	Resolution 2.7. Elect Director Kawamura, Osamu	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this director to reflect our concerns regarding the below issues. However, we will exceptionally support on this occasion as there is no non-independent non-executive up for election this year to target. We expect large emitters to report on climate risks according to the TCFD framework and to define an emissions reduction target aligned with the Paris Agreement. This company has not (or not committed to) set a science based emissions target. We consider environmental, social and governance (ESG) factors can have a material impact on the long-term prospects of businesses. These issues and risks are even more acute for companies operating in the high-risk sectors. Consequently, we would expect high quality and timely reporting of all material ESG impacts including climate change, anti-corruption and human rights. We are supporters of the Corporate Human Rights Benchmark and strongly encourage the company to engage constructively with the index. We believe that the initiative will allow for investors and wider stakeholders to better understand the company's human rights approach and relative positioning compared to industry peers.

	Resolution 6. Re-elect Penny Ladkin-Brand as Director	For (Exceptional)	Under normal circumstances, a vote against this non-executive director would be warranted to reflect our concerns over the new Chair's overall time commitments. Penny Ladkin-Brand has an executive role at Future plc (is Chief Strategy Officer, was previously the CFO), was appointed as Chair of the Next Fifteen Board on 1 February 2021 (having previously been the Senior Independent Director) and in February 2021 she was also appointed to the Board of Auction Technology Group (ATG) and Chair of its Audit committee. Further, she is a Non-Exec of a number of privately listed companies (a number of these appear to be related to Future plc but is not clear how many). We seriously question how executives can devote sufficient time to multiple other boards, especially her new roles / responsibilities at Next Fifteen and ATG. The AR&As state that the Board is satisfied that the contribution of Penny Ladkin-Brand continues to be effective and that she demonstrates sufficient time commitment to her role - they also say that there have been no significant changes to their other commitments. As there have been changes to her other time commitments, we sought further assurances from the company Her time commitments have been clarified ? she actually only spends 3 days a week at Future (so is not a full-time executive), 1 at Next 15 and 1 at ATG. This is reassuring. She also has a strong track record elsewhere and in our view, she is a very sound appointment as Chair. As such, we are satisfied that she can continue to

	Resolution 8. Authorise the Audit Committee to Fix Remuneration of Auditors	For	

	Resolution 9. Authorise Issue of Equity	For	
	Resolution 10. Amend Long-Term Incentive Plan	For (Exceptional)	<p>The Company is proposing to amend the LTIP rules, such that the individual award limit will be increased from 100% of salary to 150% of salary, and that there will be a two-year post vesting holding period for awards granted from FY22 onwards. We were consulted on the increase and said we were comfortable. However, it should be noted that the overall dilution limit contained within the scheme rules allows the Company to issue 20 percent of the issued share capital in 10 years, which is in excess of best practice limits of 10 percent in 10 years. The Company has stated "The proposed LTIP award level for the executive team at 150 percent of salary is in line with companies of our size and awards are subject to stretching performance targets. So any higher-than-usual dilution is not coming from large awards to Executives." The company has also explained to us that the main reason for the scheme limit being at the higher level is that following acquisitions, it put in place "growth share schemes" for the management of the acquired businesses which ultimately pay out in Next 15 shares. This falls within the definition of "employee share schemes" and so uses this authority to issue shares. Given the substantial increase in the share price since 2015, the number of shares required to satisfy these awards is much lower than at that time and so the Company is well within this dilution limit. The proposed awards under the LTIP for this financial year would be just 0.38% of the issued share capital.</p>

However, considering that the company has explained the requested flexibility was in consideration of the COVID-19 pandemic and that the board only intend to use this provision in the event of another pandemic situation or another exceptional reason that would not allow shareholders to attend we are supporting.

