Recruit Holdings Co. Ltd. AGM 30/06/2020 JAPAN	Resolution 1.1. Elect Director Minegishi, Masumi	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this top executive to reflect our concerns that there is only one woman represented on the board. However, we have exceptionally supported their re-election as it is unrealistic to expect the same progress on gender diversity in all markets but we will keeping this issue under close review. We would have voted against if there were no women on the board.

	Resolution 2. Approve Ernst & Young LLP as Auditors and Authorize Manager to Fix Their Remuneration	For	
	Resolution 3. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

Approve Remuneration of Directors; Approve Remuneration for Committee Work	For (Exceptional)	The non-audit fees paid to PwC for the year were significant at 16,000,000 SEK and being more than 25% of the audit fees. The integrity of the auditor's relationship with the company is compromised when a firm is paid excessive fees on top of those paid for auditing services. This arrangement has the potential to open the auditor process to a wide range of conflicts of interest. However, we are exceptionally supporting this year because PwC is being replaced by Ernst & Young.

	Resolution 3. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

	Resolution 3. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against the general share issuance authority for up to 100% of current issued share capital. This exceeds our guidelines of 50% of issued share capital for REITs for issuances with preemptive rights. However, it is noted that the SGX RegCo recently issued a news release amid the challenging business and economic climate due to COVID-19 which enables the acceleration of fund-raising efforts by allowing Mainboard issuers to propose a general mandate for an issue of shares and convertible securities on a pro rata basis of up to an aggregate of 100 percent of its issued shares (previously 50 percent) with a sub-limit of 50 percent of issued capital on shares that may be issued without preemptive rights (Enhanced Share Issue Limit). The board of the Manager believes that it would be in trust and unitholders' best interest to propose the Enhanced Share Issue Limit in the event that circumstances evolve before the 2021 AGM amid the COVID-19 situation to such an extent that a 50 percent limit for pro rata issues is no longer sufficient to meet the company's needs. We are approving this on an exceptional basis this year and will monitor the use of authority by the Company's management.

	Resolution 6. Initiate Share Repurchase Program	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this shareholder proposal is warranted because:- Capital efficiency is an issue at this company.- Implementing the proposal is unlikely to impact the company's financial flexibility significantly.- The proposed authorization would not bind the company to actually repurchase any shares and imposes no inflexible mandate.

	Resolution 7. Appoint Shareholder Director Nominee Arai, Satoshi	For (Exceptional)	<p>This item is being referred for internal consideration. The dissident shareholder proposes that Satoshi Arai be appointed to the board of MLC as a director. The dissident has presented a compelling case for change at the board level. Over the three-year and five-year periods preceding the unaudited date of May 7, 2020, MLC's stock price performance was substantially inferior to that of comparable warehouse companies. During the last three years, MLC's logistics and real estate businesses underperformed those of peers in terms of operating income growth and in terms of operating margins. MLC's ROE has also lagged the peer median over the last three years under the combined effects of a weak operating performance and excessively conservative capital allocation practices. In addition, MLC's board suffers from structural weaknesses. Unlike peers', MLC's board does not include a single independent director, and its board is much larger than the peer median, which might affect the efficiency of its decision-making process. The two dissident nominees would bring some independent thinking to the board as, unlike other outside directors, they would not come from the Mitsubishi group. Dissident nominee Arai has experience in logistics applied to the pharmaceutical sector, which is an area in which MLC operates. Dissident nominee Yamakawa has experience in logistics (including in the application of technology in the logistics sector according to the dissident) and in finance. These nominees' experience and skills represent a good fit to the company's present</p>

	Resolution 8. Appoint Shareholder Director Nominee Yamakawa, Taketo	For (Exceptional)	<p>This item is being referred for internal consideration. The dissident shareholder proposes that Taketo Yamakawa be appointed to the board of MLC as a director. The dissident has presented a compelling case for change at the board level. 	Resolution 9. Amend Articles to Adopt Board Structure with Three Committees	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this shareholder proposal is recommended because:- The current board profile leaves room for improvement, and adopting a three-committee system should serve to demonstrate the company's commitment to improve its governance profile by establishing legally-required audit, nomination, and compensation committees.
	Resolution 10. Amend Articles to Add Provision on Abolition of Advisory Positions	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this shareholder proposal is warranted because:- The proposal will add credence to the soundness of the company's governance by trying to reduce the influence of former senior executives over the company's ongoing strategic decision making process.- Meanwhile, banning such advisory posts in the articles of incorporation will not prevent former senior executives of the company from playing the role they currently have with the business community, without the title of advisors, if that is deemed to be reasonable.

