

2022 Proxy Voting

The voting records presented in this document represent decisions made by Aviva Investors (Aviva Investors Global Services Limited in the UK and Aviva Investors France) on behalf of clients, where we have been delegated voting authority and in accordance with our voting policy, which is available on our website. There may be occasions where our clients wish to instruct us on how to vote in relation to their assets, and we would seek to accommodate this on a best efforts basis when sufficient notice is given and these would be flagged in the report.

To search for a specific company, hold down the Ctrl and F keys on your keyboard, type in all or some of the Company name required and then click "Find Next". Note that voting results for meetings are presented 1 month in arrears (i.e a meeting held on 1 February 2022 will be displayed on this page on 1 March 2022) in descending date order

| | Resolution 3. Approve Related Party Transactions with Siemens Aktiengesellschaft, Germany | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as the proposed limit of transactions is significantly higher than the transactions in each of the past five years. The board seeks shareholder approval for the related party transactions with Siemens Aktiengesellschaft, Germany and Siemens Energy Global GmbH & Co. KG, Germany for the financial year 2023. The proposed transactions are however critical to the company's operations, and are in the ordinary course of business and will be conducted on an arms-length basis. Additionally, shareholders will get a chance to review the terms next year. |

| | Resolution 9. Authorise Issue of Equity without Pre-emptive Rights | For (Exceptional) | Under normal circumstances, we would have voted against this authority as it would enable the Board to issue the equivalent of 33% of issued share capital without pre-emptive rights without further referral to shareholders for approval. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for authorities without pre-emptive or priority rights attached to be limited to no more than 20% of the share capital, unless a clear justification and strategic rationale is provided to shareholders. However, we have exceptionally supported as we are mindful that the directors are seeking this authority to permit them sufficient flexibility to take advantage of any possible funding opportunities which the directors continue to explore. The company certainly needs the additional authority as not only will a standard authority be insufficient to raise enough cash (given its market cap is c.£20m), the Directors have stated in the annual financial statements that: Based on current forecasts, additional funding will need to be raised from third parties by April 2023 in order to meet current operating cost projections?.The Directors are confident of fundraising prospects at this point once the commercial viability of the products is proven. While the Directors remain confident that necessary funds will be available as and when required, as at the date of this report the future required funding arrangements are not secured, and accordingly there is |

| | Resolution 2. Appoint Mazars LLP as Auditors | For | |
| | Resolution 3. Authorise Board to Fix Remuneration of Auditors | For | |
| | Resolution 4. Re-elect Christopher Richards as Director | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution due to a number of concerns on board composition: the current level of independence does not meet recommendations of the local code, and the board chair is considered responsible for this. Further, as nomination committee chair, we would target his election to note that the board does not have sufficient female representation. We however note that the company has only recently entered the FTSE All-Share. We will focus on engagement to encourage the company to bring its board in line with local expectations ahead of the next AGM. |

| | Resolution 10. Approve Remuneration Report | For (Exceptional) | Under normal circumstances, we wouldn't be able to support his resolution as share price was the sole performance condition for FY2022 LTIP grants. The Company has however stated the potential LTIP awards for FY2023 will be based on a combination of revenue targets and share price growth. The targets and weightings for FY2023 have not been disclosed but will be announced, and these will be kept under review ahead of the next AGM. |

| | Resolution 9. Approve Remuneration Policy of Chairman and CEO from March 1 to August 31, 2022 | For (Exceptional) | We are concerned that the company refers in its 2022 URD to the applicable remuneration of the chair/CEO stating that it is the one approved under Item 13 at the 2021 AGM, however, several points of the proposed remuneration policy are provided under a press release, such as the base salary, the absence of LTI grant or the waive of post-mandate benefits. The variety of documents providing the disclosure of the remuneration policy could create some confusion to shareholders. In addition, the elements disclosed by press release could be considered as not part of the proposed policy and external to shareholders' vote. Furthermore, under normal circumstances, we would have voted against this remuneration-related resolution as severance arrangements are equal to 2 times base salary plus variable compensation. We believe that severance payments should be no greater than 2 times base salary. However, as French companies used to have separate proposals to approve the severance package, and as there are no other concerns identified and no severance was paid during the year, we have exceptionally supported |

| 16/12/2022 United Kingdom | Resolution 2. Approve Remuneration Report | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as base pay for the CEO and highest paid director is in the upper quartile for the index on a balanced comparison which is not justified by either the performance or size of the company. Following an increase of 3.2% in the previous financial year, ED salaries will be increased by 4% in FY2023. It is also noted that in February 2022, the CFO received a separate 5% increase which reflects newly assumed responsibility for delivering the Board agreed sustainability and ESG strategy. Further, the maximum LTIP opportunity has been increased from 150% to 200% of salary. We support exceptionally this year, having noted that the increased LTIP opportunity is accompanied with more stretching targets for the EPS element of the award. |

Re-elect Jill Caseberry as Director | For (Exceptional) | Under normal circumstances, we wouldn't be able to support this director, who is held accountable for the lack of ethnic diversity on the board. During engagement, the company has indicated that meeting the asks of the Parker Review is on its agenda. We will review this ahead of the next AGM, when more stringent voting actions may be considered if no change. |

| | Resolution 6a. Approve the Amendments to the Company's Constitution - Insert into the Constitution in Clause 8 'General Meetings' the New Sub-clause 8.3A 'Advisory Resolutions' | For (Exceptional) | Normally we would vote against this request to amend the company's constitution, as it is potentially too broad with no regulatory framework to oversee shareholder proposals. However, whilst the company has stated that it intends to allow a reasonable opportunity at this meeting for shareholders to ask questions on the subject matter of this item irrespective of the voting outcome, we would like a commitment from the Company that it will disclose the voting results on shareholder resolution 1b (and we will be contacting the company to explain this is why we have abstained) . Further we are supporting the shareholder resolution on climate under res 6b so it is logical for us to support this resolution also |
| | Resolution 6b. Approve Climate Risk Safeguarding | For (Exceptional) | Support for this proposal is warranted, as additional disclosure of information regarding the company's financing in relation to its pledged climate transition goals would enable shareholders to better understand how the company is managing climate change-related risks and assess the effectiveness of the company's related efforts. For instance, on its commitments regarding coal, oil and gas lending - some of the commitments are very specific, so do not provide shareholders with a clear picture of the company's lending policy in these sectors. |

| HANGZHOU FIRST APPLIED MATERIAL CO LTD EGM 13/12/2022 China | Resolution 1. Approve Draft and Summary of Employee Share Purchase Plan | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution. Shareholder approval is sought for the company's employee stock purchase plan (ESPP). In this case, the company's profit will be used to purchase shares for employees, which will add to the company's expense and reduce the company's net profit during the amortization period. Additionally, the company has not provided reasonable performance criteria as the basis of withdrawing company funds or included reasonable performance hurdles to mitigate concerns over the increment in expense. It is however acknowledged that the recipient base of the plan is relatively wide. |

| | Resolution 8. Re-elect Tom Jenkins as Director | For (Exceptional) | Under normal circumstances, we would not be able to support the re-election of this non-executive director as he is not independent (due to being a shareholder representative) and sits on the audit committee. This is not in line with local corporate governance standards, which expect audit committees to consist entirely of independent directors. We note that his non-independence is as a result of his assumption of employment with the British Growth Fund, which owns 3.65% of the company's issued share capital. He has been replaced as SID by NED Isabel Napper and replaced as Chair of the Audit Committee by NED Caroline Stephens, who joined the board last year. The company states that he has been retained as a member of the audit committee to ensure expertise is maintained, and while the new Audit Committee Chair gets up to speed. We will engage with the company to state that changes will be expected ahead of the next year in audit committee composition, by when the new audit committee chair would be fully acclimatised. |

| | Resolution 11. Appoint Grant Thornton as Auditors and Authorise Their Remuneration | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution: there is a change of auditors during the year under review and the Company did not explain in the annual report the reason and selection process undertaken which has led to the appointment of the new auditors. However, the Company explained during engagement that KPMG resigned for commercially confidential reasons, and selected Grant Thornton as new auditors, being the second option during its 2019 tender process. Reasons for change are connected to performance and cost. GT were the second choice in the tender in 2019 and as such were the Audit Committee's choice having found that a change is necessary. |

| <p>09/12/2022 United Kingdom</p> | <p>Resolution 2. Approve Remuneration Report</p> | <p>For (Exceptional)</p> | <p>Under normal circumstances, we would have voted against this resolution as the company has restricted shares in place, which inherently will see the removal of performance conditions as vesting hurdles for long-term incentive awards. The remuneration committee has reduced the award size by a sufficient amount (i.e. by at least 50%) to reflect the increased certainty of awards; however, this discount technically doesn't apply in the case of the new CFO, as his award opportunity is based on a 50% discount off a theoretical increase to the PSP, as well as to his existing former employer's normal LTIP opportunity. We have engaged with the company to understand why this decision was necessary for his employment, and given the competitive environment he has moved through in order to assume his new role, this is considered acceptable at this moment. The company notes that there is an intention to increase the CEO's opportunity over the course of the policy, to potentially match that of the CFO. This will be reviewed within the remit of the implementation report ahead of the next two years; to support this, we will look for evidence of the company's growth and performance. This will be communicated to the company. Other reasons for potential dissent would be that the company's pay ratio exceeds 100:1, and that salary increases of 3.5% were awarded to executives, despite their salary levels already being high. We would note that the pay ratio has decreased significantly from the previous year, which is a positive</p> |

