A vote FOR this shareholder proposal is warranted because: - The proposal will add credence to the soundness of the utility's governance by trying to reduce the influence of former senior executives over the utility's ongoing strategic decision-making process. - Meanwhile, banning such advisory posts in the articles of incorporation will not prevent former senior executives of the utility from playing the role they currently have with the business community, without the title of advisors, if that is deemed to be reasonable.</p>

<b>TOKYO ELECTRIC POWER COMPANY HOLDINGS INC</b> <b>AGM</b> <b>28/06/2023</b> <b>Japan</b>	Resolution 1.1. Elect Director Kobayashi, Yoshimitsu	For (Exceptional)	We note that this director is a non-independent director due to his affiliation (being a former significant shareholder), and as such, his membership of the audit committee and board can compromise overall independence levels. Qualified support is warranted as the audit committee is majority independent (60%), and the overall board also meets minimum independence expectations. This is bolstered as the company has added two new independent outsiders to the board ahead of the 2023 AGM.

	Resolution 2. Amend Articles to Require Disclosure of Asset Resilience to a Net Zero by 2050 Pathway	For (Exceptional)	A vote FOR this shareholder proposal is recommended because: - The requested disclosure would help shareholders understand how sustainable the company's strategy is in a transition to a decarbonized economy.
	Resolution 3. Amend Articles to Withdraw from Nuclear Power Generation	Against	• Proposals do not add any value or strong case not made
	Resolution 4. Amend Articles to Exclude Nuclear Power Generations from Decarbonization Initiatives	Against	• Proposals do not add any value or strong case not made

	Resolution 9. Amend Articles to Require Individual Compensation Disclosure for Directors and Executive Officers	For (Exceptional)	A vote FOR this shareholder proposal is recommended because: - The proposed disclosure would promote accountability and help shareholders make better-informed decisions. The proposal for individual disclosure of remuneration was supported by over 10% of shareholders for three consecutive years, and this year will be the fourth year.
	Resolution 10. Amend Articles to Add Provisions on Shareholder Derivative Lawsuits	Against	• Proposals do not add any value or strong case not made

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 12. Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 14. Authorise Directors to Allot Ordinary Shares and to Sell Treasury Shares for Cash at a Price Below the Net Asset Value	For (Exceptional)	Normally, we would have voted against this authority as it appears to allow the Company to issue shares at a discount to NAV. Listing Rule (LR) 15.4.11 prohibits the issue of ordinary shares (including ordinary shares held in treasury) for cash at a price below the NAV per share of those shares without such shares first being offered to existing shareholders pro rata to their existing holdings. However, we have exceptionally supported as it is a general market understanding in this context that 'NAV' is determined on the basis of debt valued at fair value, but, for the purposes of LR 15.4.11, the term 'NAV' is not specifically defined. As a result, having regard to guidance previously received from the UKLA and consistent with the approach adopted in previous years, the Directors wish to ensure that any such sale of ordinary shares held in treasury or issue of new ordinary shares will not result in an inadvertent breach of the Listing Rules by virtue of the UKLA determining that 'NAV' should be calculated on the basis of debt valued at par value, instead of the general market understanding that NAV is determined on the basis of debt valued at fair value. The Directors seek to renew the authority previously granted to issue shares at a discount to NAV with debt at par value, in order to continue to protect against any such inadvertent breach. The Directors reiterate that they will in no circumstances seek to issue ordinary shares (including ordinary shares held in treasury) for cash at a price below the NAV per share on the basis of debt valued at fair value.

<b>26/06/2023</b> <b>United Kingdom</b>	Resolution 2. Approve Remuneration Report	For (Exceptional)	<p>Under normal circumstances, we would not be able to support this resolution for reasons outlined below; however, there are mitigating factors: - No deferral has been applied to the annual bonus. However, we note that a downward discretion was applied to bonus awards, resulting in a decrease of maximum opportunity from 39.25% to 22.5%. In addition, Simon Thomson and James Smith have now stepped down from the Board.</p> <p>Furthermore, under the new remuneration policy, the level of bonus deferral is being increased to 25% of any bonus outcome (previously, deferral only applied to any bonus outcome above 100% of salary). - The proposed increase to the NED fees (+45.6% for chair fees, and +50% for the audit and remuneration comm chair fees) is considered excessive. Mitigating, this is in relation to the additional time commitments associated with execution of the role, particularly in the context of the changes to the Board and the current transition within the business. - Company is not an accredited Living Wage Employer. Currently there are limited concerns regarding CEO and wider employee pay disparity, but this will be kept under review ahead of future votes.</p>

Re-elect Richard Herbert as Director	For (Exceptional)	Under normal circumstances, we would vote against this non-executive director to reflect our concerns that they are a full-time executive of another Company, yet this isn't the only other Board they sit on. We question how full-time executives can devote sufficient time to multiple other boards. We however have considered that he forms a part of a directorship that was placed on the board through activist action, and currently, there is need to crystallise a fully formed board after the radical amount of change that has taken place at board level. We will exceptionally support his election at this time, and express our overboarding concerns through engagement.

<b>JINDAL STEEL AND POWER LTD</b> <b>EGM</b> <b>23/06/2023</b> <b>India</b>	Resolution 1. Approve Material Related Party Transactions with Nalwa Steel and Power Limited	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as there is a material conflict of interest in the proposed transaction with Nalwa Steel and Power Limited valued at INR 25.02 billion. The company's rationale to enter into this transaction is however is acknowledged. The proposed transactions with NSPL is likely to generate additional revenues and improve the company's profitability through increased volume of finished goods and lower lead time to the customer.
	Resolution 2. Approve Material Related Party Transactions with Vulcan Commodities DMCC	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as there is a material conflict of interest in the proposed transaction with Vulcan commodities DMCC valued at INR 22.00 billion. It is noted that the pricing of the proposed transactions is linked to World Coal Indices. The company has clarified that it does not pay any additional margin over and above the arm's length prices and it is equivalent to buying it directly from the mine itself. The arrangement between Vulcan Commodities DMCC and Vulcan Mozambique does not impact or inflate the pricing for JSP. Further, Vulcan Commodities sales to the company account for around 16% of its overall coal sales volume and JSPL's procurement of coal from Vulcan Commodities DMCC accounts for less than 20% of its total procurement. Overall, the transaction appears justified. The proposals are valid for a year and shareholders will get an opportunity to review the transactions next year.

	Resolution 3. Approve Material Related Party Transactions with JSW International Tradecorp Pte Ltd	Against	<ul style="list-style-type: none"> <li>• Lack of transparency</li> </ul>
	Resolution 4. Approve Material Related Party Transactions with Jindal SAW Limited	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as there is a material conflict of interest in the proposed transactions with Jindal SAW Limited as KMP valued at INR 12.97 billion; however, the proposed transaction with Jindal Saw Limited are related to sale and purchase of steel and steel products and related services at arms' length pricing. Going forward, the company should enhance transparency and disclosure on such transactions where material conflict of interest exists, which we will express to the company.
	Resolution 5. Approve Material Related Party Transactions Between Jindal Steel Odisha Limited and Jindal SAW Limited	For

	Resolution 10. Reelect Bhaskar Chatterjee as Director	For (Exceptional)	Under normal circumstances, we would not be able to support the re-election of the audit committee chair as over the past fiscal year, the company paid excessive fees to its primary audit firm for services not directly related to the audit function. It is noted that the audit fee for FY 2022 stood at INR 12 million and whereas certification and other charges were at INR 19.1 million. Non-audit fees have not been excessive routinely, hence against votes are not sanctioned at this time; given that the level by which non-audit fees have exceeded audit fees is significant and out-of-norm (exceeded by c. 60%), we will engage with the company to express this, and keep non-audit fee payments under observation going ahead.

The request under Item 5 is to set and disclose a business plan with short term and mid-term greenhouse gas emission targets aligned with the goals of the Paris agreement. While the newly disclosure of the scope 3 (cat 11) GHG emissions is positively noted, the absence of any detailed information about the plan with regards to the strategy addressing the company's scope 3 category 11 (use of sold products) that represent approx. 94 percent of the company's total emissions raises concerns about the credibility of the company's net zero commitment.

Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

However, we have exceptionally supported his re-election as his term on the Board has only just exceeded our preferred term and we are mindful that there has been some Board refreshment in recent years. However, we will be engaging with the company as we think he should stand down from key committees and some of the other long -serving directors should stand down from the Board.

<b>ROYALTY PHARMA PLC</b> <b>AGM</b> <b>22/06/2023</b> <b>United Kingdom</b>	Resolution 1a. Elect Director Pablo Legorreta	For (Exceptional)	Under normal circumstances we would not support this director as this Director serves as combined CEO/Chair, a role we prefer to be split and to reflect our concerns that, in aggregate they have too many board commitments. However, due to a number of safeguards in place and given they are the CEO/Executive Director of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies. We also have concerns over their aggregate board commitments.

The proposal is not an outright ban on the acceleration of awards or other severance arrangements; rather, future agreements that exceed the severance basis would likely require shareholder ratification. Further, the proposal only applies to future severance arrangements and therefore would not impact all severance programs that are currently in place.
	Resolution 6. Adopt Policy on Freedom of Association and Collective Bargaining	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. This proposal is in line with our views and we have concerns with controversies the company has had on this topic in the past.

	Resolution 3. Advisory Vote on Say on Pay Frequency	For (Exceptional)	In the US, companies are now required to give shareholders a choice of one, two or three years for the preferred frequency of advisory say-on-pay votes. We have voted for our preferred frequency of one year.
	Resolution 4. Ratify Ernst & Young LLP as Auditors	Against	<ul style="list-style-type: none"> <li>• Auditor tenure</li> </ul>
	Resolution 5. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 3. Management Advisory Vote on Climate Change	For (Exceptional)	Under normal circumstances, we wouldn't be able to support the resolution, or would do so with caution. Post-merger, the company has a good climate strategy and have consistently scored A in CDP for the past couple of years. In terms of progress from last year regarding carbon emission reduction targets, not too much has changed, as they committed a net-zero SBT a good few years ago which is yet to be validated so that would be the next thing we would focus on from a climate perspective. From the perspective of governance, a key improvement is that the company has established a Carbon Reduction Task Force (CRTF) during 2022, composed of the company's engineers and operations experts. Reporting to the Executive Sustainability Steering Committee, the CRTF evaluates, recommends and implements climate action measures to reduce GHG emissions and drive performance in the direction of the company's science-based targets.

