PVH Corp. AGM 18/06/2015 UNITED STATES	Resolution 1.1. Elect Director Mary Baglivo	For (Exceptional)	Under normal circumstances, we would be withdrawing support for the election of this director because of concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. PVH is exposed to environmental risks associated with use of energy, water and air emissions and waste. We are pleased to note that the emissions data in the 2013 CSR Report has been aggregated to combine different geographies; this represents an improvement from last year's Report. We still encourage the company, however, to clarify the percentage of global operations covered by the emissions data and to expand the geographical scope of its data on waste. We also encourage the company to respond to the Carbon Disclosure Project. We will offer a vote of support this year in recognition of the improvement in reporting but we look forward to enhanced disclosure next year.

We note that the company refers to a workshop on how to approach human rights breaches, such as use of child labour, by business partners in its 2014 Sustainability Report. We urge the company to include a prohibition on child labour, as well as the remaining ILO labour standards, in its CSR Procurement Policy and to publish details of its management approach and performance in this area. We note that the company is considering carrying out a questionnaire to ensure further dissemination of the Policy. In light of the disclosure in the Sustainability Report, we will continue to vote in support. We will, however, expect to see an enhanced CSR Procurement Policy next year.

We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election and we are not applying our vote on SEE disclosure to this director. This vote reflects our concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. Under normal circumstances, we would register our concerns by voting on the Report and Accounts but given this is not available to vote on; we have flagged our concerns by withholding support on director reappointment resolutions. This is on the basis that we hold all directors collectively responsible (excluding new directors that have not previously been part of the board and decision-making) and do not draw distinctions between executive or non-executive directors.</p>

We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election and we are not applying our vote on SEE disclosure to this director. Weatherford International is exposed to risks relating to breaches of human rights norms. The Code of Business Conduct contains a general commitment to human rights and a non-discrimination statement but there is no mention of other ILO core labour standards, nor additional information on the company's management approach or performance in this area. We are deteriorating our vote this year to reflect the lack of progress on this issue.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, we are comfortable as the amount proposed is limited, and the current share valuation makes any equity issue accretive to its net asset value. It will give the company also more flexibility in bringing

	Resolution 2. Approve Remuneration Report	For (Exceptional)	<p>Under normal circumstances, we would not support the remuneration arrangements as there is no deferral for either the annual bonus or LTIP awards (following the 3 year performance/vesting period), which is not aligned with the long term interests of shareholders. Also, there is a low shareholding requirement for Executive directors (just 1x salary). However, we continue to exceptionally support the arrangements on the basis that all of the directors have good sized stakes in the business (ranging from 141% to almost 1000% of salary) which does ensure their interests are aligned with ours. Also, compared to companies of similar size, overall pay is lower quartile. Of course, should we see that directors start to sell large share quantities or large increases in</p>

Accept Financial Statements and Statutory Reports	For (Exceptional)	The roles of CEO and Chairman are combined, which is a role we prefer to be split. The Chairman's role on a board is to evaluate and review the performance of management, and to ensure there are sufficient checks and balances; this role is obviously compromised when the Chairman is also the CEO. However, it is the Board's intention to recruit a non-executive chairman, At that time, Mr Malcolm Young would return to his role as full-time CEO.

Verona Pharma plc AGM 11/06/2015 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	<p>Stuart Bottomley, Patrick Humphrey and Trevor Jones are not independent (due to holding options and Trevor Jones is also a shareholder representative), and as such there are a lack of independent directors on the board (our minimum expectation for a company of this size). In addition, Stuart Bottomley and Patrick Humphrey sit on key board committees which should comprise solely of independent directors.</p> <p>We also have concerns over executive pay arrangements. Better disclosure is required on the performance targets achieved in justifying bonuses and share options start vesting after the first anniversary from grant, with there being no performance conditions attached. As the relevant directors and the remuneration report are not on the AGM agenda, we would usually vote against the report and accounts to</p>

			<p>reflect these concerns. However, upon engagement with the company we have been advised that the Remuneration Committee has carried out a thorough review of the Company's remuneration policies, including its policy with respect to the grant of share options. As a result of such review, the Remuneration Committee amended its policies to cease granting share options to non-executive directors. Whilst 1.25m share options were granted to Clive Page early last year, no share options have been granted to non-executive directors since then, including to Dr David Ebsworth, the Company's new Non-executive Chairman who replaced Prof. Page.</p> <p>The Remuneration Committee also reviewed the vesting terms of the Company's share option plans, having regard to the need to attract, retain and motivate high-calibre employees. In particular, as the Company increases its activities in the US, it has said that it is important that it is able to recruit US nationals, starting with the recent appointment of Dr Ken Newman as CMO. To this extent, it is imperative that the terms of the Company's share option plans are competitive with those offered in the US. Share options granted to executive directors since 1 January 2014 vest 50% after two years and 50% after three years. The Company continues to set the exercise price at a premium to the share price at the date of grant. These comments are helpful and go a significant way to mitigate our concerns over board independence and alignment of management interests.</p>
	Resolution 2. Re-elect Claire Poll as Director	For (Exceptional)	<p>This executive director sits on the audit committee which we consider to be inappropriate. The presence of an Executive Director on the Audit Committee undermines the purpose of this Committee in providing independent oversight and preventing conflicts of interest in the preparation of the financial reports.</p> <p>However, upon engagement with the company we have been advised that whilst she is an executive director, she is part-time, has no general</p>

			<p>management responsibilities and is accountable to the Board, rather than to the CEO. The Board believes that she has independence of mind from management. She provides legal and corporate services to the Company and has sound accounting and financial management experience.</p> <p>Whilst we accept this explanation for now, ideally the Company should replace her on the committee (even the board) with an independent person with relevant accounting and financial management experience but we are mindful this will increase costs and this is a small company trying to keep costs down.</p>

	Resolution 7. Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	<p>The authority would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities which do not apply pre-emption or priority rights to be limited to no more than 5% (or 10% for smaller companies such as this), unless a clear justification and strategic rationale is provided to shareholders. However, we are relatively comfortable given the company's modest market cap (i.e issuing shares equivalent to 10% of the issued share capital is unlikely to raise a sufficient amount to meet the needs of the company) and as the company has advised us that as major</p>

We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election and we are not applying our vote on SEE disclosure to this director. Amazon.com is exposed to environmental risks associated with its supply chain, in terms of the environmental attributes of products sold and packaging used. We would expect this company to disclose quantitative environmental performance data but there is little available in the public domain. The company has not responded to the Carbon Disclosure Project. Furthermore, we remain concerned at the company's approach to allegations regarding aggressive tax practices. We are therefore unable to offer a vote of support.</p>

	Resolution 5. Report on Sustainability, Including GHG Goals	For (Exceptional)	A vote for this resolution is warranted due to: the absence of comprehensive sustainability-related company performance disclosure and related policies, initiatives, and oversight mechanisms; and the potential benefits for shareholders of increased reporting on a broader array of environmental and social issues and related risks and benefits.
	Resolution 6. Report on Human Rights Risk Assessment Process	For (Exceptional)	A vote for this resolution is warranted due to the following reasons: Adoption of this proposal should serve to further strengthen the company's stated commitment to protecting human rights; and Shareholders would also benefit from additional information regarding the policies the company has implemented to address human rights in its own operations and the relevant mechanisms it has implemented to oversee compliance with such policies.

OCI NV AGM 10/06/2015 NETHERLANDS	Resolution 4. Adopt Financial Statements and Statutory Reports	For (Exceptional)	Under normal circumstances, we would be withdrawing support for the approval of the Report and Accounts because of concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. OCI NV is exposed to risks associated with bribery, climate change and the environment. The environmental risks are related to air and water pollution, water consumption and hazardous waste. We are pleased to note that the 2014 Annual Report contains emissions data which appears to cover a majority of the company's operations but we encourage the company to provide aggregated data. We also urge the company to report to the Carbon Disclosure Project. With respect to bribery, we note that the Code of Conduct policies are publicly available but we would like to see reporting on the company's performance in this area, such as data on employee training. We will continue to offer a vote of support in order to give the company time to improve its disclosure but we look forward to enhanced reporting next year.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for general authorities which do not apply pre-emption rights to be limited to no more than 5%, unless a clear justification and strategic rationale is provided to shareholders. However, following consultation with another of their major shareholders, we understand that the Company will be changing this to 10% (of the ISC) at the AGM.. They had been seeking higher authority simply to strengthen its position in negotiations for potential product or corporate transactions and in any event they would expect to consult with major shareholders prior to completing any material transaction. We are supportive of the change. We may also have supported the 20% authority given the size of the company (market cap of just 30m), depending on our view of the reasoning provided (and as the Company has said we would expect to be consulted first).

AA Public Limited Company AGM 09/06/2015 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	There are currently no women on the Board and as a large FTSE company, we would expect there to be the appropriate diversity mix on the board, including gender. However, we are mindful that amongst numerous board changes in the last few months, Margaret Young left the board in Feb 2015 and the nomination committee has commenced the process for the appointment of an additional independent NED to replace her. Obviously, there is no guarantee that this will be a female appointment but given the Company has only been listed for a year, we are comfortable in giving it some time to address this issue. Also, we note the Company's statement in its R&As that the Company strives for diversity amongst its employees and ensures female representation at senior level from Board (was 1 of 8), the Executive Committee (4 of 17) and senior management team (33 of 123) as at 31 January 2015. The nature and history of the Company's business tends towards a greater number of male employees in its Roadside Assistance business.
	Resolution 2. Appoint Ernst & Young LLP as Auditors	For	
	Resolution 3. Authorise the Audit Committee to Fix Remuneration of Auditors	For	
	Resolution 4. Elect Bob Mackenzie as director	For (Exceptional)	Under normal circumstances, a director performing the roles of chairman and CEO would warrant concern. However, shortly after the company's flotation (June 2014), the CEO and CFO left. Martin Clarke has been appointed in the latter role, while Bob Mackenzie now combines the CEO and Chairman roles as Executive Chairman. Withholding support on his re-election is not considered appropriate given the Company's position as newly listed and because there is an

			ultimate intention to split the roles (although no timeframe has been put on this). It is envisaged that Bob Mackenzie will become Non-Executive Chairman once the business transformation is complete creating a vacancy for, and thereby separation of, the role of CEO. The division of responsibilities between the Chairman and Chief Executive will be clearly established, set out in writing and agreed by the Boar. We are comfortable with this arrangement/explanation but will of course, be keeping the situation under close review.