	Resolution 4. Elect Matthew Moulding as Director	For (Exceptional)	Under normal circumstances we would have voted against the election of this Director because he serves as combined CEO/Chairman, a role we prefer to be split. The Chairman's role on a board is to evaluate and review the performance of management, and to ensure there are sufficient checks and balances; this role is obviously compromised when the Chairman is also the CEO. However, this is the Company's first AGM following admission on LSE in September 2020 and some degree of flexibility is considered warranted.
	Resolution 5. Elect John Gallemore as Director	For	

	Resolution 6. Elect Zillah Byng-Thorne as Director	For (Exceptional)	<p>Under normal circumstances we would have voted against this non-executive director to reflect our concerns that they are a full-time executive of another Company (CEO of Future plc), yet THG isn't the only other Board she sits on. She is also a non-executive of Flutter Entertainment plc. We seriously question how full-time executives can devote sufficient time to multiple other boards. However, we have exceptionally supported her election as in addition to having engaged with the Company on this issue which provided assurances that she has sufficient time to devote to her role as Senior Independent Director (SID). The annual report states that this is?..? evidenced from her performance to date. That said, the intention is to separate the Audit and Risk Committee into two Board Committees, appointing Damian Sanders as Audit Committee Chair immediately after the AGM and thus reducing Zillah Byng-Thorne?s time commitment and scope of responsibilities. We welcome this commitment. Further, the appointment of Zillah Byng-Thorne as the SID is viewed as providing a trusted intermediary for the other Board members and the Company's shareholders, given the roles of CEO & Chair are combined.</p>

XIOR STUDENT HOUSING NV EGM 24/06/2021 Belgium	Resolution 1.2a. Renew Authorization to Increase Share Capital by Various Means within the Framework of Authorized Capital	For (Exceptional)	Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

	Resolution 1.5. Elect Director Nagai, Moto	For (Exceptional)	<p>Environmental, social and governance (ESG) factors can have a material impact on the long-term prospects of businesses. These issues and risks are even more acute for companies operating in the high-risk sectors. Consequently, we would expect high quality and timely reporting of all material ESG impacts including climate change, anti-corruption and human rights. On the issue of human rights, we are supporters of the Corporate Human Rights Benchmark (CHRB) and strongly encourage the company to engage constructively with the Index over its 2020 score of 8.3%. This initiative helps investors and wider stakeholders better understand the company's human rights approach and relative positioning compared to industry peers. Under normal circumstances we would have voted against the re-election of this director to reflect concerns about its performance. However, we will exceptionally support on this occasion because the nominee is independent and there is no non-independent non-executive to target.</p>

B2W COMPANHIA DIGITAL EGM 10/06/2021 Brazil	Resolution 1. Elect Directors	For (Exceptional)	We would have normally voted against the bundled director election resolution to reflect our concerns that bundled resolutions leave us with an all-or-nothing choice, and make directors less accountable to shareholders. However, we are noting the following issues with board composition instead as there potential consequences in voting against the bundled election resolution, related to the voting process that could result in none of the votes being accepted:The election of these directors is bundled into a single vote. We disapprove in principle of bundling together proposals that could be presented as separate voting items because bundled resolutions leave us with an all-or-nothing choice, and making the directors less accountable to shareholders.At least one of the proposed directors is not independent and the board is not sufficiently independent. Also, the audit committee includes non-independent nominees.

	Resolution 2. Reappoint Ernst & Young Inc as Joint Auditors with C du Toit as the Individual and Designated Auditor	For (Exceptional)	Under normal circumstances we would vote against re-appointment over ongoing concerns that the company has retained the same audit firm since 1998 (i.e. in excess of twenty years). Mandatory auditor rotation every 20 years is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. However, we will exceptionally support on this occasion as the company has sought to address concerns by appointing KPMG as joint Group auditors from FY2021 and will look to rotate E&Y off by FY2023 to be replaced by another auditing firm as a joint auditor.

Given the human rights controversy the company is involved in and in the absence of clear policies and processes to mitigate these human rights risks and manage future risks as it transforms to an AI technology company, the specific disclosure requested by the proponents could be beneficial to shareholders and their ability to assess the ongoing risks and have comfort that the company and the board are appropriately prioritizing their oversight of these risks. Furthermore, it appears the company's strategy should be informed by the UNGPs as the most widely accepted set of governing principles on human rights risks.