Maier	For (Exceptional)	Under normal circumstances we would not have supported this director as we are concerned with the number of board positions they hold and we would question their ability to devote sufficient time to the role. However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review.

	Resolution 2. Advisory Vote to Ratify Named Executive Officers' Compensation	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as the company paid an excessive tax gross-up for the CEO's personal use of aircraft (FY2022: USD 20,702, FY2021: USD 21,541). We will support this resolution however to recognise the improvement to variable pay incentives. In contrast to the 2021 LTI program which was majority time based, the committee redesigned the LTI program for 2022 to be majority performance-based. Time-based restricted stock was replaced with a time-based cash award for certain NEOs, including CEO Bastian, which will vest on May 31, 2023; the proxy states that the committee expects to return to time-based restricted stock awards as a component under the LTI program for all NEOs after 2023. With respect to the cash-settled performance award component of the program, the typical three-year performance period has been reinstated. The performance measures continue to be three equally weighted metrics: total revenue per available seat mile performance (TRASM) relative to the peer group's performance, customer service performance (net promoter score), and free cash flow.
	Resolution 3. Advisory Vote on Say on Pay Frequency	For (Exceptional)	In the US, companies are now required to give shareholders a choice of one, two or three years for the preferred frequency of advisory say-on-pay votes. We have voted for our preferred frequency of one year.

	Resolution 5. Submit Severance Agreement (Change-in-Control) to Shareholder Vote	For (Exceptional)	A vote FOR this proposal is warranted given that the request applies only to future severance arrangements, the current agreements will not be affected, the request offers flexibility as to when the board may seek shareholder approval of a new or renewed severance arrangement, such as at the next annual meeting, and it is positive for shareholders to have the ability to vote on severance amounts that exceed market norms.
	Resolution 6. Adopt and Disclose a Freedom of Association and Collective Bargaining Policy	For (Exceptional)	A vote FOR this proposal is warranted, as this policy may benefit shareholders by improving the company's management of related risks.

While there is currently no clear and irrefutable evidence of wrongdoing by members of the management and supervisory boards in connection with the loan agreement, the conduct of the boards in the context of Vonovia's takeover raises legitimate concerns about potential conflicts of interest and breach of fiduciary responsibilities. However, while the special audit warrants support under Item 18, it is considered too early to assess final accountability.
	Resolution 4. Approve Discharge of Supervisory Board for Fiscal Year 2022	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution. 	Resolution 18. Appoint Jochen Jahn as Special Auditor in Connection with Loan Agreement with Vonovia SE	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR the special audit resolution is warranted because: - The special audits would investigate whether the granting of a loan to the company's majority shareholder constitutes an unlawful financial aid and whether it was in the best interest of the company. - While there is currently no clear and irrefutable evidence of wrongdoing by members of the management and supervisory boards in connection with the loan agreement, the conduct of the management and supervisory boards in the context of Vonovia's takeover raises legitimate concerns about potential conflicts of interest and breach of fiduciary responsibilities. - An independent investigation into these matters by a third-party special auditor is considered to merit support.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

INGERSOLL RAND INC AGM 15/06/2023 United States	Resolution 1a. Elect Director Vicente Reynal	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as we also concerns over this Director for serving as combined CEO/Chair, a role we prefer to be split. There are however sufficient safeguards on the board in terms of independence. We also have concerns on insufficient gender diversity on the board; these concerns are however going to be focussed on non-executive directors who were responsible for board composition.

<b>15/06/2023</b> <b>United Kingdom</b>	Resolution 2. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances we would have voted against the new Policy (which is broadly a re-iteration of the 2020 Capco policy). This is because LTIP awards equivalent to 75% of salary will vests for median/threshold performance which is too generous. So is target bonus at 75% of salary. However, we have exceptionally supported as we welcome the removal of the additional bonus of up to 50% of salary and that the amount of bonus deferred into shares is being changed to 40% of bonus, instead of any element of bonus greater than 100% of salary. The Policy was prepared prior to the completion of the merger. Consequently, the Company did not consult with shareholders and expects that a full review will be undertaken following the merger and this may result in shareholder consultation and approval being sought for a revised Policy at the 2024 AGM. Our support now is based on the expectation that the concerns noted above will be addressed ahead of the next Policy vote.

Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

<b>BROOKFIELD INFRASTRUCTURE CORP</b> <b>AGM</b> <b>14/06/2023</b> <b>Canada</b>	Resolution 1.1. However, we have exceptionally supported their re-election given they are the Executive Director of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies.

He however only assumed this role this year. While we have ongoing concerns on remuneration practice, we wouldn't target him at this election, as we are already recommending a vote against on the former committee chair, Debra Reed-Klages (Item 1.8, also lead independent director). 	Resolution 6. Report on Climate Lobbying	For (Exceptional)	A vote FOR this proposal is warranted. While the company has improved its disclosure on its political activities, gaps remain regarding how the company assesses its trade association partners' lobbying activities vis- -vis Paris Agreement goals and steps it would take when significant misalignment is found. This information could help reduce the risk of the company supporting organizations at cross purposes to its goals and values.
	Resolution 7. Report on Lobbying Payments and Policy	For (Exceptional)	A vote FOR this proposal is warranted as the company has room to improve on its disclosure of direct and indirect lobbying payments.

	Resolution 8. Report on Due Diligence Process of Doing Business in Conflict Affected Areas	For (Exceptional)	A vote FOR this proposal is warranted because shareholders would benefit from additional disclosure to supplement the company's human rights policy to avoid causing or contributing to human rights violations, aid in minimizing controversies that may lead to financial liability and reputational damage for the company and mitigate the company's exposure to the potential associated operational risks. The proposal proponents mention that Caterpillar risks involvement in Russian mobilization efforts through its subsidiaries and distributors. Additionally, the filers contend that parts of the company's value chain have been linked to forced labor in Xinjiang and violations of international law in Myanmar, Palestine, and Western Sahara. They write that the U.S. government is imposing sanctions against Russia, Myanmar, and China, and the company faces increased legal and reputational risks through potential violations of its policies. The proponents say that the company is behind its peers in its human rights due diligence processes.

	Resolution 8.6. Elect Miriam Gonzalez Amezqueta as Director	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as the proposed term of office for this director is four years. We do not support proposed terms of office exceeding 3 years as we feel longer terms in office reduces director accountability to shareholders. However, we have exceptionally supported their appointment as we are mindful that the proposed term is just one year above our guidelines and that we have no concerns regarding this director, who is considered independent, and in fact improves the composition of the board.

	Resolution 11a. Authorise Issue of Convertible Bonds, Debentures, Warrants, and Other Debt Securities without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

JAMES FISHER AND SONS PLC AGM	Resolution 1. Accept Financial Statements and Statutory Reports	For	

<b>14/06/2023</b> <b>United Kingdom</b>	Resolution 2. Approve Remuneration Report	For (Exceptional)	<p>Normally, we would not be able to support this resolution as for FY2023, new CEO Jean Vernet will be eligible for an LTIP award of 175% of salary. This is higher than that of his predecessor, who was offered a maximum LTIP opportunity of up to 125% of salary. This is being granted in addition to a buyout award to compensate pay he forfeited from his previous employer (CEO of Smith group's largest division, John Crane). However we acknowledge that the higher LTIP opportunity is within the award limit and would be subject to performance conditions, and his fixed pay is on the same salary level as his predecessor, albeit positioned relatively high for the company's size. We have engaged with the company to enquire whether the LTIP opportunity will decrease after 2023; if pay levels do not regularise after 2023, we will likely take a stricter voting stance at the next AGM. We also recognised that the company reduced LTIP grant sizes for the incumbent CEO and CFO from 125% to 100% of salary to account for the potential of windfall gains for 2022 awards. While the Committee's use of discretion in regard to the 2022 LTIP grant is acknowledged, the quantum of reduction in the award size (-20%) is not entirely aligned with the fall in the company's share price during the similar period (-70%, from GBP 1,222 per share in March 2021 to GBP 361 per share in March 2022). We will assess vesting outcomes to determine whether adjustments will be warranted at the time of vesting.</p>

	Resolution 5. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

<b>PLANT HEALTH CARE</b> <b>AGM</b> <b>13/06/2023</b> <b>United Kingdom</b>	Resolution 1. Accept Financial Statements and Statutory Reports	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as the company has not put its remuneration report to the shareholder vote, and we would reflect certain remuneration concerns under the vote on the report and accounts. The concerns would be that absolute share price targets are employed, and non-executive directors have received options. We support this year having considered that the share price targets appear to be stretching, and further, no NEDs received any options in the year under review. We note that the current chair holds options, but these were delivered over the course of the year, a part of which he spent in an executive capacity.

However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Further, the company has failed to include enough positive features, and the number of participants is not broad-based to the wider workforce, as it is only limited to 169 employees including directors, supervisors, executive and core employees (workforce size: c. 7,000). However, the duration of the shares is 5 years, which is longer than typical market practice. For this reason, exceptional support is warranted.</p>

	Resolution 4. Advisory Vote on Say on Pay Frequency	For (Exceptional)	In the US, companies are now required to give shareholders a choice of one, two or three years for the preferred frequency of advisory say-on-pay votes. We have voted for our preferred frequency of one year.
	Resolution 5. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 8. Re-elect Justin Dowley as Director	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as this non-executive director is not independent (due to having served on the board for a significant amount of time) and sits on the remuneration committee. We consider this inappropriate as the committee should consist entirely of independent directors. Justin Dowley has served on the Board for 11 years. In 2020, the Company extended his tenure to 2023 in order to facilitate succession planning arrangements due to the significant demerger and is now seeking a further two year extension of his tenure. Mitigating, the company's rationale, that an extension of the Chair's tenure during a significant demerger will promote stability, is acknowledged.

