| 01/08/2022 United Kingdom | Resolution 2. Approve Remuneration Report | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution for a number structural reasons (which are concerns we raised at the remuneration policy vote at the 2021 AGM): There is no deferral applied to bonus award, the bonus opportunity has been increased from 150% to 165% of salary and use a single profit-based performance measure to determine bonus outcomes, and the timing of the adjustment to EDs? pension contributions is considered lagging with the recommendations of the Investment Association. Furthermore, EDs? salaries, which are positioned above the upper quartile when compared to that of peers within the FTSE 250 index, have been increased further by 4% for the ensuing year. The following mitigating factors have however been considered: ? Even though a single profit condition is assessed, the targets have been significantly increased to a range of GBP 130.4 million to GBP 147.4 million relative to last year's range of GBP 104.2 million to GBP 116.6 million for the latest bonus cycle. This indicates that the company is cognizant of the quantum that is offered, and an effort is being made to set appropriately stretching targets. Target range will of course be kept under review next year when the pay opportunity is increased. ? While salaries stand out as high relative to upper quartile, the company is currently positioned as number 186 within the FTSE 350, placing at within the top third of the index. The company notes that for the ensuing year, there will be no adjustments in the other aspects of |

However, as per amended SEBI LODR regulations, TVS Mobility Private Limited will now be treated as related party as it holds 33.33% in Global TVS Bus Body Builder Limited (subsidiary of the company). In that case, company should have disclosed past transactions with TVS Mobility Private Limited to evaluate the fairness of cap for the proposed transaction. In mitigation, the mandate proposed here involves transactions to be completed in the ordinary course of business and on arm's-length basis with TVS Mobility, and shareholders will get an opportunity to review these transactions in the future.</p> |

| | Resolution 3. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights | For (Exceptional) | Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion. |

| | Resolution 6. Elect Steven Owen as Director | For (Exceptional) | Under normal circumstances we would have voted against the appointment of this Director as he currently serves as de facto CEO and Chair, roles we prefer to be split. The Chair's role on a board is to evaluate and review the performance of management, and to ensure there are sufficient checks and balances; this role is obviously compromised when the Chair is also the CEO. We also have concerns over his aggregate board commitments. However, we have exceptionally supported his appointment as his role as Executive Chair is on an interim basis only, following the departure of Neil Sinclair after the year-end, while the Company reviews its strategic options. |

Re-elect Peter Bamford as Director | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as this vote on the nomination committee Chair reflects our concerns over the lack of women in senior leadership positions. We however acknowledge progress that the company has made with regards to female participation on the board, which was as a result of the addition of a new female director. Diversity will be kept under close review ahead of the next AGM. |

| | Resolution 6. Approve Amendment and Termination of Biocon Limited Employee Stock Option Plan 2000 | For (Exceptional) | Under normal circumstances, we would not be able to support this scheme due to inherent reasons, namely: - Specific performance targets have not been disclosed for the proposed long term incentive awards. We are uncomfortable in supporting LTI awards where it is impossible to assess whether they are subject to sufficiently challenging performance conditions. - The proposed long term incentive awards start vesting earlier than three years, a feature which is not aligned with the long term interests of shareholders. - The scheme allows awards to be made at a discount. Nonetheless, it is highlighted that the proposed amendment is regarding alignment with relevant regulations. Further, members had approved discontinuation of grant of options under the plan. Hence, no further options will be granted since the plan is being terminated. Given these points, exceptional support is considered warranted. |

| | Resolution 4. Re-elect Malcolm Diamond as Director | For (Exceptional) | Under normal circumstances, we would have voted against the Board and Nomination committee Chair to reflect our concerns over the lack of women on the Board (there are 2 representing 29% of the Board), and also the lack of women in senior leadership positions (20%). However, we have exceptionally supported his re-election as we are mindful that the Company only became a member of the FTSE 350 in August 2021 so it now falls within the recommendations of the Hampton-Alexander Review (encouraging Boards to comprise at least a third of women). Importantly, the Company has improved gender diversity by appointing Rosalind Kainyah to the Board, and the revised board diversity policy includes targeting a minimum 40% female board representation. We also note that Malcolm Diamond will step down from the Board as Board Chair on 1 November 2022 and be succeeded by Bruce Thompson. |