In addition, they sit on the remuneration committee and have aggregate board commitments, which we consider to be inappropriate. Re-elect Irene Lee as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this non-executive director to reflect our concerns that they are a full-time executive of another Company, yet this isn't the only other Board they sit on, raising questions on how full-time executives can devote sufficient time to multiple other boards, particularly her new position as Chair of Hang Seng Bank Ltd. However, we have again exceptionally supported her re-election because, as disclosed, she has delegated day to day responsibilities at Hysan Development to her executive team (she serves as executive chair, being part of the founding family). Also, further steps have been taken to reduce her overall time commitments, including her stepping down as a member of the Remuneration Committee of HSBC, and from the Risk Committee of Hang Seng Bank Ltd. We will however, be keeping these arrangements under close review.

However, we have exceptionally supported their re-election in recognition that women previously represented 33% of the Board but recent board changes have meant that this number has fallen below 33%. Further, we note (and welcome) that two more women, Rachel Duan and Carolyn Fairbairn, will be appointed to the Board with effect from 1 September 2021. Assuming no other changes to the Board, this would raise the percentage of women representation to 38%.

	Resolution 1.6. Elect Director Richard W. Dreiling	For (Exceptional)	Under normal circumstances we would not have supported this director as they hold the equivalent of more than 4 positions, which is in excess of our guidelines. However, we are mindful that in this case the overall count exceeds our limit by only one position, and this director serves as non-executive chair of at least one of the boards they sit on. Given our lack of further concerns regarding this director we are supporting the re-election.

	Resolution 4. Report on Customers' Use of its Surveillance and Computer Vision Products Capabilities or Cloud Products Contribute to Human Rights Violations	For (Exceptional)	We note that Amazon has made progress in this area and recognises how contentious this issue is. However, an independent report on the company's process for determining whether customers' use of its products or services violates human rights would allow shareholders to better gauge how well Amazon is managing human rights related risks.
	Resolution 5. Require Independent Board Chair	For (Exceptional)	We prefer the roles of the Chair and CEO to be split. The Chair's role on a board is to evaluate and review the performance of management; this role is obviously compromised when the Chair is also the CEO. While we appreciate with the CEO transition the roles will be separate going forward our preference would still be for the Chair to be independent. As such we are supporting this proposal.
	Resolution 6. Report on Gender/Racial Pay Gap	For (Exceptional)	Amazon have improved their disclosures on this topic but given the importance and significance of the issue, and the lawsuits related to this topic, more granular detail would be beneficial to investors.
	Resolution 7. Report on Promotion Data	For (Exceptional)	Similarly to resolution 6, given the materiality of social equity and Amazon's exposure to this issue, we believe that reporting on promotion velocity would benefit shareholders by providing them additional means to assess the effectiveness of the company's diversity and inclusion initiatives.
	Resolution 8. Report on the Impacts of Plastic Packaging	For (Exceptional)	This is a key issue for Amazon and an area we have been attempting to engage with the company on. Additional information on how the company is managing risks related to the creation of plastic waste would be beneficial to investors.

	Resolution 9. Oversee and Report on a Civil Rights, Equity, Diversity and Inclusion Audit	For (Exceptional)	While Amazon have made some improvements in this area we do not believe their disclosures go far enough especially given the importance of this topic. This proposal would be beneficial to investors.
	Resolution 10. Adopt a Policy to Include Hourly Employees as Director Candidates	For (Exceptional)	Given the company faces significant controversies related to treatment of its employees we believe this proposal warrants support. We see an opportunity for the company to find better communication channels with its employees following the events around unions in the past year.
	Resolution 11. Report on Board Oversight of Risks Related to Anti-Competitive Practices	For (Exceptional)	Shareholders would benefit from more robust disclosure of the company's processes and oversight mechanisms for managing risks related to anticompetitive practices, particularly in light of recent regulatory developments and Amazon's involvement in related controversies. We see the role of the board in providing oversight on this particular issue as key.
	Resolution 12. Reduce Ownership Threshold for Shareholders to Call Special Meeting	For (Exceptional)	This item is not contentious and the proposed threshold would enhance shareholders' right to call a special meeting, while presenting very little risk of abuse in light of the company's market capitalization and the composition of its shareholder base.
	Resolution 13. Report on Lobbying Payments and Policy	For (Exceptional)	We are supporting this resolution as we believe additional disclosure of the company's state level lobbying, indirect lobbying-related expenditures and board oversight mechanisms would help shareholders better assess the risks and benefits associated with the company's participation in the public policy process.

