

Schedule of voting on company resolutions

The voting records available within this document represent decisions made by Aviva Investors (Aviva Investors Global Services Limited in the UK) on behalf of clients. There are occasions where our clients may wish to adopt a different voting stance in relation to their assets, which we are of course happy to accommodate. To search for a specific company, hold down the Ctrl and F keys on your keyboard, type in all or some of the Company name required and then click "Find Next". Note that meeting dates are updated 3 months in arrears (i.e a meeting held on 1 August 2012 will be displayed on this page on 1 November 2012) in descending date order.

Associated British Foods plc AGM 08/12/2017 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	Under normal circumstances we would not support the R&As to reflect our concerns that the two women on the board represent less than 25% of the directors and this is a large global (food) Company. However, we are comfortable with the arrangements given the strong disclosures on diversity provided in the R&As. For example, it is Company policy to ask any executive search agencies engaged to ensure that half of the candidates they put forward for consideration are women. Further, it is stated that the Company is committed to running businesses which attract and retain the best female talent by creating a culture that is

			welcoming to women. The proportion of women in each businesses varies but, overall, the split is close to equal. A third of senior management positions are held by women and the Company continues to strive to increase this. There are a number of ongoing initiatives across the business which aim to promote diversity. A groupwide gender diversity task force, which includes representation from across the five divisions of the business, has as one of its principal objectives the aim of ensuring that there are no barriers preventing talented people from succeeding.

	Resolution 6. Elect Ian Durant as Director	For (Exceptional)	In addition to being the Chairman of DFS, Ian Durant is also Chairman of two other listed companies: Greggs plc and Capital & Counties plc. Both are FTSE companies, with large market caps. These significant external time commitments may undermine his ability to serve effectively in his role as Board Chair. There is no indication that he intends to relinquish either of the other chairmanships in the near future. However, please note that he was independent on his appointment, whereas his predecessor was not, meaning that there is an overall improvement in governance. As he is a new Chair, we will support his election and engage with the company on his time commitments

	Resolution 10. Reappoint KPMG LLP as Auditors	For (Exceptional)	Mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. KPMG have been Group auditors for 13 years. The report advises that "The Company is fully committed to continually developing the highest standards of corporate governance and therefore the AuditCommittee will continue to apply the practice that the audit should be put out to tender at least every ten years. As a consequence, KPMG LLP may remain as external auditor until the completion of the 2025 annual audit, however, the Committee will continue to consider annually the need to tender the audit for audit quality or independence reasons". On the basis that there is retendering every 10 years and change of auditors every 20 years (as per European requirements) we will support.

	Resolution 3. Approve Spin-Off with Specialty Chemicals Business	For (Exceptional)	Under this item, shareholders are asked to approve the separation of the specialty chemicals business from the company and its remaining activities in paints and coatings. The board proposes to conduct a dual-track process and to create either a separate company (demerger) or sell the division. In case of an IPO, the company will ask separate shareholder approval. The proposal to grant the management board the authorization to separate the chemicals division stems from the company's strategy to have focused business with appropriate capital allocation. A separation could possibly deliver value to shareholders through two focused companies with different strategies and financial profiles, capital allocations, and possibly without a 'conglomerate discount'. While we are supportive of the general approach, we have some reservations with the discretion being provided to management on the manner in which the spin-off will be realised. On balance we are supportive of the proposal but will hold management accountable if they pursue a path that we consider sub-optimal.

	Resolution 3. Approve Remuneration Policy	For (Exceptional)	The company has retained the same audit firm in excess, since 2006. Mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. We would encourage the audit committee to disclose a plan for the tendering process of audit services.

	Resolution 7a. Amend Company's Constitution	For (Exceptional)	<p>A group of 106 shareholders, holding together approximately 0.0097 per cent of ordinary shares on issues, gave notice to Woolworths under section 249N of the Corporations Act 2001 requisitioning a special resolution to amend the Company's constitution. Should the proposed amendment be ratified (see below), Woolworths will be required to provide additional disclosure on human rights and operational supply chain management. The shareholder proposal, supported by the Australian Centre for Corporate Responsibility, seeks to amend the Company's constitution. Specifically, the resolution seeks to amend clause 9 of the constitution, by inserting, sub-clause 8.28 with the text below: " The Members in general meeting may by ordinary resolution express an opinion or request information about the way in which a power of the company partially or exclusively vested in the directors has been or should be exercised. However, such a resolution must relate to</p>

			an issue of material relevance to the company or the company's business and cannot either advocate action which would violate any law or relate to any personal claim or grievance. Such a resolution is advisory only and does not bind the directors or the company." We are supporting this resolution as 1/we would support such disclosure. 2/It may encourage further thought into further clarity on Australian regulations on shareholder proposals. We acknowledge that the company is already reporting and has a new 2020 agenda which includes human rights and supply chain management. However, the company's practices has a chequered history so supporting this resolution confers more accountability on the company on these and other sustainability issues
	Resolution 7b. Approve Human Rights Reporting	For (Exceptional)	The Australian Centre for Corporate Responsibility (ACCR) has submitted a proposal requesting that Woolworths report on the company's process for identifying and addressing adverse human rights impacts in its operations and its supply chains. The resolution specifically states: "Shareholders of Woolworths Limited (our company) urge the Board of Directors to: 1. report annually to shareholders, at reasonable cost and omitting proprietary information, on our company s due diligence process for identifying, analysing and addressing potential and actual adverse human rights impacts (HRDD Assessment) throughout our group s operations and supply chains. The report should address the following: a. Human rights principles used to frame the HRDD Assessment; Note. We recommend framing the assessment using the set of principles adopted by the UN Guiding Principles on Business and Human Rights: the International Bill of Human Rights (consisting of the Universal Declaration of Human Rights and the main instruments through which it has been codified: the International Covenant on Civil and Political Rights and the International Covenant on Economic, Social and Cultural Rights), coupled with the principles concerning fundamental rights in the eight ILO core conventions as set out in the Declaration on Fundamental Principles and Rights at Work. The UN Guiding Principles are the authoritative global standard on business and human rights, and are used in the CHRB and ACCR evaluation methodology. b. Frequency of HRDD Assessments; c. Methodology used to track and measure performance; d. Nature and extent of consultation with relevant stakeholders

			(including trade unions) in connection with the HRDD Assessment; e. Nature and operation of grievance mechanisms available to individuals and communities whose enjoyment of human rights is adversely affected by our company's activities or through our supply chains, including the existence of whistleblower protections and support available to those reporting adverse impacts (for example, by trade unions or lawyers); f. Where actual adverse human rights impacts are identified through the HRDD Assessment, the nature of those impacts, and actions taken by our company in response, including in remedying adverse human rights impacts; and g. How the results of the HRDD Assessment are incorporated into company policies and decision-making, including in contracting practices. 2. make the report available to shareholders on our company's website annually, no later than 90 days before our company's AGM for the relevant year." We are supporting this resolution as 1/we would support such disclosure. 2/It may encourage further thought into further clarity on Australian regulations on shareholder proposals. We acknowledge that the company is already reporting and has a new 2020 agenda which includes human rights and supply chain management. However, the company's practices has a chequered history so supporting this resolution confers more accountability on the company on these and other sustainability issues

In addition, the LTIP maximum of CFO Keith Down has effectively been increased from 160% of salary to 200% of salary and the maximum EPS Growth target under the LTIP will be reduced to RPI +12% (from RPI +15% currently). However, the Committee also explained that the increase in the award level of CFO Keith Down was granted to reflect the increased size of his role in co-ordinating the Business Plans and the integration of the Worldstores businesses and the upper targets for the 2018 award continue to look suitably stretching. However, overall pay is not excessive and • The potential award of Keith Down was increased to reflect the increased size of his role in co-ordinating the Business Plans and the integration of the Worldstores businesses. • The grant of awards under the LTIP will be made as a percentage of salary, rather than as a number of shares, which is more in line with UK market practice. • The pension entitlement for executives has been reduced to up to 15 percent of salary (from 20 percent). While it is concerning that the totality of the bonus payments were paid for personal achievements as the company did not meet PBT targets, the amount paid was 14% of maximum which, for this year, we will not raise as a concern.

