

2019 Proxy Voting

The voting records presented in this document represent decisions made by Aviva Investors (Aviva Investors Global Services Limited in the UK and Aviva Investors France) on behalf of clients, where we have been delegated voting authority and in accordance with our voting policy, which is available on our website. There may be occasions where our clients wish to instruct us on how to vote in relation to their assets, and we would seek to accommodate this on a best efforts basis when sufficient notice is given and these would be flagged in the report.

To search for a specific company, hold down the Ctrl and F keys on your keyboard, type in all or some of the Company name required and then click "Find Next". Note that voting results for meetings are presented 3 months in arrears (i.e a meeting held on 1 February 2019 will be displayed on this page on 1 May 2019) in descending date order

	Resolution 20bis. Amend Employee Stock Purchase Plans in Favor of Employees	For (Exceptional)	Adanova, the association representing minority shareholders proposes to shareholders' approval amendment of items already proposed at the Dec. 9, 2019 AGM (Items B, Item 17bis, 18bis and 20). Currently, the company's employees do not control any stake in the company's issued capital. Approval of this plan could increase employee participation to approximately 1 percent. The issue price must be equal to at least 30 percent of the average trading price of the twenty trading days preceding the date set by the board. Under Item 20 above, the employee stock purchase plan would enable executives to benefit from this capital increase as members of company savings plan. As Adanova disagrees with the fact that executive could be both beneficiary of this plan and the company savings plan such, it proposes under this item that the plan would only benefit to employees excluding corporate officers.

	Resolution 7. Approve Transition Planning Disclosure	For (Exceptional)	<p>Market Forces has proposed a resolution requesting ANZ to disclose plans to reduce exposure to fossil fuel assets to conform to Paris Agreement goals. The request goes on to request the company commit to eliminating its exposure to thermal coal by 2030. ANZ's exposure to coal mining increased for the past two years to \$1.5 billion (through the first half of 2019) and its exposure to oil and gas increased each year since FY16 to \$18.4 billion in FY18. Whilst the bank has reported strategies and targets to reduce exposure to carbon-intensive industries while ramping up support for lower-carbon energy projects, support for this resolution is considered warranted, as adoption of reduction targets aimed to limit the company's exposure to fossil fuels would enable shareholders to better understand how the company is managing climate change related-risks and assess the effectiveness of the company's related efforts.</p>

	Resolution 8. Approve Suspension of Memberships of Industry Associations That Are Involved in Lobbying Inconsistent with the Goals of the Paris Agreement	For (Exceptional)	The Australasian Centre for Corporate Responsibility (ACCR) has submitted an advisory shareholder resolution recommending that ANZ suspend memberships with industry associations whose record of climate change and energy related advocacy is inconsistent with the Paris Agreement's goals. This item is not contentious and is in the best interest of shareholders, as disassociating from industry groups whose record of climate change and energy related advocacy is inconsistent with the Paris Agreement's goals will benefit shareholders by bringing the Company's activities into better alignment with its stated positions on climate change. A number of companies in the Australian energy sector including Origin Energy and BHP Billiton have provided a review of policy alignment between the company and its industry associations. Two of ANZ peers – Westpac and National Australia Bank – have also committed to reviewing the advocacy of groups it supports and to consider material misalignment when deciding whether or not to renew its memberships. This review would also be beneficial to shareholders and to the company's due diligence process

Although the authorization is also partly to be used for the financing the TLG merger, the authorization is substantially larger than what is needed for that purpose. However, Aroundtown's strategy is predicated on deal-making and growing the portfolio. This is well communicated and understood by us and the market. As such, in this instance we have exceptionally supported the resolution.

Bellway p.l.c. AGM	Resolution 1. Accept Financial Statements and Statutory Reports	For	

10/12/2019 UNITED KINGDOM	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the remuneration to reflect our reservations over the second large salary increase awarded to Jason Honeyman (i.e. 30% to £689,000 from 1 August 2019). Whilst we consider a phased approach to the new CEO's salary as a prudent decision, our view is that the second increase is too much too soon. It took a number of years for the former CEO to build the business and to achieve a similar salary positioning. We would have preferred for Jason Honeyman to be able to earn higher variable pay off a lower salary, at least until he had been in the role for a longer period of time. Certainly we would be uncomfortable with any further increases to the CEO pay. However, we have exceptionally supported as we are mindful that the overall package for the CEO appears reasonable for a company of this size (bonus and LTIP opportunity of 120% and 150% respectively) and the Committee does not envisage making further increases during the policy period. We also note that none of the annual bonus is mandatorily deferred in shares, although Jason Honeyman has stated that he will spend 25% of his FY2019 and FY2020 bonuses buying Bellway shares. Finally, whilst pension allowance for new executives will be capped at the workforce level, we would expect the company to address pension contribution rates for incumbents (and also the bonus deferral issue) next year.

	Resolution 7. Re-elect Denise Jagger as Director	For	
	Resolution 8. Re-elect Jill Caseberry as Director	For	
	Resolution 9. Re-elect Ian McHoul as Director	For (Exceptional)	Under normal circumstances we would not have supported the re-election of this director as he holds three other board positions (Vitec Group, Britvic and Young & Co's Brewery), one of which he is Chair (Vitec). This raises questions over how he is able to devote sufficient time to the Bellway board (and indeed the others). However, we are mindful that in this case the overall count only marginally exceeds our limit and is because of his Chair position. Given the absence of further concerns regarding this director we are comfortable in supporting his re-election but will keep under review.
	Resolution 10. Reappoint KPMG LLP as Auditors	For (Exceptional)	Under normal circumstances we would have voted against the reappoint of KPMG as they have been the company's audit firm since 1979. Mandatory auditor rotation every 20 years and at least a Tender for Audit services every 10 years is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. However, we are exceptionally supporting this year as the Company has commenced the tender process for the appointment of a new auditor. The incoming auditor will sit alongside KPMG during the 2020 audit to ensure a smooth transition takes place before they are formally appointed for the 2021 audit.

	Resolution 4. Require Independent Board Chairman	For (Exceptional)	We prefer the roles of CEO and Chairman to be split. The Chairman's role on a board is to evaluate and review the performance of management; this role is obviously compromised when the Chairman is also the CEO. While we are pleased the company has a lead independent director he has been on the board for 13 years and the overall level of independence on the board could be improved. In our view the company could benefit from an independent chairman.

Re-elect Colin Dearlove as Director	For (Exceptional)	Under normal circumstances, we would have voted against the re-election of this non-executive director and he is not independent due to having served on the board for a significant amount of time, and he Chairs the audit committee and sits on the remuneration committee which should consist entirely of independent directors. However, we have exceptionally supported his re-election as the company has recently announced that following an appropriate transition period, he will step down from the Board. Further, the company has recently appointed two independent directors to the board (one of whom, Fiona Goldsmith is expected to succeed him as Chair of the Audit Committee.