	Resolution 4. Re-elect John Allan as Director	For (Exceptional)	The female representation after this AGM will still stand, as during 2019, at 31% - still falling short of the minimum required for a well-balanced board of a FTSE 100 company. Normally, we would have voted against the nomination committee chair and chair of the Board, John Allan, to express our concern over the lack of women on the board, however we are exceptionally supporting his re-election this year, having noted the progress made last year with the appointment of Melissa Bethell as a NED. While we believe another woman should have been appointed to the board this year, we are conscious that no new directors, other than the CEO designate, have been recruited and count on further progress being made once the markets return to normal.

	Resolution 11. Approve Alternative Allocation of Income, with a Final Dividend of JPY 1 Higher Than Management Proposal	Against	• Proposals do not add any value or strong case not made
	Resolution 12. Remove Incumbent Director Morimoto, Takashi	For (Exceptional)	The dissident shareholders seek the ouster of Takashi Morimoto from the board of directors. Supporting this proposal seeking to oust Takashi Morimoto, who has been on the board for four years, would help show shareholder concerns over the utility's senior management's highly questionable practice of accepting money and gifts over a 30-year period from a local official.

	Resolution 13. Amend Articles to Require Individual Compensation Disclosure for Directors	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this shareholder proposal is recommended because:- The proposed disclosure would promote accountability and help shareholders make better-informed decisions; and- Although the individual compensation disclosure in the proxy circular this year is a welcome move, in order to make sure that the disclosure practice continues going forward in the future, the amendment is needed, in light of the utility's senior management's highly questionable practice of accepting money and gifts over 30 years from a local official.
	Resolution 14. Amend Articles to Add Provision on Abolition of Advisory Positions	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this shareholder proposal is warranted because:- The proposal will add credence to the soundness of the utility's governance by trying to reduce the influence of former senior executives over the utility's ongoing strategic decision-making process; and- Meanwhile, banning such advisory posts in the articles of incorporation will not prevent former senior executives of the utility from playing the role they currently have with the business community, without the title of advisors, if that is deemed to be reasonable.
	Resolution 15. Amend Articles to Establish Donation Committee	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this shareholder proposal is warranted because:- While the company announced that it would set up a Procurement Review Committee, that is a voluntary committee, and therefore, by stipulating the establishment of such committee in the articles of incorporation, the company will be required to continue to have the committee going forward.

	Resolution 27. Amend Articles to Reduce Maximum Board Size and Require Majority Outsider Board	Against	• Proposals do not add any value or strong case not made
	Resolution 28. Amend Articles to Require Individual Disclosure of Compensation Received after Directors' Departure from the Board	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this shareholder proposal is recommended because:- The proposed disclosure would promote accountability and help shareholders make better-informed decisions; and- As the utility's overall transparency concerning compensation practices has been called into question, the proposed disclosure is considered beneficial to shareholders.

	Resolution 4. Amend Articles to Restore Shareholder Authority to Vote on Share Buybacks - Restore Shareholder Authority to Vote on Income Allocation	For	

	Resolution 5. Amend Articles to Disclose Plan Outlining Company's Business Strategy to Align Investments with Goals of Paris Agreement	For (Exceptional)	Support for this proposal is warranted, as shareholders would benefit from additional information on the company's plans regarding aligning its behaviour with the Paris Agreement climate goals and reducing climate-related risks, and would place market discipline over management for continued improvement of climate-related disclosure practices.
	Resolution 6. Amend Articles to Set Threshold of At Least 1000 Letters if Company Is to Set Letter Limit on Reasons for Shareholder Proposals	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this shareholder proposal is warranted because:- Allowing for longer statements in support of shareholder proposals could help proponents make clear, understandable arguments in favor of changes which could enhance shareholder value.- The passage of this proposal would address unfair treatment of shareholder proposals.

