Admiral Group plc AGM 30/04/2020 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	<p>Under normal circumstances we would have voted against the pay report to reflect our continuing concerns over the CFO's pay arrangements. There are no formal performance conditions other than no annual bonus is awarded unless dividends are payable. The Remuneration Committee still considers performance and risk factors as part of its assessment when reviewing the formulaic outcomes under this plan but considers them to be commercially sensitive and has no intention to disclose these details. However, we have exceptionally supported as we are mindful that aggregate executive pay is modest given the soon to be retiring CEO does not receive variable pay as he is a major shareholder in the company. Also, whilst the CFO arrangements are unusual, his pay is aligned with shareholders' interest (e.g his annual salary includes 5,000 shares), not considered excessive and there is no pay/performance disconnect. His annual bonus for the year was £201,600 equating to 80% of his cash salary. The CFO's Long Term Incentive awards are substantially more than his typical bonuses e.g he was granted an award of 45,000 shares equivalent to 376% of cash salary. But we are mindful that his cash salary is positioned at lower quartile. Finally, whilst none of his annual bonus is deferred, this concern is somewhat mitigated as part of his salary is taken in shares and as he holds shares worth over 500% of salary. We will keep this under review.</p>

Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders.

Elementis plc AGM 29/04/2020 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the pay report as despite the CEO's salary being upper quartile on a balanced comparison, he again received a salary increase for FY2020 (+2%, now US\$917,740). Also, and as per 2018, only the non-financial element (which represents 30%) of the 2019 annual bonus paid out as financial targets were not hit (despite "strong management self-help actions and strong free cash flow generation"). The CEO's bonus equated to £187k. However, we have exceptionally supported as despite these concerns (which we will be engaging with the company on and unlikely to support next year if not addressed), there have been other pay decisions that we view positively. These include the discretion that was applied to reduce the bonus outcome by 33% and the entirety of the award was deferred into shares for two years; the reduced value of LTIP award (to reflect the share price fall) and a commitment to reduce director pensions).

	Resolution 17. Authorise Issue of Equity without Pre-emptive Rights in Connection with an Acquisition or Other Capital Investment	For	

	Resolution 18. Authorise Issue of Equity without Pre-emptive Rights (Additional Authority)	For (Exceptional)	For the fourth consecutive year, the Company is seeking a further 5% authority as the approval of the resolution aligns with the Company's focus on active capital management. The Company is therefore seeking authority to disapply pre-emption rights up to 15% of the issued share capital (noting the company is seeking this under 3 different proposals). As such, we would typically not support as given the dilutive effect of such authorities, we have a strong preference for authorities without pre-emptive rights attached to be limited to no more than 10% of the share capital. However, we have exceptionally supported as the Company needs to maintain sufficient capital for underwriting opportunities (and to meet obligations to policyholders) and meeting regulatory capital requirements. The Company states that maintaining a strong balance sheet will be the overriding factor in all capital management decisions. Moreover, the 15% aggregate authority for disapplication of rights sought at previous AGMs has traditionally received significant shareholder support. Lastly, the Company has provided separate resolutions for each specific authority, which provides further clarity to the proposals.

	Resolution 6. Report on Integrating Community Impacts Into Executive Compensation Program	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted as incorporating community stakeholder concerns and impacts as a broader component of executive compensation would serve to further incentivize executives to strengthen the company's commitments to corporate responsibility and sustainability.

Ovintiv Inc AGM 29/04/2020 UNITED STATES	Resolution 1. Advisory Vote to Ratify Named Executive Officers' Compensation	For (Exceptional)	Under normal circumstances, we would have not supported this item as less than 2/3 of LTIP awards made in FY2019 are performance based. We, are however supporting the resolution on an exceptional basis this year, to reflect the changes made to compensation structure following last year's AGM. Furthermore, the Company has committed to eliminate the use of non-performance based stock appreciation rights and stock options beginning in FY20.

Royal Bank of Scotland Group plc AGM 29/04/2020 SCOTLAND	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances we would have voted against the new Policy as pro-rating of long-term incentives continue not to be applied to good leavers for the post-grant performance period (we generally expect awards to be pro-rated for performance and time). However, we have exceptionally supported as LTIP awards are still subject to performance targets and holding periods post departure (hence, the award value will be subject to change / partly dependent on what shape the departing executives have left the company in). Also, pay levels are not excessive. Indeed, the company explains that the lack of pro-rating post-grant is "fundamental" to the scheme, as the scheme allows for a "fair level of value to be delivered to the executives" whilst having "significantly lower maximum variable pay compared to peers"; there is no annual bonus awards made to executives; and the main emphasis of performance assessment lies on the pre-grant test, such that the award has already been earned by the time of grant, to a large extent. The company also states that the removal of pro-rating creates higher levels of shareholding for up to eight years post departure which may be true but is not the point i.e a high number of shares should be held post-employment regardless of the LTIP awards.

