Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the re-election of the Nomination committee Chair to reflect our concerns that there is no ethnic diversity on the board. However, we have exceptionally supported as we note that in 2021 a selection process was undertaken to identify suitable candidates to appoint to the Board as an additional Non-Executive Director. The final shortlist was of women only, with one from an ethnic background. Kate Beauchamp was appointed as an independent Non-Executive Director in March 2022. However, the Nomination Committee remains mindful of the Parker Review recommendation of Board's having at least one Director of colour by 2024 and ethnic diversity remains a key consideration for all future appointments. Should the issue not have been addressed by the 2024 AGM, we are likely to vote against the Nomination committee Chair.

	Resolution 4. Ratify PricewaterhouseCoopers LLP as Auditors	For (Exceptional)	Under normal circumstances we would be unable to support as the company has retained the same audit firm in excess of twenty years. Mandatory auditor rotation is an effective mechanism for mitigating the potential risks borne by long-term auditor-client relationships, and is a safeguard against improper audits. However, the timeframe is only one year over our policy and we do not have any further concerns.
	Resolution 5. Report on Risks Related to Operations in China	Against	<ul style="list-style-type: none"> <li>Proposals do not add any value or strong case not made</li> </ul>
	Resolution 6. Report on Access to COVID-19 Products	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Reporting on the impact of public funding on the company's pricing and access plans would allow shareholders to better assess the company's management of related risks. This is the third consecutive year that Merck has received a proposal on this topic. The proposal garnered 33.6 percent shareholder support in 2021 and 36 percent in 2022.
	Resolution 7. Adopt Policy to Require Third-Party Organizations to Annually Report Expenditures for Political Activities	Against	<ul style="list-style-type: none"> <li>Proposals do not add any value or strong case not made</li> </ul>

	Resolution 8. Report on Impact of Extended Patent Exclusivities on Product Access	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Shareholders would benefit from more robust disclosure of the company's processes and oversight mechanisms for managing risks related to anti-competitive practices.
	Resolution 9. Publish a Congruency Report of Partnerships with Globalist Organizations	Against	<ul style="list-style-type: none"> <li>Proposals do not add any value or strong case not made</li> </ul>
	Resolution 10. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. We prefer the roles of CEO and Chair to be split. The Chairman's role on a board is to evaluate and review the performance of management; this role is obviously compromised when the Chairman is also the CEO. While the company does have a lead director they have now been on the board for 13 years and we do not view them as independent. As such support for this proposal is warranted.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. 	Resolution 3. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would not be able to support the remuneration report. Under the LTIP granted in 2022, meeting the three, equally weighted, relative measures (TSR, ROACE growth and cash flow from operating activities growth) provide for a generous vesting outcome, it being equivalent to 40% for threshold vesting outcome, which equates to c. 144% of salary for 2022 grants, and c. 120% of salary for 2023 grants (because in 2023 awards, the company has removed relative ROACE as a performance condition, resulting in a reduction of relative performance conditions from 60% to 50% of the overall performance framework). However, we have exceptionally supported having taken a view of overall pay outcomes, as we do not see a lack of alignment to performance, especially relative to last year, when the vesting outcome was relatively generous despite the fact that the company underperformed against all three relative performance measures.

	Resolution 14. Re-elect Sir Andrew Mackenzie as Director	For (Exceptional)	Normally we would have voted against the re-election of the Chair as the company has not had its climate targets validated by the SBTi but, we recognise that new methodology is being developed for this sector. We commend progress by the company over the past year strengthening its climate ambitions/disclosure to align with investors, especially on operational emission reductions and enhancing disclosures around the opportunity set it has identified to mitigate direct emissions. We expect to see further progress in the following areas: Firstly, for Shell to strengthen the credibility of its scope 3 strategy by ensuring that its ambitions and investment in low carbon segments are underpinned by clear quantifiable targets and timelines. Secondly, a clearer understanding of how it aims to achieve absolute emission reductions across key customer sectors, identifying key limitations and constraints where further policy action is needed to accelerate the transition. Thirdly, clearer articulation of its vision for generating value from low-carbon segments by disclosing expected financial consequences under different climate-related scenarios. We will also continue to monitor the company's progress on managing deforestation. Shell features in the Forest 500 ranking with a score of less than 40%, indicating the company is exposed to deforestation risk but has a weak deforestation policy. We have engaged and have addressed a potential timing concern in relation to when Forest 500 scores are published

This plan however is an umbrella structure under which the Company operates various share plans, namely the LTIP, RSP and deferred bonus plan, and encompasses awards granted to all employees. For this reason, we will not be voting against this resolution.