	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstance we would have voted against the remuneration report to reflect our concerns that Long Term Incentive awards are subject to performance periods shorter than three years (awards cover a five-year period but are split into five equal tranches, with each tranche measuring annual performance over the period). Therefore this is an inappropriately short time frame and we would expect incentives to focus minds on longer term performance. However, we have exceptionally supported as we have recently been consulted on proposed changes to remuneration which includes a move to a more conventional LTIP structure with the setting and assessment of performance targets over a three year term

However, we are mindful that the proposed term is just one year over our preferred term. Given our lack of concerns regarding the board we are supporting this director's re-election.

25/06/2020 UNITED KINGDOM	Resolution 2. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances, we would have voted against this item on account of our concerns with the lack of alignment in pensions for the incumbent EDs with that of the wider workforce. However, it is noted that pensions for new joiners will be aligned and the level of pensions for the incumbent EDs is not excessively out of line with that of wider workforce at 15% of salary v/s 8% respectively. The CEO was previously on a defined benefit arrangement and the salary level is also considered to be broadly appropriate for the size of business.

	Resolution 8. Re-elect Simon Shaw as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this director to reflect our concerns that, in aggregate they have too many board commitments. In addition to his role as CFO at Savills, Simon Shaw serves as Board Chair at Synairgen plc. However, it is recognised that Synairgen is a very small company, being an AIM constituent with a market capitalisation of c. £54.5 million. The Synairgen appointment pre-dates Simon Shaw's appointment to Savills, and his continuation in the role of Chair of Synairgen was agreed when he was appointed as CFO of Savills. Last year, the Company also added that Simon Shaw's role as Chair of Synairgen has not conflicted in anyway, time included, with his role as CFO of Savills.

	Resolution 9. Adopt New Articles of Association	For (Exceptional)	The amendments to articles will allow the Company to hold shareholder meetings in an alternative format, thus allowing attendees to attend via electronic means or in a physical location, or both as required. Under normal circumstances, we would have voted against as our concern is that the new Articles potentially allow the Company to convene virtual-only shareholder meetings. However, upon engagement the company has confirmed that it has no intention to convene virtual only shareholder meetings in an ongoing / business as usual environment. Once (Covid-19) restrictions are lifted it aims to return to physical AGMs as before and is making this amendment to simply provide flexibility on shareholder meetings during such restrictions.

Airtel Africa Plc AGM 24/06/2020 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the remuneration report to reflect our concerns that significant pre-IPO awards were made with some not subject to performance conditions other than continued employment only. In addition, both the LTIP and Replacement Stock Awards consist of restricted stock units (RSUs) which are also subject to continued employment only. However, as the IPO awards were in connection with the recent listing, it can be considered a one-off event and these payments are not expected to be continued. Bonus payouts also appear to be aligned with performance.

For instance, as the CEO's LTIP opportunity is 300% of salary and as 25% of the award vests for threshold performance (e.g. median TSR performance against the FTSE 51-100) this means that shares worth 75% of salary vests for this level of performance is too generous. However, we have exceptionally supported to reflect that there have been no increases to variable pay opportunity and we welcome a number of improvements to the policy such as the reduction of the target vesting under the bonus from 60% to 50% of maximum, the widening of the scope of malus and clawback provisions and the introduction of a post-cessation shareholding requirement. We do not support proposed terms of office exceeding 3 years as we feel longer terms in office reduces director accountability to shareholders. However, we are mindful that the proposed term is just one year over our preferred term. Given our lack of concerns regarding the board we are supporting this director's re-election.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for authorities without pre-emptive or priority rights attached to be limited to no more than 10% of the share capital, unless a clear justification and strategic rationale is provided to shareholders. However, we have exceptionally supported as the Company explains that the proposed additional authority is "appropriate in order to allow the Company flexibility to navigate the coronavirus crisis, finance business opportunities or to conduct a rights issue or other pre-emptive offer without the need to comply with the strict requirements of the statutory pre-emption provisions.". Whilst the Company's explanation is not particularly detailed we note that it is taking advantage of the relaxation of the Pre-emption Group guidelines announced on 1 April 2020 in response to the coronavirus, and should the company need to use the additional headroom, there are a number of additional measures that the company would be expected to adopt to mitigate the dilution concerns.</p>