	Resolution 4. Amend Articles of Incorporation (Shareholder Proposal)	For (Exceptional)	<p>This resolution is filed by the labor union of Kookmin Bank that represents 0.185 percent of the company's issued capital. The labor union is seeking shareholders' support for amendments to the company's Articles of Incorporation (AOI). The amendments aims to prohibit the CEO from serving on all six board committees e.g. risk management, evaluation and compensation committee, outside director nominating committee, audit committee etc. It is best practice for executives NOT to be on board committees as their presence is likely to inhibit open and objective discussions and the CEOs influence on the committee decisions may be inappropriate. On the other hand the company has an outside director nomination process that is unique in Korea since 2015 where they have a pool of 107 outside director candidates. Three among the seven incumbent outside directors were initially nominated by shareholders through this process in 2015. In view of the state of corporate governance in Korea we believe restructuring of membership of board committees would be helpful.</p>

The annual report states that without the adjustment relating to gene editing, the award level relating to the adjusted PBT Growth target under the bonus scheme would have been below threshold. In addition, in 2016 AGM, the Company introduced an additional award element of up to 75% of salary for the CEO, and 50% of salary for the FD, subject to the achievement of strategic milestones. In this case, for FY2017, the Committee awarded 80% of the maximum award in light of the launch of Sexcel, the Group's first product delivered to customers through the ABS business. The justification for this was that the costs were not factored in when devising the remuneration and if it was included it may have prevented the investment from taking place. 	Resolution 4. Ratify Ernst & Young LLP as Auditors	For (Exceptional)	The company has retained the same audit firm in excess of ten years. Mandatory auditor rotation is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. Auditors have been in place for 14 years. Our preferred maximum is 20 years with a tendering process after 10 years (as per EU requirements). There is no information on retendering. We will support this year.

We consider that in the interests of good governance, the chairman should generally be independent, and in particular not be a controlling shareholder. However, we take comfort from the fact that there is a separate CEO (who is paid much more than the chairman), independent directors represent half of the board (if taking a pragmatic stance on the senior independent director's 10 year service) and that the chairman's interests should be well aligned with those of shareholders. Underlining this is the company's strong track performance record and there being no other governance issues that make us uncomfortable in supporting this arrangement. As such, we continue to be supportive of Tim Martin's re-election.</p>

In addition, she sits on the audit and remuneration committees. We consider this inappropriate as the committees should consist entirely of independent directors. However, we are exceptionally supporting her re-election as we are mindful that a director can't go from being independent to non-independent from having served just over the recommended tenure. We also acknowledge the company's view that a maximum tenure of nine years is not advisable, since inexperienced boards, unfamiliar with the effects of the last recession on their companies are likely to reduce financial stability and that there should be an approximately equal balance between executives and non-executives. Further, we welcome that the Company has evidenced that it is trying to ensure there is an appropriate balance through succession planning / board refreshment, with the appointment of an independent director in October 2016.

	Resolution 5. Require Independent Board Chairman	For (Exceptional)	<p>A vote for this proposal is warranted in light of the following factors:-</p> <p>Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote for this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.- Given the potential regulatory, legal, and reputational risks facing the company over its role in the current opioid crisis, shareholders would benefit from the strongest form of independent board oversight in the form of an independent chair.</p>

Approve Remuneration Report	For (Exceptional)	Base pay for the CEO and highest paid director is in the upper quartile for the index on a balanced comparison which is not justified by either the performance or size of the company. In addition, as in previous years, exceptional charges incurred by the Company in connection with acquisitions were excluded from the calculation of annual bonus outcomes. The Remuneration Committee has explained that the adjustments were reviewed by the Audit Committee Chairman to ensure that actual performance and original targets were compared on a like-for-like basis. These exceptional costs relate to transactions which were not included in the Company's budget at the time when bonus targets were set, and their exclusion allows for an assessment of underlying performance; No bonuses were awarded; This demonstrates alignment with performance and therefore we are supporting.

	Policy		element under the Deferred Bonus Plan (Bonus-Linked Shares). These shares are subject to the same performance conditions as the Long Term Incentive Awards, raising concerns that executives are rewarded twice for the same performance. It is noted that contrary to UK best practice, LTIP awards are not subject to holding periods. The company has made a case for both our concerns above. However, we will engage with the company as the lack of the deferral period is not following good practice and as soon as the executives have reached their shareholding requirements and no longer have to defer their bonuses, we would expect deferral periods to be included in the policy.

	Resolution 3. Elect Scott St John as Director	For (Exceptional)	We have concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would usually register our concerns by withholding support on the Report and Accounts (R&As) or the vote on board discharge but given neither of these items are on the agenda, we are flagging our concerns by withholding support on individual directors. This is on the basis we hold all directors collectively responsible and do not draw distinctions between executive or non-executive directors. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election. Mercury NZ Ltd. is exposed to the risk of bribery in its operations. We acknowledge that the company published its Mercury Code in April 2017 but we would like to see further details of the company's management systems and performance on this issue. Mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. Normally we would vote against the re-appointment. However, given the company is seeking a strategic sale following the loss of the Apple business, the appointment of new auditors may not be practical at this time.