	Resolution 3. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the pay report as Ross McEwan resigned from the Company and has taken up the role of CEO of National Australia Bank, but has been treated as a good leaver for the purposes of his outstanding LTIP awards. We also question whether Ross McEwan should have been treated as a good leaver. We have exceptionally supported for the same reason provided for our support on resolution 2, but we will be engaging with the company on this issue. We expect departing directors to retain some shares in the business (so pro-rating of the outstanding awards would have achieved this) but want to avoid a scenario where former execs could be significantly benefiting from their successors' performance.

	Resolution 6. Re-elect Gary Bullard as Director	For	
	Resolution 7. Re-elect William Thomas as Director	For (Exceptional)	Under normal circumstances we would have voted against the nomination committee chair (and chair of the Board) to reflect our concerns over the lack of women on the Board i.e less than 33%. However, we have exceptionally supported his re-election in recognition that the women currently represent 29%, and that this is a relatively small board (just 7 directors). Further, the longest serving director has served for 4 years. As such, when appointing additional directors we would expect diversity to be a strong consideration for any new appointments that are made. A bigger concern is that women represent just 8% of the Executive Committee and direct reports. This is something we will be engaging with the company on.

	Resolution 10. Re-elect Jonathan Silver as Director	For	
	Resolution 11. Reappoint Ernst & Young LLP as Auditors	For (Exceptional)	Under normal circumstances we would have voted against the reappointment of Ernst & Young as the company has retained the same audit firm since 1950. Mandatory auditor rotation every 20 years and at least a Tender for Audit services every 10 years is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. However, we have exceptionally supported as the company has confirmed that it intends to change the external auditor by 2021 for which it has begun the tender process.

However, we have exceptionally supported their re-election given they are the CEO of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies.

We are supporting the re-election but we will however be keeping this under review.

	Resolution 13. Re-elect Neil Johnson as Director	For (Exceptional)	Under normal circumstances we would have voted against the nomination committee chair (and chair of the Board) to reflect our concerns over the lack of women on the Board. However, we are acknowledging that the Nomination Committee has initiated a search process for an additional female NED to be appointed during 2020. We are also concerned with the number of board positions this Director holds and we would question their ability to devote sufficient time to the role. Moreover, the CEO sits on more than one outside board and we hold him as Chair of the Board accountable. However, we are not opposing his re-election, having noted that he will be stepping down as Board Chair by the end of 2020.

We consider this inappropriate as the committee should consist entirely of independent directors. However, we have exceptionally supported his re-election to reflect that there have been a lot of board changes and as noted in the annual report, Tony Watson intends to step down from the Board as SID at the 2021 AGM. As stated in the annual report, "A search for a further director was initiated early in 2020, taking account of the need to replace the skills of the retiring directors and of diversity considerations."

Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 4. Require Independent Board Chairman	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

Boeing Company AGM 27/04/2020 UNITED STATES	Resolution 1a. Elect Director Robert A. Bradway	For	
	Resolution 1b. Elect Director David L. Calhoun	For (Exceptional)	Under normal circumstances we would have voting against his re-election as we have done on a number of the other directors to reflect the governance and culture failings at the company that ultimately led to the 737 Max crashes and a significant amount of fatalities. However ,we have exceptionally supported his re-election as the new CEO as there has already been a significant amount of change at Boeing. The jury is certainly still out on whether he can be an effective leader of cultural change at Boeing especially as he has been on the Boeing board for over a decade

	Resolution 5. Report on Lobbying Payments and Policy	For (Exceptional)	Support for this shareholder proposal is warranted as additional disclosure of the company's lobbying-related oversight mechanisms and trade association payments would help shareholders better assess the risks and benefits associated with the company's participation in the public policy process.
	Resolution 6. Require Independent Board Chairman	For (Exceptional)	Support for this shareholder proposal is considered warranted, as concerns about corporate culture and management priorities, as well as the extent of board oversight of management in the past, are serious enough to suggest that shareholders would benefit from the most robust form of independent board oversight, in the form of a truly independent / outside appointment board chair; continuing the practice adopted by the company last year.
	Resolution 7. Provide Right to Act by Written Consent	For (Exceptional)	Support for this shareholder proposal is considered warranted given that the ability to act by written consent would enhance shareholder rights.
	Resolution 8. Adopt Share Retention Policy For Senior Executives	For (Exceptional)	Support for this shareholder proposal is considered warranted as while the company maintains stock ownership requirements and all NEOs have met them, the current guidelines are not particularly robust and the company does not disclose any further retention requirements for equity incentive awards. The request to hold at least 25 percent of after-tax shares is considered to be reasonable and shareholders may benefit from the implementation of an additional holding requirement for a reasonable portion of equity-based compensation.

