+3%pa (max award vests for RPI+10% pa) and this does not look particularly challenging. Similarly, we question whether 25% vesting for threshold/median performance across all measures is appropriate, given the generous award levels. However, awards at the highest levels of 350% of salary are only anticipated for new Director appointments, if needed and we welcome that this plan is a significant improvement on the previous arrangements. However, we will be keeping performance targets under review and also the actual award levels as if awards sizes remain the same as the first grants such as 300% of salary for the CEO, then 75% of salary is perhaps too generous for threshold performance. Particularly if 3% EPS growth remains relatively easy to achieve.

Accept Financial Statements and Statutory Reports	For (Exceptional)	<p>Under normal circumstances we would have withheld support on the R&As to reflect that this is a FTSE 350 company with less than 15% women on the board. However, Petra states that diversity is important to the effective functioning of a Board as it allows for a broad range of views, experiences and backgrounds to be drawn upon for the benefit of the business. Moreover, in line with the Company's diversity policy that was put in place in FY2014, during FY2015 the Nomination Committee addressed the lack of gender diversity on the Board and further strengthened its skill-set through the recruitment of Octavia Matloa as an independent NED. The Petra Board considers it to have a</p>

			broad and highly relevant skill-set; however, the Committee will continue to review its composition, bearing in mind a range of factors, including diversity. Given that the company has made progress on this issue and has provided good explanations /assurances, we have exceptionally supported the annual report this year and will review again next year.

			For example, the granting of matching shares would now be subject to the following conditions: "The performance targets shall cover a minimum period of three financial years. With regard to newly recruited executive officers, the year of employment may count as the first financial year notwithstanding that the person has only been employed for part of the year, subject to a minimum of six months. The performance targets may define different levels of achievement. Any financial performance targets shall reflect the Company's long-term financial objectives. The performance metrics to be used as performance targets applied for each grant shall be disclosed at the time of grant and in the Company's Annual Report." With that said, going forward we would expect to see much better retrospective disclosure of performance conditions that determine bonus payments

	Resolution 23. Authorise Issue of Equity without Pre-emptive Rights	For	
	Resolution 24. Authorise Market Purchase of Ordinary Shares	For	
	Resolution 25. Approve Waiver on Tender-Bid Requirement	For (Exceptional)	Under Resolution 24, the Company is seeking shareholder approval to repurchase up to 2.5% of the issued share capital. Under this Resolution, the Company is seeking to waive obligations for Executive Director Will Adderley to make an offer for the outstanding shares in the company under Rule 9 of the Takeover Code if his holding increases as a result of any repurchases. Will Adderley currently holds 30.5% of the issued share capital so if the buy-back authority is exercised in full (and the Executive Deputy Chairman does not participate) his interest in Company shares could increase up to 31.4% of the issued share capital.

		<p>In addition, Mr Adderley, his parents, Jean and Bill Adderley, and Nadine Adderley, Stoneygate Trust, and the Paddocks Trust are considered to be acting in concert for the purposes of Rule 9 of the Takeover Code. The Concert Party holds and/or is deemed to be interested in shares representing 55.1% of the issued share capital of the Company and following the exercise of the buy back authority, this shareholding may increase to 56.4% of the issued share capital. As such, we would typically vote against such Rule 9 waivers due to concerns about creeping control (although the Adderley family already has control).</p> <p>However, we engaged with the Company in 2013 on this matter. The company understands institutional shareholders' concerns, and in response took steps a while ago to remove Will Adderley from share based incentive schemes so as to eliminate an increase in his shareholding through that mechanism. Also, it explained that the Adderley 'concert party' as a whole had reduced its holding from the level immediately post-flotation. Since flotation of the Company in 2006, the Adderley family has reduced its holding, from 67% to 55% currently. Significant increases in the concert Party's holding are not considered likely, given that any surplus cash returns to shareholders are made through a mechanism that treats all shareholders the same. Furthermore, we were reassured that the buy back authority is only sought as a mechanism for flexibility in how to service LTIP awards and the Board will only use it for this function and only if it believes the shares are undervalued. Notwithstanding this, it believes the purchase of shares from time to time to satisfy share based incentives may well be in the interests of long term shareholders and, as it is difficult to foresee share price performance, flexibility is desirable.</p> <p>We welcome the fact that the Company has considered this issue carefully and the safeguards certainly make us more comfortable. Because of this, and as the potential increase is minimal (given any</p>

			share buybacks are being capped at 2.5% of the share capital), and given the concert party effectively already has control) we are again comfortable in supporting the Waiver. However, we have made the Company aware that we are unlikely to support this on a continuing basis if the family holding goes up, even if only for the purposes of servicing the LTIP awards. So that the Company can continue having the flexibility to buy back shares but to ensure the concert party's holding remains the same, our suggestion is for the concert party to be encouraged to participate in any such buybacks.

Whilst we acknowledge the AIC's code does not recommend that long serving directors should be prevented from being considered independent, we believe that lengthy service can compromise the independence of the director. Also, there are two other long serving directors on the board and we believe that investments trusts should ideally comprise solely of independent directors (we will accept one exception). However, as this director's term in office has only just exceeded 9 years, we didn't consider it appropriate to oppose their re-election. Instead, we have flagged our concerns over the lack of board refreshment against the longer serving directors.</p>

	Resolution 4. Adopt Holy Land Principles	For (Exceptional)	A vote for this proposal is warranted for the following reasons: Enhancements to the company's disclosures on the implementation of its fair employment management mechanisms should mitigate potential risks related to its operations and employment practices; Shareholders would benefit from additional information on how existing fair employment policies and procedures have resulted in action to address fair employment concerns, particularly in Israel and the Palestinian Territories; and Given the company's existing disclosures and policies on fair employment topics, it should not be unduly burdensome or otherwise disadvantageous for Cisco to enhance its transparency or implement the fair employment principles laid out in the proposal.
	Resolution 5. Adopt Proxy Access Right	For (Exceptional)	A vote for this non-binding proposal is warranted as adoption of proxy access will enhance shareholder rights while providing necessary safeguards to the nomination process.

Amend the Company's Share Option Schemes	For (Exceptional)	<p>Under this resolution, the Board is seeking shareholder approval to increase the limit on the number of ordinary shares which may be issued and outstanding under the Company's share option schemes from 10% of the ordinary share capital of the Company in issue (when added to the aggregate of the number of ordinary shares allocated in the previous ten years under the schemes) to a maximum limit of 15% in issue at any time (without reference to the number of ordinary shares allocated in the previous ten years). Under normal circumstances we would not support this proposal as the new limit exceeds the industry-wide guideline for share schemes and specifically, any further share options vesting would be additionally dilutive to our shareholding. Furthermore, an explanation was not provided for the increase. However, upon engagement with the Company we learnt that the increase is simply to give the company additional capability to attract and retain new talent, particularly over the next 12 months as they are trying to grow the business (this is an AIM company with a market cap of 50m and less than 50 staff). Options are a relatively cheap and simple way to do this, and ensures employees are motivated to deliver</p>

			performance and at the same time their interests are aligned with shareholders. The Company has recently been able to attract some top talent and issued options to secure recruitment. Outstanding options currently equate to approximately 7% of the issued share capital. Currently the company has no plan/timescale to revert back to the 10% limit as the 15% flexibility is expected to be needed well beyond 12 months. Given the explanation provided, we are therefore comfortable in supporting this resolution. We note that the Company didn't have to seek shareholder approval for this change but wanted to do so for the sake of transparency, which we welcome.

