M&C Saatchi plc AGM 31/12/2020 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the remuneration report to reflect that the vesting of long-term incentive awards granted to the CFO, Mikey Kalifa during the year (equal to 200% of salary) is not conditional on the achievement of performance conditions. Also, no information was given on the basis for the payment of the bonus paid to the CFO (£225,000 which represents c. 93% of his base salary). However, we have exceptionally supported as through engagement with the new Chair, we received assurances that the LTIP arrangement was in place under the previous Board and it has been agreed that the next LTIP awards will be subject to performance targets. Regarding the CFO's bonus, given the dire situation the company was in regarding the accounting misstatements and internal controls, we think that the CFO has done a good job in addressing the issues and hence, we are comfortable with the amount paid. The company has also committed to addressing the disclosure issues.

	Resolution 3. Appoint PricewaterhouseCoopers LLP as Auditors	For	
	Resolution 4. Authorise Board to Fix Remuneration of Auditors	For	
	Resolution 5. Elect Gareth Davis as Director	For (Exceptional)	Under normal circumstances we would not have supported this director as we are concerned with the number of board positions they hold and we would question their ability to devote sufficient time to the role. However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review.

	Resolution 9. Re-elect Dr Anastassia Lauterbach as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this non-executive director as she was a director of Wirecard AG, which collapsed earlier this year in a high-profile accounting scandal, also serving as a member of the audit committee and as chair of the risk and compliance committee. The failures of risk oversight, corporate governance, and stewardship at Wirecard raise concerns about her ability to effectively oversee management and serve the best interests of shareholders at easyJet as a Non-Executive Director and particularly as a member of the Audit Committee. However, we have exceptionally supported the re-election of Dr Anastassia Lauterbach having considered the company's views and assessment on this matter. In summary, whilst the Board of easyJet recognises that the events at Wirecard were extremely serious, it would strongly argue that Anastassia was, as a recent appointee to the Supervisory Board, playing an instrumental role in trying to address the problems which were there well before she arrived and which she subsequently picked up upon. For example, At the time she joined (end of June 2018), there were no Supervisory Board committees. It has been widely reported in the press that realising this she pushed and finally managed to convince the Board in February 2019 to set-up a number of committees, including a Risk and Compliance Committee and an Audit Committee. As the investigation is still ongoing, many of the details including the positive steps the Supervisory Board did take, may not be in the public

National Australia Bank Limited AGM 18/12/2020 AUSTRALIA	Resolution 2a. Elect David Armstrong as Director	For (Exceptional)	Under normal circumstances we would not have supported the re-election of the member of the Audit Committee on account of our concerns with breaches to UN Global Compact Principles on Human Rights, Labour Standards, Environment and Business Malpractice. This company has recently been involved in moderate to severe ESG controversies. National Australia Bank Limited faces allegations of failure to assess environmental impact at Oyu Tolgoi mine in Mongolia through its reported financing of the mines' operations. The company also allegedly failed to prevent corruption and faced criticism for allegedly misleading consumers in Australia. As such, we are withholding our support on this resolution to reflect our concerns. The Board Chair and Group CEO positions were turned over in 2019, so we are supporting on an exceptional basis to allow the Board time to get a handle on the cultural issues identified in the Royal Commission Inquiry into the banking, insurance and pensions industry.

Further, the Board composition is very unusual as there are five executives on the Board. We also have concerns over his aggregate board commitments as he is also an executive of Crimson Tide plc. However, we have exceptionally supported his re-election as the Company is currently recruiting an additional non-executive who essentially replaces Dame Erica Pienaar who stepped down earlier in the year. Secondly, we are a relatively new shareholder in the company so we will be engaging on these issues with the expectation that they will be addressed over the coming year.

Kier Group plc AGM	Resolution 1. Accept Financial Statements and Statutory Reports	For	

17/12/2020 UNITED KINGDOM	Resolution 2. Approve Remuneration Policy	For (Exceptional)	Under normal circumstance we would have voted against the Policy to reflect concerns over the LTIP maximum and normal award limits at 200% and 150% of salary respectively, and given the intention was to grant awards at 175% of salary for FY2021 (being above the 'normal' maximum). However, we exceptionally supported the Policy as in a Company letter to its shareholders, dated 20 November 2020, it confirmed that the Remuneration Committee has decided to grant LTIP awards of 130% of salary to the CEO and the CFO. The Company has clarified that this was prompted by shareholders who indicated that "they would expect a reduction in the LTIP awards to be granted to the Executive Directors in FY21 so as to reflect the decrease in the share price over the year." We welcome this change (and something we encouraged Kier to do) We also welcome that the pension levels of incumbent and future EDs will be aligned with that of the UK workforce, which is currently 7.5% of salary. Executive directors will also have to retain up to 200% of salary upon termination for two years after leaving the business which improves alignment of interests with shareholders.