	Resolution 25. Approve the Shell Energy Transition Progress	For (Exceptional)	<p>Shell is asking for shareholder approval of progress in 2022 against the goals of its 2021 plan. While certain deficiencies are highlighted, the company has adhered to the commitments set out in the 2021 plan, continuing to demonstrate significant progress strengthening its climate ambitions/disclosure to align with shareholder feedback. We commend areas of progress during the last year, such as operational emission reductions and enhancing disclosures around the opportunity set it has identified to mitigate direct emissions. We also note positive changes made in the alignment of executive remuneration. Our expectation of continued progress is further reinforced by the fact that the company has committed to review its Powering Up strategy during 2023, with the updated plan to be presented in 2024, under the new stewardship of a new CEO. While we acknowledge the positive direction of travel, continuing support for the company's climate strategy, however, is conditional on seeing further progress, most notably in the following areas: Firstly, strengthen the credibility of its scope 3 strategy by ensuring that its ambitions and investment in low carbon segments are underpinned by clear quantifiable targets and timelines. Secondly, how it aims to achieve absolute emission reductions across key customer sector. Thirdly, clear articulation of its vision for generating value from low-carbon segments by clearly disclosing expected financial consequences under different climate-related scenarios.</p>

	Resolution 5. Report on Efforts to Reduce Methane Emission Venting and Flaring in Supply Chain	For (Exceptional)	Proxy Impact, on behalf of Handlery Hotels, Inc., has submitted a precatory proposal asking that Targa Resources Corporation (Targa) issue a report that assesses policy options for reducing greenhouse gas (GHG) emissions from venting and flaring. A vote FOR this proposal is warranted, as an assessment of the company's policy options for reducing venting and flaring will allow shareholders to better determine the company's ability to mitigate risks and take advantage of opportunities related to lower methane emissions.

Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 6.4. Elect Sonali Chandmal as Independent Director	For (Exceptional)	<p>Under normal circumstances, we would not be able to support this resolution as the proposed term of office for this director is four years. We do not support proposed terms of office exceeding 3 years as we feel longer terms in office reduces director accountability to shareholders. However, we have exceptionally supported their appointment as we are mindful that the proposed term is just one year above our guidelines and that we have no concerns regarding this director, who is considered independent, and in fact improves the composition of the board.</p>

	Resolution 1b. Elect Director Robert A. Bradway	For (Exceptional)	Under normal circumstances we would be unable to support as this Director serves as combined CEO/Chair, a role we prefer to be split. The Chair's role on a board is to evaluate and review the performance of management; this role is obviously compromised when the Chair is also the CEO. In this instances while the lead independent has now been on the board for 10 years we start to raise concerns over his independence and would encourage the company to address this.

	Resolution 4. Ratify Deloitte & Touche LLP as Auditors	For	

	Resolution 5. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.
	Resolution 6. Issue Environmental Justice Report	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as further disclosure and metrics would help shareholders assess the company's management of environmental justice issues, as well as adequately track progress on these issues.

<b>MORGAN STANLEY AGM 19/05/2023 United States</b>	Resolution 1a. Elect Director Alistair Darling	For	
	Resolution 1b. Elect Director Thomas H. Glocer	For (Exceptional)	Under normal circumstances, we would have voted against the re-election of Tom Glocer, the Lead Director, as technically he is not deemed independent (having served on the Board 10 years), and given there are other non-independent directors, the Board does not quite meet our expectations on independence. Also, he sits on key board committees which should comprise independent directors only. However, we have exceptionally supported his re-election as we are mindful that he has only just served longer than what we would expect (i.e his tenure is not considered to materially compromise his independence) and overall Board composition is also not a material concern. Also, we are mindful that there has been some Board refreshment in recent years. As such, we consider some flexibility in approach is required and to ensure that the Board has a blend of experience and continuity, but to look to refresh the Board and sub-committees over the next year or two.

