	Resolution 6b. Approve Paris-aligned Targets	For (Exceptional)	A vote FOR the disclosure of carbon emission targets is warranted. The proponents assert that there is a lack of detail in IPL's disclosures that limits shareholders' ability to assess the current plan and targets, particularly relating to the key assets that drive the company's emissions footprint. - The company has set short- and medium-term targets (Scope 1 and 2) targets and has a net zero by 2050 ambition; however, these are not sufficiently robust and significantly rely on carbon offset technologies. - The company's Scope 1 and 2 targets are not aligned with the Paris Agreement goal of limiting global warming to 1.5 degrees Celsius above pre-industrial temperatures. - The company has not provided any Scope 3 targets, for which it could be taking action. Additional information regarding the company's efforts to reduce its carbon footprint and align its operations with Paris Agreement goals would allow investors to better understand how the company is managing its transition to a low carbon economy and climate change related risks.

	Resolution 5b. Approve Transition Planning Disclosure	For (Exceptional)	Support for this shareholder resolution (proposed by shareholders associated with Market Forces) is warranted, as shareholders would benefit from more information on how the company is assessing and managing any potential risks related to climate change. Furthermore, shareholders would benefit from a stronger alignment between the company's stated goals and its actions regarding corporate responsibility. Whilst we welcome a new commitment from NAB to limit funding for fossil fuel projects (the first big Australian bank to do so), and there are some good commitments regarding phasing out coal lending, we do agree with Market Forces that there are some loopholes which may allow the bank to continue lending to fossil fuel businesses. For example, NAB could continue funding oil and gas indirectly through general corporate lending that was not tied to a specific project, as well as allowing new projects to be directly funded under the loosely defined guise of national interest. The IEA's report provides clear red lines around the projects that can't proceed under that scenario and the policy doesn't appear to reflect that.

Furthermore, shareholders would benefit from a stronger alignment between the company's stated goals and its actions regarding corporate responsibility. For example, whilst the company has stated that it has reduced lending to thermal coal mining by around 75%, we agree with the proponent that the bank should disclose targets to manage down exposure to gas, oil and coal sub-sectors, especially coal.

Reelect Vincent Bastide as Director	For (Exceptional)	<p>Under normal circumstances, we would have voted against the re-election of this Director as he serves as the combined CEO/Chairman, a role we prefer to be split. The Chairman's role on a board is to evaluate and review the performance of management, and to ensure there are sufficient checks and balances; this role is obviously compromised when the Chairman is also the CEO. However, we have exceptionally supported his re-election as since the 2020 AGM, the board composition has significantly improved and now independent directors represent the majority of the Board, providing some safeguards for minority investors (although we are mindful that 69.9% of the voting rights are held by the Bastide family (it holds 54.2% of shares)).</p>

	Resolution 13. Authorise Issue of Equity without Pre-emptive Rights (Additional Authority)	For (Exceptional)	Under normal circumstances we would have voted against this authority (enabling the company to issue shares equivalent to 10% of the issued share capital), as it is in addition to the (10%) authority proposed under resolution 12, and if fully utilised will be very dilutive to existing holders. However the company has previously explained to us that the intention behind the authority is to provide the PRS REIT additional flexibility to issue shares, on a basis that is not dilutive to shareholder value, for investment in PRS Units in line with its investment policy and strategy for growth. In addition, the higher authority is expected to broaden the Company's asset base which will increase the diversity of the portfolio. It will also allow the Company to broaden its investor base and enhance the size and liquidity of the Company's share capital and spread the fixed operating costs over a larger capital base, thereby reducing the Company's ongoing charges ratio. This is considered to be in the best interests of existing shareholders, without the time restrictions and uncertainty caused by holding a specific general meetings. As a result of the following assurances received, we were able to support the resolution: Any issues of shares under these authorities will be at a price no lower than the prevailing NAV to ensure that there is no dilution to existing shareholder value The company will canvas support from existing shareholders ahead of any issue to ensure they are making decisions in the best interests of shareholders.

We are supporting the re-election but we will however be keeping this under review.

Resolution 2. Advisory Vote to Ratify Named Executive Officers' Compensation	For (Exceptional)	<p>Under normal circumstance we would be voting against this resolution as Less than 2/3 of LTIP awards are performance based. In addition, LTIP awards exceed base-salary. Therefore, pay arrangements are not appropriately aligned with performance. In addition, CEO pay ratio is 204:1 which we consider excessive. However, the pay ratio whilst up from last year where it was 182:1 is only just above our level of concern, and the total CEO pay has actually gone down this year by 3.4% and is not extremely excessive. Support for this proposal is warranted for the year in review.</p>

	Resolution 3. Ratify PricewaterhouseCoopers LLP as Auditors	Against	• Auditor tenure
	Resolution 4. Amend Proxy Access Right	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted as it would enhance the company's proxy access right for shareholders while maintaining safeguards in the nomination process.

<p>09/12/2021 United Kingdom</p>	<p>Resolution 2. Approve Remuneration Report</p>	<p>For (Exceptional)</p>	<p>Under normal circumstance we would not be able to support the remuneration report as whilst the Company has capped the pension contribution for the current CFO and any new ED in line with the contribution level available to the wider UK workforce (currently 5.5% of Salary), the pension contributions for the incumbent CEO is still retained at a value of 15% of salary. There are some other concerns around pay, like the pay ratio being 104:1 which is slightly high, there is also a multiple application of the same performance target, and this relates to a majority of award potential, leading to an over-dependence on one dimension of company performance. However, It is noted that a number of positive changes had been introduced, namely the reduced annual bonus target pay-out, the introduction of a post-cessation shareholding requirement and enhancement of malus and clawback provisions. In addition, the company has committed to reducing the incumbent CEO's pension to 8.5% with effect from January 2023 because of shareholder concerns around pensions. It is noted that in the company's main UK business, once a member of the Senior Management Team reaches 50 years old, the employer contribution rises from 5.5% to 8.5% of salary. Due to these aforementioned reasons, we exceptionally supported this resolution.</p>

OIL SEARCH LTD Court Meeting 07/12/2021 Papua New Guinea	Resolution 1. Approve Scheme of Arrangement in Relation to the Proposed Acquisition of the Company by Santos Limited	For (Exceptional)	Under normal circumstance we would vote against the resolution as the Independent Expert's analysis suggests that the financial terms of the Merger are not reflective of the relative contributions of underlying value by Oil Search and Santos and that Oil Search shareholders are contributing around 43 to 44 percent of the aggregate estimated underlying value of the Merged Group compared to the 38.5 percent of the Merged Group that they will receive. Even after considering the value of the cost savings expected to be realised, the analysis indicates that the Merger will result in a reduction in the underlying value attributable to Oil Search shareholders. However, we are conscious that voting in favour of this resolution is in the best interest of shareholders due to this being a rational and strategic merger and a vote against would result in the share price dropping to preannouncement levels. In addition, a premium is offered over prevailing trading prices of OSH shares and no superior offer has been identified.