	Resolution 1.1. Elect Director Brian L. Roberts	Against	<ul style="list-style-type: none"> <li>• Combined CEO/Chairman</li> <li>• Material governance concerns</li> </ul>
	Resolution 2. Ratify Deloitte & Touche LLP as Auditors	Against	<ul style="list-style-type: none"> <li>• Auditor tenure</li> </ul>

	Resolution 3. Approve Omnibus Stock Plan	Against	<ul style="list-style-type: none"> <li>• Breaching of dilution limits</li> </ul>
	Resolution 4. Amend Qualified Employee Stock Purchase Plan	For	
	Resolution 5. Advisory Vote to Ratify Named Executive Officers' Compensation	Against	<ul style="list-style-type: none"> <li>• Lack of performance related pay</li> <li>• Pay ratio is excessive (CEO vs employee)</li> <li>• Concerns over generous benefits</li> </ul>
	Resolution 6. Advisory Vote on Say on Pay Frequency	For (Exceptional)	In the US, companies are now required to give shareholders a choice of one, two or three years for the preferred frequency of advisory say-on-pay votes. We have voted for our preferred frequency of one year.
	Resolution 7. Oversee and Report on a Racial Equity Audit	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. An independent racial equity audit would assist investors to better assess the effectiveness of the company's efforts to address the issue of any inequality in its workforce and its management of related risks.
	Resolution 8. Report on Climate Risk in Retirement Plan Options	Abstain	<ul style="list-style-type: none"> <li>• Proposals do not add any value or strong case not made</li> </ul>

	Resolution 9. Report on GHG Emissions Reduction Targets Aligned with the Paris Agreement Goal	For (Exceptional)	The proposal requests Comcast issue near and long-term science-based GHG reduction targets aligned with the Paris Agreement's ambition of maintaining global temperature rise to 1.5 C and summarize plans to achieve them. The targets should cover the company's full range of operational and supply chain emissions. The company appears to be making good progress and they have set a goal to be carbon neutral for Scope 1 and 2 GHG emissions by 2035 and have committed to set near-term science-based Scope 1, 2 and 3 GHG reduction targets. They have completed a Scope 3 emissions inventory and disclosed information about how they plans to reduce operational emissions. We are supporting this proposal as additional information on the company's efforts to reduce its carbon footprint and align its operations with Paris Agreement goals would allow investors to better understand how the company is managing its transition to a low carbon economy and climate change-related risks.
	Resolution 10. Report on Congruency of Political Spending with Company Values and Priorities	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A report on the company's congruence of political expenditures with stated values would enable shareholders to have a more comprehensive understanding of how the company oversees and manages risks related to its political partnerships.
	Resolution 11. Report on Risks Related to Operations in China	Against	<ul style="list-style-type: none"> <li>• Lack of disclosure</li> </ul>

	Resolution 1.9. Elect Director Robert A. Mosbacher, Jr.	Against	• Not independent and member of audit/remuneration committee
	Resolution 1.1. Elect Director Richard E. Muncrief	For	
	Resolution 1.11. Elect Director Valerie M. Williams	Against	• Poor handling of Board/sub-committee responsibilities
	Resolution 2. Ratify KPMG LLP as Auditors	Against	• Auditor tenure
	Resolution 3. Advisory Vote to Ratify Named Executive Officers' Compensation	For (Exceptional)	Under normal circumstances, we would vote against this resolution as less than 2/3 of LTIP awards are performance based. Therefore, pay arrangements are not appropriately aligned with performance. We however acknowledge that the level of performance-related awards is 60%, which is at or slightly above standard market practice. The CEO to employee pay ratio, albeit greater than last year (2022: 80:1, 2021: 67:1), is lower than typical market standards as well.

	Resolution 4. Advisory Vote on Say on Pay Frequency	For (Exceptional)	In the US, companies are now required to give shareholders a choice of one, two or three years for the preferred frequency of advisory say-on-pay votes. We have voted for our preferred frequency of one year.
	Resolution 5. Amend Certificate of Incorporation to Add Federal Forum Selection Provision	Against	• Reduction of shareholder rights and protections
	Resolution 6. Amend Certificate of Incorporation to Adopt Limitations on the Liability of Officers	Against	• Not in shareholders best interest
	Resolution 7. Amend Right to Call Special Meeting	For (Exceptional)	Shareholders ask our board to take the steps necessary to amend the appropriate company governing documents to give the owners of a combined 10% of our outstanding common stock the power to call a special shareholder meeting. Currently, the company's provision is for 25% of issued share capital to be able to call such a meeting. A vote FOR this proposal is warranted as a lower ownership threshold would provide for a more useful special meeting right for shareholders.

	Resolution 4. SP 1: Report on Emissions and Gender Target and its Overall Significance on the Company's ESG Strategy	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. While the company has disclosed some information of their approach they have not disclosed information on the grid-based approach, or the base scenario set for each financial year during the term of the Credit Facility. Further details would be beneficial to investors.
	Resolution 5. SP 2: Report on Third-Party Employment Agencies	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Additional disclosure on the company's business strategy and its relationship with its franchisees would enable shareholders to understand and better assess how the company is managing the risks to its business related to the labor market.
	Resolution 6. SP 3: Adopt Net Zero Targets in Alignment with the Paris Agreement	For (Exceptional)	We note the company is making some progress and disclosed their first climate target this year. While we do note this request is quite detailed however we encourage the company to go further.

	Resolution 12. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the remuneration report to reflect concerns over disclosure. For example, some contractual terms of the company's executives were not fully disclosed and, executives received significant percentage increases to salaries and the company did not provide any rationale or justification for these. There is also a lack of disclosure for the annual bonuses awarded during the year, which does not have weightings, thresholds or targets. However, we have exceptionally supported in recognition that salaries and bonuses awarded during the year are considered modest (particularly against other European banks). Further, the company does not currently operate any long-term incentive plan so overall pay levels are very low also.

	Resolution 5. Report on Third-Party Assessment of Human Rights Due Diligence in Supply Chain	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. This would enhance the company's existing reporting. Investors would benefit from increased transparency and disclosure on how the company is managing human rights-related risks in its supply chain.
	Resolution 6. Report on Risk from Supplier Misclassification of Supplier's Employees	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A report on misclassifying employees as independent contractors would provide shareholders with additional information on how the company is managing any risks associated with this kind of misclassification by companies in its supply chain.

	Resolution 7. Adopt a Paid Sick Leave Policy for All Employees	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. This resolution would provide shareholders with greater assurance that the company's workforce has reasonable access to sick leave, which would provide consistent expectations as concerns regarding societal health are on the rise. Additionally, the implementation of this proposal would allow shareholders to better assess whether the company is adhering to its stated commitment to colleague health and its management of related risks.

	Resolution 5. Report on Third-Party Racial Equity Audit	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. While the company has made progress on their disclosures an independent racial equity justice audit would help shareholders better assess the effectiveness of the company's efforts to address racial inequity.

	Resolution 6. Report on Congruency of Political Spending with Company Values and Priorities	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. There do appear to have been concerns in the past with where they have made donations and therefore better transparent to enable investors to understand better how the company oversees and manages risks related to its political affiliations would be beneficial.
	Resolution 7. Submit Severance Agreement (Change-in-Control) to Shareholder Vote	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. The company's severance policy establishes a reasonable limit on cash severance. However, the proxy does not disclose a policy or requirement that payments in excess of amounts provided under the policy are subject to shareholder approval. We are therefore supportive of this proposal.

	Resolution 4. Ratify Deloitte & Touche LLP as Auditors	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as we expect companies to manage climate risks according to the TCFD framework and to disclose climate performance. This company scores below peers on climate risk management. We would consider register our concerns by casting adverse votes against relevant items on the ballot, such as auditor ratification. Given that Deloitte have newly been appointed as group independent auditors however, a vote against their appointment at this time is not considered warranted.

	Resolution 6. Report on Lobbying Payments and Policy	For (Exceptional)	<p>This shareholder resolution is requesting 1. Company policy and procedures governing lobbying, both direct and indirect, and grassroots lobbying communications. 2. Payments by Alphabet used for (a) direct or indirect lobbying or (b) grassroots lobbying communications, in each case including the amount of the payment and the recipient. 3. Description of management's and the Board's decision-making process and oversight for making payments described in sections 2 above. Alphabet's disclosures do not include payments to trade association memberships or the amount of its dues to third-party organizations that may be used for lobbying purposes. The company states that it prohibits third parties from using its funds for political expenditures, but does not clarify that lobbying expenses are included in that prohibition. Additional disclosure around its indirect lobbying activities and expenditures would allow shareholders to better assess Alphabet's use of corporate funds for lobbying and its management of related risks. We are supporting this resolution, as additional reporting on the company's lobbying-related practices and policies, such as its trade association memberships and payments, would benefit shareholders in assessing its management of related risks. In 2022, the proposal garnered 18.9 percent shareholder support (this constitutes 56.3% of independent votes).</p>
	Resolution 7. Publish Congruency Report on Partnerships with Globalist Organizations and Company Fiduciary Duties	Against	<ul style="list-style-type: none"> <li>Proposals do not add any value or strong case not made</li> </ul>

	Resolution 8. Report on Framework to Assess Company Lobbying Alignment with Climate Goals	For (Exceptional)	The request is not considered overly onerous or prescriptive, and greater transparency of the company's direct and indirect climate lobbying, and how the company would plan to mitigate any risks that might be identified would be beneficial.
	Resolution 9. Report on Risks Related to Fulfilling Information Requests for Enforcing Laws Criminalizing Abortion Access	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Investors would benefit from additional information on the potential risks and costs associated with proposed or enacted state policies that restrict reproductive healthcare and would allow a better understanding of how the company is managing such associated risks.

	Resolution 10. Report on Risks of Doing Business in Countries with Significant Human Rights Concerns	For (Exceptional)	In this proposal the proponents express concern over the company's plans to expand data centers in locations reported by the U.S. State Department's Country Reports on Human Rights Practices that present significant human rights violations, specifically in Indonesia, Qatar, India, and Saudi Arabia. The proponents are particularly concerned about Saudi Arabia due to restrictive Saudi controls on online activity. The company reportedly conducted an independent human rights assessment of its decision to place a Google Cloud operation in Saudi Arabia and took steps following the review, but did not disclose the actions it had taken. The proponents cite the company's Human Rights Policy on its respect for internationally recognized human rights standards to make the argument that a report in line with the proposal's objectives would examine the scope, implementation, and robustness of the company's human rights due diligence processes on siting of cloud computing operations. We are supporting this resolution because shareholders would benefit from increased disclosure regarding how the company is managing human rights-related risks in high-risk countries.
	Resolution 11. Publish Independent Human Rights Impact Assessment of Targeted Advertising Technology	For (Exceptional)	This proposal is requesting the board of directors to publish an independent third-party Human Rights Impact Assessment on the impacts of targeted advertising policies and practices. We are supporting this shareholder resolution as we see increasing risks related to human rights through Google's advertising activities.