	Resolution 11. Approve Remuneration Report	For	
	Resolution 12. Approve Remuneration Policy	For (Exceptional)	The Policy does not incorporate some of the best practice elements such as shareholding guidelines, bonus deferral or an additional post-vesting holding period. However, as the Company is recently listed and as one of its largest shareholders, we have been encouraging it to adopt some or all of these good features. which would be a good mechanism particularly for any new joiners to encourage them to build up a stake in the business. If there has been no improvement to policy by next year, we are unlikely to be able to continue to support remuneration arrangements.

	Resolution 18. Approve Performance Share Plan	For (Exceptional)	Under normal circumstances we would not support this resolution as performance targets have not been disclosed for the proposed scheme. However, the Plan is being proposed in order to align the post-IPO remuneration structure with that of a conventional FTSE350 Company. While we are usually reluctant to approve long-term incentive plans without knowing the performance conditions and vesting schedule, we note that the Remuneration Committee does not intend to grant awards to the Directors in 2015/16 and further, there is no current intention to grant PSP awards to the current Directors over the duration of the current Policy. Awards may be made to new Directors but since the Company is in a transformation process, the Committee decided not to determine specific performance conditions at the time. We also take comfort from the fact that the Company will consult its major shareholders (such as us) before making the first awards to the Directors

In addition, this director sits on the remuneration committee which comprises of less than a majority of independent directors.</p> <p>However, we and other large holders were consulted regarding the warrant award and considered this as being appropriate given the exceptional circumstances of the company (these warrants were granted in connection with subscriptions for the Company's fixed rate secured loan note instruments, all of which have now been repaid and this is effectively a turnaround situation). Also, as a 23.6% shareholder in the company, his interests are firmly aligned with ours.</p> <p>Furthermore, an independent director was appointment during the year and one of the three executives will be standing down at this AGM. We consider this as being appropriate given the exceptional circumstances of the company and the candidate (there has been a significant amount of board change over the last few years and this is effectively a turnaround situation). In addition, will be more than happy if the share price targets are met (share price is currently 8p, the top targets is 25p) and given the relatively modest value of the awards.</p> <p>Furthermore, an independent director was appointment during the year and one of the three executives will be standing down at this AGM. 	Resolution 13. Authorise Market Purchase of Ordinary Shares	For	
	Resolution 14. Approve Long Term Incentive Plan	For (Exceptional)	<p>We had initially voted against this plan, reflecting a number of concerns such as no individual annual award limits have been specified (the reason LTIP awards are effectively uncapped is because the higher the share price increase, the more shares will be allocated), nor has the proposed frequency of awards) and most importantly the level of awards available are not appropriately aligned with performance/the specific share price targets. Furthermore, , we expect the Executive Directors to have a higher level of personal investment in the Company (a concern exacerbated given the potential significance of the LTIP awards.)</p> <p>However, following engagement, the Company has gone a substantial distance to meet the main point we requested to be addressed. This is by increasing the base price for 9p to 11.25p (which is the price investors came in at under the November 2013 financing round. As a result, management would only share in upside above the 11.25p (the November 2013 buy-in/capital raising price. The current share price is approx. 8p. Nothing else is changed and the Company will incorporate the same maximum cap as under the old LTIP of 25p (so the dilutive impact of the new LTIP is appropriately limited and controlled being, a maximum aggregate dilution of 6.2%). The new LTIP is also structured so that management are entitled to a fixed maximum number of</p>

Schedule of voting on company resolutions

			<p>ordinary shares in the Company and consequently, an increase in share capitalisation will not automatically increase the potential awards under the LTIP (as would have happened under the old LTIP). Overall, the overriding objective for the Remuneration Committee has been to simplify the existing incentive arrangements by reducing the size of the LTIP pot, reducing the number of beneficiaries, whilst focusing on retaining and incentivising management. As such, we were able to change our vote and support the new Plan.</p> <p>In addition, there have been some good improvements compared to the previous LTIP, as follows:</p> <p>Vesting, holding periods and malus provisions - Following the performance/vesting period of 3 years, 50% of the ordinary shares (net of tax) will be subject to a twelve month hold restriction and the remaining 50% (net of tax) will be subject to a twenty-four month hold restriction. The new LTIP also includes malus provisions (allowing the Company to withhold any unvested awards in the event of the gross misconduct or dishonesty of a participant or the material misstatement of the financial accounts) which is easily manageable given the introduction of the holding periods</p> <p>Dilution -We note that the previous plan had a potential dilution of up to 15% of the issued share capital, whilst there is now an overall limit of 10% in 10 years for all the Company's share schemes.</p>

	Resolution 5. Disclosure of Recoupment Activity from Senior Officers	For (Exceptional)	A vote for the proposal is warranted. Adoption of the proposal would provide shareholders with confirmation of whether the company's clawback policy has been used to hold senior executives accountable for significant financial or reputational harm caused by misconduct, or failure to properly monitor or oversee risks leading to misconduct, without putting the company at a competitive disadvantage or causing undue burden.
	Resolution 6. Provide Proxy Access Right	For (Exceptional)	A vote for this non-binding proposal is warranted, as adoption of proxy access will enhance shareholder rights while providing necessary safeguards to the nomination process.
	Resolution 7. Adopt Quantitative GHG Goals for Maritime Shipping	For (Exceptional)	A vote for this resolution is warranted. Adoption of quantitative GHG emissions reduction goals specific to the international marine shipping of products sold in Wal-Mart's stores, and the disclosure of related GHG emissions performance would enable the company to better manage these specific GHG emissions. Creating and reporting quantitative goals would also allow shareholders to better evaluate the company's related emissions performance and the effectiveness of any mitigation measures the company may implement to manage them.
	Resolution 8. Report on Incentive Compensation Plans	For (Exceptional)	A vote for the proposal is warranted, as shareholders would benefit from enhanced disclosure about the relationship between the company's incentive program metrics and certain actual performance, in light of continuing lackluster performance in the last several years.
	Resolution 9. Require Independent Board Chairman	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to

Tilghman	For (Exceptional)	Under normal circumstances, we would be withdrawing support for the election of this director because of concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. Google is exposed to the risk of breaches of supply chain labour standards. We are pleased to note that the company has published its Supplier Code of Conduct. We look forward to reviewing disclosure on the company's management approach and performance in this area next year. We also have concerns regarding the management of data protection and privacy issues, especially with reference to the legal implications of the implementation of the right to be forgotten, and the pending lawsuit on

	Resolution 5. Adopt Retention Ratio for Executives	For (Exceptional)	A vote for this proposal is warranted as the more rigorous guidelines recommended by the proponent may better address concerns about creating a strong link between the interests of top executives and long-term shareholder value.
	Resolution 6. Require Shareholder Approval of Specific Performance Metrics in Equity Compensation Plans	For (Exceptional)	A vote for is warranted. Notwithstanding additional improvements to disclosure following in a fourth year of low support for the say-on-pay proposal in 2014, questions remain about goal rigor under both the short- and long-term incentive programs. While boards should generally be afforded maximum flexibility to set performance goals, in light of the company's multi-year history of problematic compensation issues, and some continuing concern around the issue of goal rigor, shareholders would benefit from the proposal.
	Resolution 7. Report on Sustainability, Including Goals and ESG Link to Executive Compensation	For (Exceptional)	A vote for this proposal is warranted, as shareholders would benefit from the information disclosed in a comprehensive sustainability report. Such information would allow shareholders to better evaluate the company's sustainability performance and its management of related risks and opportunities.

			<p>principles of corporate governance in making business and legal decisions. The company believes that Delaware's highly developed and predictable corporate law provides a reliable foundation on which governance decisions can be based, and that shareholders and the company will benefit from the responsiveness of Delaware corporate law. The company also believes that the reincorporation will enhance the company's ability to compete for talented directors and officers given that Delaware law is more familiar to potential director candidates, and offers directors and officers greater certainty and stability. Reincorporation to Delaware would be slightly more beneficial to shareholders with respect to state anti-takeover provisions. Although the company would become subject to Delaware's freeze-out provision (whereas it is currently not subject to Minnesota's freeze-out provisions), the company would no longer be subject to a control share acquisition statute and several other anti-takeover provisions under Minnesota law. However, with respect to shareholder rights under the charter and bylaws, reincorporation to Delaware would be slightly negative for shareholders. Although shareholders would be able to act by written consent without the requirement that such consent be unanimous, calling special meetings would become more difficult for shareholders under the Delaware charter and bylaws. Further, the company would adopt an exclusive venue provision upon reincorporating to Delaware. On balance, therefore, reincorporation to Delaware would be fairly neutral, with the improvement in state anti-takeover provisions balancing the slightly negative impact on the charter and bylaw provisions so we are supporting the proposal.</p>

			a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. The Annual Report says that "The Board believes that the roles of the Chair and Chief Executive Officer should be separate and that the director serving as the Chair should be an Independent Director. As provided in the Company's Bylaws, the Independent Directors will appoint a Lead Independent Director in the event the Chair is not an Independent Director." We do not consider the current Board Chairman independent and cannot see who is the Lead independent Director so the company is already not abiding by their statement. A vote for this proposal seeking the adoption of a policy that requires the board's chairman be an independent director is warranted.