	Resolution 7. Re-elect Martin Hellawell as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of Martin Hellawell as having stepped down from his role as CEO, he was appointed as Non-executive Chair with effect from 1 April 2018. One of the reasons given for his appointment from CEO to Chair is, "the relative lack of tenure of the new Board given the Company only went public in late 2015 and the subsequent need for [his] corporate memory bank on the Board." We do not normally support the CEO moving to the role as Chairman as we believe it is important for companies to have an independent chairman. However, we supported this arrangement at the 2018 AGM, noting the process the company went through including consultations with shareholders. We also look for a balanced board and with the other board members having been in place for under four years, we continue to see the benefit the chair brings to the company, so we are again supportive. Whilst the board believes that the current structure is working exceptionally well for the Company, shareholders and stakeholders, we welcome that the company keeps a very close eye on this issue. It is not an arrangement that we are likely to continue to support however.

However, we are mindful that in this case the overall count exceeds our limit by only one position, and this director serves as non-executive chair of at least one of the boards they sit on. Given our lack of further concerns regarding this director we are supporting the re-election.

	Resolution 1j. Elect Director Mark D. Okerstrom	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this director to reflect our concerns that, in aggregate they have too many board commitments. However, we have exceptionally supported their re-election given they are the CEO of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies.

Authorise Issue of Equity without Pre-emptive Rights (Additional Authority)	For (Exceptional)	Under normal circumstances we would have voted against this authority (enabling the company to issue shares equivalent to 10% of the issued share capital), as it is in addition to the (10%) authority proposed under resolution 8, and if fully utilised will be very dilutive to existing holders. However the company has explained to us that the intention behind the authority is to provide the PRS REIT additional flexibility to issue shares, on a basis that is not dilutive to shareholder value, for investment in PRS Units in line with its investment policy. The PRS segment of the property market is competitive and therefore the board consider it is advantageous to be able to raise equity capital to take advantage of opportunities, when they are considered to be in the best interests of existing shareholders, without the time restrictions and uncertainty caused by holding a specific general meetings. As a result of the following assurances, we were able to support the resolution: <ul style="list-style-type: none"> • Any issues of shares under these authorities will be at a price no lower than the prevailing NAV to ensure that there is no dilution to existing shareholder value • Shares issues will be beneficial to all shareholders as they will: <ul style="list-style-type: none"> - spread the fixed operating costs over a larger capital base, thereby reducing the Company's ongoing charges ratio; and - broaden the Company's investor base and enhance the size and liquidity of the Company's share capital. • The company will canvas support from existing shareholders ahead of any issue to

CDK Global Inc AGM 21/11/2019 UNITED STATES	Resolution 1a. Elect Director Leslie A. Brun	For (Exceptional)	Under normal circumstances we would not have supported this director as they hold the equivalent of more than 4 positions, which is in excess of our guidelines. However, we are mindful that in this case the overall count exceeds our limit by only one position, and this director serves as non-executive chair of at least one of the boards they sit on. Given our lack of further concerns regarding this director we are supporting the re-election.

21/11/2019 UNITED KINGDOM	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the remuneration report as we have some reservations over the bonus targets and outcomes. In particular, we think that the ROE threshold and target of 12% and 15% respectively, should be increased or less should be payable for this level of performance. We also have some reservations over the large weighting attached to the balanced scorecard i.e the discretionary nature and there being no weightings for the individual objectives. However, we have exceptionally supported as more broadly, pay and performance is aligned. Although it is unlikely we will be able to do the same next year unless our concerns have been addressed – we have made the company aware.

	Resolution 16. Authorise the Audit Committee to Fix Remuneration of Auditors	For (Exceptional)	Under normal circumstances we would be unable to support as the non-audit fees for the year were significant at USD 1,300,000 and being more than 25% of the audit fees. The integrity of the auditor's relationship with the company is compromised when a firm is paid excessive fees on top of those paid for auditing services. This arrangement has the potential to open the auditor process to a wide range of conflicts of interest. However, the work relating to the introduction of the new Group holding company was the most significant of the non-audit related work and included a working capital report, profit forecast opinion and associated accounting and tax comfort letters. It was considered to be in the best interests of the Group to use Deloitte due to efficiencies gained from their existing knowledge of the Group.

	Resolution 5. Require Independent Board Chairman	For (Exceptional)	We prefer the roles of CEO and Chairman to be split. The Chairman's role on a board is to evaluate and review the performance of management; this role is obviously compromised when the Chairman is also the CEO. While we are pleased the company has a lead independent director he has been on the board for 11 years and the overall level of independence on the board is low. In our view the company could benefit from an independent chairman.

	Resolution 4. Require Independent Board Chairman	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

Mandatory auditor rotation every 20 years and at least a Tender for Audit services every 10 years is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. We are exceptionally supporting this year in recognition of the Audit Committee's intention to conduct a tender process during FY20, with the aim to appoint an audit firm for FY21.

	Resolution 7. Approve Remuneration Policy	For (Exceptional)	<p>Under normal circumstances we would not have supported the new remuneration policy as the new arrangements represent a substantial shift from LTIP to annual bonus opportunity hence, this may lead to an increased focus on short term performance at the expense of the long term. Specifically, the maximum opportunity under the bonus, is increasing from 240% to 360% of salary and LTIP award opportunity will reduce from 400% to 200% of salary, resulting in an overall maximum opportunity reduction of 12.5%.</p> <p>However, we have exceptionally supported as, having discussed these changes with the company which are to address the significant volatility in pay outcomes* as a result of the cyclical nature of the business, or rather, the material time lags between key long-dated decisions and their LTIP outcomes. The key factor in us supporting the new arrangements is that there continues to be strong long term alignment. In fact, two-thirds of the bonus will be deferred in shares (one-third for 2 years, one-third for 5 years). Further, the company has a track record of applying downward discretion in an appropriate manner and following our / other investor feedback the company has increased the weighting of financial measures for the bonus (from 45% to 50%). In response to our question as to why it is so difficult to introduce / set appropriate long-term strategic targets (which shouldn't result in the same all or</p>

	Resolution 22. Approve Suspension of Memberships of Industry Associations That Are Involved in Lobbying Inconsistent with the Goals of the Paris Agreement	For (Exceptional)	<p>The Australasian Centre for Corporate Responsibility and several co-filing shareholders have submitted an advisory shareholder resolution recommending that the Company suspend memberships with industry associations whose record of climate change and energy related advocacy is inconsistent with the Paris Agreement's goals.</p> <p>Whilst BHP is a leader in climate change within its sector, their continued support of industry bodies that work against their own interests has been addressed by investors repeatedly in the past, but has not resulted in any meaningful change. We note that the Company is currently undertaking a review of its industry association positions on climate and energy policy and is scheduled to disclose the outcomes of this review before 2019 calendar year ends. It has also made public commitments to strengthen oversight of the associations it belongs to in the future. We are also mindful of BHP's recent commitments and leadership in addressing climate change. The company also points out that membership of industry associations does provide benefits. They provide the company the ability to lead and influence positive change which it would not be able to replicate in isolation. E.g carbon capturing storage is critical for meeting Paris goals which is at heart of Coal 21 purpose.</p> <p>We have engaged with both the company and one of the co-filers of this resolutions. We have decided to support this</p>

Maxim Integrated Products Inc. AGM 07/11/2019 UNITED STATES	Resolution 1a. Elect Director William (Bill) P. Sullivan	For (Exceptional)	Under normal circumstances, we would be withdrawing support for the election of this director because of concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on the most senior non-executive board member (excluding CEO) who is up for re-election. However, we are pleased to note that the company's 2019 Corporate Responsibility Report contains quantitative data on GHG emissions, total water use, waste generation and recycling for 2015 - 2017. We also noted that the company submitted its carbon emissions report to CDP 2018 with a score of D, although the report itself is not publicly available. We encourage the company to disclose more recent information on their environmental performance. We also have concerns over this director's aggregate board commitments. However, we are mindful that in this case the overall count exceeds our limit by only one position, and this director serves as non-executive chair of at least one of the boards they sit on. Given our lack of further concerns regarding this director we are supporting the re-election.