Authorise Directors to Sell Treasury Shares for Cash at a Discount to Net Asset Value	For (Exceptional)	Although newly issued shares will only be allotted at a premium to NAV, we are concerned that shares held in treasury may be resold at a discount to NAV which is a breach of our guidelines. Subject to the passing of resolution 11, the Board is seeking shareholder approval to sell ordinary shares out of treasury for cash at a price below the then prevailing NAV of the ordinary shares provided always that the ordinary shares will only be sold or transferred out of treasury at prices (i) in excess of the average price at which the ordinary shares were bought into treasury; and (ii) at a narrower discount to the NAV than the average level of discount the ordinary shares were purchased at. Any dilution to the NAV resulting from (ii) shall be restricted to no more than 0.5% in any financial year. This authority will expire at the conclusion of the 2018 AGM or on the expiry of 15 months after passing of this resolution, whichever is earlier. The shares sold out of treasury pursuant to this authority shall not exceed the 10% limit sought under Item 11 (and shall be reduced by the number of shares sold pursuant to Item 11). Fletcher Building Limited AGM 25/10/2017 NEW ZEALAND	Resolution 1. Elect Bruce Hassall as Director	For (Exceptional)	<p>We have concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would usually register our concerns by withholding support on the Report and Accounts (R&As) or the vote on board discharge but given neither of these items are on the agenda , we are flagging our concerns by withholding support on individual directors. This is on the basis we hold all directors collectively responsible and do not draw distinctions between executive or non-executive directors. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election. Fletcher Building Limited is exposed to the risk of bribery in its operations. We note that the company publishes a code of conduct and stated in its 2016 Annual report that it has a zero-tolerance approach to bribery. The company has a free phone and online service that can be used by any Fletcher Building staff member to report unacceptable, unethical or illegal behaviour in the workplace. However, the company does not publish its policy on bribery and corruption, as well as details of its anti-bribery management systems and performance. To reflect the continuous lack of improvement, we deteriorate our vote to an abstain. We strongly encourage the company to disclose the details of its performance on bribery and corruption.</p>

They have also increased maximum potential under the LTIP for the CEO from 100% of salary to 125%. These increases have been backdated to January 2017. Despite the increased quantum there has been no uplift in performance targets. On the other hand, the company has said that there will be no further increases in quantum (other than at the same level as for other employees) for the life of the policy. Performance conditions (EPS CAGR targets) are considered sufficiently challenging..

	Resolution 7. Approve Remuneration Policy	For (Exceptional)	We have had long-standing concerns over the level of vesting for threshold performance. However, on balance we are supportive of the overall policy given the disclosure around the bonus targets, the restructuring of relative TSR objectives and the control of fixed pay since the chief executive was appointed.
	Resolution 8. Approve Remuneration Report for UK Law Purposes	For (Exceptional)	The remuneration committee have demonstrated restraint in the treatment of variable pay over the last few years including cutting bonuses and reducing the size of share awards to reflect operational challenges and the commodity cycle. While we retain some reservations over the quantum of shares vesting for threshold performance under the long-term plan, the company has demonstrated a good alignment between management pay and the shareholder experience.
	Resolution 9. Approve Remuneration Report for Australian Law Purposes	For (Exceptional)	The remuneration committee have demonstrated restraint in the treatment of variable pay over the last few years including cutting bonuses and reducing the size of share awards to reflect operational challenges and the commodity cycle. While we retain some reservations over the quantum of shares vesting for threshold performance under the long-term plan, the company has demonstrated a good alignment between management pay and the shareholder experience.

The Australian Centre for Corporate Responsibility (ACCR) supports the resolution. Following a call with the requisitionists and the company we have decided to support the spirit, if not the letter, of this resolution.
	Resolution 23. Review the Public Policy Advocacy on Climate Change and Energy	For (Exceptional)	The Australian Centre for Corporate Responsibility (ACCR) have put forward a shareholder resolution at the AGM to consider the Company's participation in trade body associations. We are supportive of both the ask of this resolution as well as the steps the company is in the process of taking to address the majority of the asks.

Ratify PwC Wirtschaftspruefung GmbH as Auditors for Fiscal 2017/2018	For (Exceptional)	The non-audit fees for the year were significant at EUR 1,687,900 and being more than 75% of the audit fees. The integrity of the auditor's relationship with the company is compromised when a firm is paid excessive fees on top of those paid for auditing services. This arrangement has the potential to open the auditor process to a wide range of conflicts of interest. We are supporting the proposal because the company has transitioned its auditor from Deloitte to PWC.

	Resolution 5. Adopt Holy Land Principles	For (Exceptional)	pay votes. We have voted for our preferred frequency of one year. A vote for this proposal is warranted for the following reasons:- Enhancements to the company's disclosures on the implementation of its fair employment management mechanisms should mitigate potential risks related to its operations and employment practices;- Specifically, shareholders would benefit from additional information on how existing fair employment policies and procedures have resulted in action to address fair employment concerns, particularly in Israel and the Palestinian Territories; and- Given the company's existing disclosures and policies on fair employment topics, it should not be unduly burdensome or otherwise disadvantageous for P&G to enhance its transparency or implement the fair employment Principles laid out in the proposal.
	Resolution 6. Report on Company Non-Discrimination Policies in States with Pro-Discrimination Laws	For (Exceptional)	A vote for this resolution is warranted as because:- The information in the requested report would complement and enhance the company's existing publicly available fair employment material;- The report could also help P&G mitigate any related risks and costs associated with any such legislation in states where the company has employees; and- It would reinforce the company's existing culture and commitment to fair employment.
	Resolution 7. Report on Risks of Doing Business in Conflict-Affected Areas	For (Exceptional)	A vote for this resolution is warranted given that:- P&G does not disclose policies governing its decision-making process to invest or operate in politically or socially unstable markets; andThe company has business ties to countries with histories of political instability and human rights issues.

	Resolution 6. Re-elect Jonathan Silver as Director	For (Exceptional)	Whilst we acknowledge the AIC's code does not recommend that long serving directors should be prevented from being considered independent, we believe that lengthy service can compromise the independence of the director. Also, and inclusive of the aforementioned criteria, we believe that investments trusts should ideally comprise solely of independent directors (we will accept one exception). As this director's term in office has only just exceeded 9 years, we didn't consider it appropriate to oppose their re-election but would encourage the company to look at refreshing the board. However, for Investment trusts we are more relaxed as the whole board is independent and the role is holding the investment management company to account rather than a CEO. The Annual report says that the Board has started a refreshment process and this will continue over the next two years in a phased way to ensure the appropriate mixture of skills and experience whilst also benefiting from refreshment. For this reason we are supporting the re-election of the NEDs.

UNITED KINGDOM	Resolution 3. Approve Remuneration Report	For (Exceptional)	The majority of remuneration within FY2017 pertains to a pre-IPO time frame. The Company has made annual bonus awards to EDs which were subject to conditions set prior to the Company's IPO on 16 February 2017. Additionally, Ben Bramhall, co-CEO, received a dividend of GBP 630,677 in March 2016 on shares held in the Company which he had previously acquired at fair value. In addition, he received a one-off payment of GBP 30,000 upon his appointment as co-Managing Director on 1 April 2016, in lieu of a salary increase. Bonus targets not disclosed. On the positive side the remuneration committee made a decision to increase the EPS target range attached to the initial PSP grants in the light of the Company's strategic business planning work done since February 2017. The EPS target range was increased to CPI +8%-18% CAGR from the originally proposed targets outlined in the IPO Prospectus of CPI +3%-7% CAGR. 	Resolution 4. Re-elect Nick Donaldson as Director	For (Exceptional)	This Director is the non independent Chairman having served on the board for a significant amount of time and the board also lacks sufficient independence (i.e. there is one independent director on the board whilst we expect a minimum of two for smaller companies). In addition, this director sits on the audit and remuneration committees. We consider this inappropriate as the committee should consist entirely of independent directors. Nick Donaldson is becoming chairman, we will support his appointment and assess over time his restructuring of the board so as not to disrupt its current run of good fortune.
	Resolution 5. Reappoint PricewaterhouseCoopers LLP as Auditors	For (Exceptional)	The company has retained the same audit firm since 2005 (i.e in excess of ten years). Mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. PricewaterhouseCoopers LLP have been Group auditors for 12 years, since the 2005 year end. The audit was last tendered in 2014/15, which led to the re-appointment of PricewaterhouseCoopers LLP.
	Resolution 6. Authorise Board to Fix Remuneration of Auditors	For	
	Resolution 7. Approve Remuneration Report	For (Exceptional)	The Remuneration Committee has more than one non-executive director who is not independent, which we consider to be inappropriate as the committee should consist entirely of independent directors. In addition, there continues to be no long term incentive scheme or bonus scheme. The scarce provisions of variable pay may be an area of concern for some investors, but it is noted that the Remuneration Committee has committed to review the remuneration of Executive Directors and other senior managers. Finally, Executive Directors have received significant salary increases with effect from 1 June 2017.