Madrigal Pharmaceuticals Inc. AGM 17/06/2020 UNITED STATES	Resolution 1.1. Elect Director Paul A. Friedman	For (Exceptional)	Under normal circumstances we would not support this director as this Director serves as combined CEO/Chairman, a role we prefer to be split. Moreover, under normal circumstances we would have voted against the re-election of this director to reflect our concerns that, in aggregate they have too many board commitments. However, we have exceptionally supported their re-election given they are the CEO of this company. 	Resolution 8. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances, we would not support this resolution because the company does not have a post cessation holding period in place. However, in light of the improvements made to the policy during the year, we are exceptionally supporting. Until 2019, there was no obligation for employee contributions at the Company. Under the proposed policy, the pension scheme will be co-contributory in line with the pension arrangements for the wider Swiss workforce. This will apply for new executives who will be appointed to the Board from 2020 onwards. The company confirmed that the pension contribution levels for the CEO are already aligned with the company's Swiss workforce. A number of changes are being introduced under the PSP. Under the proposed policy, in the case of retirement, PSP awards will be pro-rated by time (in addition to performance), which is an improvement. We however note that the pro-rating will be applied in line with Swiss Law as such awards will be pro-rated based on the year of grant (12 months) and not the vesting period (36 months) which is more in line with UK practice and our preference for the company. Other changes include the discretion of the Remuneration Committee to reduce or negate PSP award vesting, in case of significant adverse Environmental, Social or Governance impacts regarding the Company's activities.

General Motors Co. AGM 16/06/2020 UNITED STATES	Resolution 1a. Elect Director Mary T. However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review.
	Resolution 1h. Elect Director Thomas M. Schoewe	For	
	Resolution 1i. Elect Director Theodore M. Solso	For (Exceptional)	Under normal circumstances we would have voted against this individual on account of our concerns with the lack of longer-term science based carbon emissions targets. We expect large emitters to report on climate risks according to the TCFD framework and to define an emissions reduction target aligned with the Paris Agreement. This company has not yet set a science based emissions target. We however note that the Company has committed to setting Scope 3 targets and will apply for SBTi once these goals are finalised. As such, we are not raising this as a voting matter at this AGM but expect the Company to make demonstratable progress.

	Resolution 2. Advisory Vote to Ratify Named Executive Officers' Compensation	For	
	Resolution 3. Advisory Vote on Say on Pay Frequency	For (Exceptional)	In the US, companies are now required to give shareholders a choice of one, two or three years for the preferred frequency of advisory say-on-pay votes. We have voted for our preferred frequency of one year.
	Resolution 4. Ratify Ernst & Young LLP as Auditors	For	
	Resolution 5. Approve Omnibus Stock Plan	For	
	Resolution 6. Provide Right to Act by Written Consent	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted given that the ability to act by written consent would enhance shareholder rights.
	Resolution 7. Amend Proxy Access Right	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted as the proposed elimination of the 20-shareholder aggregation limit would improve the company's existing proxy access right for shareholders.
	Resolution 8. Report on Human Rights Policy Implementation	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as additional information concerning compliance, performance and remediation related to General Motors' implementation of its Human Rights Policy and Supplier Code of Conduct will provide shareholders with a better understanding of the company's management of these policies and related risks.

	Resolution 9. Report on Lobbying Payments and Policy	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as additional disclosure of the company's lobbying-related expenditures, trade association payments, and management-level oversight mechanisms would help shareholders better assess the risks and benefits associated with the company's participation in the public policy process.

Mastercard Incorporated Class A AGM 16/06/2020 UNITED STATES	Resolution 1a. Elect Director Richard Haythornthwaite	For (Exceptional)	Under normal circumstances we would have voted against the Chairman as technically he is not independent (having served on the board for a significant amount of time) and he sits on key board committees which should comprise independent directors only. However, we have exceptionally supported his re-election having noted that with effect from January 2021, he will retire from the board. We also note that there have been improvements in board composition over the last couple of years.