	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would vote against this resolution as there have been significant increases in pay, overall variable pay is above 10 times base salary and none of the annual bonus is deferred which is not aligned with the long-term interest of shareholders. However, the company has given clarifications on the increased pay and overall quantum is not a major concern. The high long term incentive plan also helps alleviate some concerns around quantum as the three-year vesting schedule for this year's awards align with long-term interest of shareholders.

BELLWAY PLC AGM	Resolution 1. Accept Financial Statements and Statutory Reports	For	

<p>06/12/2021 United Kingdom</p>	<p>Resolution 2. Approve Remuneration Report</p>	<p>For (Exceptional)</p>	<p>Under normal circumstances we would have voted against the remuneration report as none of the CFO's annual bonus award during the year under review was deferred which is not aligned with the long term interests of shareholders. However, we exceptionally supported as the company's new policy (proposed under resolution 3) has introduced mandatory deferral for any bonuses above 100% of salary. In addition, we are mindful that the CFO's interests are already well aligned with shareholders given his shareholding (as at 31 July 2021) equated to 560% of his salary.</p>
--	--	------------------------------	---

	Resolution 3. Approve Remuneration Policy	For (Exceptional)	<p>Under normal circumstances we would have voted against the new remuneration policy as bonus deferral only applies when the total bonus is over a certain percentage of salary (i.e 100% of salary), making the company a laggard in this area. However, we have exceptionally supported the new policy as this marks an improvement on previous arrangements (where no deferral was applied), as is the case with the new policy more broadly. Also, we are mindful that the structure for deferral recognises that the bonus opportunity for Executive Directors (120% of salary) is below the mid-market level for both housebuilding companies and UK listed companies of similar size to Bellway. Further, if an Executive Director's shareholding is below the target of 200% of salary, then they are encouraged to build that holding through share purchases as well as retaining shares they earn through our incentive plans We will continue to engage with the company on this issue as whilst we appreciate that bonus opportunity is below market levels it would be better if either, some of any bonus was deferred or for it to be a lower amount of bonus that needs to be awarded (i.e lower than 100% of salary) before the rest is deferred. This would further improve the alignment of interests with shareholders.</p>
	Resolution 4. Approve Final Dividend	For	

	Resolution 5. Re-elect Paul Hampden Smith as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of the Chair of the Board and Nomination Committee to reflect our concerns that there is no ethnic diversity on the Board. However, we have exceptionally supported his re-election as we note that the Nomination Committee is actively working to identify a candidate pool for the next round of Board appointments which will bring the Board composition in line with the Parker Review recommendations. Given both the Chair and Senior Independent Director have served on the Board for 8 years, we expect that improved diversity will occur as a result of Board refreshment over the next year or so. More broadly we note that females represent a third of the Board and of total employees and 31% of senior management. In terms of ethnic diversity across the business, for the first time the Group has reported Board and workforce ethnicity statistics (which are low) and will report on progress towards improving diversity in future years.

	Resolution 10. Re-elect Ian McHoul as Director	For (Exceptional)	Under normal circumstances we would not have supported this director as they hold the equivalent of more than 4 positions, which is in excess of our guidelines. However, we are mindful that in this case the overall count exceeds our limit by only one position, and this director serves as non-executive chair of at least one of the boards they sit on. Given our lack of further concerns regarding this director we are supporting the re-election.

However, we are mindful that in this case the overall count exceeds our limit by only one position, and this director serves as non-executive chair of at least one of the boards they sit on. In addition we have concerns over the lack of ethnic diversity and will expect to see a change during the year. Given our lack of further concerns regarding this director we are supporting the re-election.

Resolution 12. Elect Sir Peter Bonfield as Director	For	
Resolution 13. Authorise Issue of Equity	For	
Resolution 14. Approve Remuneration Report	For (Exceptional)	Under normal circumstance we would not be supportive of this resolution due to performance targets not being disclosed for the annual bonus as well as discretionary awards being subject to a share dilution limit of 10% in 10 years (5% above best practice). However, it has been noted that the Award Incentive Plan is made available to all employees and it will be kept under close review by the company to ensure there is minimal dilution. Overall quantum is low for a company this size and allows us to exceptionally support the resolution this year.

The proponent says Sysco has not established an enterprise wide GHG reduction goal aligned with Paris Agreement goals or a climate transition plan and in not doing so, it lags peer companies. Support for this proposal is warranted because the requested report and targets will allow investors to better assess how the company is managing climate-related risks. The company does not oppose this proposal and states that it intends to develop rigorous targets in the near term. We note that the company does not oppose this proposal and states an intention to develop rigorous targets</p>

Resolution 1.8. Elect Director Matthew J. Shattock	For (Exceptional)	Under normal circumstances we would not have supported this director as we are concerned with the number of board positions they hold and we would question their ability to devote sufficient time to the role. However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review.

Hence, at least 25 percent against votes against Item 3 of this AGM will constitute a second strike for the company. We have voted against the remuneration report since 2015 and the company is still not addressing bringing down quantum in a sufficient way which warrants a vote in favour of the spill resolution.