Approve Agreement with Patrick Pouyanne, CEO	For (Exceptional)	Under normal circumstances, we would have voted against his service contract as his severance pay can exceed 2 times salary (capped at twice his annual compensation (basic salary and bonus) of the 12-month period preceding his departure). We believe that severance payments should be no greater than 2 times salary. However, at least two out of three of the performance conditions that need to be fulfilled for the payment of the severance can be deemed sufficient to avoid any pay for failure. Furthermore, despite the changes in market conditions (significant cost inflation since 2010 and a sharp decline in oil prices), the Board during its meetings held on October 22 and December 16, 2014, decided to maintain the same thresholds for the ROE and ROACE metrics that were previously used to consider the performance conditions to be met. Neither the severance payment, nor the retirement benefit may be considered as guaranteed. The performance conditions are demanding. In the current market environment, it is irrelevant to base the Group's future performance on the historical ROE / ROACE figures going back to 2010. In any event, with respect to severance, the purpose is to avoid rewarding failure. On this point, in absolute terms, an average ROE of at least 12% over 3 years and an average ROACE of at least 10% over 3 years cannot in any case be considered as "failures" in a highly capital intensive industry such as oil & gas."

In addition, we note that his salary of EUR 1,200,000 is below the salary of the former Chairman/CEO of EUR 1,500,000, i.e - 20%). So is his bonus potential (165% of salary versus 180%). However, we will be keeping bonus and LTIP award targets under review as we have questioned the lack of stretch in incentive targets for management in the past.</p>

	Resolution 3. Elect Alfredo Antoniozzi as Director	For (Exceptional)	Under this resolution, shareholders are asked to elect one new nominee, Alfredo Antoniozzi, who would replace Salvatore Mancuso who resigned on Nov. 11, 2014. Antoniozzi will serve for a two-year mandate. Antoniozzi has been nominated by the Italian Treasury which holds 25.5% of the company's outstanding share capital. This election will not take place through the voto di lista mechanism, as this is the appointment of one director only, and not of the whole board. We are comfortable with this proposal given that independent directors represent the majority of the board.

	Resolution 7. Require Independent Board Chairman	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote for this proposal seeking the adoption of a policy that requires the board's chairman be an independent director is warranted.

Shangri-La Asia Limited AGM 28/05/2015 BERMUDA	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	Under normal circumstances, we would be withdrawing support for the approval of the Report and Accounts because of concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. Shangri-La Asia is exposed to the risk of bribery in its operations. As last year, we note the disclosures made on this issue in the 2012 Sustainability Report and the 2013 UNGC Communication on Progress (COP) but we strongly encourage the company to publish the full text of its Code of Conduct, as well as details of its management approach and performance in this area. Under normal circumstances we would be withholding support, however, we would like to give the company more time to improve its disclosure. This is because we acknowledge the extension requested by the company from the UNGC with regards to the publication date of its next COP. We look forward to improved reporting next year.

	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would not have supported the remuneration report given none of the annual bonus awards are deferred and the Company has not introduced an additional holding period for vested LTIP awards. However, we are mindful that bonus and LTIP award potential is relatively low (for the size of the company) and management already have a significant number of shares ensuring that their interests are already aligned with shareholders. Of course, this alignment could be strengthened with the introduction of some deferral of performance-related pay and the absence of such could be more of an issue next year, particularly as a number of companies now have these features within executive pay arrangements.

We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election and we are not applying our vote on SEE disclosure to this director. ABC-Mart is exposed to risks associated with supply chain labour standards and the environment. The environmental risks are related to the supply chain, in terms of the environmental attributes of products sold and packaging used. We would expect this company to provide details of its performance in these areas, including quantitative data, but there is little information available in the public domain. The company has not responded to the Carbon Disclosure Project.

	Resolution 9. Report on the Result of Efforts to Minimize Hydraulic Fracturing Impacts	For (Exceptional)	A vote for this resolution is warranted, as disclosure of additional information, including quantitative performance metrics regarding hydraulic fracturing management, would allow shareholders to better assess how the company is managing potential risks and liabilities.
	Resolution 10. Proxy Access	For (Exceptional)	A vote for this non-binding proposal is warranted because adoption of proxy access will enhance shareholder rights while providing necessary safeguards to the nomination process.
	Resolution 11. Require Independent Board Chairman	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote for this proposal seeking the adoption of a policy that requires the board's chairman be an independent director is warranted.
	Resolution 12. Require Director Nominee with Environmental Experience	For (Exceptional)	A vote for this resolution is warranted, as Chevron does not appear to have an independent board member with relevant environmental expertise, the company is involved in environmental controversies, and the nature of its operations are subject to environmental risks.
	Resolution 13. Amend Bylaws -- Call Special Meetings	For (Exceptional)	A vote for this proposal is warranted. Lowering the threshold to call a special meeting and removing the agenda item restrictions would enhance the current shareholder right to call special meetings.

	Resolution 4. Require Independent Board Chairman	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote for this proposal seeking the adoption of a policy that requires the board's chairman be an independent director is warranted.
	Resolution 5. Adopt Proxy Access Right	For (Exceptional)	A vote for this non-binding proposal is warranted because adoption of proxy access will enhance shareholder rights while providing necessary safeguards to the nomination process.

However, we are exceptionally supporting their re-election as we don't want to vote against a director who is one of just a few independent directors on the Board who can safeguard minority shareholder interests. 			intervention. However, after having spoken to the Company we have agreed to exceptionally support this resolution, in order to give the Board flexibility to make acquisitions such as Jazztel. This is because management does not give shareholders the opportunity to opt-out of the automatic acquisition of double-voting rights for registered shares held for two years provided for by the French law modified in March 2014 (Florange Act). This is particularly concerning given Orange did not already apply DVRs. Given we are strong supporters of the one-share, one-vote principle (and the equal treatment of shareholders)

	Resolution 6. Approve Severance Payment Agreement with Rudy Provoost, Chairman and CEO	For (Exceptional)	Under normal circumstances we would not have supported the severance package available to Rudy Provoost as it is capped at 24 months of the last basic salary plus average of the last two bonuses. However, upon engagement with the company we have been assured that it will only be triggered in the event of a change of control or strategy and would not apply in the case of resignation, retirement, termination for gross misconduct, or certainly not poor performance. Secondly, whilst change of control clauses provide management with a perhaps an understandable level of protection in such scenarios, the other side of the coin is that they could potentially incentivise management to seek offers for the company and which are not in the interests of shareholders. However, we take comfort from the fact that the board is comprised of a majority of independent directors and the Company has assured us that the independent directors act like very independent directors so there is little concern that the management team can manoeuvre a change of control.

	Resolution 8. Advisory Vote on Compensation of Rudy Provoost, Chairman and CEO since May 22, 2014	For (Exceptional)	Under normal circumstances we would not have supported this resolution as disclosure of his remuneration arrangements is generally poor. There is limited disclosure on the bonus policy, bonus potential and long-term variable components of his remuneration. However, upon engagement with the Company we understand that there could be serious implications if the company discloses specific information on bonus and LTIP targets. The company only has one true competitor which is a private company and which therefore does not have the same disclosure obligations/pressures, and more importantly can use any business/strategy information that Rexel provides to enable them to obtain a competitive advantage. This could ultimately leads to a reduction in value for Rexel shareholders. However, the company acknowledges that there is a balance to be struck and has committed to significantly improving retrospective disclosure (i.e when the information is less commercially sensitive) of performance targets versus outcomes. We also take comfort from the fact that award payouts have been well below maximums and on a relative basis compared to the Company's peers. Nevertheless, should disclosure not have improved next/in future years, then we will have no hesitation but to vote against remuneration arrangements. We also have some concerns over service contracts although again we have received assurances from the Company (see res 6)

However, upon engagement with the Company we understand that there could be serious implications if the company discloses specific information on bonus and LTIP targets. The company only has one true competitor which is a private company and which therefore does not have the same disclosure obligations/pressures, and more importantly can use any business/strategy information that Rexel provides to enable them to obtain a competitive advantage. This could ultimately leads to a reduction in value for Rexel shareholders. However, the company acknowledges that there is a balance to be struck and has committed to significantly improving retrospective disclosure (i.e when the information is less commercially sensitive) of performance targets versus outcomes. We are also mindful that this proposal to issue shares for the restricted stock plan extends beyond management. The ability to incentivise and retain staff with share awards has already proven successful and the continuation of this is crucial as part of the company's strategy. Should this resolution be voted down than the consequences are far more reaching than management. We are therefore supporting this resolution but the Company has been advised that if disclosure has not improved next/in future years, then we will have no hesitation but to vote against remuneration arrangements.

	Resolution 1d. Elect Director Lynn D. Bleil	For (Exceptional)	<p>We have concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election and we are not applying our vote on SEE disclosure to this director. Stericycle is exposed to risks relating to health & safety, bribery, climate change and the environment. The environmental risks are associated with air emissions and biodiversity. We would expect this company to publish quantitative, aggregated data on its environmental performance but there is little in the public domain. The company has not responded to the Carbon Disclosure Project. With respect to bribery, the company publishes its Code of Business Conduct but we would like to see information relating to the company's management approach and performance in this area. We also strongly encourage the company to publish quantitative data on its health & safety performance.</p>

	Resolution 4. Require Independent Board Chairman	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. In this case, the company employs both a CEO and an executive chair. As such, shareholders would benefit from more independent board oversight in the form of an independent chair. A vote for this proposal is therefore warranted.