	Resolution 3. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

Informa Plc AGM 12/06/2020 UNITED KINGDOM	Resolution 1. Re-elect Derek Mapp as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of Derek Mapp considering he is the Chair who has served on the board for 22 years. 	Resolution 5. Re-elect Stephen Davidson as Director	For (Exceptional)	Under normal circumstances we would not have supported this director as we are concerned with his number of board positions raising questions over his ability to devote sufficient time to his role at Informa. We note that at the 2019 AGM, c. 31.5% shareholders voted against his re-election. This has been acknowledged by the Company and as stated in the annual report: "Informa maintains a regular dialogue with investors through a number of channels and activities, including an Annual Shareholder Roadshow led by the Chairman, so is aware of differing views on the evolving topic of over-boarding. To avoid any concerns in this regard, Stephen Davidson elected to stand down as Chairman and as a member of the Board of RBG Holdings plc (formerly Rosenblatt plc) on 24 January 2020. We welcome this change. He continues in his roles as Chairman of Actual Experience plc and Datatec Limited, both of which are listed on AIM. We are mindful that his remaining positions is just within our guidelines and we do not have further concerns regarding this director. We were therefore able to support his re-election but we will however be keeping this under review.

A vote FOR this resolution is warranted, as increased disclosure of the company's direct political contributions and indirect political contributions through trade associations and other tax-exempt organizations, as well as its management- and board-level oversight of electoral spending, could help shareholders more comprehensively evaluate the company's management of related risks and benefits.

	Resolution 5. Re-elect James Wilson as Director	For (Exceptional)	This Director is not independent due to being a shareholder representative and there is only one independent director on the Board (our minimum expectation for smaller companies is two independent directors). However, we are not opposing his re-election this year because the imbalance on the board has been caused by the recent resignations of two independent directors. The company has stated that a recruitment process for a further independent NED is underway. As the result of the board changes, there are now no women directors on the board. This will be kept under review.
	Resolution 6. Elect Clive Whiley as Director	For (Exceptional)	Clive Whiley was appointed to the board as non-executive chair in September 2019 and as an executive chair on an interim basis in April 2020 following the departure of the CEO, Mike McCollum. Under normal circumstances we would not have supported him, as we believe the board chair should be independent, especially considering that currently there is only one independent director on the board. We also have concerns with the number of board positions he holds, as he serves as non-executive board chair of Mothercare Plc and as NED of Grand Harbour Marina Plc. However, considering his appointment as executive chair is made on an interim basis and the recruitment process for a new CEO and a further independent NED is underway, we are not opposing his election this year.

	Resolution 5. Adopt Policy that Adjust Financial Performance Metrics to Exclude The Impact of Share Repurchases for Executive Officers	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted. The long-term incentive program relies significantly on an adjusted EPS metric which is dependent upon the number of shares outstanding. While the proxy statement indicates the committee is aware of the company's specific stock repurchase authorization and historical share repurchases when setting EPS targets, the proxy does not disclose the potential magnitude of the impact on incentive plan results. While buybacks are reported quarterly, detailed incentive program disclosure, including any adjustments made to financial results for incentive plan purposes, is generally provided annually in the proxy and investors would benefit from this information being accessible in the proxy statement.

	Resolution 4. Re-elect Peter Allen as Director	For (Exceptional)	Under normal circumstances, we would have voted against the re-election of the Chair due to concerns over his other board commitments. In addition to his role at Advanced Medical Solutions, he is also Chair of 3 other companies (Abcam, Clinigen Group and Diurnal Group) which raises concerns over how he is able to provide the necessary time to each of his roles, and in this case to AMS. However, we have exceptionally supported his re-election to reflect that he will step down from the Board of Diurnal Group plc in June 2020. Further, we note that he attended all Board meetings during 2019 and the company has provided assurances that he has the time to fulfil his roles and has flexibility in his schedule should AMS ever require that. The Board believes that he plays an important role in helping drive the strategy of the Group and remain fully supportive of the role and guidance he provides to the Company. AMS further recognises that in accordance with the Code and the view of certain shareholders, he has stepped down from the Audit committee. Taking these explanations into consideration together with the fact that all these commitments are AIM listed companies (where the regulatory obligations are less than a fully listed company), we are comfortable in supporting his re-election. We also have no issues regarding the performance or actions of this director. However, all three remaining companies are relatively large (and he is stepping down from the board of the very small company) so will be seeking further assurances from the company.

