	Resolution A. Instruct Company to Set and Publish Targets for Greenhouse Gas (GHG) Emissions Aligned with the Goal of the Paris Climate Agreement and Amend Article 19 of Bylaws Accordingly	For (Exceptional)	The proponents request to amend the bylaws introducing a provision which will modify the content of the management report asking for the disclosure of the company's strategy in order to align its activities with the objectives of the Paris agreement, specifying a roadmap with milestones. The targets must cover GHG emissions across Scopes 1, 2, and 3. Since the shareholders have co-filed this resolution, Total announced its net-zero ambition. While we acknowledge the company's commitment to shaping its strategy in line with a Paris-compliant outcome, we highlight the current lack of details and granularity surrounding its ambition. We are concerned that Total's new set of climate goals, while ambitious in their intent, fail to set out a convincing roadmap for reducing emissions associated with its upstream investments. We are therefore supporting this shareholder proposal and wish to communicate our desire that management remains engaged on the topic of climate change and be held to account for its responsibility to support a low-carbon transition.

FamilyMart Co. Ltd. AGM 28/05/2020 JAPAN	Resolution 1.1. Elect Director Takayanagi, Koji	For (Exceptional)	We consider environmental, social and governance (ESG) factors can have a material impact on the long-term prospects of businesses. These issues and risks are even more acute for companies operating in the high-risk sectors. Consequently, we would expect high quality and timely reporting of all material ESG impacts including climate change, anti-corruption and human rights. We are supporters of the Corporate Human Rights Benchmark and strongly encourage the company to engage constructively with the index. We believe that the initiative will allow for investors and wider stakeholders to better understand the company's human rights approach and relative positioning compared to industry peers. Under normal circumstances, we would register our concerns by casting adverse votes against relevant items on the ballot but given such ballot items are not available to vote on, we are instead including this cautionary language and will closely monitor the company going forward.

AGM 28/05/2020 UNITED STATES	Resolution 1b. Elect Director Ellen R. Alemany	For (Exceptional)	In normal circumstances we would not support the nomination committee chair reflecting our concerns over the lack of gender diversity i.e. women represent less than a third of the Board. However we have exceptionally supported as the company falls just short of our expectations (women represent 30% of the Board). Also, given she is one of the three females, it would be counter productive to vote against her re-election.

A vote FOR this resolution is warranted, as additional information regarding the company's direct and indirect political contributions, including payments to trade associations, would help investors in assessing its management of related risks and benefits.
	Resolution 5. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 3.1. Elect Director Isaka, Ryuichi	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this top executive to reflect our concerns that there is only one woman represented on the board. However, we have exceptionally supported their re-election as it is unrealistic to expect the same progress on gender diversity in all markets but we will keeping this issue under close review. We would have voted against if there were no women on the board. In addition, we consider environmental, social and governance (ESG) factors can have a material impact on the long-term prospects of businesses. These issues and risks are even more acute for companies operating in the high-risk sectors. Consequently, we would expect high quality and timely reporting of all material ESG impacts including climate change, anti-corruption and human rights. We are supporters of the Corporate Human Rights Benchmark and strongly encourage the company to engage constructively with the index. We believe that the initiative will allow for investors and wider stakeholders to better understand the company's human rights approach and relative positioning compared to industry peers. Under normal circumstances, we would register our concerns by casting adverse votes against relevant items on the ballot but given such ballot items are not available to vote on, we are instead including this cautionary language and will closely monitor the company going forward.

AEON Financial Service Co. Ltd. AGM 27/05/2020 JAPAN	Resolution 1.1. Elect Director Suzuki, Masaki	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this top executive to reflect our concerns that there is only one woman represented on the board. However, we have exceptionally supported their re-election as it is unrealistic to expect the same progress on gender diversity in all markets but we will keeping this issue under close review. We would have voted against if there were no women on the board.

	Resolution 3. Advisory Vote to Ratify Named Executive Officers' Compensation	For	
	Resolution 4. Reduce Ownership Threshold for Shareholders to Call Special Meeting	For	
	Resolution 5. Report on Management of Food Waste	For (Exceptional)	Support for this resolution is warranted, as a report on the company's efforts to reduce food waste would allow shareholders to assess the effectiveness of the company's food waste programs, as well as provide a better understanding of the company's food waste reduction strategy. In addition, a number of the company's peers have set goals to reduce the amount of food waste that is sent to landfills.

	Resolution 6. Report on Customers' Use of its Surveillance and Computer Vision Products or Cloud-Based Services	For (Exceptional)	Support for this proposal is warranted, as additional information regarding the processes the company uses to assess human rights impacts in its operations would allow shareholders to better gauge how well Amazon is managing human rights related risks. The proponents assert that "Inadequate due diligence around customers' use of surveillance and cloud technologies presents privacy and data security risks" and the company has a responsibility to ensure that its customers do not use its products or services to violate human rights. Examples that the proponents raise are Amazon's contract with the Immigration and Customs Enforcement Agency to identify people who have violated immigration rules and its partnership with over 600 police departments to provide Ring doorbell camera data
	Resolution 7. Report on Potential Human Rights Impacts of Customers' Use of Rekognition	For (Exceptional)	The proponent's statement highlights that Amazon sells a facial recognition service (Rekognition) to government and law enforcement agencies that may expose the company to heightened financial risks because of its privacy and human rights implications. Support for this proposal is warranted, as additional information regarding the processes the company uses to assess human rights impacts in its operations would allow shareholders to better gauge how well Amazon is managing human rights related risks, specifically around new technologies like facial recognition.
	Resolution 8. Report on Products Promoting Hate Speech and Sales of Offensive Products	For (Exceptional)	Support for this proposal is warranted, as a report assessing the enforcement of its content policies could help provide shareholders with information on the effectiveness of the company's processes, given that the company continues to face controversies related to hate speech on its site.

	Resolution 9. Require Independent Board Chairman	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. As such support for this proposal is warranted.
	Resolution 10. Report on Global Median Gender/Racial Pay Gap	For (Exceptional)	Support for this proposal is warranted as shareholders would benefit from additional information allowing them to better measure the progress of the company's diversity and inclusion initiatives. Specifically, Amazon does not publish for its U.S. or global workforce the same median gender pay gap statistic as is published in the UK. The equal pay for equal work statistic is not an equally transparent and comparable statistic and does not show the extent to which women may be less represented in senior roles. While individual statistics may have limitations when viewed in isolation, the company could provide additional contextual information concerning structural aspects of its workforce that are helpful to investors in interpreting median pay gap data. Publishing the "raw" gender pay gap statistic could increase accountability for diversity efforts, but particularly for employees that operate Amazon fulfillment centers, which is the term the company uses for its warehouses.
	Resolution 11. Report on Reducing Environmental and Health Harms to Communities of Color	Against	<ul style="list-style-type: none"> Proposals do not add any value or strong case not made

	Resolution 12. Report on Viewpoint Discrimination	Against	• Proposals do not add any value or strong case not made
	Resolution 13. Report on Promotion Velocity	Against	• Proposals do not add any value or strong case not made
	Resolution 14. Reduce Ownership Threshold for Shareholders to Call Special Meeting	For (Exceptional)	Support for this proposal is warranted, as the proposed threshold would enhance shareholders' right to call a special meeting, while presenting very little risk of abuse in light of the company's market capitalization and the composition of its shareholder base.
	Resolution 15. Human Rights Risk Assessment	For (Exceptional)	We have engaged with Amazon on human rights risks management over the past year. Whilst we have observed improvements, with the publication of its Global Human Rights Principles, we find current reporting falls short of expectations. The assessment (and public disclosure) of the company's actual and potential impacts of its products will benefit shareholders as it will help understand the policies the company has implemented to address human rights impacts in its operations and supply chain. We look forward to see the expanded risk assessment approach and further details as discussed with the company.
	Resolution 16. Report on Lobbying Payments and Policy	For (Exceptional)	Support for this proposal is warranted, as additional disclosure of the company's direct and indirect lobbying-related expenditures and oversight mechanisms would help shareholders better assess the risks and benefits associated with the company's participation in the public policy process.