| | Resolution 38. Amend Article 23 of Bylaws Re: Auditors | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as the company is proposing changes to its Articles but does not confirm that double voting rights are prohibited. In March 2014, the Loi Florange (The Florange law) introduced a double voting right for shares registered for at least 2 years (the holding period starting April 2014) as a default standard provision for French companies, but the Florange law may be overridden with a one share one vote system set by the company if a proposal is tabled and approved by two-thirds of shareholders at the AGM. Due to the current context and controversies relative to the company, the company decided to appoint one more auditor from 2022 in order to guarantee a good transition between the previous auditors and its next generation. As the bylaws previously limited the number of auditors, this amendment releases the number constraint of auditors of the company, while guaranteeing that they will be higher than one. Given the gravity of the situation, and the need for a potentially fresh and independent auditor view, we will exceptionally support this resolution. |

| | Resolution 4. Re-elect Neil Carson as Director | For (Exceptional) | Under normal circumstances, we would have voted against the Board and Nomination committee Chair reflecting our concerns over the lack of women on the Board. However, we have exceptionally supported as it is noted that the Board is aiming for 33% female representation on the Board, with the appointment of a further female Director (and the Board is aiming for 40% female representation by March 2025). In fact, the process to make such appointment is currently in progress. Anticipating the likely departure of Richard Friend and Mary Waldner as Directors in July 2023 and 2024 respectively, this will mean that the Board will comprise of seven Directors -- three female and four males and reflecting 43% female representation. We have also noted the lack of ethnic diversity on the Board. However, the Board has provided a commitment to include at least one Director from an ethnic minority by 2023, but no later than the end of 2024. |

Adani as Director | For (Exceptional) | Under normal circumstances we would have voted against the re-election of this director to reflect our concerns that, in aggregate they have too many board commitments. | | Resolution 7. Approve Borrowing Powers | For (Exceptional) | Under normal circumstances, we would not be able to support for this resolution. The board seeks shareholder approval to increase the ceiling on the company's borrowing powers. This authority would allow the company to raise funds by way of loans/borrowings in excess of the company's aggregate paid-up capital and its free reserves, provided that total borrowings shall not exceed INR 200 billion. At present, the company is authorized to borrow up to INR 120 billion. According to the circular, the company believes that in view of expanding business operations of the company, it is necessary to enhance the borrowing limit. We note that the company has not provided sufficient information for proposing a debt limit which can significantly increase the company's gearing level. However, the company has undertaken various projects across businesses that entail large capex. In that context, the potential debt limit is considered reasonable. In addition, the company's current credit rating denotes adequate degree of safety regarding timely servicing of financial obligations. |

Under this proposal, the board seeks shareholder approval for transactions with Adani Enterprises Limited for the financial year 2023 involving cargo handling charges for traded commodities, infrastructure charges, aircraft services, terminal handling charges, vessel handling, corporate allocation, rendering of service, receipt of service and other transactions for business purpose. | | Resolution 1. Approve Scheme of Arrangement | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as while the offer appears to offer a high short-term premium, it is slightly below the maximum seen over the past two years and pre-pandemic levels and at a single digit premium to unaffected target prices. Lastly, the forward price/earnings multiple of 20.7x is below levels seen over the past five years. It is however understood that the offer comes at a time of weakness in the stock price and the consensus substantially lowering FY24/25 EBITDA estimates. Reduced growth expectations since the pandemic and execution risk appear to make the offer a reasonable exit option. |

| | Resolution 9. Re-elect Nicholas Vetch as Director | For (Exceptional) | Under normal circumstances we would have voted against the re-election of Nicholas Vetch as he is the executive chairman and the company has not provided a sufficient explanation for not having an independent chairman. Also, he has served on the Board for 23 years, and there is no clear succession plan for this role. However, we continue to support his re-election as while having an executive chairman is not our preferred governance structure, over a number of years we have benefitted from significant alignment with the management team who all have significant stakes in the business (Nicholas Vetch is one of the co-founder of the company and has the largest stake but the others have significantly alignment with other shareholders too). Further, the company has maintained a strong balance of independence on the board, and continues to make positive improvements in diversity. The company explains that the NEDs have a wide range of corporate experience and provide effective challenge to the Chairman and the other Executive Directors, which was endorsed by the external appraisal undertaken by Simon Robertson Associates in 2020. |