	Resolution 9. Increase Disclosure of Compensation Adjustments	For (Exceptional)	Support for this shareholder proposal is considered warranted as while the company currently discloses the adjustments made to performance metrics from GAAP and the overall net impact on results, a line-by-line reconciliation of adjustments and explanations for them would provide greater transparency around each adjustment and the underlying rationale, which would benefit shareholders.

	Resolution 4. Require Independent Board Chairman	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.
	Resolution 5. Approve Nomination of Employee Representative Director	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted as the addition of an employee representative director on the board would enable more robust oversight of issues related to AT&T's employees and their concerns and is also a step towards enhancing board diversity.
	Resolution 6. Improve Guiding Principles of Executive Compensation	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this resolution is warranted. Inclusion of CEO pay ratio reduction as a guiding principle of executive compensation could allow for more informed and contextual assessments by investors as to whether the company's executive compensation practices are reasonable and fair and aligned with shareholders' long-term interests.

We seriously question how full-time executives can devote sufficient time to multiple other boards. We are exceptionally supporting her re-election this year because, as disclosed in last year's annual report, she has delegated day to day responsibilities at Hysan Development to her executive team (she serves as executive chair, being part of the founding family) and she stepped down from the Board of Cathay Pacific Airways during the year.

However, consistent with last year we have exceptionally supported his re-election as we note that upon joining the board of ITV he reduced his commitments at Jupiter from 4 days to 3 per week i.e his role at Jupiter is not full-time / should not be treated as a full-time executive position.

	Resolution 2. Approve Remuneration Report	For	
	Resolution 3. Approve Remuneration Policy	For (Exceptional)	<p>Under normal circumstances we would have considered not supporting the new remuneration policy as there will be no formal post cessation shareholding requirement. Instead (following cessation of employment), executive directors will be required to continue to hold: (i) shares which have been compulsorily invested under the bonus from 2020 onwards (being at least 40% of any bonus received); and (ii) shares delivered under the PSP which are subject to a post vesting holding period until the normal release date (with it also noted that a good leaver's "in flight" PSP awards will also vest on the normal vesting date i.e. post cessation). Presently, the holding requirement for the deferred shares falls away on cessation. Whilst the Committee is aware that some shareholders would prefer they adopted a different approach, the Committee feels that the change to the holding requirement on the bonus shares is a significant step which will provide adequate alignment following cessation. As such, and as we have no other issues with remuneration, we are comfortable in supporting. Further, the Committee will be reviewing its approach to post cessation holdings during the course of 2020 (i.e investigating the most appropriate way in which our post-cessation holding requirements can be policed).</p>

	Resolution 1n. Elect Director John Yearwood	For	

	Resolution 2. Advisory Vote to Ratify Named Executive Officers' Compensation	For (Exceptional)	Under normal circumstances, we would have voted against this item as less than 2/3rds of 2019 LTIP awards are performance based. However, we note that subsequent to previous year's AGM and our engagement, the Company has discontinued the use of stock options so that performance-based equity will represent 70% of all annual equity awards beginning in 2020, and annual equity awards will comprise only PSUs (70%) and RSUs (30%). We still have concerns over the level of stretch available for the relative TSR metric under the PSUs with 50% of initial award vesting for below median level of performance. We are supporting the say on pay reports exceptionally this year, to recognise the changes made; and will continue to engage with the Company on the level of stretch available under the PSUs going forward.
	Resolution 3. Approve Directors' Remuneration Report	For (Exceptional)	Under normal circumstances, we would have voted against this item as less than 2/3rds of 2019 LTIP awards are performance based. 	Resolution 4. Accept Financial Statements and Statutory Reports	For	
	Resolution 5. Ratify PricewaterhouseCoopers LLP as Auditors	For (Exceptional)	Under normal circumstances, we would have concerns over the level of non-audit fees paid to the Group's auditors during the year under review as this exceeds 25% of the audit fees. The level of non-audit fees is primarily on account of the corporate restructuring announced in August 2019 and as such is considered to be one-off.
	Resolution 6. Re-appoint PricewaterhouseCoopers LLP as U.K. Statutory Auditor	For (Exceptional)	Under normal circumstances, we would have concerns over the level of non-audit fees paid to the Group's auditors during the year under review as this exceeds 25% of the audit fees. The level of non-audit fees is primarily on account of the corporate restructuring announced in August 2019 and as such is considered to be one-off.
	Resolution 7. Authorize Board to Fix Remuneration of Auditors	For (Exceptional)	Under normal circumstances, we would have concerns over the level of non-audit fees paid to the Group's auditors during the year under review as this exceeds 25% of the audit fees. 	Resolution 1h. Elect Director Mark B. McClellan	For	