	Resolution 1c. Elect Director James P. Gorman	For (Exceptional)	Under normal circumstances we would not support this director as this Director serves as combined CEO/Chair, a role we prefer to be split. However, due to a number of safeguards in place we are comfortable to support.
	Resolution 1d. Elect Director Robert H. Herz	Against	<ul style="list-style-type: none"> <li>• Poor handling of Board/sub-committee responsibilities</li> <li>• Not independent and member of audit/remuneration committee</li> </ul>
	Resolution 1e. Elect Director Erika H. James	For	
	Resolution 1f. Elect Director Hironori Kamezawa	For (Exceptional)	Under normal circumstances, we would have voted against the re-election of this Director is non-independent (due to a lack of independence classification from the Company) and given there are other non-independent directors, the Board does not quite meet our expectations on independence. However, we have exceptionally supported his re-election as we are mindful that the overall Board composition is not a material concern and instead we would encourage the Board to clarify its position of this director's independence and also look to refresh the Board and sub-committee over the next year or two.
	Resolution 1g. Elect Director Shelley B. Leibowitz	For	
	Resolution 1h. Elect Director Stephen J. Luczo	For	
	Resolution 1i. Elect Director Jami Miscik	For	

	Resolution 1j. Elect Director Masato Miyachi	For (Exceptional)	Under normal circumstances, we would have voted against the re-election of this Director is non-independent (due to a lack of independence classification from the Company) and given there are other non-independent directors, the Board does not quite meet our expectations on independence. However, we have exceptionally supported his re-election as we are mindful that the overall Board composition is not a material concern and instead we would encourage the Board to clarify its position of this director's independence

	Resolution 2. Ratify Deloitte & Touche LLP as Auditors	Against	<ul style="list-style-type: none"> <li>• Auditor tenure</li> </ul>
	Resolution 3. Advisory Vote to Ratify Named Executive Officers' Compensation	Against	<ul style="list-style-type: none"> <li>• Inappropriate discretionary payments</li> <li>• Lack of retrospective disclosure on bonus awards</li> <li>• Pay ratio is excessive (CEO vs employee)</li> </ul>
	Resolution 4. Advisory Vote on Say on Pay Frequency	For (Exceptional)	In the US, companies are now required to give shareholders a choice of one, two or three years for the preferred frequency of advisory say-on-pay votes. We have voted for our preferred frequency of one year.

	Resolution 5. Reduce Ownership Threshold for Shareholders to Call Special Meeting	For (Exceptional)	Support for this proposal is warranted as a lower ownership threshold (from 25% to 10% of the share capital) would provide for a more useful special meeting right for shareholders.
	Resolution 6. Adopt Time-Bound Policy to Phase Out Underwriting and Lending for New Fossil Fuel Development	For (Exceptional)	The proponent expresses concern that without a specific policy to phase out its oil and gas financing, MS will be exposed to increased reputational, regulatory, and competitive risks going forward. The proponent states that there is a scientific consensus that limiting warming to 1.5 degrees Celsius entails ceasing the development of new oil and gas or coal mines beyond those already approved. It says the company has committed to net zero by 2050 but its policies are not aligned with net zero. It cit's MS's role as a leading financier of fossil fuels, reportedly providing \$137 billion in lending and underwriting between 2016-2021. We are mindful of the progress and commitments the company has made (it committed to achieve carbon-neutrality in its operations by the end of 2022, reduce intensity of Power emissions by 58 percent by Energy emissions by 29 percent by 2030., and has committed to financing \$750 billion by 2030 to accelerate the transition to a low-carbon economy. However, in principle we are supportive of the resolution as further commitments to phase out underwriting of fossil fuels are in our view required to ensure credibility of its commitments.

	Resolution 5. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. We prefer the roles of the CEO and chair to be split. The Chair's role on a board is to evaluate and review the performance of management; this role is obviously compromised when the Chair is also the CEO. While the company does have an independent chair in place we will like to see this continue going forward.
	Resolution 6. Commission Third Party Racial Equity Audit	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. 	Resolution 6. Re-elect William Jackson as Director	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this director as William Jackson is the Executive Chair - he effectively combines the role of CEO and Chair. This runs counter to the UK Governance Code and raises questions over whether there are sufficient checks and balances on the Board. However, we have exceptionally supported due to both the company's explanations and the safeguards in place to warrant this arrangement. In particular, this arrangement was in place / disclosed at the recent IPO and such an arrangement is commonplace in the alternative asset management industry. Furthermore, William Jackson has been engaged with the Group since 2000 and has been Managing Partner since 2003, and therefore provides stability and continuity through his detailed understanding of the group's operations and the sectors in which it operates in the period following the IPO. The company considers this to be in the best interests of the Group in order to utilise his proven leadership qualities and significant experience. At the time of any future Chair or Chief Executive appointment, it would be considered whether the separation of these roles is appropriate. Also, we are mindful that all of the non-executives are independent with adequate experience and a track record to ensure that there are sufficient checks and balances in place.