Re-elect John Bason as Director | For (Exceptional) | Under normal circumstances we would have voted against the re-election of this director to reflect our concerns that, in aggregate they have too many board commitments. However, we have exceptionally supported their re-election given they are the Executive Director of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies. Further, this director will be stepping off the board by February 2023. |

| | Resolution 10. Re-elect Michael McIntock as Director | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution to reflect our concerns over the company's commitment to biodiversity, including a lack of an overarching policy and targets on reducing deforestation. We believe that the company has expressed awareness of the topic and Through recent engagements, the company has stated awareness of a need to improve involvement in certain natural elements, particularly soy and palm oil. We will engage with the company to better understand any updates on the company's approach to biodiversity. |

| | Resolution 4. Report on Tax Transparency Set Forth in the Global Reporting Initiative's Tax Standard | For (Exceptional) | <p>Support for this proposal is warranted as it would enable shareholders to better assess the company's tax practices in non-US markets and its management of risks related to taxation reforms. With the global pandemic (spending) causing large government deficits, there has been increased government and community focus on whether corporations are paying a fair share of tax and contributing to societies where profits are earned. The proponents argue that Cisco discloses disaggregated profits or tax payments in non-US markets, challenging investors' ability to evaluate the risks to [the] company of taxation reforms, or whether Cisco is engaged in responsible tax practices that ensure long term value creation for the company and the communities in which it operates. The GRI Tax Standard is the first comprehensive, global standard for public tax disclosure and requires public reporting of a company's business activities, including revenues, profits and losses, and tax payments within each jurisdiction. The proponents argue that this proposal would bring Cisco's disclosures in line with leading companies that already report using the Tax Standard. We think this ask is reasonable and note that the tech sector has relatively poor tax disclosures despite heightened risks, including alleged use of tax avoidance strategies reported in the media (e.g., transfer of IP to reduce tax burdens) and targeted regulatory fines and new regulations.</p> |

Re-elect Katherine Tsang as Director | For (Exceptional) | Under normal circumstances, a vote against this non-executive director is considered appropriate to reflect our concerns that they are a full-time executive of another Company, yet this isn't the only other Board they sit on. We seriously question how full-time executives can devote sufficient time to multiple other boards. However, her new outside board is at a special purpose acquisition company. A degree of flexibility is therefore considered appropriate given that the time commitment for these boards is less onerous than for serving on the Board of an operating company. |

| YOUGOV PLC AGM 08/12/2022 United Kingdom | Resolution 1. Accept Financial Statements and Statutory Reports | For | |
| | Resolution 2. Approve Remuneration Report | For (Exceptional) | <p>Under normal circumstances we would vote against this resolution as overall variable pay is above 10 times base salary and none of the annual bonus is deferred which is not aligned with the long-term interest of shareholders. Further there is limited disclosure on performance targets for bonus awards. However, overall quantum is not a major concern. The high long term incentive plan also helps alleviate some concerns around quantum as the three-year vesting schedule for this year's awards align with long-term interest of shareholders. It is also noted the Company intends to implement a new LTIP from FY2024 onwards, following the conclusion of LTIP 2019. The Remuneration Committee is considering to have a more conventional structure where awards will be granted each year with vesting subject to three-year performance targets. We will engage with the company to express a need for greater disclosure on bonus targets.</p> |

| | Resolution 7. Re-elect Stephan Shakespeare as Director | For (Exceptional) | Under normal circumstances, we wouldn't be able to support this resolution as following the appointment of a new CEO, current CEO Stephan Shakespeare will transition to the role of Non-Executive Chair. This is technically not in line with the UK Corporate Governance Code's expectations. As the transition has not yet taken place, this is only noted for shareholder awareness at this time. Nonetheless, this will be reviewed again when he stands for re-election at the next AGM. It is highlighted that the company has made a new NED appointment, with another NED appointment planned to keep that independence on the board. Board positioning will be kept under review ahead of the next AGM. |

| | Resolution 9. Approve Financial Assistance in Terms of Sections 44 and 45 of the Companies Act | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as this proposal includes a general authority relating to the provision of financial assistance to Directors, and also an authority relating to the provision of assistance to any person in certain circumstances. These are broader authorities than what many shareholders may prefer to approve in advance. However, it is noted that under the US Sarbanes-Oxley Act, the Company is prohibited from providing personal loans to Directors. This authority cannot be used to override this prohibition. Additionally, there is a commitment that the authorities would not be used in contravention of the Companies Act and would be used in relation to existing BEE transactions, among others. |

However, we are exceptionally supportive as the concerting party's ownership is has decreased in recent years to 42.5%. In addition, the concerting party's intentions have been revealed to the board stating that no part of the concerting party is seeking to change the company's plan in future business. |

| | Resolution 11. Re-elect Sir David Grant as Director | For (Exceptional) | Under normal circumstances, we would not support the director for the following concerns: [AA14] [AA15] This Director is not independent (due to having served on the board for a significant amount of time) and independent directors represent 38% of the board whilst we expect a majority for a company of this size. In addition, this non-executive director sits on the audit committee and we consider this inappropriate as the committee should consist entirely of independent directors. However, his tenure has just exceeded the guideline by one year and there is succession planning in place. We note the Company's explanation that his continued presence is desirable for reasons of Board stability. |

| SOCIETE MARSEILLAISE DU TUNNEL PRADO CARENAGE SA EGM 29/11/2022 France | Resolution 1. Approve Delisting from Euronext Paris and Listing of the Company Shares on Euronext Growth Paris | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution. Under this single Item, the company is asking for approval in order to delist from Euronext (a regulated market as under EU Directive definition) and to relist on Euronext Growth (not a regulated market). We highlight that the company disclosed an adequate rationale for this transfer, although it is not without concerns since this would result in a deterioration of the company's disclosure and governance requirements, notably regarding executive remuneration. |

| | Resolution 13. Authorise Issue of Equity without Pre-emptive Rights in Connection with an Acquisition or Other Capital Investment | For (Exceptional) | Under normal circumstances we would have voted against this authority (enabling the company to issue shares equivalent to 10% of the issued share capital), as it is in addition to the (10%) authority proposed under resolution 12, and if fully utilised will be very dilutive to existing holders. However the company has previously explained to us that the intention behind the authority is to provide the PRS REIT additional flexibility to issue shares, on a basis that is not dilutive to shareholder value, for investment in PRS Units in line with its investment policy and strategy for growth. In addition, the higher authority is expected to broaden the Company's asset base which will increase the diversity of the portfolio. It will also allow the Company to broaden its investor base and enhance the size and liquidity of the Company's share capital and spread the fixed operating costs over a larger capital base, thereby reducing the Company's ongoing charges ratio. This is considered to be in the best interests of existing shareholders, without the time restrictions and uncertainty caused by holding a specific general meetings. As a result of the following assurances received, we were able to support the resolution: ? Any issues of shares under these authorities will be at a price no lower than the prevailing NAV to ensure that there is no dilution to existing shareholder value The company will canvas support from existing shareholders ahead of any issue to ensure they are making decisions in the best interests of shareholders |

| | Resolution 4. Report on Third-Party Civil Rights Audit | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this resolution is warranted, as an independent civil rights audit would help shareholders better assess the effectiveness of Sysco's efforts to address the issue of civil rights for its stakeholders and its management of related risks. |
| | Resolution 5. Commission Third Party Report Assessing Company's Supply Chain Risks | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as the requested report would provide additional information regarding the company's community safety policies and practices, and board oversight mechanisms for shareholders to better assess the company's management of supply chain risks, including in relation to migrant workers. In addition, the report could serve to further strengthen the company's policies and practices in place addressing supply chain risks. |
| | Resolution 6. Report on Efforts to Reduce Plastic Use | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as shareholders would benefit from additional information on how the company is managing risks related to the creation of plastic waste. |

