Resolution 4. Require Independent Board Chair	For (Exceptional)	We prefer the roles of CEO and Chair to be split. The Chairman's role on a board is to evaluate and review the performance of management; this role is obviously compromised when the Chairman is also the CEO. We appreciate there is a lead independent director and good independence on the board but we think they could benefit from the roles being split.
Resolution 5. Report on Political Contributions and Expenditures	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Re-elect Sir James Leigh-Pemberton as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of the Board Chair (who is also the Chair of the Nomination committee) to reflect that this is a large FTSE 250 company (approx. 20 places outside the FTSE 100) and there is no ethnic diversity on the board. However, we have exceptionally supported to reflect that diversity of gender, social and ethnic backgrounds are key considerations for the Board's succession planning. We are also mindful that this is an investment trust with very few employees so setting the tone from the top is less of an issue than it would be for fully operating companies.

	Resolution 18. Authorise Issue of Equity without Pre-emptive Rights in Connection with an Acquisition or Other Capital Investment	For (Exceptional)	Under normal circumstances we would have voted against this authority which will allow the company to issue shares (without pre-emption rights) equivalent to a further 5% of the issued share capital (res 17 is the standard authority seeking 5%), for the purpose of financing (or refinancing, if the authority is to be used within six months after the original transaction) a transaction which the Directors determine to be an acquisition or other capital investment of a kind contemplated by the Pre-emption Principles, and for the purpose of funding the Company's development pipeline. This is because the provision for the development pipeline provision is not strictly in accordance with the 2015 Pre-Emption Group Guidelines. However, we have exceptionally supported the authority as a similar one which was approved by shareholders at the 2020 AGM was used during the year and deemed to be in the interests of shareholders. Specifically, the Company utilised such authority in June 2020 to undertake a placing of approximately 7.56% of the then-issued share capital, the proceeds of which were used to fund the Company's pipeline of development opportunities. In respect of the new authority, the annual report notes that, for 2021, the Company has '838,100 sq m of development projects under way, capable of generating ?54 million of new headline rent, of which 66 percent has been secured. We expect to invest in excess of ?700 million in development capex including approximately ?90 million of infrastructure

However, the company has explained that COVID-19 is the reason for the change and that the Royal Decree-Law 34/2020 adopted in November 2020 extended the deadline to FY2021 for companies that had not amended their bylaws accordingly. The company is anticipating a Spanish bill whose draft establishes that the board must disclose in the meeting notice the reasons why it has convened a virtual-only meeting. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

The company provides information on its various efforts to help drive progress on the issue of racial and economic inequality on its website, its Annual Report, its Human Capital Management Report, and in its proxy statement. In 2020 the bank announced a \$1 billion commitment to advance racial equality, with a specific focus on helping create opportunity for people and communities of colour. BofA's initiative focuses on four areas: healthcare, jobs/reskilling, support to small businesses, and affordable housing. The bank has already allocated \$300 million of the commitment by supporting initiatives and making direct

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.</p>

However, we have exceptionally supported their re-election in recognition that female representation has increased from 13% to 27% since the Company's IPO in 2019 with the recent appointment of two female NEDs. We are also concerned by the number of external positions this director holds. We are mindful that in this case the overall count exceeds our limit by only one position, and this director serves as non-executive chair of at least one of the boards they sit on. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

	Resolution 2c. Elect Gene Tilbrook Goh as Director	For	

	Resolution 3. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the remuneration report to reflect: The continued lack of disclosure regarding specific performance conditions under the annual bonus; the relatively high level of CEO fixed remuneration and director fees compared to similar sized companies and peers; and under the long-term component of the EIS, performance rights carry an entitlement to dividends on unvested shares - a dividend equivalent cash payment on shares during the performance period, when executives do not own those shares and do not have a present entitlement to shares or dividends. However, we have exceptionally supported the resolution this year in recognition of the board's decisions to apply discretion to modify and reduce the variable awards for the CEO and leadership team (including that no cash awards were made for the year under review). Also, in 2021 the variable award will increase the weighting towards achieving the corporate scorecard from 50 to 70 percent and more emphasis in the corporate scorecard placed on achieving two new financial measures.

	Resolution 5a. Approve the Amendments to the Company's Constitution Proposed by Market Forces	Abstain	

	Resolution 5b. Approve Capital Protection	For (Exceptional)	Specifically, the shareholder proposal states: 'Shareholders request the company disclose, in subsequent annual reporting, information that demonstrates how the company's capital expenditure and operations will be managed in a manner consistent with the climate goals of the Paris Agreement. They also state that the carbon budget consistent with limiting warming in line with the Paris Agreement's 1.5°C target shows oil and gas production must fall by 4% and 3% annually from 2020 to 2030, respectively. By contrast, Woodside plans to increase production by more than 69% from 2019 levels by 2028. Woodside's planned rate of production growth is triple that forecast under SEI et al's business as usual scenario, which would see global fossil fuel production 120% higher than consistent with a 1.5°C warming outcome. We note that the company has, with respect to its equity share of Scope 1 and 2 emissions, established an aspiration of net-zero by 2050 or sooner. In 2020, Woodside set clear near-term and medium-term targets aligned with that pathway (to reduce emissions below a reference point of their annual average emissions over the period 2016-20, by 15% (2025) and then 30% (2030)) and will further develop its approach to Scope 3 emissions during 2021, and provide updates to shareholders through its regular reporting and stakeholder engagement on climate change matters. The company contends that demand for LNG is expected to remain strong in the Asia Pacific because the majority of natural gas is