	Resolution 10. Re-elect Archie Norman as Director	For (Exceptional)	Under normal circumstances we would have voted against the nomination committee Chair to reflect our concerns over the lack of women on the Board. However, we have exceptionally supported their re-election in recognition that the Board resolved to address this in the year ahead. During 2023, it is therefore intended that one further Non-Executive Director appointment will be made.

	Resolution 13. Authorise Issue of Equity	For	

	Resolution 14. Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

<b>18/05/2023</b> <b>Bermuda</b>	Resolution 2. Approve Remuneration Report	For (Exceptional)	<p>Under normal circumstances, we would not be able to support this resolution because Executive Directors are awarded two annual LTIP grants equating, in aggregate, to awards of 200% and 120% of salary for the Executive Chair and Executive Director, respectively. A similar arrangement has been followed for FY2023, with the incoming CEO also receiving 2 LTIP awards equating to 200% of salary. The reliance on absolute TSR as a performance metric for the LTIP is somewhat concerning, but balanced by the usage of EPS as a metric. We note that the target ranges for absolute TSR, which are heavily exposed to gold prices. They are however considered relatively stretching, albeit having noted how they will be influenced by fundamentals going ahead. The achievement of target bonus performance pays out approx. 67% of the maximum opportunity, whereas we expect that target bonuses be set at no more than 50% of the maximum bonus potential. This will be communicated to the company as an expectation. The company's reception of this ask will be assessed ahead of the next AGM.</p>
	Resolution 3. Re-elect Alexander Davidson as Director	Against	<ul style="list-style-type: none"> <li>• Too many other time commitments</li> <li>• Not independent and member of audit/remuneration committee</li> <li>• Not independent and lack of independence on Board</li> </ul>

	Resolution 4. Re-elect David Abery as Director	For (Exceptional)	Under normal circumstances, we would vote against this director, the nomination committee Chair, to reflect our concerns over the lack of women on the Board and in senior leadership positions. We however acknowledge that the percentage of female representation on board decreased relative to the previous year due to the appointment of an additional male director, who serves the separate CEO role. The division of CEO and chair roles is considered a positive development from the perspective of a broader governance view. We will focus on engagement at this time to escalate our ask for greater female participation on the board and senior leadership. The lack of an adequate response to such an ask will result in a more stringent vote ahead of the next AGM.
	Resolution 5. Re-elect Michael Rawlinson as Director	For	
	Resolution 6. Re-elect Jamie Boyton as Director	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as this Director is the executive Chair, and the board also lacks sufficient independence (i.e. independent directors represent 43% of the board whilst we expect a majority). Moreover, we have concerns over the chair being non independent due to executive capacity and having served on the board for a significant amount of time. However, we note that he was previously the CEO in addition to being the Chair, so we are mindful that this represents an improvement on previous arrangements. Through engagement, we will ask for greater independence on the board.

A vote FOR this proposal is warranted, as shareholders could benefit from the unadjusted median pay gap statistics that would allow them to assess the company's risks and opportunities pertaining to gender and racial pay equity.

Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

<b>GENUIT GROUP PLC AGM</b>	Resolution 1. Accept Financial Statements and Statutory Reports	For	

<b>18/05/2023</b> <b>United Kingdom</b>	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we wouldn't be able to support this resolution as the CEO and the CFO were granted 312,534 and 189,753 shares respectively for the 2023 LTIP. The number of shares granted for FY2023 is c. 71% and c. 105% higher than the ones granted in FY2022. This material increase in the number of awards granted to the Executives in respect of their FY2023 LTIP award is explained by the significant fall in the company's year-on-year share price. The Company has not made a reduction to the FY2023 awards to acknowledge the fall in the share price, but it intends to include the ability to adjust the number of shares vesting in the event there is perceived to be a windfall gain on vesting. We note that the cyclical nature of the industry is responsible for the share price depression between the past two years. We also note that the company is not a Living Wage Employer. We will engage with the company to ask them how they will comply with this expectation. The CEO to median employee pay ratio (29:1) does not raise significant concern at this time.

However, we have exceptionally supported their re-election in recognition that women previously represented 33% of the Board but recent board changes have meant that this number has fallen below 33%.Female participation on board has consistently been at 33% for the past three years, hence we will support at this time. The company will be appointing a new NED during FY2023, and it is expected that female participation will increase ahead of the next AGM.