| <p>21/07/2022 United Kingdom</p> | <p>Resolution 2. Approve Remuneration Report</p> | <p>For (Exceptional)</p> | <p>Under normal circumstances, we wouldn't be able to support this resolution as the CEO: Employee pay ratio is more than 100:1 and is considered excessive. However, no significant concerns are noted on pay outcomes according to performance frameworks. We will keep a close eye on any non-variable pay increases going ahead, the implementation of which may warrant scrutiny on the overall pay package.</p> |

| | Resolution 3. Approve Remuneration Policy | For (Exceptional) | <p>Under normal circumstances, we wouldn't be able to support this resolution, as the Remuneration Committee is seeking to increase the PSP opportunities to 250% of salary for the CEO and 225% for the other Executive Directors. This increases total quantum of pay, which will further increase pay ratio figures. To balance, we had engaged with the company and had expressed that we would be roughly comfortable with this change as long as financial conditions continued to comprise at least 70% of the weighting, and that the increased quantum would be accompanied with increased target stretch. The reason for the increase in quantum is stated to be: 1.) based on the successful delivery of SSE's Net Zero Acceleration Programme (the Acceleration Programme), which is even more important than ever to alleviate continuing energy pricing pressures on consumers? 2.) the performance targets set in line with the Acceleration Programme are tougher than those previously set; and 3.) our proposed new Policy is expressly designed to place greater emphasis on longer-term goals and reward long-term performance. The company explains that the Acceleration Programme targets a 10% CAGR in the regulated asset value of the electricity networks business but the Acceleration Programme does not set targets in the same way for renewables. By and large, we feel comfortable with the amended targets. They will be kept under strict review on an annual basis. Further, any increases to fixed pay will be viewed sceptically, particularly</p> |

| | Resolution 4. Amend Performance Share Plan | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as the maximum award opportunities will be increased from 200% to 250% of salary for the CEO and from 175% to 225% of salary for other executives. It is however acknowledged that the increased rationale is accompanied with stretching strategic and sustainability-based targets that are relevant to the company's operations. |

| | Resolution 3. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights | For (Exceptional) | Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion. |

| | Resolution 4(b). Re-elect Mark Breuer as Director | For (Exceptional) | Under normal circumstances we would not have supported the re-election of the new Chair as, following the AGM, and the departure of NEDs Jane Lodge and Pam Kirby, female directors will represent less than a third of the Board (30%), shy of the Hampton-Alexander recommendations. However, we note that over the year, it met (and exceeded) gender diversity recommendations. In addition, it is noted that the two of the three most recent most recent appointments are female and that a search for a new NED is ongoing. Another issue is that Mark Breuer remains a member of the Audit Committee, which we consider to be inappropriate. At this time, there is no public announcement that he will step down from the Committee following his appointment as Board Chair so we will be keeping this under review. |

| | Resolution 4. Re-elect Iain Ferguson as Director | For (Exceptional) | Under normal circumstances, we would have voted against the re-election of Iain Ferguson, Board and Nomination committee Chair as there is no ethnic diversity on the Board. However, we have exceptionally supported his re-election given this is an externally managed investment trust which has no employees. Also, there are no concerns over Board diversity more broadly. On a separate issue we note that Iain Ferguson also has 2 other Chair roles. However, while the number and nature of his other board positions could raise questions over whether he can contribute fully to their role(s), the overall positions are just within our guidelines (i.e we are mindful that the demands on the time of a director of an investment trust is much less than it is for a fully operating company board), and we do not have any further concerns regarding this director. |

| | Resolution 5.c. Reelect Pilar Lopez Alvarez as Director | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as the proposed term of office for this director is four years. We do not support proposed terms of office exceeding 3 years as we feel longer terms in office reduces director accountability to shareholders. However, we are mindful that the proposed term is just one year over our preferred term. Further, the addition of this independent NED may be beneficial to the overall Board composition. |