| | Resolution 12. Approve the Spill Resolution | For (Exceptional) | At the company's previous AGM held on Nov. 16, 2021, more than 25% of the votes cast on the resolution relating to the adoption of the remuneration report for the year ended June 30, 2021 were against the adoption of the report. In fact, the level of support was only 55.3% of the votes cast. If there is at least 25 percent against votes against the pay resolution (Item 7) at this AGM, it will constitute a second strike for the company. If the company records a second strike, shareholders must also vote on a Spill Resolution to determine whether a general meeting should be called to consider the election of certain directors on the board. Although there are no real concerns over performance, the major ongoing concern relates to the excessive nature of executive remuneration with poorly disclosed and insufficiently challenging targets. As there appears to be insufficient reform to the remuneration structure and practices to limit excessive remuneration, we are supportive of the Spill resolution. A vote on the election of certain directors on the board would be consistent with our approach to director re-elections at this AGM. |

| | Resolution 8. Approve the Spill Resolution | For (Exceptional) | <p>The company registered a first strike at its 2021 AGM with more than 25 percent of shareholders voting against the 2021 Remuneration Report (42.9 percent against). Governance concerns highlighted in the prior year included the inadequate disclosure in the bonus plans and large bonuses payments made. If there is at least 25 percent against votes against the pay resolution (Item 4) at this AGM, it will constitute a second strike for the company. If the company records a second strike, shareholders must also vote on a Spill Resolution to determine whether a general meeting should be called to consider the election of certain directors on the board. Since the 2021 AGM, the company disclosed that the board engaged an independent external remuneration consultant to assist in conducting a full review of the executive remuneration framework to better align it with the expectations of shareholders and to improve disclosure around FY22 remuneration decisions. The company also disclosed that it has made changes to the executive remuneration framework that will apply from 2022.. Nevertheless, concerns persist regarding the continued poor disclosure of both financial and non-financial STI performance measures and the high weighting given to the non-financial measures, and quantum of the CEO's maximum bonus and LTI opportunity. As such, our concerns have not been appropriately addressed and we are supporting the Spill resolution</p> |

Noel Tata is a non-executive Chair at Tata Investment Corporation, Trent Ltd and Voltas Ltd. He is also non-executive Vice Chair at Tata Steel Limited and Titan Company Ltd. However, these roles are all inter-related, because all the companies are members of the Tata Group, and his membership of each board stems from his position as chair of Tata International Limited. | | Resolution 2. Reappoint PricewaterhouseCoopers Inc. as Auditors with J de Villiers as the Individual Registered Auditor | For (Exceptional) | Under normal circumstances we would be unable to support as the company has retained the same audit firm since 1982 (i.e. in excess of twenty years). However, the Company announced that, following a tender process, Ernst & Young Inc will be appointed as the external auditors of the Group, with effect from the financial year ending 30 June 2024. PwC will continue to act as external auditors of the Group for the financial years ending 30 June 2022 and 30 June 2023 to allow for a smooth transition. It will then retire on the conclusion of the audit of the financial year ending 30 June 2023. |

| | Resolution 1. Approve Remuneration Policy | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as matching shares continue to vest without reference to performance conditions. However, it is acknowledged that the Company has adopted a number of positive changes to the remuneration policy, reflecting a direction of travel towards best market practice. Specifically, the Company has removed the provision of non-performance-based retention shares under the Executive Share Plan and has also introduced a minimum shareholding requirement. Some other concerns remain with the policy, such as the fact that the remuneration policy continues to facilitate sign-on awards to new Executive Directors, and that the company has not disclosed an award limit under the STIP. We will engage with the company to express these concerns. |

| | Resolution 3. Approve Remuneration Report | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as the 2022 LTIP award granted to the CEO features a substantial increase in underlying number of shares despite a material decline in share price since the last 2021 LTIP grant and lower EPS targets. The Remuneration Committee acknowledged these concerns by stating The Remuneration Committee considered the prospects for near-term financial performance of the Company given concerns on future consumer spending due to the economic environment; the share price performance of the Company which has moved relatively consistently with its closest listed retail peers; and emerging practice from other listed retail companies. On balance, the Remuneration Committee decided that no reduction was required and will consider the formulaic outcome at the time of vesting to ensure that this is aligned with the overall performance achieved and the broader shareholder experience. The Remuneration Committee may use discretion to adjust the outcome downwards if appropriate. Usage of discretion will particularly be kept under review for vesting outcomes. |

| AMTE POWER PLC EGM 03/11/2022 United Kingdom | Resolution 1. Authorise Issue of Equity in Connection with the Proposed Facility | For (Exceptional) | Under normal circumstances we would have voted against this resolution as the Board of AMTE Power Plc is seeking shareholder approval to be able to issue shares representing c. 75.02% of the current issued share capital on a non pre-emptive basis pursuant to the Proposed Facility. As such, our and other investors shareholdings? will be significantly diluted (by up to 42.9%). However, we have exceptionally supported as the standard equity raise has not been accepted by the market so the company has gone down this alternative route (and alternative financing options may not be as favourable). If this doesn't proceed, the company may get into financial difficulty (as if alternative sources of funding anticipated by the Board could not be secured, the Company expects that it would not have sufficient cash for its current level of activities beyond November 2022). There is a sufficient business case for the proposal, noting that the Proposed Facility will enable the Company to fund its growing cell production requirements. Furthermore, it is acknowledged that the conversion price represents a modest discount to the VWAP prior to the conversion notice. |

| | Resolution 2.3. Elect Karen Moses as Director | For (Exceptional) | Under normal circumstances, we would not be able to support this Director, who is the longest serving member of the Audit & Risk Committee up for re-election, due to concerns regarding the committee's oversight over the company's independent auditor given the excessive nature of non-audit fees paid to its audit firm during the fiscal year under review. The quantum of non-audit fees paid in FY22 was \$3,279,000, or 59.8 percent of total audit fees paid. However, the company disclosed that the non-audit services provided were pre-existing arrangements in place before Deloitte Touche Tohmatsu was appointed as the company's auditor at the 2021 AGM. This is also not a recurring concern for the company. Hence, we will support on an exceptional basis for the time being. |

Report on Lobbying Payments and Policy | For (Exceptional) | <p>Support for this resolution is warranted, as a more comprehensive disclosure of the company's lobbying expenses and trade association memberships, payments, and oversight mechanisms would allow shareholders to better assess the company's management of its lobbying activities and any related risks and benefits. We acknowledge that Fox has made substantive improvements to its lobbying disclosures since the 2021 AGM. It discloses its federal lobbying expenditures, a list of its policy priorities in 2021, its trade association memberships in 2021, and some of its non-profit activities. Furthermore, it now discloses the states where it lobbied in 2021. However, it does not provide links to these disclosures or summarize these activities. Fox also does not disclose the amounts paid to trade associations in membership dues, which can be used for lobbying and while Fox discusses some of its non-profit expenditures, the company does not comprehensively disclose whether it provides support to politically active 501(c)(4) or 527 groups. Additionally, its disclosures do not touch on discussions of legislative matters on its editorial and entertainment programming, which may be consider to be indirect grassroots lobbying.</p> |

Re-elect Tristan Hillgarth as Director | For (Exceptional) | Under normal circumstances, we would have voted against Tristan Hillgarth, Board and nomination committee to reflect concerns that there is no ethnic diversity on the board. However, this is not an issue (for now) given this is an externally managed investment trust which has no employees. Also, there are no concerns over diversity more broadly. However, as this is a large investment trust, it is something we would encourage the company to address. |

| | Resolution 8.1. Approve Remuneration Policy | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as long-term incentive awards may start vesting earlier than three years, a feature which is not aligned with the long-term interests of shareholders. Further, the Remuneration Committee is less than majority independent. We however acknowledge that the remuneration committee has taken some steps to remedy the remuneration policy after reflecting on dissent from the previous AGM. Notably, going forward, all long-term incentives will be performance-based. As for the composition of the remuneration committee, we expect further changes ahead of the next year as the company has embarked on a process to reshuffle committee constituents. This will be kept under review ahead of the next AGM. |
| | Resolution 8.2. Approve Implementation Report | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution- rather we would abstain- as the Remuneration Committee is less than majority independent. We however expect further changes to the remuneration committee ahead of the next year, which will be scrutinised ahead of the next AGM. |