	Resolution 6. Authorize Issuance of Equity or Equity-Linked Securities without Preemptive Rights Pursuant to the 2014 Long Term Incentive Plan	For (Exceptional)	<p>The company is seeking authority to issue up to 10% of company's issued share capital relating to the issuance of shares pursuant to the company's 2014 Long-Term Incentive Plan (the 2014 LTIP). On April 2014, the directors were authorized to allot shares under the 2014 LTIP for a period of 5 years. However, it was decided at that time to seek authority to disapply pre-emption rights in respect of the LTIP on an annual basis only. Based on the prospectus, the company plans to grant options in respect of up to 3 percent of the company's ISC from time to time to the CEO, David Ehrlich, under the 2014 LTIP. In addition, options in respect of 7 percent of the company's ISC will be granted from time to time to other senior executives, directors and employees of the company, the investment manager or CAPREIT LP on the recommendation of the investment manager but at the discretion of the Remuneration Committee. In order to enable the company to issue ordinary shares upon the exercise of awards of options to be granted under the 2014 LTIP on a non-pre-emptive basis, the authorization to disapply pre-emption rights in respect of such issuances must be renewed at the 2015 AGM. It should be noted that the share issuance under this authority is required to be within the scheme rule dilution limits which are 10% over a 10-year period. As the amount is within the total 10 in 10 year period limit we are supporting this resolution however, it does appear on the high side.</p>

	Resolution 8. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would vote against this resolution as severance payments could be greater than 2 times salary, something we are not supportive of. Specifically, the company CEO, Charles Bouaziz, and COO, Thierry Navarre have termination provisions where in case of dismissal other than in the certain events of breach of their management agreement, they are entitled to a notice period of 12

			<p>months corresponding to 12 months of fixed base and short term variable remuneration and additionally, upon termination, the company may require them not to work for competitors for a period of up to 12 months from the date of termination or resignation. If the said non-competition clause is applied, an amount equal to up to 12 months of fixed remuneration will be compensated to each of them. However, we are new investors in the Company and upon engagement with its investor relations, we have learnt that these are legacy service contract agreements that were put in place for the best interests of the business when the company was private equity. Despite the Company now being publicly listed, the Board continues to believe these arrangements are in the best interests of shareholders, i.e. to prevent poaching of its key people by larger firms (eg Proctor & Gamble). Given this explanation and as remuneration levels are generally fine, we are fairly relaxed with this arrangement. However, we have advised the Company that we will be keeping this under annual review and may take a different line should we see significant increases to pay (as this will have an even more significant impact on severance pay). On a different issue, we note that following the IPO, the company implemented an LTIP plan for which it will grant stock options without additional performance metrics attached. While this is market practice in Belgium, the LTIP also allows the grant of the restricted stock units without performance criteria and which is without downside for the beneficiaries. Despite this concern, the size of the plan is fairly limited (for the CEO, the value of the 2014 LTI grant comprised 13 percent of his total remuneration package), and potential dilution to voting rights of all outstanding LTIPs remains limited to 0.43 percent on a fully-diluted basis. Furthermore, the three-year vesting period provides for a long-term alignment between executives' and shareholders' interests. However, we have advised the Company that we will not be able to support this arrangement going forward.</p>

	Resolution 4. Require Director Nominee with Environmental Experience	For (Exceptional)	A vote for this resolution is warranted because: The proposal affords the board sufficient flexibility to determine the qualifications for environmental expertise, and does not appear to fetter the board's ability to consider, on an ongoing basis, director candidates with relevant environmental and industry expertise, among other core competencies, that could complement the expertise and mix of skill sets and currently on the board; and While a current director candidate that appears to have some background in environmental, health, and safety has been submitted for a shareholder vote, the company has operations that expose it to continuing environmental risks and the nomination of a director with environmental expertise would complement and enhance the board's capacity in this area.
	Resolution 5. Report on Capital Expenditure Strategy with Respect to Climate Change Policy	For (Exceptional)	A vote for this proposal is warranted, as shareholders would benefit from additional information about the impact that climate change regulations and a subsequent reduced demand for oil might have on the company and its operations, and the actions that the company is taking to mitigate these risks.
	Resolution 6. Report on Political Contributions	For (Exceptional)	A vote for this resolution is warranted, as the company could provide additional information on its political expenditures, trade association memberships and payments, and related management level oversight

			mechanisms.
	Resolution 7. Establish Risk Oversight Committee	For (Exceptional)	A vote for this proposal is warranted for the following reasons: While the proposal's request to create a separate risk management committee could be viewed as duplicative or prescriptive, the consignment of the board's risk oversight function to a committee specifically chartered with the responsibility to steward the risks faced by the company is likely to benefit shareholders. In an operating environment where the management of risks to corporations is of ever-increasing importance, the establishment of a formal board-level committee charged with risk management oversight should serve to enhance existing risk oversight mechanisms, and focus the committee's attention on the imperative to effectively guard against and manage enterprise-wide risks over the long-term. Moreover, given that the company has a risk oversight function that is shared among multiple committees, a move to embody the board's risk management mandate to a dedicated committee should not be unduly burdensome.

	Resolution 7. Approve Deferred Share Bonus Plan	For (Exceptional)	<p>The existing Plan was set up in 2006 and is coming to the end of its ten-year life. The Directors are proposing that a new DSB scheme be introduced on the same terms as the existing scheme. Executives are required to defer up to 25% of their annual bonuses into share awards that will vest after 3 years. The scheme dilution limits of 15% exceeds 10% of the Company's issued share capital, the industry-wide guideline for share schemes. However, we have previously discussed this issue with the Company which explained the 15% dilution limit is in place as the Group has already exceeded the 10% dilution limit due to historic issues. The Company would not be possible for it to operate within a 10 percent dilution limit. Specifically, about 8-10 years ago, when the company was loss making, it awarded a large number of shares/options to preserve cash. The current level of dilution is approx 10.4% However, approx 700 options lapsed in 2013 having not met performance conditions, a further 1.6m are expected to lapse in 2014 and 4.3m in 2015. Hence dilution levels will have significantly reduced by 2015 and therefore this is not considered an issue. The Company provided a helpful explanation on dilution levels which will have significantly lapsed/ reduced by 2015.</p>

	Resolution 5. Require Independent Board Chairman	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote for this proposal seeking the adoption of a policy that requires the board's chairman be an independent director is warranted.

bwin.party digital entertainment Plc AGM 21/05/2015 GIBRALTAR	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	Under normal circumstances, we would be withdrawing support for the approval of the Report and Accounts because of concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. Bwin.Party Digital Entertainment is exposed to the risk of bribery in its operations. We urge the company to publish the full text of its code of conduct. We also encourage the company to disclose details of its management approach and performance in relation to its anti-bribery efforts. Under normal circumstances we would be withholding support, however, we would like to give the company more time to improve its disclosure. If such improvements are not forthcoming next year, we will consider deteriorating our vote.

	Resolution 6. Proxy Access	For (Exceptional)	A vote for this non-binding proposal is warranted because adoption of proxy access will enhance shareholder rights while providing necessary safeguards to the nomination process. Additionally, the terms and provisions of this proxy access proposal are more favorable to shareholders than the management proposal on the same matter.
	Resolution 7. Require Shareholder Approval of Specific Performance Metrics in Equity Compensation Plans	For (Exceptional)	Although the company has modified its incentive plans to address several compensation-related concerns voiced by shareholders in last year's say-on-pay vote, the company has had a history of problematic compensation practices. As such, a vote for this proposal is warranted as it would enhance shareholders' ability to evaluate the rigor and the payout potential for the company's incentive programs before they are implemented.
	Resolution 8. Pro-rata Vesting of Equity Awards	For (Exceptional)	A vote for this proposal is warranted. The request for pro rata vesting of equity awards up to the time of an executive's termination will further align the interests of executives with shareholders.
	Resolution 9. Stock Retention	For (Exceptional)	A vote for this proposal is warranted as the more rigorous guidelines recommended by the proponent may better address concerns about creating a strong link between the interests of top executives and long-term shareholder value.
	Resolution 10. Clawback of Incentive Payments	For (Exceptional)	A vote for this proposal is warranted. The proposed clawback policy would expand on the company's current policy and would require the company to disclose the circumstances surrounding any recoupments.

	Resolution 6. Report on Certain Vesting Program	For (Exceptional)	<p>The AFL-CIO Reserve Fund, beneficial owner of 301 shares of the company's common stock, has submitted the following non-binding proposal. "RESOLVED: Shareholders of The Goldman Sachs Group, Inc. (the "Company") request that the Board of Directors prepare a report to shareholders regarding the vesting of equity-based awards for senior executives due to a voluntary resignation to enter government service (a "Government Service Golden Parachute"). The report shall identify the names of all Company senior executives who are eligible to receive a Government Service Golden Parachute, and the estimated dollar value amount of each senior executive's Government Service Golden Parachute. A voluntary resignation to pursue a career change should not provide an economic windfall to plan participants. Career changes often involve opportunity costs, including foregone compensation, which should be fully borne by the employee, not shareholders. Allowing for continued vesting of awards whose service or performance requirements have not been met is of questionable value to shareholders. Moreover, it is fair to question how shareholders benefit from programs which provide preferential treatment to</p>

			individuals who resign to pursue a career in government. Support for this item is warranted. As highlighted above, shareholders have an interest in additional information about a program that provides accelerated or continued vesting to senior officers without a clear benefit to shareholders including the circumstances under which the plan administrator would provide for such vesting.
	Resolution 7. Provide Right to Act by Written Consent	For (Exceptional)	A vote for this proposal is warranted given that the ability to act by written consent would enhance shareholder rights.

Leucadia National Corporation AGM 21/05/2015 UNITED STATES	Resolution 1.1. Elect Director Linda L. Adamany	For (Exceptional)	Under normal circumstances, we would be withdrawing support for the election of this director because of concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. Leucadia National is exposed, through its beef processing operations, to environmental risks associated with climate change and the environment. The environmental risks are related to energy use, water use and pollution. We would expect this company to publish quantitative environmental performance data but none is available in the public domain. The company has not responded to the Carbon Disclosure Project. Under normal circumstances we would be withholding support, however, we would like to give the company more time to improve its environmental reporting. We will consider deteriorating our vote next year if there is no such improvement.

	Resolution 5. Require Independent Board Chairman	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote for this proposal seeking the adoption of a policy that requires the board's chairman be an independent director.

Under normal circumstances, we would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we have flagged our concerns by withholding support on director reappointment resolutions. This is on the basis that we hold all directors collectively responsible (excluding new directors that have not previously been part of the board and decision-making) and do not draw distinctions between executive or non-executive directors. Silver Wheaton is exposed to risks associated with health & safety, climate change and the environment. The environmental risks are related to energy and water use, air emissions, water emissions and waste. We note that the company provided a public response to the Carbon Disclosure Project in 2014. The company does not, however, publish any quantitative health & safety data. We are moving our vote to an abstain this year in recognition of the improvement in the company's environmental reporting. We look forward to enhanced health & safety reporting next year.</p>

Without doubt, there should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote for this proposal seeking the adoption of a policy that requires the board's chairman be an independent director is warranted.