	Resolution 5. Re-elect Penny Freer as Director	For (Exceptional)	<p>Under normal circumstances, we would have voted against this non-executive director as she is technically not independent due to her long tenure, and she sits on the audit and remuneration committees which should consist entirely of independent directors. However, we have exceptionally supported her re-election to reflect that firstly her time on the board (10 years) has only just exceeded the time guideline for a non-executive. Secondly, the company has a plan to refresh the non-executive directors and this process will start with Peter Steinmann retiring from the Board at the AGM this year - the company has begun the search for a replacement non-executive director. Over the next three years, the company will ensure that new non-executive directors are appointed allowing for a smooth and effective handover, particularly with respect to the Chairs of the audit and Remuneration committees. In the meantime, the company considers this director to be independent of character and judgement, qualities which are exhibited through her contribution to Board and committee meetings. The Board rigorously self assesses their performance, with a focus on independence and commitment and in addition to her extensive experience of the company, she undertakes ongoing training and development to maintain relevant knowledge and expertise, and continues to add value. We are comfortable with these explanations and commitments, particularly given this is a small board (with currently only five directors). We also have no issues regarding the</p>

A vote FOR this resolution is warranted as additional information regarding the company's trade association activities and lobbying-related expenditures would be a benefit to shareholders.
	Resolution 5. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.
	Resolution 6. Provide Right to Act by Written Consent	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted given that the ability to act by written consent would enhance shareholder rights.

	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would have voted against the remuneration report as for the FY2019 LTIP awards, the threshold payout opportunity at c. 43% of the maximum opportunity for all performance condition (representing approximately 69% of salary) is very generous. However, we have exceptionally supported as firstly, the actual threshold targets for the TSR, ROE and Loan market share measures appear to be quite challenging. Secondly, in response to the COVID-19 crisis the Executive Directors and top management of the Bank have volunteered to waive all their rights to potential bonuses and long-term incentive plan grants for 2020. We also note that a significant part of remuneration is taken in shares ensuring a strong alignment of management interests with shareholders.

	Resolution 7. Stock Retention/Holding Period	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted. While the CEO beneficially owns a meaningful stake in the company and the NEOs are subject to ownership guidelines, the increased disclosure and changes suggested by this proposal would result in an enhancement in the company's ownership and share retention policies.

	Resolution 3. Advisory Vote on Say on Pay Frequency	For (Exceptional)	In the US, companies are now required to give shareholders a choice of one, two or three years for the preferred frequency of advisory say-on-pay votes. We have voted for our preferred frequency of one year.
	Resolution 4. Approve PricewaterhouseCoopers as Auditors and Authorize Board to Fix Their Remuneration	For (Exceptional)	Under normal circumstances we would have voted against as the non-audit fees for the year were significant at USD 2,476,900 (audit fees were USD 4,879,000). The integrity of the auditor's relationship with the company is compromised when a firm is paid excessive fees on top of those paid for auditing services. This arrangement has the potential to open the auditor process to a wide range of conflicts of interest. However, we have exceptionally supported as non-audit fees paid by the company have historically been much lower than non-audit fees so this issue not part on an ongoing trend.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

	Resolution 5. Report on Political Contributions	For (Exceptional)	Support for this resolution is warranted, as additional disclosure of the company's political contributions, including trade association memberships and payments, and the company's oversight mechanisms regarding those contributions would allow shareholders to better assess related risks. Netflix provides no disclosure regarding its political contributions oversight or on amounts spent on political contributions or on trade associations, Further, although it states that it may not agree with every position taken by a specific organization, candidate, or committee, it does not restrict organizations it belongs to from using its membership dues for political purposes, as some of its peers do
	Resolution 6. Adopt Simple Majority Vote	For (Exceptional)	Support for this resolution is warranted given that elimination of the supermajority vote requirement would enhance shareholders' rights. A simple majority of voting shares should be sufficient to effect changes in a company's corporate governance. Requiring more than a simple majority may permit management to entrench itself by blocking amendments that are in shareholders' best interests. Moreover, many companies have been thwarted by their own supermajority hurdles when trying to amend their governing documents, even when those changes were supported by the board

04/06/2020 UNITED KINGDOM	Resolution 2. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances we would have voted against the new Policy as the company is proposing to renew the Executive Single Incentive Plan (ESIP) which we did not support in 2017, and which is a combination of the bonus and longer term incentive, with a high weighting towards shorter term performance compared to traditional arrangements. However, we have exceptionally supported to reflect that the new Plan comes with a number of improvements, as follows: (1) half of the award will be subject to long-term performance (previously 40%); (2) 80% of the award will be subject to financial metrics (previously 70%); (3) deferred awards are released later (currently, the deferred element vest in equal tranches over the next three years following the performance period - under the proposed policy, following the performance period, half of the deferred element vests after two years and the remaining half vests after three years. If the shareholding requirement has not been met, the award is subject to a further two-year holding period). There is a minimum of a five-year period between when performance starts to be assessed under the ESIP and shares could become accessible. The company states that it requires a remuneration structure that ensures the Executives are focused on the long-term, while remaining mindful of day-to-day trading and hence why this structure is appropriate. The company adds that the scheme has seen appropriate levels of reward for the business performance achieved and higher levels of shareholding by executives aligning them

