To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.</p>

	Resolution 5. Reduce Ownership Threshold for Shareholders to Request Action by Written Consent	For (Exceptional)	Support for this proposal is warranted. A reduction in the ownership threshold required to request a record date to initiate written consent would provide for a more meaningful written consent right for shareholders.
	Resolution 6. Report on Racial Equity Audit	For (Exceptional)	CtW Investment Group (CtW) has submitted a precatory proposal requesting that JPMorgan Chase & Co. (JPMorgan) oversee and report a "racial equity audit" analyzing the "adverse impacts" of the company on "non-white stakeholders and communities of color" In its supporting statement, the proponent acknowledges that JPMorgan has committed \$30 billion over five years to further racial equity, but states that the company has had "a conflicted history" regarding addressing racial injustice in the communities it serves. It asserts that the company, "has faced several lawsuits related to discriminatory lending practices against communities of color, including a federal lawsuit that settled for \$55 million related to mortgage discrimination." The proponent says that the company has closed numerous branches in majority-Black communities. It also notes that a 2019 New York Times article "documented JPMorgan's overt discriminatory practices against both its clients and its employees". CtW concludes by stating that "A racial equity audit would help JPMorgan identify, prioritize, remedy and avoid adverse impacts on non-white stakeholders and communities of color." The company provides information on its various efforts to help drive progress on the issue of racial and economic inequality on its proxy statement, website, Annual Report, and ESG Report. In 2020, the company committed to spend \$30 billion over the next five years to advance racial equity and to combat systemic racism in the communities in which it

	Resolution 7. Require Independent Board Chair	For (Exceptional)	Support for this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders.
	Resolution 8. Report on Congruency Political Analysis and Electioneering Expenditures	For (Exceptional)	Support for this proposal is warranted, as more comprehensive information regarding JP Morgan's PAC's political contribution spending and non-profit organization participation would enable shareholders to have a more comprehensive understanding of how the company oversees and manages risks related to its political partnerships.

	Resolution 2. Approve Remuneration Report	For (Exceptional)	<p>Under normal circumstances we would have voted against the pay report to reflect ongoing concerns over quantum including the substantial LTIP vesting for threshold performance. However, we have exceptionally supported as we note that for the 2021 LTIP awards, the CEO and CFO received awards at a reduced levels of 264.5% (maximum vesting outcome of 529%) and 248.5% (maximum vesting outcome of 497%), respectively. The Company states that this was to moderate the impact of any potential windfall gains arising from share price volatility in 2020. Also, the weighting of performance measures has been altered so that they all hold weightings of 20%, to reflect the increasing importance of delivering on the strategic business transformations required to succeed in the energy transition. Further, neither Executive Director received a bonus in 2020 and no salary increases have been proposed for 2021.</p>

	Resolution 21. Request Shell to Set and Publish Targets for Greenhouse Gas (GHG) Emissions	For (Exceptional)	This shareholder proposal (from Follow this) specifically sets out: 'Shareholders support the company to set and publish targets that are consistent with the goal of the Paris Climate Agreement: to limit global warming to well below 2°C above pre-industrial levels and to pursue efforts to limit the temperature increase to 1.5°C. These quantitative targets should cover the short-, medium-, and long-term greenhouse gas (GHG) emissions of the company's operations and the use of its energy products (Scope 1, 2, and 3). Shareholders request that the company report on the strategy and underlying policies for reaching these targets and on the progress made, at least on an annual basis, at reasonable cost and omitting proprietary information. Nothing in this resolution shall limit the company's powers to set and vary their strategy or take any action which they believe in good faith would best contribute to reaching these targets. You have our support.' The proponent is supportive of the company's climate ambitions, aims and targets and expects Shell to 'advance these ambitions to Paris-consistent short-, medium-, and long- term emissions reduction targets and invest accordingly.' The proponent states that it especially welcomed the Company's inclusion of their GHG emission from the use of their energy products (Scope 3). The proponent also asserts that 'to reach the goal of the Paris Climate Agreement, the Intergovernmental Panel on Climate Change (IPCC) special report Global Warming of 1.5

Instead, we will support their election and monitor progress for next year. Furthermore, whilst the Chair is non-independent (due to executive capacity and being the founder of the company) and ideally should be independent in the interests of maintaining a balanced unitary Board, we take some comfort that at least a third of the Board is independent.

The company also intends to continue to support and develop its talent pipeline in respect to cultural and ethnic diversity and there are numerous good disclosures to evidence this. For example, in 2020, the company established a new Diversity & Inclusion Working Group chaired by the CEO and during 2021 the Group will work towards receiving accreditation for the UK National Equality Standard. There were 10 internal promotions across the Group during 2020, 40% of which were female and 40% ethnic minorities We are also mindful that the company has made good progress in respect to gender diversity, particularly at board level and within the group's talent pipeline.

SABRE INSURANCE GROUP PLC AGM 14/05/2021 United Kingdom	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Policy	For (Exceptional)	<p>Under normal circumstances we would have voted against the remuneration policy as Sabre is proposing to replace its performance-based long-term incentive plan with a non-performance based one (a restricted share scheme ?RSS?), yet the awards will not be granted at a 50% discount to the current LTIP award levels, which is the widely accepted reduction necessary to reflect the increased certainty of awards. The awards will be capped at 75% and 60% of salary the CEO and CFO, respectively, which represents a 40% discount from the normal LTIP award levels of 125% and 100% of salary for the CEO and CFO, respectively. However, we have exceptionally supported as not only are we comfortable with the explanations provided for the RSS, we are broadly comfortable with the RSS levels as awards will be coming off below median positioned salaries. Secondly, we are mindful that the maximum award under the current LTIP is 175% of salary so the RSS award represents a 57% discount to that. We don't think the company should be penalised for not applying the 50% discount to the normal grant levels (e.g 125% for the CEO) given it could have made larger grants previously but chose not to. Nevertheless, we have made it clear to the company that if there are meaningful adjustments to salaries (which we wouldn't be supportive of anyway, unless there was a strong justification) then we would expect a lower award under the Restricted share plans (e.g. 62.5% of salary or 50% of the normal LTIP awards) We also note that the maximum</p>

Re-elect Andrew Pomfret as Director	For (Exceptional)	Under normal circumstances we would have voted against the Board Chair / Nomination committee Chair as there is no ethnic diversity on the board and the company has not disclosed a credible action plan to achieve the Parker Review targets. However, we have exceptionally supported his re-election as firstly, we are mindful that the company is currently positioned at the bottom of the FTSE 350 and might move outside this index in the next quarterly update (noting that our expectations / voting application for UK companies currently only applies to the FTSE 350 companies). Secondly, we have no concerns over diversity on the board more broadly. We will however, be engaging with the company on this issue.