| | Resolution 7. Approve Novation of the Former Executive Chairman's Post-Contractual Non-Compete Agreement | For (Exceptional) | <p>Under normal circumstances, we would not be able to support this resolution as service contracts exceed 2 times salary (Isla's compensation for his extended non-compete obligation is increased to an amount equal to two years of his aggregate remuneration, calculated on the basis of the fixed remuneration, the annual variable remuneration, and the long-term variable remuneration in annualized terms, in accordance with the latest long-term incentive approved, both of them at target level). We believe that severance payments should be no greater than 2 times salary.</p> <p>However, the board has provided a compelling rationale for this change and the associated compensation is deemed fair insofar as it is relatively standard in this type of executive contracts. Indeed, the new non-compete prescriptions have been toughened in terms of geographical and industrial scope and the compensation of two years of pay is commensurate to the non-compete period, an arrangement that is usual in this type of contractual. Also, the proposal protects the company and its shareholders from Isla's joining a competitor in the near-term. The board points out that the size of the non-compete compensation remains in line with local best practice. For informational purposes, the executive chair also received his accrued pension rights of EUR 9.42 million when he resigned.</p> |

| | Resolution 18. Approve Remuneration Report | For (Exceptional) | Under normal circumstances, we would not be able to support this as the CEO: Employee pay ratio is more than 100:1 and is considered excessive. Given the current environment of the cost of living crisis and the potential impact on national grid customers, this outcome does not appear to be commensurate of all stakeholders' experience. We however acknowledge that the pay ratio increased from 80:1 to 105:1 in the year under review due to a larger LTIP vesting outcome in the latest financial year. This outcome was bolstered by improved share price performance; hence, the pay ratio increase is not necessarily owing to an increase in any single element of pay granted in the year under review. With regards to the wider workforce pay, the company states that most employees are eligible for a performance-based annual payment. The company's principles for pay setting and progression in our wider workforce are the same as for executives' mid-market approach to total reward sufficiently competitive to attract and retain high-calibre individuals without over-paying and providing the opportunity for individual development and career progression. We will exceptionally support at this time, but pay outcomes will be kept under strict review ahead of the next year, whilst observing the median customer's experience. |

Shareholder Resolution on Living Wage Accreditation | For (Exceptional) | Support for this proposal is warranted as it highlights the benefits of a fair Living Wage policy for all stakeholders. Living Wage accreditation is a public commitment that all staff who work for a company, directly and indirectly, will earn a wage sufficient to live on. Workers in the sector are one of the largest groups of low-paid workers in the UK. There is a strong business case for adopting higher base rates of pay including increased service quality, productivity, and a reduction of costs in the long term i.e leads to better recruitment, and retention. To be clear, we welcome the progress so far i.e in January 2022, Sainsbury's uplifted rates for directly employed staff to £10.00 per hour outside of London (exceeding the real Living Wage rate of £9.90) and matched the Living Wage rate for employees in inner London (£11.05). In April, the Company took the further step of matching the Living Wage in Outer London. Nonetheless, Sainsbury's have not matched the rate for third party contractors and there is no ongoing commitment to match the real Living Wage, which accreditation would ensure. The letter from the Board Chair states that the majority of Sainsbury's contractors are already paid at, or above the Living Wage, but we would like this to be evidenced, and so far this is the piece that has not been forthcoming. If the business is able to demonstrate to stakeholders that it is treating everybody equally (i.e. that no contractor is being paid below the living wage) then it will effectively meet the spirit of the resolution. We believe that severance payments should be no greater than 2 times base salary. However, as French companies used to have separate proposals to approve the severance package, and as no severance was paid during the year, we have exceptionally supported. We have further concerns that that most of base salary is paid under employment contract and that the existence of an LTI is unclear and will keep this under review. |

| | Resolution 30. Approve Remuneration Policy of Vice-CEO | For (Exceptional) | Under normal circumstances, we would have voted against this remuneration-related resolution as severance arrangements are equal to 2 times base salary plus variable compensation. We believe that severance payments should be no greater than 2 times base salary. However, as French companies used to have separate proposals to approve the severance package, and as no severance was paid during the year, we have exceptionally supported. We have further concerns that that most of base salary is paid under employment contract and that the existence of an LTI is unclear and will keep this under review. |

| | Resolution 7. Initiate Share Repurchase Program | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this shareholder proposal is warranted because: - The proposed authorization would not bind Mitsui Mining & Smelting to actually repurchase any shares; therefore, there are no viable reasons why the request would be disadvantageous to shareholders. |
| | Resolution 8. | | Resolution 10. Amend Articles to Abolish Advisory Posts | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this shareholder proposal is warranted because: - The proposal will add credence to the soundness of the company's governance by trying to reduce the influence of former senior executives over the company's ongoing strategic decision making process. - Meanwhile, banning such advisory posts in the articles of incorporation will not prevent former senior executives of the company from playing the role they currently have with the business community, without the title of advisors, if that is deemed to be reasonable. |