	Resolution 1e. Elect Director H. Edward Hanway	For (Exceptional)	Under normal circumstances we would have voted against the re-election of the Chair to reflect concerns over the lack of independence on the Board (in our view, independent directors represent just 50% of the Board), due to a large number of long-serving directors (6, including the Chair himself). Also, he sits on key board committees which should comprise independent directors only. However, we have exceptionally supported his re-election as we are mindful that there is a new CEO and therefore it is important to have some continuity to enable a smooth transition. We also acknowledge that there has been some refreshment of the Board in recent years.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 5. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 4. Require Independent Board Chair	For (Exceptional)	A vote FOR this proposal is warranted as shareholders would benefit from a policy requiring more independent oversight of management in the form of an independent chair. It is acknowledged that the lead director role is robust, the company has established governance guidelines and there are no concerns regarding board and committee independence, nor the company's governance practices at this time. We however support the objective of the resolution, which is to separate the roles of CEO and Chair going ahead, as a general appointment method.

	Resolution 3. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances, we would not support the Remuneration policy as non-executive directors are eligible to participate in the company's automatic enrolment pension plan, given its central role in the activities of the Company. The eligibility of non-executives for pension arrangements in addition to their fees is not in line with best practice as companies are expected to remunerate non-executives with basic fees only, and any additional form of remuneration can cause a potential conflict of interest that may affect a NED's independent judgement and decision making. However, we have exceptionally supported as non-executives are not eligible to participate in any performance-related elements of remuneration, and their pension levels are capped at those of the company's wider workforce, which at present stand at 5 percent of qualifying salary. As fees are not excessive, this additional benefit is not considered problematic. Moreover, executive pay levels are relatively modest.

Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 4. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would have voted against the remuneration report as concerns have been identified in respect of the vesting of the 2020 LTIP award, which is judged to have significantly benefitted from 'windfall gains'. The share price used (£7.13) to determine the grant value in 2020 was briefly impacted by the material uncertainty brought about the COVID-19 pandemic, leading to an increased number of shares being granted to cover the award. However, no amendment to the award at grant or vesting has been made. However, we have exceptionally supported as at the time we were comfortable with the award levels (200% of salary) which were 20% below the maximum level permitted by the Policy (250% albeit being the exceptional limit). Also, we are mindful that salaries at the time were positioned around lower quartile. However, as overall remuneration opportunity has increased since then, we will be paying additional scrutiny to pay outcomes going forward (windfall gains included).

<b>18/05/2023</b> <b>United Kingdom</b>	Resolution 2. Approve Final Dividend	For	
	Resolution 3. Approve Remuneration Report	For (Exceptional)	The Company has granted the FY2023 LTIP awards at the same level as those granted in the prior year, i.e. at 150% of salary for the CEO and at 125% of salary for the CFO. In this regard, it is highlighted that between the FY2022 and the FY2023 grants, the share price of the company reduced by approximately 21% which resulted in an increase in the number of shares awarded to the executives for the FY2023 grant (both CEO and CFO received approximately 33% more shares). Given that the CEO has recently stepped down, and the CFO is currently acting as interim CEO, it is not of interest to vote against this resolution due to the risk of potential windfall gains on the LTIP grant. This will be assessed at vesting time, as to whether windfall gains will inflate the vesting outcome.

The Chair's role on a board is to evaluate and review the performance of management; this role is obviously compromised when the Chair is also the CEO. We however recognise that the company is in the process of appointing a successor to Lance M Fritz for the role of CEO. As stated in a SEC filing dated 26 Feb 2023: "Following discussion between the Board and Mr. Fritz regarding the path for identifying Union Pacific's next CEO, in March 2022 the Board engaged a leading outside consultant and subsequently formed a task force of directors composed of each of the Board committee chairs in November 2022. The Board is seeking a CEO with a strong track record of success and expertise across safety, operational excellence, enhancing and driving customer service, innovation, employee culture and sustainability. The Board is focusing the process on highly-qualified candidates both within the industry and adjacent industries to identify a CEO capable of leading the Company for a long-term tenure. The Board expects to name a successor who will assume the position in 2023".