However, the Spanish government declared the state of alarm, and royal decree-laws 8/2020 and 11/2020 approved in March 2020 allowed companies to hold virtual general meetings in FY2020, even though their bylaws did not contemplate this possibility. Royal Decree-Law 34/2020 adopted in November 2020 extended this deadline to FY2021, though allowing only electronic assistance and remote voting for companies that had not amended their bylaws accordingly. In this regard, the company reflects provisions included law 5/2021 of April 13 implementing SRDII that allow companies to hold virtual-only meetings if their bylaws so allow. In its report on bylaw amendments, the board suggests that virtual-only meetings should be extraordinary, and in-person meetings are preferred. 	Resolution 3. Re-elect Roy Franklin as Director	For (Exceptional)	<p>Under normal circumstances we would have voted against the Board Chair / Nomination committee Chair to reflect concerns that there is no ethnic diversity on the board. However, we have exceptionally supported his re-election as the AR&As explain that the (Nomination) Committee is mindful of, and gives consideration to, the recommendations of the Parker Review during reviews of the Board succession plans, and during the recruitment process for new directors, to ensure the Board is regularly refreshed and appointments are objective whilst promoting diversity of gender, social & ethnic backgrounds and is cognitive of personal strengths. The Company also explains that it is committed to ensuring ethnic diversity and in 2021 will take steps to improve ethnicity reporting in major hubs, where legally possible, to enable specific targets to be set. Further, the company launched the Wood Race Ethnicity Network (WREN) which seeks to raise the profile of diverse voices, increase awareness of the experience of others, speak up against racism and discrimination, create a safe space to connect and learn, strengthen the visibility of people of colour and advance ethnic diversity and inclusivity. More broadly, we welcome that the company has improved gender diversity on the board and now meets the recommendations of the Hampton-Alexander review, plus female representation in senior leadership roles is improving (was 30% in 2019 and 31% in 2020).</p>

	Resolution 4. Elect Ming Lu as Director	For (Exceptional)	Under normal circumstances we would not have supported the appointment of new non-executive director, Ming Lu to reflect our concerns over his aggregate Board commitments. He has an executive role (Regional Head) at KKR Asia Ltd and is also a non-executive at Jones Lang Lasalle Inc). As such, we are concerned that so these other commitments (particularly KKR) may impact his contribution to Prudential (the AR&As state that the non-executive directors are expected to commit 32.5 days per annum). However, we have exceptionally supported his re-election as we noted the additional value he brings to the board (has extensive experience of successfully investing in, growing and leading businesses across Asia) and is part of the ongoing process to refresh the Board and make sure it has the right skills and experience to support the Group, in particular pan-Asian operating experience, and a high degree of digital familiarity. We will be seeking assurances from the company however, that the he can commit to the number of days expected.

As such, we are concerned that so many commitments may impact his contribution to Prudential (the AR&As that the non-executive directors are expected to commit 32.5 days per annum). However, we have exceptionally supported his re-election as we note (and welcome) that he has stood down from another one of his external positions since the 2019 AGM, being the Schindler Holding AG board. There are also no concerns regarding his attendance record and in our engagement with him, we have experienced no issues regarding his availability or response times.

ROLLS-ROYCE HOLDINGS PLC AGM	Resolution 1. Accept Financial Statements and Statutory Reports	For	

13/05/2021 United Kingdom	Resolution 2. Approve Remuneration Policy	For (Exceptional)	<p>Under the new remuneration policy, the bonus and LTIP arrangements are effectively being combined into a new single incentive plan - which relies primarily on short-term targets to incentivise execution of immediate priorities and ensure better alignment with the Company's strategy. While the reduced focus on long-term measures is an area of potential concern (awards for 2021 will be based on short-term metrics only, while for 2022 and 2023 longer-term metrics will be introduced), the Company has provided compelling rationale for the need to initiate urgent action given the impact of the pandemic and the recurring uncertainties. Moreover, the variable pay opportunity is being reduced (from 430% to 385% of salary for the CEO and from 375% to 333% for the CFO) and all the awards will be compulsorily deferred into shares (40% for three years and 60% for four years). We also welcome that 30% of the CEO's salary, and 20% of the CFO's salary, will be paid in the form of shares (after a two-year deferral period). Nevertheless, there are potential flaws with this new structure in that the remuneration committee might be minded to pay a bonus to ensure there is some incentive (when under the previous structure a zero bonus wasn't necessarily an issue given executives received an annual grant of shares under the LTIP). Further, the target bonus is set at 57% of salary which is higher than most other UK company target bonuses (50%) and as the CEO's award is capped at 385%, targets performance will result in a bonus</p>

A vote FOR this proposal is warranted as lowering the ownership threshold for shareholders to call a special meeting from 25 percent to 10 percent would enhance shareholders' rights. Additionally, there is no shareholder that could act unilaterally at this time to call a special meeting at the proposed threshold.

Say-on-Climate	For (Exceptional)	Under normal circumstances we would not have supported this Say on climate resolution (proposed by the company) as the company has not provided shareholders with enough information regarding the short and mid-term targets that would allow the company to reach its climate ambitions and has not committed to submit an updated environmental report / plan to an advisory vote on a periodic basis for the upcoming years (so shareholders can assess the progress made). However, we have exceptionally supported as Atos has set a net zero ambition to be aligned with the most ambitious target of the Science-Based Target Initiative, i.e. the 1.5°C trajectory. Further, the company commits to being net zero by 2028 covering scopes 1, 2 and 3a&b emissions, and hence, this is 22 years ahead of the 2050 target set by the Paris Agreement. Given these bold commitments, it is important that the company discloses nearer-term targets and for shareholders to provide their views on such progress (through an annual Say on climate resolution)

BP PLC AGM 12/05/2021 United Kingdom	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	Under normal circumstances we would have voted against the Report & Accounts as the company has not (or not committed to) set a science based emissions target. We expect large emitters to report on climate risks according to the TCFD framework and to define an emissions reduction target aligned with the Paris Agreement. However, we have exceptionally supported to reflect that on 12 February the Company announced an ambition to become a net zero company by 2050 or sooner. In August 2020, the Company also noted that the new strategy will reshape the business as it transitions from being an international oil company focused on producing resources to an integrated energy company focused on delivering solutions for customers.. By 2030, BP aims for emissions from its operations and those associated with the carbon in its upstream oil and gas production (addressed by Aim 1 and Aim 2 of BP's net zero ambition) to be lower by 30-35% and 35-40% respectively. Hence, we will continue to review progress against the company's transition pathway and any further commitments ahead of the next AGM.

FIRST REPUBLIC BANK AGM 12/05/2021 United States	Resolution 1a. Elect Director James H. Herbert, II	For (Exceptional)	Under normal circumstances we would not support the re-election of this director as they serve as the combined CEO/Chairman, roles we prefer to be split. The Chairman's role on a board is to evaluate and review the performance of management; this role is obviously compromised when the Chairman is also the CEO. However, we have exceptionally supported due to a number of safeguards in place (such as an independent Lead director and independent directors represent the large majority of the Board)

	Resolution 3. Re-elect Richard Chadwick as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this non-executive director as he is not independent (due to having served on the board for a significant amount of time) and is Chair the audit committee and is a member of remuneration committees. We consider this inappropriate as the committees should consist entirely of independent directors. However, we have exceptionally supported his re-election as the company explains that his knowledge of the Company's history prior to the advent of the current management team has been very useful and his continuity on the Audit Committee has been valuable during a period of considerable change. But after nearly 13 years on the Board it is time to plan for his succession. Therefore it has been agreed that he should serve one more year, which will give the company time to recruit a new Chairman of the Audit Committee and facilitate an orderly handover of his responsibilities; he will then retire at the conclusion of next year's AGM.