BP p.l.c. AGM 27/05/2020 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	Under normal circumstances we would have voted against the Report & Accounts as the company has not (or not committed to) set a science based emissions target. We expect large emitters to report on climate risks according to the TCFD framework and to define an emissions reduction target aligned with the Paris Agreement. However, we have exceptionally supported to reflect that On 12 February the Company announced an ambition to become a net zero company by 2050 or sooner, and to help the world get to net zero, an ambition supported by ten specific aims. It also announced that it will set out its strategy and near-term plans at the capital markets day in September. Hence, we will assess the transition pathway then and further commitments and progress ahead of the next AGM.
	Resolution 2. Approve Remuneration Report	For (Exceptional)	We continue to have some reservations over the large LTIP grants and the impact this has on vesting levels for threshold or mediocre performance against a very small peer group. However, certain structural changes have been made to the LTIP which have addressed these concerns to some extent. The weighting of the relative TSR under the FY2020 LTIP has been reduced to 40% (previously 50%), corresponding to 50% of salary payout for threshold performance (previously 62.5%) and the comparator group has also been expanded to include ENI, Equinor and Repsol. We also note that the new CEO and CFO have been appointed on salaries 9% and 12% lower than their predecessors.

	Resolution 3. Approve Remuneration Policy	For	
	Resolution 4(a). Elect Bernard Looney as Director	For	
	Resolution 4(b). Re-elect Brian Gilvary as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this director to reflect our concerns that, in aggregate they have too many board commitments. However, we have exceptionally supported their re-election given they are the CFO of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies.
	Resolution 4(c). Re-elect Dame Alison Carnwath as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this director to reflect our concerns over her number of board commitments. In addition to her non-executive role at BP, Dame Alison Carnwath is also a NED at BASF SE, Zurich Insurance Group AG and PACCAR Inc. She is also a Senior Advisor at Evercore Inc (a non-board position) a company listed on the NYSE with a market capitalisation of USD 4.5 billion. Her board positions are all at very large companies and it is unclear what the time requirements of this advisory role are at Evercore; the Company does not engage on the topic in the annual report (and the role at is not listed in her biographical details provided by the Company) However, we have supported her re-election as having engaged with the company we are satisfied that she has sufficient time for her role at BP, even in these unprecedented times and the challenges that BP and other companies are currently facing.
	Resolution 4(d). Re-elect Pamela Daley as Director	For	

	Resolution 4(e). Re-elect Sir Ian Davis as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of Sir Ian Davis as he is technically not independent due to having served on the board for 10 years and sits on the remuneration committee which should consist entirely of independent directors. However, we have exceptionally supported his re-election as firstly we note that his tenure only just exceeds the recommended time for a non-executive director. Secondly, the Company states that the Nomination and Governance Committee has begun a process to identify successors for Ian Davis and Brendan Nelson (another long serving non-executive).

	Resolution 4. Report on Lobbying Payments and Policy	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this resolution is warranted as additional reporting on the company's lobbying-related practices and policies, such as its trade association payments, would benefit shareholders in assessing its management of related risks.

	Resolution 5. Establish Board Committee on Climate Risk	For (Exceptional)	A vote FOR this proposal is warranted because: - The creation of a board committee on Climate Risk, as requested, should serve to further strengthen the company's ability to evaluate the board and management's climate strategy and to better inform board decision making on climate risks and opportunities; and - The establishment of a climate change-focused board committee should not be prohibitively costly or unduly burdensome and would serve to enhance and complement the company's capacity to manage climate change risks in the long-term, for the ultimate benefit of shareholders.
	Resolution 6. Report on Climate Lobbying Aligned with Paris Agreement Goals	For (Exceptional)	A vote FOR this proposal is warranted since the company and its shareholders are likely to benefit from a review of how the company's and its trade associations' lobbying positions align with the Paris Agreement, especially in light of the increasing risks to the company related to climate change.
	Resolution 7. Report on Petrochemical Risk	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted as shareholders would benefit from additional information about how the company is assessing and managing risks related to its petrochemical operations in areas prone to severe storms, flooding, and sea level rise.
	Resolution 8. Report on Human Rights Practices	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted as the proposed report on human rights practices would:- Provide shareholders with additional disclosure regarding the company's efforts to prevent, mitigate and remedy actual and potential human rights impacts of its operations; and- Further strengthen the company's stated commitment to protecting human rights.

	Resolution 9. Reduce Ownership Threshold for Shareholders to Call Special Meeting	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted. Lowering the threshold to call a special meeting and removing the agenda item restrictions would enhance the current shareholder right to call special meetings.
	Resolution 10. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

We expect large emitters to report on climate risks according to the TCFD framework and to define an emissions reduction target aligned with the Paris Agreement. This company has not (or not committed to) set a science based emissions target. In addition, we expect companies to manage climate risks according to the TCFD framework and to disclose climate performance. This company scores below peers on climate risk management. However, in this instance, we are supporting his election on an exceptional basis reflecting that he was appointed to the Board in January 2020.

	Resolution 8. Report on Political Contributions	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this resolution is warranted as additional disclosure concerning Exxon's policies and memberships in trade associations and other political organizations would help shareholders assess the company's comprehensive political contribution activities and the company's management of associated risks and benefits.
	Resolution 9. Report on Lobbying Payments and Policy	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as additional disclosure of the company's lobbying-related expenditures, trade association payments, and board-level oversight mechanisms would help shareholders better assess the risks and benefits associated with the company's participation in the public policy process.

	Resolution 1.8. Elect Director Tracey T. Travis	Against	<ul style="list-style-type: none"> • Too many other time commitments
	Resolution 1.9. Elect Director Mark Zuckerberg	Against	<ul style="list-style-type: none"> • Lack of independence on Board • Non-independent Chairman • Combined CEO/Chairman
	Resolution 2. Ratify Ernst & Young LLP as Auditors	Against	<ul style="list-style-type: none"> • Concerns over level or type of non-audit fees
	Resolution 3. Approve Non-Employee Director Compensation Policy	Against	<ul style="list-style-type: none"> • Concerns over generosity of arrangements
	Resolution 4. Approve Recapitalization Plan for all Stock to Have One-vote per Share	For (Exceptional)	A vote FOR this proposal is warranted as it would convey to the board non-affiliated shareholders' preference for a capital structure in which the levels of economic ownership and voting power are aligned
	Resolution 5. Require Independent Board Chair	For (Exceptional)	Support for this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. The need for an independent Chair is even more critical at Facebook given the numerous governance issues that need addressing.

	Resolution 6. Require a Majority Vote for the Election of Directors	For (Exceptional)	Support for this proposal is warranted as it would give shareholders a more meaningful voice in the election of directors and further enhance the company's corporate governance.
	Resolution 7. Report on Political Advertising	For (Exceptional)	Support for this proposal is warranted, as the company and shareholders could benefit from a fuller understanding of the risks related to its political advertising policies in light of ongoing controversies and changing industry standard practices.
	Resolution 8. Require Independent Director Nominee with Human and/or Civil Rights Experience	For (Exceptional)	In their supporting statement, the proponents say shareholders believe that “Facebook requires expert, board level oversight of civil and human rights issues to assess risk and develop strategy to avoid causing or contributing to widespread violations of human or civil rights, such as supporting genocide, hate campaigns, or violence.” They argue that shareholders are concerned about the company’s content governance and that it has been “ad hoc, ineffectual, and poses risk to shareholder value.” We agree with this and as the company does not appear to have an independent board member with relevant human and/or civil rights expertise, support for this proposal is warranted. Adoption of this proposal would enhance the current level of board's management and oversight of risks related to human and civil rights.

	Resolution 9. Report on Civil and Human Rights Risk Assessment	For (Exceptional)	Support for this proposal is warranted because the requested report would provide additional information regarding the company's community safety policies and practices, and board oversight mechanisms for shareholders to better assess the company's management of civil and human rights risks. In addition, adoption of this proposal should serve to further strengthen the company's policies and practices in place that address civil and human rights risks, and could propel its progress around human and civil rights leadership.
	Resolution 10. Report on Online Child Sexual Exploitation	For (Exceptional)	Support for this proposal is warranted, as additional information on risks related to potential sexual exploitation of children through the company's platforms would give shareholders more information on how well the company is managing related risks.
	Resolution 11. Report on Median Gender/Racial Pay Gap	For (Exceptional)	Support for this proposal is warranted, as shareholders would benefit from additional information allowing them to measure the progress of the company's diversity and inclusion initiatives.

Appoint KPMG LLP as Auditors	For (Exceptional)	Under normal circumstances we would be unable to support as KPMG LLP has been Prudential Plc's auditor since 1999 (i.e. in excess of twenty years). However, the company has decided to run a tender process during 2020, which mitigates our concerns. It is explained that, " the Committee is waiting for the IASB to release its amendment to IFRS 17, the new insurance accounting standard, to finalise the effective date for the appointment of the new auditors. The Committee has agreed a process and timescale for the tender, which will be led by a sub-Committee, with a decision on the new auditor expected to be made by the M&G plc Board in October 2020."

