Management Advisory Vote on Climate Change | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as the company has relatively weak medium-term targets, given that the plan has set 2030 targets and does not employ explicit pre-2030 reduction targets for GHG emission. The company has a short-term year-on-year rolling target of 2% sustainable renewable fuel consumption for Canadian locomotive fleet. Overall, Tthe disclosures meet the market standards and the company has committed to setting clear SBTi approved science-based targets, accompanied with specific actions and governance framework. |

| | Resolution 2. Approve Final Dividend | For | |
| | Resolution 3. Elect Sun Jie (Jane) as Director | For (Exceptional) | Under normal circumstances, we would have voted against the appointment of this director to reflect concerns that they are an executive of another Company, yet AIA Group isn't the only other Board they sit on. We question how full-time executives can devote sufficient time to multiple other boards. However, we have exceptionally supported as this director is a new, female appointment, partly addressing our concerns over the lack of gender diversity on the Board which we have previously raised with the company. Therefore it would be counterproductive to vote against her appointment and instead, we will seek assurances from the company regarding her time commitments. |

| | Resolution 4. Elect George Yong-Boon Yeo as Director | For (Exceptional) | Under normal circumstances, we would have voted against the re-appointment of this nomination committee member to reflect concerns over the lack of gender diversity on the Board. However, we have exceptionally supported in recognition of the improvement on this matter since the last AGM. With (now) two female directors (representing 18% of the Board), there is still a long way to go so we will continue to engage with the Company on this matter. |

Given that the French stock plan represents 87% of the plans and represents 6.6 times the number of shares from the international stock plan, support is warranted for Item 9 as Mr. Palatano has more employee support, while Item A does not merit support. |

Approve Remuneration Policy of CEO | For (Exceptional) | Under normal circumstances, we would have voted against this remuneration-related resolution as severance arrangements are equal to 2 times base salary plus variable compensation. We believe that severance payments should be no greater than 2 times base salary. However, as French companies used to have separate proposals to approve the severance package, and as there are no other concerns identified and no severance was paid during the year, we have exceptionally supported. |

We do not support proposed terms of office exceeding 3 years as we feel longer terms in office reduces director accountability to shareholders. However, we are mindful that the proposed term is just one year over our preferred term. Given our lack of concerns regarding the board we are supporting this director's re-election. |

| | Resolution 15. Authorise Issue of Equity without Pre-emptive Rights | For | |

| | Resolution 16. Authorise Issue of Equity without Pre-emptive Rights in Connection with an Acquisition or Other Capital Investment | For (Exceptional) | Under normal circumstances, we would have voted against this share issue authority which would allow the company to issue shares equivalent to 5% of the issued share capital without pre-emptive rights (provided it is used in connection with an acquisition or specified capital investment), in addition to the standard 5% authority proposed under resolution 15. This is because it would also include development or refurbishment expenditure under the definition of specified capital investment. This is not necessarily within the spirit of the pre-emption group guidelines. However, we have exceptionally supported because as a REIT, the Companys policy is to pay 90% of net rental income as dividends. This suggests that cash reserves may be lower than that of a typical operating company. Moreover, it is expected that future value-enhancing acquisitions and development projects will eventually be returned to shareholders in the form of dividends. |

| | Resolution 13. Adopt and Disclose Policies to Ensure Underwriting Does Not Support New Fossil Fuel Supplies | For (Exceptional) | Support for this proposal is warranted, as it should serve to enhance the company's current commitments to net zero activities and help ensure stronger alignment between the company's net zero goals and its policies and actions. Adoption of the resolution would also provide shareholders with a better understanding of the company's management and oversight of related risks. The proponent acknowledges that Chubb has placed restrictions on coal, but believes its efforts are insufficient to reduce emissions in line with the Paris Agreement. The proponent states that European insurance companies, including AXA, Allianz, Aviva, Generali, Munich Re, SCOR, Swiss Re, and Zurich, have made commitments to transition their underwriting activities to net zero emissions by 2050. The proponent says the United Nations Environmental Program Finance Initiative suggests insurers make a credible net zero commitment by aligning with the IPCC's 1.5 degrees Celsius goal and by recognizing that investments in new fossil fuel development are not aligned with this goal. |
| | Resolution 14. However, we have exceptionally supported as we are broadly comfortable with the Company's explanations. The Report states that this positions the salary of the CEO in line with practice for the top 50 companies in the FTSE 250, reflecting the scale and complexity of the business today. The Report states that the Committee concluded that, whilst the overall remuneration framework used continues to be appropriate, the positioning of the CEO's salary no longer reflects the scale and complexity of the role, the individual performance delivered and the sustained performance of the Group. The Committee was also mindful of the historically conservative approach to pay for the CEO, including no salary increase in five of the last 10 years. The Company states that the Board believes that Mike Norris, as CEO of the business since 1994, has played a fundamental role in the Company's success, demonstrating leadership in delivering significant shareholder value through targeted acquisitions and organic growth. The Board also noted the CEO's increased role in mentoring the North American leadership and driving the cultural and operational integration of the recently acquired businesses. We agree that performance has been strong and there have been no historical issues of concerns regarding pay levels or outcomes. However, we would have |

| GENUIT GROUP PLC AGM 19/05/2022 United Kingdom | Resolution 1. Accept Financial Statements and Statutory Reports | For | |
| | Resolution 2. Approve Remuneration Report | For (Exceptional) | Under normal circumstances, we would not be able to support as the LTIP opportunity for the CFO and the COO has been increased from 125% of salary in FY2021 to 150% of salary in FY2022. The company states that This increase is the second and final step of the phased increases outlined in our 2021 Remuneration Policy, reflecting the growth in size and complexity of Genuit over the period since IPO in 2014. The increase is in the context of a c.23% fall in the share price between the FY2021 and FY2022 grant. We will keep under review whether they will adjust this outcome at vesting in the event of windfall gains. The CFO received a large increase to his salary of 10.56%, and Joe Vorih was appointed as CEO at a salary higher by 13% to his predecessor. The resultant salaries of both EDs are however relatively limited, and do not raise significant concern. Further increases will be kept under strict review. |

| | Resolution 4. Re-elect Nicky Hartery as Director | For (Exceptional) | Under normal circumstances, we would have voted against the re-election of the Board Chair to reflect two concerns. The first is there is no ethnic diversity on the board. Secondly, we expect all companies to evidence an orderly and structured approach towards assessing and reporting on climate-related risks and opportunities. This includes, and is not limited to, responding to the CDP's annual Climate Change questionnaire, the most complete source of self-reported corporate environmental data in a standardized and comparable format, that is widely used throughout financial markets. The CDP's data set and resulting scores are a key resource when it comes to identifying and managing ESG and climate-related risks within our portfolios. The company has not completed (or committed to) the questionnaire as of the time of writing, a vote against this resolution is warranted to reflect our concerns. However, we have exceptionally supported as we are mindful that the company has just been promoted to the FTSE 250 and these are issues we have not yet formally engaged with the company on. Also, the Chair is relatively new to the Board, so rather than vote against, we will be engaging on both these issues with the company and will review progress ahead of next year's AGM. Finally, with regards to diversity, we are comfortable with the company's approach to diversity more broadly. The three female directors (which include the CEO) represent 43% of the Board. |