	Resolution 1i. Elect Director Anne M. Mulcahy	For (Exceptional)	In normal circumstances we would be unable to support as this individual is the nomination committee chair and we have concerns over the lack of women on the Board. However as she is one of the females on the board, it would be counter productive to vote against her re-election.

	Resolution 3. Ratify PricewaterhouseCoopers LLP as Auditors	Against	
	Resolution 4. Amend Certificate of Incorporation to Permit Removal of Directors With or Without Cause	For	

	Resolution 5. Require Independent Board Chair	For (Exceptional)	We are supportive of this shareholder resolution as we consider it to be in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. Further the mounting and potentially material legal and reputational risks facing the company, particularly around key JNJ consumer brands and its role in the opioid epidemic, increases the importance of a robust form of independent board oversight.
	Resolution 6. Report on Governance Measures Implemented Related to Opioids	For (Exceptional)	Support for this shareholder proposal is warranted because shareholders would benefit from more specific information about proactive steps the board is taking to mitigate risks related to the manufacture and marketing of opioid-related products, and that incentives are aligned with the health of the communities it serves.

	Resolution 5. Re-elect Sir Nigel Rudd as Director	For (Exceptional)	Under normal circumstances we would not have supported this director as we are concerned with the number of board positions they hold and we question their ability to devote sufficient time to the role. On 25 February 2020, the Company announced that Sir Nigel intends to step down as Chairman of the Board to spend more time on his business and other interests the annual report includes that this announcement was to be made. It is further stated that he "will remain as Chair until his successor is appointed, but will not seek re-election at the 2021 AGM. SID Guy Berruyer will lead the search for his successor". However, as per a subsequent announcement made on 25 March 2020: "in light of the outbreak of the Covid-19 pandemic and its impact on the global economy, the wider aerospace sector and the Group, the Succession Committee led by Guy Berruyer has agreed with Sir Nigel Rudd and the Board of Directors that Sir Nigel will stay on as Chair until further notice. Although he still intends to retire in due course, the Board believes that there is significant benefit in continuity at this time". It is also acknowledged that in June 2020 he is due to stand down from his Chair position at a private firm. After taking into account the explanation of the Company and considering we don't have any further concerns, we are exceptionally supporting his re-election this year.

However, we take some comfort that at least a majority of the Board is independent. 	Resolution 5. Amend Proxy Access Right	For (Exceptional)	This item is not contentious and is in the best interest of shareholders.A vote FOR this proposal is warranted as the proposed elimination of the 20 shareholder aggregation limit and the proposed increase in nomination limit to 25 percent of the board would improve the company's existing proxy access right for shareholders.
	Resolution 6. Report on Lobbying Payments and Policy	For (Exceptional)	This item is not contentious and is in the best interest of shareholders.A vote FOR this proposal is warranted as additional disclosure of the company's lobbying-related oversight mechanisms and trade association payments would help shareholders better assess the risks and benefits association with the company's participation in the public policy process.

	Resolution 7. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.
	Resolution 8. Report on Gender Pay Gap	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as shareholders would benefit from more information to measure the progress of the company's diversity and inclusion initiatives.

23/04/2020 UNITED KINGDOM	Resolution 2. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances we would not have supported the 3 year pay policy as LTIP awards equivalent to 112.5% of the CEO's salary vests for median/threshold performance which is too generous (for this level of performance). However, we have exceptionally supported to reflect a number of positive changes to the pay framework resulting in improved alignment with shareholders (and employees). Bonuses for on-target performance are being reduced from 150% to 135% of salary and half of earned bonuses will be deferred (previously one-third). Pension contributions for new Directors will be aligned with the wider workforce and contributions for existing Directors will be aligned by 31 December 2022. The CEO's shareholding requirement will be increased from 400% to 450% of salary and an overall post-employment shareholding will apply.