	Resolution 2. Approve Remuneration Policy	For (Exceptional)	<p>The remuneration policy is being re-submitted to reflect several changes. There are a number positive changes including the discontinuation of share matching, the introduction of clawback and malus provisions to the bonus plan; the increase in shareholding requirement for the Finance Director and the flexibility to impose a holding period for vested awards. Also, termination arrangements for Directors are now in line with good practice: previously, the former CEO's contract allowed for the inclusion of some annual bonus. However, there are also some negative amendments to policy. For instance we have reservations over the increase in LTIP potential from 3x to 4x salary (although we note that the intention is to keep annual grant levels the same), TSR will be removed as a performance condition for future LTIP awards and the proportion of bonus subject to deferral will be reduced from 50% to 33%. On balance, we consider that the proposed policy represents an improvement to the existing policy and are therefore supporting. However, our decision whether to support the (next) annual vote on remuneration will largely reflect the decisions/outcomes and disclosures made by the remuneration committee for the relevant year. For instance, should we see annual LTIP awards increasing without strong justification or there being no</p>

However, we are mindful that bonus potential is relatively modest (and no bonus was payable for 2014/15) and no LTIP awards were made during the year. The Group intends to implement a replacement scheme in due course and which point we would expect clawback to be introduced. Also, the CEO holds 300,000 shares and has a number of incentive shares outstanding so the lack of shareholding guidelines is less of an issue.

We consider that in the interests of good governance, the chairman should ideally be independent, and in particular not be a controlling shareholder. However, we take comfort from the fact that there is a separate CEO (who is paid much more than the chairman), independent directors represent half of the board (if taking a pragmatic</p>

			stance on the senior independent director's 10 year service) and that the chairman's interests should be well aligned with those of shareholders. Underlining this is the company's strong track performance record and there being no other governance issues that make us uncomfortable in supporting this arrangement. As such, we continue to be supportive of Tim Martin's re-election.

	Resolution 6. Re-elect Su Cacioppo as Director	For	
	Resolution 7. Re-elect Debra van Gene as Director	For	
	Resolution 8. Re-elect Elizabeth McMeikan as Director	For (Exceptional)	Senior non-executive director Elizabeth McMeikan is technically not independent because she has served on the Board concurrently with the executive chairman and the CEO for 10 years and as a result, the board is not a majority independent. In addition, she sits on the audit and remuneration committees which should consist entirely of independent directors. However, we are exceptionally supporting her re-election as we are mindful that a director can't go from being independent to non-independent from having served just over the recommended tenure. We also acknowledge the company's view that a maximum tenure of nine years is not advisable, since inexperienced boards, unfamiliar with the effects of the last recession on their companies are likely to reduce financial stability and that there should be an approximately equal balance between executives and non-executives. With that said, we would be looking for the Company to find the appropriate balance and address succession planning/board refreshment, particularly given another one of the non-executives has also served on the board for 9 years.

However, although the Plan rules allow for participation by Executive Directors it is not currently intended that awards under the Plan will be granted to Executive Directors. This is in accordance with the proposed Remuneration Policy for Executive Directors. In addition, we are mindful that awards will be market priced.

Mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. It is expected that the audit services contract will be put out to tender no later than 2018. Non audit fees although high relative to audit fees (due to transaction related activities which are one off) comes under our threshold for concern.

	Resolution 17. Approve Waiver on Tender-Bid Requirement	For (Exceptional)	<p>Under resolution 16, the Company is seeking shareholder approval to buy back up to 5% of the Company's issued share capital. The Chief Executive currently holds 40.95% of the issued share capital (ISC) so if the buy-back authority is exercised in full (and the Chief Executive does not participate), his holding will increase to 43.10% of the ISC. Under the Takeover Code he will therefore be required to make a general offer for the shares he currently does not own. Approval is sought to waive this obligation. Under normal circumstances we would have voted against this proposal as this is our protection against creeping control i.e allowing the major shareholder to gain control of the Company without paying a premium to the other shareholders. However, we have exceptionally supported this year, as we did in 2014 for the following reasons. We have previously engaged with the company over this issue which has clarified that the CEO has habitually donated shares from his holding in Ashmore to charity and his shareholding in Ashmore has therefore steadily fallen since the time of Ashmore's initial public offering (IPO) in Oct 2006 when it was approx 44%. Hence, this is evidence that the CEO is not trying to get control of the company on the cheap. Secondly, the meeting materials note that in common with many other asset managers, the Company has capital in excess of its regulatory requirements and generates appreciable free cash flow. It remains the Board's intention to return the surplus capital to shareholders when appropriate. To date, capital has been returned to shareholders primarily by way of dividends on ordinary shares. However, the full suite of options for returning capital to shareholders also includes the Company making purchases of ordinary shares, as it did in 2009. Therefore, if the Waiver Resolution is not passed, the</p>

			Company will be unable to make purchases of ordinary shares and its flexibility to manage its capital resources will accordingly be limited. We note that the Company has not made any re-purchases of shares for treasury since February 2009. Lastly, having listened to shareholder concerns, the Company is again seeking a share buy back authority up to 5% of the issued share capital. Share buyback authorities pre 2014 had been equivalent to 10% of the ISC, so if share buybacks are made, there will be a much smaller increase in the CEO's holding (should he not participate in any share buybacks). This essentially gives us numerous opportunities to keep check on his holding and to vote against future Rule 9 waivers if he is getting close to a majority stake in the company. The CEO's holding has increased slightly from 2014, so indeed, we will be keeping a watchful eye.

The new LTIP also includes a maximum award level of 200% of salary for all Executives in exceptional circumstances. We welcome the introduction of malus and clawback provisions and a two-year holding period. Performance conditions look soft. Under the EPS element, 10% of this part of the award will vest for compound annual EPS growth of RPI+5%, rising on a straight-line basis to full vesting for compound annual EPS growth of RPI+13%. Consensus is running at 3.18% for 2016 and 21.67% for 2017. However, the rest of the arrangements look acceptable. On balance therefore we are accepting the new LTIP as an improvement structurally from the previous arrangements.

Also, and inclusive of the aforementioned criteria, we believe that investments trusts should ideally comprise solely of independent directors (although we will accept one exception). As this director has served on the board for 10 years, and the board comprises more than one non-independent director we would normally vote against his re-election. However, we are exceptionally supporting given that his term in office is not considered sufficiently long enough to materially compromise his independence. We also note that the very long serving director, Donald MacDonald will retire from the Board in February 2016 and that the Nomination Committee will be carrying out a search for new directors in due course, and continue to focus on the Company's ongoing succession planning.