BANK OF NOVA SCOTIA AGM 13/04/2021 Canada	Resolution 1.1. Elect Director Nora A. Aufreiter	For (Exceptional)	Under normal circumstances we may have voted against the Nomination committee Chair to reflect that there is no ethnic diversity on the board. However, we have exceptionally supported as we note that the Board has made good progress on gender diversity. We also note that it updated its diversity policy in 2020 to include additional diversity criteria, including sexual orientation and members of visible minorities, Aboriginal peoples, and persons with disabilities.

	<p>Resolution 4.4. SP 1: Produce a Report on Loans Made by the Bank in Support of the Circular Economy</p>	<p>For (Exceptional)</p>	<p>It is clear that work is underway and the company is making progress in its efforts to address climate change. For example, the bank has disclosed its sustainability initiatives that contribute to a circular economy in the form of financial commitments to reduce the impacts of climate change. These include the issuance of green and sustainability bonds, GHG emissions reduction targets (i.e a 25% reduction in total Scope 1 and 2 emissions by 2025). The Bank committed to providing \$100 billion by 2025 to reduce the impacts of climate change and provided a \$1.25 million funding commitment to the Institute of Sustainable Finance with the aim to help increase Canada's sustainable finance capacity. The Bank has expressed its commitment to continually enhance the scope of its reporting in climate-related areas as global reporting initiatives and expectations become further consolidated and standardized. However, our view is that the bank's disclosures are lacking vs global peers and we haven't yet seen sufficient results. They have not yet published emission pathways ? other banks have. Also, Canadian banks are materially exposed to O&G (particularly tar sands), an issue where transparency from the sector lacks. As such, support for this proposal is warranted as shareholders would benefit from additional information regarding the company's sustainability commitments and management of related risks.</p>

	Resolution 4.5. SP 2: Disclose the Compensation Ratio (Equity Ratio) Used by the Compensation Committee	For (Exceptional)	Support for this resolution is warranted for the following reasons: - Enhanced disclosures of pay disparities between executives and regular employees could allow for more informed and contextual assessments by shareholder of whether executive compensation practices are reasonable and fair; and - Excessive pay disparities between senior executives and rank-and-file employees could pose risks to long-term shareholder value, and impact employee morale as well as a company's standing in the communities in which it operates.

	<p>Resolution 4. SP 1: Adopt Company-Wide, Quantitative, Time-bound Greenhouse Gas (GHG) Emissions Reduction Targets and Issue an Annual Report Discussing the Plans and Progress of Achieving Such Targets</p>	<p>For (Exceptional)</p>	<p>Support for this proposal is warranted, as additional information on the company's GHG emissions, GHG reduction goals, and oversight mechanisms for reduction activities would allow us, and other shareholders to better assess the company's management of these emissions and related risks. In particular, the resolution asks for quantitative, time-bound targets for reducing greenhouse gas (GHG) emissions associated with the bank's underwriting and lending activities. In a recent report that ranked banks on their exposure to carbon intensive industries, RBC ranked 5th globally and first in Canada. RBC ranked 6th globally and second in Canada among companies financing the top 100 companies expanding fossil fuels. It is clear that work is underway and the company is making progress in its efforts to address climate change. For example, the company aims to achieve net-zero carbon emissions in its global operations annually, reducing global operational GHG emissions by 70% and sourcing 100% of electricity from renewable and non-emitting sources by 2025. In terms of its lending activities, it was the first Canadian bank to announce a commitment to not provide direct financing for resource projects in the Arctic National Wildlife Refuge in Alaska, and it disclosed policy restrictions related to coal power and mining sectors. However, our view is that the bank's disclosures are lacking vs global peers and we haven't yet seen sufficient results. They have not yet published emission pathways ? other banks have.</p>