	Resolution 6. Re-elect Nick Hewson as Director	For (Exceptional)	Under normal circumstances we would have voted against the Chair of the Nomination committee to reflect concerns that there is no ethnic diversity on the board. However, we have exceptionally supported his re-election having noted the statement in the AR&As that: "The Committee notes the Parker Review target of one person of colour on the Board by 2024 for FTSE 250 companies and acknowledges that at present, the Board comprises 7 Directors which are not from a minority ethnic group. Given the value placed on diversity by the Company and its focus on progressing the Equality, Diversity and Inclusion agenda, the Committee will ensure that the appropriate weight is placed on ethnic diversity as part of the selection process when recruiting future Directors." More broadly, we note that during the year, the Group released the Equality, Diversity and Inclusion Policy (the ED&I Policy) and implemented a number of initiatives to aid the delivery and embedment of the ED&I agenda. For example, it introduced specific diversity targets to its recent recruitment campaign for new graduate employees which led to a significant increase in the number of females and employees from BAME (Black, Asian or Minority Ethnic) backgrounds (over 30% female recruits and 25% from a BAME background).

Resolution 21. Amend Constitution of BHP Group Limited	Abstain	<ul style="list-style-type: none"> • Proposals do not add any value or strong case not made

	Resolution 22. Approve Climate-Related Lobbying	For (Exceptional)	Support for this shareholder resolution (which is also supported by the BHP Board) will strengthen the Company's review of industry associations in line with the goals of the Paris Agreement. The resolution also states that where an industry association's advocacy is inconsistent with the Paris Agreement, the Company may suspend or conclude membership. The Company recognises that there are instances where there are material differences identified on climate policy. However, the Company asserts that there is greater scope to achieve positive climate outcomes through its membership and influence in industry associations. Although the Board does not agree with the supporting statement of the shareholder Proponent which raises concerns about the advocacy of industry associations, the proposed resolution is substantively aligned with the Group's existing approach and as such, the Board recommends that shareholders support the resolution.

	Resolution 7. Approve Conditional Spill Resolution	For (Exceptional)	At the company's previous AGM held on 26 November 2020, more than 25 percent of the votes cast (53%) on the resolution relating to the adoption of the remuneration report for the year ended 30 June 2021 were against the adoption of the report. Hence, at least 25 percent against votes against Item 3 of this AGM will constitute a second strike for the company. There are continuous material concerns over lack of disclosure around performance measures, for example the STI continues to have inferior and insufficient disclosure compared with the better practices of larger ASX-listed entities. Due to the company's good performance quantum is only slightly above expectation, however, in combination with the material lack of disclosure a vote in favour of the spill is warranted.

	Resolution 12. Re-elect Malin Persson as Director	For (Exceptional)	<p>Under normal circumstances we would have voted against the re-election of this director as she holds non-executive positions on 4 other plc company boards (all Swedish) which is in excess of our guidelines and she also has positions at a number of private companies. Furthermore , her plc positions are all very large companies which market caps in excess of £1bn equivalent. However, we have exceptionally supported as we are mindful that her aggregate commitments have reduced in recent years and one of her remaining companies (OX2) has only recently become publicly listed. The AR&As state that it is anticipated that at least 20 days per annum after the induction phase are required (for non-executive director), plus additional time to devote to preparation ahead of each meeting. Nevertheless, we will be engaging with the company on this issue as firstly we would expect a non-executive director to be committing more than 20 days per annum and secondly we note that during the year under review Malin Persson was appointed the non-executive director responsible for workforce engagement at Ricardo (she supports employee engagement activities by conducting small group interviews with representative cross-sections of colleagues in all divisions and regions). Hence, this will require significantly more of her time.</p>

We consider this inappropriate as the committees should consist entirely of independent directors. In addition, there is a lack of ethnic diversity on the board. 	Resolution 8. Approve Support for Improvement to Western Australian Cultural Heritage Protection Law	For (Exceptional)	Support for this "advisory" shareholder resolution is warranted because the Interim Report released on 9 December 2020 by a bipartisan Commonwealth Parliamentary Committee on Northern Australia highlighted the inadequacy of existing cultural heritage protection regulation in Western Australia and was instrumental to the destruction of Juukan Gorge specifically. Whilst the company is committed to the protection of Aboriginal heritage and the modernisation of Western Australia's Aboriginal Heritage protection legislation and an increase voice for aboriginal people. The proponents note that, the WA Aboriginal Heritage Act 1972 has been under review for over two years. WA Government has announced its intention to enact the Aboriginal Cultural Heritage Bill 2020 (Bill) in coming months however the content of the Bill and the process by which it was formulated have been criticized by WA and national First Nations peak bodies and representatives.

	Resolution 14. Authorise Market Purchase of Ordinary Shares	For (Exceptional)	Under normal circumstances we would have opposed this item as this authority would enable share repurchases of up to 16.78% of issued share capital to be made without further referral to shareholders. We consider that such authorities should be limited to no more than 15% of issued share capital unless a clear justification and strategic rationale is provided to shareholders. No such explanation has been provided in this case. However, when treasury shares are included in the calculations, the proposed amount is within recommended limits. As such, qualified support is considered warranted this time. The Board's actions related to repurchases over the course of this authority will be reviewed in the run-up to the time of the next AGM to consider whether the Directors managed risks in a responsible fashion for any repurchases undertaken with the authority.
	Resolution 15. Adopt New Articles of Association	For (Exceptional)	Under normal circumstances, we would have opposed the article amendments as they appear to provide the possibility for virtual-only shareholder meetings. However, considering that the company has explained the requested flexibility was in consideration of the COVID-19 pandemic and would only be held in extreme circumstances as a temporary measure we are exceptionally supporting.

	Resolution 2. Approve Remuneration Report	Against	<ul style="list-style-type: none"> • Inadequate response despite low support at last AGM; Poor performance linkage

	Resolution 3. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances, we would have voted against the new policy as the maximum limits for both the variable pay plans have been increased (annual bonus: from 100% to 125% of salary; LTIP: from 100% to 175% of salary). However, we have exceptionally supported to reflect the positive counterbalances that have been introduced to the policy which help mitigate concerns around the potential increases. These include a reduction in the threshold vesting level for the LTIP (from 20% to 15% of the maximum LTIP opportunity), a reduction in the Executives' pension contributions to align with those of the workforce and the introduction of post-employment shareholding requirements. Further, we welcome that the increase in bonus opportunity will not be immediate, rather it will take place in FY2023. Finally, executive salary positioning is not problematic. The aim of these changes is to reflect the strong performance of the business and development of the senior team over a number of years and ensure that the remuneration of the senior team is appropriately positioned against a highly competitive market for talent within the sectors in which NCC Group operates.