	Resolution 2. Approve Final Dividend	For	
	Resolution 3a. Re-elect Patsy Ahern as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this director as they are not independent (due to being a designated nominee of Glanbia Co-operative Society Ltd.) and independent directors represent 42% of the board whilst we expect a majority for a company of this size. Further the Society's representation on the Board is considered disproportionately large relative to their shareholding. However, we have exceptionally supported their re-election to reflect the continued and significant improvements to board composition including two Society representatives are stepping down at this AGM as part of a long-term plan to further reduce the number of Society directors on the Board.
	Resolution 3b. Re-elect Mark Garvey as Director	For	

	Resolution 3c. Re-elect Vincent Gorman as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this director as they are not independent (due to being a designated nominee of Glanbia Co-operative Society Ltd.) and independent directors represent 42% of the board whilst we expect a majority for a company of this size. Further the Society's representation on the Board is considered disproportionately large relative to their shareholding. However, we have exceptionally supported their re-election to reflect the continued and significant improvements to board composition including two Society representatives are stepping down at this AGM as part of a long-term plan to further reduce the number of Society directors on the Board.
	Resolution 3d. Re-elect Brendan Hayes as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this director as they are not independent (due to being a designated nominee of Glanbia Co-operative Society Ltd.) and independent directors represent 42% of the board whilst we expect a majority for a company of this size. Further the Society's representation on the Board is considered disproportionately large relative to their shareholding. However, we have exceptionally supported their re-election to reflect the continued and significant improvements to board composition including two Society representatives are stepping down at this AGM as part of a long-term plan to further reduce the number of Society directors on the Board.

	Resolution 3e. Re-elect Martin Keane as Director	For (Exceptional)	This Director is a non independent Chairman due to being a controlling shareholder. We consider that in the interests of good governance, the chairman should generally be independent, and in particular not be a controlling shareholder. However, we have exceptionally supported their re-election to reflect the continued and significant improvements to board composition including two Society representatives are stepping down at this AGM as part of a long-term plan to further reduce the number of Society directors on the Board.
	Resolution 3f. Re-elect John Murphy as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this director as they are not independent (due to being a designated nominee of Glanbia Co-operative Society Ltd.) and independent directors represent 42% of the board whilst we expect a majority for a company of this size. Further the Society's representation on the Board is considered disproportionately large relative to their shareholding. However, we have exceptionally supported their re-election to reflect the continued and significant improvements to board composition including two Society representatives are stepping down at this AGM as part of a long-term plan to further reduce the number of Society directors on the Board.

	Resolution 3g. Re-elect Patrick Murphy as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this director as they are not independent (due to being a designated nominee of Glanbia Co-operative Society Ltd.) and independent directors represent 42% of the board whilst we expect a majority for a company of this size. Further the Society's representation on the Board is considered disproportionately large relative to their shareholding. 	Resolution 3h. Re-elect Siobhan Talbot as Director	For	
	Resolution 3i. Re-elect Patrick Coveney as Director	For	
	Resolution 3j. Elect John Daly as Director	For (Exceptional)	Under normal circumstances we would not have supported this director as we are concerned with the number of board positions they hold and we would question their ability to devote sufficient time to the role. However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review.

	Resolution 11. Determine Price Range for Reissuance of Treasury Shares	For	

	Resolution 12. Approve Rule 37 Waiver Resolution in Respect of Market Purchases of the Company's Own Shares	For (Exceptional)	Under normal circumstances we would not have supported this waiver as it may give effect to creeping control, with the major shareholder gaining increasing control of the Company without the payment of a premium to other shareholders. If all three of the authorities under resolutions 12 to 14 are utilised in full then the aggregate shareholdings of the Society and persons deemed to be in concert with the Society will increase from 31.7% to 37.3% of the issued share capital. However, we have exceptionally supported all three waivers as we are mindful that since 2012 the Society's ownership in Glanbia plc has reduced from 54.6% to 31.7% currently. The Society representation on the Glanbia plc Board has also been reducing since 2016. As such, if either we consider any of the authorities are used inappropriately or the Society's holding is increasing to levels that we become uncomfortable with, we will have other opportunities to vote against subsequent Waiver resolutions. We also agree with the Board that it is important for Glanbia plc to have the flexibility to return value to shareholders by way of a share buyback programme (although it will very unlikely be used given the Coronavirus crisis) and unless this authority is approved Glanbia plc would be unable to offer a share buyback programme.