	Resolution 4. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.
	Resolution 5. Report on Lobbying Payments and Policy	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as additional disclosure of the company's lobbying-related expenditures, trade association payments, and board-level oversight mechanisms would help shareholders better assess the risks and benefits associated with the company's participation in the public policy process.

Furthermore, we note with some concern that entire bonus pay-out for FY2019 was based on qualitative metrics. IN the round, however, we are comfortable supporting this item on an exceptional basis. While quantum of pay during the year under review was not an issue per se, we expect the Company improve the alignment between pay outcomes and business performance.
	Resolution 5. Re-elect Ian McHoul as Director	For (Exceptional)	Under normal circumstances we would not have supported this director as we are concerned with the number of board positions they hold and we would question their ability to devote sufficient time to the role. However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review.

	Resolution 5. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

However in this instance we are comfortable with the explanation provided by the company and the exceptional, non-routine events that have taken place in FY2019. The Audit Committee states that "the Committee carefully monitors the level of non-audit services provided by PwC, and for 2019 this was particularly relevant in relation to the equity raise and the Bank's RWAs. In instances where PwC were engaged for non-audit services they were chosen due to their unique position and knowledge of areas within the Bank and the services were in respect of audit or assurance-related matters consistent with the principles of independent assurance provision."

Headlam Group plc AGM	Resolution 1. Accept Financial Statements and Statutory Reports	For	

22/05/2020 UNITED KINGDOM	Resolution 2. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances we would have raised concerns with the policy framework on account of our concerns with the lack of wider workforce pensions alignment for the incumbent Executive Directors and the lack of a post-cessation shareholding guideline. Target bonus opportunity is also set at more than 50% of maximum. However, we note that the Company intends to consider its approach as part of its planned policy review in FY2020. We continue to engage with the Company on these issues.

	Resolution 5. Re-elect Steve Wilson as Director	For (Exceptional)	Under normal circumstances we would have concerns on account of his role as Audit Committee Chair of Conviviality plc, which collapsed in early 2018. The FRC (UK's regulatory body for audit) has launched an investigation into the collapse of Conviviality plc. We are supporting on an exceptional basis to reflect that the FRC's investigation into Conviviality plc remains ongoing.

Sydney Airport AGM 22/05/2020 AUSTRALIA	Resolution 1. Approve Remuneration Report	For (Exceptional)	An exceptional FOR the remuneration report is warranted. The remuneration structure is broadly consistent with market practice for similar sized companies, and executive and director remuneration is not excessive. However, the qualification is to highlight concerns for non-disclosure and excessive proportion of the STI attributed to non-financial performance measures.

	Resolution 2. Elect Ann Sherry as Director	For (Exceptional)	In normal circumstances we would be unable to support as this individual is the nomination committee chair and we have concerns over the lack of women on the Board. Re-elect Karen Simon as Director	For (Exceptional)	Under normal circumstances we would vote against the re-election of Karen Simon as she should not be a member of the audit committee given she is the Chair of the Board. She does not appear to have been on the committee last year. However, we have exceptionally supported her re-election as we note she has only recently been appointed as Board Chair (November 2019) and some degree of flexibility is considered warranted to give her time to address the composition of the Audit committee.

21/05/2020 UNITED KINGDOM	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would not have supported this item to reflect our concerns with more than double equity granted over previous year. This award is on account of the increased limit under the remuneration policy and fall in share price. Given the current situation, there is no reasonable assessment to enable a judgement of how stretching the targets under the 2020 award cycle are. We have engaged with the Remuneration Committee Chair on this and she has reiterated the Committee's commitment to exercise due judgement at the time of vesting to avoid the possibility of windfall gains arising out of recovery. We will continue to keep this under close review.

Inchcape plc AGM 21/05/2020 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would not have supported this item given the higher than normal award size proposed for the CFO for FY2020. However, taking into account the Remuneration Committee's explanation that no PSP award was made on his joining in late August 2019 and in light of increased uncertainty surrounding the departure of the CEO. While we are supporting this on an exceptional basis, we expect the Remuneration Committee to keep a close watch on the number of share awarded, if the share price continues to remain lower than the previous year's award date price.

	Resolution 4. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.
	Resolution 5. Provide Right to Act by Written Consent	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted given that the ability to act by written consent would enhance shareholder rights.

	Resolution 6. Report on Lobbying Payments and Policy	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this resolution is warranted, as additional reporting on the company's lobbying-related practices and policies, such as its trade association payments, would benefit shareholders in assessing its management of related risks.

	Resolution 2. Approve Remuneration Report	For	
	Resolution 3. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances, we would not have supported this item on account of our concerns over (i) lack of an executive shareholding requirement; (ii) LTIP being cash settled as awarded in phantom shares and includes an element of restricted shares; and a (iii) lack of post-vesting holding periods and post-cessation shareholding requirements. However, we note that the CEO is based in Chile and is not a member of the Main Board. While, the policy falls short of UK best market practice requirements, we take cognisance of the fact that the remuneration is structured in a way that is suitable for the Chilean market, we are supporting this item on an exceptional basis this year.

	Resolution 5. Re-elect Eric Daniels as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this Director as he is technically not independent as he holds a large number (383,204) of share options in the Company, as do other non-executives. As such, the truly independent directors represent just 22% of the Board (whilst we expect a majority for a company of this size). Moreover, this non-executive director sits on the audit committee. which should consist entirely of independent directors. However, we have exceptionally supported his re-election as we are broadly comfortable with the company's explanations that as an early stage private company, the Company historically granted options to certain Non-Executive as it did not pay them fees, and the options held by the relevant Non-Executive Directors are all vested no further options will be granted to them. As such, the Board does not consider that the historical granting of options impairs the independence of those Directors concerned and they are free from any business or other relationships which could materially affect the exercise of their judgement. We also note that changes were made to the board the previous year to improve board composition and we welcome the assurance that succession planning remains a key area of focus for the Nomination Committee. We expect the company to address the board composition issues by the next AGM.

As such, the truly independent directors represent just 22% of the Board (whilst we expect a majority for a company of this size). Moreover, this non-executive director sits on the audit and remuneration committees. which should consist entirely of independent directors. However, we have exceptionally supported his re-election as we are broadly comfortable with the company's explanations that as an early stage private company, the Company historically granted options to certain Non-Executive as it did not pay them fees, and the options held by the relevant Non-Executive Directors are all vested no further options will be granted to them. As such, the Board does not consider that the historical granting of options impairs the independence of those Directors concerned and they are free from any business or other relationships which could materially affect the exercise of their judgement. We also note that changes were made to the board the previous year to improve board composition and we welcome the assurance that succession planning remains a key area of focus for the Nomination Committee. We expect the company to address the board composition issues by the next AGM.

	Resolution 4. Require Independent Board Chairman	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 4. Adopt Share Retention Policy For Senior Executives	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted as the more rigorous guidelines recommended by the proponent may better address concerns about creating a strong link between the interests of top executives and long-term shareholder value.

	Resolution 5. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.
	Resolution 6. Report on Employment-Related Arbitration	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this resolution is warranted because:- Additional information on the company's policies regarding mandatory arbitration for wage theft or sexual harassment cases could shed light on the practice and could result in improved recruitment and retention; and- The company is involved in several potential controversies for its use of mandatory arbitration agreements.
	Resolution 7. Provide Right to Act by Written Consent	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted given that the ability to act by written consent would enhance shareholder rights.