	Resolution 14. Report on Potential Human Rights Impacts of Customers' Use of Rekognition	For (Exceptional)	In our engagements with Amazon, we have observed a high level of awareness from the company in terms of understanding the amount of scrutiny they are under on this topic. However, we still believe this report would be beneficial to investors and allow them to better gauge how well Amazon is managing human rights related risks.

	Resolution 4. Reduce Scope 3 Emissions	For (Exceptional)	A vote for this proposal is warranted, as additional information on the company's efforts to reduce its carbon footprint and align its operations with Paris Agreement goals would allow investors to better understand how the company is managing its transition to a low carbon economy and climate change related risks.
	Resolution 5. Report on Impacts of Net Zero 2050 Scenario	For (Exceptional)	A vote for this proposal is warranted, as the company lags peers in setting targets aligned with the Paris agreement and is involved in multiple controversies related to climate change. In light of recent market and regulatory developments, shareholders would benefit from an audited report on the financial impacts of IEA's Net Zero 2050 Scenario.
	Resolution 6. Amend Certificate of Incorporation to Become a Public Benefit Corporation	For (Exceptional)	A vote for this proposal is warranted, as it would further strengthen the company's commitment to the environmental and social goals of the Business Roundtable statement on the purpose of a corporation. Namely, where corporations endeavour to benefit all stakeholders, including customers, employees, suppliers, communities and shareholders.
	Resolution 7. Report on Lobbying Payments and Policy	For (Exceptional)	A vote for this proposal is warranted, as additional disclosure of the company's lobbying-related expenditures, trade association payments, and management control would help shareholders better assess the risks and benefits associated with the company's participation in the political process.

	Resolution 8. Require Independent Board Chair	For (Exceptional)	A vote for this proposal is warranted, as it seeks the adoption of a policy that requires the Board's Chair to be an independent director. Two major components at the top of every public company are the running of the Board, and the executive responsibilities of running of the company's business. We believe there should be a clear division between the head of the company, and the Chair of the Board. When there is no clear division of independence between the executive and Board branches of a company, poor executive and/or Board actions often go unchecked to the ultimate detriment of shareholders.
	Resolution 9. Reduce Ownership Threshold for Shareholders to Call Special Meeting	For (Exceptional)	A vote for this proposal is warranted, as lowering the threshold to call a special meeting and removing agenda item restrictions would enhance shareholder rights.

This proposal would also represent an enhancement to shareholder rights, as shareholders do not currently have the right to call special meetings.

	Resolution 4. Reduce Ownership Threshold for Shareholders to Request Action by Written Consent	For (Exceptional)	This shareholder proposal seeks to reduce the current 25 percent ownership threshold required to request a record date to initiate written consent to 10 percent. A lower 10 percent threshold still represents a sizable investment for a company the size of Equinix, which minimizes the risk that the written consent right could be abused by a subset of shareholders at the expense of long-term shareholder interests and company resources. As such, given that a reduction in the ownership threshold would provide a more meaningful written consent right for shareholders, support for this proposal is warranted

Resolution 2. Ratify PricewaterhouseCoopers LLP as Auditors	Against	• Auditor tenure
Resolution 3. Advisory Vote to Ratify Named Executive Officers' Compensation	Against	• Lack of performance related pay