We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election and we are not applying our vote on SEE disclosure to this director. Amphenol is exposed to environmental risks associated with water pollution and waste generation. We would expect this company to publish quantitative environmental performance data but there is insufficient public disclosure. Although we note that Amphenol TCS has responded to the Carbon Disclosure Project, the percentage of Amphenol's total operations covered by this data is insufficient to merit a vote of support.</p>

Antofagasta plc AGM 20/05/2015 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	There continues to be just one woman on the Board (9%) of why is a large FTSE 100 company. In the annual report, the Nomination Committee states that the Board is composed of highly capable and committed individuals with a diverse range of technical skills, backgrounds, expertise, nationalities and perspectives and that the Board is committed to continuing to improve its gender balance. In preparing for the searches for new independent NEDs in 2014, the Committee agreed that special consideration should be given to female candidates. We also note that Gender diversity remains a challenge in many sectors of the Chilean economy, including mining. These explanations are helpful, and we note that the Company appointed a female director to the board in March 2014, but given there are three long serving directors, we would have expected at least one of these to be replaced during the year and to understand whether any further women were/are in the shortlist. We will be keeping this under review.

	Resolution 2. Approve Remuneration Report	For (Exceptional)	Malus and Clawback: Since 2011 CSR has operated its Executive Incentive Plan. This arrangement contains performance based forfeiture provisions which the Remuneration Committee considers are much stronger than market practice malus provisions. The Committee therefore believes that it is not appropriate or necessary to introduce additional malus and clawback provisions at this point, particularly given the likelihood that CSR will not be a listed entity by the end of its 2015 financial year. If for any reason CSR continues as a listed company, the Committee may reconsider its position. For now we are supporting the plans. We will reconsider if CSR continues to be a listed entity.

Re-elect Dr Levy Gerzberg as Director	For (Exceptional)	Levy Gerzberg is a non-independent NED, and the Board does not comply with the UK Code's recommendation that at least half of the Board should comprise independent NEDs. However, CSR is in the process of being taken over, and therefore it is understandable that additional NEDs have not been appointed to restore Board balance. particularly given the likelihood that CSR will not be a listed entity by the end of its 2015 financial year

Hiscox Ltd AGM 20/05/2015 BERMUDA	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	<p>The Company's remuneration policy (a non-binding advisory vote, reflecting Hiscox's Bermuda incorporation) proposed at the 2014 AGM, only received support from 57.8% of shareholders who voted on the resolution. The Remuneration Committee has responded positively to the concerns raised and made the following improvements to the overall remuneration framework: Introduction of a bonus cap. Capping of recruitment arrangements under the Company's remuneration framework. Introduction of additional two-year holding period under PSP awards from 2015. Introduction of clawback on the cash element of the annual bonus. However, the maximum potential bonus has been set at a very competitive level (at 4x salary for Group CEO, 5 x for the Chief Underwriting Officer). We take comfort from the fact that in the previous 10 years, the highest bonus as a percentage of salary that has been paid to the Group CEO was 372%, for the 2007 financial year when the Company had achieved a pre-tax return on equity of c. 36%. The average bonus as a percentage of salary over the last 10 years to the Group CEO has been c. 172%.. Another issue is that the bonus performance target disclosures and discussion trails general UK market practice. We expect to see much better disclosure, particularly given the bonus potential. Lastly, performance conditions under the PSP could be more stretching. The PSP vesting range starts from 7% with maximum vesting at 14.5% post tax return on equity, yet other than 2011, the Company has delivered a post-tax return on equity of at least 14% in all of the previous 10 years. On balance, and to reflect the significant improvements, we are comfortable in supporting remuneration arrangements this year but we will looking closely at the PSP targets and retrospective bonus disclosures/outcomes when assessing arrangements going forward.</p>

However, we note that in 2013, the Company had its first external tender exercise since its incorporation in 2004 and that the Audit Committee concluded that, on balance, there was not a compelling case to engage a new auditor. Require Independent Board Chairman	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote for this proposal seeking the adoption of a policy that requires the board's chairman be an independent director is warranted.

	Resolution 4. Require Independent Board Chairman	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. We support this proposal seeking the adoption of a policy that requires the board's chairman be an independent director.
	Resolution 5. Adopt Proxy Access Right	For (Exceptional)	A vote for this proposal is warranted. The terms of the current proxy access right are restrictive and approval of this proposal, which does not include an aggregation limit, will further enhance rights while providing necessary safeguards to the nomination process.
	Resolution 6. Limit Accelerated Vesting	For (Exceptional)	A vote for this proposal is warranted. Notwithstanding the company's adoption of a double-trigger policy, the pro-rata vesting of equity awards in connection with a change in control up to the time of an executive's

	Resolution 4. Amend Omnibus Stock Plan	Against	<ul style="list-style-type: none"> Breaching of dilution limits
	Resolution 5. Require Independent Board Chairman	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote for this proposal seeking the adoption of a policy that requires the board's chairman be an independent director is warranted.
	Resolution 6. Report on Lobbying Payments and Policy	For (Exceptional)	A vote for this resolution is warranted for the following reasons: Shareholders should have greater transparency on lobbying activities and related expenditures in order to allow for informed judgments regarding the judicious use of corporate assets for lobbying efforts, and to enable a more complete assessment of the risks faced by the firm through its lobbying activities as well as any associated benefits; Given the company's current level of disclosure on relevant policies and oversight mechanisms regarding its lobbying and lobbying-related activities, providing the additional disclosure requested by this proposal should not be unduly burdensome.
	Resolution 7. Amend Bylaws -- Call Special Meetings	For (Exceptional)	A vote for this item is warranted because a 10 percent threshold to call a special meeting is a more reasonable threshold for a company of this size and ownership structure than the current threshold. Adoption of this proposal would enhance shareholder rights by lowering the current threshold for shareholders to call a special meeting.

	Resolution 9. Report on Certain Vesting Program	For (Exceptional)	A vote for this item is warranted because shareholders could benefit from additional information about the extent of a compensatory program of questionable benefit to investors.
	Resolution 10. Disclosure of Recoupment Activity from Senior Officers	For (Exceptional)	A vote for the proposal is warranted, as its adoption would provide shareholders with confirmation of whether the company's clawback policy has been used to hold senior executives accountable for significant financial or reputational harm caused by misconduct, or failure to properly monitor or oversee risks leading to misconduct, without putting the company at a competitive disadvantage or causing undue burden.

The resolution further states that this additional ongoing annual reporting could build on the disclosures already made to CDP (formerly the Carbon Disclosure Project) and/or those already made within the Company's Scenarios, Sustainability Report and Annual Report. This resolution is proposed as a special resolution, which requires at least three-quarters of the votes cast to be in favour.

			support on director reappointment resolutions. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election and we are not applying our vote on SEE disclosure to this director. Southwestern Energy is exposed to risks associated with health & safety, climate change and the environment. The environmental risks are related to air and water pollution, water use and waste generation. The company provides details of environmental initiatives on its website, along with mine safety disclosures in the Form 10K. The company does not, however, publish consolidated data on its performance with regards to health & safety and the environment. It has not responded to the Carbon Disclosure Project.

	Resolution 7. Implement Strategic Resilience for 2035 and Beyond	For (Exceptional)	Two unnamed shareholders have proposed the following: "That in order to address our interest in the longer term success of the Company, given the recognised risks and opportunities and opportunities associated with climate change, we as shareholders of the Company direct that routine annual reporting from 2016 includes further information about: ongoing operational emissions management; asset portfolio resilience to the International Energy Agency's (IEA's) scenarios; low-carbon energy research and development (R&D) and investment strategies; relevant strategic key performance indicators (KPIs) and executive incentives; and public policy positions relating to climate change. This additional ongoing annual reporting could build on the disclosures already made to CDP (formerly the Carbon Disclosure Project) and/or those already made within the Company's Scenarios, Sustainability Report and Annual Report." We are supportive of this proposal as the resolution encourages further enhancements to the company's existing disclosures on a key long-term issue, climate change. In addition, we welcome the fact that the board is recommending that shareholders vote in favour of this resolution.
	Resolution 8. Assess Statoil's Project Within the Portfolio For its Resilience Against IPCC's AR5 Scenarios and Report to Shareholders	For (Exceptional)	Two unnamed proponents have made the following proposal: "In order to address the long-term viability of Statoil's strategic direction, given the recognized risks and opportunities associated with climate change, we direct the following: We ask that Statoil's project within the portfolio should be assessed for its resilience against IPCC's AR5 scenarios. Within the assessment, we request explicit focus on: a. High-risk assets such as unconventional fossil fuel investments,

		<p>including Arctic-, tar sands-, extreme deep water- and all new projects in the portfolio.</p> <p>b. Assets that can help mitigate this risk, such as renewable energy research and development and investment strategies.</p> <p>The assessment should be outlined to investors in routine reporting from 2016. We further request that if these assessments reveal that the portfolio leaves the company with inadequate adaptability in a low-carbon scenario, Statoil should also present a strategy to readjust the portfolio by pulling out the implicated projects."</p> <p>PROPONENT RATIONALE</p> <p>The proponent has supplied the following supporting statement:</p> <p>"Statoil has a diverse portfolio of operational and in-reserve assets, with increasing activities in high-risk, carbon intensive projects. A report commissioned by HSBC revealed that as much as 15% of Statoil's reserves would be stranded assets in a future where the global warming is kept below two degree Celsius. As a shareholder, it is in our interest to assess the company's adaptability to regulations and changes in demand expected in a low-carbon society. We find that Statoil's current reporting on its strategy for future scenarios insufficient to make such an assessment."</p> <p>BOARD RESPONSE</p> <p>The board has issued the following response to the proposal:</p> <p>"Statoil's board of directors welcomes shareholder interest in better understanding the company's risk exposure and strategic approach to climate change, and the board has assessed the proposal in detail.</p> <p>The proposal for resolution implies that Statoil could be requested to publicly disclose commercially sensitive information, both at asset as well as at portfolio level. The board of directors does not find it appropriate to disclose economic characteristics and business development plans for single assets. Such disclosures could affect</p>
--	--	---