(This in itself poses other risks given the company had previously identified the environmentally conscious consumer as its target audience for renewables business and the company has been the subject of campaigners highlighting its increase in coal emissions); - the company is currently one of Australia's largest emitters and the inclusion of climate change as part of executives performance targets could go some way to focusing and improving the company's efforts in this area; - the company's mitigation efforts have reduced since the removal of the carbon pricing mechanism so again the inclusions of climate change in executive performance measures could address this - the company's existing disclosure is good but is a result of legal requirements and given the company's proven ability to pivot, should the reporting requirement be removed it would be reasonable to expect the disclosure on climate change to deteriorate and this constitutional amendment would prevent that.

	Resolution 17. Authorise Trustees of the Employee Benefit Trust to Hold Ordinary Shares in the Capital of the Company for and on Behalf of the ESOP	For (Exceptional)	As per previous years, the Company is proposing to allow the Company's Employee Benefit Trust to hold shares up to 10% of the issued share capital. At present, the Trust holds 7.6% of the Company's issued share capital and whilst we recognise the company's explanation that the additional flexibility is being sought in order to increase its ability to attract and retain staff through the issue share options, the Company's explanation that emphasises the importance of equity arrangements does not appear to be wholly consistent with a remuneration policy for the Executive Directors which prioritises cash incentives (in the form of profit share) above share awards. However, we have exceptionally support the vote in 2015 as we understand that the Company has explained that: (i) the EBT will waive its right to vote in respect of shares held to cover the unvested options and this holding is capped at 5% of issued share capital; and (ii) The EBT will also abstain from voting on resolutions that concern a change of control in the Company.

IG Group Holdings plc AGM 15/10/2015 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	Previously we have flagged concerns over the Sustained Performance Plan (SPP) which provides substantial annual awards (up to 5x salary) a lot of which are based on one-year performance criteria (i.e the EPS and non-financial performance targets, although we note that the plan provides for staggered vesting of awards in the Plan Account over Plan Years 1 to 5. The Company believes that this structure is simpler (than a separate bonus plan and LTIP) but in our view it is quite complicated, leaves more to the discretion of the Remuneration committee and ultimately is not long term enough. In addition, such arrangements are quite generous. However, this year we are comfortable in supporting the remuneration report as not only does the Company continue to provide a high level of retrospective disclosure for the SPP targets, we are also comfortable with the outcomes. For example, in respect of the year, the EPS performance (versus targets) resulted in no element warranting no payout. Accordingly, all Directors received contributions into their SPP Plan Accounts of 206% of salary. 40% of these contributions vested immediately, with the remainder being retained in the Plan Account.

	Resolution 2. Approve Issuance of C Shares without Preemptive Rights for the Purposes of the Issue	For (Exceptional)	<p>Shareholder approval is being sought to allot and issue up to 180 million C shares (equivalent to 100% of the issued share capital) at a price of 100 pence per C share (the "Issue Price") with and without preemptive rights pursuant to the Placing, Open Offer and Offer for Subscription (the "Issue"). Whilst the proposed issue is highly dilutive to non-participating shareholders (i.e up to 50%), we are comfortable in supporting the issue for the following reasons: It includes an open offer element, where shareholders may subscribe for shares proportional to their shareholding, therefore, in theory the levels of dilution should be significantly less; A strong case has been made for the capital raising and the use of proceeds (the last placing was significantly oversubscribed with total applications being three times the maximum issue size, and at that time the Company announced that, in light of the investor demand and strength of the pipeline of opportunities, the Company intended to undertake a larger fundraising in Q3/Q4 2015 - the net proceeds of the issue will be used to invest in a pipeline of opportunities currently totalling over £120 million with the balance to be invested in accordance with the Company's investment policy); The market liquidity of the Company's shares will improve and will result in a broader investor base over the longer term. The shares will be issued at a premium to NAV and the Company's shares are already trading at premium to Net Asset Value ("NAV") at which the ordinary shares currently trade. An increase in the NAV will allow the Company to make a larger number of investments (particularly in the £3 million to</p>

TNT Express NV EGM	Resolution 3i. Approve Conditional Sale of Company Assets	For (Exceptional)	It is proposed that TNTE sells all assets and liabilities to FedEx, whereby TNTE is the disappearing entity. This merger will lead to a

Schedule of voting on company resolutions

05/10/2015 NETHERLANDS			<p>number of legal steps that ensures that remaining shareholders of TNTE are squeezed out against the offer price as presented above. The purpose of the sale is to increase the deal certainty for the offeror to acquire 100 percent of the shares and enforce delisting. This item should be seen in light of the offer and is conditional upon settlement of the offer. Although the offer conditions require that at least 95 percent of the shares are tendered, this merger allows the company to de facto squeeze out shareholders from an acceptance level of 80 percent or more. The offer condition of an acceptance level of 95 percent may be waived if the acceptance level represents at least 80 percent of the outstanding shares and this item must have been approved by shareholders. This asset sale agreement actually increases the deal certainty of the offeror and has been taking into account in the negotiations regarding the offer price. Dutch law foresees a statutory right for squeeze out at a shareholding level of 95 percent. In this case, the company proposes to squeeze out non-tendering shareholders if the acceptance level is above 80 percent but below 95 percent. As such, the company is de facto reducing that squeeze-out threshold. The 95-percent threshold is foreseen in order to protect minority shareholders and guarantee a number of rights. We consider the proposed merger as undermining this principle. However, we also note that this arrangement increases the deal-certainty for the offeror, which also has impacted the offer price. Considering that the offer price is considered fair and the positive market reaction, we do not see reasons to expect much resistance to the offer. As a result of this proposed asset sale, the proposed acquisition can be executed efficiently while still requiring 80 percent acceptance level requirement.</p>

			250,000 as a retention bonus payable after six months. However, in this case it appears that the proposed retention award is in replacement of the current variable incentive scheme and is actually conditional upon successful settlement of the offer and continued employment for a period of six months. Moreover, the amount is based on current remuneration levels as included in the remuneration policy and is not considered excessive.

Wizz Air Holdings PLC AGM 29/09/2015 JERSEY	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	Under normal circumstances we would not have supported the R&As reflecting our concerns over the absence of any female directors on this FTSE 250 Company Board. However, we have exceptionally supported as we are mindful that the Company only floated in March 2015 and joined the FTSE 250 index in June 2015. Also, the company does discuss diversity in its annual report which says that the Company recognises the importance of diversity, including gender equality. The Company's Code of Ethics is unequivocal that discriminatory practices will not be tolerated and that people will be judged on the basis of their performance and ability to do their jobs and not on any other basis. In addition, the Nomination Committee intends to work further on developing a policy to ensure that, when the opportunity presents itself, diversity is properly reflected in the Board and in the Company's senior management. However, if the company has not appointed a female director by the next AGM, it is likely we will not be able to support the report & Accounts / nomination committee chairman.
	Resolution 2. Approve Remuneration Report	For	
	Resolution 3. Approve Remuneration Policy	For (Exceptional)	Certain concerns have been identified in relation to the absence of features such as clawback, bonus deferral and a shareholding requirement. However, we are mindful that the CEO has a substantial shareholding, which is a strong mitigating factor for the absence of these features as his interests are clearly aligned with shareholders.. On balance therefore, and recognising that Wizz Air is newly-listed, support is warranted at this time. In addition, although incorporated in

	Resolution 4. Require Independent Board Chairman	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote for this proposal seeking the adoption of a policy that requires the board's chairman be an independent director is warranted.
	Resolution 5. Adopt Policy Prohibiting Tax Payments on Restricted Stock Awards	For (Exceptional)	A vote for this proposal is warranted as the company's practice of making cash payments to cover executives' tax obligations related to restricted stock awards increases the proportion of compensation whose value is not tied to the company's share price performance.