	Resolution 11. Approve Company's Environmental Transition Plan	For (Exceptional)	Vinci has submitted to shareholders' vote, on an advisory basis, its environmental transition plan. This is the first say-on-climate on the French market. The Company commits to net zero by 2050 covering Scope 1 and 2. It is unclear for now if the Company's GHG emissions reduction targets is aligned with the 2°C scenario. A reduction of 40% in Scope 1 & 2 emissions by 2030 would require an annual reduction of approximately 5% per year for the next 10 years. Also, the Company has not yet committed for scope 3 ? it is in the process of defining targets for scope 3 and in 2021 VINCI will submit its targets to reduce indirect emissions scope (scope 3) to the SBTi asking whether they are deemed compatible with science and the Paris Agreement. While this advisory vote is welcome and deemed to be a useful tool for shareholders to signal satisfaction/dissatisfaction with a company's plans (that will impact the value of their investments in the long term, we are mindful of Vinci's refusal last year to include The Children's Investment Fund (TCI) resolutions, and this resolution appears as a limited answer to last year requests. The Vinci commitments only partially cover the requests presented by TCI regarding (1) Metrics and Targets, (2) Capital Expenditure and (3) Progress reporting. The proposal warrants support but is not without concerns as Vinci has not committed to submit an updated environmental report/plan to an advisory vote on a periodic basis for the upcoming years. The absence of any commitment to provide an annual vote on those topics

	Resolution A. Issue a Report Describing a Clear Plan to Make the Greenhouse Gas Footprint of the Company, Including the Portfolio on Lending Practices, Carbon Neutral	For (Exceptional)	Support for this shareholder proposal is considered warranted, as it seeks to provide shareholders with enhanced disclosure that will allow us to better assess the alignment between the company's stated goals and its actions regarding corporate responsibility. Whilst it is clear that work is underway at BMO and the company is making progress in its efforts to address climate change, our view is that BMO disclosures are lacking vs global peers and we haven't yet seen sufficient results. They have not yet published emission pathways ? other banks have. Also, Canadian banks are materially exposed to O&G (particularly tar sands), an issue where transparency from the sector lacks.

	Resolution 11. Amend Articles Re: Shareholders' Right to Participation during the Virtual Meeting	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. The proposed article amendment would have a positive impact on shareholder rights. Currently, shareholders have the possibility to submit questions until one day before the general meeting and have no right to request information during the meeting itself. The proposed article amendment would formally introduce the possibility to request information and speak during the virtual meeting, which would restore one of the rights that shareholders are afforded during physical meetings, whilst the company would also retain its discretion over the process. This possibility can help to facilitate the exchange of information between shareholders and companies and also serves as an important accountability mechanism.

STRATEGIC EQUITY CAPITAL PLC EGM 30/03/2021 United Kingdom	Resolution 1. Approve Continuation of Company as Investment Trust	For (Exceptional)	The Company's shares continue to trade at more than a 10% discount to NAV (13.08% as at 9/3/21). However the discount has been narrowing (the average discount to NAV of the Company's shares over the past twelve months was 16.6% and as at 14/10/2020, shares were trading at a discount to NAV of approximately 21.05%). Given the company explanations and the fact we have an opportunity to vote on the continuation of the investment trust on an annual basis, we are comfortable in giving the company the benefit of the doubt for now and hopefully the discount will continue to narrow.

The company is anticipating a Spanish bill whose draft establishes that the board must disclose in the meeting notice the reasons why it has convened a virtual-only meeting. 	Resolution 9. Re-elect David Roberts as Director	For (Exceptional)	Under normal circumstances, we would have voted against the Chair of the Board / Nomination committee to reflect that there is no ethnic diversity on the board. However, we have exceptionally supported his re-election in recognition that the nomination committee is seeking a candidate from an ethnic minority background to fill the next vacant board position in line with the recommendations from the Parker Review committee (for FTSE 250 boards to have at least one director of colour by 2024) and that the committee will be reviewing broader targets for the group's race and ethnicity strategy early in 2021. We also note (and welcome) that the company has made good progress regarding gender diversity. i.e. the group's 2020 goals for there being a minimum of 35% female senior managers within the organisation by 2020 and 33% female board members at group level by 2021, have both been met. The Board has taken the opportunity to review targets across the company, with the specific aim of achieving a minimum of 45% female representation at the senior manager level by 2023.' It is noted that following the AGM, the female representation on the Board will increase to 44%.

	Resolution 5.C. Amend Articles Re: Shareholders' Participation at General Meetings	For	

	Resolution 5.D. Amend Articles Re: Remote Voting	For (Exceptional)	Under normal circumstances, we would have voted against the Article changes because the possibility of holding virtual-only meetings may undermine shareholders rights. However, we have exceptionally supported in recognition that additional flexibility is required for companies to hold shareholder meetings exclusively by remote means, for example due to restrictions on free movement or on meetings like those imposed by the authorities in recent months due to the health crisis. In addition, the remote attendance application developed by the Bank, which has been used by the shareholders since the 2005 ordinary general meeting, offers the same opportunities to participate in general meetings as if attending in person, and they can therefore: view the entire meeting during its live broadcast, cast votes, make presentations, make proposals, and send communications to the Notary. (the company further points out that holding the 2020 AGM in a virtual-only manner did not impact attendance and participation). Given our preference is for shareholders to be able to attend meetings in normal circumstances, should the board misuse this authority in any way, we will hold the Board to account.