	Resolution 3. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would not have supported this item as we have continuing concerns over the lack of disclosure around specific performance targets and high weighting of non-financial measures within the bonus framework. To be clear, we do not have concerns with the non-financial measures per se but consider that in this particular instance the non-financial measures are not disclosed and could possibly encompass elements associated with undertaking day to day responsibilities appropriate for the role, for which purposes fixed compensation should suffice. We however specifically note the Company's response in reducing variable pay by 50% in response to the Covid crisis and as such are supporting the remuneration report on an exceptional basis. We continue to have concerns with the realigned remuneration framework which has increased the certainty of pay award and will keep pay outcomes in subsequent years under strict review.

	Resolution 5. Approve the Amendments to the Company's Constitution	For (Exceptional)	Under normal circumstances, we would have voted against this resolution as the request to amend the company's constitution is potentially too broad (risking the possibility of future changes that are not in shareholders' best interests) and there is presently no regulatory framework to oversee shareholder proposals in the Australian market. On the other hand, this is a facilitating resolution for resolution 6 which we are broadly supportive of.
	Resolution 6. Approve Transition Planning Disclosure	For (Exceptional)	Market Forces has proposed a resolution requesting ANZ to disclose plans to reduce exposure to fossil fuel assets to conform to Paris Agreement goals. The proposal goes on to request the company commit to eliminating its exposure to thermal coal by 2030. ANZ's exposure to coal mining increased for the past three years to \$1.5 billion and its exposure to oil and gas increased each year since FY16 to \$19.9 billion in FY19. Whilst the bank has reported strategies and targets to reduce exposure to carbon-intensive industries while ramping up support for lower-carbon energy projects, support for this resolution is considered warranted, as adoption of reduction targets aimed to limit the company's exposure to fossil fuels would enable shareholders to better understand how the company is managing climate change related-risks and assess the effectiveness of the company's related efforts.

	Resolution 6. Approve Creation of EUR 9.8 Million Pool of Capital with Partial Exclusion of Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it enables the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, we have exceptionally supported as in the current climate we understand the need for companies (particularly relatively small one likes Medigene) to have the flexibility to raise cash quickly, without needing to obtain shareholder approval. This authority is valid for 5 years. We believe that authorities of this nature should be put to shareholders on an annual basis, as over the year there may be significant changes in company circumstances or in market conditions. However, in practice, the authority is put to shareholders on an annual basis.

	Resolution 7. Re-elect David Orr as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this non-executive director as he is not independent, being a director of Manor Packaging Ltd, which continues to have transactions with the Company (2020: £567,000, 2019: £495,000, 2018: £386,000) and sits on the audit and remuneration committees. We consider this inappropriate as the committees should consist entirely of independent directors. However, we have exceptionally supported his re-election as further to our engagement with the Company last year, we welcome the improvements to the Board composition (Isabel Napper was appointed as an independent non-executive director in May 2020 and Paul Barnes, a long serving director steps down at this AGM). The Company is also seeking the recruitment of a new independent non-executive. As such, we expect that David Orr will step down from the committees in due course but in any case we will be engaging with the Company on this issue .with the expectation this will be addressed by the next AGM.

	Resolution 3. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would not have supported the remuneration report as whilst the Company has capped the pension contribution for the current CFO and any new ED in line with the contribution level available to the wider UK workforce (currently 5.5% of salary), the pension contributions for the incumbent CEO is still retained at a value of 15% of salary and there is no commitment to reduce this. The Company states that it has reviewed the pension level for the incumbent Chief Executive Officer and taking into account the positioning of the overall remuneration package, the other changes being made to the current Policy, and the fact that the current pension level (15% of salary) is in line with the market, no changes are proposed at this stage. However, the (Remuneration) Committee will watch how the market evolves and keep this under ongoing review. Our view is that most UK companies have already aligned all executives, including incumbents, to the workforce rate or have disclosed plans to do so in the near-term. As, such, we will be making the Company aware that we will be unable to support the remuneration report next year if no action has been taken. The reason we have exceptionally supported this year is in recognition that pay levels are broadly fine and to reflect the decisions made by the Board for the year under review. For instance, the formulaic bonus outcome for 2019/20 would have resulted in an 11% of salary for each of Executive Directors, however, they waived the right to receive the bonus, given the adverse impact on the

Westpac Banking Corporation AGM 11/12/2020	Resolution 2. Approve Grant of Performance Share Rights to Peter King	For	

AUSTRALIA	Resolution 3. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would have voted against the remuneration report as the weighting of non-financial measures in the annual bonus plan is too high and specific targets are in many respect tasks which are part of the senior executive's "day job". Further there has been a significant disconnect between pay and performance in previous years. However, we have exceptionally supported to reflect that in response to significant votes against the pay report in prior years, the board has engaged with shareholders resulting in a number of changes to address shareholder concerns. These include a lower salary for the new CEO (AUD\$2.4 million) compared to his predecessor (\$2.7 million), therefore also reducing variable pay opportunity, and discretion has been applied to cancel the FY20 bonus awards for all executives. Also, we note that LTIP awards did not vest for the fifth consecutive year.
	Resolution 4a. Elect Peter Nash as Director	For (Exceptional)	Under normal circumstances we would not have supported this director as we are concerned with the number of board positions they hold and we would question their ability to devote sufficient time to the role. However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review. Also, women represent less than 33% of the board (Alison Deans is retiring at this AGM, reducing the female representation to 20 percent). However, the board has disclosed that it intends to move to 40 percent female representation in FY21. In addition, at the 2019 Annual General Meeting, women represented 44% of the board.