However, we have exceptionally supported their re-election in recognition that women previously represented 33% of the Board but recent board changes have meant that this number has fallen below 33%.In addition, under normal circumstances we would not have supported this director as we are concerned with the number of board positions they hold and we would question their ability to devote sufficient time to the role. However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review.

On the topic of climate change, we commend PSX's TCFD alignment in reporting and recent initiatives to support the energy transition. However, it needs to take additional steps to mitigate risks associated with climate change and align with the goal of limiting global warming to 1.5°C. Most notably by disclosing full information on climate performance and by setting science-based GHG emissions reduction targets, including on scope 3. We will closely monitor the board's responsiveness regarding the shareholder proposal on adopting emissions targets. In addition to this, we are supporters of the Corporate Human Rights Benchmark and strongly encourage PSX to engage constructively with the index over its ranking in the 2020 benchmark. We believe the initiative helps investors and wider stakeholders to better understand the company's human rights approach and relative positioning compared to industry peers. 	Resolution 5. Adopt GHG Emissions Reduction Targets	For (Exceptional)	The company is being asked to set reduction targets for all its GHG emissions and to report on the strategy and underlying policies for reaching these targets and on the progress made, at least on an annual basis. A vote for this proposal is warranted on this occasion, as the company lags peers in not having set science-based company-wide GHG emissions reduction targets, neither on an intensity or absolute basis, and does not currently report on Scope 3 emissions. The adoption of these targets and additional information on the company's GHG emissions reduction efforts would allow investors to better understand how it is managing its transition to a low carbon economy and increasing regulatory, competitive, legal, and financial risks related to climate change.
	Resolution 6. Report on Climate Lobbying	For (Exceptional)	The company is being asked to report on how it's direct and indirect lobbying aligns with the Paris Climate Agreement goals. A vote for this proposed is warranted on this occasion as increased lobbying disclosure and an assessment of Paris-alignment would help shareholders better gauge how well the company is assessing and mitigating risks related to climate.

<p>12/05/2021 United Kingdom</p>	<p>Resolution 2. Approve Remuneration Policy</p>	<p>For (Exceptional)</p>	<p>Under normal circumstances, we would have voted against the new remuneration policy to reflect that Performance Share Plan (PSP) opportunity is being increased from 250% to 375% of salary for the CEO (and from 200% to 300% of salary for the CFO). However, we have exceptionally supported as we were consulted on the changes and are broadly comfortable with the explanations for the increase i.e the management team have led exceptionally strong performance over a number of years in which the Company has grown considerably, moving from just above the FTSE 150 to around the FTSE 50, with the market capitalisation increasing from ?2.9bn in 2015 to around ?10bn. Consequently Executives' total remuneration package has not kept pace with the speed with which the Company has grown (it strong share price performance has masked the problem), and is now at the lower quartile level for companies of a similar size. We also welcome that the changes are being made to long term incentive (LTI) opportunity (and not the bonus or through significant uplifts in base pay and we note that bonus potential and salaries are below median) therefore, the higher amounts can only be earned through sustained long term performance. Finally, the company has have a strong track record of operating with restraint on executive pay. Just as importantly, the company has listened to our concerns around quantum during the consultation and has addressed these. Firstly, we thought that the PSP increase was too</p>

However, we have exceptionally supported as we were consulted on the changes and are broadly comfortable with the explanations for the increase and how the company has responded in addressing our concerns over quantum (see resolution for more details).

12/05/2021 United Kingdom	Resolution 2. Approve Final Dividend	For	
	Resolution 3. Approve Remuneration Report	For (Exceptional)	<p>Under normal circumstances, we would have voted against the Remuneration report to reflect concerns over the company reducing the RoTE targets for the 2021-23 LTIP award (from 8.5%-11%) to 6%-10%. . This isn't ideal as the company explicitly came out with an 'at least 7% RoTE' target at the FY results for FY23 (and something which we think in itself is not ambitious enough). Therefore, we have an issue with management potentially being paid some of the award for performance that is below our expectations. However, we have exceptionally supported as pay outcomes were broadly fine for the year under review. Also, the Committee has explained its decision i.e the target range for the RoTE is wider than in previous years given the unusually uncertain macroeconomic environment, including the impact of severe economic dislocations and low interest rates on the Group's returns. It takes into account expectation that the refreshed strategic priorities should allow the Company to improve the RoTE from the 3% delivered in 2020 to over 7% by 2023 as the Company progressively advance to the target of over 10%. The Report stated that the current market consensus estimate for RoTE in 2023 is 6.9%. Based on their guidance, the rationale makes sense but we will be making the company aware that we will be scrutinising the vesting outcomes for the 2021-23 LTIP award and will have no hesitation in voting against the remuneration at that time, if our reservations over the RoTE targets are validated.</p>

However, we have exceptionally supported his re-election as we are mindful that women represent over a third of the board at the start of the year following the appointment of Maria Ramos, but then at the end of February 2021, Ngozi Okonjo-Iweala stepped down from the Board, having assumed the role of Director General of the World Trade Organisation. Also, we have no concerns over diversity at Standard Chartered more broadly.

CAPITAL & COUNTIES PROPERTIES PLC AGM 11/05/2021 United Kingdom	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Re-elect Henry Staunton as Director	For (Exceptional)	Under normal circumstances, we would have voted against the Chair of the Board and Nomination committee Chair to reflect our concerns over the lack of women on the Board (following the AGM, the composition of the Board will comprise 29% women, which is not in line with the 33% recommendation of the Hampton-Alexander Review). However, we have exceptionally supported his re-election as we are mindful that there is strong female representation across the organisation. In fact, one of the executive directors is female, and women represent 60% of senior management and 61% of the total number of employees. We also note the Chair's intention to retire in 2022 (the search for his successor will commence in 2021). We expect diversity to be one of the key considerations for future appointments to the Board.

Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.</p>

	Resolution 4. Report on and Assess Proxy Voting Policies in Relation to Climate Change Position	For (Exceptional)	Support for this shareholder proposal from Zevin Asset Management is warranted as the requested report would benefit shareholders by allowing them to assess the company's proxy voting policies and practices on climate change-related issues, and provide a better understanding of the company's policy positions on climate change. In particular the proponent is concerned that public reported proxy voting records for the company's subsidiaries reveal 'consistent votes against the vast majority of climate-related shareholder proposals (with support for only 17 percent on environmental related shareholder proposals) The proponent believes that the apparent inconsistency between the company's statements about ESG and climate change and the voting practices of its subsidiaries poses reputational risk for both clients and investors. The board claims that the company and the board do not have direct responsibility for proxy voting conducted by Price Advisers on behalf of clients, as Price Advisers have fiduciary responsibility under applicable law. The board states that 'It is the duty of the Price Advisers to vote shares in portfolio companies solely in the best interests of their clients,' who may or may not have the same interests as the company's stockholders. Consistent with this duty, the board says that the Price Advisers have a Proxy Committee that serves an independent function to oversee and guide the voting process. For the board to intervene in oversight of the Price Advisers' proxy voting, it claims, is inappropriate and

XPO LOGISTICS INC AGM 11/05/2021 United States	Resolution 1.1. Elect Director Brad Jacobs	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this director to reflect our concerns that, in aggregate they have too many board commitments. However, we have exceptionally supported their re-election given they are the CEO of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies. Under normal circumstances we would not support this director as this Director serves as combined CEO/Chairman, a role we prefer to be split. However, due to a number of safeguards in place we are comfortable to support.