	Resolution 6. Clawback of Incentive Payments	For (Exceptional)	A vote for this proposal is warranted, because the company does not currently have a clawback policy and the proposed policy would help mitigate compensation-related risk at the company.
	Resolution 7. Adopt Proxy Access Right	For (Exceptional)	A vote for this proposal is warranted, as the proxy access bylaw would enhance shareholder rights while providing necessary safeguards to the nomination process.
	Resolution 8. Report on Political Contributions	For (Exceptional)	A vote for this resolution is warranted, as the company could provide more substantial information regarding its political contribution and trade association policies, activities, and related oversight mechanisms.
	Resolution 9. Report on Lobbying Payments and Policy	For (Exceptional)	A vote for this resolution is warranted, as additional information on the company's lobbying expenses and trade association memberships, payments, and oversight mechanisms would give shareholders a comprehensive understanding of the company's management of its lobbying activities and any related risks and benefits.

We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election and we are not applying our vote on SEE disclosure to this director. We also urge the company to submit a public response to the Carbon Disclosure Project. In addition, we encourage the company to publish details of its policy, management systems and performance in relation to supply chain labour standards. We will abstain this year, as opposed to voting against, in order to allow the company some time to improve its reporting. We will, however, consider moving our vote to an against next year if such improvements are not forthcoming.

ReNeuron Group plc AGM 24/09/2015 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	None of the non-executives can be considered independent, due to holding options, with options also granted during the year under review which also means that none of the board sub-committees are independent. The award of options to NEDs is not in line with best practice as it can cause a potential conflict of interest that may affect a NED's independent judgement. Companies should remunerate NEDs with basic fees only, in the form of cash or shares. We are more understanding when smaller companies such as this one are not making a profit and grant options instead of paying fees, or pay minimal fees to their non-execs in order to save costs. In this case, the company is not making a profit but the non-executive fees are not modest. Nor are the option awards they have been granted. As the company has not put its remuneration report to the shareholder vote, we would normally reflect these concerns by opposing the vote on the report and accounts and the relevant directors up for re-election. However, we have recently bought into this company so it would be inappropriate to vote against before engaging with the company on these issues. If the company continues to grant options to non-executives following our engagement, then it is likely we will vote against the relevant resolutions at the next AGM.

Tungsten Corp. Plc AGM 24/09/2015 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	We have the following concerns about the governance and remuneration arrangements at the company: • There is insufficient independent representation on the key Committees; however two new NEDs have been appointed and about to be assigned membership to the committees. To review next year. • No disclosure whether the options granted to the Group CEO during the year under review are conditional to the achievement of performance hurdles; and Vesting period for the options is less than three years. We do not see this as best practice. However, the CEO is new having become CEO in July 2015 and these options may be part of his joining arrangements. As the company has not put its remuneration report to the shareholder vote, we are reflecting these concerns under the vote on the report and accounts: As this is a new AIM company we will engage with the company in the first instance rather than take voting action.

However, we are comfortable in supporting the Report and Accounts and nomination committee chairman (who is also chair of the Board) as the Company does go into a sufficient amount of details regarding its approach to diversity, including gender. It is stated in the annual report that the search for Board candidates is conducted, and appointments made, on merit against objective selection criteria and having due regard, amongst other things, to the benefits of diversity on the Board, including the inclusion of women. Diversity is considered by the Nomination Committee in considering Board composition and in the process of making Board appointments. 	Resolution 13. Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	This authority would enable the Board to issue the equivalent of 10% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for authorities without pre-emptive attached to be limited to no more than 5% of the share capital, unless a clear justification and strategic rationale is provided to shareholders. However, we continue to be supportive as the Company states that the authority will allow the Directors to, for example, issue shares to allow partners to buy new shares as part of collaboration or licensing deals in

Schedule of voting on company resolutions

			<p>a much more timely and cost effective manner than would be the case if they were required to offer such shares pre-emptively to all shareholders, and therefore incur the significant expense of producing a full Prospectus for such relatively small issues of shares. This was seen previously in the 2006 and 2007 Boehringer Ingelheim International GmbH subscriptions for ordinary shares at a 35% premium to the prevailing share price. More recently, the 10% authority was used in full during the year and as promised in 2013, we take comfort from the fact that the company consulted with us and a number of other shareholders prior to issuing the full allocation of shares (in March 2014). The Company has provided a similar assurance this year and confirmed that it wouldn't issue shares if shareholders expressed concerns with the reasons or terms of the capital raising or transaction. However, this authority is not sought in connection with the revised Pre-Emption Group guidelines which have impacted the UK market since March 2015. Tew Pre-Emption Group guidelines provide additional flexibility for companies while offering some protection for shareholders, and an authority structured to be in compliance with the new guidance would provide additional comfort to investors and we will be asking the company to take this approach going forward.</p>

	Resolution 4. SP 1: Advisory Vote to Ratify The Five Highest Paid Executive Officers' Compensation	For (Exceptional)	<p>We have supported this proposal as advisory votes on executive compensation are viewed as the preferred method for shareholders to register approval or disapproval of compensation practices and as an improvement in shareholder rights. Although not mandated in Canada, issuers are increasingly including say-on-pay votes as a regular ballot item for annual shareholders' meetings. A total of 51 percent of S&P/TSX Composite Index issuers had adopted non-binding say on pay votes as of June 30, 2015. Shareholder support for this proposal has increased every year over the past four years that this resolution has been on ballot.</p>

	Resolution 5. Re-elect Sir Duncan Nichol as Director	For (Exceptional)	He is technically the non-independent Chairman due to tenure and sits on the remuneration committee (which should comprise solely of independent directors). However, this is not a material concern for us as the chairman's tenure of 12 years is not considered long enough to compromise his independence and there are no material issues regarding pay arrangements that calls this into question. Also, we are mindful that a result of Liz Hewitt (an independent NED), stepping down from the Board at the 2014 AGM, the Company has replaced her with a new NED (Bruce Edwards) who has joined the key sub-committees. As such we would expect the chairman to stand down from the remuneration committee in due course.