Fix Number of Directors at Seven; Reelect Per Berggren (New Chair), Anna-Karin Hatt, Christer Jacobson, Christina Karlsson Kazeem, Nina Linander, Zdravko Markovski and Joacim Sjoberg as Directors	For (Exceptional)	Contested elections are referred for internal reviewRecommendation :A vote FOR Item 10.B is warranted because the proposal:Should be considered the incumbent proposal as it aims for board continuation and continuation of strategy;The proposal is recognizing Arnhult equity participation (15 percent) in Castellum by enabling him to suggest a representative, which is Joacim Sjoberg;Although Per Berggren as suggested chairman will not be considered independent given his tenure exceeding 12 years, it avoids a vacuum where 4 board members would step down; and No specific concerns are noted with the proposed board composition.

However, the CEO's bonus award (which was 36% of salary and below the maximum of 50% of salary) was modest for the size of the company, as is overall remuneration. 23/03/2021 United Kingdom	Resolution 2. Re-elect Iain Ferguson as Director	For (Exceptional)	Under normal circumstances we would not have supported the re-election of the Chair to reflect two concerns: (1) aggregate board commitments / 2 other Chair roles (raising questions over how he can effectively fulfil his role as Chair) and (2) the lack of ethnic diversity on the Board. However, we exceptionally supported his re-election because on the overboarding issue, we are mindful that one of his other Chair roles is Personal Assets Trust, an externally managed investment trust which does not require the same amount of time as a normal operating company does (the Board states that it represents half the commitment of a FTSE 250 Chair appointment). In respect of the diversity issue, we welcome that 'the Committee intends to prioritise meeting the recommendations of the Parker Review (which recommends at least one director from an ethnic minority background for FTSE 250 companies by 2024) in its next, and future recruitment processes.' Further, the Board has strong gender diversity (50% of the directors are female) and there is also a good number of women in its senior management.

TOSHIBA CORPORATION EGM 18/03/2021 Japan	Resolution 1. Appoint Three Individuals to Investigate Status of Operations and Property of the Company	For (Exceptional)	A vote FOR this shareholder proposal is warranted because:- An independent investigation is called for given doubts over the legitimacy of Toshiba's earlier investigation whose conclusions were drawn based on one-sided conversations.- Conducting an investigation in the way requested by Effissimo is unlikely to divert managerial resources away from business operations and the cost burden on Toshiba should be minimal, as in setting the investigation scope, investigators are expected to consider the costs potentially incurred by Toshiba, so that it should be set to the extent socially reasonable, and if Toshiba refuses to pay the costs, Effissimo will pay them.- Now that Toshiba is once again listed on the First Section of the Tokyo Stock Exchange, the company should increase transparency and establish a solid corporate governance system through an independent investigation.

	Resolution 4. Require Independent Board Chairman	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

Inclusion of CEO pay ratio reduction as a guiding principle of executive compensation could allow for more informed and contextual assessments by investors as to whether the company's executive compensation practices are reasonable and fair and aligned with shareholders' long-term interests.

Additional disclosure of the company's indirect lobbying-related oversight mechanisms, along with its trade association payments, would help shareholders better assess the risks and benefits associated with the company's participation in the public policy process.
	Resolution 5. Adopt a Policy to Include Non-Management Employees as Prospective Director Candidates	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. An employee representative director would enable more robust oversight of issues related to Disney's employees and their concerns and is also a step towards further enhancing board diversity.

	Resolution 11. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the remuneration report as contrary to established best practice, there are no predefined targets or weightings within the bonus framework as the Board believes that applying formulaic measures can lead to undesirable behaviours and/or outcomes'. Also, unusually, the bonus for the CEO and other executives continue to be recommended by the Board Chair and the CEO respectively, after consultation with Board members. However, we continue to exceptionally support the pay report as we are mindful that bonus opportunity is limited to 100% of salary (which is low for a company of this size), bonuses for the year under review were well below maximum and there is no misalignment between pay and performance. Further, overall remuneration is modest, particularly as the company does not operate a long term incentive plan (believing that long-term targets have the potential to 'drive inadvertent behaviours') Finally, one of the directors is a major shareholder and the others have relatively large shareholdings so their interests are properly aligned with shareholders.

Reelect Thomas Thune Andersen (Chair) as Director	For (Exceptional)	Under normal circumstances we would have voted against the nomination committee chair to reflect our concerns over the lack of women on the Board. However, we have exceptionally supported their re-election in recognition that women previously represented 33% of the Board but recent board changes have meant that this number has fallen below 33%.

TARGET HEALTHCARE REIT LTD EGM 01/03/2021 Jersey	Resolution 1. Authorise Issue of Equity in Connection with the Initial Issues and Subsequent Placing Programme	For (Exceptional)	Under normal circumstances we would have voted against the capital raising as shareholders who do not acquire any new shares under the Placing Programme will suffer a dilution of their shareholding of approximately 24.7%. However, we exceptionally supported as the Board provided a compelling rationale for the proposals, noting the benefits of the fundraising and the clear use of proceeds for an identified pipeline of assets. In addition, the issue price represents a 2.6% premium to the last published NAV.