Adopt New Bye-Laws and Related Transactions	For (Exceptional)	Under normal circumstances we would have opposed the amendments to the Bye-laws as they appear to provide the possibility for purely electronic meeting by virtual attendance and participation by shareholders and/or proxies by means of electronic facilities (in addition to hybrid meetings). However, such amendment would provide additional means for shareholders to participate in general meetings, thereby providing reasonable flexibility in conducting general meetings, most especially during the current pandemic situation. Further, the proposed amendments also set out the board and chairman of the general meeting's related powers in ensuring the safety and security of the meetings.

AUCKLAND INTERNATIONAL AIRPORT LTD AGM 21/10/2021 New Zealand	Resolution 1. Elect Mark Binns as Director	For (Exceptional)	Under normal circumstances we would vote against this director as they are members of the company's remuneration committee and there are some concerns around remuneration disclosure. Specifically, the 2020 NZX Code recommends that a company should clearly disclose performance criteria used to determine performance-based awards for the CEO. However, the company has vastly improved disclosure since last year (where they did not disclose any remuneration information) and have mostly met the NZX Corporate code best practice recommendations. In the future shareholders would benefit from more information being given on performance criteria for performance-based awards for the CEO, as stating their performance-award is based on meeting certain targets focused on safety, customer, financial market, and infrastructure programme outcomes is not specific enough and does not provide enough detail.

Elect Patrick Strange as Director	For (Exceptional)	Under normal circumstances we would not have supported this director as we are concerned with the number of board positions they hold and we would question their ability to devote sufficient time to the role. However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review.

The Board is committed to ensuring that, under normal circumstances, general meetings (including AGMs) will incorporate a physical meeting.

	Resolution 10d. Subject to Resolution 10a Being Passed, Approve the Shareholder Proposal Re: Consent & FPIC Resolution	For (Exceptional)	Support for this resolution is warranted given the adoption of the proposal should serve to further strengthen Origin's commitment to Indigenous Peoples' rights, as well as augment its existing Indigenous People's rights-related oversight mechanisms.

	<p>Resolution 10e. Subject to Resolution 10a Being Passed, Approve the Shareholder Proposal Re: Climate-Related Lobbying Resolution</p>	<p>For (Exceptional)</p>	<p>The ACCR states it has engaged with Origin Energy on the issue of climate-related lobbying for more than three years. Despite improved transparency, Origin's governance of industry associations is questioned. They cite InfluenceMap who rates Origin Energy's climate policy footprint as C on a scale of A-F. They go on to state that Origin remains a member of at least four industry associations with climate lobbying practices that are misaligned with the Paris Agreement (ranked D or below) and one with strongly misaligned climate lobbying practices (ranked F). The company has stated that it gets significant benefit from membership of industry associations, including the sharing of safety and environmental practices, insights on industry trends and technology and enhancing Origin's ability to advocate for sound public policy. Whilst we see the merit of belonging to certain industry associations, we share the same concerns as ACCR and are supportive of the shareholder resolution as the company limits its review of its industry association partners to a scope that leaves out pertinent information. Some of the policies of its partners do not appear to be in line with the company's position on climate, which may be creating heightened risk for the company.</p>
--	---	------------------------------	---

	Resolution 10f. Subject to Resolution 10a Being Passed, Approve the Shareholder Proposal Re: Paris-Aligned Capital Expenditure Resolution	For (Exceptional)	Support for this proposal is warranted, as additional information regarding the company's efforts to align its operations with Paris Agreement goals and reduction targets would benefit shareholders in assessing the company's management of its energy transition and climate change related risks. Neither its Science-Based target nor its decarbonisation strategy appear to include its Scope 3 targets from its LNG export. Although it has begun to disclose its estimated share of those emissions and says it is progressing work on updating [its] emissions reduction targets consistent with a 1.5°C pathway.

18/10/2021 United Kingdom	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the remuneration report to reflect that the vesting of the CFO's FY2019 and FY2020 long-term incentive awards is not conditional on the achievement of performance condition. Further, the CFO received a significant salary increase during the year under review. However, through engagement with the new Chair last year, we were comfortable with the explanation provided on the CFO's LTIP award which the company has explained in this year's remuneration report, as follows: "Mickey Kalifa was recruited during 2019 at a time of great uncertainty for the business. This included an entitlement to 200% of salary in cash as an LTIP each year for four years, the first two of which (2019 and 2020) had no performance criteria attached. The final two (2021 and 2022) were to have only one-year performance periods. The Remuneration Committee has worked with Mickey to adjust these previously agreed contractual entitlements to better align them with shareholder interests. We are grateful to Mickey for agreeing to make significant changes to his contractual position. It has therefore been agreed that the cash LTIPs already granted (2019 and 2020) will convert into restricted shares, with vesting dates and standard holding periods applied, as Mickey is an Executive Director. Moving forward, Mickey's LTIP opportunity will reduce over time, be performance tested over three years (not one year) along with other Executives, and have two-year holding periods."

Resolution 9. Elect Vin Murria as Director	For (Exceptional)	Under normal circumstances we would have voted against the appointment of this director as she is a non-executive of 5 plc Boards in total, one of which she is Chair, raising concerns over how she can contribute effectively to the M&C Saatchi Board. However, we have exceptionally supported as we note that two of the other Boards (Plum Acquisition Corp. and AdvancedAdvT Ltd) are companies that have been formed as acquisition vehicles and are relatively smaller in size and non-complex in nature. However, in the event that these entities become operating companies and more demanding with respect to time, or her other time commitments increase, we are likely to vote against her re-election.