Furthermore there is only one independent director on the board and the chair sits on both the audit and remuneration committees (which should consist entirely of independent directors). However, we have exceptionally supported his re-election as we consider it important he remains on the board to provide support to the new CEO (and FD) and continuity on the board. Tom Kirby's large stake in the business aligns his interests with shareholders. Instead, we think that it is now time for one of the two other long serving non-executives to stand down (as reflected in our voting action on</p>

We consider that in the interests of good governance, the chairman should generally be independent, and in particular not be a controlling shareholder. This Director is an executive chairman and major shareholder, and also founder of the company and former CEO. The company has not provided sufficient explanation for not having an independent chairman. Furthermore there is a lack of independent representation on the Board. However, as chairman of the new Dixons Carphone plc Board (if the Merger proceeds) it is critical that he remains on the Board to ensure a smooth integration of the two businesses and during which we would expect the board composition to change to ensure there are better checks and balances.

Approve Remuneration Report	For (Exceptional)	The performance targets for the 2012 LTIP (which include the vesting of the recruitment awards granted to the CEO and CFO) were amended during the year under review and the impact on the level of the realizable award may be significant. Moreover, this retrospective change is contrary to standard UK market practice. However, Retaining the original targets would have put in place a reward cycle that was at odds with the Company's new strategic objectives and would have not been appropriate. With the new targets in place, it appears that there is a strong link between pay, performance and strategy.

Pets At Home Group Plc AGM 09/09/2015 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	None of the annual bonus is deferred which is not aligned with the long term interests of shareholders. However, this is not as issue for now because both executives have large stakes in the business, but it will become more of an issue when the new CFO is appointed (who obviously won't have a stake in the business) and deferral of some of any bonus in shares is a good way to help build their stake up.
	Resolution 3. Approve Final Dividend	For	
	Resolution 4A. Re-elect Tony DeNunzio as Director	For (Exceptional)	Tony DeNunzio is the Chairman but cannot be considered independent due to being associated with the major shareholder. We consider that in the interests of good governance, the chairman should generally be independent, and in particular not associated with a major shareholder. However, for now we are comfortable with this arrangement as the Board believes that in order to continue to ensure maximum continuity in the Company's transition from a privately owned company to a listed company (the Company entered the FTSE 250 Index in August 2014), he should remain as Non-Executive Chairman of the Group. The Board also believes Tony brings vast retail experience and knowledge to the Pets at Home team. Another mitigating factor is that independent directors represent a majority of the Board.

Sports Direct International plc AGM 09/09/2015 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	Although the size of the grant to Dave Forsey is beyond typical market practice for a FTSE 75-125 company, the Company operates a restrained fixed pay structure that rates far below the lower quartile of comparators, and further that this award, if it vests, would constitute the only variable incentive opportunity granted to the executives over the life of the policy, which ends at the 2018 AGM. The delayed vesting, with the bulk of the award not released to participants until 2021, lends the scheme a genuinely long-term profile. Although the FY2016 EBITDA target has been reduced to GBP 420 million, this remains slightly above the consensus analyst forecast (see Item 3), and the targets that follow on for the FY2017-FY2019 period are considered to be sufficiently stretching. The Company would be required to submit a further policy vote if it seeks to relax any of the targets for the subsequent financial years, and the award lapses in full if even one of the targets is not met.

	Resolution 15. Amend the 2015 Share Scheme	For (Exceptional)	<p>The Company is seeking to reduce the adjusted underlying EBITDA target for FY2016 from £480m to £420m. The Company has a all-or-nothing approach i.e. low base salaries but high potential earnings if incentive targets are met. The Company has justified the quantum and the structure of the Scheme by arguing that it is the right approach for the Company given how stretching targets were. Now they have reduced the targets, albeit, they still look challenging. The question is one million shares (currently £6.6m) an appropriate amount given the reduced performance measures? Should we accept the company amending the targets once it became likely that they would not be met?</p>

We do not generally support former CEOs becoming chairmen. However, the Company explains in the annual report that it discussed the proposal for Sir Brian Souter to become Chairman with major shareholders before the changes were announced in 2012. The Company states that Sir Brian Souter becoming Chairman has allowed the Group to retain his knowledge and experience, while giving the executive team the chance to progress into their new roles. Further, the Group benefits from having Sir Brian Souter in the position of Chairman where he can continue to represent the interests of the Group to the public and to address shareholders and answer their questions at the AGM. In addition, it is stated in the annual

			report that a formal division of responsibilities is in place, which requires the Deputy Chairman to promote the highest standards of corporate governance throughout the Group and particularly at Board level. The Chairman is responsible for the conduct of the Board as a whole. We have accepted the value Brian Souter adds to the board.

Elect Kuan Kam Hon @ Kwan Kam Onn as Director	For (Exceptional)	This Chairman is non independent (due to executive capacity) who ideally should be independent in the interests of maintaining a balanced unitary Board). However, we take some comfort that at least a third of the Board is independent. Kuan Kam Hon is the founder of the company and unlikely to move over to an independent chair. He also holds 52.2% of the voting power. In mitigation it appears 50% of the board is independent, there is a Senior Independent director and all the board committees are 100%. The company is currently performing well.

We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election and we are not applying our vote on SEE disclosure to this director. Monster Beverage is exposed to environmental risks associated with energy use, water use and pollution. We would expect this company to publish quantitative environmental performance data but none is available in the public domain. The company has not responded to the Carbon Disclosure Project.</p>

Strategic Equity Capital plc EGM 31/07/2015 UNITED KINGDOM	Resolution 1. Authorise Issue of Equity Pursuant to the Capital Raising	For	
	Resolution 2. Authorise Issue of Equity without Pre-emptive Rights Pursuant to the Capital Raising	For (Exceptional)	Under normal circumstances we would have voted against the proposed issue of up to 31.9% of existing issued share capital (without pre-emption rights), pursuant to the Share Issuance Programme, due to concerns over dilution. However, we are comfortable with the proposals for the following reasons: A good explanation has been provided for the capital raising and the possibility of dilution to existing shareholders (up to 24.2%) is outweighed by the flexibility that a larger authority provides. As the Company is only able to issue a further 200,000 shares under its existing authorities, it believes that the Placing Programme will assist the Company in managing the premium to net asset value at which the shares trade and should increase secondary market liquidity, thus making the Company potentially more attractive to a wider range of investors. Indeed, the company's share price is a positive and an unusual situation for investment trusts that (as at 10/07/2015), the shares are trading at a premium of 9.56% to NAV. There is a commitment that the price at which the new shares are issued will be set by the Board at a premium to the most recent net asset value per share; therefore, there will be no dilution in the NAV per share as a result of implementation of the proposals. Also, the shares will be issued when the Investment Manager has identified suitable investment opportunities in order to minimise cash drag.

B&M European Value Retail SA. AGM 30/07/2015 LUXEMBOURG	Resolution 1. Receive Board Reports on the Consolidated and Unconsolidated Financial Statements and Annual Accounts	For (Exceptional)	Currently there is just one female Director on the Board. The Company states that the Nomination Committee recognises the need to monitor and review diversity in relation to how the Group is led and represented and that appointments will always be made on merit based on objective criteria with recognition of diversity policy but without having gender targets, which is considered to be in the best interests of the Group and the shareholders. Whilst we agree that all appointments should be based on merit, we would also encourage the company to look at addressing the gender balance on the board once the board becomes more settled (there have been numerous appointments as a result of the IPO). It is unusual for a retail company to have such little female representation.