Ceres Power Holdings plc AGM 10/12/2020 UNITED KINGDOM	Resolution 1. Reappoint BDO LLP as Auditors and Authorise Their Remuneration	For (Exceptional)	Under normal circumstances we would have raised concerns with this resolution on account of the fact that audit and non-audit fees have not been disclosed. However, it is pertinent to note that this is a forward-looking resolution which authorises the Board to appoint auditors for the next year and set their remuneration. It is also worth highlighting that the Company has changed its financial reporting year-end from 30 June to 31 December. Given the Company's previous track record, we are comfortable adopting a lenient approach and will keep the Company's disclosures and governance checks under review.

Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 12. Authorise Issue of Equity without Pre-emptive Rights (Additional Authority)	For (Exceptional)	Under normal circumstances we would have voted against this authority (enabling the company to issue shares equivalent to 10% of the issued share capital), as it is in addition to the (10%) authority proposed under resolution 11, and if fully utilised will be very dilutive to existing holders. However the company has previously explained to us that the intention behind the authority is to provide the PRS REIT additional flexibility to issue shares, on a basis that is not dilutive to shareholder value, for investment in PRS Units in line with its investment policy and strategy for growth. In addition, the higher authority is expected to broaden the Company's asset base which will increase the diversity of the portfolio. It will also allow the Company to broaden its investor base and enhance the size and liquidity of the Company's share capital and spread the fixed operating costs over a larger capital base, thereby reducing the Company's ongoing charges ratio. This is considered to be in the best interests of existing shareholders, without the time restrictions and uncertainty caused by holding a specific general meetings. As a result of the following assurances received, we were able to support the resolution: <ul style="list-style-type: none"> • Any issues of shares under these authorities will be at a price no lower than the prevailing NAV to ensure that there is no dilution to existing shareholder value • The company will canvas support from existing shareholders ahead of any issue to ensure they are making decisions in the best interests of shareholders.

	Resolution 6. Re-elect Martin Hellawell as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of Martin Hellawell as having stepped down from his role as CEO, he was appointed as Non-executive Chair with effect from 1 April 2018 and hence cannot be considered independent. We do not normally support the CEO moving to the role as Chair as we believe it is important for companies to have an independent Chair. However, we supported this arrangement at the 2018 AGM and continue to support his re-election on an exceptional basis as one of the reasons given for his appointment as Chair was "the relative lack of tenure of the new Board given the Company only went public in late 2015 and the subsequent need for (his) corporate memory bank on the Board.". This remains the case to some degree and the Board is relatively small (with just six directors), and so we continue to see the benefit the Chair brings to the company. There is also strong independence and diversity on the Board and no signs of poor culture. Despite our support this year, this is not an arrangement that we are likely to support indefinitely.

YouGov plc AGM 10/12/2020 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the Remuneration report to reflect some concerns over the generosity of LTIP awards e.g. the recent award granted to the CEO equates to £1.8m (670% of salary) and this is the first of three annual tranches of awards to be granted under the 2019 LTIP . However, we have exceptionally supported in recognition that fixed pay is positioned in the lower quartile and bonus opportunity of 150% of salary is also relatively low (given the salary positioning). Moreover, the LTIP awards are subject to challenging targets over a 4 year period (compound annual growth in Adjusted Basic EPS of between 10% to 35%, with a small amount of award vesting for hitting the lower end of the EPS targets). As such, a significant part of executive pay is subject to the (strong) long term performance of the company.

Ferguson Plc AGM	Resolution 1. Accept Financial Statements and Statutory Reports	For	

03/12/2020 JERSEY	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would have voted against the remuneration report to reflect that Kevin Murphy and Mike Powell received bonus payments equal to 107% and 79% of their respective salaries (which is approximately two-thirds of maximum) and yet there has been significant headcount reduction during the health pandemic which did not appear to not be taken into account in respect of bonus decisions. However, subsequent to the publication of the AR&As, the company wrote to us (and other shareholders) to explain that the reduction in headcount is consistent with similar decisions made in previous years and takes a longer-term view of economic conditions in key markets, addressing productivity challenges etc so was not a short-term reaction to the business impact of Covid-19. We are also mindful that Ferguson has not utilised any Covid-related Government furlough (or equivalent) support where this was available to the business, i.e. in the UK and Canada; and it has had resilient trading performance in for the year ended 31 July 2020, despite particularly challenging markets in the second half. The company also provided further details on the actions it has taken in respect of its treatment of employees. For example, all hourly paid associates in the US received bonus payments of \$1,500 during 2020 in recognition of their dedication and contribution to protecting the business on behalf of all stakeholders (these associates do not normally receive bonus payments), and the company prioritised reductions in overtime and temporary layoffs in the US (from which all impacted