	Resolution 12. Disclose More Quantitative and Qualitative Information on Algorithmic Systems	For (Exceptional)	We are supporting this shareholder resolution because increased reporting on artificial intelligence and algorithmic systems would benefit shareholders in assessing how Alphabet manages related risks. There have been increasing scrutiny from civil society as well as regulators on algorithmic related technologies and potential social impacts.
	Resolution 13. Report on Alignment of YouTube Policies With Online Safety Regulations	For (Exceptional)	This proposal is requesting that the company report on whether and how the company will minimize legislative risk by aligning YouTube policies with online safety regulations. Whilst Alphabet's YouTube Community Guidelines cover a variety of content, and reports on how YouTube enforces its policies. However there are a number of instances of current and pending legislation around the world that will affect how the company monitors content. We are supporting this resolution because additional disclosure on how the company minimises legal risk by aligning its policies with these regulations will provide shareholders with a valuable information.
	Resolution 14. Report on Content Governance and Censorship	Against	<ul style="list-style-type: none"> <li>Proposals do not add any value or strong case not made</li> </ul>

	Resolution 15. Commission Independent Assessment of Effectiveness of Audit and Compliance Committee	For (Exceptional)	We co-filed this shareholder resolution and are supporting it. We request an independent assessment of the Audit and Compliance Committee's oversight beyond legal compliance of the material risks to public well-being from company operations. There are a variety of concerns around data privacy, antitrust, mis- and disinformation, and AI development. An assessment of the Audit and Compliance Committee's effectiveness in board oversight could help provide shareholders with valuable information on how well the company is managing civil and human rights-related controversies.
	Resolution 16. Amend Bylaws to Require Shareholder Approval of Certain Provisions Related to Director Nominations by Shareholders	Against	<ul style="list-style-type: none"> <li>Proposals do not add any value or strong case not made</li> </ul>
	Resolution 17. Adopt Share Retention Policy For Senior Executives	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. We are supportive of executives holding shares within the company and creating a greater alignment between the interests of top executives and investors.
	Resolution 18. Approve Recapitalization Plan for all Stock to Have One-vote per Share	For (Exceptional)	We support the one share-one vote principle and are supporting this resolution, as it would convey to the board non-affiliated shareholders' preference for a capital structure in which the levels of economic ownership and voting power are aligned.

However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review.
	Resolution 5. Place Authorised but Unissued Shares under Control of Directors	For	
	Resolution 6.1. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution. Discretionary payments can be made (sign-on awards and DSTI arrangements). We are typically opposed to such discretionary payments if these are without proper justification by the Company. The usage of this discretion will however be kept under review; no such payments were made in FY2022.

	Resolution 6.2. Approve Remuneration Implementation Report	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as specific performance targets are not disclosed for annual bonuses awarded during the year; there are however limited concerns on pay outcomes. Disclosure is more fulsome for the LTIP, which is appreciated. Our need for greater disclosure on short-term incentives will be communicated to the company through engagement.

	Resolution 4. Approve Financial Assistance in Terms of Sections 44 and 45 of the Companies Act	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as the financial assistance provision is too broad. This proposal includes a general authority relating to the provision of financial assistance to any other person, in addition to assistance provided to related or inter-related parties. This is a broad authority that some shareholders may prefer to approve in advance. However, the Company has explained that this wording has been included for the sole purpose of facilitating the mechanics of the group's preference share funding business.

Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

<b>PAGEGROUP PLC</b> <b>AGM</b> <b>01/06/2023</b> <b>United Kingdom</b>	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Policy	For (Exceptional)	<p>Under normal circumstances, we would not be able to support this resolution. The variable pay opportunity of the CFO under the ESIP will increase from 325% to 375% of salary, equivalent to that of the CEO's opportunity. At the same time, his 2023 salary has been increased by 8%. Mitigating, the increase in the aggregate remuneration of the CFO is not material, but this primarily due to the reduction in the pension contribution. It is expected that the higher ESIP opportunity will be accompanied by a commensurate stretch in performance targets. Further, PageGroup has historically been relatively conservative on benchmark-driven increases. The increased level of the CFO's variable pay is in line with industry peers.</p>

	Resolution 3. Approve Remuneration Report	For (Exceptional)	<p>Under normal circumstances, we would not be able to support this resolution, as the CFO's base salary is being increased to GBP 414,000 from GBP 383,000, representing an increase of 8%. This is above the average workforce increase of 5.1% for FY2023. The Remuneration Committee felt that the CFO's remuneration package falls behind the market standards for CFOs. As a result, the Company decided to address this gap through a combination of a base salary amendment and an increase in the CFO's incentive opportunity, under its new remuneration policy.</p> <p>Consequently, the CFO's rebased salary will be positioned in the median of the base salaries of CFOs in the FTSE 250 and his overall pay package would not be considered particularly excessive. We will engage with the company to communicate that further significant increases will likely not be supported. A further point is that the Company is not an accredited Living Wage Employer. We don't currently have concerns on executive and employee pay alignment; however, we will engage with the company to understand how they plan to optimise pay for the wider workforce.</p>

However, we are mindful that this exceeds our guidelines by only one and we do not have further concerns regarding this director. We are supporting the re-election but we will however be keeping this under review.

YANTAI JEREH OILFIELD SERVICES GROUP CO LTD EGM 01/06/2023 China	Resolution 1. Approve Draft and Summary of Employee Share Purchase Plan (1)	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as through the ESPP proposed, the company is to issue its treasury shares to its employees at a discount of 50% to its repurchase cost, which will add to the company's expense and reduce the company's net profit during the amortization period. The company has failed to include enough positive features, such as challenging performance criteria and meaningful vesting conditions or vesting period (only two years), to mitigate concerns over discount. We however acknowledge that this plan will apply to the wider workforce, approximately 700 employees, nearly the total size of the workforce, and this plan can serve as a way to incentivise employees to acquire company shares.

However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 4. Advisory Vote on Say on Pay Frequency	For (Exceptional)	In the US, companies are now required to give shareholders a choice of one, two or three years for the preferred frequency of advisory say-on-pay votes. We have voted for our preferred frequency of one year.
	Resolution 5. Rescind Scope 3 GHG Reduction Proposal	Against	<ul style="list-style-type: none"> <li>• Proposals do not add any value or strong case not made</li> </ul>
	Resolution 6. Adopt Medium-Term Scope 3 GHG Reduction Target	Against	<ul style="list-style-type: none"> <li>• Proposals do not add any value or strong case not made</li> </ul>

	Resolution 7. Recalculate GHG Emissions Baseline to Exclude Emissions from Material Divestitures	For (Exceptional)	The company is being asked to recalculate its emissions baseline to not include asset divestitures. In particular, to disclose a recalculated emissions baseline that excludes the aggregated GHG emissions from material asset divestitures occurring since 2016, the year Chevron uses to baseline its emissions. Whilst we note that Chevron's accounting method is consistent with the EPA's greenhouse gas reporting program regulations, support is warranted for this proposal as accurate reporting in company emission reduction efforts is important to investors and international organizations have provided standard setting guidance that the request of the proposal is best practice regarding the transition to a low carbon economy. Chevron currently lags its peers in disclosing the impact of divestitures on its emissions reporting, and the proposed report would allow shareholders to know whether the emissions reductions the company has reported since 2016 were the result of operational changes, or from the divestment of assets responsible for emissions.
	Resolution 8. Establish Board Committee on Decarbonization Risk	Against	<ul style="list-style-type: none"> <li>Proposals do not add any value or strong case not made</li> </ul>

	Resolution 9. Report on Social Impact From Plant Closure or Energy Transition	For (Exceptional)	The company is being asked to report on the social impact of the energy transition of the company's facilities on workers and communities. Support is warranted for this proposal on this occasion as we believe it should play a role in helping provide security for impacted workers and communities as it prepares for and participates in a transitioning energy economy. We note that Chevron's human rights policy requires it to consider the impacts of its operations on communities. The company is also involved in IPIECA's just transition task force and discusses policy, technology, market, legal, and reputational risks stemming from the energy transition in its 2021 Climate Change Resilience Report. Progress aside, it has not yet appeared to address the socio-economic risks on workers or communities in a systematic fashion, and we believe existing disclosure can be enhanced to enable shareholders to evaluate the effectiveness of the its management of community relations and human capital-related risks.

	Resolution 12. Require Independent Board Chair	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chair to be an independent director. The resolution is not overtly prescriptive, as it suggests that this change can take place at the next CEO transition.

	Resolution 1.1. Elect Director Lawrence W. Kellner	For	
	Resolution 1.11. Elect Director Jeffrey W. Ubben	For	
	Resolution 1.12. Elect Director Darren W. Woods	For (Exceptional)	Under normal circumstances, we would not be able to support this director as we have concerns over this Director as he serves as combined CEO/Chair, a role we prefer to be split. We however recognise that other safeguards on the board are present (sufficient independence, an independent audit committee, the presence of a lead independent director, and an adequate average board tenure).

	Resolution 3. Advisory Vote to Ratify Named Executive Officers' Compensation	Against	<ul style="list-style-type: none"> <li>• Pay ratio is excessive (CEO vs employee)</li> <li>• Lack of performance related pay</li> </ul>
	Resolution 4. Advisory Vote on Say on Pay Frequency	For (Exceptional)	In the US, companies are now required to give shareholders a choice of one, two or three years for the preferred frequency of advisory say-on-pay votes. We have voted for our preferred frequency of one year.