	Resolution 7. Approve Remuneration Report	For (Exceptional)	During the year, the CFO received a discretionary bonus (£270,000) based on pre-IPO practice, pending the agreement of the Remuneration Policy. However, there are no issues with the new remuneration policy and in respect of the 2015/16 bonus arrangements, the maximum opportunity will be 150% of salary for the CEO and 100% of salary for the CFO. Awards will be 50% based on EBITDA, 30% on individual KPIs and 20% on other personal leadership and development criteria. Pay levels are not problematic.
	Resolution 8. Approve Remuneration Policy	For	
	Resolution 9. Approve Discharge of Directors	For	
	Resolution 10. Elect Sir Terry Leahy as Director	For (Exceptional)	Under normal circumstances we would not support the appointment of the non-independent chairman Sir Terry Leahy (former Tesco CEO), as the chairman should ideally be independent to ensure there are the necessary checks and balances on the Board. He is not considered independent by the Company because he is senior adviser to Clayton, Dubilier & Rice LLC which, through CD&R European Value Retail Investments Sarl, owns 17.41% of the Company's issued share capital. However, the Directors believe that it remains appropriate that he continues to hold office as Board Chair as his knowledge and experience from his time previously as CEO of Tesco plc provides significant value and benefit to the Company. The Directors consider that he exercises his role as Board Chair independently of management and exercises his judgement in the interests of all shareholders. Given this explanation and as the company appointed a number of independent directors (which represent a majority of the board) ahead of the company's IPO, we are comfortable in supporting Sir Terry Leahy's appointment .

Acal plc AGM 29/07/2015 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Final Dividend	For	
	Resolution 3. Approve Remuneration Report	For (Exceptional)	There is no inner dilution limit (5%) for share scheme awards (the industry-wide guideline for share schemes) and the actual level of dilution is 6.7%. There were 29% and 18% salary increases for the CEO and Finance Director respectively and this is concerning especially in the context of the changes to other elements of the CEO's remuneration package i.e. increased pension. Bonus payments were given but there was a lack of disclosure of bonus targets or commitment to disclosure of targets in the future. During the year, the CEO and Finance Director received LTIP awards of 150% and 125% of salary, higher than the 125% and 100% of salary awards they received last year.
	Resolution 4. Approve Remuneration Policy	For (Exceptional)	Mr Jeffries' target bonus has been increased from 50% to 60% of salary, and his pension contributions have been increased from 7% to 15% of salary. None of the bonus awards are deferred. Given the one-third increase to his overall remuneration opportunity due to his significant salary increase, as this will have an impact on the variable elements of pay. We also note that the Policy Table now states that financial targets under the bonus may be adjusted during the year in response to currency movements. Shareholders will note that under the Recruitment Policy new Directors may be granted additional option awards up to 300% of salary.

	Resolution 9. Approve Deferred Share Bonus Plan and Amended Remuneration Policy	For (Exceptional)	The scheme dilution limits of 11% exceeds 10 % of the Company's issued share capital, the industry-wide guideline for share schemes. This plan allows for up to 100% of any bonus to be deferred into shares which will not normally vest until after the end of a deferral period and which is not earlier than the first anniversary of the date of award. While the bonus targets are still unclear and we are unhappy about this (hence our vote against item 2) they will be paid out anyway and we would prefer the shares to be deferred hence our support for this resolution. The issue is it slightly exceeds the 10% guideline maximum but as it's a fledgling company we are not making an issue of this.

Mothercare plc AGM 23/07/2015 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would have voted against the remuneration report as base pay for the CEO is in the upper quartile for the index on a balanced comparison which is not justified by either the performance or size of the company. He has also received generous incentive awards. Whilst we noted concern over these arrangements last year, we are/were mindful that the CEO was new and recruited at a time of challenge for the Company (including the Company facing a hostile bid, and thus there was a degree of uncertainty about the long-term future of the Company as an independent business), and his pay reflects special measures/ assurances put in place by the Board to secure his appointment. Our reason for support this year is because his £600k salary has not been increased and his LTIP award for 2016 has come down to 200% of salary (300% in 2015). We further welcome that clawback has been added to the LTIP and the bonus. Given the size of the remuneration package however, we will look again at arrangements next year and would not be expecting a salary increase for the CEO unless there has been exceptional performance / value created for shareholders.
	Resolution 3. Re-elect Alan Parker as Director	For (Exceptional)	The chairman was not independent upon appointment (having received share awards) and also sits on the remuneration committee (which should comprise solely of independent directors) . However, we are mindful that the share awards were part of an inducement for Alan Parker to become Chairman and related to his service agreement. Specifically, the Company agreed to implement a share matching scheme under which it would match shares purchased by Alan Parker

			on a 1:1 basis (up to a maximum value of £200,000), aligning his interests with shareholders. Also it was important to ensure some continuity on the board given the appointment of a new CEO at a time when only one of the directors had served longer than 3 years. As such we continue to be comfortable in supporting his reappointment. Furthermore, the reason for his non-independence has now fallen away – his share awards have now lapsed.

	Resolution 10. Re-elect Don Robert as Director	For (Exceptional)	<p>Under normal circumstances, we would have not supported the re-election of Don Robert as in 2014 he moved from the position of CEO to Non-executive Chairman. We generally consider it inappropriate for the CEO to remain on the board/move to chairman after relinquishing their executive position. However, the company is mindful of the contraventions in good governance that this situation presents and in January 2014 launched a proactive series of meetings with their top 15 shareholders, which we fall into. After careful consideration of the specific qualities of the company and their board, we confirmed we were comfortable with the proposed change. Specifically, we feel that the senior independent director (SID) is of a sufficiently high calibre to counter balance the new Chairman and the array of non-executive directors (NEDs) are also very strong. The other mitigating factor is that it's a very complicated business going through a period of significant volatility and the experience of the former CEO, will be invaluable in</p>

			guiding them through this and ensuring the Company's financial performance remains strong. Of particular importance is the Board's desire to retain his knowledge of the business and his appreciation of its unique culture at a time of major Board change: the departure of the Chairman and the Deputy Chairman at the AGM, two people who each had 17 years' experience, inclusive of service on the board of GUS prior to the demerger. Given the above mentioned reasons we continue to exceptionally support the reappointment of the chairman.

	Resolution 2. Approve Remuneration Report	For (Exceptional)	The Remuneration Committee used upward discretion in determining the annual bonus outcome for the Executive Director of Emission Control Technologies (ECT) division. However, the use of such an authority is explicitly permitted within the Company's remuneration policy to take account of the individual divisional results. This can be considered justified due to the performance of the ECT division had a very successful year – the division contributed to more than 50% of Group revenues (excluding precious metals) and c. 50% of the underlying Group profit. From the forthcoming year, the particular Executive Director's bonus arrangement has been split to take account of Group profit and specifically the ECT division for which he is responsible for on a day-to-day basis. This should most likely negate the need for the Remuneration Committee to use upward discretion going forward. Base pay and incentive potential in line, not excessive, compared to peers.