Resolution 4. Report on Lobbying Payments and Policy	For (Exceptional)	This item is not contentious and is in the best interest of shareholdersA vote FOR this proposal is warranted, as additional disclosure of the company's direct and indirect lobbying-related expenditures would help shareholders better assess the risks and benefits associated with the company's participation in the public policy process.

	Resolution 5. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.
	Resolution 6. Limit Accelerated Vesting of Equity Awards Upon a Change in Control	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as a policy requiring pro-rata vesting upon a change in control would further align the interests of executives with shareholders.

There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. While we are pleased to see the company has a lead independent director and good independence on the board we would still prefer the roles to be split.

Resolution 4. Require Independent Board Chair	For (Exceptional)	<p>This item is not contentious and is in the best interest of shareholders.Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.</p>

	Resolution 5. Reduce Ownership Threshold for Shareholders to Call Special Meeting	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted. Lowering the ownership threshold from 25 percent to 10 percent would improve shareholders' ability to use the special meeting right and no single shareholder would be able to act unilaterally to call a special meeting at the proposed threshold.

BAE SYSTEMS PLC AGM 06/05/2021 United Kingdom	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the remuneration report as the Remuneration Committee exercised discretion to address retention concerns in relation to the CEO. As a result, the CEO was awarded a significant salary increase (3.2% with effect from 1 December 2020 followed by a 9.5% increase in January 2021, increasing his salary to ?1,107,538), and the Remuneration Committee allowed the full vesting of the CEO's 2018 LTIP award (despite the targets being achieved at 25% only). The additional value of the LTIP award as a result of the discretion applied is approximately ?2 million. Vesting is subject to him remaining employed by the Company until December 2023 and market expectations of 2020 performance were achieved. However, we have exceptionally supported as the discretion was used as the CEO had received an offer to become CEO of another FTSE 100 constituent /major international company. The Remuneration Committee and the Board considered the 'immediate and present danger of the loss of Charles Woodburn to be an exceptional circumstance'. The Company has explained the complexity and intricacies which come with recruiting for the role of CEO of BAE Systems plc (for example, the UK government has mandated through the Special Share arrangements that the Chief Executive must be a British citizen and they would have the highest level of security clearance), which forms part of its rationale for the special arrangements put in

	Resolution 4. Re-elect Thomas Arseneault as Director	For	
	Resolution 5. Re-elect Sir Roger Carr as Director	For (Exceptional)	Under normal circumstances we would have voted against the nomination committee chair to reflect our concerns over the lack of ethnic diversity on the Board. However, we have exceptionally supported their re-election in recognition that there was previously an ethnically diverse director on the Board but he resigned in June 2020. The Board has committed to meet the Parker Review target in 2021.

	Resolution 8. Re-elect Jane Griffiths as Director	For	
	Resolution 9. Re-elect Christopher Grigg as Director	For	

	Resolution 10. Re-elect Stephen Pearce as Director	For (Exceptional)	Under normal circumstances we would not have supported this director to reflect our concerns that he is a full-time executive of another Company (Anglo-American), yet this isn't the only other Board he sits on. We question how full-time executives can devote sufficient time to multiple other boards. However, we are mindful that his other non-executive position is American Platinum Ltd, which is a subsidiary of Anglo-American plc and therefore should be seen as part of his executive role as Finance Director of Anglo American. As such, this somewhat mitigates our concerns, but although the two companies are associated, his non-executive role at Anglo American Platinum must nevertheless take up additional time given board and committee meeting obligations and as the company is listed. We will be keeping this issue under review.

Resolution 5. Require Independent Board Chair	For (Exceptional)	A vote for this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders.
Resolution 6. Report on Political Contributions and Expenditures	For (Exceptional)	A vote for this proposal is warranted, as additional information regarding Duke's political expenditures and trade association activities would benefit shareholders in assessing the company's management of related risks and opportunities.

	Resolution 3e. Re-elect John G Murphy as Director	For (Exceptional)	Under normal circumstances we would be unable to support as this Director is not independent (due to being a designated nominee of Glanbia Co-operative Society Ltd) and independent directors represent 38% of the board whilst we expect a majority for a company of this size. Further the Society's representation on the Board is considered disproportionately large relative to their shareholding. However, we have exceptionally supported their re-election to reflect the continued improvements to board composition. While there are still 6 Society representatives on the board the Chair is now independent and 3 new independent board members joined the board during the year. This is part of a long-term plan to further reduce the number of Society directors on the Board

However, we have exceptionally supported his re-election as there are no broader concerns regarding the diversity of the board and the company is mindful of the recommendations of the Parker Review Report for FTSE 250 companies to have at least one director to provide ethnic diversity by 2024. This has been and will continue to be an important consideration for the Committee when recruiting in the future. We are also mindful that the company has a small number of employees so whilst of course it is still important to improve diversity throughout the organisation, this issue is likely to require less planning and development than for say, other companies with large numbers of employees.

	Resolution 5. Elect Chris Parkin as Director	For (Exceptional)	Under normal circumstances we would have voted against the longest-serving male nomination committee member to reflect our concerns over the lack of women on the Board. However, we have exceptionally supported their re-election in recognition that the gender representation has improved since the last AGM.

	Resolution 6. Re-elect Andrew Formica as Director	For	
	Resolution 7. Re-elect Wayne Mephram as a Director	For	
	Resolution 8. Re-elect Nichola Pease as a Director	For (Exceptional)	Under normal circumstances we would have voted against the Board Chair / Nomination committee Chair to reflect our concerns over the lack of diversity on the board (women represent less than a third and there is no ethnicity diversity). However, we have exceptionally supported as historically Jupiter has had a strong gender diversity record with a balance of between 40% and 50% of women on the Board. However, there have been a number of changes during 2020 which have impacted this. For example, Bridget Macaskill stepped down from the Board at the conclusion of the 2020 AGM, and despite announcing in July 2020 the appointment of another female director, unfortunately, for personal reasons, she stood down from the Board shortly after her appointment in September. In addition, as part of the acquisition of Merian, TA Associates became a major shareholder following completion and have the right to appoint a Director to the Board. TA Associates appointed Chris Parkin to the Board, which further increased the number of male Directors. The company has explained that it is continuing to search for a new Non-Executive Director and diversity is a key consideration in the recruitment process. It intends to meet the Hampton Alexander target during 2021. The search for a BAME member has also been identified as a priority for Board recruitment and succession planning and to ensure the company meets the guidelines arising from the Parker review.