| WOODSIDE PETROLEUM LTD AGM 19/05/2022 Australia | Resolution 2. Approve BHP Petroleum Merger | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution, as this merger will entail that the merger can increase the company's exposure to climate-related transition risks. This may keep the company further from achieving Paris climate goals. It is however acknowledged that from a financial and strategic standpoint, the Merged Group will be a significant global business and expected to provide Woodside with increased scale and diversity of geographies, products and end markets through a long-life portfolio of energy assets. The Merged Group may have the ability to unlock pre-tax synergies of more than \$400 million per annum. Given the increased exposure, we would expect the company to develop firm emission reduction targets, and this may become a key point of engagement. Progress against this will be tracked. |

Approve Contingent Resolution - Capital Protection | For (Exceptional) | A vote FOR this resolution is warranted given that shareholders are likely to benefit from a regular review and additional disclosure on how the companys capital allocation to oil and gas assets will align with a scenario in which global energy emissions reach net-zero by 2050. |

| | Resolution 10c. Approve Contingent Resolution - Climate-Related Lobbying | For (Exceptional) | Under normal circumstances, we would not be able to vote for this resolution as it is relatively prescriptive in its nature. It is however considered that the resolution, which asks the company to cease all private and public advocacy that contradicts the conclusions of the International Energy Agency (IEA) and the Intergovernmental Panel on Climate Change (IPCC), will further enhance the companys efforts in aligning its stated policies and commitments to the Paris Agreement, and may allow shareholders to better assess the companys advocacies relating to the development of new oil and gas fields. We expect companies to align their lobbying/trade association positions with scientific consensus on climate change and to conduct regular reviews on any potential misalignment. |
| | Resolution 10d. Approve Contingent Resolution - Decommissioning | For (Exceptional) | A vote FOR this proposal is warranted, as additional information would allow shareholders and investors to better understand how the company is managing decommissioning obligations and how the company is managing related risks. |

| | Resolution 4. Oversee and Report on a Racial Equity Audit | For (Exceptional) | A vote FOR this resolution is warranted, as an independent racial equity audit would help shareholders better assess the effectiveness of Mondelez's efforts to address the adverse impacts of its business on non-white stakeholders and communities of colour and its management of related risks. |

| | Resolution 5. Require Independent Board Chair | For (Exceptional) | Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chair to be an independent director. |

The candidate receiving the most votes would be appointed to the board. Luc Touchet under Item 6 has been chosen by the FCPEs which together represent 83 percent of all the employee shareholders' participation in Nexity's capital and he is therefore considered more representative. Given the alternative nature of these candidacies, a vote against the election of Caroline Desmaretz under Item 7 is warranted. |

| | Resolution 6. Submit Severance Agreement (Change-in-Control) to Shareholder Vote | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted given that the request applies only to future severance arrangements, the current agreements will not be affected, the request offers flexibility as to when the board may seek shareholder approval of a new or renewed severance arrangement, such as at the next annual meeting, and it is positive for shareholders to have the ability to vote on severance amounts that exceed market norms. |

| | Resolution 6. Submit Severance Agreement (Change-in-Control) to Shareholder Vote | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this item is warranted given that it is positive for shareholders to have the ability to vote on severance amounts that exceed market norms, the proposal applies only to future severance arrangements, leaving current agreements unaffected, and the proposal offers flexibility as to when the board may seek shareholder approval of a new or renewed severance arrangement, such as at the next annual meeting. |
| | Resolution 7. Oversee and Report a Civil Rights Audit | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this resolution is warranted, as an independent civil rights audit would help shareholders better assess the effectiveness of XPO's efforts to address the issue of civil rights for its stakeholders and its management of related risks. |

| ALEXANDRIA REAL ESTATE EQUITIES INC AGM 17/05/2022 United States | Resolution 1.1. Elect Director Joel S. Marcus | For (Exceptional) | Under normal circumstances we would have voted against the re-election of this director to reflect our concerns that, in aggregate they have too many board commitments. However, we have exceptionally supported their re-election given they are the Executive Director of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies. |

| AMGEN INC AGM 17/05/2022 United States | Resolution 1a. Elect Director Wanda M. Austin | For | |
| | Resolution 1b. Elect Director Robert A. Bradway | For (Exceptional) | Under normal circumstances we would not support this director as this Director serves as combined CEO/Chair, a role we prefer to be split. However, due to a number of safeguards i.e. a lead independent director, in place we are comfortable to support. The current lead director has tenure of 9 years, and will soon exceed 10 years, from when we will begin to consider him as a non-independent director. |

| | Resolution 1g. Elect Director S. Omar Ishrak | For (Exceptional) | Under normal circumstances we would not have supported this director as we are concerned with the number of board positions they hold and we would question their ability to devote sufficient time to the role. However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review. |

| | Resolution 7. Adopt Proxy Access Right | For (Exceptional) | There are separate management- and shareholder-sponsored proposals on the ballot regarding proxy access (Items 6 and 7). Support is warranted for both proposals. While the shareholder proposal offers more favourable terms, the binding nature of the board's proposed bylaw amendment will ensure that the company enacts a proxy access based on market standard terms that would enhance shareholder rights. The provisions of the bylaw would allow a shareholder or a group of up to 20 shareholders who hold at least three percent of the company's stock for at least three years to nominate up to 25 percent of the board's size as director candidates, or two nominees, whichever is greater. |
| | Resolution 8. Report on Lobbying Payments and Policy | For (Exceptional) | Support for this resolution is warranted, as additional information on the company's trade association memberships, payments, and oversight, along with direct lobbying expenditures, would enable shareholders to better assess the company's comprehensive lobbying-related activities and management of related risks and opportunities. While the shareholder proposal contains identical ownership and duration thresholds as proposed in the management resolution, it seeks to have no limit on the number of shareholders that can aggregate their shares to meet the ownership requirements |

| | Resolution A. Elect Hubert Mathet as Director | For (Exceptional) | Support for this shareholder proposal appears to be appropriate, given the poor succession arrangements for the CEO (that led to a U-turn in the CEO they appointed) warrants additional oversight on the Board. Specifically, on July 19, 2021, Nathalie Roos was announced as the new CEO of the company, and Didier Truchot, previously Chairman and CEO, would remain Chairman of the Board. However, on September 27, 2021, the company announced that following disagreements between Mr. Truchot and Mrs. Roos, the appointment of Mrs. Roos as CEO was cancelled and that Ben Page, member of the executive committee and head of Ipsos MORI in the United Kingdom, would become CEO of the company starting November 15, 2021. We also have other concerns regarding the Board such as the rejection of the remuneration policy for the CEO at the 2021 AGM, the repeated significant levels of dissent on remuneration practices without proper response from the board. The fact that the Chair is the founder and former CEO is not helpful nor is the less than majority independence on the Board, in terms of ensuring there are sufficient checks and balances. |