	Resolution 4. Require Independent Board Chair	For (Exceptional)	Item 4. Require Independent Board Chair FOR A vote for this proposal is warranted, as it seeks the adoption of a policy that requires the Board's Chair to be an independent director. Two major components at the top of every public company are the running of the Board, and the executive responsibilities of running of the company's business. We believe there should be a clear division between the head of the company, and the Chair of the Board. When there is no clear division of independence between the executive and Board branches of a company, poor executive and/or Board actions often go unchecked to the ultimate detriment of shareholders.
	Resolution 5. Reduce Ownership Threshold for Shareholders to Call Special Meeting	For (Exceptional)	A vote for this proposal is warranted, as lowering the threshold to call a special meeting and removing agenda item restrictions would enhance shareholder rights.
	Resolution 6. Issue Audited Report on Financial Impacts of IEA's Net Zero 2050 Scenario	For (Exceptional)	A vote for this proposal is warranted, as the company lags peers in setting targets aligned with the Paris agreement and is involved in multiple controversies related to climate change. In light of recent market and regulatory developments, shareholders would benefit from an audited report on the financial impacts of IEA's Net Zero 2050 Scenario.
	Resolution 7. Report on Costs and Benefits of Environmental-Related Expenditures	Against	

	Resolution 8. Report on Political Contributions	For (Exceptional)	A vote for this proposal is warranted, as additional disclosure concerning XOM's policies and memberships in trade associations and other political organizations would help shareholders assess the company's comprehensive political contribution activities and the company's management of associated risks and benefits.
	Resolution 9. Report on Lobbying Payments and Policy	For (Exceptional)	A vote for this proposal is warranted, as additional disclosure of the company's lobbying-related expenditures, trade association payments, and board-level oversight mechanisms would help shareholders better assess the risks and benefits associated with the company's participation in the public policy process.
	Resolution 10. Report on Corporate Climate Lobbying Aligned with Paris Agreement	For (Exceptional)	A vote for this proposal is warranted, as the company and its shareholders are likely to benefit from a review of how the company's and its trade associations' lobbying positions align with Paris Agreement, especially in light of the increasing risks to the company related to climate change.

Resolution 4. Approve Recapitalization Plan for all Stock to Have One-vote per Share	For (Exceptional)	We are supportive of the principle of one-share-one vote. Providing equal voting rights would represent an improvement in shareholders' rights and raise board accountability. We are therefore supportive of this proposal.
Resolution 5. Require Independent Board Chair	For (Exceptional)	We prefer the roles of CEO and Chair to be split. The Chairman's role on a board is to evaluate and review the performance of management; this role is obviously compromised when the Chairman is also the CEO. While the company does have a lead director they are not independent and in addition the level of independence on the board does not meet our requirements.

	Resolution 6. Report on Online Child Sexual Exploitation	For (Exceptional)	We are supporting this shareholder resolution because we are concerned Facebook's efforts regarding online safety for children, and particularly around sexual exploitation, are below expectations. We note they score poorly in the World Benchmarking Alliance's Digital Inclusion Benchmark on this particular issue.
	Resolution 7. Require Independent Director Nominee with Human and/or Civil Rights Experience	For (Exceptional)	We are supporting this resolution because we believe the board would benefit from expertise in this field. Whilst we recognise the work done by the civil rights team and the Oversight Board, as well as the strengthening wording within the audit and risk committee's charter, we continue to observe Facebook's biggest risk is not within policies setting but rather in the lack of oversight on how these are applied. A director with human and/or civil rights expertise as a core part of their previous professional experience, training, or education, would be of value to Facebook given the human rights risks of its current general operations. Such a director could enhance the board's oversight of human rights-related risks.
	Resolution 8. Report on Platform Misuse	For (Exceptional)	The misuse of Facebook's platform is a major issue we have identified through the numerous controversies in recent years. Facebook's negative impact on society globally is non-negligible and misunderstood by the company. An assessment from the board of how to reduce the platform's amplification of false and divisive information could help provide shareholders with valuable information on how well the company is assessing and mitigating content-related controversies.

	Resolution 9. Amend Certificate of Incorporation to Become a Public Benefit Corporation	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted as it would further strengthen the company's commitment to the environmental and social goals of the Business Roundtable statement on the purpose of a corporation, where corporations endeavor to benefit all stakeholders, including customers, employees, suppliers, communities and shareholders.