	Resolution 3. Re-elect Mark McCafferty as Director	For (Exceptional)	Under normal circumstances we would not have supported the re-election of Mark McCafferty as he is technically not independent having served on the board ten years, and there is only one independent director on the Board. Also, he sits on the audit and remuneration committees which should comprise entirely of independent directors. However, we have exceptionally supported his re-election as we are mindful that he has only just exceeded the recommended term for a non-executive director and the board had comprised a sufficient number of non-executive directors until the resignation of the chair, Avril Palmer-Baunack (July 2019). The company is in the process of appointing a new chair (John Davies is performing this role on an interim basis), so we will review our position next year.

	Resolution 5.2. Approve Human Rights Risks	For (Exceptional)	A coalition of stakeholders led by the Australasian Centre for Corporate Responsibility (ACCR) have filed an advisory proposal requesting Qantas Airlines' Board to commission a review of the company's policies and processes relating to involuntary transportation. They argue that there are serious information gaps in the company's approach in this area, and that they are "concerned about the material, reputational, financial and legal risks of [the] company's participation in involuntary airline deportation, removal and transfer activities, as a service provider to the Australian Department of Home Affairs (the Department)." They contend that these activities expose the company to potentially being complicit in human rights violations. They argue that significant human rights risks can arise from commercial airlines' participation in the forced transportation of refugees and people seeking asylum, including "those who have been unreasonably barred from making a temporary protection application; families which are being separated; [and] those who face deportation to countries whose conditions are deteriorating..." Qantas discloses that it conducted a peer and industry analysis in 2018 to better understand its salient human rights risks which helped it identify five focus areas for the company, including "Transportation of persons in custody at the request of Government." The company states that as part of its contractual arrangements with the Australian Government, it transports people in custody, and that it

	Resolution 5. Require Independent Board Chairman	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 15. Authorise Directors to Sell Treasury Shares for Cash at a Discount to Net Asset Value	For (Exceptional)	Under normal circumstances, we would have not supported this resolution as although newly issued shares will only be allotted at a premium to NAV, we are concerned that shares held in treasury may be resold at a discount to NAV which is a breach of our guidelines. However, this will only occur provided that the ordinary shares will only be sold or transferred out of treasury at prices: (i) in excess of the average price at which the ordinary shares were bought into treasury; and (ii) at a narrower discount to the NAV than the average level of discount the ordinary shares were purchased at. Any dilution to the NAV resulting from case (ii) shall be restricted to no more than 0.5% in any financial year. The shares sold out of treasury pursuant to this authority shall not exceed the 10% limit sought under Item 12 (and shall be reduced by the number of shares sold pursuant to Item 13). 	Resolution A2c4. If Items A2C1, A2C2, and A2C3 are not Approved: Approve Authorization to Increase Share Capital up to 20 Percent of Authorized Capital Without Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

Reappoint KPMG LLP as Auditors	For (Exceptional)	<p>Under normal circumstances we would have not supported the re-appointment of KPMG as they have been auditors of the Ashmore since 2006 (i.e in excess of ten years). Mandatory auditor rotation (or at least a Tender for Audit services every 10 years) is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. However we are mindful that KPMG were reappointed in 2016 following a tender process and that auditors are now subject to a maximum 20 year tenure which we think is a reasonable maximum. Nevertheless we would expect the Company to give a commitment or at least an indication as to when it plans to re-tender the audit, and we would be uncomfortable with the Company waiting until the latest possible time.</p>

	Resolution 17. Approve Waiver on Tender-Bid Requirement	For (Exceptional)	The CEO's shareholding was up until recently 38.3%* of the issued share capital (ISC) so if the buy-back authority proposed under resolution 16 is exercised in full (and the Chief Executive does not participate), his holding would have increased to 40.3% of the ISC. Under the Takeover Code he will therefore be required to make a general offer for the shares he currently does not own. Approval is sought to waive this obligation. Under normal circumstances we would have voted against this proposal as this is our protection against creeping control i.e allowing the major shareholder to gain control of the Company without paying a premium to the other shareholders. However, we have exceptionally supported this year, as we have done in most of the previous years for the following reasons: We have previously engaged with the company over this issue which has clarified that the CEO has habitually donated shares from his holding in Ashmore to charity and his shareholding in Ashmore has therefore steadily fallen since the time of Ashmore's initial public offering (IPO) in Oct 2006 when it was approx 44%. Hence, this is evidence that the CEO is not trying to get control of the company on the cheap. Further, Mark Coombs has made a public commitment to reduce his shareholding by 4% per year to a "more appropriate level" below the 30% shareholding limit that triggers the requirement to seek a Rule 9 waiver Secondly, the meeting materials note that in common with many other asset managers, the Company

	Resolution 4. Elect Lisa Bright as Director	For (Exceptional)	Under normal circumstances we would be unable to support as she is a full-time executive of another Company, yet this isn't the only other Board she sits on. In this instances as she has recently joined the board and we are pleased they have increased with their female diversity we are supporting but we will engage with the company on this issue.
	Resolution 5. Re-elect Tony Rice as Director	For (Exceptional)	Under normal circumstances we would not have supported this director as in addition to being Chairman at this company holds a further Chairman role and a non-executive role. However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review.

	Resolution 22. Approve Suspension of Memberships of Industry Associations That Are Involved in Lobbying Inconsistent with the Goals of the Paris Agreement	For (Exceptional)	The Australasian Centre for Corporate Responsibility and several co-filing shareholders have submitted an advisory shareholder resolution recommending that the Company suspend memberships with industry associations whose record of climate change and energy related advocacy is inconsistent with the Paris Agreement's goals. We note that the Company is currently undertaking a review of its industry association positions on climate and energy policy and is scheduled to disclose the outcomes of this review before 2019 calendar year ends. It has also made public commitments to strengthen oversight of the associations it belongs to in the future. We are also mindful of BHP's recent commitments and leadership in addressing climate change. The company also points out that membership of industry associations does provide benefits. They provide the company the ability to lead and influence positive change which it would not be able to replicate in isolation. E.g carbon capturing storage is critical for meeting Paris goals which is at heart of Coal 21 purpose. However, having spoken to both the company and one of the co-filers of this resolutions, we have decided to support this resolution as we are concerned about lobbying and the corrosive effect it has on the regulatory environment. To be able to properly pursue the low carbon transition companies should not support associations which work against the material interests of the company/shareholders. Further, there remain material differences between BHP's