Resolution 9. Re-elect Karl Sternberg as Director	For (Exceptional)	Under normal circumstances we would not have supported this director as we are concerned with the number of board positions they hold and we would question their ability to devote sufficient time to the role. However, he has stated an intention to step down from two of his NED positions in due course. We are supporting his re-election but we will however be keeping this under review.

	Resolution 4. Re-elect Michael Findlay as Director	For (Exceptional)	Under normal circumstances we would have voted against the Board Chair / Nomination committee Chair to reflect that there is no ethnic diversity on the board. However, we have exceptionally supported in recognition that the company has made good progress in addressing gender diversity on the Board, with the appointment of two women over the last year. It also states that? representation of people from a Black, Asian, or minority ethnic (BAME) background has increased from 13.6% to 15%, although it admits it has more work to do to ensure it has a fully diverse and inclusive business (for example, female representation remains at 24% and only 13.5% (2019: 10%) of the Executive committee and their direct reports) and that a key challenge is to improve diversity within senior management teams and their succession pipelines.

RATHBONE BROTHERS PLC AGM	Resolution 1. Accept Financial Statements and Statutory Reports	For	

06/05/2021 United Kingdom	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would have voted against the remuneration report as bonuses for the year equated to 170% of salary (57% of max), as a result of some upward adjustments having been made to the bonus outcomes. However, we have supported as the key adjustment impacting the bonus outcomes for 2020 is the costs in relation to deferred consideration payable to the sellers of Speirs & Jeffrey. As a means of de-risking the transaction, these payments are subject to the sellers remaining in employment until the end of the deferral period and are therefore treated as an expense under accounting standards. For the purposes of assessing the bonus, costs of £24.1million have been reclassified as a capital item (as if paid upon completion of the transaction), to more fully reflect the commercial substance of the transaction. Also we note that the bonus awards have historically evidenced close alignment with the shareholder experience and the bonuses represent the total variable pay for the year (as there was no separate LTIP), and a significant part of the bonus is deferred in shares.

However, we have exceptionally supported as we note that during the year the company launched the Rathbones diversity and inclusion (D&I) taskforce and one of the focus areas was addressing the gender and race & ethnicity imbalance. We will be engaging with the company on this issue.

	Resolution 19. The resolution also proposes that those targets should be independently verified as aligned with the climate goals of the Paris Agreement. The company has stated it has already set out its short, medium and long-term targets for its scope 1 and 2 greenhouse gas emissions in its 2020 Annual Report and Climate Change Report and that performance against these targets is independently assured and their alignment with the climate goals of the Paris Agreement is described in the Climate Change Report. The company believes it is substantially in compliance with the proposed resolution and the Board recommends shareholders vote for this resolution.

	Resolution 20. Approve Climate-Related Lobbying	For (Exceptional)	The shareholder proponents believe that the company's engagement with its industry associations has not produced outcomes that align with mainstream investor standards. They state that Rio Tinto remains a member of several industry associations that continue to oppose Paris-aligned climate policy. The company has acknowledged that there are differences between the climate and energy policy positions of Rio Tinto and some industry associations and has stated that its preference is to work within, and influence, industry associations to ensure that their policy positions and advocacy is consistent with the goals of the Paris Agreement. We note however, that Rio Tinto has announced it will support this advisory resolution. We expect it to discontinue its memberships of associations that are clearly not going to change their position.

The board is small and there have been no board changes recently. The company do acknowledge this issue and will look to address. In addition we are concerned with the number of board positions they hold and we would question their ability to devote sufficient time to the role. However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. <p>ANGLO AMERICAN PLC AGM 05/05/2021 United Kingdom</p>	<p>Resolution 1. Accept Financial Statements and Statutory Reports</p>	<p>For (Exceptional)</p>	<p>Under normal circumstances we would have voted against the AR&As to reflect concerns that the company has not (or not committed to) set a science based emissions target. However, we have exceptionally supported due to the progress the company is making in the fight against climate change, and further commitments it has made. For example, its commitment to 30% lower emissions by 2030 is aligned with the criteria set out by the Science Based Targets Initiative (SBTi) and in fact, the company considers it goes beyond the SBTi requirements with its commitment to scope 1 and 2 carbon neutrality by 2040, with eight assets getting there by 2030. We are also mindful that for a company's targets to be verified by the SBTi, a target for scope 3 emissions is necessary. The challenge that diversified mining companies face in setting such targets is that the majority of scope 3 is from their customers' emissions. Whilst the company has no control and very limited influence over these emissions it is listening to stakeholders and recognise that as an industry it need to step-up, demonstrate leadership and address this challenge. Further, for scope 3 emissions over which it does have greater influence, such as shipping, it are working with groups such as the Global Maritime Forum's 'Getting to Zero' coalition, aiming to deliver zero carbon shipping technologies by 2030 and net zero shipping by 2050.</p>

His role at Allianz in particular raises questions over how he is able to devote sufficient time to multiple other large company boards especially as Barclays state that non-executive directors are expected to commit 35-40 days per year. However, we continue to support his appointment noting that his strong knowledge of international economics and the financial services sector is critical for the Board. Further, we received assurances from the company last year that he meets the expectations of his role on the Barclays Board, as has been evidenced by his 100% attendance record at multiple ad hoc and scheduled meetings.

Instead, our default position would be to vote against their election as a non-executive at their other companies.

	Resolution 4. Reduce Ownership Threshold for Shareholders to Call Special Meeting	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted. Lowering the ownership threshold from 25 percent to 10 percent would improve shareholders' ability to use the special meeting right and no single shareholder would be able to act unilaterally to call a special meeting at the proposed threshold.

	Resolution 4. Report on Lobbying Payments and Policy	For (Exceptional)	A vote for this proposal is warranted as additional disclosure on the company's lobbying activities and expenditures would safeguard the company's reputation and allow shareholders to evaluate the company's management of lobbying-related risks, without causing undue burden on the company.
	Resolution 5. Require Independent Board Chair	For (Exceptional)	A vote for this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders.
	Resolution 6. Amend Proxy Access Right	For (Exceptional)	A vote for this proposal is warranted as the proposed elimination of the 20-shareholder aggregation limit would improve the company's existing proxy access right for shareholders.

This provision will only be used in the event that there is no other practicable course available (e.g. in the event of continuing COVID-19 Measures).

	Resolution 5. Provide Right to Call A Special Meeting	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted. The proposed 15 percent threshold would represent an enhancement in the shareholders' special meeting right, which the board put in place after this proposal was submitted. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

The integrity of the auditor's relationship with the company is compromised when a firm is paid excessive fees on top of those paid for auditing services. This arrangement has the potential to open the auditor process to a wide range of conflicts of interest.However, the auditor firm has changed since last year. As such, we will keep on monitoring the issue of non-audit fees and we may take action next year if they are still significant.