Schedule of voting on company resolutions

			However, the resulting salary levels are not out of line with the Company's peers and should be viewed in conjunction with both the performance of the Company and the absence of variable pay. The resulting salary levels are in line with those of the same role in other FTSE SmallCap companies and the Company explains that they are in recognition of the progress achieved by the Company in 2016/17 in addition to the pay benchmarking exercise completed in 2016. Pension contributions are modest compared to peers. There are no formal variable pay schemes for the Executive Directors, resulting in overall pay arrangements being below peers, although the Remuneration Committee has committed to review the executive pay arrangements.

			not be exercised by the same individual. However, we have exceptionally supported as the Company has provided strong rationale for this arrangement. Specifically, the Company states that when the company / Haversham Holdings plc was established, its objective was to acquire and manage companies in the UK and European automotive, support services, leasing, engineering or manufacturing sectors, areas in which Avril has significant and unique expertise, knowledge and industry relationships all of which contributed to the successful acquisition of the BCA Group. With a stated strategy to develop a range of automotive service solutions that enable the new Group to add value right along the vehicle supply chain, the Board considered that combining these roles to have Avril as Executive Chairman was and remains the right approach for this stage in the Group's development. The recent appointments of a number of experienced, independent directors provides additional comfort. Nevertheless, we will be engaging with the company to clarify at what point the Company will split the roles / appoint an independent chair.

	Resolution 2. Approve Remuneration Report	For (Exceptional)	The company made a number of positive improvements at the last EGM particularly around the capping of share based awards as the LTIP was delivering value considerably above the remuneration committees' original intention. The company has a strong record of ensuring alignment between management and shareholders and the forward looking structure should deliver more reasonable quantum.
	Resolution 3. Re-elect Tony Pidgley as Director	For (Exceptional)	This Director is an executive chairman and the company has not provided sufficient explanation for not having an independent chairman. 	Resolution 2. Approve Remuneration Report	For (Exceptional)	Base pay for the CEO and highest paid director is in the upper quartile for the index on a balanced comparison which is not justified by either the performance or size of the company. We supported last year on the basis of improved performance conditions. There are no exceptional pay rises this year and the remuneration committee appears to have dealt fairly with the departure of the CFO. We will continue to support with an eye to any uplift in pay in the future.

ReNeuron Group plc AGM 06/09/2017 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	There are a number of areas where the company does not meet good market practice including board composition, independence and remuneration. However, we have found the company to be receptive to shareholder considerations, and welcome some of the initial steps taken to improve practices. However, we expect the company to continue to make positive progress particularly on remuneration practices to enable us to continue to support the board in the future.
	Resolution 2. Re-elect John Berriman as Director	For (Exceptional)	We are aware that the company has historically granted share options to non-executives to enable the board to attract the right calibre of individuals. After consultation with the company we are comfortable with the company's current approach of granting nil cost awards with no performance conditions as a supplement to fees as this will minimise the impairment of independence. As the company continues to mature we would expect remuneration practices to progress towards best practice.

Shoprite Holdings Limited EGM 05/09/2017 SOUTH AFRICA	Resolution 1. Authorise Specific Repurchase of Put Option Shares from Bassgro	For (Exceptional)	Shareholder approval is sought, in terms of section 48(8)(a) of the Companies Act, for the specific repurchase of 8,683,327 ordinary shares (equivalent to c.1.45% of the Company's current issued share capital) from Bassgro (Pty) Ltd ("Bassgro") at a purchase price of ZAR 201.07 per share, with a total repurchase price of ZAR 1,745,956,559.89 ("Specific Repurchase"). This resolution is the result of terms of an employment agreement concluded between Whitey Basson (Dr. Basson) and Shoprite Holdings in 2003, Dr. Basson is entitled to put ordinary shares held either directly or indirectly by him to Shoprite Holdings whilst employed by Shoprite Holdings and in terms whereof Shoprite Holdings is obliged to repurchase such ordinary shares at the middle market price per such share on the date of exercise of the Put Option, subject to shareholder approval. Shoprite has a reciprocal right of pre-emption should Dr. Basson wish to dispose of the Put Option Shares. This is an agreement made many years ago which the company now has to honour. There are concerns as it is a related party transaction and there is no information as to why this was agreed. However, a fairness opinion was obtained. So it's a vote for.

Elect Natarajan Chandrasekaran as Director	For (Exceptional)	This Chairman is non independent (due to being a representative of a major shareholder) who ideally should be independent in the interests of maintaining a balanced unitary Board). However, we take some comfort that at least a third of the Board is independent. In addition, this Director holds 5 other positions which is in excess of our guidelines. However, the Board has had significant upheaval and governance issues. We supported the Tata family during the recent board changes and our support for the current chair is a continuation of this support. We do not believe more upheaval in terms of a chairman change would be beneficial to the company hence our support.

This includes gender, race, skills, experience and knowledge. With regard to gender diversity, the Company is cognisant of the recommendations of the Hampton-Alexander Review, with regards to the setting of targets for the representation of women on the board, and has an aspirational target of 33% female representation by 2020. However, the Report notes that the Company is a meritocracy, and believes that targets should be achieved without the setting of formal quotas. The Board therefore recognises the need to create opportunities for talented individuals to move up through the organisation. To assist with this, the Company undertakes a number of diversity initiatives across the organisation and has signed up to the 30% Club in both the South Africa and the UK, which promotes female board representation. “ In addition, the last two appointments have been female hence the vote in favour.</p>

We would usually register our concerns by withholding support on the Report and Accounts (R&As) or the vote on board discharge but given neither of these items are on the agenda, we are flagging our concerns by withholding support on individual directors. This is on the basis we hold all directors collectively responsible and do not draw distinctions between executive or non-executive directors. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election. Qorvo, Inc. is exposed to environmental risks associated with water pollution, waste generation and water use. We would expect this company to publish quantitative environmental performance data but little is available in the public domain. The company has submitted a response on its carbon data to the CDP in 2017 but it is not publicly available. The 2017 Annual report contains references to the environmental issues but no data was provided. We</p>