We are supporting the re-election but we will however be keeping this under review. |

| | Resolution 4. Adopt Fossil Fuel Financing Policy Consistent with IEA's Net Zero 2050 Scenario | For (Exceptional) | Support for this proposal is warranted, as it should serve to enhance the company's current commitments to net zero activities and help ensure stronger alignment between the company's net zero goals and its policies and actions. Adoption of the resolution would also provide shareholders with a better understanding of the company's management and oversight of related risks. We note (and welcome) that in its 2021 ESG Report, JPMC outlines and discusses its firmwide sustainability strategy, including disclosures that align with TCFD. The company says it has a commitment to spend \$2.5 trillion on sustainable development by 2030, with \$1 trillion focused on the transition to a low-carbon economy. In 2021, the company says it spent \$106 billion on green financing. However, the contrast between the IEA's Net Zero by 2050 Scenario and the banking industry's targets is receiving increased attention in the media. JPMC is often noted in these articles as being a leading financier of fossil fuel development. In fact, according to the 2022 Banking on Climate Chaos Report, the company has lent out over \$382 billion in financing to a group of 2,700 companies active in industries across the fossil fuel life cycle from 2016-2021. With an increase of \$10 billion more than 2020, JPMC lent more than \$61 billion in 2021, according to the report. |
| | Resolution 5. Reduce Ownership Threshold for Shareholders to Call Special Meeting | For (Exceptional) | Support for this proposal is warranted as a lower ownership threshold would provide for a more useful special meeting right for shareholders. |

| | Resolution 6. Require Independent Board Chair | For (Exceptional) | Support for this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. |

| | Resolution 9. Report on Absolute Targets for Financed GHG Emissions in Line with Net Zero Commitments | For (Exceptional) | Support for this proposal is warranted, as additional information on the company's GHG emissions reduction efforts would allow investors to better understand how the company is managing its transition to a low carbon economy and climate change related risks. We agree with the proponent that the company is not aligned with a credible net zero pathway. We also note that the company has not set Science Based Targets and we would strongly encourage the company to do this. |

| REPUBLIC SERVICES INC AGM 16/05/2022 United States | Resolution 1a. Elect Director Manuel Kadre | For (Exceptional) | Under normal circumstances we would not have supported this director as we are concerned with the number of board positions they hold and we would question their ability to devote sufficient time to the role. However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review. |

| | Resolution 4. Amend Senior Executive Compensation Clawback Policy | For (Exceptional) | Support for this shareholder proposal is warranted as further improvement to the clawback policy would expand the board's ability to recoup incentive pay and the increased disclosure requirements would benefit shareholders. We agree with the proponent that the company's current recoupment policy, which requires intentional misconduct and conduct that materially contributed to a financial restatement, is too limited in its assessment of executive conduct and the implications for long-term shareholder value. |

| | Resolution 5. Report on Third-Party Environmental Justice Audit | For (Exceptional) | <p>Support for this shareholder proposal is warranted because a third-party audit would help shareholders assess the company's management of environmental justice issues. The proponent particularly emphasizes a "landmark environmental bill" that New Jersey passed in 2020 that requires the impact on overburdened communities to be an important consideration in industrial permitting decisions. The proponent suggests (1) that the company use the Environmental Protection Agency's (EPA) environmental justice screening and mapping tool to gather facility-level environmental and demographic data (EJScreen); and (2) assess its ongoing, historical, and cumulative pollution impacts and the extent to which this pollution may have disproportionately affected the health of communities of colour. We are mindful that the company's April Environmental Justice report contains aggregated information that was based upon a methodology that compares the percentage of minorities and households below the poverty line in the communities surrounding the company's facilities to the state average for its landfill, recycling center, transfer station, and hauling facilities. This information is disclosed within one and five kilometers of the company's operations, and it suggests that the company's average facility, especially its average landfill, is not disproportionately based in a poor or minority area. However, some of the company's sites have drawn more attention than others. Assessing certain information from</p> |

| | Resolution 6. Report on Third-Party Civil Rights Audit | For (Exceptional) | Support for this shareholder resolution is warranted, as an independent civil rights audit would help shareholders better assess the effectiveness of Republic Services' efforts to address the issue of any inequality in its workforce and its management of related risks. There is no doubt that Republic Services has taken constructive actions to address the issue of racial inequality and injustice. However, the company has faced allegations of racial discrimination through charges filed with the EEOC. These concerns raised by employees include accounts of racial discrimination in the company's employment decisions and hostile work conditions for Black drivers. Additionally, the proponent argues that sanitation is one of the most dangerous jobs in the country, but half of the company's ?operatives? roles are held by ethnic minorities while such groups make up only 13 percent of executive management. The company does not disclose targets for improving executive-level representation for minority groups. |

| | Resolution 3. Authorise Issue of Equity without Pre-emptive Rights | For (Exceptional) | Under normal circumstances, we would have voted against this resolution as the Company is seeking an authority to disapply pre-emption rights on the issue of shares equivalent to c.91% of the issued share capital, which could be very dilutive to our shareholdings (and other currently holders). However, we have exceptionally supported as the authority will support the existing and new pipeline which is expected to drive meaningful income and capital growth as i) incremental IRRs continue to exceed the Weighted Average Discount Rate used to value the Company's ESS Projects ii) the total number of MWs being deployed represents a significant increase to the installed base of projects and iii) the ability to partially fund incremental projects with debt at an attractive margin reduces the equity required, increasing returns to shareholders. The issue of any such shares will be subject to the publication of a new prospectus by the Company in due course. Further, the Company provided an explicit confirmation that the additional shares will be issued at a premium to NAV. |