	Resolution 5. Approve Recapitalization Plan for all Stock to Have One-vote per Share	For (Exceptional)	Support for this proposal is warranted as it would convey to the board non-affiliated shareholders' preference for a capital structure in which the levels of economic ownership and voting power are aligned.
	Resolution 6. Report on Arbitration of Employment-Related Claims	For (Exceptional)	Given the high-profile sexual harassment cases in the industry, additional information on the policies of the company's subsidiaries and controlled affiliates regarding mandatory arbitration for wage theft or sexual harassment cases could shed light on the practice and allow shareholders to better assess the risks associated with the use of mandatory arbitration agreements. We are therefore supporting this proposal.

	Resolution 7. Establish Human Rights Risk Oversight Committee	For (Exceptional)	As one of the co-filers of this resolution our view is that human rights are embedded in Alphabet's business model. The lack of a clear human rights programme that is comprehensive, company-wide, with policies, processes and due diligence systems is considered a business risk. Board-level oversight is considered necessary to sufficiently address the human rights risks associated with the Company's technologies. Further, continued controversies call into question the extent to which the existing structures provide adequate oversight on risks the company's technologies present to human rights, which, in turn, creates risks for the company in terms of retaining management and employees and retaining a good reputation in the eyes of users and advertisers.
	Resolution 8. Require Shareholder Approval of Bylaw Amendments Adopted by the Board of Directors	Against	<ul style="list-style-type: none"> Proposals do not add any value or strong case not made
	Resolution 9. Assess Feasibility of Including Sustainability as a Performance Measure for Senior Executive Compensation	For (Exceptional)	Support for this proposal is warranted because Alphabet's compensation program mostly lacks performance-based pay elements, and the adoption of this proposal may promote a more strongly performance-based pay program for executives.

	Resolution 10. Report on Takedown Requests	For (Exceptional)	Shareholders have filed a precatory proposal requesting that the company report on the feasibility of publicly disclosing on an annual basis the list of censorship changes it has implemented in response to government requests, such as the blacklisting of certain terms or delisting of websites. The company has faced recent controversy related to allegations of political censorship in Russia. Support is warranted as the proponent is not asking the company to disclose the comprehensive content of government requests, but rather to assess the feasibility of doing so. It may be the case that it is not possible for the company to legally disclose "the list of delisted, censored, downgraded, proactively penalized, or blacklisted terms, queries or sites that the company implements in response to government requests." If that is the case, shareholders would benefit from a better understanding of the constraints the company faces when handling government takedown requests, as well as its management of related risks.
	Resolution 11. Require a Majority Vote for the Election of Directors	For (Exceptional)	Support for this proposal is warranted as it would give shareholders a more meaningful voice in the election of directors and further enhance the company's corporate governance.

	Resolution 12. Report on Gender/Racial Pay Gap	For (Exceptional)	<p>In its statement supporting the proposal, the proponent cites the statistic that the median income for women in the U.S. is 80 percent of that of their male counterparts. It adds that Google has reported a 20 percent median base pay gap and 30 percent median bonus pay gap for its [U.K.] operations, but it has not published median information for its global operations. Lastly, the proponent suggests that companies face public policy risk as well, because the Paycheck Fairness Act is pending before the U.S. Senate and several states have strengthened equal pay legislation. Google discloses workforce statistics and discusses its gender pay equity-related initiatives in its Diversity Report, its UK Gender Pay Gap Report, and in its Code of Conduct. It provides information on its various diversity and inclusion initiatives, including its bias removal tool in the application process, and its Employee Resource Groups. The company also reports that it does not have a gender pay gap, as defined by equal pay for equal work. It states that if discrepancies are found, the company makes upward adjustments across job groups to eliminate any such discrepancies. Although these are laudable steps, the company's disclosure does not provide a tool that would allow stakeholders to compare how women and men are paid more broadly that would incorporate pay and opportunity and would be comparable with other companies and over time. The pay equity statistic is not transparent about how roles and "performance" are defined. Reporting both the median gender and race pay</p>
--	--	----------------------	--