A vote FOR this shareholder proposal is warranted because: - The proposal will add credence to the soundness of the utility's governance by trying to reduce the influence of former senior executives over the utility's ongoing strategic decision making process. - Meanwhile, banning such advisory posts in the articles of incorporation will not prevent former senior executives of the utility from playing the role they currently have with the business community, without the title of advisors, if that is deemed to be reasonable. |

However, we have exceptionally supported his re-election as we are mindful that all the other non-executive directors are considered independent, representing 75% of the Board ? this is a strong mitigating factor. | | Resolution 12. Re-elect Barry Gibson as Director | For (Exceptional) | In normal circumstances we would be unable to support as this individual is the nomination committee Chair and we have concerns over the lack of ethnic diversity on the Board. The Company states that following Sandeep Tikus decision not to relocate the Company will not meet shareholder expectations on the number of Directors from an ethnic minority background. Consequently, as part of its ongoing review of Board composition and diversity, the Nomination Committee is taking active steps to appoint a Director from an ethnic minority background. We feel comfortable with the explanation and welcome the initiative of the Company to search for an ethnically diverse director during the ensuing year. |

| | Resolution 5. Amend Articles to Disclose Greenhouse Gas Emission Reduction Targets Aligned with Goals of Paris Agreement | For (Exceptional) | <p>The proponents of the shareholder resolution call for annual disclosure of a business plan aligned with the Paris Agreement, including the disclosure of Scopes 1, 2 and 3 greenhouse gas emissions. It points out that Mitsubishi is continuing and expanding the construction of thermal power plants, and new oil and gas production contrary to the findings of the landmark net zero by 2050 scenario produced by the International Energy Agency. As a result, Mitsubishi is contradicting the goal and the timeline of net zero emissions by 2050 it claims to support. Given the company's appetite to expand the LNG business, which appears inconsistent with its stated goal of 2050 net zero emissions, its stranded asset risk, and the lack of sufficient disclosure of Scope 3 emissions (namely Category 11) and related targets, the proponents' argument appears compelling. Category 11 is use of sold products, which is a major component of Scope 3 for trading companies, so its disclosure is critical. The proposed contents do not appear to be unduly burdensome or overly prescriptive; it would only improve the company's transparency and demonstrate a commitment for better disclosure on environmental initiatives. More broadly, it is in shareholders' interest to better understand how the company intends to remain viable in the long term and monitor the company in its pathway to net zero 2050, which is also Japan's national target.</p> |

| | Resolution 6. Amend Articles to Disclose Evaluation concerning Consistency between Capital Expenditures and Net Zero Greenhouse Gas Emissions by 2050 Commitment | For (Exceptional) | The proponents of the shareholder resolution call for the following clause to be added to the Company's Articles: ?Disclosure of how the Company evaluates the consistency of each new material capital expenditure with a net zero by 2050 pathway. Given the company's appetite to expand the LNG business, which appears inconsistent with its stated goal of 2050 net zero emissions, its stranded asset risk, and the lack of sufficient disclosure of Scope 3 emissions (namely Category 11) and related targets, the proponents' argument appears compelling. See resolution 5 for more details. |

| ASHOK LEYLAND LTD EGM 23/06/2022 India | Resolution 1. Approve Material Related Party Transaction(s) with TVS Mobility Private Limited | For (Exceptional) | Under normal circumstances, we wouldn't be able to support this resolution as the company has not disclosed past transaction with the related party in the previous annual report as TVS Mobility Private Limited was not covered within the definition of related party then. However, as per amended SEBI LODR regulations, TVS Mobility Private Limited will now be treated as related party as it holds 33.33% in Global TVS Bus Body Builder Limited (subsidiary of the company). In that case, company should have disclosed past transactions with TVS Mobility Private Limited to evaluate the fairness of cap for the proposed transaction. In mitigation, the mandate proposed here involves transactions to be completed in the ordinary course of business and on arm's-length basis with TVS Mobility, and shareholders will get an opportunity to review these transactions in the future. |