Advisory Vote to Ratify Named Executive Officers' Compensation	For (Exceptional)	Under normal circumstances we would have voted against the Remuneration arrangements as less than 2/3 of LTIP awards are performance based, therefore pay arrangements do not appear to be properly aligned with performance. There are also some concerns over quantum. However, we have exceptionally supported to reflect that, in response to investor feedback, the company is making significant improvements to the FY21 pay program. Specifically, performance equity will constitute 70% of the CEO's LTI pay mix, and his bonus / STI will be predominantly based on pre-set financial metrics in FY21 (for FY20, only half of the STI relies on quantitative metrics). Further, the company's short- and long-term stock price performance has been very strong, and the quantitative annual incentive goals appear rigorous.

Evolution Mining Limited AGM 26/11/2020 AUSTRALIA	Resolution 1. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would have voted against the remuneration report reflecting concerns over the high weighting of non-financial metrics determining the annual bonuses, which lack disclosure. Further, the grant of a transition award to the Executive Chairman in 2017 vested at a high level in FY20 (and is very generous). However, we have exceptionally supported as there is no disconnect between pay and performance and the award to the Chairman is a legacy matter. Also, improvements have been made to remuneration to ensure better alignment with shareholders. We will continue to keep both the bonus targets and overall the quantum of remuneration under review.

	<p>Resolution 9a. Starting from Financial Year 2020/21, the Company must Apply the Recommendations of the Task Force on Climate-Related Financial Disclosures (TCFD) as the Framework for Climate-Related Disclosure in the Company's Annual Report</p>	<p>For (Exceptional)</p>	<p>Support for this resolution is warranted considering that the proponent is seeking enhanced disclosure aligning with TCFD guidelines, which the company acknowledges is a natural next step in terms of climate reporting. We note (and welcome) that Chr. Hansen has already taken a number of important steps to manage the climate related financial risks of the company. With the new 2025 Strategy Chr. Hansen is committing itself to the Science-Based Targets Initiative aiming to limit global temperature rise to 1.5 degrees and reduce the environmental footprint of the company through investments into renewable energy, recyclable packaging and circular bio-waste management. The company has also for years measured and reported on direct and indirect energy consumption and carbon emissions. These steps are fully in line with the TCFD, but the TCFD recommendations raise the bar even further. TCFD defines the metrics to be used and provides a framework for reporting on climate-related financial risks identified in various temperature scenarios. Additional reporting on the company's climate risk policies, initiatives and oversight mechanisms would benefit shareholders in assessing its management of related risks.</p>

	Resolution 9b. Instruct Board to Complete an Assessment of the Ability of the Company to Publish Country-by-Country Tax Reporting in line with the Global Reporting Initiative's Standard (GRI 207: Tax 2019) starting from Financial Year 2021/22	For (Exceptional)	Support for this resolution is warranted because it is a request to evaluate the ability of the company to publish tax reporting that has the support of the board. Chr. Hansen has already taken significant steps to demonstrate a responsible approach to corporate tax, e.g. by publishing a tax policy. However, investors and other stakeholders increasingly expect leading companies committed to sustainable development and corporate responsibility, such as Chr. Hansen, to lead the way on corporate tax transparency by producing public country-by-country reports (PCbCR) on tax. The GRI Tax Standard is the first global standard for comprehensive tax disclosure at the country-by-country level. It supports public reporting of a company's business activities and payments within tax jurisdictions, as well as their approach to tax strategy and governance

<p>Apartment Investment & Management Co Class A Proxy Contest 20/11/2020 UNITED STATES</p>	<p>Resolution 1. Consent to Call a Special Meeting to Approve a Non-Binding Resolution Urging the Board to Put Any Proposed Separation or Spin-Off To a Vote At a Meeting of Stockholders</p>	<p>For (Exceptional)</p>	<p>Land & Buildings (L&B), a holder of 1.4 percent of Aimco, is soliciting support from at least 25 percent of shares to call a special meeting to approve a non-binding resolution urging the board to put the company's planned separation of its business into two publicly traded companies through a taxable reverse spin-off to a shareholder vote (a separate solicitation regarding the non-binding resolution will be launched when and only if this solicitation is successful). L&B argues that shareholders should be able to vote on the AIV's proposed spin-off, especially considering the tax implications. According to L&B, the board did not consider all options for maximizing value when it decided to proceed with the proposed transaction. L&B contends that the proposed transaction will not close the company's discount to NAV. In our view, support for this proposal is warranted to allow shareholders who disagree with the spin-off or the particular choice of a taxable structure, to express a view on the transaction. Although the board is right that spin offs are rarely put to a shareholder vote, the complexity and consequences of this transaction seem to outweigh that fact. By requesting a vote on such a transformative transaction, shareholders should, at the very least, obtain additional details with which to assess the risk/reward equation. Or to the heart of the matter , it will provide an opportunity for the board to prove to the markets that it indeed has the shareholder support that it claims it possesses.</p>