We are supporting the re-election but we will however be keeping this under review. |

| | Resolution 5. Approve Grant of Performance Rights to Don Meij in Respect of the FY23 LTI | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as concerns are noted for the significant level of the proposed grant compared to peers and the introduction of a non-financial metric linked to new store openings (this component was moved from the STI to the LTI). In mitigation, the company discloses that this metric will be subject to a positive TSR gateway, and the FY23 STI will be based wholly on financial metrics albeit yet undisclosed. A performance condition with a 30% element that is supported with a TSR gateway is considered supportable at the time, given that the STI will be fully financial. Specific targets will be kept under close review. |

| | Resolution 4. Report on GHG Emissions Reduction Targets Aligned with the Paris Agreement Goal | For (Exceptional) | Support for this proposal is warranted, as additional information on the company's efforts to reduce its carbon footprint and align its operations with Paris Agreement goals would allow investors to better understand how the company is managing its transition to a low carbon economy and climate change related risks. Although the company discloses its GHG emissions and has committed to achieve 100 percent renewable electricity for its operations, the proponent argues that more than 99 percent of KLA's emissions are related to its supply chain which is unaddressed. It continues that the company has not set GHG reduction targets, and the adoption of this proposal will provide investors with assurance that management is reducing its climate contribution and addressing the risks and opportunities associated with climate change. The proponent suggests that the report include: a timeline for a net zero GHG reduction target with interim goals, an enterprise-wide climate transition plan, annual progress towards meeting its goals, and other information deemed appropriate by the board. Also, although the company states that its Scope 1 and 2 GHG reduction targets are SBTi informed, the SBTi website does not list KLA as one of the companies that has set science-based targets. The SBTi approves targets as science-based if it finds that they are in line with what the latest climate science deems necessary to meet the goals of the Paris Agreement limiting global warming to well below 2 degrees C above pre- |

| | Resolution 3. Approve Remuneration Report | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution because in FY22, the board approved one-off transitional LTI for Economidis and Pillay following their appointment to the Lead Team to address the potential shortfall in vesting in 2024. These awards are performance based and have the same TSR performance hurdles as the FY22 LTI, but are measured over a three-year period. While one-off awards are not supported, we note that this award was granted to compensate any remuneration outstanding that the director would otherwise be eligible to receive on account of becoming a team lead. The new LTI is fully performance-based. |

| | Resolution 3. Approve Remuneration Report | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as targets have not been disclosed for half of the KEEP performance shares granted to Divisional KMPs (EBIT/ROC and Gross Transaction Value). There is also a lack of detailed disclosure on the Absolute Operational target Portfolio management and investment outcomes (20% of KEEP Performance shares for CEO and CFO). However, with regard to the CEO grant, while the level of disclosure for investment outcomes target has room to improve, the majority of targets are disclosed. We will engage with the company to express this concern. |
| | Resolution 4. Approve Grant of KEEPP Deferred Shares and KEEPP Performance Shares to Robert Scott | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as a considerable proportion of the KEEPP award is based on achieving non-financial outcomes that are typically considered to fall within the remit of the CEO's core day-job responsibilities. We will engage with the company to express our need for these targets to be more elaborate. |

| | Resolution 6. Approve Capital Protection | For (Exceptional) | <p>A vote FOR this proposal is considered warranted, as shareholders would benefit from additional information and greater transparency about the impact that climate change may have on the company and its operations, and the actions that the company is taking to mitigate associated risks. Market Forces supports a group of shareholders, holding approximately 0.002 percent of the company's ordinary shares, who have given notice under section 249N of the Corporations Act 2001 requisitioning a special resolution to amend the company's constitution (Item 5), and a resolution requesting the company to disclose information that demonstrates how the company's capital expenditure and operations pertaining to coal assets will be managed in a manner consistent with a scenario in which global energy emissions reach net zero by 2050.</p> <p>Additionally, while the company supports the Paris Agreement and the publication of the International Energy Agency's Net-Zero by 2050 scenario, it is worth noting that they have not set any GHG reduction targets and there is no disclosure of their scope 3 GHG emissions, which overall is well behind market practice. While not legally mandated, this has become best practice expected by many investors which companies have started to do. The company has not set any SBTI approved targets. In terms of TCFD disclosure, the company only partially meets expectations with regard to its risk management and metrics & targets categories.</p> |

| | Resolution 7. Approve the Spill Resolution | For (Exceptional) | At the company's previous AGM held on 27 October 2021, more than 25 percent of the votes cast on the resolution relating to the adoption of the remuneration report for the year ended 30 June 2021 were against the adoption of the report. Hence, at least 25 percent against votes against Item 1 of this AGM will constitute a second strike for the company. The company has taken steps to address shareholder concerns after the 'first strike' at the 2021 AGM. The company's results were improved over the prior year. Nevertheless, concerns persist over the substantial increases to total fixed remuneration for the executive KMP and board fees for the non-executive directors in FY23. There are also concerns on the proposal to combine the STI and LTI plan into a Single Incentive Plan, particularly as the long-term component of the incentive plan is disclosed to be subject to a cost measure and a strategic priority delivery measure. Shareholder expectation in this market is for long-term incentives to be subject to challenging performance conditions which is aligned to the overall performance of the company. Shareholders may expect transparent disclosure in the FY23 remuneration report. |

| | Resolution 7. Reduce Ownership Threshold for Shareholders to Call Special Meeting | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted. Although a single shareholder, the current executive chairman, would have the unilateral ability to call a special meeting at the proposed threshold, the company bylaws presently provide him with this ability. A lower ownership threshold to call special meetings is generally in the best interests of shareholders and the risk for abuse at the proposed threshold appears low. |
| | Resolution 8. Report on Political Contributions | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this resolution is warranted, as increased disclosure of the company's direct political contributions and indirect political contributions through all tax-exempt organizations could help shareholders more comprehensively evaluate the company's management of related risks and benefits. |

| 20/10/2022 United Kingdom | Resolution 2. Approve Remuneration Report | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution. The Remuneration Committee increased the CEO's and CFO's maximum bonus opportunity for FY2023, from 125% to 150% of salary (which remains within the policy limit of 150% of salary). This is in addition to the bonus increase in FY2022 of 100% to 125% of salary for all Executives. We had previously raised concerns on upward ratcheting of pay. Increases to bonus opportunities have been applied alongside material increases to base salaries awarded to both Executives in FY2021 (5.1% for the CEO and 12.5% for the CFO) and FY2022 (12% for the CEO and 20% for the CFO) which were made in light of the growth of the Company and the increased scope and complexity of their roles. Salary decisions for FY2023 are not yet determined. A positive is that the level of deferral will increase from 20% to 33%. Best market practice suggests that, where a remuneration committee increases the maximum bonus opportunity, the performance targets should be made sufficiently more challenging to justify the increased award opportunity. For FY2022, it is recognised that additional stretch was built into the profit targets attached to the higher bonus awards although there remains scope for improvement on the disclosure of non-financial measures. Despite the decline in market price during the year (but at par with pre-pandemic levels), the Company continues to make financial progress, with underlying diluted EPS up by c.11.7% and full dividend up by |

| | Resolution 5. Re-elect Alison Platt as Director | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as the company currently complies with the Hampton-Alexander Review, but not the Parker Review, noting that there is currently no ethnic diversity on the board. The company explains that both the Audit and Remuneration Committee chairs would step down in 2022. The company has currently employed a consultant which specialises in recruitment of diverse candidates in order to find a replacement for the remuneration committee chair. Given the company's recent promotion (Dec 2021) from FTSE 250 to FTSE 100, the company's explanation for non-compliance to the Parker Review receives something sympathy. If the company has not met diversity targets ahead of the next AGM, we will take stringent voting action on the nomination committee chair. |

| | Resolution 8. Approve Climate Transition Action Plan | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as there is room for more specific scope 3 targets. Nonetheless, the company's 3-year Climate Transition Action Plan is detailed and includes a strategy and ambition to lead the energy transition. Revised short-term and medium-term emissions reduction targets have been disclosed and the company has stated its long-term ambition to reduce scope 1, 2 and 3 emissions to be net zero by 2050. The company's strategy focuses on reduced emissions from existing operations, growing its portfolio of renewables and cleaner energy and enabling customers to decarbonize. |

| | Resolution 4. Approve Grant of Performance Rights to Tim Ford | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution. The quantum of the CEO's FY23 LTI grant has been set at 175 percent of his FY23 fixed remuneration (which increased by 3 percent over the prior year). The LTI grant in aggregate is valued at \$2,838,938. This is above market median of similar sized companies. With that said, the LTIP assessment is considered fair, given that no LTIP awards have vested in the past three years. It does not appear to be the case that LTIP performance targets have not been set at stretching levels. |