However, we have exceptionally supported their re-election given they are the Executive Director of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies. |

| | Resolution 1e. Elect Director Jeffrey W. Martin | For (Exceptional) | Under normal circumstances we would not support this director as this Director serves as combined CEO/Chair, a role we prefer to be split. However, due to a number of safeguards in place we are comfortable to support. |
| | Resolution 1f. Elect Director Bethany J. Mayer | For (Exceptional) | Under normal circumstances we would not have supported this director as they hold the equivalent of more than 4 positions, which is in excess of our guidelines. However, we are mindful that in this case the overall count exceeds our limit by only one position, and this director serves as non-executive chair of at least one of the boards they sit on. Given our lack of further concerns regarding this director we are supporting the re-election. |

| | Resolution 4. Require Independent Board Chair | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director. |

| BP PLC AGM 12/05/2022 United Kingdom | Resolution 1. Accept Financial Statements and Statutory Reports | For (Exceptional) | <p>This company has been identified as one of the world's largest corporate greenhouse gas emitters by the Climate Action 100+ investor coalition. We expect all high impact companies to evidence an orderly and structured approach towards assessing and reporting on climate-related risks and opportunities. This includes, and is not limited to, setting out science-based emission reduction targets (SBT) validated by the Science-Based Targets Initiative (SBTi) as consistent with a 1.5 C pathway and to evidence an orderly and structured approach towards assessing and reporting on climate-related risks and opportunities, aligned with the recommendations of the Taskforce on Climate-related Financial Disclosures (TCFD). Under normal circumstances we would have voted against the Report & Accounts as the company has not yet had its climate targets validated by the SBTi. However, we will exceptionally support this resolution again in recognising that the SBTi is currently developing a new methodology for companies in the oil and gas sector to set science-based targets. It is unable to accept commitments or validate targets for companies in the oil and gas or fossil fuels sectors. We will continue to review progress against the company's transition pathway and any further commitments ahead of the next AGM.</p> |

| | Resolution 3. Approve Net Zero - From Ambition to Action Report | For (Exceptional) | <p>This company has been designated as one of the ?Systematically Important Carbon Emitters? within Aviva Investors? portfolios due to its contribution towards global ?Scope 3? emissions. We expect all high impact companies to fully demonstrate a strategy, with targets, in line with Paris goals of limiting the global temperature rise to 1.5°C. We ?exceptionally? support this resolution as firstly, we consider bp to be ahead of its peers in a number of areas. The company is one of the first oil and gas majors to set out net zero targets across Scope 1, 2 and 3 in respect of operations, production and sales, and these are accompanied by clear descriptions of the intended actions to achieve them. Secondly, bp continues to demonstrate significant progress strengthening its climate ambitions/ disclosure to align with our own and wider shareholder feedback. In February 2022, targets against two of its net zero targets were materially accelerated: ? AIM1: Commitment to halve operational emissions by 2030 (Compared to original 30-35% reduction targets) ? AIM 3: Commitment to reduce to net zero the carbon intensity of the energy products sold by 2050 (from a previous -50% target), extended the 2030 target to 15-20% (previously 15%) and enhanced the scope to include physically traded sales of energy products Following the start of the Russia-Ukraine conflict, the company further announced that it would exit its ~20% shareholding in Rosneft. One longstanding engagement issue has been for bp?s GHG</p> |

| | Resolution 7. Re-elect Paul Goodson as Director | For | |
| | Resolution 8. Re-elect Neil Johnson as Director | For (Exceptional) | Under normal circumstances we would have voted against the re-election of Neil Johnson as in addition to him being Chair of Electra, Neil Johnson continues to serves as a Non-Executive Chair at Qinetiq and is also Chair of Hostmore plc. However, his aggregate commitments have reduced significantly over the last few years including him relinquishing his executive role at the Company. In fact, both Unbound and Hostmore are small companies so we are quite comfortable with his aggregate time commitments A separate issue is that as a former Executive Chair of the company, he cannot be considered an independent Chair. However, we are mindful that the former Executive Directors of the Company, Neil Johnson and Gavin Manson only recently became Non-Executive Chair and NED (respectively), following the delivery of the realisation strategy implemented by the Company over recent years. It is their intention to continue in these roles for as long as is helpful to the Company. The Company considers that the value deliverable to shareholders through the AIM Transition is significantly greater than the value realisable through selling the Hotter Business in its current form via a private sale process and is more appropriate given the growth potential of Unbound. |

| | Resolution 9. Re-elect Gavin Manson as Director | For (Exceptional) | Under normal circumstances, we would have voted against the re-election of this non-executive director as he is not independent (due to being a former CFO and COO of the company) and sits on the audit committee which should consist entirely of independent directors. However, we have exceptionally supported as we are mindful that the former Executive Directors of the Company, Neil Johnson and Gavin Manson only recently became Non-Executive Chair and NED (respectively), following the delivery of the realisation strategy implemented by the Company over recent years. It is their intention to continue in these roles for as long as is helpful to the Company. The Company considers that the value deliverable to shareholders through the AIM Transition is significantly greater than the value realisable through selling the Hotter Business in its current form via a private sale process and is more appropriate given the growth potential of Unbound. It is our expectation that he will stand down from the Audit committee in due course. |

It is however acknowledged that in 2022, the Nominations Committee will continue its focus on succession planning and ?will ensure that when it looks to recommend new appointments, that the process has been inclusive of not only a broad range of mindsets, but also a variety of backgrounds, including race and ethnicity?. The group has made good progress on attaining gender diversity on board (38% female for the past three years). Further, Richard Pennycook will step down from the Board in September 2022 and will be replaced by Peter Ventress as Board Chair. Board diversity will be kept under review. |

| | Resolution 11. Approve Remuneration Report | For (Exceptional) | Under normal circumstances, we would have voted against the remuneration report to reflect reservations over the large pay outcomes for the year under review despite a FCA fine of £91 million (in relation to the failures identified over the Company's home insurance renewals), and there is an ongoing investigation on the HBOS Reading matter, raising concerns over whether these matters have been sufficiently reflected in variable pay outcomes. This is particularly concerning in respect of the former CEO, who served during the period these failings were identified. However, we have exceptionally supported as the Remuneration Committee adjusted the bonus pool downwards by £83 million and, pending conclusion of independent reviews, froze former ED's variable remuneration awards and vesting outcomes for 2022. |

| 11/05/2022 United Kingdom | Resolution 2. Approve Remuneration Report | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution due to concerns on bonus framework, an disclosure of targets. No deferral has been applied to the annual bonus. The deferral only applies when the bonus is over a certain percentage of salary, which we do not view as sufficient. It is however considered that a way to tackle this issue would be through engagement ahead of next year's AGM, when the company's new policy is expected to be tabled for approval. As for disclosure, due to the fact that the bonus scheme rewards KPI performance and not profit generation, it appears that a considerable degree of remuneration committee discretion is used to determine bonus outcomes. With that said, disclosure levels have improved for FY2021, and further disclosure is expected for FY2022. This will be kept under strict review. |

| | Resolution 5. Approve Second Section of the Remuneration Report | For (Exceptional) | Under normal circumstances we would vote against the remuneration report because [AE2] CEO Descalzi pays remains high compared to selected peers (3x higher compared to peer CEO median). This year's 20 percent increase in total pay is mainly driven by a 55 percent increase in LTI awards. We also note that, under the LTIPs, the vesting scale is generous (80% threshold vesting with maximum vesting at 180%; 80% vesting - 44% of maximum - just for hitting the median under the relative criteria). [AE21] Furthermore, the company's responsiveness to address the low 2021 support vote for its remuneration report and key concerns raised by shareholders has been mixed. No disclosure has been provided on the details of shareholder engagement, including details of percentages of share capital contacted as well as percentage of the share capital that actually participated in the engagement process and actions (if any) that the company has undertaken (or intends to undertake) in order to address issues raised by shareholders. However, as there was no significant concern on the company remuneration practices during 2021, exceptional support this year for the remuneration report is warranted. |