	Resolution 8. Report on Methane Emission Disclosure Reliability	For (Exceptional)	<p>The company is being asked to issue a report that assesses the reliability of its methane emission disclosure. We note Exxon's goal to achieve near-zero methane emissions from its operated oil and gas assets by 2030. We also commend that Exxon is deploying new detection technology and expanding its continuous monitoring program to cover more of the company's assets, as part of its efforts to improve the reliability of its methane emissions reporting in its Advancing Climate Solutions 2023 Progress Report. However, support is warranted on this occasion as Exxon's current methane reporting provides insufficient information for shareholders to assess the board's management of related risks because it does not include direct methane measurements and global targets, and has not adopted the OGMP framework for measuring its methane emissions, which we consider to be best practice. Against the backdrop of increased regulatory pressure from the EPA, and recent potential controversies stemming from the company's methane emissions, shareholders would benefit from an assessment of the reliability of the company's methane emissions disclosures.</p>
--	---	-------------------	--

	Resolution 9. Adopt Medium-Term Scope 3 GHG Reduction Target	For (Exceptional)	The company is being asked by the proponent (FollowThis) to adopt a medium-term Scope 3 greenhouse gas emissions target aligned with the goals of the Paris Agreement. We note and commend recent steps to evolve and strengthen ExxonMobil's climate change disclosure and action, exemplified in its formal commitment to the Just Transition in May 2023 and most recent resiliency modelling, responding to shareholder feedback by explicitly using the IEA NZE scenario assumptions to show how its business could change under that decarbonization pathway and by enlisting an independent auditor to confirm the integrity of its model. Progress notwithstanding, support is warranted for this proposal as a signal to the board that stronger independent oversight and board management of climate risks at the company is necessary. In terms of key areas to see improvement, we are looking for the company to build on its operational emission targets to include scope 3 GHG emissions.
	Resolution 10. Issue a Report on Worst-Case Impacts of Oil Spills from Operations Offshore of Guyana	For (Exceptional)	The company is being asked to produce a report evaluating the impacts of a significant oil spill in its operations off the shore of Guyana. Support is warranted for this proposal on this occasion as whilst the company already makes public its environmental impact assessments with some worst-case scenario modelling, additional analysis including less optimistic scenarios and information on remediation cost estimates, would be of value to shareholders.

	Resolution 11. Recalculate GHG Emissions Baseline to Exclude Emissions from Material Divestitures	For (Exceptional)	The company is being asked to recalculate its emissions baseline to not include asset divestitures. Whilst we note that Exxon's accounting method is consistent with the EPA's greenhouse gas reporting program regulations, support is warranted for this proposal as accurate reporting in company emission reduction efforts is important to investors. Exxon currently lags its peers in disclosing the impact of divestitures on its emissions reporting, and the proposed report would allow shareholders to know whether the emissions reductions the company has reported since 2016 were the result of operational changes, or from the divestment of assets responsible for emissions.
	Resolution 12. Report on Asset Retirement Obligations Under IEA NZE Scenario	Against	<ul style="list-style-type: none"> <li>Proposals do not add any value or strong case not made</li> </ul>

	Resolution 13. Commission Audited Report on Reduced Plastics Demand	For (Exceptional)	The company is being asked to produce an audited report analyzing potential future reduction of demand for virgin plastics and the resulting financial repercussions. A vote for this proposal is warranted on this occasion. ExxonMobil has improved disclosure in its Advancing Climate Solutions 2023 Progress Report, and it is researching advanced recycling technologies and plastic materials that could result in more recyclable products and has funded organizations that are dedicated to increasing recycled waste. However, quantification of the company's polymer production for single-use plastics markets, a summary of the company's investments that could be materially impacted by the SCS or a similar low-plastics-demand scenario, and plans or goals to shift its business model to recycled plastics such as through recycling technologies could help shareholders assess the company's strategy related to plastics production and how resilient the company's plans are to future regulations and changes in consumer preferences.
	Resolution 14. Report on Potential Costs of Environmental Litigation	For (Exceptional)	The company is being asked to present an assessment of the potential cumulative risk from environment-related litigation. Support for this proposal is warranted on this occasion. Whilst the company already discloses what it considers to be material litigation risk, litigation risk appears to be increasing and shareholders would benefit from an outside, professional evaluation of the cumulative litigation risks facing the company in order to have confidence that the board and management are exercising proper oversight and leadership of these new, rapidly evolving legal challenges.

<b>MEDIATEK INC</b> <b>AGM</b> <b>31/05/2023</b> <b>Taiwan (Republic of China)</b>	Resolution 1. Approve Business Operations Report and Financial Statements	For (Exceptional)	Under normal circumstances we would have voted against this resolution to reflect concerns over the lack of gender diversity (both on the Board and in senior leadership positions) and noting there are no relevant directors up for re-election that we would (instead) usually target. However, we have exceptionally supported the resolution in recognition that the company has recently appointed a woman to the Board, this being the first female appointment. Although we recognise that this is a small step, diversity is one of the issues we engaged with the company on last year and we hope to see further progress over the next year or so. This appointment also improves the independence of the Board.

	Resolution 4. Approve Recapitalization Plan for all Stock to Have One-vote per Share	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. We support the concept of one share one vote and have concerns with the company's multi share class structure.

	Resolution 5. Report on Human Rights Impact Assessment of Targeted Advertising	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. An independent Human Rights Impact Assessment would help shareholders better assess Meta's management of risks related to its targeted advertising policies and practices.
	Resolution 6. Report on Lobbying Payments and Policy	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Additional reporting on the company's direct and indirect lobbying practices, policies, and expenditures would benefit shareholders in assessing its management of related risks.
	Resolution 7. Report on Allegations of Political Entanglement and Content Management Biases in India	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. While the company has done some work in this area following previous criticism, shareholders would benefit from additional disclosure regarding potential political entanglement and how the Company is managing the associated risks.
	Resolution 8. Report on Framework to Assess Company Lobbying Alignment with Climate Goals	For (Exceptional)	This item is being referred for internal consideration. The request is not considered overly onerous or prescriptive, and greater transparency of the company's direct and indirect climate lobbying, and how the company would plan to mitigate any risks that might be identified would be beneficial.
	Resolution 9. Report on Data Privacy regarding Reproductive Healthcare	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Such disclosures could be beneficial.
	Resolution 10. Report on Enforcement of Community Standards and User Content	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Increased transparency and disclosure on how the company is managing material risks related to misinformation and harmful content would be beneficial to investors.

	Resolution 11. Report on Child Safety and Harm Reduction	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. As the company has faced controversies in this area additional disclosure on how the company measures and tracks metrics related to child safety on the company's platforms would give shareholders more information on how well the company is managing related risks.
	Resolution 12. Report on Executive Pay Calibration to Externalized Costs	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. This proposal appears to align with our thinking in terms of using more ESG measures within incentives.
	Resolution 13. Commission Independent Review of Audit & Risk Oversight Committee	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. An independent assessment of the Audit and Risk Oversight Committee's capacities and performance would allow shareholders to gain more information on how the company is overseeing and managing related risks.

	Resolution 14. Authorize Repurchase of Up to 10 Percent of Issued Share Capital	For (Exceptional)	Under normal circumstances we would have opposed because this authority can be used during a takeover period. Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

On review, however, the increase is also driven by benefits amounting to ZAR 920,000 (FY2022: 99,000). Year-on-year guaranteed pay change is at 9%. There is no explanation on the substantial increase in amounts relating to his benefits. Nonetheless, it is highlighted that overall TGP increases have followed market alignment with the comparator group as indicated in the integrated annual report.

	Resolution 24. Approve Opinion on Quantification of the Company's Various Scope 3 Action Levers	For (Exceptional)	Given the concerns raised by the climate transition plan at the 2022 AGM, the quantification of the scope 3 initiatives is necessary to comprehensively assess the relevance of the company's objective of reducing these emissions by 29% by 2030. We also would need more precise language around several levers: - Supplier commitment: getting 600 suppliers to commit to the Food Transition Pact by 2030; Carrefour's 100 biggest suppliers will be required to adopt a 1.5°C trajectory by 2026 or risk being delisted. - Responsible production: 100% of products from Carrefour Quality Lines committed to an agro-ecological approach by 2025 - Packaging reduction and the circular economy: 20,000 tons of packaging saved, including 15,000 tons of plastic packaging by 2025 (cumulative since 2017); 100% reusable, recyclable, or biodegradable packaging by 2025. - Waste and food waste management: reducing food waste by 50% by 2025 (compared to 2016); 100% recovery of store waste by 2025. - Fight against deforestation: reducing the amount of beef from critical areas by 50% by 2026 and 100% by 2030 Considering that this information is critical, the company is expected to disclose the levers quantification as soon as practically possible.

	Resolution 13. Approve 2022 Climate Report	For (Exceptional)	<p>Exceptional support is warranted on this occasion as we welcome the improvement in the company's climate-related disclosures in its 2022 Climate report. Significantly more detail is provided, notably on capex, its policies for a just transition, on methane emission measurement and on its approach towards climate-related lobbying of industry associations. The reduction in Scope 3 is also positively viewed, as is the decision not to progress with the Valeria mine plan. With the expectation of continued progress, we look forward to constructive challenge and engagement with the company, seeking improvements specifically on the following by next year's AGM: - Clarify how its forward thermal coal production is considered Paris aligned by demonstrating how its coal-specific pathway maps against the IEA's Net Zero Emissions pathway. - Demonstrate how its thermal coal CAPEX for thermal coal is considered Paris-aligned by improving its existing capital allocation and production guidance for thermal coal beyond 2025. - To provide the market with greater reassurance in its intentions for its direct climate and energy policy advocacy, as well as collaboration with industry associations, to be undertaken on a consistent and Paris-aligned basis. In particular, more comprehensive disclosure of policy positions/engagement activities of industry associations, a clear methodology for assessing alignment, and disclosure of clear deadlines for associations that do not amend misaligned practices.</p>

	Resolution 14. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as pay outcomes are significant (indicated by a larger CEO: employee pay ratio), and some structural concerns persist (significant fixed pay, and the quantum of the restricted share plan). On balance, support is considered warranted, as pay is broadly aligned with performance, which has improved significantly in comparison to the previous year. Ahead of the next AGM, we will look to see a reduction in the CEO to employee pay ratio, or request a strong explanation to justify its magnitude.
	Resolution 15. Authorise Issue of Equity	For	
	Resolution 16. Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 17. Authorise Issue of Equity without Pre-emptive Rights in Connection with an Acquisition or Other Capital Investment	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. 	Resolution 18. Authorise Market Purchase of Ordinary Shares	For	