The resolution goes on to recommend (but not require) subsequent company action to suspend its memberships of associations whose activities and lobbying are not considered in line with the company's commitment to the Paris Agreement. The company has voluntarily undertaken and demonstrated significant progress in this area, after a similar shareholder proposal last year. In the last year, the company issued a report analyzing the activities of the industry associations it is a member of, and commits to provide such reporting at least annually going forward. However, the regular updates requested in the first part of the proposal would be beneficial for both the company (to ensure its commitments to the Paris Agreement are consistently maintained) and to shareholders.</p>

	Resolution 11. Approve Continuation of Company as Investment Trust	For (Exceptional)	<p>Approval is sought for the Company to continue as an investment trust for the next three years. Under normal circumstances, we would have voted against the continuation as the shares have been trading at a significant discount to net asset value (NAV) - 11.2% as at 18/09/2019, with the average discount over the year being 9.1%. During the year the Company's net assets fell by 6.4%, underperforming the benchmark by 0.3% on a total return basis. As such, it would perhaps be in shareholders' best interests if the trust was wound up and cash returned to shareholders at a price at or close to NAV. However, this is only the second year in the past 16 where an underperformance in relation to the benchmark has been recorded. Given the trust's strong track record of outperformance against the benchmark (and with the shares typically trading at a premium to NAV), we have exceptionally supported the continuation.</p>

	Resolution 5b. Approve Transition Planning Disclosure	For (Exceptional)	A vote FOR this proposal is warranted. Additional information on the company's GHG reduction goals would allow shareholders to better assess the company's management of these emissions and related risks.

	Resolution 6. Approve Public Health Risks of Coal Operations	For (Exceptional)	Although the company is compliant with state and federal regulations on pollution levels associated with its air emissions, in other jurisdictions, power station operators must install modern pollution controls in order to comply with the stricter licence limits. These include: Flue Gas Desulfurisation (FGD), which reduces SO2 emissions by as much as 99%; - Selective Catalytic Reduction (SCR) which reduces NOx emissions by 95%; and - activated carbon injection to reduce emissions of mercury by about 90%. While the company reports monthly and annual aggregate air pollution statistics, it has not disclosed any assessment of the risk of public health impacts, nor has it disclosed a financial assessment of the capital and operating expenditure required to retrofit and maintain Bayswater and Loy Yang A with modern pollution controls (Liddell is scheduled to close in 2022, making an upgrade unfeasible). As such support for this shareholder proposal is warranted.

	Resolution 1.3. Elect Director Cynthia T. Jamison	For (Exceptional)	Under normal circumstances we would not have supported this director as we are concerned with the number of board positions they hold and we would questions their ability to devote sufficiently time to the role. In this instance in addition to this role they hold a Chair role and 2 NED roles. However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review.

	Resolution 2. Approve Dividend	For	
	Resolution 3. Reelect Mahesh Viswanathan as Director	For (Exceptional)	Under normal circumstances, we would vote against this executive director as he sits on the audit committee which we consider to be inappropriate as the committee should consist entirely of independent directors. However, we are exceptionally supporting on this occasion as we engaged with the company. They had 3 independents leave over the year, 1 with cancer, 1 had a poor attendance record and 1 of their own volition, to make a quorum he needed to sit on the committee. They are addressing this and will have the new independents in place shortly, as of mid august he is no longer on the audit committee. We will keep this under review.

	Resolution 4. Elect Mohan Lal Jain as Director	Against	<ul style="list-style-type: none"> • Not independent and member of audit/remuneration committee • Not independent and lack of independence on Board
	Resolution 5. Elect Shruti Deepen Udeshi as Director	For (Exceptional)	Under normal circumstances we would vote against this director as the proposed term of office for this director is 5 years. We do not support proposed terms of office exceeding 3 years as we feel longer terms in office reduce director accountability to shareholders. Hence, the proposed term for this director is well in excess of our guidelines. We have engaged with the company and recognize the diversity which this director brings to the board. On this occasion we will exceptionally support but will keep this under review.
	Resolution 6. Reelect Pratap G Pawar as Director	Against	<ul style="list-style-type: none"> • Proposed term in office is too long • Not independent and member of audit/remuneration committee • Not independent and lack of independence on Board

	Resolution 8. Approve Offer or Invitation to Subscribe for Secured/Unsecured Redeemable Non-Convertible Debentures on Private Placement Basis	For	

	Resolution 9. Approve Related Party Transactions	For (Exceptional)	Under normal circumstances, we would vote against this related party transaction as the proposed mandate may limit shareholders' rights to review and vote on related-party transactions on a periodic basis. As related party transactions represent potentially material conflicts of interests, shareholders need to be satisfied that such transactions are fair and reasonable in order to ensure they are in the best interests of shareholders. However, as this is for purchase of additional capacity for fibre and is done at market prices we will exceptionally support on this occasion. They only use it for when demand is greater than their current capacity but securing this agreement means that they have greater flexibility.

The Code recommends that the role of chairman and chief executive should not be exercised by the same individual. However, we have exceptionally supported as we have engaged with the company on the issue in the past and understand their current rationale. In addition, the company is in the process of being acquired by TDR Capital LLP, a private equity firm. In addition, BCA Marketplace, Avril Palmer-Baunack holds chair roles at two other publicly listed companies (Northgate plc and Safe Harbour Holdings plc). While we stepped down from Redde during the year she took on the Chair role at Northgate. This raises significant concerns over her ability to devote sufficient time to her executive role at BCA Marketplace. 	Resolution 7. Re-elect Dr William Jenkins as Director	For (Exceptional)	Under normal circumstances we would be unable to support as this non-executive director is not independent due to having served on the board for a significant amount of time and sits on the remuneration committee. We consider this inappropriate as the committee should consist entirely of independent directors. However, in this instances we note he has only been on the board for 10 years and in addition the nomination Committee has stated that it has commenced a process to seek a successor for William Jenkins as SID and Chair of the Remuneration Committee.

	Resolution 4. Re-elect Tony Pidgley as Director	For (Exceptional)	Under normal circumstances we would have voted against the executive chairman particularly as the company has not provided a compelling explanation for not having an independent chairman. The Company simply explains that “Tony Pidgley is Executive Chairman which we believe is the best succession model for Berkeley in order to ensure the continued long-term success of the Company. Having a strong Senior Independent Director and Deputy Chairman ensures that there is a balance of power at the top of the Company. The transition to this model took place in 2009 and shareholders have supported this structure ever since.” Although we consider that the company needs to improve succession arrangements for the chairman, or at least better articulate such plans, our view is that Mr Pidgley is a key factor for the sustained strong performance of the business. Given this and other mitigating factors such as the strong independent directors and a separate, long-serving CEO, we continue to be supportive of this arrangement.