	Resolution 14. Appoint Deloitte LLP as Auditors	For (Exceptional)	The audit was tendered in 2016 and the company has replaced PWC as its auditors with Deloitte.
	Resolution 15. Authorise Board to Fix Remuneration of Auditors	For (Exceptional)	The non-audit fees for the year were significant at 17.7m and being more than 25% of the audit fees of 19.8m. The integrity of the auditor's relationship with the company is compromised when a firm is paid excessive fees on top of those paid for auditing services. In normal circumstances we would have voted against. However, the company provided adequate justification of exceptional work undertaken by the auditors related to the disposal of the gas distribution business. Any concerns related to independence has been further mitigated by the subsequent change in auditors.
	Resolution 16. Approve Remuneration	For (Exceptional)	We are mindful of the gradual ratcheting of salary and will

	Policy		keep this under review. We also remain concerned with the lack of specific disclosures provided on the personal elements of the bonus arrangements. However, overall the remuneration arrangements are sufficiently long-term and linked to stretching performance objectives.
	Resolution 17. Approve Remuneration Report	For (Exceptional)	A persistent area of concern is the limited visibility around the individual performance objectives which are used to determine 30% of potential bonus pay-outs. The Company discloses the various individual objectives that apply to each ED, but does not provide any indication as to how these objectives have been achieved, if at all. We do note that bonuses were reduced by 10% during the year to reflect a fatality within the business although the methodology applied has not been disclosed. However, the company has a strong weighting towards variable pay and has demonstrated a reasonable record of ensuring a strong alignment between management rewards and value delivered to shareholders.

However, as is fairly common, major shareholders have representatives on boards. In this case, these are the CEO and Chairman who are the most influential people on the board. This is not without concern. It would have been preferable if Terry Leahy was not the chairman but there is currently sufficient independence on the board. This is something we should pick up on in engagement.

AGM 28/07/2017 UNITED KINGDOM	Resolution 2. Approve Remuneration Report	For	
	Resolution 3. Approve Remuneration Policy	For (Exceptional)	The proportion of bonus payable for threshold performance is being increased from 15% of salary to 15% of opportunity (equating to 27% of salary for the CEO and 22.5% for other EDs). The PSP limit for EDs other than the CEO is being increased from 175% to 200% of salary. An exceptional limit of 350% of salary is also being introduced in recruitment scenarios. The new threshold bonus opportunity is not excessive, and bonuses are normally based on financial targets only, offering a high level of transparency. The overall bonus opportunity is not out of line for a company of this size, and there has not been a trend of excessive bonus payouts relative to performance. On the PSP, the intention is to maintain existing practice in terms of annual award sizes. The Committee will consult with shareholders in advance of making larger awards. We were consulted on the changes and based upon the reasonable quantum and good alignment with shareholders we were broadly supportive.

	Frequency		choice of one, two or three years for the preferred frequency of advisory say-on-pay votes. We have voted for our preferred frequency of one year.
	Resolution 5. Require Independent Board Chairman	For (Exceptional)	A vote for this proposal is warranted in light of the following factors:- Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. Hence, the adoption of a policy that requires the board's chairman to be an independent director is in the best interest of shareholders; and- Following a \$150 million settlement with the DOJ, among other sanctions, the company has been subject to lawsuits and Congressional scrutiny over the shipment of prescription opioids. In light of these factors, shareholders would benefit from the heightened independent oversight that could be realized by an independent board chair.
	Resolution 6. Provide Right to Act by Written Consent	For (Exceptional)	A vote for this proposal is warranted as it would create a written consent right at a more reasonable hurdle than the current unanimous written consent right, and would enhance shareholders' rights by affording them an additional means of acting in between annual meetings.

	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	The short term incentive scheme allows for unlimited awards to be made and generous awards were made during the year. In addition, disclosure of remuneration arrangements is considered poor. We engaged with the company again this year and given a better understanding of how the remuneration arrangements work. The arrangements are complex as they are in a complex industry and they are in a sector with very high pay, their competitors are privately owned Private Equity Firms. In particular, we like the fact that all employees are in the same plan. Base pay is low. So while we still have reservations about the absolute amount that is available, this is paid out only from cash profits so it is very linked to performance. Currently performance justifies the pay so we are supporting.
	Resolution 3. Approve Remuneration Policy	For (Exceptional)	Share schemes allow for the automatic waiving of performance conditions on a change in control situation (we expect awards to be pro-rated for performance and time). In addition, the policy will see the introduction of an additional element of variable pay the Business Growth Pool which may contribute up to 3% of pre-incentive cash profit to the existing pool of the Annual Award Pool (30% of pre-incentive cash profit). There is limited information in terms of how this scheme will be operated. Furthermore, the remuneration framework is weighted towards achievement of single year targets. In

Schedule of voting on company resolutions

			mitigation of the above, the Business Growth Pool is instead of the 3% from the Distribution Pool, so it is not an addition but a swap. There is no increased opportunity from this change. The company has increased the deferral from three years to five years and many of their products take many years to come to fruition so there is a delay in receiving the profits and then there is a five year deferral. The remuneration arrangements have been simplified with fewer plans although still more complex than normal. In addition, there is now a maximum for each individual. The CEO's maximum award is £6m which is still very high. When looking at multiples it is more than 15 x salary. However, salary is well below median. Clawback and malus have been formally introduced. All shares vest in full on a change in control. However, as the Plc Equity plan employs backward looking targets determined by the Group's cash profit, this is not as contentious as for plans with forward looking performance targets. In summary, although the quantum concerns remain this is not excessive compared to its sector. Otherwise, the plans appear well thought through and based on earned profit and therefore there will be no incentive payments if there are no profits. The company has simplified arrangements somewhat and introduced some improvements. While pay and performance looks linked, we are supporting the arrangements.

Impala Platinum Holdings Limited EGM 24/07/2017 SOUTH AFRICA	Resolution 1. Approve Conversion of Ordinary Par Value Shares to Ordinary No Par Value Shares	For (Exceptional)	<p>The Board is seeking shareholder approval to convert the Company's authorised shares with a par value of 2.5 cents each to no par value shares. The purpose of the resolution is to grant the Board a specific authority to issue shares of the Company for cash, to the bondholders on the exercise of the conversion rights in accordance with the Terms and Conditions on which the 2022 Convertible Bonds were issued. Shareholders who do not hold or convert their 2022 Convertible Bonds may expect their interests in the Company to be diluted by up to c.19% in the event the maximum authority is utilised. Another concern is the participation of a substantial shareholder in the offering, which in terms of the JSE Listings Requirements qualifies as a related party transaction. Mitigating, the rationale for the resolution has been clearly explained. The issuance of the 2022 bonds provides the Company additional liquidity over the medium term, delaying the expenditure relating to the repayment of bonds which would have otherwise become due during 2018. The purpose of the share issuance, which is the matter to be approved by shareholders (the 2022 bonds have</p>

Schedule of voting on company resolutions

			<p>already been issued), is to settle the eventual conversion of 2022 Convertible Bonds, which alternatively will be settled in cash. In such circumstances, the Company will require significant cash reserves which could constrain its investment activity, operations, and financial position. Furthermore, the conversion of the Convertible Bonds is at a significant premium (32.5%) to the share price immediately prior to the launch of the bond issue. It should also be noted that the proposed authority provides additional headroom in case the initial conversion prices have been reduced upon realisation of certain events, resulting in a higher number of shares to be issued. Should there be no change to the initial conversion prices, the expected number of ordinary shares to be issued is 129,243,832 (contrary to the proposed 175,000,000 shares). The impact of dilution will accordingly be lowered (i.e. to c.15%). Taking into account the factors above, qualified support for the resolution is warranted. Although shareholders will absorb dilution in relation to the issuance of shares in settlement of the bonds, there is no clear benefit to the alternative of these bonds being settled in cash.</p>