However, we have exceptionally supported their re-election in recognition that the Board has committed to increase females on the Board. Moreover, women previously represented 33% of the Board but recent board changes have meant that this number has fallen below 33%. |

| | Resolution 17. Approve Waiver on Rule 9 of the Takeover Code | For (Exceptional) | Under normal circumstances we would have voted against this proposal as this is our protection against creeping control i.e allowing the major shareholder to gain control of the Company without paying a premium to the other shareholders. The CEO's shareholding was 31.43% of the issued share capital (ISC) as at 6 Sept 2022 so if the buy-back authority proposed under resolution 16 is exercised in full (and the CEO does not participate), his holding could increase to 33.04% of the ISC. Under the Takeover Code he will therefore be required to make a general offer for the shares he currently does not own. Approval is sought to waive this obligation. However, we have exceptionally supported this year, as we have done in previous years for the following reasons: The CEO has habitually donated shares from his holding in Ashmore to charity and his shareholding in Ashmore has therefore steadily fallen since the time of Ashmore's initial public offering (IPO) in Oct 2006 when it was approx. 44%. Hence, this is evidence that the CEO is not trying to get control of the company on the cheap. Further, Mark Coombs has made a public commitment to reduce his shareholding by 4% per year to a more appropriate level below the 30% shareholding limit that triggers the requirement to seek a Rule 9 waiver. Consistent with the above commitment, the CEO's shareholding has indeed grandually reduced from 34.7% in 2020 to 31.4% Secondly, the meeting materials again state that in common with many other asset managers, the |

This raises questions over how full-time executives can devote sufficient time to multiple other boards. However, we have exceptionally supported her re-election as we are mindful that her non-executive roles are associated with her executive role - she is a Managing Director at BlackRock Inc (and is the Global Head of Institutional Index business within ETF and Index Investments) and all her other Board roles are BlackRock funds (inc iShares IV). | | Resolution 4. Re-elect Ros O'Shea as Director | For | |
| | Resolution 5. Re-elect Jessica Irschick as Director | For (Exceptional) | Under normal circumstances we would have voted against the re-election of this non-executive director to reflect our concerns that they are a full-time executive of another Company, yet this isn't the only other Board they sit on. This raises questions over how full-time executives can devote sufficient time to multiple other boards. However, we have exceptionally supported her re-election as we are mindful that her non-executive roles are associated with her executive role - she is a Managing Director at BlackRock Inc (and is the Global Head of Institutional Index business within ETF and Index Investments) and all her other Board roles are BlackRock funds (inc iShares IV). As such, her day to day involvement will be significantly less than what is required for other boards. |

| 13/10/2022 United Kingdom | Resolution 2. Approve Remuneration Report | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as base pay for the CEO and highest paid director is in the upper quartile for the index on a balanced comparison which is not justified by either the performance or size of the company. While the salary was increased by 3%, we note that the CEO's salary has been increased for the first time since appointment. This will not warrant voting sanctions at this time. The Company initially intended to increase the Executive Directors' base salary levels in FY2021. However, due to the impact of the pandemic, it was deemed appropriate to delay the salary increases to FY2022. Further, during the financial year, a tranche of significant one-off awards under the Recovery Incentive Scheme has vested, which feature a short vesting and holding period. However, no awards were granted under this scheme during the year under review. |

| | Resolution 5. Re-elect Chew Seong Aun as Director | For (Exceptional) | Under normal circumstances, a vote against this non-executive director is considered appropriate to reflect our concerns that they are a full-time executive of another Company, yet this isn't the only other Board they sit on. We however acknowledge that the external mandates are at companies which are associated to each other. While we seriously question how full-time executives can devote sufficient time to multiple other boards, we can understand that matters affecting affiliated companies may come under the director's remit. |
| | Resolution 6. Re-elect Steven Esom as Director | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as we have raised consistent concerns on remuneration, and this director would generally be held accountable for this. At this time, given that the problematic one-off award has lapsed, and that no future similar awards are being granted, we will exceptionally support his re-election at this time. |

| JIANGXI SPECIAL ELECTRIC MOTOR CO LTD EGM 10/10/2022 China | Resolution 1. Approve Draft and Summary of Employee Share Purchase Plan | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution. Shareholder approval is sought for the company's employee stock purchase plan (ESPP). However, the company is to issue its treasury shares to its employees at a discount to its repurchase cost, which will add to the company's expense and reduce the company's net profit during the amortization period. While the company has included performance hurdles/vesting conditions to mitigate concerns over the discount, the performance hurdles are proposed in the second half of the year which also take into consideration of that from the first half of the year. Its fairness may be questionable. It is however acknowledged that the discount to its repurchase cost is relatively less when compared to other schemes. |

| | Resolution 18. Approve Related Party Transactions with Jindal Saw Limited | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution. There is a material conflict of interest in the proposed transactions with Jindal Saw Limited, JSW International Tradecorp Pte Ltd, Nalwa Steel and Power Limited and AL-General Metals FZE as KMP and their relatives exercise significant influence over these entities and/or they are promoter group companies. Also, the company has not disclosed the actual transactions with each related party for FY2021-22 in the notice and its annual report. It is however noted that the proposed transaction largely entails purchase and sale of steel and steel products, and related services. According to the circular, the proposed transactions are completed in the ordinary course of business and at arm's length basis. |

| AO WORLD PLC AGM 28/09/2022 United Kingdom | Resolution 1. Accept Financial Statements and Statutory Reports | For | |
| | Resolution 2. Approve Remuneration Report | For (Exceptional) | Under normal circumstances, we wouldn't be able to support as the FY2022 AOIP cash award paid out at 5% of maximum with the Company missing all financial targets. During the year under review, the Company has seen significant decline in share price and the sale of its German business. The performance metrics utilised also represent a cause for concern, with attention drawn to the full payout under the 'business transformation' metric, the appropriateness of which may be brought into question given recent concerns over the Company's financial health, which led to a dilutive share placing in July 2022. We however note that the resulting amounts were minimal (GBP 54k to GBP 71.4k), and is partially credited to achieving NPS targets. This is not best practice, and will not be supported in future years if such assessments become a trend. |
| | Resolution 3. Approve Remuneration Policy | Against | <ul style="list-style-type: none"> • Pay too short term focussed • Excessive pay levels • Lack of performance linkage |
| | Resolution 4. Re-elect Geoff Cooper as Director | For (Exceptional) | Under normal circumstances we would have voted against the nomination committee Chair and Chair of the Board to reflect our concerns over the lack of women on the Board. However, we have exceptionally supported their re-election in recognition that women previously represented more than 20% of the Board but recent board changes have meant that this number has fallen below 20%. |

| 28/09/2022 United Kingdom | Resolution 2. Approve Remuneration Report | For (Exceptional) | Under normal circumstances we would have voted against the remuneration report as the Executive Directors received a c. 21% increase to their salary for FY2023. However, we have exceptionally supported in recognition that salaries for Executive Directors have been set significantly below similarly-sized FTSE 250 constituents and the new salaries levels are still below lower quartile. In recognition of this, the Remuneration Committee is proposing to phase increases over time (up to FY2026), has been fully transparent in what the phasing looks like and the resulting salaries are again, unproblematic. Furthermore, we note that the Company does not operate an annual bonus plan and does not envisage revisiting the question of annual bonuses prior to 2025. |

| | Resolution 5. Elect Trevor Mather as Director | For (Exceptional) | In normal circumstances we would be unable to support due to this Director being non-independent director on a less than majority independent board and sits on the remuneration committee which should consist entirely of independent directors. However, we are exceptionally supporting this year because this is the first AGM since IPO and the Company has made a clear commitment to achieve full compliance in the year ahead. We also note that there are no ethnic diversity on the Board and welcome the statement by the Company that discussions on how to improve this [ethnic diversity on the Board] for the Group have begun and will be a focus for the next financial year. |

Pursuant to the Companies Act, 2013 the auditors of a Government company are appointed by the Comptroller & Auditor General of India (C&AG). As per the shareholder notice, the C&AG has appointed S.N. Nanda & Co. as statutory auditor of the company for the Financial Year 2020-22. This will be reviewed ahead of the next AGM. |

Re-elect Sir Nigel Knowles as Director | For (Exceptional) | Under normal circumstances we would have voted against the re-election of this executive director to reflect our concerns that he serves as Board Chair of Morses Club, raising questions as to how he can do both roles. However, we have exceptionally supported his re-election given they are the CEO. Also, Morses Club is a relatively small AIM company currently facing financial difficulties and it is acknowledged that Sir Nigel Knowles was only recently appointed as Board Chair following a restructuring. |