Redrow plc AGM	Resolution 1. Accept Financial Statements and Statutory Reports	For	

06/11/2020 UNITED KINGDOM	Resolution 2. Re-elect John Tutte as Director	For (Exceptional)	Under normal circumstances we would not have supported the re-election of the Chair as he is a former CEO of the company and more recently served as an Executive Chair so is therefore not independent. However, we are comfortable with the explanation provided by the company and as this is a transitional arrangement. Specifically, it was initially intended that John Tutte would step-down to Non-Executive Chairman from 30 June 2020. However, due to the unprecedented impact of COVID-19 on the business and the housebuilding industry, the Board asked John Tutte to remain as Executive Chairman until the Company's AGM in 2020 to support the senior management team get the business back to full operation and John Tutte agreed to this request. Moreover, it remains John Tutte's intention to retire from the Board ahead of the AGM in 2021.

	Resolution 18. Approve Waiver on Tender-Bid Requirement	For (Exceptional)	The CEO's shareholding was 34.7% of the issued share capital (ISC) as at 10 Sept 2020 so if the buy-back authority proposed under resolution 17 is exercised in full (and the CEO does not participate), his holding could increase to 36.5% of the ISC. Under the Takeover Code he will therefore be required to make a general offer for the shares he currently does not own. Approval is sought to waive this obligation. Under normal circumstances we would have voted against this proposal as this is our protection against creeping control i.e allowing the major shareholder to gain control of the Company without paying a premium to the other shareholders. However, we have exceptionally supported this year, as we have done in most of the previous years for the following reasons: We have previously engaged with the company over this issue which has clarified that the CEO has habitually donated shares from his holding in Ashmore to charity and his shareholding in Ashmore has therefore steadily fallen since the time of Ashmore's initial public offering (IPO) in Oct 2006 when it was approx. 44%. Hence, this is evidence that the CEO is not trying to get control of the company on the cheap. Further, Mark Coombs has made a public commitment to reduce his shareholding by 4% per year to a "more appropriate level" below the 30% shareholding limit that triggers the requirement to seek a Rule 9 waiver Secondly, the meeting materials again state that in common with many other asset managers, the Company has capital in excess of its regulatory requirements and

Adopt Interim Cultural Heritage Protection Measures (RESOLUTION WITHDRAWN)	Abstain	<p>We were initially going to support this resolution as it would ensure the company's commitment to protect Cultural Heritage sites which is in the long term interests of the company and its stakeholders. However, upon engagement with BHP, the company provided a detailed summary of existing efforts to ensure native title holders' right to free, prior and informed consent (FPIC). The company believes that FPIC is not a static concept but something that is enshrined in agreements; and traditional owners wouldn't agree to something they are not comfortable with. More broadly, it appears that BHP is already meeting many if not all requirements detailed in the shareholder proposal.</p> <p>One could argue that despite BHP's best efforts to ensure FPIC, there remains a residual risk which is tied to the weak legal framework in Western Australia. The resolution could therefore be viewed as a means to eliminate potential risks by requiring a moratorium. However, the company argued that an open-ended moratorium may spell material operational risks as BHP is currently operating across 4 different jurisdictions, each with their own legal frameworks.</p> <p>On balance we consider that an abstention was an appropriate stance to take for now and we will continue our engagement with BHP to ensure that there is minimal risk with its to approach to cultural heritage sites.</p>

	Resolution 25. Approve Suspension of Memberships of Industry Associations where COVID-19 Related Advocacy is Inconsistent with Paris Agreement Goals	For (Exceptional)	We have (again) supported this resolution as disassociating from industry groups whose record of climate change and energy related advocacy is inconsistent with the Paris Agreement's goals will benefit shareholders by bringing the company's activities into better alignment with its stated positions on climate change. Although the company made an announcement on 7 Oct 2020 to exit the Queensland Resource Council (QRC) due to their targeted attacks on the Australian Green party, concerns remain with respect to BHP's membership in the other trade organisations (e.g. API, NSWMC) which continue to promote fossil fuel expansion and obstruct climate policies in other ways. Hence support for this resolution is warranted.