			<p>Statoil's ability to pursue its strategy, undermine its commercial and competitive position, and put shareholder value at risk. Furthermore, it is a vital principle of good corporate governance that establishing and monitoring the company's strategy is the responsibility of the board, and should be based on multifactorial considerations, and not a single consideration such as climate, as implied in the proposal made by WWF Norway and Greenpeace Norway.</p> <p>Analysis - Unlike shareholder proposals in for example the U.S., shareholder proposals in Norway are binding unless explicitly phrased as recommendations (as opposed to directives) to the board.</p> <p>In this case, the proposal would direct the board to focus on the mitigation of assets that are considered high-risk based on climate change scenarios presented in the Intergovernmental Panel on Climate Change's (IPCC) Fifth Assessment Report (AR5). The board points out that this would constitute micromanagement of the board's otherwise holistic and multifactorial deliberations. Moreover, the proposal would also require the aforementioned assessment to be disclosed in the company's routine reporting and that due to the specificity of the requested information, which is not part of any generally accepted standards of disclosure, its publication could put the company at a strategic disadvantage vis-à-vis its competitors</p> <p>However, we don't think that this or resolution 9 are too proscriptive or micro-managing e.g. 9 looks to develop a strategy (or seemingly a range of strategies) rather than prescribing a particular strategy to implement. All 3 resolutions are positive developments that we'd like to see from the company. In addition, the implementation resolution 7 should deliver on 8 and 9.</p>
	Resolution 9. Implement New Strategy for a More Sustainable Development and Administration of the Company's Resources and Business	For (Exceptional)	<p>A proponent has made the following proposal:</p> <p>The board develops a new strategy for a more sustainable development and administration of the company s resources and business. The strategy should reflect the company s joint responsibility for helping</p>

		<p>meet the current energy demand within the framework of national and international climate goals.</p> <p>The board should in this context consider opportunities and consequences associated with the following relevant individual strategies:</p> <ol style="list-style-type: none"> 1. Terminate the exploration for new oil and gas sources nationally and globally 2. Minimize CO2 emissions from producing fields and processing facilities as far as possible, including carbon capture and storage 3. Diversify the business with a renewed and heavy focus on renewable energy production, nationally and globally, based on wind, and perhaps wave power. <p>The utilization of investment funds released through the termination of new oil and gas field exploration and development for funding emission reductions in existing operations, as well as new investments in renewable energy production, should be considered. The result of the strategy work will be presented in the annual reports for 2015/16.</p> <p>PROPOSER RATIONALE</p> <p>The proposer has supplied the following rationale:</p> <p>"Statoil's greenhouse gas emissions (CO2, CH4 and GHG) continued to grow in 2014. The change in Statoil's executive management represents a favourable opportunity for the company to put former bad investments and losses behind, steering the company's current risky strategy into a more sustainable direction. This requires that the company adjusts (sic) its new strategy in relation to and accordance with the goals of the Norwegian parliament and the UN to limit global carbon emissions from human activity to a level consistent with a future temperature increase of max. + 2°C. Oil and gas production and combustion account for a significant part of these emissions, and to avoid exceeding the 2-degree goal the majority of all known and</p>
--	--	---

		<p>unknown oil and gas reserves must be left in the ground to the end of this century. Challenging national and international climate goals contrary to the interests of the next generations of shareholders will not be a sustainable strategy for Statoil."</p> <p>BOARD RESPONSE</p> <p>"Climate change is quite possibly one of the greatest challenges of our time. Statoil fully acknowledges the need for the oil and gas industry to contribute with measures and emission reductions that reduce the likelihood of a global temperature increase greater than 2 degrees.</p> <p>Changing the global energy system so that growing energy needs are met in a way that is sustainable poses a very fundamental challenge. While all indicators point to a need for major investments in renewable energy, the most credible forecasts indicate that there will be a considerable need for oil and gas to cover the global energy demand for decades to come, even in a low-carbon society.</p> <p>As production from existing fields declines, the world relies on new resources reaching the market. Statoil wants to achieve this in the most sustainable manner possible, for example by using gas to replace coal and ensuring that production takes place with minimal energy consumption and the lowest possible carbon emissions.</p> <p>Statoil's ambition is to be the world's most carbon-efficient producer of oil and gas, in parallel with our commitment to further developing a profitable position within renewable energy. This is how Statoil can continue to work sustainably to create value for our shareholders.</p> <p>Furthermore, the board stresses the importance of complying with the principles of good corporate governance, which state that the company's strategy is to be determined by the board.</p> <p>Based on the above, the board of directors recommends the general meeting to vote against the proposal</p> <p>Analysis - Unlike shareholder proposals in for example the U.S,</p>

Schedule of voting on company resolutions

			<p>shareholder proposals in Norway are binding unless explicitly phrased as recommendations (as opposed to directives) to the board. The Company thinks that this would micromanage the board's strategy and while its more prescriptive elements (those identified in the three-point list) are framed by a header urging the board to consider (rather than necessarily abide by) them, their underlying spirit would arguably be the micromanagement of the company's operations, particularly regarding the "[termination of the exploration for new oil and gas sources nationally and globally," which would be significantly disruptive to the company's operations.</p> <p>However, we don't think that this or resolution 8 are too proscriptive or micro-managing e.g. this proposal looks to develop a strategy (or seemingly a range of strategies) rather than prescribing a particular strategy to implement. All 3 resolutions are positive developments that we'd like to see from the company. In addition, the implementation resolution 7 should deliver on 8 and 9.</p>

	Resolution 17. Approve Equity Plan Financing	For (Exceptional)	Under normal circumstances we would have voted against this proposal because the repurchased shares will be issued to finance a share matching plan with a vesting period shorter than three years. However, we have exceptionally supported as the shares are to facilitate a share saving plan for all employees of the group in place since 2004. The purpose of this plan is "to enhance a good business culture and encourage loyalty through employees becoming part-owners of the company. In Norway, more than 80% of the employees participate in the share saving plan." Although there are concerns that directors may participate, the potential pay under this scheme (and overall pay level) is modest for the size of the Company, and therefore not problematic.

	Resolution 5. Require Independent Board Chairman	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote for this proposal seeking the adoption of a policy that requires the board's chairman be an independent director is warranted.

	Resolution 4. Approve Remuneration Report	For (Exceptional)	Base pay for the CEO and FD is in the upper quartile for the index on a balanced comparison. However, in addition to freezing salaries for 2015, we also welcome the proposed changes to remuneration (particularly the greater emphasis on deferral) which will not only simplify but also greater align executive pay arrangements with the long term interests of shareholders. Also, the CEO has done a good job over the years and the expected growth from the Foster Wheeler acquisition should move the company back into the FTSE 100. As such, we are comfortable in supporting the remuneration report this year but with a need to keep salaries under review.

AGM 14/05/2015 UNITED KINGDOM	and Statutory Reports		
	Resolution 2. Approve Remuneration Report	For (Exceptional)	<p>There continues to be an absence of a bonus deferral structure, as well as the low shareholding guidelines for Executive Directors (1x salary). Whilst we note that bonus levels are relatively low (1x salary), bonus deferral will be a good way of increasing directors' stakes in the business (particularly the new FD). A more material issue is the size of LTIP awards payment for median performance under the LTIP. Although full vesting only occurs for upper decile TSR performance (not upper quartile) which is quite unusual and the median payout of 20% is slightly lower by comparison to many companies, the multiple of 300% of salary means that up to 60% of salary could be paid out for median performance. Given executive directors again received maximum awards under the LTIP in 2014, last year we asked for the Remuneration committee to look at reducing award levels, or otherwise the amount vesting for median performance. Maximum grants will again be made in 2015. But there is no change in vesting levels. On a separate note, Mike Watts and Jann Brown stood down as Executive Directors on 15 May 2014 and agreed to continue in senior roles for six months and focus entirely on seeking to resolve the tax situation in India. Based on specific measures in relation to the Indian tax issue, they received a bonus equivalent to 77% of their salary. However, the remuneration report does not discuss the tax situation in India and it is explained in the annual report that although there have been developments over the course of 2014 no conclusion has been reached by the Indian tax authorities in relation to this enquiry.</p>

			for 12 years and sits on the remuneration committee which should consist entirely of independent directors. However, we are again exceptionally supporting his re-election on the basis that he was going to retire in 2014 but delayed this in light of the retirement of Chairman, Sir Bill Gammell at the 2014 AGM and also other management changes. He agreed to continue on the Board to allow the Board to retain his technical skills and extensive knowledge of the business and in April 2015 announced that he will retire in May 2016. As previously stated, the Board has recently appointed a new NED with relevant technical skills and experience who will join the Board following the AGM. Also, another experience non-executive will be joining the Board in September. We are comfortable with these explanations and commitment to ensure the necessary skills and experience is present on the Board. Also, the length of Todd Hunt's tenure is not considered material to warrant concern.

			safeguard against improper audits. However, as the Company is outside the FTSE 350, it is not covered by the UK Code provision which recommends tendering at least every ten years and, as such, the absence of a firm commitment on tendering is not a material concern. In addition, the Audit Committee states that until the uncertainty on Tendering (in respect of the UK Competition Commission's final report and EU Legislation) is resolved, as to whether the Group will be required to tender the audit prior to 2024, the Committee will continue to consider annually the need to tender the audit for audit quality or independence reasons. We are comfortable with these explanations and commitments for now, particularly given KPMG have not served significantly more than the recommended 10 years, but we would expect the Company to commit to doing a Tender in the next few years.

Mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. According to the annual report, having recommended the reappointment of KPMG in 2012 following a competitive tender the Audit Committee does not propose seeking further competitive proposals in 2015. However the Committee will monitor the upcoming changes in regulation for auditor appointments and, it understands how the EU Regulations will be implemented in the UK, the Company intends to comply with any applicable new requirements. As the company has recently retendered and the auditors have been in place only just in excess of ten years we are supporting their re-appointment.