	Resolution 13. Approve Rule 9 Waiver Resolution in Respect of the Company's Employees' Share Schemes	For (Exceptional)	Under normal circumstances we would not have supported this waiver as it may give effect to creeping control, with the major shareholder gaining increasing control of the Company without the payment of a premium to other shareholders. As such, if either we consider any of the authorities are used inappropriately or the Society's holding is increasing to levels that we become uncomfortable with, we will have other opportunities to vote against subsequent Waiver resolutions. The percentage increase of the shareholdings of the Society and its concert parties solely from this authority is relatively minimal

	Resolution 14. Approve Rule 9 Waiver Resolution in Respect of Share Acquisitions by Directors	For (Exceptional)	Under normal circumstances we would not have supported this waiver as it may give effect to creeping control, with the major shareholder gaining increasing control of the Company without the payment of a premium to other shareholders. If all three of the authorities under resolutions 12 to 14 are utilised in full then the aggregate shareholdings of the Society and persons deemed to be in concert with the Society will increase from 31.7% to 37.3% of the issued share capital. The Company justifies it's decision by stating that " with the 2017-2019 LTI plan ending, the existing LTI plan design was reviewed in the context of the prevalent peer and market practice to provide an annual reward opportunity. A potential competitive gap existed as the next performance cycle awards, tied to a new strategic business plan, would only begin in 2020" and unvested equity "provides a powerful retention scheme". Rio Tinto plc AGM 08/04/2020 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	Under normal circumstances we would have voted against the Report & Accounts to reflect that the company has not (or not committed to) set science based emissions targets. We expect large carbon emitters to report on climate risks according to the TCFD framework and to define an emissions reduction target aligned with the Paris Agreement. However, we have exceptionally supported to reflect that the company has recently announcement net-zero commitments (by 2050) thus bringing in line its scopes 1 and 2 emissions with the Paris Agreement. Scope 3 emissions are not yet included but given the progress (of reducing and commitments to further reduce), a vote against is not considered warranted at this time.

	Resolution 15. Reappoint PricewaterhouseCoopers LLP as Independent Auditors of Carnival plc; Ratify the Selection of the U.S. Firm of PricewaterhouseCoopers LLP as the Independent Registered Public Accounting Firm of Carnival Corporation	For (Exceptional)	Under normal circumstances we would have voted against the reappointment of the PwC as auditors as they were appointed as Carnival Corporation and Carnival plc independent auditors in 2003 following an audit tender (and also served as Carnival Corporation's independent auditor from 1986 to 2002). Mandatory auditor rotation is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. However, we have exceptionally supported their reappointment in recognition that the annual report states that the Audit Committees currently intend to tender the independent audits for the consolidated entity, Carnival Corporation & plc, and Carnival plc in 2020 for the 2022 audits

	Resolution 2. Approve Remuneration Report	For	

	Resolution 3. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances we would not have supported the new remuneration policy as the maximum individual bonus opportunity of 400% of salary is very generous for a FTSE 250 company. Further, the structure of the bonus schemes gives the Remuneration committee significant discretion in determining the bonus outcome each year. However, we have exceptionally supported the new policy as firstly, fixed pay continues to be positioned around lower quartile and secondly, the Remuneration committee has a strong track record of applying discretion appropriately and looking back over the past five years, bonuses have been a fair reflection of performance (and firmly linked with both profits and ROE). In fact, in the last 5 years the average bonuses have ranged from 73% to 291% of salary and on average just under 200% of salary (or half of the maximum).

The proposal's request is not fully addressed by mechanisms in place and the proposal does not appear to be overly prescriptive. Although pay and performance were aligned for the year in review and the company maintains stock ownership guidelines and a clawback policy, the current ownership guidelines are not considered to be robust and the company does not maintain any holding requirements after the guideline is met. The proposal's banking feature may provide additional safeguards for investors and is not overly prescriptive, giving the board sufficient flexibility in implementation.