However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review. |

| <p>28/09/2022 United Kingdom</p> | <p>Resolution 2. Approve Remuneration Report</p> | <p>For (Exceptional)</p> | <p>Under normal circumstances we would have voted against the remuneration report as the disclosure on the Executive Directors' base salaries remains market lagging including on whether salaries were increased during the year. Further, under the LTIP, the metric relating to 'Best Companies' survey performance pays out in full (with no sliding scale) if the company's score at the end of the three-year period is at least equal to the score at the start of period. This is far from ideal. Finally, none of the annual bonus award is deferred which is not aligned with the long term interests of shareholders. However, we have exceptionally supported to reflect that salaries, and in fact overall pay levels are modest for a company of this size, which is very likely due to the management team being major shareholders in the business (so they don't need any additional incentivisation). LTIP awards are very modest (mitigating the concern over the 'Best Companies' performance target). Also, we welcome that bonus deferral is being introduced in the new policy.</p> |

| | Resolution 3. Approve Remuneration Policy | For (Exceptional) | Under normal circumstances we would have voted against the remuneration report as the on-target bonus vesting level is high at 67% of maximum and the threshold vesting level for LTIP awards is not disclosed. However, we have exceptionally supported to reflect the improvements to the new remuneration policy which includes the alignment of pension contributions with the workforce, the introduction of mandatory deferral under the annual bonus, a holding period for LTIP awards and in-employment and post-cessation shareholding requirements. |

| | Resolution 3.1. Elect Director Kusunose, Haruhiko | For (Exceptional) | Under normal circumstances we would have voted against the re-election of the Board Chair to reflect our concerns that women are not sufficiently represented on the board. However, we have exceptionally supported his re-election in recognition of the recent appointment of the first female to the Board. Further, as a result of this appointment and other board changes since the 2021 AGM, independent directors now represent half of the Board, which we welcome, particularly as there is usually insufficient independence on Japanese company boards. |

| | Resolution 5. Require Independent Board Chair | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director. |
| | Resolution 6. Report on Absolute Plastic Packaging Use Reduction | For (Exceptional) | This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as shareholders would benefit from additional information on how the company is managing risks related to its use of plastic packaging. |

However, we have exceptionally supported their re-election in recognition that the Board has committed to increase females on the Board within the year. Additionally, female representation at Board level has improved between the 2021 and 2022 AGM. |

| 26/09/2022 United Kingdom | Resolution 2. Approve Remuneration Report | For (Exceptional) | <p>Under normal circumstances, we would not be able to support as the financial targets under the annual bonus have been lowered for the second consecutive year. Particular attention is drawn to the Group Operating Cash Flow metric which has seen a sizeable reduction in the performance target range compared to FY2021 which has also triggered full payout under this metric. There is however acknowledgment to the fact that no bonus awards were payable for the prior financial year. As for target-setting, we can sympathise that appropriate target-setting would be relatively difficult for the company, given that the outlook they had provided for FY2022 was conservative: ?Uncertainty over business interruption from increased cases and potential new variants, mean that we do not currently expect a material boost in profitability from COVID-19 restrictions easing. As such, we remain cautious about the progress we will be able to make on profitability. Free cash flow will be impacted by the material cash outflows previously communicated, particularly additional pension contributions and exceptional cash costs, both restructuring costs and the Italy fine. In addition, we are still investing in facilities and IT upgrades and we will be unwinding the historical management of working capital around period ends. As such, free cash flow (before disposal proceeds) in the 2022 financial year is expected to be significantly negative?. A further concern is that Executive Directors received salaries increases in FY2022 while base pay for the</p> |

| | Resolution 9. Authorise Issue of Equity without Pre-emptive Rights | For | |
| | Resolution 10. Approve Share Option Scheme | For (Exceptional) | Under normal circumstances, we would have voted against the approval of the share option schemes as the overall dilution limit contained within the scheme rules allows the Company to issue 15% of the issued share capital in 10 years which exceeds our limit of 10% (in place because of the potential dilutive impact of share options). However, we have exceptionally supported in light of the company's explanation being that the current 10% limit does not provide sufficient headroom to offer regular and meaningful awards to partners and senior staff within the Group's service lines. The revised limit will support the Company in retaining and incentivising key partners and senior management of the Group, whilst also offering share schemes to the wider employee population for the purposes of retention. This increased limit is also consistent with the guidance for small growth companies published by the QCA. Another mitigating factor is that the founder and executive Chair, Ric Traynor does not participate in the share plans. |

| | Resolution 10. Approve Remuneration Report | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as the base pay for the CEO and highest paid director is in the upper quartile for the index on a balanced comparison which is not justified by either the performance or size of the company. Mitigating, no increases were determined for the ensuing year. This will be kept under review ahead of the next AGM. Further, we have concerns over discretionary payments that Board continues to operate through an Exceptional Bonus variable pay scheme for the Executive Directors, with performance conditions at the discretion of the Remuneration Committee based on exceptional financial and operational performance being achieved during the year. The scheme paid out at 60% of maximum for both Executive Directors based on the Committee's assessment of performance achieved based particularly the continued growth in core sales from GBP 353 million in 2020/21 to GBP 387 million in 2021/22 and growth in profit before taxation from GBP 151 million in 2020/21 to a profit before taxation of GBP 156 million in 2021/22, the Committee agreed that the threshold for 'exceptional performance' had been reached in 2021/22. The absence of a full range of threshold, target, and maximum performance metrics under the Exceptional Bonus Award is considered market-lagging. It is however acknowledged that pay and performance are generally aligned this year. We will engage with the company to express a preference for a defined range of targets. |

| | Resolution 4. Approve Remuneration Policy | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution due to a number of reasons. Primarily, the company retains discretion to use exceptional limits for both the bonus and LTIP and the exceptional circumstances are not well articulated. Plus, buyout awards are not subject to a formal cap, inviting a risk that recruitment awards could be significant in aggregate. Further, NEDs may receive additional remuneration for their services outside of the normal scope of a NED. item is being referred for internal consideration. Mitigating, we can understand that as a new company, there is an attempt here to future proof the policy. Usage of any of its discretionary tools will be kept under scrutiny, and we will in particular pay close attention to the reasoning that will be attached to such usage. We will engage with the company to address these concerns. Overall, there are no concerns with the basic structure of the remuneration policy. |
| | Resolution 5. Elect Gillian Davies as Director | For | |
| | Resolution 6. Elect Greg Hodder as Director | For (Exceptional) | Under normal circumstances we would have voted against the nomination committee Chair and Chair of the Board to reflect our concerns over the lack of women on the Board. Only one woman has been appointed to the board while 68% of the total workforce is made up of women. However, we have exceptionally supported their re-election in recognition that this is the first AGM since IPO. We will engage with the company to state that we expect progress towards incorporating more diversity on board ahead of the next AGM. |

| CARRS GROUP PLC EGM 19/09/2022 United Kingdom | Resolution 1. Approve Matters Relating to the Proposed Disposal of the Company's Interests in the Carr's Billington Agriculture Business to Edward Billington and Son Limited | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as the proposed disposal constitutes a related party transaction and an exclusive negotiation with the purchasing party. An independent committee has not reviewed or approved the offer. On balance, it is noted that a compelling rationale has been provided, and the cash consideration provides certainty of value to shareholders. The Company explained that the proposed disposal of Carr's Billington Agriculture Business is in line with the Group's strategy to focus and support the growth and development of its two other divisions, being the Speciality Agriculture Division and the Engineering Division. |

| | Resolution 12. Approve Continuation of Company as Presently Constituted | For (Exceptional) | Under normal circumstances, we would have voted against the continuation of the Company as the shares have been trading at a significant discount to NAV (approx. 29.2% as at 24/08/2022). However, we have exceptionally supported as the shares were in fact trading at a premium to NAV early in the financial year, but dropped sharply to a discount at the year end. This is because the Company came under attack from a small number of investors short-selling the Company's shares, one of whom published a series of criticisms that the Board refuted in a very detailed response. |

However, we have exceptionally supported as the disclosure / inclusion of performance targets and a three year vesting period is better than what we have seen at many other Chinese companies proposing such schemes. Also, up to 530 employees will be participating. Although it is unclear as to the split (i.e the proportion of total shares that will be awarded to the top executives), in principle we are supportive of a large number of employees being incentivised to grow revenue.</p> |

| 14/09/2022 Switzerland | Resolution 2. Advisory Vote to Ratify Named Executive Officers' Compensation | For (Exceptional) | Under normal circumstances we would have voted against due to concerns over the CEO: Employee pay ratio which was 222:1 for the year under review. However, we have exceptionally supported as the pay ratio has come down significantly from the previous year (1043:1) and as the CEO's annual compensation was only slightly down from the previous year (\$9,864,000 compared to \$10,178,000), this points to more of an issue with how the compensation of all employees is calculated (i.e taking the median leads to significant volatility from one year to the next). As pay and performance are reasonably aligned including that the CEO's equity awards are entirely performance based, we are broadly comfortable with pay arrangements but will be keeping them under annual review |