SATS Ltd AGM 21/07/2017 SINGAPORE	Resolution 1. Adopt Financial Statements and Directors' and Auditors' Reports	For (Exceptional)	Under normal circumstances, we would be withdrawing support for the approval of the Report and Accounts because of concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. SATS Ltd is exposed to environmental risks related to energy use, water pollution and waste generation. We have no record of 2016 vote for this company. We would expect this company to publish quantitative environmental performance data but little is available in the public domain. The company only reports that it has a number of environmental initiatives, including recycling organic waste and energy conservation but no quantitative data is provided. The company does not submit carbon data to the CDP. We will offer a vote of support this year in recognition of the fact that the company was not voted before. We will, however, consider deteriorating our vote next year if no improvements in reporting are forthcoming.

Experian PLC AGM 20/07/2017 JERSEY	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	Under normal circumstances we would have voted against the Report & Accounts to reflect the lack of female directors on the Board (following the AGM there will be just two female Director on the Board representing 18 percent). However, we have exceptionally supported to reflect that previously, Experian's female representation on the Board was well ahead of the recommended target at the time (25%), set by Lord Davies in his 2011 Women on Boards Report. The issue has only come about as all the NEDs who stepped down during 2016 were women. Whilst we are not aware of the reasons for the resignations, we are comfortable in giving the Company more time to address the address the issue and the note the company appointed one new female director at the 2017 AGM.

			<p>contraventions in good governance that this situation presents and in January 2014 launched a proactive series of meetings with their top shareholders. After careful consideration of the specific qualities of the company and their board, we confirmed we were comfortable with the proposed change. Specifically, we feel that the senior independent director (SID) is of a sufficiently high caliber to counter balance the new Chairman and the array of non-executive directors (NEDs) are also very strong. The other mitigating factor is that it's a complicated business going through a period of significant volatility and the experience of the former CEO, will be invaluable in guiding them through this and ensuring the Company's financial performance remains strong. There has been further board change during the year but we do expect the company to review and comment on the situation as this is not something we are likely to be able to support indefinitely.</p>

	Resolution 2. Approve Remuneration Report	For (Exceptional)	The Company uses the same performance metrics across the entire variable remuneration structure, increasing the risk that executives could be rewarded twice for the same performance outcomes. Achievement of threshold performance under the DPS measure of PSP results in vesting of 50% of this element, which exceeds the preferred threshold vesting level of 25%. However, the set threshold DSP target is considered to be at a "stretching level of performance" which would justify high vesting. It is also noted that such level of vesting counts for a criteria weighting of only 10% of the total PSP award. No other material issues have been identified, and there is a reasonable alignment between pay and performance.

People's Operator PLC AGM 19/07/2017 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	<p>The financial statements have been prepared on the going concern basis. The Directors have reviewed the Company and Group's going concern position taking account of its current business activities, budgeted performance and the factors likely to affect its future development and include the Group's objectives, policies and processes for managing its capital, its financial risk management objectives and its exposure to credit and liquidity risks. As at 31 December 2016, the Group had cash and cash equivalents of GBP 2.7 million (2015: GBP 8 million), cash outflows from operating activities of GBP 7.9 million (2015: net cash outflow of GBP 8.9 million), realised a loss for the year of GBP 8.7 million (2015: a loss of GBP 10.5</p>

		<p>million) and thus a reduction of 17.1%, total current assets of GBP 3.3 million (2015: GBP 8.8 million) and had net assets of GBP 0.6 million (2015: GBP 7 million). The Directors have prepared cash flow forecasts covering a period of at least 12 months from the date of approval of the financial statements. If the forecast is achieved, the Group will be able to operate within its existing facilities. However the time to close new customers and the value of each customer, which are deemed high volume and low value in nature are factors which constrain the ability to accurately predict revenue performance. Furthermore investment in winning customers, via marketing expenditure, remains an important function of the forecasts too. As such, there is a risk that the Group's available working capital may prove insufficient to cover both operating activities and the repayment of its debt facility. In such circumstances, the Group would be obliged to seek additional funding through a placement of shares or source other funding. The Directors have had a history of raising financing from similar transactions. Furthermore, those investors who participated in the fundraising of April 2017 received warrants attached to their new shares, giving them the right to a further subscription for new shares subject to the attainment of a specific share price metric. The Directors have concluded that the circumstances set forth above represent a material uncertainty, which may cast significant doubt about the Company and Group's ability to continue as going concerns. However they believe that taken as a whole, the factors described above enable the Company and Group to continue as a going concern for the foreseeable</p>

	Resolution 3. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) in Singapore are required to distribute at least 90 percent of distributable income to unitholders, among other restrictions which limit them to generate capital internally or raise funds by debt issuance. Given the required percentage of distribution, a limit of 10 percent is deemed to be too restrictive which may impede the REITs' growth in terms of acquisition of properties. As such, we are comfortable in voting in favour of this occasion

Babcock International Group PLC AGM 13/07/2017 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	Under normal circumstances we would have voted against the R&As to reflect concerns that there are only two female board directors (representing 18% of the Board). However, we have exceptionally supported this resolution in recognition of the strong disclosures in the R&As as to the Company's approach to diversity (not just gender) and in particular, the initiatives in place to bring more women into engineering. We are also mindful that there were no new appointments during the year.

			by long-term auditor-client relationships, and is a safeguard against improper audits. However, we note that the audit was last tendered in 2016, which led to the re-appointment of PricewaterhouseCoopers LLP. We have exceptionally supported their reappointment as we are mindful that their 15 years as auditors is not an excessive amount of time and also that the Company expects to tender the external audit function in four years and PwC, will not be invited to participate in that tender.

Mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. However, as a result of the UK's implementation of the EU's mandatory firm rotation requirements, the Company is required to replace PwC with another firm of auditors no later than for the financial year commencing 1 April 2020, and considers the most practical and business-driven approach to be to conduct a competitive tender no later than 2019. We are comfortable with this as PwC haven't been auditors for an excessive amount of time, but we would have preferred for the Audit to have gone out sooner than 2019.

Mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. This is note a vote against as we are mindful that the Audit Committee expects to schedule an external audit tender process by no later than 2020. Reappoint KPMG LLP as Auditors	For (Exceptional)	Under normal circumstances we would have voted against the reappointment of KPMG as the company has retained the same auditors since 2003 (i.e in excess of ten years). Mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. However, we have exceptionally supported their reappointment as following the January 2017 announcement regarding the proposed merger with Tesco, the Audit Committee has recommended the reappointment of KPMG as statutory auditor until completion of the merger. Should the merger not complete, the Company will re-tender the audit.