	Resolution 2. Approve Remuneration Report	For	

	Resolution 3. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances we would have concerns with the lack of bonus deferral and the increase in level of variable pay opportunity. However, we note the Remuneration Committee's track record in making compensation decisions over the last few years: no bonus has been paid for three consecutive years now and LTIP has not vested for the last two years. This is of course a reflection of Company's performance during the performance period, but the proposed policy includes strengthened malus/ clawback provisions; a two-year holding period post vesting and more importantly a roadmap for pensions alignment with the wider workforce. In the round, we are comfortable supporting the remuneration policy on an exceptional basis.

	Resolution 8.1. Approve Creation of EUR 35.5 Million Pool of Capital with Partial Exclusion of Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it is valid for 60 months. We believe that authorities of this nature should only be valid until the next AGM, as over the year there may be significant changes in company circumstances or in market conditions that we may need to assess in vote considerations. However, we have exceptionally supported as in fact the company is seeking renewal of these authorities on an annual basis (so in practice our expectations are being met). Further, the amount sought is within our guidelines for what we would usually support.

However, we have exceptionally supported his re-election in view of the strong explanation provided by the Company. This includes the fact that all three of his chair roles are at all Smallcap companies (which require less time than FTSE 350 companies), and his strong attendance record and contribution including a significant amount of additional time in response to the pandemic. Of course, him continuing in the role also provides some continuity during these unprecedented times. Further, he has committed to reduce his mandates by the end of the current financial year.

08/09/2020 GUERNSEY	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would have voted against the remuneration report to reflect that during the year, substantial additional remuneration was paid to the non-executive directors. However, we have exceptionally supported as the Company has provided further information on the payments made which were made in connection with significant amounts of extra ad-hoc work required from the Directors (in a year of significant activity and growth resulting in 59 board or committee meetings). We note that major shareholders will be consulted on the new remuneration policy including an increase in Directors' fees. We will make it clear that we expect fees to be fixed and not variable, especially now the Board has a better idea of the time commitments required.

However, we have exceptionally supported as it is apparent that the current fee limit is inadequate given the time expected from directors (see resolution 2). The increase in the cap is also intended to accommodate additional directors being appointed. We note that major shareholders will be consulted on the new remuneration policy including an increase in Directors' fees. We will make it clear that we expect fees to be fixed and not variable, especially now the Board has a better idea of the time commitments required.

NortonLifeLock Inc. AGM 08/09/2020 UNITED STATES	Resolution 1a. Elect Director Sue Barsamian	For (Exceptional)	In normal circumstances we would be unable to support as this individual is the nomination committee chair and we have concerns over the lack of women on the Board. However as she is one of the females on the board, it would be counter productive to vote against her re-election.
	Resolution 1b. Elect Director Eric K. Brandt	For (Exceptional)	Under normal circumstances we would not have supported this director as we are concerned with the number of board positions they hold and we would question their ability to devote sufficient time to the role. However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review.

	Resolution 9. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the Remuneration report to reflect that discretionary payments have been made (a one-off award of £500,000 and £400,000 to the CEO and FD respectively which were not based on pre-determined performance conditions), something which we are generally unsupportive of. However, we have exceptionally supported as the awards were essentially instead of the annual bonus and were in recognition of the material time and effort devoted to the business in addition to their commitments as Executive Directors of Investec. We note that 2020 was a momentous year for the Company, delivering record earnings and the successful demerger from Investec, rebranding as Ninety One and listing on the LSE and JSE. Our support also reflects that salaries for the CEO and FD were set at £666,000 and £533,000 represent a reduction from the fixed remuneration of £1,332,000 and £1,066,000 which the CEO and FD received in their previous roles at Investec plc.

	Resolution 4. Reelect Michal Petrman and Denis Hall as Members of Audit Committee	For (Exceptional)	The election of these directors is bundled into a single vote. We disapprove in principle of bundling together proposals that could be presented as separate voting items because bundled resolutions leave us with an all-or-nothing choice, and making the directors less accountable to shareholders. However, we take some comfort in this case that both of the proposed directors can be considered independent, and therefore we are abstaining rather than opposing. An abstention is not a valid vote option, hence the for vote recommendation.

Authorise Issue of Equity without Pre-emptive Rights in Connection with an Acquisition or Other Capital Investment	For (Exceptional)	Under normal circumstances we would have voted against this proposal as the Company seeks to disapply pre-emption rights on share issuances for an additional of 10 percent of the current share capital. This authority, when aggregated to the proposed authority under resolution 13, will exceed the limit normally recommended by UK' Pre-Emption Group. However, in light of the global health pandemic, the Company has put forward a reasonable explanation to justify the request. Any use of the expanded authority will be kept under review, with a particular focus on the extent to which the Company adheres to the guidance provided by the Pre-Emption Group regarding this issue. Moreover, the Pre-Emption Group has recommended that investors temporarily consider supporting issuances of up to 20 percent on a case-by-case basis.

However, we have exceptionally supported his re-election as we note that the Company appointed two female directors in August 2019 and the number of women has only recently fallen as a result of the restructuring of the Group (i.e. Kim McFarland stepped down upon her appointment as CFO of Ninety One.
	Resolution 3. Re-elect David Friedland as Director	For	

	Resolution 4. We are supporting the re-election but we will however be keeping this under review.