	Resolution 19. Resolution in Respect of the Next Climate Action Transition Plan	For (Exceptional)	<p>The company is being asked to provide greater clarification and information on how their thermal coal production aligns with Paris Agreement objectives, as well as how they aim to align associated capital expenditure. We note the progress Glencore has made in recent years in areas such as managing methane emissions, better transparency and their approach to a Just Transition. However, we intend to cast our proxy vote in support of this motion as further clarification on how plans for thermal coal production and capital expenditures are Paris-aligned would be valuable when the company presents a fresh plan in 2024. Given the material contributions of the thermal coal portfolio to the wider business, it is imperative to understand the degree to which Glencore is exposed to transition risk. Currently the company's forward thermal coal production and extent of alignment with the Paris Agreement is not currently demonstrated to shareholders, nor is there guidance on how coal capex is aligned post 2025. This is particularly important against the backdrop of the company's recent expansionary activity in the area of thermal coal, as, in 2022, Glencore progressed its intention to gain approval for thermal coal expansions at the Glendell and Hunter Valley Operations coal mines. To this end, we believe disclosing this additional information would have the advantage of making the company's plan more transparent, better equipping shareholders to evaluate the company's long-term value creation paradigm.</p>

Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 14. Approve the Company's Sustainable Development and Energy Transition Plan	For (Exceptional)	Under normal circumstances, we would not support this resolution as we lack conviction that current disclosure of targets/emissions meet the goal of limiting global warming to 1.5 degree. However, support is warranted on this occasion as TotalEnergies has continued to demonstrate progress strengthening its climate ambitions/ disclosure to align with feedback. For example, it has strengthened its worldwide Scope 1+2 emissions reduction targets by 2025 as well as Scope 3 oil and carbon intensity targets by 2030. The company's capex forecast also provides an increase in net investments relative to low-carbon energies, which should exceed investments in fossil products by 2030. TotalEnergies also has the highest ambition of its European peers for shifting towards low carbon alternatives (33% by FY30) and is the only company with a significant target of 100 GW of installed capacity by FY30. Continuing support, however, for the company's climate strategy is conditional on seeing further progress, most notably: strengthened absolute Scope 3 emissions target; Clearer disclosure of growth production forecast and plans to downscale fossil fuel exploration/production in alignment with IEA NZE scenario; Improvement in accounting methodology for emissions (include sale of third-party products); and strengthened disclosures regarding the potential contribution of captured GHG emissions to achieving it's emission reduction target

However, the company has provided a compelling rationale for a temporary higher ceiling. As announced, the repurchase authorization is mainly purposed for returning EUR 1.5 billion in capital to shareholders coming from the sale of Aegon NL to ASR Nederland.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.</p>

	Resolution 5. Submit Severance Agreement (Change-in-Control) to Shareholder Vote	For (Exceptional)	This shareholder resolution requests that the Board seek shareholder approval of any senior manager's new or renewed pay package that provides for severance or termination payments with an estimated value exceeding 2.99 times the sum of the executive's base salary plus target short-term bonus. Support for this proposal is warranted given that the request applies only to future severance arrangements, the current agreements will not be affected, and the request offers flexibility as to when the board may seek shareholder approval of a new or renewed severance arrangement, such as at the next annual meeting.

<b>FERREXPO PLC</b> <b>AGM</b>	Resolution 1. Accept Financial Statements and Statutory Reports	For	

<b>25/05/2023</b> <b>United Kingdom</b>	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution for several reasons: Base pay for the CEO and highest paid director is in the upper quartile for the index on a balanced comparison which is not justified by performance or size of the company. EDs will receive a bonus despite the material uncertainty in relation to the company's going concern status. In addition, a significant majority of the bonus' metrics are tied to non-financial targets and payouts under these metrics are not congruent with those of its financials. Further, the company's EDs are receiving variable remuneration for responsibilities that could be considered to be part of an ED's day-to-day role. Finally, the shareholder experience in FY2022 has not been a positive, with the share price falling by approximately 2/3 during the year under review and the dividend by 75%. To balance, we recognise that the company has been operating under difficult circumstances from the ongoing conflict in Ukraine, and has faced significant geopolitical headwinds during FY2022. In light of the Russian invasion of Ukraine, the Company has made adjustments to its 2020 LTIP. Taking these adjustments into account, the LTIP paid out at 100% of the maximum. However, the number of granted shares was reduced to 71.6% of the total to reflect the performance period prior to Russia's invasion of Ukraine. This measure is positively acknowledged, as is the need to maintain certain remuneration outcomes to incentivise senior staff to remain with the company.

Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

<b>25/05/2023</b> <b>United Kingdom</b>	Resolution 2. Approve Remuneration Policy	For	
	Resolution 3. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as the CFO is receiving a workforce-aligned salary increase of 5% which is further inflated by an increased 2023 LTIP opportunity from 125% to 150% of salary. However, it is acknowledged that this increase is still positioned at the bottom end of the workforce increase level range and that the CFO's salary started at a below-market rate as by the time of her appointment to the Board in 2019, this was her first PLC CFO role. The Company also notes the increase in her role and responsibility. The Company is not an accredited Living Wage Employer. The CEO to median employee pay ratio is quite low, however, at 37:1, and as such, we will not be voting against this resolution for this reason at this time.
	Resolution 4. Approve Final Dividend	For	

	Resolution 5. Re-elect Alan Giddins as Director	For (Exceptional)	Under normal circumstances we would have voted against the nomination committee Chair and Chair of the Board to reflects our concerns over the lack of women on the Board. However, we have exceptionally supported their re-election in recognition that women previously represented 33% of the Board but recent board changes (the imminent departure of Annette Kelleher) have meant that this number has fallen to 29% gender diversity. In addition, under normal circumstances we would have voted against the re-election of this director to reflect our concerns that, in aggregate they have too many board commitments. However, we have exceptionally supported their re-election given they are the Executive Director of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies. We also note that Paul Simmons stepped down from the Board on 18 July 2022 with Alan Giddins (formerly non-executive Board Chair) taking over as interim Executive Board Chair on the same day. The Company is in the process of searching for a permanent CEO.

	Resolution 12. Authorise Issue of Equity without Pre-emptive Rights in Connection with an Acquisition or Other Capital Investment	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 5. Amend Omnibus Stock Plan	For	
	Resolution 6. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.
	Resolution 7. Submit Severance Agreement (Change-in-Control) to Shareholder Vote	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted given that the request applies only to future severance arrangements, the current agreements will not be affected, the request offers flexibility as to when the board may seek shareholder approval of a new or renewed severance arrangement, such as at the next annual meeting, and it is positive for shareholders to have the ability to vote on severance amounts that exceed market norms.

	Resolution 3. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as the policy continues to provide a wide discretion to the Remuneration Committee when determining vesting outcomes on outstanding LTIP awards in good leaver circumstances. A major positive to the policy, however, is the removal of the ability to award a maximum of 400% of salary in exceptional circumstances, and restrict the maximum LTIP to 200%, which is the normal limit. This enables the grant of awards under the LTIP over the normal limit only in case of buyout awards at the time of recruitment. The usage of discretion for good leavers will be kept under review when implemented.
	Resolution 4. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as the company's 2022 and 2023 LTIP grant has reverted to the maximum policy limit of 200% of salary. Since company's share price has still not returned to pre pandemic levels, this has led to a significant increase in the number of shares granted to the Executive Directors. Mitigating, the committee states that the LTIP grant level for 2020 and 2021 was reduced substantially and the Committee will take this and all other relevant circumstances into account in considering the appropriate grant level for 2023.

However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

<b>VANQUIS BANKING GROUP PLC AGM</b>	Resolution 1. Accept Financial Statements and Statutory Reports	For	

<b>25/05/2023</b> <b>United Kingdom</b>	Resolution 2. Approve Remuneration Policy	For (Exceptional)	<p>Under normal circumstances we would have voted against the remuneration policy as target bonus as a percentage of maximum is being raised from 50% to 60%. However, we have exceptionally supported following assurances provided by the Company that in fact, its approach to target levels of payout has not changed. The Company set internal targets/achievement levels which would pay out a 50% of bonus if a given target was achieved and this is its best estimate of the relative difficulty of achieving bonus levels between itself and its competitors. The Company explains that it holds its senior executives to a higher standard and expects them to achieve a higher level of performance for which it would pay a target bonus of 60% of maximum. Our support also reflects improvements to the pay framework. From FY2023, all executives' pension contribution levels will be aligned with the workforce's level of 10%, as compared to the previous approach (prior to 31 December 2022) that the incumbent CEO's pension level was at 15% of salary. Also, an additional criterion relating to ESG has been included as a part of the RSP underpin assessment and malus and clawback provisions have been improved. However, this is not a vote against in recognition of some improvements to the pay framework. From FY2023, all executives' pension contribution levels will be aligned with the workforce's level of 10%, as compared to the previous approach (prior to 31 December 2022) that the incumbent CEO's pension level was at 15% of salary.</p>

Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 5. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 3.2. Elect Lin Cheng-Tien as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this director to reflect our concerns that, in aggregate they have too many board commitments. However, we have exceptionally supported their re-election given they are the Executive Director of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies.
	Resolution 3.3. Elect Shih Chih-Hung as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this director to reflect our concerns that, in aggregate they have too many board commitments. 	Resolution 20. Authorize Issuance of Equity or Equity-Linked Securities with Preemptive Rights up to Aggregate Nominal Amount of EUR 600 Million	For (Exceptional)	In normal circumstances, we would vote against as the general authority sought equates to 70.7% of the company's share capital which exceeds guidelines of 50% of issued share capital. However, it will represent 49% after the acquisition of LeasePlan by ALD, which is expected to be completed at the May 22nd, 2023 AGM. As such, we will support it this time.

	Resolution 21. Authorize Issuance of Equity or Equity-Linked Securities without Preemptive Rights up to Aggregate Nominal Amount of EUR 120 Million	For (Exceptional)	In normal circumstances, we would vote against as the authority would enable the Board to issue the equivalent of 14.14% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%. However, after the acquisition of LeasePlan by ALD, the expected limit will be 9.7%. As such, we will support it this time.
	Resolution 22. Approve Issuance of Equity or Equity-Linked Securities for Private Placements, up to Aggregate Nominal Amount of EUR 120 Million	For (Exceptional)	In normal circumstances, we would vote against as the authority would enable the Board to issue the equivalent of 14.14% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%. 	Resolution 23. Authorize Board to Increase Capital in the Event of Additional Demand Related to Delegation Submitted to Shareholder Vote Above Under Items 20-22	For (Exceptional)	In normal circumstances, we would vote against as this authority would enable an issuance to be increased by up to 15 % where additional demand existed (or 10% for acquisitions). However, after the acquisition of LeasePlan by ALD, the expected limit will be 9.7%. As such, we will support it this time.