	Resolution 4. Advisory Vote on Say on Pay Frequency	For (Exceptional)	In the US, companies are now required to give shareholders a choice of one, two or three years for the preferred frequency of advisory say-on-pay votes. We have voted for our preferred frequency of one year.
	Resolution 5. Require Independent Board Chair	For (Exceptional)	A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.
	Resolution 6. Amend Bylaws to Require Shareholder Approval of Certain Provisions Related to Director Nominations by Shareholders	Against	<ul style="list-style-type: none"> <li>• Proposals do not add any value or strong case not made</li> </ul>
	Resolution 7. Adopt a Paid Sick Leave Policy	For (Exceptional)	A vote FOR this resolution is warranted as it would provide shareholders with greater assurance that the company's workforce has reasonable access to sick leave, which would provide consistent expectations as concerns regarding societal health are on the rise. Additionally, the implementation of this proposal would allow shareholders to better assess whether the company is adhering to its stated commitment to colleague health and its management of related risks. We recognise that the company has already made progress on this ask by initiating negotiations with certain unions to adopt a sick pay policy.

	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would have voted against the remuneration report as the company is not accredited with the Living Wage Foundation and therefore there is no guarantee that the company pays / will continue to pay the Real Living Wage. However, this is not a vote against as no concerns have been identified with regards to executive pay so instead this issue will be considered as part of any engagement with the company or our voting in subsequent years.

	Resolution 16. Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 3. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as the maximum opportunity of the annual bonus will increase for all EDs from 150% of base salary to 175%. The resulting bonus level is not considered to be out of line relative to market peers; we do note that the larger variable pay opportunities will bolster total quantum, given concerns on the company's approach towards salary setting. Support is however warranted, as we will opt to opine on target stretch within the context of the remuneration report.

	Resolution 5. Report on Efforts to Reduce Plastic Use	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Additional disclosure on the company's efforts to reduce its plastics use by shifting away from single-use packaging more aggressively would allow shareholders to better assess the company's related risk management.
	Resolution 6. Report on Lobbying Payments and Policy	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Additional disclosure of the company's direct and indirect lobbying payments would help shareholders better assess the risks and benefits associated with the company's participation in the public policy process.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 5. Adopt Share Retention Policy For Senior Executives	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted as the more rigorous guidelines recommended by the proponent may better address concerns about creating a strong link between the interests of top executives and long-term shareholder value.

	Resolution 14. Report on GHG Emissions Reduction Targets Aligned with the Paris Agreement Goal	For (Exceptional)	Support for this proposal is warranted because it would help shareholders better evaluate the company's management of climate-related risks from business activities. Chubb lags behind its peers on climate change. For example, it has not joined the Net Zero Insurance Alliance, and it has not adopted emissions reduction targets that are aligned with the goals of the Paris Agreement for its underwriting, insuring, and investment activities.
	Resolution 15. Report on Human Rights Risk Assessment	For (Exceptional)	Support for this proposal is warranted, as additional information regarding the processes the company uses to assess human rights risk and impacts in its operations, including its underwriting activities, would allow shareholders to better gauge how well the company is managing human rights related risks. For example, the proponent recommends that the report include the extent to which Free, Prior and Informed Consent, as articulated in the United Nations Declaration on the Rights of Indigenous Peoples, is considered or evaluated in the underwriting process; and the company's stakeholder engagement process, such as participating stakeholders, key recommendations made, and actions taken to address such recommendations.

Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 5. Require Independent Board Chairman	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

<b>IMPACT HEALTHCARE REIT PLC AGM</b>	Resolution 1. Accept Financial Statements and Statutory Reports	For	

<b>17/05/2023</b> <b>United Kingdom</b>	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances we would have voted against the Remuneration report due to the relatively large fee increases awarded to the non-executives. However, we have exceptionally supported in recognition of the disclosures in the annual report which explains that in going through the process of recruiting a new Chair, it was agreed that directors' fees would benefit from an independent review for the first time since the IPO in March 2017. As a result, the [Remuneration] Committee commissioned Fidelio Partners to conduct an independent review of the directors' remuneration. Having considered Fidelio Partners' report, the range of fees paid at comparable companies across the market and the time the directors spent on both planned and ad hoc meetings, the Board concluded that with effect from 1 January 2023, it should increase the Chair's fee from £48,500 to £60,000 and the fee for the non-executives from £35,000 to £40,000, with an extra £6,000 for the Audit Committee Chair. The Company believe these fees appropriately reflect the directors' responsibilities and workload and support its succession planning for the board, while remaining within the range of comparable peer companies. It is evident that there are numerous board and committee meetings which include plenty of ad-hoc meetings given the nature of this investment trust. As such we are comfortable with these increases but will of course be keeping any further increases under close review.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 15. Authorise Issue of Equity without Pre-emptive Rights in Connection with an Acquisition or Other Capital Investment	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 8. Elect Nicolas Peter to the Supervisory Board	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as the proposed term of office for this director is four years. We do not support proposed terms of office exceeding 3 years as we feel longer terms in office reduces director accountability to shareholders. However, we have exceptionally supported their appointment as we are mindful that the proposed term is just one year above our guidelines and that we have no concerns regarding this director, who is considered independent, and in fact improves the composition of the board.