Approve Remuneration Policy of Henri Poupat-Lafarge, Chairman and CEO	For (Exceptional)	<p>We have a number of concerns over the CEO's pay policy, as follows: Disclosure of remuneration arrangements is generally poor i.e the performance period under the company's current policy is not clearly disclosed Long term incentive awards start vesting earlier than three years, a feature which is not aligned with the long term interests of shareholders. It is not part of their new policy to have yearly vesting for future LTIP awards. The next plans will have 3 year performance periods. So it is a question of wording. On resolution 9, it is true that the vesting</p>

Schedule of voting on company resolutions

		<p>was phased (i.e vesting on an annual basis). The reason for this is that strategy has completely changed. So they had no real reference points in terms of margin and cash as stand-alone railway company. Very hard to set up 3 year objectives with very partial experience. His service contract allows for termination payments above 2 times salary (i.e 2 times salary and bonus bonus). We believe that severance payments should be no greater than 2 times salary. Quite specific situation as Henri has more than 18 years' experience with the company before becoming CEO. So working contract has been put on hold which was below 2 years' salary. Might have changes in the coming year so it is possible he will leave the CEO mandate and be back on his working contract. The policy provides for the grant of exceptional payments, which are not subject to a cap. Intention is not to have exceptional awards, but considered that there may be an exceptional situation such as big strategy move that might trigger remuneration changes. But in any case this will have to be approved by shareholders. They are likely to introduce a cap next year. This is the first time that French companies have to write binding policies so they are still learning and welcome our feedback. The remuneration committee comprises more than one non-independent directors. They have noted our views that long service on the board can compromise the independence of directors. But for now it is important that they have people on the board (and remuneration committee with knowledge and experience of the business and certain transactions. Board is changing with evolution of strategy. Will know the outcome of French state</p>

LTIP max is 4 x salary at between 20% to 25% at threshold. This means that almost 100% may be earned for threshold performance. In addition, the company appears to have removed the word 'exceptional performance' under the policy for bonuses in excess of 75% of maximum opportunity. The company says that greater disclosure on bonus targets has made such reference unnecessary as shareholders now understand how decisions are reached. We are not sure this is a good answer. Also the policy does not specify weightings of financial performance measures over calculation of annual bonus but refers to a more general balanced scorecard which aligns with strategic objective of the group. However over the last two years, financial measures have accounted for more than 50% of annual bonuses and there has been improved disclosure of targets although more can be done. We have supported the policy in the past but on engagement we should mention our growing concern around lack of disclosure and enquire about payment at threshold. For now as there is no change to policy except for positive changes regarding</p>

	Resolution 3. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights	For (Exceptional)	Under normal circumstances, we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, we have exceptionally supported the resolution as we are mindful that Real Estate Investment Trusts (REITs) in Singapore are required to distribute at least 90 percent of distributable income to unitholders, among other restrictions which limit them to generate capital internally or raise funds by debt issuance. Given the required percentage of distribution, a limit of 10 percent is deemed to be too restrictive which may impede the REITs' growth in terms of acquisition of

	Resolution 2.3. Elect Director Ishibashi, Tamio	For (Exceptional)	<p>Under normal circumstances, we would be withdrawing support for the election of this director because of concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. Daiwa House Industry is exposed to health & safety risks. We noted that the company disclosed in their 2016 CSR report that 'in the last three years, one employee has died of asbestosis. This case was recognised as an industrial accident'. However, it is not clear when the accident occurred and whether there were any accidents since then. We encourage the company to publish up-to-date data on its health & safety performance, such as injury rates. We will continue to offer a vote in support in order to give the company some time to improve its disclosure. We look forward to reviewing enhanced reporting next year.</p>

Mitsubishi Electric Corp. AGM 29/06/2017 JAPAN	Resolution 1.1. Elect Director Yamanishi, Kenichiro	For (Exceptional)	<p>Under normal circumstances, we would be withdrawing support for the election of this director because of concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. Mitsubishi Electric Corp. is exposed to the risk of breaches of supply chain labour standards. We note that the company publishes its CSR Procurement Policy which contains reference to some ILO labour standards. We also acknowledge the disclosure of the number of suppliers that were given guidance on human rights; environment, and health and safety issues in 2016. In lack of the improved disclosure, we are pleased to offer a vote of support this year. However, we would encourage the</p>

	Resolution 3.14. Elect Director Takahashi, Toshiyuki	For (Exceptional)	<p>We have concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would usually register our concerns by withholding support on the Report and Accounts (R&As) or the vote on board discharge but given neither of these items are on the agenda , we are flagging our concerns by withholding support on individual directors. This is on the basis we hold all directors collectively responsible and do not draw distinctions between executive or non-executive directors. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election. Tokyu Corporation is exposed to the risk of breaches of labour standards in its supply chain. We note that the company has Procurement Policy, which refers to some ILO labour standards. We would, however, like to see a wider-ranging policy that covers more ILO labour standards, as well as details of the company's management approach and performance on this issue.</p>

	Resolution 8. Amend Articles to Ban Construction of Coal-Fired Thermal Power Generation	For (Exceptional)	<p>The Company is currently moving ahead with plans for coal-fired power stations in three locations. Accordingly, the Company is making investment in Unit 2 of the Misumi Power Station (1 million kW) located in Japan's Chugoku region, the Soga Power Station (1.07 million kW) in conjunction with JFE Steel Corporation in Japan's Kanto region, and a Malaysian coal-fired power project, which is our first such endeavor overseas. The proposed suspension of existing plants and ban on future construction could impose an inflexible mandate on what is properly a complex policy decision. However, coal-fired power</p>

			discharges more than twice the volume of carbon dioxide gas emissions as natural gas, and as such does not accord with the aim of achieving "net zero CO2 emissions sometime between 2050 and 2100 in order to keep the temperature rise in the range of 0.3°C to 1.7°C by 2100," under the Paris Agreement on global warming which went into effect in November 2016. As such, we have been strongly encouraging coal (and energy) companies to discontinue operations involving coal-fired electric power generation, which acts as the primary cause of global warming and air pollution. In line with this, we consider it important to support this shareholder resolution.

			that the utility is attentive to shareholder voices beyond what is stipulated in Corporate Law. - The proposal should increase the utility's responsiveness to shareholder voices. Last year, the Company informed shareholders that: 1. Requests for proposals that are essentially identical to such proposals previously rejected within the past three years may be denied, even those with an approval rate exceeding 10% (the correctly calculated percentage of approval against the number of exercised voting rights, including those of shareholders in attendance on the day of the General Meeting of Shareholders). 2. With regard to the approval or rejection of the resubmission of identical proposals, proposals with less than "10% of voting rights of all shareholders" will not be accepted (and therefore not listed in the Notice of Convocation), even if the approval rate for proposals proposed by shareholders is 10% or more in an Extraordinary Report. As the proponents note, the managerial environment can change rapidly, so even a shareholder proposal decisively rejected in a given year, may have more appeal to shareholders in subsequent years. The addition of the proposed language will increase credence that the utility is attentive to shareholder voices beyond what is stipulated in the Corporate Law. As such, support for this shareholder proposal is warranted.