	Resolution 1d. Elect Director James S. Crown	For (Exceptional)	<p>Under normal circumstances we would have voted against the re-election of this Director as he is non-independent (due to having served on the board for a significant amount of time) and independent directors represent less than two-thirds of the Board (our guideline for US companies). However, we have exceptionally supported in recognition that there has been some improvement / refreshment to board composition since the last AGM: A long serving non-executive director has stepped down and has been replaced by a female director, hence improving both the independence and gender balance on the board (now 60% independent, 30% female).</p>

	Resolution 4. Require Independent Board Chair	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. As such we support this proposal seeking the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 5. Report on Reputational Risk Related to Canadian Oil Sands, Oil Sands Pipeline Companies and Arctic Oil and Gas Exploration and Production.	For (Exceptional)	Support for this proposal is warranted, as shareholders would benefit from a report on the risks related to Canadian oil sands production, oil sands pipeline companies, and Arctic oil and gas exploration and production. We note that in February, the bank made a commitment to stop providing project financing to new oil and gas projects in the Arctic. That made it a leader in terms of Arctic oil and gas financing commitments, but this is a small slice of oil and gas development. There is a strong case to be made that the company faces controversy, reputational, market and regulatory risk related to its fossil fuel financing in general.
	Resolution 6. Report on Climate Change	For (Exceptional)	Support for this proposal is warranted, as shareholders would benefit from additional information on the company's plans regarding aligning its GHG emissions with the Paris Agreement climate goals.
	Resolution 7. Amend Shareholder Written Consent Provisions	Against	• Proposals do not add any value or strong case not made
	Resolution 8. Report on Charitable Contributions	Against	• Proposals do not add any value or strong case not made
	Resolution 9. Report on Gender/Racial Pay Gap	For (Exceptional)	Support for this proposal is warranted, as shareholders would benefit from additional information allowing them to better measure the progress of the company's existing diversity and inclusion initiatives. Additionally, adoption of this proposal should serve to further strengthen the company's existing diversity initiatives.

<p>19/05/2020 UNITED KINGDOM</p>	<p>Resolution 2. Approve Remuneration Policy</p>	<p>For (Exceptional)</p>	<p>Under normal circumstances we would have voted against the new remuneration policy to reflect our ongoing concerns regarding quantum and in particular, the high levels of variable pay that is awarded for the achievement of threshold and target performance. However, for the first time in a number of years we have exceptionally supported the remuneration arrangements to reflect that the company has, to some extent addressed our concerns. For example, we welcome the reduction in the on-target bonus (150% to 125% of salary) and maximum awards for LTIP awards (800% to 600% of salary meaning a reduction of 400% to 300% for on-target performance), although it should be noted that maximum awards have been 680%, not 800% of salary in recent years. We also welcome the simplification (e.g the individual performance multiplier factor under the bonus has been removed) and the stated intent to review anomolous remuneration outcomes with a view towards the application of downward discretion. Some other improvements to the policy have also been introduced, including extended malus and clawback provisions and the introduction of post-cessation shareholding requirements. Nevertheless we have made it clear to the company that we are unlikely to continue to support unless the company makes further progress in addressing our concerns regarding the award levels at threshold performance.</p>
--	--	------------------------------	--

	Resolution 3. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the remuneration report to reflect our concerns over the excessive level of vesting of LTIP awards for threshold performance which is a result of the high grant levels (e.g 680% of salary for the CEO). We also have some reservations on bonus outcomes (CEO: EUR 800,000) and in particular, why the Remuneration committee only reduced the bonus formulaic outcome from 0.48 to 0.43 to reflect the seven fatalities under the Company's operational control during the year. However, for the first time in a number of years we have exceptionally supported the remuneration arrangements to reflect that the company has, to some extent addressed our concerns. For example, we welcome the reduction in the on-target bonus (150% to 125% of salary) and maximum awards for LTIP awards (800% to 600% of salary meaning a reduction of 400% to 300% for on-target performance), although maximum awards have been 680%, not 800% of salary in recent years. Regarding the bonus considerations, the company has explained that significant progress has been made on safety performance over a long period of time with reductions in both the numbers of fatalities and total recordable case frequency (TRCF). This is reflected on the scorecard where the targets have generally been made more challenging over time, and although the TRCF threshold was not met in 2019, the outcome remains the joint second best on Shell's record. In 2019, the Remuneration Committee determined that a further adjustment was required due to the number

	Resolution 21. Request Shell to Set and Publish Targets for Greenhouse Gas (GHG) Emissions	For (Exceptional)	This resolution was filed by Follow This, a Dutch single-issue campaign group. The proposal requests Shell to set and publish targets across Scope 1, 2 and 3 that are aligned with the Paris Climate Agreement. We note (and welcome) that subsequent to the filing of this shareholder resolution, Shell has announced a plan to become a net-zero emissions energy business by 2050 (covering Scopes 1, 2 and 3) and a strengthened Net Carbon Footprint reduction target of 65% by 2050, with an interim target of 30% by 2035. However, we have supported this proposal as having engaged with the company and analysed its commitments, we consider there to be a fundamental disconnect between its long term ambition and anything practical in short term. As such, the setting and publication of shorter term quantitative targets (that management can decide) would help shareholders in understanding how the company will make the transition in reducing its carbon footprint to achieve the Paris goals of maintaining global warming well below 2 degrees Celsius.

Events triggering a payment under the severance agreement now exclude cases of constraint resignation and non-renewal; Post-mandate vesting of long-term awards would be pro-rated in case of departure following a change in the group's organization or structure; and the company disclosed the weighting between categories of the bonus' qualitative criteria.

	Resolution 5. Approve Increase in Conditional Capital Pool to CHF 63.5 Million to Cover Exercise of Convertible Bonds	For (Exceptional)	Under normal circumstances, we would not support this resolution. The authority would enable the Board to issue the equivalent of 23.5% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, the company has provided a compelling strategic rationale for the proposed capital increase in the context of the global health crisis and uncertainties surrounding the financial situation over the upcoming months.

Phoenix Group Holdings plc AGM	Resolution 1. Accept Financial Statements and Statutory Reports	For	

15/05/2020 UNITED KINGDOM	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the remuneration report as the new CEO, Andy Briggs has been appointed on a 14% higher salary than his predecessor. He has also received a higher FY2020 LTIP grant (275% of salary compared to 200% of salary). Coupled with the effect of the market-wide decline due to COVID-19, the number of shares granted has increased significantly. However, we have exceptionally supported as we were consulted on the changes and although we had some initial reservations, we are broadly comfortable following the explanations received, including that the Remuneration committee had agreed a package that was both fair and attractive. It is important to note this is a very different company that it was in most of the time under the stewardship of the former CEO. Also, the former CEO received no salary increase during his tenure (i.e since February 2011) so it was appropriate to reposition the remuneration of the CEO role, particularly given the experience and competency of the new CEO.

Re-elect Sir Nigel Rudd as Director	For (Exceptional)	<p>Under normal circumstances we would have voted against the re-election of Sir Nigel Rudd to reflect two concerns, the first being in respect of his aggregate time commitments: In addition to him being Chair of BBA Aviation, he is Chair of two other publicly listed companies, Meggitt and Sappi Ltd and he is also Chair of a privately held company (Business Growth Fund) - these significant other commitments raise questions as to whether he is able to devote sufficient time to BBA Aviation, particularly in these unprecedented times. Our second concerns is in respect of the lack of women on the Board and, as the Chair of both the Board and the Nomination committee, he is ultimately responsible for this issue.</p> <p>However, we have exceptionally supported his re-election in recognition that Sir Nigel continues to reduce his other commitments – he be stepping down from the Business Growth Fund on 30 June 2020 and retiring from the Board of Meggitt PLC following their AGM in 2021 (although Meggitt has subsequently announced that in light of the outbreak of the Covid-19 pandemic Sir Nigel Rudd will stay on as Chair until further notice). We also received assurances from the company last year regarding his time commitments and will seek to do so again given the unprecedented additional pressures on companies and their boards</p> <p>In respect of our concerns over gender diversity, we note that the three female directors represent 30% of the board</p>

	Resolution 7. Re-elect Roger Devlin as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of the Chair of the Nomination committee (who is also the Chair of the Board) to reflect our concerns over the lack of female directors on the Board (currently 25%) However, we have exceptionally supported his re-election as we are mindful that two female directors were appointed on 1 July 2019 so there were actually four directors on the Board, but of the other two female directors, one stepped down at the end of 2019 and the other (the CFO) will be stepping down at the 2020 AGM. In fact, we are mindful there has been significant turnover on the board during the year and in recent years so continuity is especially important at this time. We note that next year will be the third year of a three-year pledge to increase gender diversity to 30%.

14/05/2020 UNITED KINGDOM	Resolution 2. Approve Remuneration Report	Against	<ul style="list-style-type: none"> • Poor performance linkage • Lack of bonus deferral • Concerns over generosity of arrangements
	Resolution 3. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances we would have voted against the new policy to reflect our concern over the lack of bonus deferral – deferral only applies when the bonus is over 100% percentage of salary and as per the case for FY19, this meant that bonuses were paid immediately and entirely in cash. However, we have exceptionally supported the new Policy as it represents a significant improvement on the previous policy such as pensions contribution rates that are aligned with the workforce and the introduction of post-cessation shareholding requirements. Under the bonus, a payment scale has been introduced whereby payout ranges from 0% at threshold, not more than 50% at target, to 100% at maximum for different levels of achievement. Further, we have engaged with the company over the lack of bonus deferral and if this is not addressed it will be a factor in how we vote on subsequent pay related resolutions.