	Resolution 4. Advisory Vote on Say on Pay Frequency	For (Exceptional)	In the US, companies are now required to give shareholders a choice of one, two or three years for the preferred frequency of advisory say-on-pay votes. We have voted for our preferred frequency of one year.
	Resolution 5. Amend Omnibus Stock Plan	For	
	Resolution 6. Report on Climate Risk in Retirement Plan Options	Abstain	<ul style="list-style-type: none"> <li>• Proposals do not add any value or strong case not made</li> </ul>
	Resolution 7. Report on Customer Due Diligence	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted. Shareholders would benefit from increased transparency and disclosure on how the company is managing human rights-related risks.

	Resolution 8. Revise Transparency Report to Provide Greater Disclosure on Government Requests	For (Exceptional)	We are supporting this resolution because it is in line with our engagements with Amazon to disclose more information on removal or restriction of content and products due to government requests. Amazon has demonstrated slow progress in adopting and effectively implementing policies and practices that prevent, mitigate and remedy their negative impacts on people's digital rights, as reflected by their 'ranking digital rights' score. Amazon falls short of our expectations to align with the UNGPs.
	Resolution 9. Report on Government Take Down Requests	Against	<ul style="list-style-type: none"> <li>Proposals do not add any value or strong case not made</li> </ul>
	Resolution 10. Report on Impact of Climate Change Strategy Consistent With Just Transition Guidelines	For (Exceptional)	Whilst Amazon has announced climate change strategy which sets out its targets on carbon emissions reduction, the company does not clearly disclose whether and how it has considered human capital management and community relations issues related tot the transition to a low-carbon economy as part of its climate strategy. We are therefore supporting this resolution.
	Resolution 11. Publish a Tax Transparency Report	For (Exceptional)	This shareholder resolution is requesting that Amazon report its tax payments in accordance with the GRI Tax Standard. We are supporting this resolution as it would enable shareholders to better assess the company's tax practices in non-US markets and its management of risks related to taxation reforms. This is the second year that Amazon has received this proposal, which received 17.5% support last year.

	Resolution 12. Report on Climate Lobbying	For (Exceptional)	The request is not considered overly onerous or prescriptive, and shareholders would benefit from greater transparency of the company's direct and indirect climate lobbying, and how the company would plan to mitigate any risks that might be identified.
	Resolution 13. Report on Median and Adjusted Gender/Racial Pay Gaps	For (Exceptional)	This item is requesting a report on median pay gaps across race and gender. Whilst Amazon publishes several different statistics and a pay equity statistic for 2022 compensation, the company does not publish for its US or global workforce, the same gender pay gap statistic that it publishes in the UK. Given the need for consistency in reporting an better understanding of the progress the company is doing on diversity and inclusion, we support this resolution. Publishing the unadjusted pay gap statistic could increase accountability.
	Resolution 14. Report on Cost/Benefit Analysis of Diversity, Equity and Inclusion Programs	Against	<ul style="list-style-type: none"> <li>Proposals do not add any value or strong case not made</li> </ul>
	Resolution 15. Amend Bylaws to Require Shareholder Approval of Certain Provisions Related to Director Nominations by Shareholders	Against	<ul style="list-style-type: none"> <li>Lack of disclosure</li> </ul>

	Resolution 16. Commission Third Party Assessment on Company's Commitment to Freedom of Association and Collective Bargaining	For (Exceptional)	We are supporting this resolution because we believe shareholders, Amazon and its employees, will benefit from a third-party assessment of its adherence to its freedom of association policies and practices. We have been engaging with Amazon on this issue and have concerns on the number of controversies around allegedly engaging in anti-union activities, especially how Amazon puts neutrality into practice. We see this as a global issue, not isolated to the US its labour law.
	Resolution 17. Consider Pay Disparity Between Executives and Other Employees	Abstain	<ul style="list-style-type: none"> <li>Proposals do not add any value or strong case not made</li> </ul>
	Resolution 18. Report on Animal Welfare Standards	Abstain	<ul style="list-style-type: none"> <li>Supportive of resolution but company has made progress</li> </ul>
	Resolution 19. Establish a Public Policy Committee	For (Exceptional)	By establishing a dedicated Public Policy Committee, the board will ensure better accountability over sustainability issues, and is likely to improve the company's management of key public policy risks.
	Resolution 20. Adopt a Policy to Include Non-Management Employees as Prospective Director Candidates	For (Exceptional)	This shareholder proposal asks the company's board to adopt a policy to include non-management employees as prospective director candidates. Given the significant controversies related to employees treatment and health and safety concerns, we are supporting this resolution. The board has been unable to demonstrate how it fulfils its fiduciary duty on overseeing this risk. Adopting a policy to include non-management employees on the board could help the company resolve worker grievances and address shareholder concerns.

	Resolution 21. Commission a Third Party Audit on Working Conditions	For (Exceptional)	This shareholder proposal asks Amazon to conduct a third-party audit and disclose a report on warehouse working conditions. We are in favour of this resolution because of the concerns that have been raised around warehouse working conditions following several controversies. Amazon is under significant scrutiny for its practices and how it enforces its human rights policies. This is the second time Amazon has received this proposal. Last year, 44 percent of shareholders supported the proposal
	Resolution 22. Report on Efforts to Reduce Plastic Use	For (Exceptional)	Plastic use has been a key engagement topic with Amazon. We have not received sufficient reassurance that the company is setting itself absolute targets to reduce its use of virgin plastics and limit its environmental footprint globally. A shareholder has filed a precatory proposal requesting that Amazon issue an annual report on plastic packaging pollution, including an assessment of its efforts to reduce the impacts on the environment. We are therefore supporting this resolution as it is in line with our concerns around plastic waste. This is the third time that Amazon has received this proposal. In 2021 and 2022, the proposal received 35.5 percent and 48.9 percent of shareholder support respectively.
	Resolution 23. Commission Third Party Study and Report on Risks Associated with Use of Rekognition	For (Exceptional)	We are supporting this resolution as shareholders would benefit from increased transparency and disclosure on how the company is managing human rights-related risks, especially privacy and civil rights.

	Resolution 3. Advisory Vote to Ratify Named Executive Officers' Compensation	For (Exceptional)	Under normal circumstances, we would have voted against the remuneration report to reflect ongoing concerns over the CEO: Employee pay ratio which at 374:1 is somewhat problematic. However, this has reduced from 428:1 (FY21) and the disclosed median compensation of all employees has increased from \$37,616 to \$48,998. More broadly, pay arrangements and outcomes for the year under review are considered acceptable.
	Resolution 4. Advisory Vote on Say on Pay Frequency	For (Exceptional)	In the US, companies are now required to give shareholders a choice of one, two or three years for the preferred frequency of advisory say-on-pay votes. We have voted for our preferred frequency of one year.

	Resolution 4. Require Independent Board Chair	For (Exceptional)	<p>This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.</p>

	Resolution 5. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as there is scope for improved disclosure of the targets under the bonus framework. In mitigation, the bonus payout for the year is aligned with the company's performance. Further, Executive Directors have received awards in form of one off bonuses and share awards under the company's pre IPO arrangements, however the one off payments/ awards are part of the company's legacy arrangements are not expected to be made in the normal course of business. We expect bonus disclosure to improve over time.
	Resolution 6. Elect Gilad Myerson as Director	For (Exceptional)	In normal circumstances we would be unable to support due to lack of ethnic diversity, lack of gender diversity, and being an executive chair. 	Resolution 17. Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as the authorities have not been split out under two separate proposals as recommended by the Pre-emption Group and therefore we are unable to support. We also have concerns over this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and we intend to monitor what companies actually do in practice. This the first year of Ithaca Energy as a public company. However, this might warrant a negative voting stance going ahead if the concern persists.

	Resolution 2. Approve Remuneration Policy	For	

	Resolution 3. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the remuneration report to reflect some concerns over pay outcomes for the year under review. For example, the 2020 LTIP awards vested at c. 85.5% of maximum and appear to benefit from the share price low due to COVID-19 (when awards were granted). Also, there was a sizeable annual bonus award despite the decline in profit and assets under management. This is part led to an increase in the CEO: Employee pay ratio from the previous year (77:1 for FY22 versus 52:1 in FY21). However, we have exceptionally supported given a number of positive changes and mitigating factors. The salary for the new CEO, Andrea Rossi is significantly below his predecessor (£875k versus £1m+) which we consider to be a prudent decision. That, together with the removal of the exceptional benefits package largely addresses the previous concerns over quantum and annual pay outcomes. Further, the Remuneration Committee applied a 10% downward discretion to the formulaic outcome of the 2020 LTIP awards (as a result of the £1.135 grant price in order to reach a decision that was fair and balanced) and on balance, given the bonus outcomes were c. 51% of maximum, there is no marked divergence between pay and performance

	Resolution 4.2. Approve Virtual-Only or Hybrid Shareholder Meetings	For (Exceptional)	Under normal circumstances we would have voted against as the proposed amendments provide the possibility for virtual-only shareholder meetings. However, we have exceptionally supported given that the company clarifies that it does not currently intend to hold virtual-only meetings, but is rather seeking the necessary legal basis in its articles to allow additional flexibility. Any decision to hold a virtual meeting will carefully take into account current best governance practices in Switzerland and it will be ensured that shareholders will have the same rights in a virtual meeting as in a physical meeting.
	Resolution 4.3. Amend Articles of Association	For	
	Resolution 4.4. Amend Articles Re: Restriction on Share Transferability	For	

	Resolution 5. Approve Remuneration Report	For (Exceptional)	<p>Normally we would have not supported the remuneration report due to the lack of disclosures of the MPP. Specifically, performance fee targets for years 6 to 14 are not disclosed. Also, the company does not provide a monetary breakdown of the LTI awards that vested during the year, and actual performance fee payouts are not disclosed. We have exceptionally supported because of improved disclosures since last year. Specific performance factors and corresponding nominal amounts are disclosed for the pool assessment process. The company now discloses the specific financial targets and results underlying the quantitative measures, as well as a more granular assessment of the specific strategic and ESG achievements underlying the qualitative measures. With regard to the performance conditions after grant for the MPP, specific ex-ante targets are disclosed for the management fee EBIT component in years 1 to 5. We note that performance targets are not applied for the share-based participation plan and awards under this plan are quite generous. However, there is no annual bonus scheme for EDs so pay arrangements are very long-term focussed which we welcome. Whilst overall pay outcomes are not considered excessive for the size and company, we are mindful that the CEO's compensation increased from CHF 7.82 million in 2021 to CHF 9.084 million in 2022 so better disclosure on the LTI arrangements will help shareholders better assess the appropriateness of outcomes.</p>