However, we are mindful that the executive position is at a blank check company and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review. |

| | Resolution 4. Approve Omnibus Material Related Party Transactions between Tata Steel Limited and Tata Metaliks Limited - Financial Transaction | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as the proposal would allow the provision of financial assistance to group entity, which is not wholly owned subsidiary of the company, which could expose the company to unnecessary financial risk. The proposed transactions are within the ordinary course of the company's business, however, and will be conducted at arm's-length. Further mitigating point is that the subsidiary is a listed entity in which the company holds 60 percent and other shareholders include institutional and retail investors. |

| | Resolution 2. Approve Draft and Summary on Employee Share Purchase Plan | For (Exceptional) | Under normal circumstances, we would have voted against the approval of the company's employee stock purchase plan (ESPP) due to reservations over the performance hurdles / period (which are based on two accounting years from 2022 to 2023 as the performance appraisal year, and one appraisal is conducted in each accounting year - and which is not ideal). However, we have exceptionally supported as the disclosure / inclusion of performance targets and a three year vesting period is better than what we have seen at many other Chinese companies proposing such schemes. Further, the net profit growth targets appear to be stretching. Finally, the number of employee participants is 241 so we consider this plan as important for incentivising multiple layers of management. |

| 13/09/2022 United States | Resolution 1b. Elect Director Eric K. Brandt | For (Exceptional) | Under normal circumstances we would not have supported this director as we are concerned with the number of board positions they hold and we would question their ability to devote sufficient time to the role. However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review. |

| | Resolution 4. Re-elect Richard Horlick as Director | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as Richard Horlick, Board Chair has been flagged as there is no ethnic diversity on the board. However, this is not an issue (for now) given this is an externally managed investment trust which has no employees. Also, there are no concerns over diversity more broadly. |

| | Resolution 5. Adopt a Policy on China Sourcing | For (Exceptional) | A vote FOR this proposal is warranted as: - Adoption of this proposal would serve to further enhance the company's stated commitment to addressing labor issues, including forced labor, in its supply chain; and - Implementing the proposal could serve to further safeguard shareholder value. While the company has taken commendable steps to address human rights risks, additional disclosure and adoption of this proposal would affirm and enhance the company's stated commitments to prevent forced labor in its supply chain, particularly in relation to deeper tiers of its supply chain. |

| | Resolution 4.2. Elect Wendy Luhabe as Representative of Category A Registered Shares | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution, given the nominee's external time commitments. Compagnie Financiere Richemont SA maintains a two-tiered capital structure, and according to Art. 709 of the Swiss Code of Obligations, each class of voting rights has the right to at least one representative on the board of directors. The company has two classes of shares: registered B shares, which are unlisted and held by Compagnie Financiere Rupert, and registered A shares, which are listed on the SIX Swiss Exchange. Holders of registered A shares will be able to vote on all of the agenda items, whereas holders of registered B shares will not be allowed to vote on Items 4.1-4.2. The candidate with the highest number of votes shall be designated as representative of the A shareholders for the election to the board of directors. Items 5.9 and 5.17 concern the election of the person nominated by registered A shareholders under Items 4.1-4.2 to the board of directors. If the board nominee Wendy Luhabe is elected by registered A shareholders under Item 4.2, she will be subject to election by the full general meeting under Item 5.9. If the shareholder nominee Francesco Trapani is elected by registered A shareholders under Item 4.1, he will be subject to election by the full general meeting under Item 5.17. While there are concerns over her board mandates, there are no significant concerns over her time commitments, and no other major concerns are identified to her re-election to |

| | Resolution 7. Ratify PricewaterhouseCoopers SA as Auditors | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as the company has retained the same audit firm since 1993 (i.e. in excess of twenty years). Mandatory auditor rotation every 20 years is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. It is however noted that the company has decided to initiate a tender process which may lead to the appointment of a new auditor, acknowledging the current auditor's long tenure. |

| | Resolution 3. Approve Remuneration Report | For (Exceptional) | Under normal circumstances, we would not be able to support this as the CEO: Employee pay ratio is more than 100:1 and is considered excessive. Further, the salary levels of the incumbent CEO and CFO are competitively positioned against peers of other FTSE SmallCap companies. While this is noted, we do acknowledged that salaries are set for new recruits at modest levels in comparison to predecessors. Future inflationary increases will be kept under close review. We also noted that there could have been more stretch incorporated into the underlying PBT and cash flow targets for the bonus scheme. As for targets it should be expected they will be set below the levels in 2021 as 2021 was a record year for cycling (as the company was a covid beneficiary) and they have some discretionary / cyclical parts to their business which will come under pressure in a consumer downturn. With the business being operationally geared, profits will be disproportionately hit vs the top line. |

| | Resolution 4. Re-elect Jonathan Shearman as Director | For (Exceptional) | Under normal circumstances we would have voted against the Chair as he had been on the Board for 11 years before being appointed Chair in April 2020 (so his board tenure is 13 years), and ideally the Chair should be independent on appointment. Further, the company has not disclosed any succession plans for the Board Chair role. However, we continue to exceptionally support his re-election in recognition that there was significant Board change after the 2019 AGM including the departures of the former (long serving) Chair and the Senior Independent Director (who was also the Chair of the Audit committee. Also, the company explains that the Board continues to review this situation and determine that Jonathan remains independent and performs his duties effectively and with integrity, as well as possessing a deep understanding of the business. As such, this vote reflects the need for some continuity. Finally, we note that the Company has commenced the recruitment process for an additional non-executive following the retirement of Scott Mac Meekin (has served on the Board for nine years) from the Board at the end of FY2023. Nevertheless, we expect succession arrangements to be put in place and we will be keeping this issue under review. |

| WATCHES OF SWITZERLAND GROUP PLC AGM 01/09/2022 United Kingdom | Resolution 1. Accept Financial Statements and Statutory Reports | For | |
| | Resolution 2. Approve Remuneration Report | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as the CEO: Employee pay ratio is more than 100:1, at 213:1, and is considered excessive. We have however given consideration to the fact that CEO pay has been inflated in FY2021 owing to favourable LTIP vesting conditions, bolstered by a very positive share price performance. CEO pay is not necessarily inflated by fixed pay, which, at GBP 500,000, remains at bottom quartile with reference to FTSE 250 peers. We also acknowledge that LTIP vesting targets have been made more stretching for FY2022 grant, which is acknowledged positively. We will be engaging with the company to ask them to shed more light in ways that the company will help bolster wider employee pay, for example through implementation of free share schemes. We acknowledge that the company operates a SAYE scheme, but with cost pressure from the cost of living crisis, the incentive and ability to participate in the voluntary SAYE scheme may reduce over time for the wider workforce. |

| | Resolution 11. Approve Material Related Party Transactions of Subsidiaries of the Company | For (Exceptional) | Exceptional support is warranted on this occasion as the proposals would allow the provision of financial assistance to a group entity, which is not wholly owned subsidiary of the company, which could expose the company to unnecessary financial risk. In mitigation, however, the proposed transactions are within the ordinary course of the company's business and will be conducted at arm's-length and the company owns a more than majority stake (85.06%) in the entity providing the financial assistance. As such, the proposal to provide financial assistance is deemed reasonable. |

| | Resolution 3. Reappoint PricewaterhouseCoopers Inc as Auditors of the Company with V Myburgh as the Individual Registered Auditor | For (Exceptional) | Under normal circumstances we would be unable to support as the company has retained the same audit firm since 1915 (i.e. in excess of twenty years). However, the company had previously committed to rotating the auditor within two years; this year, they have tabled the approval for the appointment of Deloitte as auditors of the company with effect from FY2024, which we support. As such, exceptional support is considered warranted for the reappointment of PwC. |

| | Resolution 1d. Elect Director Vincent D. Carson | For (Exceptional) | Under normal circumstances, we would not be able to support as this Director is non-independent (due to being a former employee) and there is a lack of two-thirds majority independence on the Board (our guideline for US companies with one executive on the board). The company has however recently announced (Aug 3) that Carson will step down from key board committees. He will not be appointed to any key committees for the remainder of his five-years post cessation of employment (which was late 2018); we will however reach out to the company to tell them that we have a 10-year cooling off period for former employees in terms of the non-independence classification. |