Elect Lv Xiaoping as Director | For (Exceptional) | Under normal circumstances we would have voted against the re-election of this director to reflect our concerns that, in aggregate they have too many board commitments. However, we have exceptionally supported their re-election given they are the CEO of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies. |

| | Resolution 3. Re-elect Roy Franklin as Director | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as there is no ethnic diversity on the board. The company however does give regard to the recommendations of the Parker Review during reviews of the Board succession plans, and during the recruitment process for new directors, it will aim to ensure the Board is regularly refreshed and appointments are objective whilst promoting diversity of gender, social and ethnic backgrounds and is cognitive of personal strengths. Some consideration is also given to the fact that gender diversity on the board is represented, as women comprise 44% of the board. Gender diversity on board will be kept under close review ahead of the next AGM, when a stricter stance may be assumed if insufficient progress is made towards reaching diversity targets. |

| 22/06/2022 United Kingdom | Resolution 2. Re-elect Christopher Richards as Director | For (Exceptional) | Under normal circumstances, we would not be able to support this Director he is a former CEO of the company who is therefore not an independent Chair of the board. We do not generally support former CEOs becoming Chairs, and the company has not provided sufficient explanation or justification. The other concern is that there is a lack of women on the board. We however consider the small size of the company, and it?s need to retain individuals within the board who would have expertise to accompany new management. |

| | Resolution 2.1. Elect Director Funakoshi, Hirofumi | For | |
| | Resolution 3. Approve Restricted Stock Plan | For (Exceptional) | Under normal circumstances we would be unable to support as there is a lack of suitable or stretching performance targets for incentive schemes but awards cannot be exercised before retirement. |
| | Resolution 4. Amend Articles to Establish Special Compliance Investigation Committee | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this shareholder proposal is warranted because: - An investigation into alleged compliance concerns by an independent third party would help to increase the transparency and ensure that the company has an appropriate system. |
| | Resolution 5. Amend Articles to Introduce Provisions on Sales of Shares Held for Purposes Other Than Pure Investment | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this shareholder proposal is warranted because: - NS Solutions has allocated as much as 32.1 percent of its net assets to cross-shareholdings, worsening capital efficiency. |
| | Resolution 6. Amend Articles to Prohibit the Company from Depositing Funds to Parent Company | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this shareholder proposal is warranted because: - NS Solutions deposits a significant amount of cash with its parent company but earns only marginal interest, worsening capital efficiency. |

| | Resolution 7. Initiate Share Repurchase Program | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this shareholder proposal is warranted because: - Increasing the percentage of tradable shares, through a repurchase of shares from parent Nippon Steel, would help the company to remain on the Prime Section, which is in the interests of minority shareholders. |

| AGM | Resolution 2. Approve Remuneration Policy | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as the revised policy removes the financial underpin attached to annual bonus awards. Further, up to 87.5% of salary can vests for median/threshold performance under the LTIP which is too generous. It is however acknowledged that, in terms of the bonus, the full opportunity is subject to performance conditions, with 80% remaining subject to financial conditions. It is taken into consideration that profit increased by c. 58% in FY2021, and that the company predicts to deliver retail adjusted operating profit of between £2.4bn and £2.6bn for FY2022 (FY2021: GBP 2.8 billion); the bonus targets will need to be set at adequately stretching levels in order for the change to this policy to be justified. As such, targets will be kept under strict review ahead of the next AGM. |

| | Resolution 3. Approve Remuneration Report | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as there are a few concerns with the remuneration package: The salaries of CEO Ken Murphy and CFO Imran Nawaz were increased by 2.25% and 4.29%, respectively for FY2022/23, which the company substantiates by stating their pay increases were below the salary increase given to hourly-paid store and customer fulfilment centre colleagues of 5.8%. While this is acknowledged, it is highlighted that the CEO: Employee pay ratio is more than 100:1 and is considered excessive, and reflects that a comparison in pay rise extents for executives and those granted to the wider workforce may not be fair comparison. What is of some comfort, however, is that from FY2022/23, LTIP award sizes will be reduced to the previous normal maximum levels of 275% and 250% of salary for the CEO and CFO respectively (down from 300% and 275% of salary respectively). The Committee will introduce ESG targets to the PSP Awards in FY2022/23, which will have a 25% weighting: carbon reduction, aligned to the commitment to be carbon neutral in our own operations by 2035; food waste reduction, aligned to the goal to reduce food waste from our own operations by 50% by 2025; and targeting the diversity of our leadership teams. The Committee notes that these measures were chosen as they reflect the material ESG priorities for Tesco and are aligned to the Company's long-term business strategy. The targets appear to align with the company's |