	Resolution 17. Approve Waiver on Rule 9 of the Takeover Code	For (Exceptional)	Under normal circumstances we would have voted against this proposal as this is our protection against creeping control i.e allowing the major shareholder to gain control of the Company without paying a premium to the other shareholders. The CEO's shareholding was 31.38% of the issued share capital (ISC) as at 7 Sept 2021 so if the buy-back authority proposed under resolution 16 is exercised in full (and the CEO does not participate), his holding could increase to 33.04% of the ISC. Under the Takeover Code he will therefore be required to make a general offer for the shares he currently does not own. Approval is sought to waive this obligation. However, we have exceptionally supported this year, as we have done in previous years for the following reasons: The CEO has habitually donated shares from his holding in Ashmore to charity and his shareholding in Ashmore has therefore steadily fallen since the time of Ashmore's initial public offering (IPO) in Oct 2006 when it was approx.. 44%. Hence, this is evidence that the CEO is not trying to get control of the company on the cheap. Further, Mark Coombs has made a public commitment to reduce his shareholding by 4% per year to a more appropriate level below the 30% shareholding limit that triggers the requirement to seek a Rule 9 waiver. Consistent with the above commitment, the CEO's shareholding has indeed reduced from 34.71% in 2020 to 31.38% in 2021 Secondly, the meeting materials again state that in common with many other asset managers, the

The Company recognises that there are instances where there are material differences identified on climate policy. However, the Company asserts that there is greater scope to achieve positive climate outcomes through its membership and influence in industry associations. 	Resolution 3. Eliminate Supermajority Vote Requirements	For	
	Resolution 4. Ratify PricewaterhouseCoopers LLP as Auditors	For	
	Resolution 5. Declassify the Board of Directors	For (Exceptional)	Support for this proposal is warranted because the declassification would enhance board accountability. Currently, the board is comprised of three director classes, each of which serves a three-year term. We note that there is a management proposal on the agenda (resolution 2) that if approved would reclassify the board into two classes, serving staggered two-year terms. Support for that proposal is also warranted, because although it falls short of full board declassification, it is an improvement on the status quo, and the proposal will take effect upon approval with no further action required.
	Resolution 6. Report on Diversity and Inclusion Efforts	For (Exceptional)	Support for this proposal is warranted, as reporting quantitative, comparable diversity data would allow shareholders to better assess the effectiveness of Tesla's diversity, equity and inclusion efforts and management of related risks.
	Resolution 7. Report on Employee Arbitration	For (Exceptional)	Support for this proposal is warranted because more information on the impact that the company's standard arbitration provision has on Tesla's employees may bring information to light that could result in improved recruitment, development and retention; and the company has been involved in several recent and related controversies.

	Resolution 8. Assign Responsibility for Strategic Oversight of Human Capital Management to an Independent Board-Level Committee	For (Exceptional)	Support for this proposal is warranted, as the company has faced human capital management controversies and it is unclear if the company's existing board framework allows for adequate oversight of issues related to human capital management.
	Resolution 9. Additional Reporting on Human Rights	For (Exceptional)	Support for this proposal is warranted, as the requested report would benefit shareholders by providing them additional means to assess the effectiveness of the company's human rights risk management practices and policies.

	Resolution 4. Report on Political Contributions Disclosure	For (Exceptional)	<p>Support for this shareholder proposal is warranted, as more comprehensive information regarding Nike's political contribution spending and non-profit organization participation would enable shareholders to have a more comprehensive understanding of the company's political activities. The company states that it has approved updates to its current political contributions policy to increase transparency and oversight, however, those will not take effect until January 2022. While NIKE provides information on its political contribution and trade association policies and oversight mechanisms, and some information on its direct political contributions, the company provides state political contribution information for only one state where it is active and does not provide information on, or discuss, the types of nonprofit organizations to which NIKE belongs. Furthermore, NIKE's existing trade group oversight mechanisms are apparently only engaged if the company makes aggregate payments or contributions of more than \$100,000 to a group in a single year.</p>

	Resolution 5. Report on Human Rights Impact Assessment	For (Exceptional)	Support for this shareholder proposal is warranted, as additional information regarding the processes the company uses to assess human rights impacts in its operations and supply chain would allow shareholders to better gauge how well Nike is managing human rights related risks. While Nike has taken positive steps to address human rights impacts in its supply chain, continued progress in providing additional transparency will benefit Nike and its shareholders. The report requested can further build upon the company's Impact Report and complement the company's existing disclosures and ongoing initiatives to ensure responsible sourcing. The requested information would also aid shareholders' human rights due diligence efforts and allow them to better understand the steps the company is taking to manage human rights risk in its operations and supply chain.
	Resolution 6. Report on Median Gender/Racial Pay Gap	For (Exceptional)	Support for this shareholder proposal is warranted, as shareholders would benefit from additional information allowing them to better measure the progress of the company's diversity and inclusion initiatives and its management of related risks.

	Resolution 7. Report on Diversity and Inclusion Efforts	For (Exceptional)	Support for this shareholder proposal is warranted, as although the company provides disclosure around its workforce diversity, the company could provide further information regarding its hiring, promotion, and retention data. Additional disclosure on diversity and inclusion efforts would allow shareholders to better assess the efficacy of the company's diversity programs and initiatives. Furthermore, the company has historically been involved in controversies relating to employee discrimination. Such improvement in disclosure would benefit shareholders in assessing the company's long-term value and reputational and legal risks associated with discrimination. Therefore, shareholder support for this proposal is warranted.

However, we have exceptionally supported her re-election as firstly, there have been no issues with her attendance of board and committee meetings at her other companies. Secondly, since 2019, she relinquished her roles at two other large companies (and in 2020 she stepped down from another but replaced this with this non-executive role at Diageo). Instead, we will be seeking reassurances and asking for better disclosures from the company as to how the board is satisfied that Ireena Vittal's other commitments will not impede her role at Diageo.
	Resolution 8. Re-elect Melissa Bethell as Director	For	
	Resolution 9. Re-elect Javier Ferran as Director	For	

Resolution 10. Re-elect Susan Kilsby as Director	For (Exceptional)	Under normal circumstances we would not have supported this director as we are concerned with the number of board positions they hold and we would question their ability to devote sufficient time to the role. However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review.