However, we have exceptionally supported there-election of Jonathan Nicholls in recognition of the company?s approach to diversity more broadly. Specifically, in 2019, for the third year running, Shaftesbury was top of the FTSE 250 in the Hampton Alexander review for the highest female representation on the executive committee and direct reports. In addition, we are more flexible in our expectations for FTSE 250 companies and are mindful that the business has very few employees. However, it is unlikely we will be able to continue to support the re-election of the Chair unless there are better disclosures and commitments regarding the diversity of the Board. In particular we would like to see a clear commitment from the company to meet the Parker target.

<p>25/02/2021 United Kingdom</p>	<p>Resolution 2. Approve Remuneration Report</p>	<p>For (Exceptional)</p>	<p>Under normal circumstances, we would have not supported the remuneration report as the CEO's salary (£1,020,000) is very generous, being positioned in the upper quartile using a balanced comparison. As other elements of pay (pensions, bonus and LTIP awards) are based off salary, this therefore leads to a relatively generous pay package for the CEO. However, we exceptionally supported the report as the company continues to show restraint on executive pay. The salary for the CEO remains unchanged for FY2021 and we note that due to the impact of COVID-19, the CEO donated one-third of his salary to charity for six months of the financial year. Also, given the impact of pandemic on the Group's overall financial performance, the Remuneration Committee determined that no bonus award would be made to the CEO for 2020. Finally, in the FY2020 annual report, the Remuneration Committee states its plan to align the CEO's pension contribution with the rate applied to the majority of colleagues at or before the next policy review. This is a positive step as in the FY2019 remuneration report, the Company confirmed that pension contribution level for incumbent directors will remain unchanged at 20% of salary. The majority of the workforce currently receive a pension contribution of 13% of salary.</p>

	Resolution 3. Re-elect David Bennett as Director	For (Exceptional)	Under normal circumstances we would have voted against the nomination committee chair (and chair of the Board) to reflect our concerns over the lack of women on the Board. However, considering the current global health pandemic, there is a clear case for greater flexibility on meeting formats at present and that the company has provided a commitment that the Directors would intend only to hold wholly virtual meetings in the event that there is no other practicable course available.

Resolution 4. Re-elect Neil Johnson as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of Neil Johnson as in addition to his role as Executive Chair at Electra, Neil Johnson continues to serves as a Non-Executive Chair at Qinetiq. Also, as there is no CEO at Electra, he is effectively performing the role of a CEO as well as Chair, therefore raising questions as to whether there are sufficient checks and balances on the Board. However, as per our stance in the last few years, the company is in wind down mode (is likely to be wound up in the next couple of years) and therefore the size and complexity of the business is not what it was. Further, his aggregate commitments have reduced since the 2020 AGM as he stepped down as the Non-Executive Chair of Synthomer plc in December 2020. It is also noted that the CEO responsibilities of the Company are split between Mr Johnson and the CFO; on this basis, this is effectively a 2.5 day a week role. As such, we continue to be comfortable in supporting his re-election.

However, we have exceptionally supported her re-election in recognition of the company's disclosures, actions and commitments around improving diversity in the organisation more broadly. Specifically, we note that the Group launched its Equality, Diversity and Inclusion (EDI) Network in October 2020. The network is made up of employees from across the Group, selected through a formal application process, and aims to make the Group a more inclusive place to work. The progress on the initiatives the EDI Network undertakes will be reported to the Nomination Committee, as the board committee responsible for diversity issues. Furthermore, the Group has set a target level of minority ethnic employees holding 10% of management grade positions, increasing from the current 2.2% (2019: 1.8%). Continued progress will be a key focus for the EDI Network and its support is an important step towards this. However, it is unlikely we will be able to continue to support the re-election of the Chair unless there are better disclosures and commitments regarding the diversity of the Board.

Resolution 3. Advisory Vote to Ratify Named Executive Officers' Compensation	Against	<ul style="list-style-type: none"> • Poor performance linkage;Concerns over generous benefits;Pay ratio is excessive (CEO vs employee)
Resolution 4. Proxy Access Amendments	For (Exceptional)	Support for this shareholder proposal is warranted, as the proposed amendment would enhance the company's existing right for shareholders while maintaining necessary safeguards on the nomination process. The company's bylaws currently permit a shareholder, or a group of up to 20 shareholders, owning at least 3 percent of Apple's outstanding shares of common stock continuously for at least three years, to nominate and include in Apple's annual proxy materials director nominees constituting up to 20 percent of the board, rounded down to the nearest number. Based on the current board size of eight, a 20 percent cap represents just one director. Approval of this proposal would permit the nomination of at least two proxy access candidates, which would bring the company into line with the many firms that have adopted a similar feature.