| | Resolution 11. Instruct Company to Set Short, Medium, and Long-Term Targets for Greenhouse Gas (GHG) Emissions of the Companys Operations and the Use of Energy Products | For (Exceptional) | The company is being asked to ?set and publish targets that are consistent with the goal of the Paris Climate Agreement: to limit global warming to well below 2°C above pre-industrial levels and to pursue efforts to limit the temperature increase to 1.5°C. These quantitative targets should cover the short-, medium-, and long-term greenhouse gas (GHG) emissions of the company?s operations and the use of its energy products (Scope 1, 2, and 3). The company could on the strategy and underlying policies for reaching these targets and on the progress made, at least on an annual basis, at reasonable cost and omitting proprietary information.? Support is warranted on this occasion for this shareholder proposal as, without being too prescriptive in nature, it aims to strengthen the plan outlined by the company under item 10. |

| | Resolution 12. Introduce a Climate Target Agenda and Emission Reduction Plan | For (Exceptional) | The company is being asked to commit to "adjusting its climate goal, which currently is defined in relation to carbon intensity, such that the goal instead relates to absolute emissions, including combustion (Scope 3). These emission targets should also be strengthened to result in minimum 50 percent reduction by 2030 and 100 percent reduction by 2050, thus ensuring that the company's business model and operations are in accordance with the targets set in the Paris Agreement. Achievement of these emission-reduction goals must be the result of an actual substantive transition of the company's activities, away from oil & gas production. The company's plans for achieving its net-zero 2050 climate goal, as well as its reporting on progress towards achieving its emission-reduction targets, must be reflected in the company's Energy Transition Plan reporting, with full transparency and clarity on how the planned emission reductions are being, or are to be achieved." Support is warranted on this occasion for this shareholder proposal as, without being too prescriptive in nature, it aims to bring strengthening features in the form of absolute reduction targets and downscaling of fossil fuel exploration to the company's proposed transition plan under item 10. |

| | Resolution 21. Approve Remuneration Statement (Advisory) | For (Exceptional) | Exceptional support is warranted on this occasion as whilst the structure of the company's compensation framework does not raise any material concerns, as it generally appears to be designed to promote alignment between pay and performance, there are a few issues that we will continue to monitor closely. This includes, and is not limited to: [AE16] Under the share savings plan, awards may start vesting earlier than three years, a feature which is not aligned with the long term interests of shareholders. [AE28] Some specific performance targets are not disclosed for long term incentive awards (Company's overall operational and financial performance). In addition, the weights of the performance metrics are also not disclosed. [AE43] Performance targets are not applied for incentive schemes: share savings plan. |

However, we have exceptionally supported their re-election given they are the CEO of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies. |

| | Resolution 13. Approve Remuneration Report | For (Exceptional) | There have been significant increases in pay which we do not consider justified (+8% for the CEO; +5% for the CFO), which will take place over a phased schedule over two years. Over inflationary increase in salary can be considered contentious as it has an impact on the overall quantum of variable pay going forward. In this case, the Company's rationale for the increase is acknowledged considering that the remuneration package is not deemed excessive for the Company of this size. |
| | Resolution 14. Approve Increase in the Maximum Aggregate Fees Payable to Directors | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as the proposed aggregate fee level for NEDs has increased considerably, and the Chair's fee will be increased significantly (by 18%) for the ensuing year. Fees are considered commensurate of market benchmark at this time, but further increases will be kept under strict review. |

| | Resolution 7. Re-elect Sir Ian Cheshire as Director | For (Exceptional) | Under normal circumstances we would not have supported this director as we are concerned with the number of board positions they hold and we would question their ability to devote sufficient time to the role. However, one of his roles is at a smallcap company, and as such we are supporting the re-election but we will however be keeping this under review. We also have concerns on the low level of female participation on the board, and would target him as board and nomination committee chair. He however only assumed the board chair role with effect from the 2021 AGM, and began chairing the nomination committee afterwards. Our concerns on gender diversity will be focussed on Martin Angle, who was the nomination committee chair during FY2021. If there is no noteworthy progress on gender diversity on board ahead of the next AGM, a stricter voting stance may be assumed. |

| | Resolution 6. Provide Right to Call Special Meetings | For (Exceptional) | The company is being asked to take the necessary steps to afford shareholders owning 10 percent of outstanding shares the right to call a special meeting. Support for this proposal is warranted on this occasion as it represents an enhancement in shareholder rights as shareholders do not currently have the right to call a special meeting. Although the board is also proposing its own version of the right to call a special meeting at a 20 percent threshold, this shareholder proposal is non-binding, and it is possible to support both proposals. |
| | Resolution 7. Report on GHG Emissions Reduction Targets | For (Exceptional) | The company is being asked to address the risks and opportunities presented by the global transition towards a lower emissions energy system by setting emission reduction targets covering the greenhouse gas (GHG) emissions of the company's operations as well as their energy products (Scope 1, 2, and 3). Support for this proposal is warranted on this occasion as additional information on the company's efforts to reduce its carbon footprint and align its operations with Paris Agreement goals would allow investors to better understand how the company is managing its transition to a low carbon economy and climate change related risks. Most notably by setting emissions reductions targets for emissions associated with its sold products. As ConocoPhillips is likely to face increased regulatory, competitive, legal, and financial risks, it is in the investors' interest to better understand how the company intends to adapt. |

| | Resolution 8. Report on Lobbying Payments and Policy | For (Exceptional) | The company is being asked to provide a full, detailed disclosure of the company's direct and indirect lobbying activities and expenditures to assess whether its lobbying is consistent with ConocoPhillips's expressed goals and in shareholders' best interests. Support for this proposal is warranted on this occasion as additional disclosure of the company's lobbying-related expenditures, trade association payments, and board-level oversight mechanisms would help shareholders to better assess the risks and benefits associated with the company's participation in the public policy process. |

| | Resolution 16. Require Independent Board Chair | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the separation of the chair and CEO positions and appointment of an independent board chair. |

However, we have exceptionally supported their re-election given they are the CEO/Executive Director of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies. |

| | Resolution 4. Reduce Ownership Threshold for Shareholders to Call Special Meeting | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted. Lowering the ownership threshold from 25 percent to 10 percent would improve shareholders' ability to use the special meeting right and no single shareholder would be able to act unilaterally to call a special meeting at the proposed threshold. |

| DARLING INGREDIENTS INC AGM 10/05/2022 United States | Resolution 1a. Elect Director Randall C. However, due to a number of safeguards in place, namely the position of a lead independent director, we are comfortable to support. |