Global Bioenergies SA EGM 05/09/2019 FRANCE	Resolution 1. Appoint BOLD Business Opportunities for L Oreal Development as Censor	For (Exceptional)	<p>We are typically opposed to the election of censors on a board. As the company has failed to demonstrate the added-value of such nomination in terms of board composition and board functioning and given that the nomination is unlikely to be on a short-term basis or can be considered independent (see resolution 2), this proposal would not normally merit support. However, we note that the company's website explains that this appointment was proposed according to the announcement made at the last fund-raising event. The company announced on June 26, 2019, the success of a EUR 17 million capital increase following which BOLD Business Opportunities for L'Oreal Development owns 16.6 percent of the company's capital and voting rights. We consider that the appointment of a person from l'Oreal is beneficial for Global Bioenergies and actually quite reassuring from our point of view. Global Bioenergies is a small, start-up company and the support of L'Oreal is a positive move. As such we have exceptionally supported the re-election of the L'Oreal censor.</p>

	Resolution 2. Amend Article 19 of Bylaws Re: Censor	For (Exceptional)	Under normal circumstances, we would have voted against the amendments to articles because firstly, we are opposed to the principle of have censor on the board and secondly the term of the censors is up to six years, which is in excess of our guideline for board appointment / terms. In addition, the company has failed to disclose a compelling rationale to justify the appointment of censors. However, we note that the company's website explains that this appointment was proposed according to the announcement made at the last fund-raising event. The company announced on June 26, 2019, the success of a EUR 17 million capital increase following which BOLD Business Opportunities for L'Oreal Development owns 16.6 percent of the company's capital and voting rights. 	Resolution 4. Authorize Issuance of Equity or Equity-Linked Securities without Preemptive Rights up to Aggregate Nominal Amount of EUR 200,000	For (Exceptional)	The authority would enable the Board to issue the equivalent of 45.9% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 20%, unless a clear justification and strategic rationale is provided to shareholders. In addition, the issue price can be a discount of 20%, being significantly more than the generally accepted level of 5%. However, we have exceptionally supported this authority as essentially this is a small, start-up company that burns cash quickly. As such, it may need additional flexibility to raise cash promptly. Also, the discount of 20% is high but it is usual in private placement for very small companies.

	Resolution 5. Approve Issuance of Equity or Equity-Linked Securities for up to 20 Percent of Issued Capital Per Year for Private Placements	For (Exceptional)	The authority, reserved for private placements, would enable the Board to issue the equivalent of 45.9% of the share capital (albeit capped at 20% per year) without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 20%, unless a clear justification and strategic rationale is provided to shareholders. 	Resolution 6. Authorize Board to Increase Capital in the Event of Additional Demand Related to Delegation Submitted to Shareholder Vote Above	For (Exceptional)	This authority would enable an issuance to be increased by up to 15% where additional demand existed (or 10% for acquisitions). However, given the concerns noted under Resolution 4, we are not supportive.

	<p>Resolution 7. Approve Issuance of Equity or Equity-Linked Securities Reserved for Specific Beneficiaries, up to Aggregate Nominal Amount of EUR 200,000</p>	<p>For (Exceptional)</p>	<p>The authority, reserved for private placements, would enable the Board to issue the equivalent of 45.9% of the share capital without respecting pre-emption rights. Alpha Financial Markets Consulting PLC AGM 04/09/2019 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	In normal circumstances we would be unable to support as the Board does not comprise at least two independent NEDs, excluding the Chairman and the audit and remuneration committees are not independent. However, it is acknowledged that the Company has stated its intention to have a further independent NED appointed ahead of the FY2020 AGM. In addition the company has not put its remuneration report to the shareholder vote, and incentive awards have a performance period of less than 3 years. The vesting period is however 3 years we would encourage the company to make changes going forward.

However, due to a number of safeguards in place we are comfortable to support. In addition, we have concerns over their aggregate board commitments. However, we have exceptionally supported their re-election given they are the CEO/Chair of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies.

Provide Right for Shareholders Holding 15% or More of the Common Stock to Call Special Meetings	For (Exceptional)	A vote FOR this proposal is warranted, as a 15 percent ownership threshold for shareholders to call a special meeting would be more appropriate for a company of this size and would allow the right to be used by a broader cross-section of the shareholder base. However, it is recommended that shareholders also vote in favor of the management proposal in Item 5, as it is binding and its approval would guarantee shareholders the right to call special meetings, albeit at a higher ownership threshold and with certain restrictions on timing and subject matter.

	Resolution 1.4. Elect Director Anthony M. Fata	For (Exceptional)	Under normal circumstances, we would be withdrawing support for the election of this director because of concerns over the lack of Social, Environmental and Ethical (SEE) policy and disclosure at this company. We would register our concerns by voting on the Report and Accounts but given this is not available to vote on, we typically flag our concerns by withholding support on the most senior non-executive board member (excluding CEO) who is up for re-election. Saputo Inc. is exposed to climate change and environmental risks. The environmental risks relate to energy and water use, as well as pollution. We are pleased to see the continuous reporting to the CDP but encourage the company to provide more comprehensive disclosure of their performance on climate change. The company also disclosed their water withdrawal and intensity data for 2016 – 2018.

As such, given the scope of the proposal and the lack of comprehensive disclosure on linking the company's environmental, social and governance performance with executive compensation programs, support for the shareholder resolution is warranted.
	Resolution 7. Approve Continuation of Company as Investment Trust	For (Exceptional)	Under normal circumstances, we would have voted against the continuation of the Investment Trust as it has continuously underperformed its benchmark: "Over the five years to 30 April 2019, the Company's NAV total return was 25.1 percent and the FTSE All Share index total return was 35.2 percent. The Company's share price total return over the same period was 26.6 percent and the share price discount to NAV (cum income) averaged 10 percent.". As at 30 April 2019 the discount to NAV was 5.5%. The IT is acknowledging the issues and following a review, the Board appointed Baillie Gifford & Co, as the Company's new AIFM and Company Secretaries in 2018. In light of the appointment of the new fund manager, we will exceptionally support the continuation vote on this occasion.

However, we have exceptionally supported his re-election as assuming the company obtains shareholder approval to move the domicile of Hansa Trust's business to Bermuda, he and one of the independent directors of the current board will be appointed to the new Board which is partly to provide some governance continuity. We consider this to be a sensible decision.</p>

Linde plc AGM 26/07/2019 UNITED STATES	Resolution 1a. Elect Director Wolfgang H. Reitzle	For (Exceptional)	Under normal circumstances we would not have supported this director as they hold the equivalent of more than 4 positions, which is in excess of our guidelines. However, we are mindful that in this case the overall count exceeds our limit by only one position, and this director serves as non-executive chair of at least one of the boards they sit on. Given our lack of further concerns regarding this director we are supporting the re-election.

	Resolution 1d. Elect Director Clemens A. H. Borsig	For	
	Resolution 1e. Elect Director Nance K. Dicciani	For (Exceptional)	Under normal circumstances we would have voted against this Director as they are technically non independent (having served on the board for a significant amount of time) and there is a lack of two-thirds majority independence on the Board (our guideline for US companies). In addition, this Director sits on key board committees which should comprise independent directors only. However, we have exceptionally supported her re-election her 11 years on the Board is not deemed sufficiently long enough to materially impact on her independence. Moreover, this is effectively a new Board, following the combination on the Praxair and Linde AG businesses. As such, there are a number of new directors so the longer serving directors are important to ensure some continuity

	Resolution 1d. Elect Director Charles O. Rossotti	For (Exceptional)	Under normal circumstances we would be unable to support as this Director is non independent (due to having served on the board for a significant amount of time) and there is a lack of two-thirds majority independence on the Board (our guideline for US companies). However, we note his tenure is only 11 years and there has been some recent board refreshment. We will however keep under review and look for more refreshment in future years.