	Resolution 12. Reappoint KPMG LLP as Auditors	For (Exceptional)	The company has retained the same audit firm since 2001 (i.e in excess of ten years). Mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. The Company stated in the annual report for FY2014 that it was its intention to align the process for putting the external audit contract out to tender with the conclusion in 2017 of the five-year tenure of the audit partner. Following the approval of the EU audit regulation which takes effect in member states from June 2016, the Committee will continue to monitor developments in the implementation of this regulation in the UK and will adjust the timings for the external audit tender process where necessary. The Committee will continue, however, with the annual review of the performance of the external auditor and act accordingly. As the company has made a statement on when it intends to retender and it is in 2017 we will support the reappointment of KPMG for now.

HomeServe plc AGM 17/07/2015 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	The Report states that, the Board is committed to ensuring that it is appropriately diverse. It is supportive of the aspiration of the Davies Report to promote greater female representation on corporate boards. Although no target has been set in respect of the percentage of women on the Board, when seeking to recruit for Board positions, the Company ensures that 'long lists' include women candidates. The seven-person Board currently includes one female Director. (14 percent). In view of this statement we will support this year and look to see how the

	Report		for the index on a balanced comparison which is not justified by either the performance or size of the company. We voted against the pay rises last year. Therefore the increase in maximum award levels does not sit well with this although the new increased maxima are not applying to existing directors at present. The company has introduced some positive changes to their pay arrangements namely the introduction of a post-vesting holding period and clawback provisions to the bonus plan and the LTIP, and increases to the shareholding requirements. Hence this year's changes are on balance positive although we are concerned about increased maxima and the company will have to justify existing directors participating in the higher awards if this happens.

	Resolution 19. Amend Long Term Incentive Plan 2008	For (Exceptional)	The Board is seeking shareholder approval to amend the Long Term Incentive Plan (LTIP) 2008 as follows: • Increase the individual limit over which an award under the LTIP may be made to an eligible employee in any financial year, from 150% of basic salary to 200%; • Increase the limit over which an award under the LTIP may be made in exceptional circumstances from 200% of basic salary to 300%. The Company explains in the notice of meeting that, during the year, the Remuneration Committee undertook a thorough review of the Company's remuneration policy. To ensure that the Company is able to recruit new Executive Directors with a remuneration package mix that reflects the Company's chosen comparator group, the Committee considered it appropriate to provide a greater degree of flexibility for the future. These changes are aligned with the limits set out in the proposed new remuneration policy (see Item 2). We are supporting the amendments as they will not apply to existing directors. The amendments are meant to gear executives remuneration in favour of incentives compared to fixed pay.

AGM 16/07/2015 UNITED KINGDOM	Resolution 2. Approve Remuneration Report	For (Exceptional)	Salary increases of 15%, 15% and 20% have been awarded to the Managing Director (now £358k), Property Director and Finance Director respectively from April 2015, with a potential further 10% awarded next year. However, we are exceptionally supporting as we note the explanation in the remuneration report that the Executive Directors' salaries were reviewed by the Committee in February 2015 and it was concluded in light of past restraint on salary inflation over a number of prior years and the significant change in the size and complexity of the business post the capital raising in 2014, salary levels were considerably behind the market. For instance, the capitalisation of the Group has grown considerably, from £87 million prior to the capital raising in February 2014 to £231 million at 31 March 2015. Also, in determining the salary increase in 2016, both individual and Company performance will be reviewed, together with comparable remuneration levels, and the actual increase may be less than 10%. We will be reviewing this issue again then. However, we think that a better way of addressing the issue would be a more staggered approach to base pay increases and also, an increase in variable pay. At 75% of salary, bonus potential is less than peers and there is room under the policy to make larger awards under the LTIP (annual awards are 100% of salary whilst the maximum and exceptional maximum is 150% and 200% of salary respectively). This would ensure that the additional pay would be linked to (continued) performance. On a separate issue, we welcome that for 2015/16, the threshold vesting level for the PSP has been reduced from 30% to 25%, and a two-year post-vesting holding period has been introduced

	Resolution 4. Reappoint Deloitte LLP as Auditors	For (Exceptional)	Mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. The Report states that Deloitte has been the Company's external auditor since its commencement of trading 26 years ago. The most recent audit partner rotation was in 2010 and the current audit partner's five year term ends at this year's AGM. The Company has been monitoring audit regulatory developments determined by the FRC, Competition Commission and the EU that require the Company to change our audit firm by no later than after the 2020 year end. The Company anticipates that Deloitte will rotate their audit partner ahead of the 2016 audit, and for the 2020 year end the audit will be tendered and rotated to another firm of auditors. This will be kept under annual review and if legislation changes, or there are any concerns as to Deloitte's independence, the quality of their audit or the service levels, the audit tender might be undertaken sooner. Where audit firms have been in place for a reasonably short time we are less concerned however Deloitte has been in place for 26 years and an appropriate time would have been the audit partner rotation in 2015. Having engaged with the company they said that all the accountancy firms have some relationship with them. They are trying to free up one or two of them to make them eligible to tender. May not wait as long as 2020 before retendering. Hence we are supporting this year.

Reappoint PricewaterhouseCoopers LLP as Auditors	For (Exceptional)	Mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. PricewaterhouseCoopers LLP (PwC) has been auditor for the Group since 1988. No audit tender process has been undertaken since then. It is currently expected that the Company will look to rotate PwC inside the timeframe required under both the EU and UK Competition and Markets Authority transitional rules on mandatory firm rotation and tendering. Thereafter a policy of putting the external audit contract out to tender at least every 10 years will be adopted.

Re-elect Simon Rogers as Director	For (Exceptional)	This Director is not independent (due to being significant shareholder) and independent directors represent less than a third of the board (our minimum expectation for a company of this size). Governance arrangements are not in line with recommended best practice. For example, the full board of 5 members is only 20% independent (i.e. only one independent director on board of five. Best practice is to have at least two independent NEDs). There has been no refreshment on the board since the CFO joined five years ago. The chairman is also a significant shareholder holding so cannot be considered independent. However, this is an AIM company with a market cap of 35.6m and only 44 employees and is still making a loss. We will continue to support management for the time being.

AVEVA Group plc AGM 09/07/2015 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	There is no statement on their policy on board diversity and the company is in the FTSE350. There is one woman on the board amounting to 17% female representation. In line with our policy of requiring a statement on diversity where the board falls short of 25%. This is a small board of only six members (four non executives) and there has been board renewal over the years. We will support this year and engage with them asking them for a statement on board diversity. Review again next year.
	Resolution 2. Approve Remuneration Report	For (Exceptional)	No change in remuneration arrangements from last year except for the pay rises. We were consulted on the two stage pay rises last year so the 9% pay rise was expected. Base pay is still reasonable post the rises. While disclosure for bonus awards only disclose the targets that were met and not those that were missed. no bonus was paid in respect of financial performance during the year, and the 2012 LTIP lapsed in full which indicates that the plan pay outs are linked to performance. .. Note that EPS is the sole performance measure but the company provided a detailed account of why they are using this measure We will support this year.