	Resolution 6. Report on Freedom of Expression and Access to Information Policies	For (Exceptional)	SumOfUs has submitted a precatory proposal requesting that Apple report on the company's policies on freedom of expression and access to information. In its statement supporting the proposal, the proponent suggests that Apple faces human rights risks because it does business in countries where the government does not allow free speech or free access to information. The proponent asserts that Apple has cooperated in the past with requests from the Chinese government to restrict free speech and free access to information. The statement says the company has removed virtual private network (VPN) applications from its Chinese App Store, has taken off the New York Times application after a request from the Chinese government, and has removed other apps without explanation of why they were removed. According to the company's transparency report, Apple removed 634 apps in 2018 for "legal violation," 517 of them in China. Apple disclosed that the "vast majority relate to illegal gambling or pornography," but did not indicate why the others were removed. The Proposal would not elicit disclosure about actions, such as the removal of gambling or pornography apps, that are unrelated to free expression or access to information. According to the proponent, the 2019 Corporate Accountability Index by Ranking Digital Rights ranked Apple seventh among 12 internet and mobile companies. The report criticized Apple for a lack of transparency on policies and practices related to freedom of expression.

Page	For (Exceptional)	Under normal circumstances we would not have supported this director as we are concerned with the number of board positions they hold and we would question their ability to devote sufficient time to the role. However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review.

	Resolution 6. Re-elect Neil Johnson as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of Neil Johnson as in addition to his role as Executive Chair at Electra, Neil Johnson continues to serves as a Non-Executive Chair at two other public company boards (Synthomer and Qinetiq). This raises concerns over how he is able to devote sufficient time to each of his roles and in particular, his job at Electra. Also, as there is no CEO at Electra, he is effectively performing the role of a CEO as well as Chair, therefore questioning whether there are sufficient checks and balances on the Board. However, as per our stance in the last couple of years, the company is in wind down mode (is likely to be wound up in the next two to three years) and therefore the size and complexity of the business is not what it was. It is also noted that the CEO responsibilities of the Company are split between Mr Johnson and the CFO; on this basis, this is effectively a 2.5 day a week role. As such, we continue to be comfortable in supporting his re-election.

	Resolution 18. Approve Waiver of Rule 9 Offer Obligation	For (Exceptional)	If the buy-back authority (proposed under resolution 17) is exercised in full, the shareholding of the Sherborne Parties could increase to 35.2% of the Company's issued share capital. Under the Takeover Code, the Sherborne Parties would therefore be required to make a general offer to all shareholders. This resolution is sought to waive this obligation. Under normal circumstances, we would have voted against the Rule 9 Waiver, as it may give effect to creeping control for the largest shareholder position (if it does not participate in the share buy backs) without having to pay a premium to (other) shareholders. However, we have exceptionally supported the Waiver as the company is in wind down mode and the strategic plans for the company are not expected to be altered by the Waiver. Also, we are likely to get further opportunities to vote on subsequent Rule 9 waivers before the company is wound up, so we may not support them, should the shareholding of the major shareholder substantially increase in that time.

Sage Group plc AGM 25/02/2020 UNITED KINGDOM	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the pay report because there is multiple application of the same performance condition (ARR growth) and this relates to a majority of award potential, leading to an over-dependence on one dimension of company performance. However, we are supporting because the ARR growth condition under the 2017 LTIP did not pay out, which suggests that the targets are sufficiently stretching. We also acknowledge the explanation of the Company in regard to the appropriateness of this measure (i.e the leading financial metric is growth in high quality recurring revenue and ARR is based on organic recurring revenue which is adjusted on a like for like basis in comparative periods so as to prevent any artificial uplift where businesses are acquired, disposed of or held for sale during the year). We will keep this under review.

However, we are mindful that during the year under review there were three women on the Board (representing 30%) but in January 2020, Soni Jiandani advised the Board of her intention to stand down from her position as a Non-executive Director in order to fully focus her time on her other business commitments. As such, and as there has been a fair amount of board change we are comfortable in supporting the re-election of Sir Donald Brydon and to give the company more time to address the gender imbalance.

	Resolution 11. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the remuneration report as contrary to established best practice, there are no predefined targets or weightings within the bonus framework as the Board “believes that applying formulaic measures can lead to undesirable behaviours and/or outcomes”. Also, unusually, the bonus for the CEO and CFO continue to be recommended by the Board Chair and the CEO respectively, after consultation with Board members. The Board Chair and the CEO’s proposals are then reviewed by the Remuneration Committee. We note that the CEO is a major shareholder in the company. Also, the CEO’s bonus (71% of salary) exceeded the normal maximum of 65%. However, we have exceptionally supported the pay report as we are mindful that bonus opportunity is limited to 100% of salary (which is low for a company of this size), bonuses for the year under review were well below maximum and there is no misalignment between pay and performance. Further, overall remuneration is modest, particularly as the company does not operate a long term incentive plan (believing that “long-term targets have the potential to “drive inadvertent behaviours”. We also welcome that performance against the four quantitative anchors is disclosed in the FY2019 annual report and represents a marked improvement over the equivalent disclosures in the previous year’s annual report.