	Resolution 13. Require Independent Director Nominee with Human and/or Civil Rights Experience	For (Exceptional)	Given our support for and views around the need for resolution 7, support for the resolution is warranted - a director with a high level of experience in human rights or civil rights related matters relevant to the company's business could enhance the board's oversight of such related risks and concerns.
	Resolution 14. Report on Whistleblower Policies and Practices	For (Exceptional)	The proponents state that in 2019 the company came to a settlement with the National Labor Relations Board (NLRB) obligating the company to tell employees that they will not be retaliated against for exercising their rights. They note that also in 2019 employees protested actions of the company's investigations team, claiming it was illegal retaliation for organizing, violating the NLRB settlement. Lastly, the proponents argue that these controversies reflect how the company is currently addressing with human rights issues and contend that reports indicate that employees that have resigned have written resignation letters that say that they were retaliated against and punished for speaking up. Support for this proposal is warranted as shareholders would benefit from assessing the company's existing policies and practices on whistleblower protections. In addition, the requested review could lead to enhanced whistleblower policies, ultimately promoting employee accountability and adherence to company policies and code of conduct.

	Resolution 1.10. Elect Director Brian L. Roberts	For (Exceptional)	Under normal circumstances, we would have voted against the re-election of Brian Roberts as he serves as the combined CEO/Chairman, a role we think should be split. The Chairman's role on a board is to evaluate and review the performance of management; this role is obviously compromised when the Chairman is also the CEO. However, we have exceptionally supported his re-election to reflect the continuation of meaningful changes to the board composition which have resulted in improved independence and gender diversity. We also note the presence of a Lead Director who is independent. This does not change our preference for an independent chair and we have supported the shareholder resolution (7) requesting for such.

	Resolution 6. Report on Lobbying Payments and Policy	For (Exceptional)	Support for this resolution is warranted, as additional reporting on the company's lobbying-related practices and policies, such as its trade association memberships and payments, would benefit shareholders in assessing its management of related risks.

	Resolution 7. Require Independent Board Chair	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. As such, support for this proposal is warranted.
	Resolution 8. Report on Risks Posed by Failing to Prevent Sexual Harassment	For (Exceptional)	After sexual harassment allegations came out about "Today" host Matt Lauer, the company conducted what it said was an investigation that, while not independent of the company, was independent of the NBC News organization. It says that it also was assisted by external law firms. The report found that there was not a broad culture-wide problem of sexual harassment at the company. However, support for this proposal is warranted as shareholders could benefit from an independent investigation and additional disclosure on the risks related to failures to prevent sexual harassment as well as transparency on sexual harassment claims at the company. Additional disclosure could help shareholders better assess the company's management of potential risks, liabilities, and opportunities associated with its constituents.

	Resolution 6. Report on Supplier Antibiotics Use Standards	For (Exceptional)	Support for this proposal is warranted as while the company provides some information regarding its antibiotic use policies in its supply chain, shareholders would benefit from more detailed and comprehensive disclosure about how Walmart plans to expand these policies throughout its meat and poultry supply chains, and whether the company is committed to phasing out the use of antibiotics, particularly given growing health concerns and industry trends.
	Resolution 7. Adopt Policy to Include Hourly Associates as Director Candidates	For (Exceptional)	Support for this proposal is warranted as an employee representative director would enable more robust oversight of issues related to Walmart's employees and their concerns.
	Resolution 8. Report on Strengthening Prevention of Workplace Sexual Harassment	For (Exceptional)	Walmart's Statement of Ethics prohibits workplace sexual harassment and its Standards for Suppliers prohibit workplace harassment. The company has grievance mechanisms to report harassment claims and has management and board oversight of compliance with the Statement of Ethics. The company also periodically audits its suppliers through third-party audits. However, according to reports, gender based harassment allegations have recently surfaced, both in the U.S. and in the company's supply chain. Additional information related to the company's grievance process, such as the timeline from complaint to resolution, and information about remediation mechanisms to address sexual harassment claims in its stores and its supply chain would help investors better gauge how the company is managing related risks. In light of the above, support for this proposal is warranted