	Resolution 9. Re-elect Nicoletta Giadrossi as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this director as including Cairn Energy she is a non-executive of five boards and also has an advisory role at Bain Capital. This is in excess of our guidelines and raises questions over how she is able to give sufficient time to Cairn, particularly in the currently climate. However, following engagement with Nicoletta Giadrossi, we have exceptionally supported her re-election as she confirmed that she will be stepping down for one of the other boards by June 2020. Further she explained that her total commitments for all the boards is 100 days per annum so much less than when she had a full-time executive role (and also provides sufficient headroom for dealing with the additional challenges from the Covid-19 crisis). Bain Capital takes up typically 2 days a month. She also explained that she is very dedicated to Cairn, including being the representative for employees and her Cairn position takes up much more time than her other boards. Finally there are no overlaps with other boards as they have different schedules.

	Resolution 9. Instruct Company to Set and Publish Targets Aligned with the Goal of the Paris Climate Agreement to Limit Global Warming	For (Exceptional)	This resolution was filed by “Follow This” and is binding. Under this proposal, the board would have to set and publish short, medium and long-term quantitative targets that include scope 1, 2, and 3 greenhouse gas emissions, in line with the Paris Agreement. Whilst we welcome Equinor’s recently announced environmental ambitions, we consider its ‘Near Zero’ roadmap stops short of articulating a clear pathway around indirect (customer driven) emissions. Equinor seeks to reduce the net carbon intensity of its products (Scope 1, 2 and 3) by 50% by 2050, however, the extent this is aligned with Paris-compliant pathways is unclear. Whilst we welcome the joint statement with the Climate Action 100+ initiative, and welcome the progress made by the company, we strongly encourage Equinor to demonstrate compliance with the Paris agreement.

Re-elect Robert Childs as Director	For (Exceptional)	Under normal circumstances, we would have not supported the re-election of the Chair, Robert Childs as he has been on the Board for a very long time and has had various positions at the company including Chief Underwriting Officer. However, the Company explains having taken soundings from all of the other Directors on the Board, that the Board continues to highly value the Chairman's skills and experience, and that he demonstrates independence, constructive challenge and engagement in the Board as well as valuable guidance to Executive management. The Board is therefore satisfied that he continues to show the independence of character and judgement necessary to chair the Board effectively. There are also a number of further measures to ensure the robustness of these arrangements. There is a strong Senior Independent Director in place; an annual review of independence of mind as part of the effectiveness review, and oversight of this at the Nominations and Governance Committee; and a majority of Board Directors are independent Directors. A key focus of the 2020 externally facilitated succession plan will be an assessment of the independence of the Board, the role of the Chairman and the robustness of the Non-Executive Director succession. We welcome this explanation and continue to exceptionally support his re-election to reflect that our view that he has been a strong Chair, ensuring good governance practices and a strong culture. However, we are still unconvinced that there are specific succession arrangements in place for the Chair and

	Resolution 8. Re-elect Paul Manduca as Director	For (Exceptional)	Under normal circumstances we would have voted against the nomination committee chair to reflect our concerns over the lack of women on the Board (i.e less than a third). However, we have exceptionally supported this re-election in recognition that the Board has doubled the number of women on the board since its last AGM. We note that Paul Manduca will step down from the Board on 31 December 2020 (if not before) and will be replaced by Shriti Vadera, one of the recent female appointments.
	Resolution 9. Re-elect Kaikhushru Nargolwala as Director	For	

	Resolution 10. Re-elect Anthony Nightingale as Director	For (Exceptional)	Under normal circumstances we would not have supported the re-election of Anthony Nightingale to reflect our concerns over his aggregate Board commitments: (i) Shui On Land, (ii) Vitasoy (iii) Prudential and (iv) the Jardine Matheson group of companies (which includes Jardine Matheson Holdings, Dairy Farm, Hongkong Land, Jardine Cycle & Carriage, Jardine Strategic, Mandarin Oriental and Astra International). As such, we are concerned that so many commitments may impact his contribution to Prudential (the AR&As that the non-executive directors are expected to commit 32.5 days per annum). However, we have exceptionally supported his re-election as we note (and welcome) that he has stood down from another one of his external positions since the 2019 AGM, being the Schindler Holding AG board. There are also no concerns regarding his attendance record and in our engagement with him, we have experienced no issues regarding his availability or response times. Nevertheless we have requested the company to provide further disclosures, as to how the board is satisfied that Anthony Nightingale can continue providing the necessary time and contributions to the Prudential Board particularly during this exceptional time where businesses are facing unprecedented challenges.

	Resolution 17. Re-elect Amy Yip as Director	For (Exceptional)	Under normal circumstances we would not have supported the appointment of Amy Yip to reflect our concerns over her aggregate Board commitments, namely Deutsche Boerse AG, EFG International AG, Fidelity Funds SICAV and Temenos AG i.e. we would usually be concerned that so many commitments may impact how much time she is able to give to Prudential. However, we are relatively comfortable as her Sivac role will require minimal time and her other roles are within the number of companies we consider a non-executive director can manage effectively.
	Resolution 18. Reappoint KPMG LLP as Auditors	For (Exceptional)	Under normal circumstances we would be unable to support as the company has retained the same audit firm since 1999 (i.e. in excess of twenty years). However, the company will be required to change the auditor no later than for the 2023 financial year end. In line with the commitment previously made, a formal tender process to identify KPMG's successor will be undertaken in the first half of 2020 and a Board decision is expected in July.

14/05/2020 UNITED KINGDOM	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would have been unable to support this item on account of full long term incentive awards being made for FY20 despite a significant fall in the company's share price. This is slightly counter-balanced by a significant reduction in maximum bonus opportunity for FY2020 in response to Covid-19. We will keep the vesting levels from this award under strict review and expect the Remuneration Committee to exercise due discretion to reflect Group's financial performance over three years.

United Parcel Service Inc. Class B AGM 14/05/2020 UNITED STATES	Resolution 1a. Elect Director David P. Abney	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this Director as he serves as combined CEO/Chairman, a role we prefer to be split. The Chairman's role on a board is to evaluate and review the performance of management; this role is obviously compromised when the Chairman is also the CEO. However, we have exceptionally supported his re-election as on March 11, 2020, he announced his retirement effective June 1, 2020 and from the board effective Sept. 30, 2020.
	Resolution 1b. Elect Director Rodney C. Adkins	For (Exceptional)	Under normal circumstances we would not have supported this director as we are concerned with the number of board positions they hold and we would question their ability to devote sufficient time to the role. However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review.

However we have exceptionally supported her re-election having noted that she is soon to become CEO. We also welcome that there will be a separate Chair representing an improvement on current arrangements (although the new Chair is technically not independent).

	Resolution 4. Report on Lobbying Payments and Policy	For (Exceptional)	Support for this proposal is warranted, as additional information on the company's trade association memberships, payments, and oversight mechanisms would give shareholders a comprehensive understanding of the company's management of its lobbying activities and any related risks and benefits.
	Resolution 5. Approve Recapitalization Plan for all Stock to Have One-vote per Share	For (Exceptional)	Support for this proposal is warranted, as it would provide all shareholders with equal voting rights on all matters.

	Resolution 6. Report on Climate Change	For (Exceptional)	The proponent is requesting that UPS report on its plans to reduce its total contribution to climate change and align its operations with the Paris Agreement's goal of keeping global warming well below 2 degrees Celsius. Support for this proposal is warranted, as additional information on the company's efforts to reduce its carbon footprint and align its operations with Paris Agreement goals would allow investors to better understand how the company is managing its transition to a low carbon economy and climate change related risks. We note that in 2016 the company set a target to reduce the GHG emissions of its ground operations by 12% by 2025, is evaluating adopting additional short-, medium- and long-term reduction targets, including targets to reduce its airline's fuel emissions and provides information related to its efforts to reduce its carbon footprint, which includes expanding its fleet of alternative fuel and advanced technology vehicles and installing rooftop solar panels on its facilities. However, as of 2018, UPS reports that only 0.2 percent of its electricity comes from renewable sources. In addition, the company's GHG emissions have risen between 2016 and 2018 and some of the company's peers, such as Amazon and DHL Group, have set more ambitious Paris Agreement aligned, net zero emissions targets.