There was a reduction in bonus payout following the remuneration committee's decision to implement the collective performance adjustment. For 2015 the company has amended the weightings of the performance measures under the LTIP and replaced SME lending and the share of first time buyer market with digital active customer growth and colleague engagement score measures. The malus provisions were updated during the year and the remuneration committee introduced clawback provisions for all material risk takers in line with PRA requirements. This year's figure for the CEO will look particularly large as incentive awards vest due to the company meeting its strategic objectives. Pension arrangements at 50% plus an unfunded unapproved retirement benefit scheme (subject to share price performance) for the CEO are very generous and based on a reference salary for pensions which is higher than his annual salary. This was disclosed on his appointment and forms part of his compensation for pension foregone at Santander and was accepted by shareholders. Although the number looks large for the CEO this year this is pay for performance.

	Resolution 15. Approve Waiver on Tender-Bid Requirement	For (Exceptional)	Under resolution 17, the Company is seeking approval for a general/routine authority to buy back up to 10% of the Company's issued share capital. However, as KIRKBI currently holds 29.89% of the Company's issued share capital, if the Company were to repurchase shares from persons other than KIRKBI, its shareholding would increase to 33.21%. Under the Takeover Code it will therefore be required to make a general offer for the shares it currently does not own. Hence, under this resolution, approval is sought to waive this obligation. We are generally opposed to approving Rule 9 Waivers given concerns over creeping control (the possibility of the major shareholder getting control of the Company through gradual company share buybacks (that the shareholder does not participate in), without having to pay a premium for the remaining shares. However, given 33.2% is a long way off giving KIRKBI control, we are comfortable in supporting this Waiver. We will make the Company aware that we are unlikely to support future waivers if, as a result of buybacks the holding of the concert party will increase to over 35%. We would expect KIRKBI

Petrofac Limited AGM 14/05/2015 JERSEY	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	<p>The annual report advises that while consideration will be given to the appointment of another female Director, the Company's aim will always be to appoint the best candidate for the role, irrespective of gender. We note that there is just one female Director on the Board (11% of the Board). However, the report also states that the Company fully recognises that, across the Group, it continues to have a gender imbalance but even though engineering remains a predominately male-dominated profession, approximately 21% of the graduate recruits during 2014 were female. We welcome this disclosure and apparent focus on improving gender diversity. We will be reviewing future board</p>

Mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. The auditors were last put out to a competitive tender in 1999 when present auditor was appointed. Since 2005 the committee has annually considered need to retender and considered this again in February 2015 concluding there was nothing in the performance of the auditor which required a change. The non-audit consulting fees for the year were significant at GBP 5.2m and being more than 25% of the audit fees of GBP 11.5m. The integrity of the

This arrangement has the potential to open the auditor process to a wide range of conflicts of interest. In view of the challenges facing the insurance industry in the next few years e.g. Solvency 2, together with a change of CEO, we are not voting against the auditors this year.

			change and the environment. The environmental risks are associated with emissions to air and biodiversity. We are pleased to note that the company responded to the Carbon Disclosure Project for the first time in 2014. Its public response contains emissions data. With respect to health & safety and bribery, we note that the 2014 Sustainability Report includes reference to these issues, and that the code of ethics is publicly available. We would, however, encourage the company to publish quantitative health & safety performance data, as well as more details on its anti-bribery management approach and performance. In light of the improvements in reporting, we will move our vote to an abstain this year.

	Resolution 5. Require Independent Board Chairman	For (Exceptional)	A vote for this proposal is warranted. Several recent CEO changes have caused successive changes in the board leadership structure. At present, the company has an executive chairman separate from the CEO and a lead director. This has left shareholders with a cumbersome board leadership structure. In light of the company's recent CEO succession and the appearance that the former CEO will be retained as an executive chair on a transitional basis, support for the non-binding proposal offers an opportunity to streamline board leadership at the next chair succession and eliminate a potentially confusing multi-headed leadership structure.

	Resolution 12. Elect Roisin Brennan as Director	For	
	Resolution 13. Reappoint Ernst & Young LLP as Auditors	For (Exceptional)	<p>The company has retained the same audit firm in excess of ten years. Mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. It was reported last year that the Audit Committee was planning to undertake a tender exercise for the provision of audit services relating to the financial reporting year commencing 2015. Since the report was issued, the European Union has published its revised Audit Directive and Audit Regulation with changes made to many aspects of audit regulations, due to come in to effect in June 2016. Specifically responding to the EU Regulation articles 16 and 17 that relate to mandatory audit firm rotation, the Committee recognises that a full tender exercise will need to be undertaken for the appointment of the auditors for its financial statements 2020, at the latest, in order to fully comply with the EU Directive and Regulations. The Committee will pay particular attention to the more definitive guidance due to be issued later in 2015 by the Department of Business, Innovation and Skills and the Financial Reporting Council. After due consideration of this guidance and related legislative issues, the Committee will determine the progressive steps to be undertaken and the timescales, to confirm that it appropriately addresses the guidance thus ensuring that it will comply with EU Directive and Regulations. As has been Committee practice each year, the Committee will continue to formally consider if there is a need to go to tender for its audit services based on audit quality or independence reasons, and will make recommendations as appropriate. As this is not a FTSE350 company and audit and non audit fees are not huge we are not raising this as an issue.</p>

We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election and we are not applying our vote on SEE disclosure to this director. Chipotle Mexican Grill is exposed to environmental risks associated primarily with its supply chain, in terms of the level of control over farms and factories, and waste. Whilst we acknowledge that the company reports on its efforts to source ingredients from local farms, we strongly encourage the company to publish consolidated environmental performance data. The company has not responded to the Carbon Disclosure Project. Further, we would encourage the company to disclose its farming standards and how much carbon does their food supply creates.</p>

	Resolution 10. Stock Retention/Holding Period	For (Exceptional)	A vote for this proposal is warranted. The Co-CEOs are the beneficial owners of a significant portion of the company and the current ownership guidelines appear reasonably robust. However, this proposal would materially enhance the executive's retention of company equity, and shareholders may benefit from implementation of a holding requirement for some portion of equity.
	Resolution 11. Pro-rata Vesting of Equity Awards	For (Exceptional)	A vote for this proposal is warranted. The pro-rata vesting of equity awards in connection with a change in control up to the time of an executive's termination would further align the interests of executives with shareholders.
	Resolution 12. JUST EAT plc AGM 13/05/2015 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	<p>Bonus awards made during the year were 100% of salary (CEO) and there is a lack of adequate disclosure of the performance targets met for those awards. . However, base pay is well below lower quartile and is a newly listed company so we are not taking voting action this year. We note the increases to salary for 2015 and 2016 to align the Executive Directors with market levels. The Company uses a 20% discount to the benchmarking data to account for the Company's high market cap to revenue ratio. Both Executive Directors received maximum bonuses during the year; specific targets have not been provided. The Company commits to disclose financial targets in future Annual Reports. Review again next year as to whether targets have</p>

			been disclosed.
	Resolution 3. Approve Remuneration Policy	For (Exceptional)	This is the Company's first Remuneration Policy since IPO. A PSP will operate from 2015 under the new Policy, based on EPS and TSR performance. EPS targets for 2015 are just about acceptable. None of any annual bonus award is deferred which is not aligned with the long term interests of shareholders. However, base pay is well below lower quartile at the moment and is a newly listed company so we are not taking voting action this year. We should ask for deferral of bonus for the future.

Mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. The Audit Committee has considered the FRC's suggested non binding transitional arrangements with respect to audit tendering and as a consequence, will consider the tendering arrangements towards the conclusion of the current audit partner's period in office or earlier if there is cause to do so. The next lead partner change is scheduled for 2016. We are supporting the auditors re-election this year but will reconsider in 2016 when the company says it will consider a tender.

Require Independent Board Chairman	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote for this proposal seeking the adoption of a policy that requires the board's chairman be an independent director is warranted.

Grafton Group Plc AGM 12/05/2015 IRELAND	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2a. Re-elect Michael Chadwick as Director	For (Exceptional)	Michael Chadwick is the non independent Chairman due to formerly serving as Executive Chairman/CEO. We consider that in the interests of good governance, the chairman should be independent. However, as he was previously the CEO in addition to being the Chairman, this represents an improvement on previous arrangements. In addition, Board composition has improved significantly over the last few years. These reasons, together with the fact that performance continues to be strong means that we are again comfortable in exceptionally supporting the re-lection of the non-independent chairman.

	Resolution 5. Reappoint PricewaterhouseCoopers LLP as Auditors	For (Exceptional)	The company has retained the same audit firm since 1997 (i.e in excess of ten years). Mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. While under our threshold of £1m, for two years the amounts have been £500k in 2013 and £400k in 2014 which are substantial amounts. However, we are supporting the resolution this year to recognise the fact that the Company at least appears willing to address the issue: during 2014, following a tender process, a new audit firm, KPMG, has been appointed for the US tax compliance work which PwC have carried out since Sportech's acquisition of the US businesses in October 2010.

	Resolution 6. Require Independent Board Chairman	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote for this proposal seeking the adoption of a policy that requires the board's chairman be an independent director is warranted.

	Resolution 5. Report on Board Oversight of Privacy and Data Security and Requests for Customer Information	For (Exceptional)	A vote for this proposal is warranted, as additional disclosure of the company's board oversight of privacy and data security risks would aid shareholders in understanding how the company is managing potential risks associated with data security.
	Resolution 6. Provide Right to Act by Written Consent	For (Exceptional)	A vote for this proposal is warranted given that the ability to act by written consent would enhance shareholder rights.
	Resolution 7. Report on Lobbying Payments and Policy	For (Exceptional)	A vote for this proposal is warranted because the company does not provide sufficient disclosure regarding its trade association memberships, payments, or oversight mechanisms, for shareholders to properly assess the risks and benefits associated with the company's participation in the public policy process.