	Resolution 13. Reappoint Deloitte LLP as Auditors	For (Exceptional)	Under normal circumstances we would have voted against the reappointment of the Deloitte as they have been the company's auditor since 1999. Mandatory auditor rotation every 20 years and at least a Tender for Audit services every 10 years is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. However, we have exceptionally supported their reappointment as the Company states that FY2019 will be Deloitte's last year as external auditor. In compliance with the Statutory Audit Services for Large Companies Market Investigation (Mandatory Use of Competitive Tender Process and Audit Committee responsibilities) Order 2014 and as reported previously, the Committee has initiated a tender process for the external audit contract for the year ending 31 March 2021. 2019 has been a year of planning for the external tender and the company will report fully on the process by way of regulatory announcements and in next year's audit committee report.

Intermediate Capital Group plc AGM 25/07/2019 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the remuneration report as Vijay Bharadia, the new CFOO, will receive a significantly higher salary than his predecessor (£500,000 compared to £394,000). His salary is even higher than the CEO's (also £394,000). The Company states that his fixed pay has been "benchmarked to market": the Company benchmarks itself against a number of entities, including listed and unlisted financial services companies, investment banks, asset managers and private equity firms and, as a result, Vijay Bharadia is more generous than those of CFOs of comparable FTSE 250 companies. It is recognized however, that due to the changed nature of the CFOO role (i.e the CFOO is no longer a member of Investment Committees), Mr Bharadia's maximum bonus, and total remuneration, is lower than that of his predecessor. The new CFOO's maximum bonus opportunity will be £2 million, rather than £2.5 million). As such, the rebalance between fixed and variable pay could be considered reflective of the changes to the CFOO role. Nevertheless this still represents a variable pay opportunity of 400% of base salary (assuming no other incentive plans are used), which is relatively high, and fully based on single year results (although the AAP's structure allows for some consideration of long-term performance). We also note that APP outcomes for the year under review were very high e.g. £4.8m for the CEO (max opportunity is £6m) and the plan does not follow a formulaic assessment, but is derived from a considerable

Caledonia Investments PLC AGM 24/07/2019 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have be inclined not to support the remuneration report due to concerns over the level of disclosure of individual performance for bonus awards in respect of the year under review. A list of performance objectives have been included in the Report, but there is no discussion on how the Committee determined the payout for performance against these objectives. However, bonus opportunity (at 100% of salary) is relatively low compared to peers and there is no disconnect between pay and performance for the year under review. Also, we welcome the changes to pensions arrangements. The remuneration committee has taken the decision to adopt a single contribution rate for all of the Company's staff by increasing the standard rate of 12.5% to 15% of basic salary and by reducing the pension entitlements of the CEO from 22.5% and of other Executives from 17.5% to 15% of salary.

However, we have exceptionally supported their re-election given they are an executive director of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies.

ITO EN,Ltd. AGM 24/07/2019 JAPAN	Resolution 1. Approve Accounting Transfers	For	
	Resolution 2. Approve Allocation of Income, With a Final Dividend of JPY 20	For (Exceptional)	There are concerns about the company's suspected intentions when it originally issued preferred shares in 2007. The payment of dividends on the preferred shares leaves less cash available for dividends on the common shares, and the issuance of non-voting preferred shares allows the company to raise funds without diluting the Honjo family's stake. We are exceptionally supporting as: 1. the common share payout ratio itself is not particularly low. In addition, the preferred dividends are cumulative, so voting down this resolution now would only mean that ITO EN is obliged to pay preferred dividends in the future before it pays dividends to common shareholders. 2. Shareholders will receive no dividends if this item is voted down and therefore would backfire.

	Resolution 3. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

Mandatory auditor rotation every 20 years and at least a Tender for Audit services every 10 years is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. The audit was last tendered in 2011 which led to the re-appointment of PricewaterhouseCoopers LLP. "The timing of a competitive tender will continue to be assessed on an annual basis, considering the results of the annual effectiveness review. The Committee has, however, committed to conducting a tender process for the role of external auditor at least every ten years in line with current legislation, meaning that the next tender must take place in 2021 at the latest."

<p>19/07/2019 UNITED KINGDOM</p>	<p>Resolution 2. Approve Remuneration Report</p>	<p>For (Exceptional)</p>	<p>Under normal circumstances, we would have voted against the remuneration report to reflect concerns over the generosity of the CEO's pension arrangements (the company makes a cash (in lieu) contribution at 35% of salary). However, we have exceptionally supported in recognition that the CEO has agreed to reduce his pension allowance by 5% of salary annually to bring it in line with the employee contribution rate over the next four years. (which is 15% of salary). This reduction is in line with the recommendations of the new Code which provide that pension contribution rates for executive directors should be aligned with those available to the workforce. Although we would have preferred for this level to have been subject to a larger reduction much sooner, at the same time we recognise that this is a voluntary move and that other companies have been prescribing lower pension levels for new hires only. In addition, we have some concerns over the lack of information provided on non-financial bonus targets, given the subjective nature of performance achieved and the lack of a quantitative scale against which performance is measured. This is compounded by the higher pay out levels for the nonfinancial elements – which comprise 30% of total opportunity – and paid out at c. 77%-87% of maximum opportunity during the year under review, compared to performance against financial measures, which only paid out at c. 17% of maximum opportunity. In mitigation, it is recognised that the disclosure of the non-</p>

(which is 15% of salary). This reduction is in line with the recommendations of the new Code which provide that pension contribution rates for executive directors should be aligned with those available to the workforce. Although we would have preferred for this level to have been subject to a larger reduction much sooner, at the same time we recognise that this is a voluntary move and that other companies have been prescribing lower pension levels for new hires only.

Reappoint PricewaterhouseCoopers LLP as Auditors	For (Exceptional)	Under normal circumstances we would not have supported the reappointment of PwC as they have been the company's auditors since 2002 (i.e. in excess of ten years). Mandatory auditor rotation every 20 years and at least a Tender for Audit services every 10 years is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. However, we have exceptionally supported their reappointment as the audit was last tendered in 2016 (which led to their reappointment) and more importantly, the Audit Committee states in the annual report that it expects to tender the external audit within two years, and PwC will not be invited to participate in that tender.

Firstly, he is technically independent due to having served on the board for 12 years and sits on the remuneration committee which should consist entirely of independent directors. Secondly, he is also Chair of Janus Henderson and Senior Independent Director (SID) of Whitbread. As such, the significance of his overall positions raises questions over his ability to devote sufficient time to each role and in this case, as Chair of SSE. However, we have exceptionally supported his re-election in recognition of the strong explanations and commitments provided in the Report & Accounts. Specifically, the Board of SSE continue to believe that Richard Gillingwater should Chair the Board for a further period, ending no later than 31 March 2021, when the RIIO-2 Price Control process will have concluded. In reaching this conclusion, Richard's other current appointments have been taken into consideration. The Directors believe that the Board and SSE's shareholders will benefit from his objective judgement and the culture of openness and debate that he promotes. The qualities he brings to the role of Chair were highlighted in the 2018/19 independent external Board evaluation. In addition, they believe that by agreeing to remain as Chair for a limited time, Richard will continue to deploy over 20 years' knowledge of the energy sector and the Company as the re-shaping of the SSE Group continues; and enable SSE to

UltraTech Cement Limited AGM 18/07/2019 INDIA	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	The auditor has emphasised a matter in its opinion statement. Without qualifying their opinion, the auditors have drawn attention to the following: Penalty imposed by the Competition Commission of India (CCI) amounting to INR 11.75 billion for alleged contravention of the provisions of the Competition Act, 2002 which the company appealed before the Competition Appellate Tribunal (COMPAT); Penalty imposed by the CCI amounting to INR 638 million pursuant to a reference filed by the Government of Haryana for alleged contravention of the provisions of the Competition Act, 2002 by the company which the company appealed before COMPAT; UltraTech Nathwara Cement Ltd. (UNCL), a wholly-owned subsidiary of the company, has filed an appeal before the COMPAT against the order of the CCI. Except for the effects of the above matters, the auditors are of the opinion that the company's financial statements are fairly presented in accordance with generally accepted accounting principles. Therefore we will exceptionally support on this occasion and keep this under review.