However, due to a number of safeguards in place we are comfortable to support. We also have concerns over their aggregate board commitments. |

| | Resolution 1.7. Elect Director Cornell Wright | For (Exceptional) | Under normal circumstances we would have voted against the re-election of this director to reflect our concerns that, in aggregate they have too many board commitments. However, we have exceptionally supported their re-election given they are the Executive Director of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies. |

| | Resolution 8. Reelect Eileen Kennedy to Supervisory Board | For (Exceptional) | Under normal circumstances, we would vote against this resolution to hold the CSR committee chair accountable to reflects our concerns over the company's commitment to biodiversity, including a lack of policies and targets on reducing deforestation. Particularly, the company has low scores on Forest 500 for soy, paper and palm oil usage. The company has however been responsive to engagement on such topics. It has noted some actions being taken in this area, particularly by joined the Science Based Targets Network's corporate engagement program (which will run for two years) at the end of 2020 ? with the intention to co-create and test SBTN's methods, tools and guidance for potentially setting science-based targets for nature in the future. While this is acknowledged, the company has room to establish a fulsome deforestation policy. This will be kept under review ahead of future AGMs. |

| 10/05/2022 United Kingdom | Resolution 2. Approve Remuneration Report | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution. Significant salary increases have been signalled for the CEO and CFO over the next two financial years. This increase will be multiplied by the proposed increase in the maximum bonus opportunities from 50% to 100% of salary. The level of increase to the bonus opportunity is significant, but the resultant opportunity is not excessive for a company of its size. Further, a key improvement is the introduction of a deferral element to the bonus whereby 25% of bonuses will be deferred over two years, given that the bonus value exceeds GBP 10,000 (previously, no deferral applied to bonus awards). A last concern is that EPS targets, which comprise 100% of LTIP award performance framework for the FY2022 LTIP awards, have not been disclosed. This disclosure level will be tracked going forward. Salary was increased mostly on a benchmarking basis; future increases will be kept under close review to ensure that they are commensurate with company performance and size. |

| T ROWE PRICE GROUP INC AGM 10/05/2022 United States | Resolution 1a. Elect Director Glenn R. August | For (Exceptional) | Under normal circumstances we would have voted against the re-election of this director to reflect our concerns that, in aggregate they have too many board commitments. However, we have exceptionally supported their re-election given they are the executive director of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies. |

| | Resolution 1e. Elect Director Freeman A. Hrabowski, III | For (Exceptional) | Under normal circumstances we would have voted against the Chair of the Nomination committee to reflect our concerns over the lack of gender diversity i.e women represent less than 33% of the Board. However, we have exceptionally supported as we note that the threshold dropped from 36% at the 2021 AGM as a result of Board changes (although we note that one of the recent appointments is female) and more broadly, there have not been any concerns regarding gender diversity historically. |

A vote FOR this resolution is warranted because the company's board policy does not specifically call for women or minorities to be included among potential candidates. This is of heightened concern given that the composition of the board, which has only one woman, makes it an outlier among its industry peers. |

| | Resolution 4. Require Independent Board Chair | For (Exceptional) | Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director. |

| | Resolution 6. Consider Pay Disparity Between CEO and Other Employees | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted for the following reasons: - Consideration of pay grades and/or salary ranges of all classification of company employees when setting target amounts for CEO compensation would serve to further eliminate excessive pay disparities; and - Excessive pay disparities could pose risks to long-term shareholder value, and impact employee morale as well as a company's standing in the communities in which it operates. |

| UBER TECHNOLOGIES INC AGM 09/05/2022 United States | Resolution 1a. Elect Director Ronald Sugar | For (Exceptional) | Under normal circumstances we would not have supported this director as they hold the equivalent of more than 4 positions, which is in excess of our guidelines. However, we are mindful that in this case the overall count exceeds our limit by only one position, and this director serves as non-executive chair of at least one of the boards they sit on. Given our lack of further concerns regarding this director we are supporting the re-election. |

| | Resolution 1e. Elect Director Amanda Ginsberg | For | |

| | Resolution 1f. Elect Director Dara Khosrowshahi | For (Exceptional) | Under normal circumstances we would have voted against the re-election of this director to reflect our concerns that, in aggregate they have too many board commitments. However, we have exceptionally supported their re-election given they are the CEO of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies. |

| | Resolution 5. Require Independent Board Chair | For (Exceptional) | Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director. |
| | Resolution 6. Submit Severance Agreement (Change-in-Control) to Shareholder Vote | For (Exceptional) | A vote FOR this item is warranted given that it is positive for shareholders to have the ability to vote on severance amounts that exceed market norms, the proposal applies only to future severance arrangements, leaving current agreements unaffected, and the proposal offers flexibility as to when the board may seek shareholder approval of a new or renewed severance arrangement, such as at the next annual meeting. |

| | Resolution 7. Report on Board Oversight of Risks Related to Anticompetitive Practices | For (Exceptional) | A vote FOR this proposal is warranted because shareholders would benefit from more robust disclosure of the company's processes and oversight mechanisms for managing risks related to anticompetitive practices, particularly in light of AbbVie's involvement in related controversies. |

| | Resolution 5. Report On Costs of Low Wages and Inequality and Impact on Diversified Shareholders | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted as it would serve to further strengthen the company's commitment to global diversity, equity, and inclusion, and also enable shareholders to better assess the risks related to the company's compensation and workforce practices. |
| | Resolution 6. Require Independent Board Chair | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted as shareholders would benefit from a policy requiring more independent oversight of management in the form of an independent chairman. |

| 05/05/2022 United Kingdom | Resolution 2. Approve Remuneration Report | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as the CEO: Employee pay ratio is more than 100:1 and is considered excessive, and the CEO's salary is being increased further by 2.5% in FY2022, which follows on from an above-inflationary increase in FY2021. Concerns are also noted as the threshold LTIP opportunity at 25% yields a significant pay opportunity, at c. 93% of salary for the CEO. Consideration is given to the fact that the company has committed to disclosing further information regarding succession planning, which may be of comfort in regards to the CEO's current salary. Regarding LTIP threshold opportunity, the company noted that this will be communicated with the remuneration committee ahead of next year, when a new policy will be tabled for approval. This will be kept under review. |

| | Resolution 5. SP: Report on Racial Diversity in the Workplace | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this shareholder proposal is recommended at this time. Racial diversity, equity and inclusion have become a priority for companies and investors in the wake of Black Lives Matter and the Black North movements. Changes to CBCA disclosure requirements and yet to be instituted proposed changes to disclosure requirements for Ontario reporting issuers add certain disclosures related to policies and practices at the board and management levels for racial (BIPOC) diversity. While there is no regulatory requirement in Canada requiring disclosure on racial diversity in the workforce, disclosure on the company's diversity, equity and inclusion initiatives and strategy could help to demonstrate to shareholders that associated risks are being managed and enable shareholders to meet their responsible investing commitments in this regard, where applicable. In the absence of any such disclosure and provided that the company is a laggard compared to peers, support for this shareholder proposal is warranted. |

| | Resolution 4. Reduce Ownership Threshold for Shareholders to Call Special Meeting | For (Exceptional) | The proposal seeks to further empower investors by reducing the ownership threshold for shareholders to call a special meeting from 15 percent to 10 percent. The lower 10 percent threshold is reasonable, in the best interests of shareholders, and increases the board and management's accountability. There also appears to be minimal risk at present that the proposed right would be abused based on the company's shareholder base (the top shareholders are non-activist institutional investors). Therefore, this item warrants shareholder support. A vote FOR this proposal is warranted as a lower ownership threshold would provide for a more useful special meeting right for shareholders. |