Cameron International Corporation AGM 08/05/2015 UNITED STATES	Resolution 1.1. Elect Director H. Paulett Eberhart	For (Exceptional)	Under normal circumstances, we would be withdrawing support for the election of this director because of concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. 			International is exposed to environmental risks associated with water pollution, energy use and water use. We would expect this company to publish quantitative environmental performance data. We note that the company published its first Sustainability Report in 2013, in which it states that it is working to track environmental data and aims to publish metrics in future reports. The company has not yet published an updated Sustainability Report and it has not responded to the Carbon Disclosure Project. We will continue to offer a vote of support in the hope that the company publishes its next Sustainability Report in the very near future. We will look forward to reviewing quantitative environmental performance data next year; without such data, we will consider deteriorating our vote.

Laird PLC AGM 08/05/2015 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	The company has not met the objectives of the Davies Report on Women on Boards which is that 25% of the board should be female by 2015. The company has made a statement that it supports the Davies Report and that Korn Ferry their headhunters have been asked to ensure that 30% of the candidates put forward are women. In view of their explanation we are supporting resolution.
	Resolution 2. Approve Remuneration Policy	For

	Resolution 3. Approve Remuneration Report	For (Exceptional)	Provisions for termination under directors' service contracts (Jonathan Silver's termination payment includes a guaranteed payment equivalent to 25 percent of salary in lieu of bonus for the period of notice where notice is served by the Company) exceed one year's remuneration. This is normally prorated. We believes that severance payments should be no greater than one year's remuneration except in exceptional circumstances. As a matter of policy, we do not believe bonus payments should be taken into account as part of termination payments. However, all other aspects of their remuneration arrangements are fine as they have made further improvements this year. They have simplified the structure of the ew LTIP. The upper TSR target has been increased to upper quintile and threshold vesting has been reduced from 25% to 20%. Similarly the threshold vesting under the EPS measure has been reduced from 25% to 10%. The EPS vesting scale broadened from 7.5% - 12.5% to 5% - 13%. Post vesting two year holding periods and malus and clawback provisions have been introduced. Also pay is not excessive against FTSE 20 and FTSE250 Technology Hardware and Equipment Sectors. On balance we are supporting the resolution.

	Resolution 12. Reappoint Ernst & Young LLP as Auditors and Authorise Their Remuneration	For (Exceptional)	The non-audit consulting fees for the year were significant at GBP 1.1m and being more than 25% of the audit fees of GBP 1.1m. The integrity of the auditor's relationship with the company is compromised when a firm is paid excessive consulting fees on top of those paid for auditing services. This arrangement has the potential to open the auditor process to a wide range of conflicts of interest. Most of the non audit work involved bilateral advance pricing agreement US-China. Non audit fees have been in excess of £1m for two years running. However, Ernst & Young LLP was appointed as external auditor in 1989, 26 years ago and the Audit Committee has decided that a competitive audit tender will take place in 2015 to coincide with the five-year rotation of the audit partner, with a view to the change being implemented in 2016, following the 2015 audit. In view of the upcoming tender we are supporting the re-appointment of the auditors for now.

We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election and we are not applying our vote on SEE disclosure to this director. Pembina Pipeline is exposed to environmental risks associated with waste generation and efficiency losses in the systems operated. 	Resolution 15. Reappoint KPMG LLP as Auditors	For (Exceptional)	The company has retained the same audit firm since 1990 (i.e in excess of ten years). Mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. It is noted in the Report that a tender will take place during the tenure of the current lead partner which, subject to KPMG's annual reappointment, would end following the 2017 audit. Before such a recommendation is made, the Audit Committee will satisfy itself that: (i) it will not be unnecessarily disruptive, taking account of any other activities; and (ii) appropriate plans are in place to ensure audit effectiveness is maintained. While last year's 47 percent support for the proposal prompted the board to engage with shareholders and to make changes to the board's leadership structure, the changes only served to add complexity. The board finds itself in a leadership transition, with former CEO Pat Woertz serving as Chair until her planned retirement in 2016. Though strides have been made to strengthen the lead director duties, shareholders are left with a cumbersome board leadership structure a new CEO, a former CEO serving as a non-independent chair, and a lead director and a management transition plan that has yet to fully play out. Support for the non-binding proposal offers an opportunity to streamline board leadership and eliminate a potentially confusing multi-headed</p>

	Resolution 5. Report on Political Contributions	For (Exceptional)	A vote for this resolution is warranted as increased disclosure of the company's trade association policies, memberships, and executive-level oversight mechanisms can help shareholders assess DTE Energy's comprehensive political contribution activities and the company's management of associated risks and benefits.
	Resolution 6. Adopt Proxy Access Right	For (Exceptional)	A vote for this item is warranted because the proposal offers a valuable right to shareholders with appropriate safeguards.
	Resolution 7. Assess Plans to Increase Distributed Low-Carbon Electricity Generation	For (Exceptional)	A vote for this proposal is warranted as the company could provide additional information on policies and relevant oversight mechanisms that the company has implemented to address climate change risk, and how that is impacting the company's investments decisions into distributed low-carbon electricity generation resources.
	Resolution 8. Require Independent Board Chairman	For (Exceptional)	A vote for this proposal is warranted. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. We support this proposal seeking the adoption of a policy that requires the board's chairman be an independent director.

	Resolution 12. Authorise Board to Fix Remuneration of Auditors	For	
	Resolution 13. Approve Remuneration Report	For (Exceptional)	<p>Pension arrangements as a percentage of salary are very generous (as much as to 48.9% for one director) as due to legacy arrangements, directors receive a supplementary cash allowance of up to 40% of the difference between their individual pensionable salary and base salary . However, upon engagement with the Company on this issue in 2013, we were advised that as part of its remuneration review, the Company recognised that legacy pension arrangements were generous and that it is why (1) it capped pension arrangements for new directors at 25% of salary and (2) it did not increase bonus potential which at 110% of salary is lower than the company's FTSE 100 peers. Furthermore, the company's has been very prudent regarding salary positioning and increases (+2.7%). The same applies to bonus awards, even despite the low bonus cap. For example, the actual awards for the year ranged from 37.1% to 55% of salary and were again over the year before. Also, overall remuneration levels are well below median and directors have good sized stakes in the business. As such, we continue to be comfortable in supporting the remuneration report but the Company is aware that this may change if there are significant increases to base pay without a reduction in pension contributions.</p>

We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election and we are not applying our vote on SEE disclosure to this director. Kinder Morgan is exposed to risks associated with bribery and the environment. The environmental risks are related to waste and leakages or efficiency losses in its systems. We acknowledge that the company publishes data on agency reportable releases and incidents but we would like to see other environmental performance data covering the company's operations. The company did not respond to the 2014 Carbon Disclosure Project. With respect to bribery, we note that the Code of Business Conduct and Ethics is available on the company's website but we encourage the company to publish details of its performance in this area, such as data on employee training or Code violations.

Reappoint PricewaterhouseCoopers LLP as Auditors and Authorise Their Remuneration	For (Exceptional)	The company has retained the same audit firm since 1997 (i.e in excess of ten years). Mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. However, the Company explains that given the significant ongoing evolution of the Group's business and the significant time commitment on senior management that an audit tender process would require, and also recognising that there have been significant changes in PwC's audit team – a new senior statutory audit partner with effect from the 2013 audit and a new audit manager – the Audit Committee has concluded that it would defer an audit tender process for a further 12 months. We are comfortable with this explanation.

			from additional information about how Verizon is managing its net neutrality and open Internet public policy activities. Providing such information could help shareholders assess the company's management of potential risks related to these issues.
	Resolution 5. Report on Indirect Political Contributions	For (Exceptional)	A vote for this resolution is warranted because shareholders would benefit from more information regarding the company's trade association oversight, policies, and payments.
	Resolution 6. Submit Severance Agreement (Change-in-Control) to Shareholder Vote	For (Exceptional)	A vote for this proposal is warranted because shareholders would benefit from broadening the definition of "severance benefits" subject to a shareholder vote to include equity vesting that results in payouts exceeding the best practice limit of three times cash pay.
	Resolution 7. Stock Retention/Holding Period	For (Exceptional)	A vote for this proposal is warranted as the more rigorous guidelines recommended by the proponent may better address concerns about creating a strong link between the interests of top executives and long-term shareholder value.
	Resolution 8. Provide Right to Act by Written Consent	For (Exceptional)	A vote for this proposal is warranted given that the ability to act by written consent would enhance shareholder rights.

	Resolution 12. Reappoint Deloitte LLP as Auditors	For (Exceptional)	<p>Deloitte has been the external auditor of the Group for more than 20 years. However, the audit Committee has concluded that in view of the changes within William Hill's business over the last few years, now would not be the right time to seek a tender in respect of the external auditor. Similarly, during 2014 there were a number of legislative developments, both within the UK and within the EU, regarding regulatory reform in respect of the provision of audit services by the external auditor during 2014 and definitive legislation in the UK will be enacted by no later than June 2016. As William Hill was listed on the London Stock Exchange in 2002, the transitional provisions of the EU Regulation provide that William Hill must change its external auditor no later than June 2023. The Committee further concluded that its current intention is to rotate the external auditor by no later than the expiry of the five-year term of the external audit partner (i.e., by 2019) and hence on that basis a competitive tendering process will commence prior to the expiry of the five-year term. We welcome the explanation and commitment although given the length of the auditor's tenure, ideally the company should commit to starting the tender process before 2019 (i.e 2017-2018).</p>

	Resolution 11. Reappoint PricewaterhouseCoopers LLP as Auditors	For (Exceptional)	The company has retained the same audit firm since 1992 (i.e in excess of ten years). Mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. However, the Audit Committee has not considered it necessary to date to require the firm to retender for the audit, but has noted the guidance from the Financial Reporting Council and potential future changes in the EU to the regulatory framework and thus will continue to keep the matter under review. The lead engagement partner will be rotated ahead of the FY2015 audit. As a constituent of the FTSE SmallCap, the recommendations of the UK Code with regards to the frequency with which the audit should be tendered, along with the recent requirements put in place by the Competition and Markets Authority, collectively do not apply to 4imprint Group.