	Resolution 6. Approve Reappointment of Gurdeep Singh as Chairman & Managing Director	For (Exceptional)	Under normal circumstances we would vote against the re-appointment of this director because they serve as combined CEO/Chairman, a role we prefer to be split. The Chairman's role on a board is to evaluate and review the performance of management, and to ensure there are sufficient checks and balances; this role is obviously compromised when the Chairman is also the CEO. Furthermore, minimum board independence norms are also not met as it comprises of less than a third of independent directors. However, exceptional support is warranted on this occasion as removing Gurdeep Singh as the company's managing director and executive chair would likely have a material negative impact on shareholder value. The overall board composition will be kept under review

	Resolution 4. Require Independent Board Chair	For (Exceptional)	<p>This item is not contentious and is in the best interest of shareholders.Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chair to be an independent director.</p>

	Resolution 5. Report on Alignment Between Company Values and Electioneering Contributions	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as a congruency analysis between FedEx's political contribution spending and its stated values would enable shareholders to better evaluate how well the company is assessing and mitigating risks to its reputation, brand, and shareholder value.
	Resolution 6. Report on Lobbying Payments and Policy	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this resolution is warranted, as additional information on the company's lobbying expenses and trade association memberships, payments, and oversight mechanisms would give shareholders a better understanding of the company's management of its lobbying activities and any related risks and benefits.
	Resolution 7. Report on Racism in Corporate Culture	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this resolution is warranted, as a report on racism in corporate culture would benefit shareholders by providing them additional means to assess the effectiveness of the company's diversity and inclusion initiatives.
	Resolution 8. Submit Severance Agreement (Change-in-Control) to Shareholder Vote	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this item is warranted given that the proposal applies only to future severance arrangements, the current agreements will not be affected, the proposal offers flexibility as to when the board may seek shareholder approval of a new or renewed severance arrangement, such as at the next annual meeting, and it is positive for shareholders to have the ability to vote on severance amounts that exceed market norms.

	Resolution 6b. Approve Paris Goals and Targets	For (Exceptional)	Support for this proposal is warranted, as additional information on the company's efforts to reduce its carbon footprint and align its operations with Paris Agreement goals would allow investors to better understand how the company is managing its transition to a low carbon economy and climate change related risks, especially as the company seeks to split its operations into two companies via the proposed demerger. In its opposing statement, the Board states that AGL is Australia's largest integrated electricity generator and retailer and a major investor in renewable energy but that AGL is Australia's largest carbon emitter because of its operation of coal-fired power stations. The company states that, while the closure of its coal-fired power stations is essential to Australia's decarbonisation process, it believes that: these power stations are currently essential to the affordable and reliable supply of electricity to millions of Australian households and businesses. The company also believes that transitioning away from fossil fuel would be risky for the company because the return on the required capital investment is not clear. This messaging is not helpful and indicates that the company is not prepared to move quick enough to address the climate emergency. We note that on 22 July 2021, the company announced that shareholders will be provided with an opportunity to have their say on climate reporting for both proposed demerged entities. Should the proposed demerger of AGL Energy proceed,

Resolution 3. Re-elect Ruth Cairnie as Director	For (Exceptional)	Under normal circumstances, we would have voted against the re-election of the Board and Nomination committee Chair to reflect concern that there is no ethnic diversity on the board. However, we have exceptionally supported her re-election in recognition that the Board has set itself the target of meeting the Parker Review recommendation to have one Director from an ethnic minority background by 2024 (although we have asked the company to meet this targets much sooner). We are also mindful that there has been significant board change over the last couple of years.
Resolution 4. Re-elect Carl-Peter Forster as Director	For (Exceptional)	Under normal circumstances we would not have supported this director as we are concerned with the number of board positions they hold and we would question their ability to devote sufficient time to the role. However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review.

However, due to a number of safeguards in place we are comfortable to support. Under normal circumstances we would have voted against the re-election of this director to reflect our concerns that, in aggregate they have too many board commitments. 	Resolution 2. Approve Remuneration Report	For	

	Resolution 3. Approve Remuneration Policy	For (Exceptional)	<p>Under normal circumstances, we would have voted against the new pay policy as a result of an increase in the new LTIP maximum award of 350% of salary from 2023 (currently 250% of salary) and additional one-off Strategic Plan awards that will be granted to EDs in FY2022 (350% of salary for the CEO, 250% for the CFO). However, we have exceptionally supported due to the company consultation with shareholders and explanation for the increases. It states that they are part of a broader review of the remuneration framework i.e, the Board has undertaken a review of award levels throughout the organisation and uplifts in award opportunity are being implemented below board level to ensure that overall packages remain competitive relative to local talent markets, stating that these have fallen behind in recent years. We are mindful that the current award levels are below FTSE norms for a Company of its size and that the CEO's salary is positioned around lower quartile (and is not being increased), so aligns with our policy of only paying more for sustained long-term performance. Award levels are certainly below typical practice in the US, where a substantial proportion of the Executive team is based. It is not intended to match US peers' pay opportunities, but it is intended to reflect EDs' performance in line with a broadly median level for FTSE 100 companies of similar scale. Our other considerations are the company strong performance over a number of years and the company's treatment of employees including paying the living wage. Also, many of</p>

	Resolution 5. Re-elect Paul Walker as Director	For (Exceptional)	Under normal circumstances we would have voted against the Board and Nomination committee Chair to reflect our concerns over the absence of any ethnic diversity on the board. However, we have exceptionally supported his re-election given the AR&As state that during the year the Nominations Committee reviewed the composition of the Board in the context of the Group's new strategy, Sunbelt 3.0 and as a result, it has commenced a search for an additional non-executive director to complement the experience of the Board, while being mindful of the recommendations of the Parker review. We also note that the company is working to increase gender diversity at all levels of the business, having recognised that the percentage is low and that some roles have historically attracted fewer women. However, we will be engaging with the company to see what plans there are to increase ethnic diversity throughout the business (although the company thinks it has good representation from ethnic minorities across the organisation - 28% of the US workforce identifying themselves as being non-white) and that the Board is more representative of its employees and customers.