The Chairman's role on a board is to evaluate and review the performance of management, and to ensure there are sufficient checks and balances; this role is obviously compromised when the Chairman is also the CEO. However, we are exceptionally supporting his re-election as following the completion of the pending transaction with GE, he will no longer exercise these functions. The 2014 Registration report adds that "the Directors first underline the necessity to keep unchanged the current structure until the closing of the transaction with General Electric and the distribution to the shareholders of part of the cash proceeds of

We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election and we are not applying our vote on SEE disclosure to this director. Kamigumi is exposed to risks relating to climate change and the environment. Its environmental risks are associated with air and water pollution. We would expect this company to publish aggregated quantitative environmental performance data but little is available in the public domain. The company has not responded to the Carbon Disclosure Project.</p>

However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election and we are not applying our vote on SEE disclosure to this director. Mitsubishi Electric is exposed to the risk of labour standards breaches in its supply chain. We acknowledge that the company's CSR Procurement Policy includes a commitment to some ILO labour standards but we would encourage the company to increase the scope of its policy to cover all ILO labour standards. We would also like to see more detailed disclosure on the company's performance in this area.

	Resolution 3.14. Elect Director Nakayama, Hiroko	For (Exceptional)	We have concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would register our concerns by voting on the Report and Accounts but given this is bundled with the dividend, we typically flag our concerns by withholding support on director reappointment resolutions. However, as this director has recently joined the board and has not been part of the board and decision making, as such our vote does not reflect SEE disclosure to this director. Odakyu Electric Railway is exposed to the risk of breaches of labour standards in its supply chain. We would therefore expect this company to publish details of its supply chain labour standards policy, management approach and performance but no information is available in the public domain. We note that the procurement policy is available on the company's website but it does not cover labour standards.

	Resolution 3.12. Elect Director Tsuzuki, Yutaka	For (Exceptional)	We have concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would register our concerns by voting on the Report and Accounts but given this is bundled with the dividend, we typically flag our concerns by withholding support on director reappointment resolutions. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election and we are not applying our vote on SEE disclosure to this director. Tobu Railway is exposed to the risk of a breach of labour standards in its supply chain. We would therefore expect this company to publish details of its supply chain labour standards policy, management approach and performance but no information is available in the public domain.

	Resolution 12. Reappoint Ernst & Young LLP as Auditors	For (Exceptional)	The company has retained the same audit firm since 1994 (i.e in excess of ten years). Mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. The Audit Committee recognises recent regulatory changes but intends the current auditors will be retained at least until the conclusion of the term of its current lead partner in 2018. A full tender will therefore be conducted no later than 2018. While we would have preferred an earlier tender we will support the auditors on the confirmation one will be held before 2018 and the fact the non audit fees do not breach our thresholds and there are no other outstanding issues

However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election and we are not applying our vote on SEE disclosure to this director. Remove President Makoto Yagi from the Board	For (Exceptional)	<p>Whilst the arguments presented do not provide strong evidence justifying removal of Yagi from the board (i.e most of the reasons are around concerns over the continued strategy of nuclear power), we are supporting the resolution to be consistent with our vote (against the re-election of President) under resolution 2.2, reflecting our concerns over the Company's underperformance in terms of capital efficiency (i.e. almost double digit negative Return on Equity over the last five fiscal years). Management are ultimately responsible for the poor financial/ROE performance. We note that the proponents have alluded to this too (accusing the utility of retaining unnecessary directors and officers with exorbitantly high compensation, despite the firm's poor financial performance).</p>

	Resolution 4. Remove President Michiaki Uriu from the Board	For (Exceptional)	Whilst the arguments presented do not provide a strong justification for the removal of Uriu from the board (i.e removing Uriu from the board for the purpose of phasing out nuclear power generation would be unlikely to enhance shareholder value), we are supporting the resolution to be consistent with our vote (against the re-election of President) under resolution 1.2, reflecting our concerns over the Company's underperformance in terms of capital efficiency (i.e A -25.3% Return on Equity (RoE) in 2015 and -21.2% average RoE over the last five fiscal years). Management are ultimately responsible for the poor financial/ROE performance. We note that the proponents have alluded to this too (noting that the utility has posted consecutive losses for four years since the 2011-12 fiscal year, and no dividends were paid during the last three years).

We would register our concerns by voting on the Report and Accounts but given this is combined with the dividend, we typically flag our concerns by withholding support on director reappointment resolutions. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election and we are not applying our vote on SEE disclosure to this director. SMC Corporation is exposed to environmental risks associated with use of energy, water and air emissions and waste. We would expect this company to publish quantitative environmental performance data but there is none in the public domain. The company has not responded to</p>

Schedule of voting on company resolutions

24/06/2015 JAPAN	Resolution 2.1. Elect Director Kumakura, Sadatake	For (Exceptional)	Under normal circumstances, we would be withdrawing support for the election of this director because of concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. Medipal Holdings is exposed to environmental risks associated with air and water pollution, water consumption and hazardous waste. We note that the company publishes environmental performance data for CO2 and NOX emissions up to 2012. We strongly encourage the company to provide more recent data next year. We note that the company lists the businesses covered by the emissions data which provides an indication of the scope of the data. We will continue to offer a vote of support in recognition of the clearer reporting on the data coverage but we would like to see more recent, and more clearly-presented, environmental performance data next year. We also urge the company to report to the Carbon Disclosure Project.
	Resolution 2.2. Elect Director Watanabe, Shuichi	For (Exceptional)	Under normal circumstances, we would be withdrawing support for the election of this director because of concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. There is also another director who has served on the board for over 9 years and our view is that investment trusts should (ideally) comprise solely of independent directors. However, we are exceptionally supporting his re-election to reflect the board refreshment/improvement in composition, with the appointment of an independent director during the year and the steeping down of another long serving director at this AGM. In due course, we would expect further board refreshment.

	Resolution 3.1. Elect Director Yoshimura, Shotaro	For (Exceptional)	This vote also reflects our concern over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. Under normal circumstances, we would register our concerns by withholding support on the Report and Accounts but given the approval of the accounts are bundled with the allocation of income and dividends, we are using the vote on directors to remove any risk of voting down the distribution of the dividend. Also we hold all directors collectively responsible (excluding new directors that have not previously been part of the board and decision-making) and do not draw distinctions between executive or non-executive directors. Taiyo Nippon Sanso is exposed to health & safety risks. We would expect this company to publish quantitative data on its health & safety performance but there is none available in the public domain. We are deteriorating our vote this year to reflect our disappointment at the continued lack of data on the company's health & safety performance.

Tarsus Group plc AGM 22/06/2015 JERSEY	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	The remuneration report lacks specific retrospective disclosure on the personal targets under the annual bonus scheme. This is particularly important given that these targets are quite high under the total bonus award. Mitigating, the Company provides retrospective disclosure on the financial target, and some information on the personal target attached; However, the amounts paid appear within norms compared with peers. As it's a SmallCap company we are not raising lack of deferral of the bonus as an issue at this moment.