	Resolution 6. Report on Risks Related to Fulfilling Information Requests for Enforcing Laws Criminalizing Abortion Access	For (Exceptional)	Support for this proposal is warranted, as extra disclosure on the potential risks and costs associated with the fulfilment of information requests for the enforcement of state laws related to reproductive rights would allow shareholders to assess how the company is managing such risks. In its supporting statement, the proponent writ's that the use of personal digital data for the enforcement of state laws that ban or limit abortion access has increased following the reversal of Roe v. Wade in June 2022. The filer writ's that PayPal collects sensitive consumer information that is accessible without consumer consent by states that criminalize abortion, per the company's privacy statement. The proponent argues that law enforcement relies on digital consumer data, which the company will provide, even if the requests seek evidence of consumer acts that were legal in the states where they occurred. The filer claims that PayPal is already complying with 'deletion rights' under California law where consumers may request that the company delete collected personal data, and it argues that there is brand benefit to upholding consumer privacy expectations. The proponent recommends that, in creating the report, Paypal consider the implementation of a data privacy policy where all consumers have 'deletion rights' and would be notified about law enforcement information requests.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

Re-elect Stefan Borgas as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this director to reflect our concerns that, in aggregate they have too many board commitments. However, we have exceptionally supported their re-election given they are the CEO of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. 	Resolution 6. Report on Efforts to Measure, Disclose and Reduce GHG Emissions Associated with Underwriting	For (Exceptional)	Support for this proposal is warranted, because it would help shareholders better evaluate the company's management of climate risks from its underwriting, investment, and insurance activities. The proponent points to the company reporting losses from natural disasters and increasing natural disaster costs in the wider economy. The filer also states that Travelers lags behind its peers on climate change, as 29 global insurers have joined the Net Zero Insurance Alliance. The proponent recommends the company discloses whether Travelers will begin measuring and disclosing the emissions associated with the full range of its underwriting, insuring, and investment activities and by when; and whether Travelers will set a Paris aligned, net zero target, for its full range of emissions and on what timeline.

	Resolution 7. Adopt Time-Bound Policy to Phase Out Underwriting for New Fossil Fuel Exploration and Development	For (Exceptional)	Support for this proposal is warranted because it would help shareholders better evaluate the company's management of climate risks from its lending and underwriting activities. Additionally, shareholders would benefit from a stronger alignment between the company's stated goals, its fossil fuel policy, and its actions regarding corporate responsibility. The proponent points out that other insurers have started adopting policies to ensure that their lending and financing do not contribute to new fossil fuel development. The filer reiterates arguments made in the proposal and contends the company offers little evidence about the risks posed by this proposal. It contends the company's restrictions on underwriting tar sands and coal plants and operations lag behind its peers, such as Chubb, Munich Re, AIG, Swiss Re, Generali, and Zurich. It further argues that the company is exposed to reputational risks. Participation with a protocol such as the Partnership for Carbon Accounting Financials or the Net-Zero Insurance Alliance would be a useful collaboration on the company's journey to measuring and disclosing its underwriting, investing, and insuring emissions.
--	---	----------------------	---

	Resolution 8. Oversee and Report on a Third-Party Racial Equity Audit	For (Exceptional)	Support for this resolution is warranted, as an independent racial equity audit would help shareholders better assess the effectiveness of Travelers efforts to address the issue of any inequality in its workforce and its management of related risks. There appears to be reasonable grounds as to why such an audit would be beneficial - The filers cite a report from the U.S. House Committee on Financial Services that ranks Travelers 20th in workforce race and ethnic diversity (out of 28 companies assessed). As demonstrated in the report, the company has an overrepresentation of Black or African American employees in lower-level positions and an underrepresentation at higher-level positions. The filers claim that Travelers has a lower percentage of people of colour on its board compared to industry peers. Additionally, the proponents argue that the company may face legal risk as it has previously settled a lawsuit alleging that it denied insurance to landlords renting to Section 8 voucher recipients who are predominately Black women.

<b>24/05/2023</b> <b>United Kingdom</b>	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would have voted against the remuneration report as the company is not accredited with the Living Wage Foundation and therefore there is no guarantee that the company pays / will continue to pay the Real Living Wage. However, this is not a vote against as no concerns have been identified with regards to executive pay so instead this issue will be considered as part of any engagement with the company or our voting in subsequent years. We also acknowledge a very low CEO to employee pay ratio (2022: 8:1; 2021: 10:1).
	Resolution 3. Approve Remuneration Policy	For	
	Resolution 4. Re-elect Phuthuma Nhleko as Director	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as this director serves as nomination committee Chair, who would be held accountable for our concerns over the lack of women on the Board. In terms of female participation in the workforce generally, there were 26% women colleagues overall, with 14% of Senior Management roles held by women during the year, which denotes an improvement compared to FY2021 (29% and 10% respectively). We recognise that Phuthuma Nhleko has not served in the role of nomination committee chair for long. We will thus revisit this vote ahead of the next AGM, when any lack of progress will convert into stricter voting action. We also have concerns over their aggregate board commitments, albeit they are not significant. His external mandates will be kept under review.

<p><b>24/05/2023</b> <b>United Kingdom</b></p>	<p>Resolution 2. Approve Remuneration Policy</p>	<p>For (Exceptional)</p>	<p>Under normal circumstances, we would not be able to support this resolution as the new policy proposes to increase the maximum opportunity available for the EDs. While the additional headroom will not be used for the current Executive Directors in 2023 and any proposed implementation will be backed by a specific rationale and detailed explanation, the timing is questioned as the Company has also awarded above-inflationary salary increases to the executive directors for FY2023. To balance, we engaged with this company in late 2022 through which we were able to understand the context of these proposed changes. The executive directors' pay profile is being increased from a considerably low level of pay, and the new pay opportunities don't stand out as excessive. A further positive change is that the level of deferred bonus will increase from 25% to 33% of award.</p>
--	--	------------------------------	--

	Resolution 3. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as salary increases to the CEO and CFO of 19% and 13% respectively were granted in FY2023. It is noted that the Company has not provided a rationale on the increased complexity in the role of the EDs, which would justify the increased salary levels. These increases are above the level granted to the wider workforce at c. 7%. We engaged with the company on this matter, during which it was confirmed that this is serving as a one-off correction to raise a below-market rate set salary level. The remuneration committee was also able to confirm that further increases above workforce level are not warranted for current EDs. Lastly, the pension contribution level is being reduced significantly (from 18.75% of salary down to 6% of salary in one year).

However, we take into account the recent extensive changes in the executive team, with three different persons serving as CEO during the year under review. We also note that the bank has returned to full private ownership within the financial year under review; and that that a search for a successor has commenced as of September 2022. 	Resolution 7. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as the CFO is receiving a salary increase of 10%, significantly above the wider workforce's increase of 4%. The salary level now stands at EUR 550,000. There is further concern as the Company proposes a further 9% increase in 2024. However, the CFO's salary level and total pay opportunity continue to be positioned below market benchmarks and the strict limits in place due to the former state ownership are acknowledged. Due to lack of variable pay, the increase in salary also does not have any multiplier effect on total pay opportunity.

Channel Islands	Resolution 3.1. Approve Remuneration Report	For (Exceptional)	<p>Normally, we would not be able to support this resolution due to the following reasons:</p> <ul style="list-style-type: none"> <li>- At the end of the performance period for the 2020 LTIP, the Company made adjustments to some of its performance metrics, following a life of mine review for the Sukari mine, the largest mine in Egypt and the one mine in the company's portfolio that is actively in production.</li> <li>- The metrics of the 2020 LTIP were reset to ensure that the company's new EDs do not experience the negative ramifications of decisions made by their predecessors, and that the LTIP award operates as initially intended.</li> <li>- The salary increase of 8.3% for CEO Martin Horgan is above the increase granted to the company's UK- and Jersey-based employees at 6%, this increase represents the second part of a phased rise to the CEO's base salary, with Martin Hogan receiving a 10% increase for FY2022.</li> <li>- 20% of the annual bonus is tied to traditional financial metrics. Further, some of the financial and many of the non-financial bonus metrics are qualitative in nature, with little quantitative disclosure to justify the level of payout. In mitigation, given that the company is a miner endeavouring to facilitate a significant turnaround at its Sukari gold mine, it is viewed positively that the Company has linked 35% of its bonus to quantitative targets related to operational improvement.</li> <li>- The Company is not an accredited Living Wage Employer. We will engage with the company to understand how</li> </ul>
	Resolution 3.2. Approve Increase in Limit on the Aggregate Amount of Fees Payable to Non-executive Directors	For	

	Resolution 4.1. Re-elect James Rutherford as Director	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as he is the nomination committee chair, considered accountable for the limited (16%) representation of women in Senior Management (Executive Committee). This may be reflective of the market and sector in which the company operates. We recognise that the company is trying to increase the level of female participation in the workforce, demonstrated in the following excerpt from the company's response to stakeholder priorities: "In Egypt we are setting a new benchmark for diversity and inclusion within the mining sector. In 2022 we met our internal interim target for gender diversity of 2.7% and now employ 34 women in Egypt, two of whom are in positions of management and the majority in qualified roles. From a Group perspective, we are aiming to increase the representation of women in the workplace to a minimum of 3.8% in 2023".

	Resolution 7.1. Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 5. Re-elect Justin Atkinson as Director	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as the vote on the nomination committee Chair would reflect our concerns over the lack of women in senior leadership positions. This has fallen from 24% at the last AGM to 18% ahead of the 2023 AGM. We note in the company's annual report that certain efforts are being taken to attract a more gender-diverse workforce, and recognise that more than the majority of new graduate entrants in 2022 were female. This will be assessed on an ongoing basis.

	Resolution 14. Approve Remuneration Committee Report	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as between the FY2022 and FY2023 grants, the share price of the company reduced by c.15% which has resulted in a 23% increase in the number of shares awarded to the CFO for the FY2023 at the time of the RSP grant. In the event of a recovery, it is expected that the Remuneration Committee would reduce the number of shares at the point of vesting, if applicable, to guard against windfall gains.

	Resolution 16. Authorise Issue of Equity	For	
	Resolution 17. Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.