Approve Non-executive Directors' Remuneration	For (Exceptional)	Under normal circumstances, we would have voted against the proposal as it includes the potential for NEDs to receive fees for additional work committed to the Group. Large fees paid for such work may undermine NED independence. However, we have exceptionally supported as similar proposals have been approved previously, yet there is no evidence of the NEDs having provided consultancy work at a level which would potentially impact their independence in previous years. The overall level and structure of NED fees appear to be in line with what other large financial companies are offering to their NEDs. 	Resolution 3. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the remuneration report due to the undisclosed Land Sector financial targets for which John Davies' bonus were considered to be met at maximum while the financial performance at group level were not met. However, we are broadly supportive as his total bonus is not considered excessive (£247k) and appears to be a fair reflection of performance of the Land division (where he is CEO and which delivered solid results) and we accept the Remuneration Committee's explanation that the measures, targets and outcomes related to these elements are considered commercially sensitive. This will no longer be an issue as whilst he will continue to lead the Division, John Davies has stepped down from the Board to simplify its There were also some bonus payments for the CEO and Finance Director as a result of their performance against non-financial targets (which determined 20% of the total) - financial targets (80%) were not met. However, we note that the final decision regarding the bonus payout has been delayed until such time as the Board makes its decision on the final dividend in respect of the 2019/20 financial year. Further, due to the impact of Covid-19, the Committee accepted a proposal by the CEO to suspend the implementation of annual salary increases and keep this under review during FY2021, and the Executive Directors also volunteered a temporary 20% reduction to their base salaries.

	Resolution 3A. Re-elect Daniel Kitchen as Director	For (Exceptional)	Under normal circumstances we would not have supported this director as we continue to be concerned with the number of other Board / Chair positions he holds questioning his ability to devote sufficient time to the role. However, we have exceptionally supported his re-election as we are pleased to see that he stepped down from the Board of Workspace Group in July 2020. In addition, the Chair continues to say that "none of the companies of which I am Chair operates in heavily regulated businesses, such as financial services or the pharmaceutical industry, and only Applegreen has geographically diverse operations. I am able to manage my commitments to the benefit of all of the companies."

Given the absence of further concerns regarding this director we are supporting the re-election.

	Resolution 13. Re-elect David Thodey as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of non-executive director David Thodey as since the 2019 AGM he has become Chair of Tyro Payments Ltd and Chair of Xero Ltd (where he was previously a non-executive) and has retained his role at Ramsay Health Care Ltd. All three other plcs are also very large companies (with billion / multi billion market caps) raising questions over how he is able to make himself available and contribute effectively to the Vodafone Board. However, we have exceptionally supported his re-election as having engaged with the company we have been advised that the Australian Boards he is involved with are substantially different to large multinational, UK-listed companies and the 3 Boards he is involved with require a total of 21 days commitment p.a. As such he has plenty of availability for the Vodafone Board. We are also mindful of the value he brings i.e. his specific fixed and mobile experience in a large market and that his positions at both Tyro and Xero are complementary to his role with Vodafone (payments and cloud technology).

	Resolution 19. Authorise the Audit and Risk Committee to Fix Remuneration of Auditors	For (Exceptional)	Under normal circumstances we would have voted against this resolution as the non-audit fees for the year were significant at EUR 6,000,000 and being more than 25% of the audit fees. The integrity of the auditor's relationship with the company is compromised when a firm is paid excessive fees on top of those paid for auditing services. This arrangement has the potential to open the auditor process to a wide range of conflicts of interest. However, we have exceptionally supported as we are mindful that E&Y have only been auditors for a year and we would not expect the level of non-audit fees to continue.

National Grid plc AGM 27/07/2020 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	Under normal circumstances, we would have voted against the Report & Accounts to reflect that National Grid has not yet set a science based emissions target. We expect large emitters to report on climate risks according to the TCFD framework and to define an emissions reduction target aligned with the Paris Agreement. However, we have exceptionally supported in recognition that the company has set an ambitious target to reduce its GHG emissions to net zero by 2050. It's previous target was to deliver a 70% reduction by 2030 and an 80% reduction by 2050 for direct emissions from a 1990 baseline. Further it has made good progress so far and has already achieved its 2020 target; to reduce GHG emissions by 45%.

However, we are exceptionally supporting his re-election this year having noted the company's stated intention to change this: " Giles will continue to carry out his chairmanship duties of the Audit Committee until such time as a new Chair of the Audit Committee can be appointed." We would have liked to see a clear timeline provided for such reorganization to take place but remain mindful that significant changes to the composition of the board have taken place prior to the AGM, including the Company currently having an Interim FD following the loss of Rachel Kentleton as FD in June 2020, which could justify the lack of clarity in regard to the length of the period of adjustment. We also note that following Rachel Kentleton stepping down from the Board, the diversity level has fallen below one-third. We will keep this under review.