A vote FOR this proposal is warranted. Shareholders would benefit from the requested report as it would provide additional information on the company's water supply and conservation practices, particularly in its supply chains, thereby accounting for water risk throughout the entire value chain. Furthermore, the disclosure would allow the company to better manage water related risks and align company commitment to long term shareholder value. |

| | Resolution 4. SP 1: Report on Actual and Potential Human Rights Impacts on Migrant Workers | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted as it will provide shareholders and other stakeholders with additional information concerning actual and potential human rights impacts of the company's business activities and allow shareholders to better gauge how well the company is managing human rights related risks. |

| | Resolution 5. SP 2: Publish Annually a Summary of the Company's Supplier Audits Results | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR the shareholder proposal is warranted. To a considerable extent, the grocer relies on the individual suppliers to ensure they and their own suppliers meet Loblaw's Supplier Code of Conduct. Auditing is one of the tools used by Loblaws to ensure compliance. The number of audits conducted by Loblaws has gone up close to 40 percent since 2017. Disclosing information on auditing results would demonstrate that it is properly and rigorously addressing the risks and may also shed light on the functioning of the remedial mechanism. It would allow stakeholders to conduct better risk assessment. Agriculture is often related to child or forced labour. Grocers' relationship with the sector means they have a higher risk exposure. Responsible sourcing is increasingly important; disclosing the results of supplier compliance may be viewed favorably by many external stakeholders. The company is already conducting audits. The resolution is requesting for additional information on what the company finds from their audits. In addition, the proposal itself is not too burdensome in scope and timeframe. It does not request a specific timeframe for commencement or specific contents in the summary report. As such, support is warranted at this time. |

| 05/05/2022 United Kingdom | Resolution 2. Approve Remuneration Report | For (Exceptional) | Under normal circumstances we would not have supported the remuneration report as none of the bonus is deferred, unless an Executive Director does not satisfy the minimum shareholding requirement, then up to 50% of any bonus award may be deferred into shares for up to two years*. Further, maximum bonuses were awarded for the year under review. However, we have exceptionally supported as all but one of the executive directors have material shareholdings in the company therefore their interests are firmly aligned with shareholders. Further, the bonus opportunity (100% of salary) is modest relative to peers. Salaries are also lower quartile. * The Remuneration Committee exercised its discretion to award the Chief Operating Officer's annual bonus for 2021 in cash, while he continues to build up to the minimum shareholding requirement. This was considered to be appropriate in light of his acquisition of shares during the year, which were equal to approximately 50% of his net 2021 annual bonus. |

| | Resolution 2. Approve Remuneration Report | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as the Remuneration Committee exercised discretion to retrospectively amend the performance targets applicable for in-flight LTIP awards, resulting in maximum vesting of the EPS element of the FY2019 LTIP, which would have lapsed. In-flight adjustment to LTIP targets is contrary to best market practice. The Company's rationale and generally strong performance, as well as the need to continue to incentivize Executives, during the period is acknowledged. Concerns are also noted with regards to the CEO: Employee pay ratio, which is more than 50:1 (FY2020: 21:1) and has increased by over 20% from the previous year. |

Approve Climate Risk Management | For (Exceptional) | The company has also disclosed it is committed to net zero across its operations by 2030, and its investment and underwriting portfolios by 2050. However, support for this shareholder resolution is warranted, as adoption of reduction targets aimed to limit the company's exposure to fossil fuels as requested, would enable shareholders to better understand how the company is managing climate change related-risks and assess the effectiveness of the company's related efforts. Market Forces and Australian Ethical Investments request the company disclose, in subsequent annual reporting, short, medium and long-term targets and plans to reduce investment and underwriting exposure to oil and gas assets, along with progress against the targets set. The targets should be consistent with the climate goals of the Paris Agreement. |

| | Resolution 17. Advisory Vote on Company's Climate Strategy | For (Exceptional) | This company has been designated as one of the ?Systematically Important Carbon Emitters? within Aviva Investors? portfolios due to its contribution towards global ?Scope 3? emissions. We expect all high impact companies to fully demonstrate a strategy, with targets, in line with Paris goals of limiting the global temperature rise to 1.5°C. Exceptional support is warranted as Repsol?s energy transition strategy appears robust overall and we commend recent steps to evolve and strengthen disclosure/action in response to shareholder feedback. In early October, Repsol announced a new target to reduce its absolute scope 1-3 emissions by 30% by 2030. The company also tightened previously announced carbon intensity and methane targets and has distinguished itself from peers by committing to give shareholders a say on the execution of its climate transition strategy whenever it is updated, or the company makes significant changes to it. Continuing support for its climate strategy, however, is conditional on seeing further progress in the following areas, including but not limited to: addressing exclusions in its new absolute targets, the continued use of intensity-based metrics and avoided emissions ?credits? based on its own Carbon Intensity Indicator (CII), and clarification regarding reliance on carbon capture to meet emissions goals. |

| | Resolution 10. Elect Simon McKeon as Director | For (Exceptional) | Under normal circumstances we would have voted against the re-election of this director to reflect that material failures in governance, stewardship, risk oversight and fiduciary responsibility were identified by the Royal Commission into Misconduct in the Banking, Superannuation and Financial Services Industry and through various regulatory and class actions at AMP Ltd. Simon McKeon served as a NED for one year and as Chairman for two years at AMP Limited, the Australian financial services company. However, we have exceptionally supported his re-election as a vote against his re-election is not considered to be in the best interests of the company or shareholders at this present time given that a number of changes have taken place in board composition and leadership since the Juukan Gorge destruction in May 2020. Also, we have no material concerns with his performance at Rio Tinto to date (but will be keeping under close review) and note that he has an important role since 2021 as the designated Non-Executive Director for workforce engagement (overseeing the annual programme of engagements and regularly reports back to the Board on the insights gained, to ensure people's voices are heard and acted upon in the boardroom). |