	Resolution 6. Report on 2025 Cage-Free Egg Goal	For (Exceptional)	Shareholders ask Mondelez to disclose any annual glidepath benchmarks the company may have for achieving its global cage-free egg goal. If the company does not have any such glidepath, shareholders ask it to develop and disclose one. This should be done within three months of the 2023 shareholder meeting, at a reasonable cost, and omitting proprietary information. The company has a goal for 100 percent of its egg supply globally to be cage-free by 2025, excluding Ukraine and Russia. It reports that, as of the end of 2021, the company reports that 39 percent of eggs supplied globally were cage-free and 100 percent of the egg ingredients purchased in the U.S. and Canada were cage-free. While the company appears to be making progress, shareholders would benefit from increased disclosure that would help track the company's progress on its stated commitments regarding cage-free egg targets.
	Resolution 7. Report on Targets to Eradicate Child Labor in Cocoa Supply Chain	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as increased transparency on Mondelez's supply chain policies and processes could help alleviate related risks.

	Resolution 6. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 5. Require Independent Board Chair	For (Exceptional)	A vote FOR this proposal is warranted as shareholders would benefit from a policy requiring more independent oversight of management in the form of an independent board chair. The proposal is precatory, and states that the board would have the discretion to phase in the independent chair policy at the next CEO transition. Thus, the proposal does not seek an immediate change to the board leadership structure. While the company does have an independent chair in place we will like to see this continue going forward.

	Resolution 16. Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

<b>ALEXANDRIA REAL ESTATE EQUITIES INC</b> <b>AGM</b> <b>16/05/2023</b> <b>United States</b>	Resolution 1a. Elect Director Joel S. Marcus	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this director to reflect our concerns that, in aggregate they have too many board commitments. However, we have exceptionally supported their re-election given they are the Executive Director of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies.

	Resolution 19. Approve Issuance of Super-Subordinated Contingent Convertible Bonds without Preemptive Rights for Private Placements, up to 10 Percent of Issued Capital	For (Exceptional)	Under normal circumstances, we would have voted against the bond issuance authority as it potentially could be used to restrict potential takeovers. Shareholders should be able to consider such offers (i.e. by way of a vote at a general meeting) without Board intervention. Further, the issue price has a discount of 30%, being more than the generally accepted level of 10%. However, we have exceptionally supported as in this case, the company explains that the authorization is for risk management only and would most likely not result in any conversion of the bonds into shares given the stringent triggering condition. The group's current CET1 ratio is 12.3%, versus a 9.56% required by banking regulators on January 1st, 2023. In this context, it seems unlikely to see this ratio fall to 5.125%. The objective of the authorization is to retain access to finances in USD while protecting the company's P&L from USD variations as the sale of Bank of the West significantly reduced the amount of structural assets labelled in USD held by BNP Paribas.

<b>CONOCOPHILLIPS AGM</b>	Resolution 1a. Elect Director Dennis V. Arriola	For	

<b>16/05/2023</b> <b>United States</b>	Resolution 1b. Elect Director Jody Freeman	For (Exceptional)	<p>Normally a vote against this director's re-election as Public Policy and Sustainability Committee Chair is warranted since currently COP has not demonstrated sufficient action to meet our key measures of climate ambition and risk management. However, we commend the company on recent progress, including disclosing a Scope 3 transition plan and enhancing disclosures around the opportunity set it has identified to mitigate direct emissions. There are several areas for improvement including: - more details on how it will address end use emissions in its partnerships with suppliers. Provide greater reassurance in its intentions for its direct climate and energy policy advocacy, as well as collaboration with industry associations, to be undertaken on a consistent and Paris-aligned basis including Identifying key limitations/constraints where further policy action is needed The company argues that its assets are resilient in light of various transition scenarios, we would like more assurance that the company complements its capital allocation framework with climate considerations. We would also normally vote against because the company has been named as one of the world's largest corporate GHG emitters by the Climate Action 100+ investor coalition and it has yet to set out science-based emission reduction targets (SBT) validated by the Science-Based Targets Initiative (SBTi) as consistent with a 1.5 C pathway. However, we recognise that the SBTi is currently developing a new methodology for oil and companies to set science-based targets.</p>