	Resolution 4. Re-elect Dr Gerry Murphy as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of the Chair as he is also Chair of Tate & Lyle plc and of The Blackstone Group International Partners LLP, the principal European subsidiary of The Blackstone Group LP. This represents a significant set of external mandates at other listed companies, which could raise questions about his availability to commit sufficient time to his Chair role at Burberry. However, we have exceptionally supported his re-election as we are mindful that his chair position at Blackstone sits below the board of the listed parent company and the time requirements of this position are not considered to be particularly onerous.

	Resolution 13. Reappoint PricewaterhouseCoopers LLP as Auditors	For (Exceptional)	Under normal circumstances we would have voted against the reappointment of PricewaterhouseCoopers LLP (PwC) as they were appointed prior to 31 March 1968 and hence the period of uninterrupted engagement is at least 50 years. However, we have exceptionally supported their re-election as we note that during the year, the Company undertook an external audit tender in accordance with the UK's implementation of the EU's mandatory firm rotation requirements. After reviewing written proposals and hearing presentations from the participating firms, the Committee recommended to the Board that Ernst & Young LLP (EY) be appointed as auditor from FY2020/21. EY will shadow PwC for the ensuing year. This is a sensible approach and of course, we welcome the change in auditor.

	Resolution 3. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

	Resolution 15. Reappoint Deloitte LLP as Auditors	For (Exceptional)	Under normal circumstances we would have voted against as the company has retained the same audit firm since 2002 (i.e. in excess of ten years). Mandatory auditor rotation every 20 years and at least a Tender for Audit services every 10 years is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. However, we have exceptionally supported as in accordance with the Competition and Market's Authority (CMA) Statutory Audit Services Order, the Company is required to conduct a competitive audit tender by June 2023. Further, the Company has stated that as the year ending 31 March 2022 will be Katie Houldsworth's final year as lead auditor, the Committee intends to run the tender process for the 31 March 2023 audit in late 2020. We welcome this commitment.

Also, and inclusive of the aforementioned criteria, we believe that investments trusts should ideally comprise solely of independent directors (we will accept one exception). There are two non-independent NEDs on this board and normally we would be voting against this director, but in recognition of the recent appointment of a new NED, we are supporting his election and would expect one of the long-standing directors to step down from the Board.

	Resolution 2. Approve PricewaterhouseCoopers LLP as Auditors and Authorize Manager to Fix Their Remuneration	For	
	Resolution 3. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

She also holds a directorship at Hermes Property Unit Trust. In aggregate, and particularly given her executive role, these roles raise questions as to how she is able to devote sufficient time to her role at Helical (and Segro) However, we have exceptionally supported as we are mindful that her executive position at CBRE is a part time one and that one of her other roles is at a unit trust where the time commitment would be expected to be far less onerous. This will be kept under review.

	Resolution 12. Authorise the Audit and Risk Committee to Fix Remuneration of Auditors	For	
	Resolution 13. Approve Remuneration Report	For (Exceptional)	<p>Under normal circumstances we would have voted against the remuneration report as there is scope for greater transparency around the strategic/personal objective elements of the annual bonus, particularly as the CEO's bonus was £727,000 (137% of salary). Specifically, only high-level details have been provided for the strategic/personal measures. A brief list of the objectives for each Director is provided along with the assessed payouts, but it is not that clear how the Directors' performance translated into these payouts, as there is no indication of their actual achievements. In addition, the CEO's salary of £544,750 is in the upper quartile on a balanced comparison and generous for the size of the company. However, we have exceptionally supported to reflect that there has been improvement in the bonus framework including that the quantum of total variable pay opportunity has been significantly reduced (the maximum opportunity has also been reduced to 150% of salary - previously 300% for executives other than the FD, whose maximum is 200%. Further, performance has been relatively strong. We also note that there are no pension contributions payable to Directors' own pension schemes. Given contributions to executive pension arrangements are typically between 15% and 20%, this somewhat explains the higher salary positioning.</p>

This raises questions as to whether she is able to devote sufficient time to each of her roles, and in this case Land Securities. However, we are mindful that in this case the overall count only exceeds our limit given her Chair role. Further, her other roles are at relatively small companies. Given the lack of further concerns regarding this director we are comfortable in supporting her re-election but will keep this issue under review.

LondonMetric Property Plc AGM 11/07/2019 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would not have supported the remuneration report as none of the annual bonus award is deferred which is not aligned with the long term interests of shareholders. However, we have exceptionally supported as we are mindful that this is because the Executive Directors have met their shareholding requirement, and have therefore elected to receive their bonuses fully in cash, as allowed by the Remuneration Policy. In fact, all the Executive Directors hold a large number of shares (ranging from 13 to 16 times base salary), meaning that their interests are fully aligned with shareholders. Nevertheless, we intend to engage with the company ahead of the next Remuneration Policy (which will be proposed at the 2020 AGM) as we do believe that some of the bonus should be deferred particularly as this will help to implement malus should this ever be required.

	Resolution 5. Re-elect Patrick Vaughan as Director	For (Exceptional)	Under normal circumstances we would have voted against the nomination committee chair (and chair of the Board) to reflects our concerns over the lack of women on the Board. However, we have exceptionally supported as we are mindful that the two female directors represent 25% of the board and that the company states that there has been an ongoing commitment to strengthen female representation at Board level (indeed the second most recent appointment was female). In addition we note that Patrick Vaughan has now served on the Board for more than nine years. As stated by the Board Chair himself in the Nomination Committee report, "The Nomination Committee, which is leading the current Board refreshment process is very aware of the importance of finding my replacement as part of that process. We cannot set a time limit on this search as appointing the right candidate is essential. I will remain in office as long as necessary in order to facilitate an orderly and planned succession with minimal business disruption."

Reappoint PricewaterhouseCoopers LLP as Auditors	For (Exceptional)	Under normal circumstances we would have voted against the reappointment of PwC as they have been the company's auditors since 1994. Mandatory auditor rotation every 20 years and at least a Tender for Audit services every 10 years is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. However, we have exceptionally supported as the company has disclosed that, a competitive tender process for the external audit is scheduled to start in the coming months with a new appointment concluded by March 2020.