She also holds a directorship at Hermes Property Unit Trust. In aggregate, and particularly given her executive role, these roles raise questions as to how she is able to devote sufficient time to her role at Helical (and Segro) However, we have exceptionally supported as we are mindful that her executive position at CBRE is a part time one and that one of her other roles is at a unit trust where the time commitment would be expected to be far less onerous. This will be kept under review.

Approve Remuneration Policy	For (Exceptional)	Under normal circumstances, we would have concerns with the fact that bonus deferral only applies when the award is over 100% salary; which we do not view as sufficient. On balance, we are comfortable supporting the policy framework, but will engage further with the Company to reflect our concerns regarding the level of bonus deferral in place.

	Resolution 2. Approve PricewaterhouseCoopers LLP as Auditor and Authorize Manager to Fix Their Remuneration	For	

	Resolution 3. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

BT Group plc AGM 16/07/2020 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For	

	Resolution 3. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances, we would have voted against the new remuneration policy as the Company will replace its current performance-based LTIP with a restricted share plan (proposed under resolution 27), for which the vesting of awards would only be subject to a set of underpins. Further, given the significant award levels available under the new plan, we do have some reservations over whether the reductions in quantum opportunity appropriately offsets the increased certainty of reward outcomes. However, we exceptionally supported the new policy as firstly, the Company has provided a strong justification for this type of plan. The Company explains that "at the heart of our business strategy, is the need to deliver the best converged network in the UK through our rollout of Fibre-To-The-Premises (FTTP) and 5G. The technology and infrastructure build that this requires are complex and will take many years to deliver. We must also navigate multiple and sometimes conflicting requirements from different stakeholder groups (e.g. the Government, the regulator, customers, other communication providers, and shareholders). To ensure we support the right management behaviours to do the right things in a considerate way for all stakeholders we believe we need a new long-term incentive plan." Secondly, following extensive engagement with the Company, whilst the "normal" maximum award level has been set at 200% of salary (representing a 50% reduction on the traditional LTIP awards), the initial awards have been reduced to 160% of salary. Adopt New Articles of Association	For (Exceptional)	Under normal circumstances we would have voted against the changes to the Articles as they will allow for the convening of virtual-only shareholder meetings. We are typically opposed to virtual-only AGMs as these can reduce the accountability of directors to shareholders. However we have exceptionally supported because the Board has stated that it has no present intention of holding a virtual only meeting. We are also mindful that in light of the global health pandemic, there is a clear case for greater flexibility in this regard at present. Indeed, these provisions will only be used in accordance with the Companies Law and where the Directors consider it is in the best of interests of shareholders for a virtual only or hybrid meeting to be held.

	Resolution 3. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

Particularly given her senior role at BP, we question how she can effectively perform her three board roles. We however also note that the Board has two female directors incumbent. We will be keeping the diversity mix on the Board under strict review in subsequent years.

However, as the company has made positive changes during the year and there is a plan for the tenured directors to retire at the 2021 and 2022 AGMs we will support but keep under review. Also noted is that a woman director has been appointed to the Board during the year, which is an improvement in terms of gender balance.

We do not support proposed terms of office exceeding 3 years as we feel longer terms in office reduces director accountability to shareholders. However, Yann Delabriere occupies a key role on the board as lead independent director, with a clear mandate mitigating the combined CEO/Chair position. We are therefore exceptionally supporting his re-election but will keep engaging with the company to further improve accountability of directors to shareholders by reducing terms of office and appointing a fully independent audit committee.

Under normal circumstances we would not have supported him because we don't believe he can be considered as independent on account of his long tenure (16 years) and there are two non-independent directors, in total, serving on the board, while we only accept one. Nevertheless, we are mindful that this is only temporary and are not opposing this year.

	Resolution 8. Ratify Appointment of Ernst & Young et Autres as Auditor	For (Exceptional)	Under normal circumstances we would have voted against the reappointment of E&Y as the company has retained the same audit firm since 1995 (i.e. in excess of twenty years). Mandatory auditor rotation every 20 years and at least a Tender for Audit services every 10 years is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. In addition, the non-audit fees for the year were significant at EUR 2,000,000, being half of the total audit related fees and the company did not provide any explanations regarding these fees. The integrity of the auditor's relationship with the company is compromised when a firm is paid excessive fees on top of those paid for auditing services. This arrangement has the potential to open the auditor process to a wide range of conflicts of interest. However, we have exceptionally supported their reappointment as we note that the other auditors, Deloitte are being replaced at this AGM (by PricewaterhouseCoopers0 having also served since 1995. As such, we consider it appropriate that there is some continuity on the audit. A second auditor change at this time would not be appropriate. Note this is a formality as the company aims at correcting a typing error from last AGM by proposing last year's resolution, corrected, at this year's AGM. We are applying a vote decision in line with our position last year.