	Resolution 5. Report on Integrating ESG Metrics Into Executive Compensation Program	For (Exceptional)	<p>This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted due to the following factors:- The company does not disclose ESG-related targets and the company's GHG emissions are rising; There are several ESG-related controversies; and- Several peers have started integrating ESG metrics into executive compensation decisions and/or executive performance evaluations.</p>

	Resolution 6. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director. Concerns continue to be identified in relation to the compensation program at the company, including large special equity awards made to the CEO in three of the last four years and the compensation committee's responsiveness to the 2019 say-on-pay vote result. While the CEO/chair does not serve on the compensation committee, these concerns nevertheless suggest that shareholders would benefit from the most robust form of independent oversight of management, in the form of an independent chair. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders.
	Resolution 7. Report on Sexual Harassment	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. 	Resolution 8. Limit Accelerated Vesting of Equity Awards Upon a Change in Control	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as a policy requiring pro-rata vesting upon a change in control would further align the interests of executives with shareholders.

13/05/2020 UNITED KINGDOM	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would have voted against the remuneration report as FY2020 LTIP awards were granted at normal levels (e.g 200% of salary for both the CEO and Dep CEO) in April 2020 at a historically low share price. As awards are calculated as a percentage of salary, the underlying number of shares awarded is c.4 times higher than in FY2019. However, we are comfortable in supporting the remuneration arrangement in recognition that Executive Directors have voluntarily agreed to defer payment of their full salaries and any bonuses (including the FY2019 bonus) to which they are entitled until there is greater clarity around the COVID-19 outbreak. Also, positive changes have been introduced in the remuneration framework during the year, namely the LTIP holding periods and the introduction of a post-cessation shareholding requirement. We will be engaging with the company regarding the LTIP grants.

	Resolution 12. However, the three female directors (one being an executive director) represent 30% of the board and we are mindful that the nomination committee has taken steps towards increasing the female representation on the Board. For example, Helen Weir was appointed as a NED on 1 November 2019, but will step down from the Board at the 2020 AGM.

	Resolution 16. Authorise Issue of Equity	For	

	Resolution 17. Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as whilst it is within guidelines, the Company has used the authorities approved at the previous AGM in a manner inconsistent with its stated commitments. Specifically, on 17 April 2020, the Company completed a (cash-box) placing of 54,993,367 new ordinary shares, which represented approximately 19.9% of existing ISC, raising gross proceeds of approximately £22.0 million. Also, it is not clear that the situation at Foxtons warranted a circumvention of shareholders' pre-emption rights, as it appears that there was sufficient liquidity to allow for a more equitable process to be run. However, we have exceptionally supported as it is recognised that companies may or will need to expeditiously access emergency funds during the current health crisis. Also, whilst the desired 20% authority perhaps could have been put to shareholders at this AGM (including whether Foxtons could have explored a more equitable capital raising process), we note that the vast majority of shares were placed pro-rata with current shareholdings so that there was a very limited impact on pre-emption rights.

Greggs plc AGM 13/05/2020 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Reappoint KPMG Audit plc as Auditors	For (Exceptional)	Under normal circumstances we would have voted against the reappointment of KPMG as they have been the company's auditors since 1984 raising questions over their independence and objectivity. However, we exceptionally supported having noted that the Audit Committee has put in place a process to conduct an audit tender for the appointment of a new auditor. This will be carried out during the summer of 2020 such that a recommendation can be made to the Board in the autumn, thereby giving the preferred firm the opportunity to shadow KPMG (assuming they are reappointed) for the 2020 audit, before being recommended to shareholders for appointment at the 2021 AGM.

	Resolution 12. Approve Remuneration Policy	For (Exceptional)	<p>Under normal circumstances we would not have supported the new remuneration policy as the maximum opportunities are being increased for both the annual bonus (from 125% to 150% for the CEO and from 90% to 125% for other EDs) and the LTIP (from 115% to 150% for the CEO and from 95% to 125% for other EDs). However, we have exceptionally supported as firstly we accept the explanations for these changes – they are being proposed to address the concern that the pay opportunities under the existing policy no longer reflect what is appropriate or competitive for the leaders of a successful FTSE 250 company. Further, the increases are not considered excessive and the company has a strong track record on aligning pay with performance. Secondly, the company is not utilising the new maximums straight away (but wishes to retain a suitable level of headroom should it need to recruit externally at senior levels during the policy period). For example, for 2020, the CEO's bonus will be limited to 125% of salary. Also, in view of the current Covid 19 environment, in addition to temporary salary reductions, the increase in the annual bonus opportunity for the FD from 90% to 100% of base salary will not now take place until 2021. The Board has also decided to delay the 2020 PSP grant until after the Board concludes its three-year recovery plan later in the year. It is the Committee's intention to consult with shareholders later in the year on the precise terms of the PSP award. Finally, we note that the on-target bonus opportunity has been reduced from</p>

Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

13/05/2020 UNITED KINGDOM	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the remuneration report to reflect the significant increases (double digit) awarded to executive salaries with effect from 1 Jan 2020. However, as large shareholders we were consulted over the changes and whilst we had some initial reservations (as these awards follow increases to variable pay in recent years), we ultimately accepted the company's explanation. In particular, we agree that there has been a long period of strong performance during which no significant salary increases have been awarded and this does not fit with the principles applied to the wider workforce of ensuring that pay is fair and competitive. Further, the company has a strong track record of aligning pay with performance and the resulting salaries are now positioned around the median of the company (so not considered excessive). We do question the appropriateness of the salary increase for the CFO considering he is due to retire in the second half of 2020. His retirement was announced a month after the salary increase and the Board would have known about his long-held plan to move to a non-executive career. In the annual report the company explains that careful consideration was given to whether the salary increase applied to Jeremy should be reversed but given the purpose of the review was to ensure that executives were being rewarded fairly and that the transition is expected to last for a significant part of the year, it was felt appropriate that he continue to receive the increase. In any case, we have since welcomed the

	Resolution 5. Report on and Assess Proxy Voting Policies in Relation to Climate Change Position	For (Exceptional)	Support for this shareholder proposal from Zevin Asset Management is warranted as the requested report would benefit shareholders by allowing them to assess the company's proxy voting policies and practices on climate change-related issues, and provide a better understanding of the company's policy positions on climate change. In particular, we agree with the proponent that ESG issues such as climate change have a "profound impact" on shareholder value. The proponent is concerned that public reported proxy voting records for the company's subsidiaries reveal "consistent votes against the vast majority of climate-related shareholder proposals (with support for only 24 percent of such resolutions), such as requests for enhanced disclosure or adoption of greenhouse gas reduction goals, even when independent experts advance a strong business and economic case for support." The proponent believes that the apparent inconsistency between the company's statements about ESG and climate change and the voting practices of its subsidiaries poses reputational risk for both clients and investors.

However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review.

	Resolution 5. Report on Lobbying Payments and Policy	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this resolution is warranted, as additional information on the company's direct and indirect lobbying and oversight mechanisms, would provide shareholders a comprehensive understanding of the company's management of its lobbying activities and any related risks and benefits.

	Resolution 6. Require Independent Board Chairman	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.
	Resolution 7. Report on Integrating Risks Related to Drug Pricing into Senior Executive Compensation	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted due to the scope of the proposal, the company's current use of incentive program metrics which may be impacted by drug pricing, and the lack of comprehensive disclosure describing how risks related to public concern over drug pricing increases are taken into consideration in executive compensation programs.

	Resolution 4. Require Independent Board Chairman	For (Exceptional)	This item is not contentious and is in the best interest of shareholdersTwo major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.
	Resolution 5. Reduce Ownership Threshold for Shareholders to Call Special Meeting	For (Exceptional)	This item is not contentious and is in the best interest of shareholdersA vote FOR this proposal is warranted. Lowering the ownership threshold from 25 percent to 10 percent would improve shareholders' ability to use the special meeting right and no single shareholder would be able to act unilaterally to call a special meeting at the proposed threshold.

A vote FOR this resolution is warranted, as increased disclosure of the company's trade association memberships and payments can help shareholders assess Alaska Air's comprehensive political contribution activities and the company's management of associated risks and benefits.
	Resolution 5. Report on Lobbying Payments and Policy	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted as additional disclosure on the company's lobbying and trade association activities, including management and board level oversight, would help shareholders better assess the risks and benefits associated with the company's participation in the public policy process.