	Resolution 3. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances, we would have voted against the remuneration policy as the amendments to the remuneration policy facilitate a significant increase in fixed pay opportunity which have not been offset by a sufficient reduction in overall pay opportunity. Further, fixed pay increases have been backdated to take effect from 1 October 2019, despite the Company having yet to achieve Level 2 CRD IV status. The change in Level status is what forms the basis for the main amendments to the remuneration policy. However, following engagement with the company, we have exceptionally supported the new policy. For instance, the incumbent management team are intuitively applying a discount to their new earning potential as the level and length of deferral will be much greater, meaning it will take longer to earn what they used to. If it was a brand new management team, the Remuneration committee would have had no hesitation to reduce the package to reflect the additional certainty and hence, we have made the company aware that we expect to see a

	Resolution 4. Re-elect Jonathan Nicholls as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of the nomination committee chair (who is also chair of the Board) to reflect our concerns over the lack of women on the Board. However, we have exceptionally supported his re-election as we are mindful that during the year under review and up to the AGM, there have been three female directors (representing 30% of the board), but at the AGM this reduces to 22% when Jill Little steps down as part of board refreshment (she has served on the board for 10 years). We expect the Board to address the issue over the forthcoming year including ensuring that there are female candidates in the planning for succession of the long serving management team (all 4 are male).

Mandatory auditor rotation every 20 years and at least a Tender for Audit services every 10 years is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. We are exceptionally supporting the reappointment of RSM UK Audit this year in recognition of the Company's commitment to put the audit function out to tender and appoint a new audit company by mid-2020.

<p>23/01/2020 UNITED KINGDOM</p>	<p>Resolution 2. Approve Remuneration Report</p>	<p>For (Exceptional)</p>	<p>Under normal circumstances we would have voted against the remuneration report to reflect the significant increases to CFO Mike Scott's salary (17% starting on 1 October 2019, to £350,000, and a further salary increase of c. 14% to £400,000 is proposed from 1 October 2020, "subject to continued performance and development").</p> <p>However, we were consulted on the increases which reflected his "excellent performance in this role " and upon appointment Mike Scott's salary was set "below the Committee's view of the market rate for the role and below the level of his predecessor".</p> <p>We agree that the Company has delivered strong earnings and growth against a backdrop of broader political. At the same time, the removal of the position of COO and the CEO transition will place greater demands on the role of CFO.</p> <p>We also note that his new / current salary is below he median CFO salary for the sector (approx. £390k with a higher pension contribution rate). Further, the Board changes that have occurred in the last 12 months, mean that the aggregate employment cost associated with their executive directors is now significantly lower.</p> <p>As such, we have exceptionally supported the remuneration report. Whether we do next year will be dependent on whether the remuneration committee has approved the second increase and if so, whether he and the business has continued to perform strongly.</p>
--	--	------------------------------	---

	Resolution 3. Approve Remuneration Policy	For (Exceptional)	<p>Under normal circumstances we would have voted against the remuneration policy to reflect that whilst pension contributions will be limited to 10% of base salary for incumbents and new joiners (in line with the senior management population), this is not in line with the wider workforce contribution of 6% of base salary.</p> <p>However, we have engaged with the company on this issue which clarified that it has already made considerable moves towards pension alignment, having reduced Executive Director pension contributions from 25% for the outgoing CEO and 17.5% for the previous CFO/COO to 10% for the current CEO/CFO. Moreover, the current cap is also below the level of contributions received by the current incumbents, both of whom were promoted from within, prior to their appointment to the Board, and indeed also below that of other senior executives who report into them. The Committee is committed to keeping this element of the policy under review as other companies move towards alignment with the workforce and the market adjusts.</p> <p>We are comfortable with the explanation and the progress made on this issue to date. As such, we have exceptionally supported the new Policy. In terms of the next review, the company should limit pension contributions to 6% for new joiners (which can also apply to any new senior management appointments in order to phase out the 10% contributions over time) or alternatively, increase the</p>

Furthermore, the SARs may start vesting earlier than three years, which we would typically take issue with when executives are included within the scope of the scheme. However, in this instance we exceptionally support the proposal given that it represents a positive move towards improved company and minority shareholder alignment, particularly for a state owned enterprise where this is typically a rare occurrence. We will look to engage with the company on our concerns mentioned above but regard the intent of the scheme as being a generally positive step.

	Resolution 3. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.