PETROLEO BRASILEIRO SA PETROBRAS EGM 27/08/2021 Brazil	Resolution 1. Elect Directors	For (Exceptional)	We would have normally voted against the bundled director election resolution to reflect our concerns that bundled resolutions leave us with an all-or-nothing choice, and make directors less accountable to shareholders. In addition, we would have normally voted against this resolution to cumulate votes on the election of independent nominees presented under the cumulative voting items. However, we are exceptionally supporting this resolution as there are potential consequences in voting against the bundled election resolution, related to the voting process that could result in none of the votes being accepted.

IRB BRASIL RESSEGUROS SA EGM 06/08/2021 Brazil	Resolution 1. Elect Directors	For (Exceptional)	The election of these directors is bundled into a single vote. We disapprove in principle of bundling together proposals that could be presented as separate voting items because bundled resolutions leave us with an all-or-nothing choice, and making the directors less accountable to shareholders. The Board Chair is non independent. We believe they should ideally be independent in the interests of maintaining a balanced unitary Board. However, we take some comfort that at least a third of the Board is independent. We are voting FOR this slate, as there are potential consequences in voting against the bundled election resolution, related to the voting process that could result in none of the votes being accepted.

Elect Pascal Girardot as Director	For (Exceptional)	Under normal circumstances, we would not support the election of this director as he is not independent (due to being a shareholder representative) and independent directors represent less than a majority of the shareholder-elected nominees (our minimum expectation for companies which have employee representation on the Board). However, we have exceptionally supported as this is a shareholder resolution, being proposed in response to resolution 1, under which management proposes to dismiss Pascal Girardot from the Board of directors. We disagree with the company?s (limited) rationale for removing him.

Resolution 11. Approve Climate Related Financial Reporting	For (Exceptional)	<p>We commend NY1's decision to present its FY2021 climate-related financial reporting for an advisory shareholder vote. This represents a best practice that clearly communicates the importance of this issue to investors. Although NY1 has not disclosed a clear, forward-looking climate strategy, with short, medium and long-term targets, to substantiate how it will deliver on this ambition; exceptional support is given in recognition of the company's commitment to net-zero and TCFD-aligned reporting. Moreover, the scope of the resolution is limited to the company's FY2021 climate-related financial reporting, rather than being presented as a comprehensive transition plan.</p>

	Resolution 11. Approve Climate Related Financial Reporting	For (Exceptional)	We commend NY1's decision to present its FY2021 climate-related financial reporting for an advisory shareholder vote. This represents a best practice that clearly communicates the importance of this issue to investors. Although NY1 has not disclosed a clear, forward-looking climate strategy, with short, medium and long-term targets, to substantiate how it will deliver on this ambition; exceptional support is given in recognition of the company's commitment to net-zero and TCFD-aligned reporting. Moreover, the scope of the resolution is limited to the company's FY2021 climate-related financial reporting, rather than being presented as a comprehensive transition plan.

However, we have exceptionally supported his re-election as the board has determined to re-elect Mr. Warne for an additional year in light of significant changes in the boardroom and management level over the past 12 months (and given this period of global uncertainty). The board intends to appoint a new board chair in FY22 and Mr Warne will step down from such role and retire as a director at the 2022 AGM. We take additional comfort from the fact that independent directors represent the large majority of the Board.

Re-elect Jonathan Shearman as Director	For (Exceptional)	Under normal circumstances we would have voted against the Chair as he been on the Board for 11 years before being appointed Chair in April 2020, and ideally the Chair should be independent on appointment. Further, no particular commentary has been provided by the Company within the annual report regarding Jonathan Shearman's tenure, and the resultant divergence from the recommendations of the UK Code. However, we continue to exceptionally support his re-election in recognition that there was significant Board change after the 2019 AGM including the departures of the former (long serving) Chair and the Senior Independent Director (who was also the Chair of the Audit committee). As such, this vote reflects the need for some continuity. We expect succession arrangements to be put in place and we will be keeping this issue under review.

	Resolution 2. Approve Remuneration Report	For	
	Resolution 3. Approve Remuneration Policy	For	

	Resolution 4. Elect Patrick De Smedt as Director	For (Exceptional)	Under normal circumstances we would not have supported this director as we are concerned with the number of board positions they hold and we would question their ability to devote sufficient time to the role. However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review. We also have concerns with the lack of gender and ethnic diversity on the board and there is currently only one female on the board. . However, directors are being approved by shareholders for the first time following the IPO. The Board approved a Board and Senior Management Diversity Policy in February 2021 which aims to consider candidates for non-executive director roles from a diverse gender and racial background, among others. The Company additionally states that it has started the process to recruit another female independent NED. We will look for progress going forward and keep this under review in future years.
	Resolution 5. Elect Neil Murphy as Director	For	
	Resolution 6. Elect Keith Richardson as Director	For	
	Resolution 7. Elect Mike Phillips as Director	For	
	Resolution 8. Elect Alison Vincent as Director	For	

	Resolution 9. Elect David Maw as Director	For (Exceptional)	In normal circumstances we would be unable to support this Director as he is not independent (due to being a NED of the Group companies since November 2000) and independent directors represent 40% of the board whilst we expect a majority for a company of this size. In addition this non-executive director sits on the audit committee which we consider to be inappropriate as the committee should consist entirely of independent directors. However, as this is the first AGM since IPO we are supporting this year but we would expect to see positive changes over the next 12 months.
	Resolution 10. Appoint Ernst & Young LLP as Auditors	For (Exceptional)	Under normal circumstances we would be unable to support due to the level of non-audit fees however, the non-audit fees relate to services for the Company's IPO which are one-off in nature. In this instance, we are comfortable with the explanation provided by the company.
	Resolution 11. Authorise the Audit Committee to Fix Remuneration of Auditors	For (Exceptional)	Under normal circumstances we would be unable to support due to the level of non-audit fees however, the non-audit fees relate to services for the Company's IPO which are one-off in nature. ELECTRICITE DE FRANCE SA AGM 22/07/2021 France	Resolution 1. Elect Nathalie Collin as Director	For (Exceptional)	Under normal circumstances, we would not have supported the appointment of this director to reflect our concerns that their proposed term of office is four years. We do not typically support proposed terms of office exceeding 3 years as we feel longer terms in office (before coming up for re-election) reduces director accountability to shareholders. However, we have exceptionally supported as Nathalie Collin is an independent director so her appointment will improve the balance of the board (which even following her appointment, will not meet our expectations of one-third independence). Further, we are mindful that the proposed term is just one year over our preferred term.