However, we have exceptionally support as pay arrangements for the year under review were broadly fine, and we welcome that executives waived approximately 54% of their FY2020 bonus (which was instead contributed to the wider pool for employees). 	Resolution 5. Require a Majority Vote for the Election of Directors	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted as it would give shareholders a more meaningful voice in the election of directors and further enhance the company's corporate governance.

	Resolution 4. Elect Fiona Clutterbuck as Director	For (Exceptional)	Under normal circumstances we would not have supported the current / interim Chair and Chair of the Nomination committee as there is no ethnic diversity on the board. However, we have exceptionally supported her re-election as firstly, we are mindful that the Nomination committee composition has completely changed since the last AGM and secondly, the company has made a commitment for a year on year improvement in the representation of gender and ethnicity/ nationality in its senior leadership (Executive Committee and their direct reports) every year, with the goals of achieving 40% female representation and 20% representation from BAME backgrounds by 2025. We also welcome that M&G plc will also voluntarily disclose its ethnicity pay gap data for 2020 in 2021 in support of our position to improve not only gender representation but also ethnic diversity in senior leadership roles. Finally, we have no concerns with diversity more generally. In fact, female directors represent 57% of the current Board. On a separate issue, we have some concerns with Fiona Clutterbuck's overall Board commitments (she is also Chair of Paragon Banking Group and a non-executive of Sampo,) which raises questions over whether she can contribute sufficient time / effectively to the M&G Board. However, we are mindful that her number of commitments is just within our guidelines and we do not have further concerns regarding this director.

We note the company cancelled the 2020 LTIP, limiting the overall pay package. And that the remuneration is broadly in line with company performance as it outperformed industry average.

	Resolution 4. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 11. Approve Remuneration Policy of CEO	For (Exceptional)	Under normal circumstances, we would have voted against this remuneration-related resolution as severance arrangements are equal to 2 times base salary plus bonus. We believe that severance payments should be no greater than 2 times base salary. However, French companies used to have separate proposals to approve the severance package, and as there are no other concerns identified and no severance was paid during the year, we have exceptionally supported

	Resolution 13. Reelect Patrick Pouyanne as Director	For (Exceptional)	Under normal circumstances we would not have supported this director as the proposed term of office for this director is four years. We do not support proposed terms of office exceeding 3 years as we feel longer terms in office reduces director accountability to shareholders. However, we are mindful that the proposed term is just one year over our preferred term. Given our lack of concerns regarding the board we are supporting this director's re-election.

Resolution 9. Re-elect George Muchanya as Director	For (Exceptional)	Under normal circumstances, we would have voted against the re-election of this director as he is not independent (due to being a shareholder representative) and independent directors represent 38% of the board, whilst we expect a majority for a company of this size. However, we have exceptionally supported his re-election as the Board remains committed to the principle of recruiting one or more further independent Non-Executive Directors. However, in the current economic environment, the Board has postponed for the time being the appointment of a further NED given the need to restrict costs in line with the scale of the Company. We are comfortable with the explanation for now but will be keeping the arrangements under review.

	Resolution 15. Authorise Issue of Equity without Pre-emptive Rights	For	
	Resolution 16. Authorise Issue of Equity without Pre-emptive Rights in Connection with an Acquisition or Other Capital Investment	For (Exceptional)	Under normal circumstances, we would have voted against this share issue authority which would allow the company to issue shares equivalent to 5% of the issued share capital without pre-emptive rights (provided it is used in connection with an acquisition or specified capital investment), in addition to the standard 5% authority proposed under resolution 15. This is because it would also include development or refurbishment expenditure under the definition of specified capital investment. This is not necessarily within the spirit of the pre-emption group guidelines. However, we have exceptionally supported because as a REIT, the Company's policy is to pay 90% of net rental income as dividends. This suggests that cash reserves may be lower than that of a typical operating company. Moreover, it is expected that future value-enhancing acquisitions and development projects will eventually be returned to shareholders in the form of dividends. Finally, it is also noted that the existing share issuance authorities, providing for the issue of shares for cash without pre-emption rights at up to 20% of the issued share capital as approved by shareholders at the 2019 AGM, were not fully utilised during the year.