	Resolution 4. Require Independent Board Chairman	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

We question how full-time executives can devote sufficient time to multiple other boards. However, were are mindful that his other non-executive position is American Platinum Ltd, which is a subsidiary of Anglo-American plc and therefore should be seen as part of his executive role as Finance Director of Anglo American. As such, this somewhat mitigates our concerns, but although the two companies are associated, his non-executive role at Anglo American Platinum must nevertheless take up additional time given board and committee meeting obligations and as the company is listed. We will be keeping this issue under review.

His role at Allianz in particular raises questions over how he is able to devote sufficient time to multiple other large company boards especially as Barclays state that non-executive directors are expected to commit 35-40 days per year. However, we have exceptionally supported his appointment noting that his strong knowledge of international economics and the financial services sector will strengthen the Board and will help oversee the strategic direction and development of the Group. We also note that his role at Allianz is not a Board role but we will be seeking assurances from the Company.

	Resolution 3. Advisory Vote to Ratify Named Executive Officers' Compensation	For	
	Resolution 4. Require Independent Board Chairman	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.
	Resolution 5. Eliminate Supermajority Vote Requirement	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted given that elimination of the supermajority vote requirement enhances shareholder rights.

	Resolution 6. Report on Political Contributions	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as additional information regarding Duke's political expenditures and trade association activities would aid investors in assessing the company's management of related risks and benefits.
	Resolution 7. Report on Lobbying Payments and Policy	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted as additional disclosure on the company's lobbying and trade association activities, including management-level oversight, would allow shareholders to better assess the risks and benefits associated with the company's participation in the public policy process.

07/05/2020 UNITED STATES	Resolution 1b. Elect Director Mark L. Feidler	For (Exceptional)	Under normal circumstances we have voted against the re-election of the non independent Chairman (having served on the board for a significant amount of time) and independent directors represent less than two-thirds of the Board (our guideline for US companies). This Director also sits on key board committees which should comprise independent directors only. However, we have exceptionally supported his re-election as at least the roles of CEO and Chair are not combined, and we are mindful that there has been significant board change over the last couple of years so it is helpful to have some longer serving directors. Although as there are three long-serving directors we would like to see further board refreshment and changes to key committees ahead of the 2021 AGM.

This Director also sits on key board committees which should comprise independent directors only. We also have concerns that women represent less than a third of the Board and she is the nomination committee chair so she and the Chair of the Board ultimately have responsibility to address this issue. However, we have exceptionally supported her re-election as we are mindful that there has been significant board change over the last couple of years so it is helpful to have some longer serving directors. it would also be counter productive to vote against her re-election given our concerns over the insufficient number of women on the board. Nevertheless, we are unlikely to support her re-election next year unless there has been (further) improvement to board composition.

InterContinental Hotels Group PLC AGM	Resolution 1. Accept Financial Statements and Statutory Reports	For	

07/05/2020 UNITED KINGDOM	Resolution 2. Approve Remuneration Policy	For (Exceptional)	<p>Under normal circumstances we would have voted against the new policy as the maximum LTIP opportunity is being significantly increased (from 205% of salary to 350% of salary for the CEO / 275% of salary for other executives). However, following extensive engagement with the company we have exceptionally supported the changes. Firstly, it is important to note that the new maximums will not be used for the FY2020 grants to reflect the exceptionally challenging market conditions caused by the Covid-19 virus. Also, we have expressed to the company, that we would expect the full headroom only to be used when it is appropriate to do so, and should only ever be used in exceptional circumstances. Secondly, we consider that the company has made a compelling justification for the increase: The US market is the Company's largest source of revenue, and US-based hotel competitors and other US-based global companies are their most important source of talent. From a long-term risk-management perspective, recruitment and retention of talent in IHG's succession plan is an increasing challenge. Since the last DR Policy update in 2017, there has been an intensification of risk as the Company has lost high-potential talent in the succession plan to competitors and it has seen increased difficulty and subsequent delay in recruiting. The resulting internal pay compression impacts both the high-potential talent and experienced leaders in key positions and is not sustainable. The increase addresses these increasing risks. The Report further states that the aim is not to materially reduce the</p>

Morgan Sindall Group plc AGM	Resolution 1. Accept Financial Statements and Statutory Reports	For	

07/05/2020 UNITED KINGDOM	Resolution 2. Re-elect Michael Findlay as Director	For (Exceptional)	Under normal circumstances we would have voted against the nomination committee chair to reflect our concerns over the low representation of women on the Board. However, we have exceptionally supported his re-election in recognition that another female director was appointed to the board on 1 March 2020. We also recognize that the company has only recently joined the FTSE 250 index and this is a relatively small board, hence we are comfortable in giving the company more time to meet our expectations. We note that women represent just 10% of the Executive Committee and their direct reports so this is something we will be encouraging the company to address.

	Resolution 6. Re-elect Tracey Killen as Director	For	
	Resolution 7. Re-elect David Lowden as Director	For (Exceptional)	Under normal circumstances we would not have supported this director as in addition to his role as senior independent director at Morgan Sindall, David Lowden chairs the boards of Huntsworth and PageGroup. In aggregate, his board commitments raise questions over whether he is able to devote sufficient time to each of these companies. However, we are mindful that this only slightly exceeds our guidelines and is due to his chair positions (and Huntsworth is in the process of being acquired). Given the absence of further concerns regarding this director, we are comfortable in supporting his re-election.

	Resolution 9. Approve Remuneration Policy	For	
	Resolution 10. Approve Remuneration Report	For	
	Resolution 11. Reappoint Deloitte LLP as Auditors	For (Exceptional)	Under normal circumstances we would be unable to support as the company has retained the same audit firm since 1994 (i.e. in excess of twenty years). However, the company has stated that the Group intends to put the external audit contract out to tender during 2020 to take effect from the conclusion of the 2020 financial year end. Any firm appointed by the directors during 2020 would then be subject to reappointment by the shareholders at the AGM in 2021

A vote FOR this resolution is warranted because the company's board nomination criteria do not specifically ensure the consideration of women or minorities as a diversity characteristic for potential board nominees. This is of heightened concern given that the composition of the board, which has no women, makes it an outlier among its industry peers.

Rathbone Brothers Plc AGM	Resolution 1. Accept Financial Statements and Statutory Reports	For	

07/05/2020 UNITED KINGDOM	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would not have supported the remuneration report to reflect some concerns we have over the Executive Incentive Plan (EIP) awards. Specifically, the annual financial targets were set at lower ranges than in the previous years - we note the explanations regarding IT infrastructure but arguably the IT spend is the build-up of a lack of spend historically. However, we exceptionally supported following engagement with the company on this issue. The company explained that it previously announced that its cost base will be increasing to improve the infrastructure as the firm has almost doubled its FUM to £50bn over the last 4 years. Also, it advised that there was no adjustments to the EIP award for two unforeseen costs that were outside of management's control relating to an increase in the FSCS levy of 66% and the software impairment charge of £3m. Given these explanations and as the EIP awards have historically evidenced close alignment with the shareholder experience (including that the award to executives decreased in 2019) we are comfortable in supporting this year but are likely to oppose next year if concerns remain.

Rio Tinto Limited AGM 07/05/2020 AUSTRALIA	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	Under normal circumstances we would have voted against the Report & Accounts to reflect that the company has not (or not committed to) set science based emissions targets. We expect large carbon emitters to report on climate risks according to the TCFD framework and to define an emissions reduction target aligned with the Paris Agreement. However, we have exceptionally supported to reflect that the company has recently announcement net-zero commitments (by 2050) thus bringing in line its scopes 1 and 2 emissions with the Paris Agreement. Scope 3 emissions are not yet included but given the progress (of reducing and commitments to further reduce), a vote against is not considered warranted at this time.