Pelletier	For (Exceptional)	In normal circumstances we would be unable to support as this individual is the nomination committee chair and we have concerns over the lack of women on the Board. However as she is one of the females on the board, it would be counter productive to vote against her re-election. The nominee is the Nomination committee Chair and the following is also noted: there is no ethnic diversity on the board. However, at the last annual meeting, the following shareholder proposal received the support of 52.9 percent of votes cast: Adopt a Policy to Improve Board and Top Management Diversity. In response to this vote result, the board published an updated Policy on Director Nomination in August 2020, which establishes a policy ensuring that with respect to director candidates recruited from outside the company, the Nominating and Corporate Governance Committee, will include in the initial list of candidates, qualified female and racially/ethnically diverse individuals. The Committee will instruct any retained search firms to include the same on their initial lists of potential candidates provided to the Committee.

Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders.
	Resolution 7. 	Resolution 3. Adopt a Corporate Wide Ambition to Achieve Net Zero Carbon Emissions	For (Exceptional)	Support for this shareholder resolution is warranted as based on the public disclosures, it is comparatively lagging behind its domestic peers in climate change disclosures, the recognition of the vital role it has in addressing climate risk and the federal government's net zero pledge. For example, Imperial Oil did not respond to CDP's requests and therefore was given a score F. There are 39 Canadian oil and gas companies in the database; of which 35 of them received a CDP climate change disclosure score. Also, the company has not (or not committed to) set a science based emissions target. This may affect its position in the ongoing energy transition taking place in Canada.

	<p>Resolution 13. Approve Remuneration Terms of David Zruia</p>	<p>For (Exceptional)</p>	<p>Under normal circumstances, we would have voted against the CEO's remuneration arrangements given he has received a significant increase in salary. However, we have exceptionally supported to reflect that the increase takes account of the reduction in incentive opportunity and also the reduction in bonus payable for target performance (from 75% of maximum to 50% of maximum) and LTIP threshold vesting (from 30% of maximum to 25% of maximum), a rebalancing of incentives from short to long term and the removal of the cash based SARs where vesting has historically been based on service only and not corporate performance. The Committee also states that the CEO's salary was set prudently on appointment earlier in 2020 to allow for the full remuneration review to be undertaken. We are also mindful that his new salary (£450,000) is below median of his peers.</p>

	Resolution 14. Approve Remuneration Terms of Elad Even-Chen	For (Exceptional)	Under normal circumstances, we would have voted against the CFO's remuneration arrangements given he has received a significant increase in salary. However, we have exceptionally supported to reflect that the increase takes account of the reduction in incentive opportunity and also the reduction in bonus payable for target performance (from 75% of maximum to 50% of maximum) and LTIP threshold vesting (from 30% of maximum to 25% of maximum), a rebalancing of incentives from short to long term and the removal of the cash based SARs where vesting has historically been based on service only and not corporate performance. The Committee also states that the CFO's role and responsibilities at Plus500 have always been significantly more than those of a traditional CFO with his role more akin to a Deputy CEO. For this reason, both the CEO and CFO have historically been paid the same base fees with the same incentive opportunities. While the Remuneration Committee is continuing at this time to maintain the alignment of the remuneration for the CEO and the CFO, it acknowledges that as the CEO grows in experience and subject to performance it is likely to be appropriate to increase his salary closer to a market rate for the role of CEO. If this was done the Remuneration Committee would not maintain the alignment of the CFO's base fees with it.

A vote FOR this proposal is warranted, as additional disclosure of the company's direct and indirect lobbying-related expenditures would help shareholders better assess the risks and benefits associated with the company's participation in the public policy process.</p>

	Resolution 7. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.
	Resolution 8. Adopt Policy on Bonus Banking	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as the proposal's request is not fully addressed by mechanisms in place and the proposal does not appear to be overly prescriptive. Although pay and performance were aligned for the year in review and the company maintains stock ownership guidelines, holding requirements and a clawback policy, the current ownership guidelines and holding requirements are not considered to be robust. The proposal's banking feature may provide additional safeguards for investors and is not overly prescriptive, giving the board sufficient flexibility in implementation.
	Resolution 9. Clawback Disclosure of Recoupment Activity from Senior Officers	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted as further disclosure regarding the circumstances of recoupment for senior executives below the NEO level would benefit shareholders.

	Resolution 2. Approve Remuneration Report	For	

	Resolution 3. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances we would have voted against the remuneration policy as firstly, the LTIP awards are potentially very generous (capped at 500% of salary) and secondly, the company maintains a non-standard bonus scheme where the amount of bonus is determined based on the dividends that would have been payable during the year on all outstanding LTIP / Discretionary Free Share Scheme (DFSS) shares awarded but not vested (no bonus is awarded unless dividends are payable). A+/- 20% adjustment to the DFSS bonus may be applied based on performance of a set of risk and customer metrics and the onus is subject to a further relevant trigger adjustment (negative only) to take into account relevant trigger events which are considered to have a material customer, regulatory or financial impact. However, we have exceptionally supported as we are mindful that as bonuses are based on dividend amounts, in practice it is very unlikely that bonus levels will be problematic. Regarding the generous LTIP award opportunity, we do not expect this to be the annual grant expectation (it appears that the 2021 awards will be at c.400% of salary) and is something that we will be communicating to the company. Secondly the awards are coming off lower quartile positioned salaries. As such (and considering the comments made about the bonus potential), the pay policy is positioned so that the significant reward opportunity will only come from strong long term performance, which is aligned with our and other

	Resolution 5. Approve the Spill Resolution	For (Exceptional)	At the company's previous AGM held on May 8, 2020, more than 25 percent of the votes cast on the remuneration report for the year ended December 31, 2019 were against the adoption of the report. In fact, 67 percent of the votes were against. If at least 25 percent 'against' votes are received on the remuneration report at this AGM (res 3), this will constitute a second strike for the company. ' The vote on this Spill Resolution will determine whether a general meeting should be called to consider the election of certain directors on the board. If the majority of the votes cast are in favour of the Spill Resolution, then the company must call a spill meeting to be held within 90 days of the second AGM. A key aspect of the spill motion is to refresh the board if persisting shareholder dissent exists in respect of executive remuneration and in this regard, we note that there has already been a substantial amount of changes on the board over the last few years Further, the board has engaged with stakeholders and attempted to take some positive steps to address shareholder concerns. We also note that there were no FY20 STI and LTI bonuses paid given the continued underperformance of the company. However, the emergence of substantial retention bonuses are materially misaligned with shareholder expectations and returns achieved by the company. As such our support for the Spill resolution sends a clear message to the board that it urgently needs to address this, and other continuing concerns over other aspects of remuneration that are

However, we have exceptionally supported as the company has explained that COVID-19 is the reason for the change and that the Royal Decree-Law 34/2020 adopted in November 2020 extended the deadline to FY2021 for companies that had not amended their bylaws accordingly. The company is anticipating a Spanish bill whose draft establishes that the board must disclose in the meeting notice the reasons why it has convened a virtual-only meeting. Approve Capital Protection	For (Exceptional)	<p>A group of Shareholders (Market Forces) have proposed this resolution requesting the company to disclose, in subsequent annual reporting, information that demonstrates how the company's capital expenditure and operations will be managed in a manner consistent with the climate goals of the Paris Agreement. The company says that it is taking appropriate steps to keep the market and shareholders informed of its operations, ongoing and new development projects and how its business is dealing with the impacts of climate change on product demand.</p> <p>However, support for this proposal is warranted given that shareholders are likely to benefit from a regular review and additional disclosure on how the company's capital expenditure and operations are managed in a manner consistent with the climate goals of the Paris Agreement. We also think more urgent action is needed by the company to mitigate associated risks. For example, we are disappointed that the company has not set, or committed to set science based targets. Finally, we note that the company has agreed to provide shareholders with a non-binding vote on the company's Climate Change Report at its 2022 AGM, and hence, the implementation of this resolution will help with the preparations for that.</p>