<p>EQT Corporation Proxy Contest 10/07/2019 UNITED STATES</p>	<p>Resolution 1A. Elect Director Lydia I. Beebe</p>	<p>For (Exceptional)</p>	<p>We are supportive the Dissidents (the Rice Team comprising members of the leadership team of the former Rice Energy Inc. (RICE), a company acquired by EQT in November 2017) as they have made a compelling case for change. The performance of EQT over the last few years has been really poor on both an absolute and relative basis and this proxy contest amounts to a referendum as to which management team is better suited to run EQT. Given the dissident's track record, strongly-aligned incentives, and thorough business plan, it appears that there would be minimal downside risk under the dissident's management team relative to both EQT's current positioning and its future prospects under the incumbents, with significant upside potential. Further, the adoption of a universal card is a positive development for EQT shareholders in that it will allow shareholders to optimize board composition by selecting candidates from both the management and dissident slates. In any case, the dissident has not only articulated a compelling case for majority change, but it has appropriately measured its request for board representation by seeking to elect a simple majority and to retain the most qualified and independent members of the management slate. As such, support for all seven dissident nominees and all five unopposed management nominees is warranted on the dissident WHITE card.</p>

	Resolution 1J. Management Nominee James T. McManus, II	For (Exceptional)	<p>We are supportive the Dissidents (the Rice Team comprising members of the leadership team of the former Rice Energy Inc. (RICE), a company acquired by EQT in November 2017) as they have made a compelling case for change. The performance of EQT over the last few years has been really poor on both an absolute and relative basis and this proxy contest amounts to a referendum as to which management team is better suited to run EQT. Given the dissident's track record, strongly-aligned incentives, and thorough business plan, it appears that there would be minimal downside risk under the dissident's management team relative to both EQT's current positioning and its future prospects under the incumbents, with significant upside potential. Further, the adoption of a universal card is a positive development for EQT shareholders in that it will allow shareholders to optimize board composition by selecting candidates from both the management and dissident slates. In any case, the dissident has not only articulated a compelling case for majority change, but it has appropriately measured its request for board representation by seeking to elect a simple majority and to retain the most qualified and independent members of the management slate. As such, support for all seven dissident nominees and all five unopposed management nominees is warranted on the dissident WHITE card.</p>

	Resolution 3. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

	Resolution 2. Approve Remuneration Policy	For	

	Resolution 3. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the remuneration report to reflect concerns over the CEO and the CFO being awarded 8.2% and 20.3% salary increases for FY2020, and these follow a sizeable salary increase granted to the CEO in FY2019. In addition bonus opportunity is being increased from 100% to 125% of salary. However, we have exceptionally supported as pay has been positioned conservatively – both the CEO and CFO were appointed on salaries which were below the market rate and which the Remuneration committee considered as appropriate until they became established in their roles. Further, the CEO's new salary (£395,000) remains below the lower quartile when compared with other companies in the FTSE 250 Index and the bonus potential is also below that of peers. The CFO's salary (now £222,000) was increased in line with the Committee's previous commitment to increase her salary after 12 months in the role.

			1973. Mandatory auditor rotation every 20 years is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. However, we have exceptionally supported their reappointment in recognition that the Company conducted a tender exercise in 2018 which has resulted in the appointment of KPMG as the auditor with effect from FY2021. A resolution to approve KPMG as auditors will be put to shareholders at the 2020 AGM. As such, we are comfortable with E&Y remaining as auditors for this transitional period.

	Resolution 3. Amend Articles to Change Record Date of Annual Shareholder Meetings to April 30	For (Exceptional)	The proponents seek to amend the record date of annual shareholder meetings in The Iyo Bank's articles of incorporation from March 31 to April 30. This would allow the bank to hold its annual meetings in July, rather than June. Support for is warranted because: - Moving the record date away from the peak day would alleviate a proxy voting logistical hurdle especially for institutional investors, who face a

			disproportionate concentration of meetings in late June. - The change would enable investors to spend time and resources more efficiently to evaluate voting agendas and consistently apply sensible guidelines that support corporate value.
	Resolution 4. Amend Articles to Abolish Advisory Positions	For (Exceptional)	A vote FOR this shareholder proposal is warranted because:- The elimination of these posts, which are typically awarded to retired top level executives, would demonstrate a commitment to transparent governance by removing an avenue for former senior executives to exert influence over the bank's decision making.
	Resolution 5. Remove Incumbent Director Otsuka, Iwao	For (Exceptional)	The dissident shareholder seeks the ouster of incumbent director and bank president Iwao Otsuka from the board of directors. Although the dissident's motivations are unclear and he does not make a persuasive case that Otsuka has behaved irresponsibly in any one of the three areas cited, we are supporting this resolution because we are voted against his re-election under Item 1.1 for other reasons (i.e poor ROE performance and the lack of independent oversight on the Board)

	Resolution 7. Require Independent Board Chairman	For (Exceptional)	We prefer the roles of CEO and Chairman to be split. The Chairman's role on a board is to evaluate and review the performance of management; this role is obviously compromised when the Chairman is also the CEO. While we are pleased the company has a lead independent director he has been on the board for 13 years and the board is not 2/3 independent which is our requirement in this market. In our view the company could benefit from an independent chairman

			election. However, in this case, in light of the improved disclosure on the company's practices regarding human rights, we have exceptionally supported this year but encourage the company to provide more details on their audits and findings. Specifically, Meiji Holdings Co., Ltd. is exposed to the risk of breaches of labour standards in its supply chain. The company's website states that the company integrates human rights and global environmental considerations in developing and executing procurement activities. We also noted that the company's 2018 integrated report states that Meiji Holding is engaged in a number of quality assurance activities that cover the entire supply chain from raw material procurement, to production, distribution and post-marketing. It adds that in the pharmaceutical segment, the company carries out various measures to improve the reliability of their products, such as risk assessment of the ingredient suppliers, regular audits and training. The company disclosed that it had audited 185 primary Japanese based suppliers in 2016; and 98 of them in 2017. The nature of audits and their findings are unknown.

	Resolution 9. Amend Articles to Require Individual Compensation Disclosure for Directors, Statutory Auditors and Senior Advisers	For (Exceptional)	The antinuclear shareholders seek an article amendment requiring prompt disclosure of an individual breakdown of compensation for directors, statutory auditors and senior advisors to the firm. Hokuriku Electric Power, like most Japanese companies, currently discloses only aggregate compensation levels for the board of directors and for the board of statutory auditors. Support for this shareholder proposal is warranted because better disclosure of compensation of individual directors is in line with global standards for compensation practices. The addition of the language to the articles will add credence to the utility that it will have transparent compensation practices. The addition of the language would only improve its governance profile, and we foresee no negative impact from that.

	Resolution 12. Elect Najeeb Al Humaidhi as Director	For (Exceptional)	Under normal circumstances we would have voted against this director as they are not independent and independent directors represent less than 50% of the Board. Further, they are members of key committees which should comprise independent NEDs only. However, we have exceptionally supported their re-election as we are mindful that the Company only listed on the LSE in October 2018 and that it expects to be compliant with the UK Code provisions relating to board and committee composition within 12 months of Admission (once a couple of the non-independent NEDs step down from the Board and all remaining non-independent NEDs step down from these Committees).