| | Resolution 17. Approve Climate Action Plan | For (Exceptional) | This company has been designated as one of the ?Systematically Important Carbon Emitters? within Aviva Investors? portfolios due to its contribution towards global ?Scope 3? emissions. We expect all high impact companies to fully demonstrate a strategy, with targets, in line with Paris goals of limiting the global temperature rise to 1.5°C. Qualified support is provided for this proposal on this occasion as we note and commend recent steps to evolve and strengthen the company?s climate change disclosure and action. Rio Tinto?s new 2030 Scope 1 and 2 target, strategy and capital allocation commitments are significant. However, in terms of key areas for further improvement, we are looking for the company to: present an enhanced Scope 3 plan by 2023, ideally with quantifiable targets and timelines; strengthen links to specific, quantifiable emissions reduction targets within the climate component of executive remuneration to incentivise robust climate performance; commit to an annual Say on Climate vote; and significantly enhance its positive advocacy (direct and indirect) for Paris-aligned climate change policy internationally. |

| | Resolution 1b. Elect Director Rodney C. Adkins | For (Exceptional) | Under normal circumstances we would not have supported this director as they hold the equivalent of more than 4 positions, which is in excess of our guidelines. However, we are mindful that in this case the overall count exceeds our limit by only one position, and this director serves as non-executive chair of at least one of the boards they sit on. Given our lack of further concerns regarding this director we are supporting the re-election. |

| | Resolution 5. Report on Corporate Climate Lobbying Aligned with Paris Agreement | For (Exceptional) | Support for this proposal is warranted. The company and its shareholders are likely to benefit from a review of how the company's and its trade associations' lobbying positions align with Paris Agreement. We commend the company on the Paris-aligned Net Zero emissions goal it has set, but believe the company provides insufficient information on the alignment of its public policy advocacy with this goal. The filer states, "UPS is an active member of the American Legislative Exchange Council (ALEC), which frequently takes negative positions on climate change." |
| | Resolution 6. Approve Recapitalization Plan for all Stock to Have One-vote per Share | For (Exceptional) | Simplified capital structures where shareholders' voting rights are proportional to their at-risk capital investments enhance board accountability to all shareholders and help to guard against management entrenchment. This precatory proposal, which requests that the company take steps to develop a capital structure in which all shares would have equal voting rights, merits support. |

| | Resolution 7. Adopt Independently Verified Science-Based GHG Reduction Targets | For (Exceptional) | Support for this proposal is warranted, as additional information on the company's efforts to reduce its carbon footprint and align its operations with Paris Agreement goals would allow investors to better understand how the company is managing its transition to a low carbon economy and climate change related risks. In their statement supporting the proposal, the proponents assert that UPS should set an externally-verified science-based GHG reduction target to assure shareholders that its goals align with Paris Agreement goals. The proponents assert that, while UPS has set a goal to achieve carbon neutrality in its operations by 2050 and a goal to reduce emissions per small package delivered by 2035, it is not clear the extent to which the company plans to rely on carbon offsets and the company's current targets do not include Scope 3 emissions reductions targets. We have the same concerns. |

| | Resolution 3. Approve Remuneration Policy | For (Exceptional) | Under normal circumstances, we would have voted against the remuneration policy as the Company continues to utilise an unconventional remuneration structure in which the annual bonus comprises three elements: an annual discretionary award (capped at 40% of salary), annual bonus award (capped at 40% of salary), and a long-term bonus award (capped at 40% of salary). In addition to be partially based on discretion, awards are paid entirely in cash and there is no forward looking long term performance element. Also, the company does not have a post cessation holding period in place. However, we have exceptionally supported as there are no new or material historical concerns over pay levels (in fact they are modest) or with regard to pay outcomes. For example, in respect of the two of the bonus elements, again no award paid out in respect of FY 2021. Further, the CEO has a relatively large shareholding ensuring his interests are aligned with shareholders. |

| | Resolution 4. Require Independent Board Chair | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director. |
| | Resolution 5. Report on Human Rights Due Diligence | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted at this time because shareholders would likely benefit from more disclosure on how the company evaluates and mitigates any human rights impacts from the sale of its weapons and other lethal products. |

| | Resolution 6. Submit Severance Agreement (Change-in-Control) to Shareholder Vote | For (Exceptional) | <p>This shareholder (SOC Investment Group) requests that the Board of General Electric Company (GE) seek shareholder approval of any senior manager's new or renewed pay package that provides for severance or termination payments with an estimated value exceeding 2.99 times the sum of the executive's base salary plus target short-term bonus. The proponent believes that GE's board has been extremely generous in executive compensation, contrary to basic 'pay for performance' principles, and that this largesse also exists with respect to severance packages. Although the proposed policy would only cover new and renewed executive severance approvals, the proponent raises concerns over the modification to the terms of CEO Culp's Leadership Performance Share award in 2020 that led to the rejection of the company's say-on-pay proposal last year, and notes that according to the 2021 proxy statement, a change in control could have resulted in Culp receiving over \$100 million worth of performance shares. Support for this shareholder resolution is warranted given that it is positive for shareholders to have the ability to vote on severance amounts that exceed market norms, the proposal applies only to future severance arrangements, leaving current agreements unaffected, and the proposal offers flexibility as to when the board may seek shareholder approval of a new or renewed severance arrangement, such as at the next annual meeting.</p> |

| | Resolution 7. Approve Nomination of Employee Representative Director | For (Exceptional) | Support for this shareholder resolution is warranted as the addition of an employee representative director on the board would enable more robust oversight of issues related to the company's employees and their concerns and is also a step towards enhancing board diversity. Although the board argues the company "has a robust and effective process for identifying and recruiting qualified, independent and diverse directors", we think that given the ongoing pay and broader governance issues at GE, an employee appointment would be beneficial. |

| | Resolution 5. Require Independent Board Chair | For (Exceptional) | Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director. |
| | Resolution 6. Adopt a Policy to Include Non-Management Employees as Prospective Director Candidates | For (Exceptional) | A vote FOR this proposal is warranted as the addition of a non-management employee representative director on the board would enable more robust oversight of issues related to the company's employees and their concerns and is also a step towards further enhancing board diversity. |
| | Resolution 7. Reduce Ownership Threshold for Shareholders to Call Special Meeting | For (Exceptional) | A vote FOR this proposal is warranted as a lower ownership threshold would provide for a more useful special meeting right for shareholders. |

| | Resolution 8. Publish Third-Party Review of Alignment of Company's Lobbying Activities with its Public Statements | For (Exceptional) | A vote FOR this resolution is warranted, as more comprehensive information on Gilead's public policy positions and the congruence between those positions and those of its lobbying partners would benefit shareholders in assessing its management of related risks. |

| | Resolution 20. Report on Sustainably Sourced and Organically Produced Cotton | For (Exceptional) | A vote FOR this proposal is warranted as the requested disclosure would imply that the company increases disclosure on (1) independent labels used to source organic cotton and (2) thresholds and targets on recycled fibres in purchasing volumes, which is considered an appropriate step to take given the company's goal to source 100% recycled or other sustainably-sourced materials. |