	Resolution 24. Approve Emissions Targets	For (Exceptional)	This shareholder resolution has been requested by Market Forces, as agent for other shareholders holding approximately 0.02 percent of Rio Tinto Ltd ordinary shares. Although the company has recently announced net-zero commitments (by 2050) thus bringing in line its scopes 1 and 2 emissions with the Paris Agreement (and to reduce "scope 1 and 2" greenhouse gas emission by 15 percent by 2030 from a 2018 baseline), Scope 3 emissions are not yet included and therefore support for this resolution is warranted, as investors have an interest in understanding the extent to which the company is assessing and taking action on risks and opportunities associated with climate change. In particular, Rio Tinto could provide some additional information on its strategies and plans to work with its customers to achieve reductions in its Scope 3 emissions. These would be helpful for shareholders concerned about Rio Tinto's emissions beyond its operations

	Resolution 4. Re-elect Sir Ian Davis as Director	For (Exceptional)	Under normal circumstances, we would have voted against the nomination committee chair to reflect our concerns over the relatively low representation of women on the Board (i.e 31%). However, we are mindful that the company has recently appointed a woman to the Board (Dame Angela Strank, May 2020) who effectively replaces Ruth Carnie who stepped down at the end of the 2019. The company states that it continues to promote an inclusive and diverse culture and the (Nomination) Committee reaffirmed their aspiration to meet and exceed the recommended voluntary target of 33% of Board positions being held by women, while recognizing that they will fall short of this target for a temporary period.

	Resolution 13. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would have voted against the remuneration report to reflect concerns over the annual bonus structure and to a lesser extent the bonus outcomes. Specifically, strategic objectives continue to determine 50% of the annual bonuses and notably, for FY2019, the threshold financial targets were not achieved, so only the strategic element paid out (and at 75% of the maximum opportunity for this component). As such, the CEO's bonus was £310k (or 56% of salary / 38% of maximum opportunity). However, we have exceptionally supported to reflect that we are broadly comfortable that pay and performance is aligned i.e bonuses were way off max opportunity and much lower than 2018/19 to reflect a more challenging year. Further, performance related pay makes up a significant part of total pay as salaries are positioned around lower quartile. Last year we asked for better commentary on the specific targets and this has improved to some degree. Nevertheless our issue is more the material weighting attached to strategic targets and the lack of individual weightings for the specific areas, so we will be engaging with the company with the expectation that these issues are addressed.

UNITE Group plc AGM	Resolution 1. Accept Financial Statements and Statutory Reports	For	

07/05/2020 UNITED KINGDOM	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would have voted Against this item on account of concerns over the Company maintaining 2020 LTI award levels at the same multiples of salary, despite a significant fall in share price since the beginning of this year, due largely to Covid crisis. We are comfortable supporting the remuneration report exceptionally this year on account of the actions taken by the Board and management. There is a 30% reduction in salaries for a 4-month period from April and 2020 bonus has been suspended. To some extent, this offsets our concerns over potential for windfall gains that may be earned through a significant award of equity to the executive team. We will however keep any potential vesting from this award cycle under strict review.
	Resolution 4. Re-elect Phil White as Director	For (Exceptional)	Under normal circumstances we would not have supported this individual's re-election to the Board on account of our concerns regarding their external time commitments. It is however noted that the Company is currently looking for his successor as Board Chair as he intends to step down from the Board during 2020 and not offer himself for re-election at the next AGM.

Verizon Communications Inc. AGM 07/05/2020 UNITED STATES	Resolution 1.1. Elect Director Shellye L. Archambeau	For (Exceptional)	In normal circumstances we would be unable to support as this individual is the nomination committee chair and we have concerns over the lack of women on the Board. However as she is one of the females on the board, it would be counter-productive to vote against her re-election.

	Resolution 3. Ratify Ernst & Young LLP as Auditors	For	

	Resolution 4. Eliminate Above-Market Earnings in Executive Retirement Plans	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted. The proposal is narrowly tailored to eliminate a benefit that is not a best practice. Although no participant received above-market earnings for FY2019, the practice does not appear to have been eliminated from the program. Lastly, above-market earnings are not a performance-based element of compensation and provide a benefit to executives which is not available to the broader employee population.
	Resolution 5. Reduce Ownership Threshold for Shareholders to Call Special Meeting	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted as lowering the ownership threshold for shareholders to call a special meeting from 25 percent to 10 percent would enhance shareholders' rights.
	Resolution 6. Report on Lobbying Payments and Policy	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this resolution is warranted, as additional reporting on the company's lobbying-related practices, such as its trade association payments and oversight mechanisms, would benefit shareholders in assessing its management of related risks.
	Resolution 7. Assess Feasibility of Data Privacy as a Performance Measure for Senior Executive Compensation	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted due to the scope of the proposal, and the fact that the company faces growing regulatory pressure and regulatory scrutiny in this area. Shareholders would benefit from additional information about how company executives are incentivized to increase consumer privacy protections.

	Resolution 8. Submit Severance Agreement (Change-in-Control) to Shareholder Vote	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this item is warranted given that the proposal applies only to future severance arrangements, the current agreements will not be affected, and the proposal offers flexibility as to when the board may seek shareholder approval of a new or renewed severance arrangement, such as at the next annual meeting.

Instead, our default position would be to vote against their election as a non-executive at their other companies.

	Resolution 4. Require Independent Board Chairman	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.
	Resolution 5. Provide Right to Act by Written Consent	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted given that the ability to act by written consent would enhance shareholder rights.

GlaxoSmithKline plc AGM 06/05/2020 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have had concerns with the Company's proposed increase to LTI opportunity for the Group CEO and maintaining the threshold vesting level at 25% of maximum opportunity. We continue to engage with the Company on this and will keep this under review.

	Resolution 3. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances, we would have concerns with the Company maintaining the pension arrangements for the US-based Executive Director and not aligning it with the wider workforce either in US or UK. We are however cognisant that the Company has shifted its previously communicated stance on UK-based directors to maintain their pensions and now pension contributions for UK based executives will be workforce aligned by 2023. Furthermore, we note that the proposed policy framework now includes a post-cessation holding period for two years; previously, the Company had set out to include post-employment holding period of only one year. While it can be argued that both of these changes were laid out within the UK Code requirements, and as such the Company should not be given undue credit for simply complying with best practice requirements, we also note the Remuneration Committee's record of being cognisant to investor concerns. The historical context of the Company's pay arrangements cannot be neglected. Emma Walmsley joined as CEO in April 2017. The previous CEO was on a much higher package (max entitlement of c. 10 times salary under variable pay) while Walmsley's variable pay is at c. 7.75 times salary. This is still on the high side but we continue to engage with the Company on these matters. Furthermore, there are reductions to exceptional and normal award limits under the LTI arrangements within the policy framework: maximum limits have not been awarded since Emma Walmsley's appointment. Finally, termination provisions

However, we are mindful that the two recent appointments are female directors, who effectively replace the two women who have left the board since the last AGM. In fact, one of these, Nolitha Fakude resigned as a non-executive (on 31 August 2019) following her appointment to the Executive Committee.
	Resolution 8. Re-elect Mark Cutifani as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this director to reflect our concerns that, in aggregate they have too many board commitments. However, we have exceptionally supported their re-election given they are the CEO of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies.

Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 14. Require Independent Board Chairman	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. As such, support for this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 4. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 5. Eliminate Supermajority Voting Provisions	For	
	Resolution 6. Report on Lobbying Payments and Policy	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted as additional disclosure on the company's lobbying and trade association activities, including management and board-level oversight, would help shareholders better assess the risks and benefits associated with the company's participation in the public policy process.
	Resolution 7. Report on Forced Swim Test	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted because:- Adoption of this proposal would serve to affirm the company's commitment to upholding high standards for ethical animal treatment and help mitigate the company's exposure to the risks associated with animal testing procedures; and- Given the company's existing policies and disclosures, adopting the proposal should not be an unduly burdensome endeavor.

	Resolution 8. Require Independent Board Chairman	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 10. Report on Integrating Drug Pricing Risks into Senior Executive Compensation Arrangements	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted due to the scope of the proposal, the company's current use of incentive program metrics that may be impacted by drug pricing, and the lack of comprehensive disclosure describing how risks related to public concern over drug pricing increases are taken into consideration in executive compensation programs.

	Resolution 11. Adopt Policy on Bonus Banking	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as the proposal's request is not fully addressed by mechanisms in place and the proposal does not appear to be overly prescriptive. Although pay and performance were aligned for the year in review and the company maintains stock ownership guidelines, holding requirements and a clawback policy, the current ownership guidelines and holding requirements are not considered to be robust. The proposal's banking feature may provide additional safeguards for investors and is not overly prescriptive, giving the board sufficient flexibility in implementation.
	Resolution 12. Clawback Disclosure of Recoupment Activity from Senior Officers	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted as further disclosure regarding the circumstances of recoupment for senior executives below the NEO level would benefit shareholders.