	Resolution 8. Re-elect Kevin Hostetler as Director	For	

	Resolution 9. Re-elect Martin Lamb as Director	For (Exceptional)	Under normal circumstances, we would have voted against the Board Chair (who is also the Nomination committee Chair) to reflect concerns that there is no ethnic diversity on the board. However, we have exceptionally supported the re-election of Martin Lamb as we note that there has been progressive discussion about talent management, succession planning and diversity of the Board and at senior management level during the year, and that the Board also takes into account social and ethnic background, and other cognitive and personal strengths. The Committee is also conscious of the recommendations of the McGregor-Smith and the Parker Reviews concerning ethnic diversity on the Board. Also, we are comfortable with the company's approach to diversity more broadly such as 18% ethnic diversity at Management board level. Also, during 2020, the company undertook its first global survey of ethnicity and disability, to better understand its workforce (it received a 32% response rate). The company used this to calculate an ethnicity pay analysis for the year 2020/21, using the same approach as for gender pay reporting. The company will use the outcomes of the survey and pay analysis to design a programme of work around supporting its BAME employees.

	<p>Resolution 19. Authorize up to 0.2 Percent of Issued Capital for Use in Restricted Stock Plans Under Performance Conditions Reserved for Some Employees</p>	<p>For (Exceptional)</p>	<p>Under normal circumstances, we would have voted against this authority as performance targets will not be applied for the restricted share plans and the awards start vesting earlier than three years, a feature which is not aligned with the long term interests of shareholders. However, we have exceptionally supported as firstly, the Chairman/CEO will not be entitled to such awards and secondly, the company has provided sufficient rationale for the awards. Specifically, given the impact on employees from the Covid-19 pandemic, the free shares granted would be part of the objective of motivating and retaining the talent that the Group needs to prepare for the recovery in activity over the next two years. In addition, the health crisis has also had an economic impact on employees, which such a plan would partially offset. For example, in May 2020, General Management decided to reduce by 50% the potential variable remuneration for 2020 of all employees, and that certain managers had agreed to reduce their fixed remuneration by 10% for three months. The allocation of free shares will be subject to a condition of continued employment for a period of 2 years.</p>

	Resolution 3. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

	Resolution 5. Provide Right to Act by Written Consent	For (Exceptional)	<p>Support for this proposal is warranted given that the ability to act by written consent would improve shareholder rights. Although the company allows shareholders to call special meetings, the 25 percent threshold to do so is formidable for a company of this size and there are restrictions on shareholders' ability to use this right. Approval of this non-binding proposal would signal to the board that it should empower investors with the right to act by written consent, a right that is generally in shareholders' best interests. Additionally, there is little risk that the proposed right to act by written consent would be abused, as the company's shares are widely held</p>

	Resolution 6. Report on the Impacts of Using Mandatory Arbitration	For (Exceptional)	<p>Goldman Sachs states that its arbitration program is compliant with all relevant regulations and rules, and says arbitration is beneficial for both the firm and its employees. Moreover, it describes some of its initiatives on its website, reports, and Code of Conduct. However, it is difficult to assess the accuracy of these claims as the company does not publicly disclose its standard arbitration provision, and it falls short of providing more recent disclosure around oversight of harassment or discrimination cases, and the associated risks and impact on culture and employees. Additionally, although the company's code of conduct bans harassment and discrimination in the workplace, Goldman Sachs has faced multiple allegations of discrimination and harassment. As such, support for this resolution is warranted as additional information on the company's policies regarding mandatory arbitration for harassment and discrimination cases would shed light on the practice and could result in improved recruitment and retention and also allow shareholders to better assess the risks associated with the company's use of arbitration agreements.</p>

	Resolution 8. Report on Racial Equity Audit	For (Exceptional)	The Service Employees International Union (SEIU) Pension Plans Master Trust has submitted a precatory proposal requesting that Goldman Sachs oversee a "racial equity audit" analyzing the "adverse impacts" of the company on "nonwhite stakeholders and communities of color," and report its findings to shareholders. SEIU urges the company to "assess its behavior through a racial equity lens to identify how it contributes to systemic racism." The company provides information on its various efforts to help drive progress on the issue of racial and economic inequality. The company has programs that are focused, among other things, investing capital and resources in small businesses and communities of colour, providing training to students and entrepreneurs, and supporting organizations addressing racial injustice, structural inequity and economic disparity and providing COVID-19 support to communities of colour. From the above (particularly the human rights assessment), it is clear that the Bank is making strides to address racial inequality. However, we are supportive of the direction of the shareholder proposal and greater disclosure about the company's actions towards racial and economic equality could increase accountability for and compliment the company's diversity efforts. An equity audit would also help present a fuller picture of how well the company's diversity and inclusion efforts are working.

28/04/2021 United Kingdom	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the remuneration report to reflect concerns that each of the Directors again received ?10,000 as an additional discretionary payment on top of their standard fees in relation to work incurred in connection with the October 2020 share placing. Additional discretionary payments to non-executives may potentially impair the independent judgement on non-executives particularly if the payments become more regular. However, we have exceptionally supported the remuneration as neither their base fees or the additional fees are considered excessive, especially for an investment trust of this size and nature. In addition, there is merit in the explanation provided by the company, in that the Board takes the view that making discretionary payments to Directors for the extra work involved when equity raisings are required is better for shareholders than a permanent increase in the level of Directors' base fees. Nevertheless we will be engaging with the company on this issue firstly to get a better idea of how fees compare with other investment trusts of this size and secondly, as the company?s explanation doesn?t address the point about the independence of directors potentially becoming impaired by ad-hoc fees.

LONDON STOCK EXCHANGE GROUP PLC AGM 28/04/2021 United Kingdom	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Final Dividend	For	

	Resolution 3. Approve Remuneration Report	For (Exceptional)	<p>Under normal circumstances, we would have voted against the remuneration report to reflect some concerns over the CEO having been awarded a 25% salary increase (taking his salary from £800k to £1m) following the Refinitiv acquisition i.e given the increased size and complexity of the business following the acquisition.. However, we have exceptionally supported as we were consulted on the increase which we are broadly comfortable with as his previous salary was significantly below the median of peers and also given his strong performance in the role to date. Further, his new salary is still below median of his closest peer group. Nevertheless, we advised the company during the consultation that we would prefer to see a phasing of the salary increase e.g. £100k on completion of Refinitiv and another £100k a year after subject to the continuation of strong performance. Normally we would not accept big salary increases until we start seeing some of the benefits / value creation of the acquisition. We note that the new CFO's base salary and maximum LTIP opportunity were set at higher levels than that of her predecessor, again, for similar reasons. Since the consultation, concerns have been identified in connection with the acquisition (i.e higher than expected costs of integration) and the share price had fallen sharply (although is starting to recover), which somewhat validates our concerns and suggestion for the increases to be staggered. As such, we have made it clear to the company that should the company experience further</p>

Elect Martin Brand as Director	For (Exceptional)	Under normal circumstances, we would have voted against the appointment of this director to reflect that he is a full-time executive of another Company (Blackstone), yet LSE isn't his only non-executive position (Tradeweb Markets, Inc). We question how full-time executives can devote sufficient time to multiple other boards. However, we have exceptionally supported his election as we are mindful that he joined the board in January 2021 as a representative of Blackstone, under the terms of the Relationship Agreement effective from the completion of the Refinitiv acquisition. Also, as he is effectively representing Blackstone on both boards, we look to ensure that there are a significant majority of non-conflicted, independent directors on the board to provide effective oversight of management, which is the case for LSE.