	Resolution 2.12. Elect Director Taguchi, Satoshi	For (Exceptional)	<p>We have concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would usually register our concerns by withholding support on the Report and Accounts (R&As) or the vote on board discharge but given neither of these items are on the agenda , we are flagging our concerns by withholding support on individual directors. This is on the basis we hold all directors collectively responsible and do not draw distinctions between executive or non-executive directors. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election. JXTG Holdings. Inc. is exposed to the risk of breaches of human rights norms in its operations. We note that the 206 CSR Reports include the ten UNGC principles and provide details of human rights training but we would need to see disclosure on the specific ILO core labour standards covered in the training. We are also concerned about the allegations of health & safety breaches at Mizushima Refinery in Okayama in February</p>

Signet Jewelers Limited AGM 28/06/2017 UNITED STATES	Resolution 1a. Elect Director H. Todd Stitzer	For (Exceptional)	Under normal circumstances, we would be withdrawing support for the election of this director because of concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. Signet Jewelers Limited is exposed to environmental risks associated with its supply chain, in terms of the environmental attributes of products sold and packaging used. We are pleased to see that the company has published their first 2016 CSR report where disclosed data on electricity consumption; water intensity and recycled waste. The company has not submitted a response on its carbon data to the CDP. In lack of the improved disclosure we will continue to vote in support but encourage the company to provide more substantial data and provide waste data on all operations, rather than service centre building.

	Resolution 2.4. Elect Director Muroi, Masahiro	For (Exceptional)	We have concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would usually register our concerns by withholding support on the Report and Accounts (R&As) or the vote on board discharge but given neither of these items are on the agenda , we are flagging our concerns by withholding support on individual directors. This is on the basis we hold all directors collectively responsible and do not draw distinctions between executive or non-executive directors. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election. Marui Group is exposed to the risk of breaches of labour standards in its supply chain. In 2015/2016, the company had published its procurement policy which contains several ILO labour standards and it also published some supporting information on its work with private brand suppliers on supply chain labour standards. However, no improvement has been made since then and the company does not provide quantitative data on their performance. To reflect the lack of disclosure, we deteriorate our vote to an abstain and encourage the company to provide details of the company's management approach and performance on supply chain.

Nostrum Oil & Gas Plc AGM 26/06/2017 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	<p>Under normal circumstances, we would be withholding support on the approval of the Report and Accounts because of concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. Nostrum Oil & Gas is exposed to risks relating to health and safety, and human right and therefore we expect the company to publish data relating to its performance in these areas, but little is available in the public domain. We note that the company intends to launch a new QHSE reporting scheme in 2017, but would also encourage it to disclose details of training on its Code of Conduct. As Nostrum Oil & Gas was added to the MSCI Index in the first half of 2016., we have exceptionally supported the R&As at this AGM with the expectation that its reporting has improved by the 2018 AGM</p>

	Resolution 2. Elect Director Tada, Takashi	For (Exceptional)	<p>We have concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would usually register our concerns by withholding support on the Report and Accounts (R&As) or the vote on board discharge but given neither of these items are on the agenda , we are flagging our concerns by withholding support on individual directors. This is on the basis we hold all directors collectively responsible and do not draw distinctions between executive or non-executive directors. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election. Sundrug Co., Ltd. is exposed to environmental risks associated with its supply chain owing to the attributes of products sold and packaging used. We would expect this</p>

	Resolution 1h. Elect Director James A. Runde	For (Exceptional)	Under normal circumstances, we would have voted against this director as he is non independent (having served on the board for a significant amount of time) and there is a lack of two-thirds majority independence on the Board (our guideline for US companies). In addition, this Director sits on key board committees which should comprise independent directors only. However, we have exceptionally supported his re-election to reflect that there has been some board refreshment over the year (so we would not expect, or want all of the long serving directors to step down) and his 11 years on the board is not as material an issue as it is for other, much longer serving directors.

	Resolution 5. Assess Environmental Impact of Non-Recyclable Packaging	For (Exceptional)	A vote for this proposal is warranted, as increased disclosure on the impacts associated with the continued usage of non-recyclable packaging would aid investors in assessing company management of these risks.
	Resolution 6. Assess Benefits of Adopting Renewable Energy Goals	For (Exceptional)	A vote for this proposal is warranted, as Kroger could provide additional information on policies and practices that the

			company has implemented to proactively monitor and address climate change risk. In addition, the company could provide more information on its renewable energy sourcing and its GHG emissions performance.
	Resolution 7. Adopt Policy and Plan to Eliminate Deforestation in Supply Chain	For (Exceptional)	A vote for this resolution is warranted, as shareholders would benefit from additional information on how the company is managing its supply chain's impact on deforestation and associated human rights issues.
	Resolution 8. Require Independent Board Chairman	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote for this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

We would usually withhold support on the Report and Accounts (R&As) but given the R&As are not available to vote on (nor is there a vote on the discharge of the board), we are flagging our concerns by withholding support on all directors up for re-election (except those who have served on the board for less than a year). This is on the basis we hold all directors collectively responsible and do not draw distinctions between executive or non-executive</p>

			<p>directors. Antero Resources Corporation is exposed to health and safety, climate change and environmental risks. The environmental risks relate to air and water pollution, water use and waste generation. We would therefore expect this Company to publish raw data on its performance in these areas, but none is available in the public domain. The Company has not submitted carbon data to the CDP. We encourage the company to improve its disclosure next year in order to prevent a vote deterioration to an against.</p>

In light of the improvement, we recommend a vote of support, but encourage KDDI Corporation to improve its reporting next year.
	Resolution 2.2. Elect Director Tanaka, Takashi	For (Exceptional)	Under normal circumstances, we would be withdrawing support for the election of this director because of concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on director reappointment resolutions. KDDI Corporation is exposed to the risk of supply chain labour standards being breached within its operations. We are pleased to note that the Company's 2016 Integrated Report contains improved reporting and discussion of supply chain labour standards issues compared to the last year. However, the report still lacks auditing data, information on how the CSR Procurement Policy is communicated to suppliers, and non-compliance mechanisms. In light of the improvement, we recommend a vote of support, but encourage KDDI Corporation to improve its reporting next year.

			Mitsui & Co., Ltd. is exposed to health and safety risks in its operations. We encourage the Company to publish up-to-date performance data, such as injury and accident rates. We are also aware of biodiversity concerns around the company's involvement in the Sakhalin II project and the Goro nickel mine. We would consider deteriorating our vote to an against if the company does not improve its disclosure.

	Resolution 2.1. Elect Director Ogawa, Shuichiro	For (Exceptional)	<p>We have concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would usually register our concerns by withholding support on the Report and Accounts (R&As) or the vote on board discharge but given neither of these items are on the agenda , we are flagging our concerns by withholding support on individual directors. This is on the basis we hold all directors collectively responsible and do not draw distinctions between executive or non-executive directors. However, as this director has recently joined the board and has not been part of the board and decision making, we are supporting their election. Seibu Holdings is exposed to health and safety, climate change and environmental risks. The environmental risks relate to water pollution, air pollution, resource use and waste generation. We would expect this company to publish raw environmental performance data, but none is available in the public domain. The company has not submitted carbon data to the CDP. We note that one of the Company's subsidiaries (Saibu Construction) publishes injury frequency and accident severity rate, but this is not sufficient to award credit to the parent. In light of this continued lack of reporting, we deteriorate our vote to an abstain, and encourage Seibu Holdings to improve its</p>