	Resolution 5. Improve Principles of Executive Compensation Program	For (Exceptional)	Support for this shareholder proposal is warranted as the inclusion of NEO pay ratio reduction as a guiding principle of executive compensation could allow for more informed and contextual assessments by investors as to whether the company's executive compensation practices are reasonable and fair and aligned with shareholders' long-term interests. This is a pertinent issue given the Exec/employee pay ratios are very high at Apple (see resolution 3 for further details).

BlackRock Frontiers Investment Trust PLC EGM 23/02/2021	Resolution 1. Authorise Market Purchase of Ordinary Shares Pursuant to the Tender Offer	For	

United Kingdom	Resolution 2. Approve Waiver on Tender-Bid Requirement	For (Exceptional)	Under normal circumstances we would have voted against the Waiver to reflect concerns over creeping control, with the major shareholder (Blackrock) potentially gaining increasing control of the Company without the payment of a premium to other shareholders. If shareholders tender 46.3% or more of the issued share capital under the Tender Offer, the holding of the Concert Party could increase (from approx. 16%) to 30% or more of the issued share capital (and up to just under 50% if more shares are tendered). However, we have exceptionally supported as the Tender Offer is in connection with the Company's commitment (that it made upon launch in 2010) to offer shareholders opportunities to realise some, or all the value of their investment in the Company at the prevailing NAV per ordinary share (less costs) every 5 years. Moreover, the Tender Offer proposal (under resolution 1) cannot be implemented without shareholder approval of the waiver (even if the Tender Offer proposal is approved by shareholders). Finally, if the Tender Offer were to result in the Concert Party being interested in more than 50% of the Company's total voting rights, the Board will terminate the Tender Offer.

AGM 11/02/2021 United Kingdom	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we may have withheld support on the remuneration report as we have noted that the CFO received a bonus award (approx. ?74k), based solely on personal objectives, despite financial targets not being met. None of this bonus has been deferred. We have also noted that as a result of some restructuring, more than 200 employees were made redundant. However, we have exceptionally supported the report, having taken into account pay decisions and company performance more broadly. The CEO waived his 2020 bonus award and took a 40% pay cut for four months during the pandemic. The rest of the Board agreed a 25% reduction in salary (or fees) for the same period. Further, the ultimate value of the CFO's bonus payment does not stand out as excessive (noting that she received 65% of the maximum under the personal targets, not the full amount)

Resolution 15. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances, we may have withheld support on the new pay policy as bonus deferral continues to only apply when the bonus is over a certain percentage of salary (i.e. 100% of salary), which we do not view as sufficient. Also, the policy on termination of employment does not specify that bonuses can be payable to 'good leavers' only. However, we have exceptionally supported the new policy as several positive updates have been made including: aligning pension contributions with the workforce (effectively reducing pension contributions from 15% to 10% of salary); introducing post-cessation shareholding guidelines; and strengthening recovery provisions. As we are now large shareholders in Euromoney, we will be engaging with the company on the outstanding issues and will be encouraging some of any future bonuses to be deferred.

	Resolution 4. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would have voted against the remuneration report as the CEO's salary has been increased by c. 21% for FY2021, largely in light of the Company's increased size which is partly due to a number of bolt-on acquisitions. However, we have exceptionally supported the increase to reflect both that the CEO has done an excellent job, in the 7 years since she joined the business (which has also grown organically) and that her resulting salary (?575k) is still below median of her peers. In addition to the strong performance of the business, her pay rise reflects the significant increases in size, complexity and geographical spread of the Group in recent years. Further, we note that her salary was last reviewed in 2018 and the Committee has agreed that this salary level will remain fixed for the next two years, and will be reviewed again no earlier than 2022.

However, we have exceptionally supported her re-election given her position as CEO of this company (hence, her priority will always be Future plc). Instead, our default position would be to vote against their election as a non-executive at their other companies.

	Resolution 4. Re-elect Mark Clare as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of the Chair of the Board and Nomination committee to reflect our concerns that there is no ethnic diversity on the board. The AR&As state that the Board is mindful of the Parker Review regarding ethnic diversity on UK boards (that was published in 2017), recommending that each FTSE 250 board should have at least one director of colour by 2024, and that the Nomination Committee will work with the Board with a view to complying with this recommendation, subject to appointing candidates on merit. Whilst we think that the company needs to look at addressing the lack of ethnic diversity more urgently than by the Parker target of 2024, we have exceptionally supported the re-election of the Chair in consideration of two things. Firstly, both the CEO and CFO are female so the Grainger board should be commended for being so progressive in its approach to diversity. Secondly, we note that in May 2020, Grainger launched its Employee diversity and inclusion network, whose objectives include increasing awareness of the rich, diverse cultural mix within Grainger and to connect with its local communities. The network seeks to ensure that its workforce is truly representative of its customer base, including gender identity, ethnicity, sexual orientation, social mobility and disability. Both the progress of this network and on the Board in terms of broader diversity will be key considerations for how we vote on the re-election of the Chair next year.