Resolution 1c. Elect Director Michael J. Hennigan	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this director to reflect our concerns that, in aggregate they have too many board commitments. However, we have exceptionally supported their re-election given they are the CEO of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies.
Resolution 1d. Elect Director Frank M. Semple	For	
Resolution 2. Ratify PricewaterhouseCoopers LLP as Auditors	For (Exceptional)	The non-audit fees for the year were significant at USD 7,482,000 and being more than 25% of the audit fees USD 10,253,000. The integrity of the auditor's relationship with the company is compromised when a firm is paid excessive fees on top of those paid for auditing services and this arrangement has the potential to open the auditor process to a wide range of conflicts of interest. However, the significant portion of non-audit fees are related to a one-time capital restructuring and we will therefore support on this occasion.

Resolution 3. Report on Lobbying Payments and Policy	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Additional reporting on the company's lobbying practices and policies, including its trade association memberships and payments, would benefit shareholders in assessing its management of related risks.
Resolution 4. Require Independent Board Chair	For (Exceptional)	There should be a clear division between the head of the company, and the chair of the board. The Chairman's role on a board is to evaluate and review the performance of management; this role is obviously compromised when the Chairman is also the CEO. While the company has a lead director this individual has been on the board for 11 years and in addition there is a poor level of independence on the board.
Resolution 5. Publish Annually a Report Assessing Diversity, Equity, and Inclusion Efforts	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. While we acknowledge the company does provide some information in this area we think they could go further and as such we are supporting this proposal.

	Resolution 6. 	Resolution 9. Report on Racial Equity Audit	For (Exceptional)	CtW Investment Group has submitted a proposal urging the company to oversee a racial equity audit. In its supporting statement, CtW states that it Citigroup has faced legal fines for 'for failing to offer all eligible customers mortgage discounts and credits' and backlash for its fees and minimum balance requirements for checking accounts, practices which the filer states adversely impact people of colour. CtW also notes that while nearly half of the company's workforce is made up of people of colour, there is only one Black executive in the C(1)suite. The filer cites findings from Congress, which allege that Citi only accepted applications for funding for the Paycheck Protection Program from clients with an existing banking relationship, 'despite its own internal assessment that recognized 'a policy of not taking non-customers might create heightened risk of disparate impact on minority and women-owned businesses.'" The company provides information on its various efforts to help drive progress on the issue of racial and economic inequality. It points to its Closing the Racial Inequality Gaps report, which addresses the economic cost of Black inequality, and its Action for Racial Equity initiative, which pledged over \$1 billion to help close the racial wealth gap. The board goes on to discuss some of its initiatives, particularly its funding with Citi Foundations focusing on providing greater access to banking and credit in communities of colour; investing more in Black-owned businesses; expanding homeownership among Black

	Resolution 4. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.
	Resolution 5. Lower Ownership Threshold for Action by Written Consent	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted given that the reduction in the threshold required to exercise written consent would enhance shareholder rights.

	Resolution 6. Publish Annually a Report Assessing Diversity, Equity, and Inclusion Efforts	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this resolution is warranted, as reporting quantitative, comparable diversity data would allow shareholders to better assess the effectiveness of the company's diversity, equity and inclusion efforts and management of related risks. The board supports this proposal and is taking steps to implement it.

While all candidates appear to be well-qualified, we are voting FOR candidates Luiz Carlos Nannini (alternate Fernando Antonio Lopes Matoso), as there are no known concerns regarding the proposed nominees, and the nominee appear to have more experience serving in either fiscal councils or audit committees of publicly traded companies, which includes serving as the financial expert on the internal audit committees of three companies.

Report on Racial Equity Audit	For (Exceptional)	Service Employees International Union Pensions Plans Master Trust has submitted a proposal urging the company to oversee a racial equity audit. In its supporting statement, the proponent states that whilst Wells Fargo has made a commitment to improve workforce diversity and invest in Black-owned businesses, it has also faced some race-related controversies. For example, the CEO stated that he 'appointed White men to top jobs because of 'a very limited pool of Black talent'. The proponent also highlights that the company settled a racial discrimination claim in 2014 and has faced lawsuits related to 'predatory loans' that were made disproportionately to Black and Latino borrowers. The company provides information on its various efforts to help drive progress on the issue of racial and economic inequality. Specifically it says that the company has engaged a third party to conduct a Human Right Impact Assessment that includes a specific focus on racial equity. The board says it will publicly disclose the summary of results and the actions being taken by Wells Fargo in response. In terms of governance, the board says the bank has created a new role, the Head of Diverse Segments, Representation & Inclusion, which is accountable for advancing the company's diversity, equity and inclusion efforts. The bank has taken steps to increase Black people in leadership roles, has undergone unconscious bias training, and has made investments focused on support for diverse communities. The bank says it discloses on its diversity, equity and

The Chairman's role on a board is to evaluate and review the performance of management, and to ensure there are sufficient checks and balances. However, we have exceptionally supported their re-election given they are the CEO/Executive Director of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies.

	Resolution 5. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

	Resolution 2. Approve Remuneration Report	For	
	Resolution 3. Approve Final Dividend	For	

	Resolution 4. Re-elect Jonathan Nicholls as Director	For (Exceptional)	Under normal circumstances, we would have voted against the Board Chair (who is also the Nomination committee Chair) to reflect concerns over the lack of diversity on the Board (there is no ethnic diversity and women represent less than a third). However, we have exceptionally supported to reflect that women previously represented 38% of the Board until Kate Tinsley stepped down for the Board in July 2020 (so the percentage has fallen to 29%). It appears that the Board has no immediate plans to restore the gender balance, as it feels the size and the structure of the Board is appropriate for the size and complexity of the business at this point (we note that Kate Tinsley was an executive director). However, it is conscious that the Board composition is not representative of the society within which it operates and as a result, the Board has prioritised an objective to develop the Group's diversity and inclusion strategy as well as its practical application in 2021 Also, there does not appear to be a discrepancy in gender representation between the total employee population and people in senior management positions. However, a distinct lack of female representation is observed across the entire employee population of the company, including senior management. As large shareholders in Ibstock, we will be engaging with the company of this issue.