| PSG GROUP LTD EGM 10/08/2022 South Africa | Resolution 1. Approve the PSG Group Restructuring | For | |
| | Resolution 2. Approve Fees for Independent Board Members | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as it permits the payment of ad hoc fees, following the PSG Group Restructuring, which is not aligned with best practice and may impinge upon a director's independence. It is however considered relevant that independent directors would have a prominent role in the PSG Group restructuring. The proposed one-off fees for Patrick Burton is valued at ZAR 200,000, Modi Hlobo valued at ZAR 140,000, and Bridgitte Mathews valued at ZAR 140,000. The value of these fees does not raise significant concern. |
| | Resolution 3. Approve Fees for Non-executive Board members | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as it permits the payment of ad hoc fees, following the PSG Group Restructuring, which is not aligned with best practice and may impinge upon a director's independence. It is however considered that NEDs will be remunerated for their services rendered as members of the PSG Group Board and its various subcommittees up to the date of implementation of the PSG Group Restructuring. The proposed one-off fees for Patrick Burton is valued at ZAR 200,000, Modi Hlobo valued at ZAR 140,000, and Bridgitte Mathews valued at ZAR 140,000. | | Resolution 15. Approve Remuneration Report including Implementation Report | For (Exceptional) | Under normal circumstances, we would not be able to support the resolution as we have concerns over the CEO: Employee pay ratio which is more than 50:1 and has increased by over 20% from the previous year. However, for 2021, it is noted that fixed pay was reduced by 25% to account for the Company's reduced size and complexity following the Ninety One demerger. Fixed pay has increased by 4% for EDs for the ensuing year, on the backdrop of competitively-positioned salary levels. It is however acknowledged that the company has a variable remuneration cap of 247.9% of fixed remuneration (inclusive of both LTI and STI awards), and that the size of the increases does not raise concerns in isolation. Further, it is recognised that the Remuneration Committee has exercised downwards discretion of the final STI payments to align with the variable remuneration cap. However, the Company has not disclosed a breakdown of the reduction between the pre-remuneration cap annual bonus outcomes and the resulting awards. We will keep pay decisions under review ahead of the next year, when further increases to fixed pay, which ratchet upwards the total pay package, will be scrutinised. |

| | Resolution 7. Approve Related Party Transactions with Larsen Toubro Arabia LLC, L&T Modular Fabrication Yard LLC, Larsen & Toubro Electromech LLC, Larsen & Toubro Heavy Engineering LLC, Larsen & Toubro Kuwait General Contracting Co WLL | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as the proposed financial assistance provision can increase the risks for the company on account of the higher liabilities at group level, which may not be under its direct control or supervision. It is noted that the company holds less than 75 percent holding in L&T Modular Fabrication Yard LLC, Larsen & Toubro Electromech LLC, Larsen & Toubro Heavy Engineering LLC, Larsen & Toubro Kuwait General Contracting Co WLL. Where the company's board cannot exercise proper oversight and control over the entities being guaranteed or where the company is taking a disproportionate financial risk relative to its ownership stake, the risks may outweigh the potential benefits. However, the company has stated in the notice All international subsidiary companies have local partners. However, 100 percent beneficial interest in the international subsidiaries is held by the company. As the company holds 100 percent beneficial interest in these subsidiaries and given the extension of additional financial support is not likely to have a material impact on the consolidated financials, the proposal is deemed reasonable. |

| | Resolution 6. Adopt Proxy Access Right | For (Exceptional) | <p>Shareholder requisitioned resolution seeks that the board adopt a proxy access provision. The shareholder contends that the potential of increased competition presented by shareholder proxy access ensures that the board will nominate the highest qualified directors to avoid giving shareholders a reason to exercise the access rights. The proponent indicates that a proxy access right could contribute to an increased market capitalization, share value, and corporate governance competitiveness. The proponent believes that this right is especially needed in light of a recent study that indicates most directors are uncomfortable with monitoring the company and its management and instead function more as corporate cheerleaders instead of challenging management and insisting on better. As such, the proponent believes that the elimination of group limits would allow for greater participation by smaller shareholders and employees, which would improve communications with the board, and potentially allow for director nominees that would provide more effective monitoring of management. A vote FOR this proposal is warranted, as adoption of proxy access will enhance shareholder rights.</p> |

| | Resolution 7. Report on Efforts to Prevent Harassment and Discrimination in the Workplace | For (Exceptional) | Shareholders request the Board of Directors of Tesla, Inc. to oversee the preparation of an annual public report describing and quantifying the effectiveness and outcomes of Company efforts to prevent harassment and discrimination against protected classes of employees, including, but not limited to, sexual harassment and racial discrimination. A vote FOR this resolution is warranted, as the company has faced recent attention for allegations of harassment and discrimination in the workplace, and increased transparency would help shareholders assess how the company is managing associated risks. |
| | Resolution 8. Report on Racial and Gender Board Diversity | For (Exceptional) | A shareholder has filed a precatory proposal requesting that Tesla report on its policies and practices to enhance board diversity, specifically to ensure that racial and gender representation are aligned with the demographics of its employees and customers. A vote FOR this proposal is warranted as adoption of this proposal would allow shareholders to better assess the effectiveness of the company's efforts towards improving gender and racial representation on the board and management of related risks. |

| | Resolution 9. Report on the Impacts of Using Mandatory Arbitration | For (Exceptional) | It is requested that the Board of Directors oversee the preparation of a publicly-disclosed report on the impact of the use of mandatory arbitration on Tesla's brand, employees and workplace culture. The report should evaluate the impact of Tesla's current use of arbitration on the prevalence of harassment and discrimination in its workplace, on employees ability to seek redress, and on consumer perceptions of Tesla as an employer. The report should be prepared at reasonable cost and omit proprietary and personal information. A vote FOR this proposal is warranted because more information on the impact that the company's standard arbitration provision has on Tesla's employees would allow shareholders to better evaluate risks related to several recent controversies; and may bring information to light that could result in improved recruitment, development and retention. |

| | Resolution 10. Report on Corporate Climate Lobbying in line with Paris Agreement | For (Exceptional) | <p>A shareholder has filed a precatory proposal requesting that Tesla, Inc. (Tesla) report on how its lobbying aligns with the goals of the Paris Climate Agreement. In its supporting statement, the proponent expresses concern that there are critical gaps between the steps required to limit global warming to 1.5 degrees Celsius and the climate commitments made by national governments. It states that the Intergovernmental Panel on Climate Change has assessed that dramatic and immediate changes will need to be made to achieve this goal. The statement contends that companies have a crucial role in empowering lawmakers to close these gaps. The filer states that investors need clear information on the alignment between companies lobbying activities and both the companies' own climate commitments and the Paris Agreement goals. A vote FOR this resolution is warranted, because an evaluation of how the company's lobbying activities align with the Paris Agreement goals would provide information that would allow shareholders to better evaluate the company's risk related to its lobbying activities.</p> |

| | Resolution 11. Adopt a Policy on Respecting Rights to Freedom of Association and Collective Bargaining | For (Exceptional) | It is requested that the Board adopt and publicly disclose a policy on its commitment to respect the rights to freedom of association and collective bargaining in its operations, as reflected in the International Labour Organization (ILO) Declaration on Fundamental Principles and Rights at Work (Fundamental Principles). The policy should: ? Be applicable to Tesla?s direct operations and subsidiaries globally; ? Include a commitment to non-interference when employees exercise their right to form or join trade unions; ? Prohibit any member of management or agent of Tesla from undermining the right to form or join trade unions or pressuring any employee from exercising this right; ? Describe the ongoing due diligence process Tesla will use to identify, prevent, mitigate and account for any violations of these rights, including how it will remedy any misaligned practices. A vote FOR this proposal is warranted, because this policy may benefit shareholders by improving the company?s management of related risks; and the company already has a similar policy in place for its suppliers. |
| | Resolution 12. Report on Eradicating Child Labor in Battery Supply Chain | For (Exceptional) | A vote FOR this proposal is warranted as additional information on the company's efforts to eliminate child labour would allow investors to better understand how the company is managing human rights related risks in its supply chain. |

| | Resolution 13. Report on Water Risk Exposure | For (Exceptional) | In its statement supporting the proposal, the proponent states that companies face material risks from increasing water scarcity resulting from climate change. The filer asserts that Tesla's manufacturing operations require large amounts of water and that the company operates in regions with medium to high risk of water stress. Tesla has faced criticism, the proponent writes, for the water use of its facilities in Berlin-Brandenburg, Germany and in Austin, Texas. The filer asserts that increased transparency about the company's water planning, risk assessment, and siting policies may reveal shortcomings in its strategy. As an example, the proponent states that the company's ability to continue and expand its operations in Berlin-Brandenburg may be limited by access to water. A vote FOR this proposal is warranted. Shareholders would benefit from increased disclosure regarding how the company is managing water risks. |

| | Resolution 6. Re-elect Karen Slatford as Director | For (Exceptional) | Under normal circumstances, we would not be able to support this resolution as there is no ethnic diversity on the board. However, the company has outlined a credible diversity strategy in its Company's Board Diversity & Inclusion Policy which includes the achievement of at least one director from a black, Asian or other minority background by 2023. On its ethnic diversity target, the Company states that this did not progress during FY2021/22 but will be considered as part of the Board succession planning during FY2022/23. |