However, we are mindful that in this case the overall count exceeds our limit by only one position, and this director serves as non-executive chair of at least one of the boards they sit on. Given our lack of further concerns regarding this director we are supporting the re-election.

	Resolution 3. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

While the company is making progress in terms of diversity we do note they currently have less than 33% females on the board (although there are 4 females) and they have members from ethnic minority backgrounds. In mitigation, the transactions will be carried out at arm's length and the authority is valid for one year, post which shareholders will get to review the deal terms ahead of the next AGM. The control will also remain within the group and there are no overriding concerns. As such, qualified support is warranted.

	Resolution 3. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

	Resolution 3. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

Elect WANG, SHAW-SHING, with Shareholder No. 1, as Non-independent Director	For (Exceptional)	Under normal circumstances we would vote against the election of this Director for serving as combined CEO/Chairman, a role we prefer to be split. The Chairman's role on a board is to evaluate and review the performance of management, and to ensure there are sufficient checks and balances; this role is obviously compromised when the Chairman is also the CEO. However, we are exceptionally supporting on this occasion as their removal from the board would be expected to have a material negative impact on shareholder value.

However, we have exceptionally supported his re-election given that the company has stated that it intends to meet the Parker Review recommendation for boards of FTSE 250 companies to have at least one director from an ethnic background by 2024 at the latest. It will do this by ensuring that ethnic diversity is a key consideration in Board recruitment and ongoing succession planning processes. The company's explains that inclusion and diversity remain high on the agenda as it continues to oversee the many initiatives underway at GPE to build a diverse talent pipeline and strengthen diversity at a senior level and across the organization.

Warren Partners were tasked with searching for possible Non-Executive Director candidates who could increase the diversity of the Board. They conducted an extensive search to identify and engage with a diverse and broad pool of candidates across sectors linked to Assura. In order to attract candidates from minority ethnic backgrounds, a range of talent engagement strategies were used including: leveraging professional diversity networks within the property and healthcare sectors; uncovering ethnically diverse talent utilising technology (such as LinkedIn and advanced search operators in online search engines); identifying potential candidates outside listed companies including exploring talent within the public sector/private owned organisations; and by assessing 'first time' Non-Executives/candidates operating below Board level. The company states that it was pleased to have assessed five ethnically diverse candidates at the longlist stage of the search process who were independently benchmarked

TRAINLINE PLC AGM 01/07/2021 United Kingdom	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would have voted against the Remuneration report as the new CEO Jody Ford has been granted an LTIP award at 400% of salary in connection with his appointment which is the exceptional limit allowed under the remuneration policy. The company explains that this is to help ensure the CEO's exposure to the share price and to align his interests with shareholders' interests. We note that there were no buyout arrangements. Whilst this award is high relative to FTSE 250 norms (particularly in the context of the Company's lower share price in connection with the health pandemic), and we will be speaking to the company to see how interests could be better aligned, we have exceptionally supported as we are broadly comfortable with overall pay levels and practices at the company.

	Resolution 3. Re-elect Brian McBride as Director	For (Exceptional)	Under normal circumstances, we would have voted against the Chair of the Board and Nomination committee to reflect our concerns over the lack of gender and ethnic diversity on the board. However, we have exceptionally supported their re-election as we note as a result of Clare Gilmartin's resignation as CEO on 28 February 2021, the Committee recognises that the Board does not currently align with the Hampton-Alexander recommendations and is also not yet in alignment with the Parker recommendations. In order to address this the Committee will ensure that candidates from ethnically, racially and gender diverse backgrounds are always included in shortlists for Board positions with the intention of maximising the opportunity to make appointments that allow the Board to reflect the diversity at Trainline and the wider community. The Committee is confident that by ensuring the candidates included on shortlists for Board appointments are genuinely diverse the Board will align with the Hampton-Alexander and Parker recommendations. Below board level we note that in shaping Trainline's progress on Diversity and Inclusion, it has formed four People Led Groups ('PLGs'), each representing a different minority group at Trainline: Differentlyabled, Womxn, LGBTQ+ and MinorityEthnic. The PLGs are helping the company deliver on areas in which it can better support, educate and inspire our people on ethnicity, gender, sexuality and ability. .Given the Group's focus on diversity and inclusion, the Committee welcomed

	Resolution 8. However given the relatively small valuation of the company / additional flexibility required in financing needs, we are supporting this resolution as pre-emptive rights are protected.

However, as the Spanish government measures put in place in response to the global pandemic are meant to be effective for a limited period of time, companies must adapt their bylaws to be able to hold virtual meetings beyond 2021 in case exceptional circumstances so dictate. Considering the safeguards provided by Spanish regulation and the exceptional circumstances (i.e the pandemic), the proposed amendments are deemed fair. 	Resolution 5.2. Amend Articles of General Meeting Regulations Re: Allow Shareholder Meetings to be Held in Virtual-Only Format	For (Exceptional)	Under normal circumstances we would have opposed the article amendments as they appear to provide the possibility for virtual-only shareholder meetings. However, as the Spanish government measures put in place in response to the global pandemic are meant to be effective for a limited period of time, companies must adapt their bylaws to be able to hold virtual meetings beyond 2021 in case exceptional circumstances so dictate. Considering the safeguards provided by Spanish regulation and the exceptional circumstances (i.e the pandemic), the proposed amendments are deemed fair. Besides, should the board misuse this authority, Spanish law provides some levies for shareholders to sanction directors

	Resolution 5. Elect Directors	For (Exceptional)	We would have normally voted against the bundled director election resolution to reflect our concerns that bundled resolutions leave us with an all-or-nothing choice, and make directors less accountable to shareholders. However, we are voting FOR this item instead, as there potential consequences in voting against the bundled election resolution, related to the voting process that could result in none of the votes being accepted. The following issues with the board composition are also noted: At least one of the proposed directors is not independent and the board is not sufficiently independent. The Board Chair is non independent. We believe they should ideally be independent in the interests of maintaining a balanced unitary Board. There are no women on the board.