Elect Christine Bortenlaenger to the Supervisory Board	For (Exceptional)	Under normal circumstances we would, as a matter of principle have withheld support on this director because if elected they will serve on the Board for four years before having to come up for re-election. We do not typically support terms of office exceeding 3 years (before the need for re-election) as we this reduces director accountability to shareholders. Ideally, board members should be accountable to shareholders on an annual basis. However, we have exceptionally supported their election as we are mindful that most German companies have five-year board terms and as this director is independent. We note that this is a newly elected Board (Siemens Energy AG having recently spun-off from Siemens AG) which we consider to be sufficiently independent and diverse.

However, considering that the company has explained the requested flexibility was in consideration of the COVID-19 pandemic and the viewed degree of importance of continued engagement and interactions with the shareholders. In addition, the Company has stated that it has no present intention of holding a virtual-only meeting. The authority will only be used where the Directors consider it is in the best of interests of shareholders for a hybrid or virtual-only meeting to be held, and the Board is committed to incorporating a physical meeting when law and regulation permits.

However, we have exceptionally supported his re-election as the company has stated that it has aligned its succession planning goals to the Parker Review's ethnic diversity targets, by 2024 (although we expect progress to be made sooner) and appears to be making credible steps to improve diversity in the firm. Further, a significant number of board changes have occurred since the last AGM, so support is warranted at this time to ensure stability.

COUNTRYSIDE PROPERTIES PLC AGM 05/02/2021 United Kingdom	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For	

	Resolution 3. Re-elect David Howell as Director	For (Exceptional)	Under normal circumstances we would not have supported the re-election of David Howell, Chair / Nomination committee Chair, to reflect the lack of diversity on the Board (two women representing slightly less than a third of the Board and no ethnically diverse directors). However, we have exceptionally supported his re-election as he has informed the company of his intention to step down from the Board during 2021 and a search for a new Chair is underway. The company explains that there will particular focus over the next 12 months to ensure that succession plans reflect the various Government initiatives to increase diversity, including gender and ethnicity, at all levels within the Group. As the company's largest shareholder we have made the company aware of our expectations in this area. As an example of initiatives to improve diversity the company explains its graduate programme has diverse ethnic representation and, in line with last year, the current year's intake has more women than men. In 2020 the male to female ratio was 31:69 (2019: 30:70). At senior management level the ratio of 16:84. The company recognises that gender equality remains an issue for the sector as a whole but its flagship Senior Leadership Development Programme is helping to addressing this. Women now constitute 27% of the Regional Director population and 38% of the total population of the direct reports to the Executive Committee. Post-year-end, the company announced two additional female appointments

Re-elect Ireena Vittal as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of Ireena Vittal as she holds a total of 5 board positions (all being at large companies), which is in excess of our guidelines. However, we continue to exceptionally support her re-election as firstly since the 2019 AGM, she relinquished her roles at two other large companies (since the 2020 AGM she stepped down from another but replaced this with a non-executive role at Diageo). Secondly, there continue to be no issues with her attendance of board and committee meetings, or any impact on her important role as Designated non-executive for workforce engagement.

Re-elect Therese Esperdy as Director	For (Exceptional)	Under normal circumstances we would not have supported the re-election of the Board Chair / Nomination Committee Chair to reflect our concerns over the lack of women on the Board. Specifically, in 2020, two directors, both female (one of whom being the CEO) stepped down from the Board while four male directors have been appointed. As such, the female representation has decreased from over 33% in at least the last four years (44% in the prior year) to 20%. The company has not stated an intention to make any changes to address the imbalance at board level but has committed to increase the representation of women in senior management to 33% by 2023. However, we have exceptionally supported the re-election of the Chair as Therese Esperdy is one of the only two females on the board, and therefore it would be counter productive to vote against her re-election.

However, considering that the company has explained the requested flexibility was in consideration of the COVID-19 pandemic, specifically to make it easier for shareholders to participate in general meetings through introducing electronic access for those not able to travel. Further, the Company has made a commitment that it is their intention to always hold physical meetings. However, it is worth highlighting that Directors would be held to account for any potential abuse of this new flexibility. Hence, we are cautiously supporting.

However, considering that the company has explained the requested flexibility was in consideration of the COVID-19 pandemic and that the Board has absolutely no intention of convening virtual-only AGMs, unless circumstances similar to now dictate, but will have the ability to consider the use of hybrid meetings. It is worth highlighting, however, that Directors would be held to account for any potential abuse of this new flexibility. Hence, we are cautiously supporting.

AJ BELL PLC AGM 27/01/2021 United Kingdom	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would not have supported the remuneration arrangements as there continues to be a lack of disclosure around the performance targets for the Executive Incentive Plan (EIP) which is effectively a combination of what would otherwise be two separate short and long-term incentive plans. The company does not detail the full target range (threshold, target, and maximum). Instead, the Company only specifies the target alongside the actual achievement per metric. Also, weightings for each of the performance metrics used for the EIP are not stated. However, we have exceptionally supported as no concerns have been identified regarding the EIP payouts for FY2020 or overall Company performance during the year. Key performance indicators have largely indicated year-on-year growth. The Deferred shares are also subject to further performance (underpins) over three years. Further, as this is the only incentive plan (with awards capped at 200% of salary) and as salaries are not problematic, pay levels are conservatively positioned compared to peers.

	Resolution 4. Reduce Ownership Threshold for Shareholders to Call Special Meeting	For (Exceptional)	This shareholder resolution seeks to reduce the share ownership threshold to call a special meeting from 25% to 15% of the issued share capital. Support for this proposal is warranted as a lower threshold would enhance shareholders rights to call special meetings without being problematic for the company. For example, at the proposed ownership threshold, no single shareholder could act unilaterally to call a special meeting and it would take no less than two shareholders working in concert to meet the proposed threshold.

MELROSE INDUSTRIES PLC EGM 21/01/2021 United Kingdom	Resolution 1. Approve Employee Share Plan	For (Exceptional)	Under normal circumstances we would have not supported the Share Plan as there is a possibility of significant levels of reward based on share price targets that effectively start below what the share price was pre the Covid-19 pandemic. Specifically, participants will be eligible to receive a proportion of 7.5% of the total excess value created for shareholders above a 5% annual charge, measured at the end of a three-year performance period commencing on 31 May 2020 (when the share price was below 120p). The strike price is 170 pence, with the effective entry price consequently being 146.85 pence (start price less the charge rate). However, we have exceptionally supported the Plan as it is in keeping with what has worked for Melrose for a number of years (which in principle, has been aligned with shareholder interests) to support its 'Buy, Improve, Sell' strategy, and importantly, the new plan includes some additional safeguards that work to reduce the maximum potential outcomes for the executives. For example as a result of consultation with shareholders, Melrose has increased the strike price to 170p (was initially proposed at 150p) and that, contrary to the expectation of the market, if the aerospace sector rebounds to the extent that sales substantially return to 2019 levels, a further adjustment will be made to make the plan even more stretching. Also, the inclusion of the annual rolling cap means that participants would reach their cap (in terms of maximum number of shares) at approximately 260 pence, c.

	Resolution 2. Approve Amendments to the Remuneration Policy	For (Exceptional)	Under normal circumstances we would have not supported the new Policy as there is a possibility of significant levels of reward under the new Share Plan based on share price targets that effectively start below what the share price was pre the Covid-19 pandemic. However, we have exceptionally supported the Policy as the new Share Plan is in keeping with what has worked for Melrose for a number of years (which in principle, has been aligned with shareholder interests) to support its 'Buy, Improve, Sell' strategy, and importantly, the new plan includes some additional safeguards that work to reduce the maximum potential outcomes for the executives. Further, all the other elements in the Melrose executive remuneration structure are deliberately set well below the lower quartile of its FTSE 100 peers, which means the management team is otherwise one of the lowest paid in the FTSE100 (i.e if there is limited shareholder value created). However, we have made the company aware that it failing to introduce a monetary cap could still result in the vesting of excessive awards, which would therefore put the emphasis on the remuneration committee to exercise discretion to scale back awards. We did not support the remuneration report in 2018 due to concerns over vesting outcomes / overall quantum and will have no hesitation to do the same in 2023 and for subsequent remuneration reports if such concerns exist.

	Resolution 5. Re-elect William Ducas as Director	For (Exceptional)	This director is not independent (due to having served on the board for a significant amount of time) and the board comprises more than one non-independent director. We believe that investment trusts should ideally comprise solely of independent directors (we will accept one exception). In assessing independence of directors we acknowledge the AIC's code does not recommend that long serving directors should be prevented from being considered independent, but we believe that lengthy service can compromise the independence of the director. In this case, we are making an exception because William Ducas will retire from the Board by the end of June 2021. William Ducas intended to retire from the Board during the year under review. However, due to the restrictions imposed because of COVID-19, the Board has been unable to meet face-to-face following the appointment of the two new NEDs. In these circumstances the Board decided, in the interests of continuity, for William Ducas to remain on the Board until such time as it is possible to resume face-to-face meetings.

	Resolution 2. Approve KPMG LLP as Auditors and Authorize Manager to Fix Their Remuneration	For	

	Resolution 3. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of x% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

In light of the current global health pandemic, there is a clear case for greater flexibility on meeting format but yet, the Company's disclosures had not committed to reverting to a physical or a 'hybrid' format (i.e. where both physical and electronic facilities are provided) in the future, which we consider as an important shareholder right. However, upon engagement with the Company, it clarified that nothing in the revised Articles of Association will prevent it from holding physical general meetings and equally as important, the Company has every intention of holding a physical meeting whenever possible.

With respect to female directors, we recognise that historically women represented 33% of the Board but recent board changes have meant that this number has fallen below 33%.