	Resolution 5. Provide Right to Call Special Meeting	For	
	Resolution 6. Approve Omnibus Stock Plan	For	

	Resolution 7. Require Independent Board Chair	For (Exceptional)	A vote FOR this resolution is warranted. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.
	Resolution 8. Adopt Share Retention Policy For Senior Executives	For (Exceptional)	A vote for this proposal is warranted as the more rigorous guidelines recommended by the proponent may better address concerns about creating a strong link between the interests of top executives and long-term shareholder value.
	Resolution 9. Report on Tax Transparency	For (Exceptional)	The company is being asked to report its tax payments in accordance with the GRI Tax Standard. A vote for this proposal is warranted on this occasion as the proposed GRI Tax Standard would enhance the company's transparency in communicating its tax practices to investors globally. In addition, the proposed disclosure would enable shareholders to better assess the company's tax practices in non-US markets and its management of risks related to taxation reforms.

	Resolution 10. Report on Lobbying Payments and Policy	For (Exceptional)	The company is being asked to provide a full, detailed disclosure of the company's direct and indirect lobbying activities and expenditures to assess whether its lobbying is consistent with ConocoPhillips's expressed goals and in shareholders' best interests. Support for this proposal is warranted on this occasion as additional disclosure of the company's lobbying-related expenditures, trade association payments, and board-level oversight mechanisms would help shareholders to better assess the risks and benefits associated with the company's participation in the public policy process.

Authorise Board to Fix Remuneration of Auditors	For (Exceptional)	Under normal circumstances we would be unable to support due to the level of non-audit fees however in this instance we are comfortable with the explanation provided by the company, given that extra non-audit fees were paid in relation to comprised of work relating to the Class 1 Circulars arising out of the strategic reviews. In the audit committee letter, it is explained that there were a number of changes to the scope of this work and as a result the total value of non-audit services for the financial year 2022 was expected to exceed the fee cap. An exemption to the fee cap for non-audit services from the FRC was requested. The request was approved in September 2022 subject to the Company disclosing in its Annual Report how the ARC satisfied itself as to the continued independence of PwC to act as auditor given the additional non-audit services in 2022.
	Resolution 14. Authorise Issue of Equity	For	

	Resolution 15. Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 4. Ratify PricewaterhouseCoopers LLP as Auditors	Against	<ul style="list-style-type: none"> <li>• Auditor tenure</li> </ul>
	Resolution 5. Require Independent Board Chair	For (Exceptional)	Support for this shareholder proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director. Although the company has indicated that the chair and CEO roles will be separated at the next transition, there is a clear possibility of James Dimon retaining the chairmanship upon any transition, which would reduce the effectiveness of any lead director role. In our view, the size and complexity of JPMorgan make it difficult to justify how any one person can run both the company and the board.

	Resolution 6. Adopt Time-Bound Policy to Phase Out Underwriting and Lending for New Fossil Fuel Development	For (Exceptional)	Adoption of the proposal would help shareholders better evaluate the company's management of climate risks from its lending and underwriting activities. Additionally, shareholders would benefit from a stronger alignment between the company's stated goals and its fossil fuel policy. The proponent states that JPM is reportedly the world's largest funder of fossil fuels between 2016-2021, lending 34% more than the second highest bank. The proponent highlights certain risks that it believes JPM is inadequately addressing such as accusations of greenwashing, requirements for greater disclosure, and competitive risks from peers acting more assertively to limiting exposure to fossil fuels. The company has committed to support the goals the Paris Agreement and has set net zero greenhouse gas emission targets in its financing activities, operations, and supply chain before 2050. The company has committed to financing \$1 trillion by 2030 to accelerate the economy's transition to a low-carbon economy. The company has placed some financing restrictions on its activities and provides clients with resources to set their own transition targets. JPM's view is that an abrupt withdrawal from new oil and natural gas projects would increase risks associated with energy security without necessarily optimizing global carbon emissions reduction over the long term. However, an abrupt withdrawal is not what the resolution is committing the company to. On balance we are supportive of the

	Resolution 7. Amend Public Responsibility Committee Charter to Include Animal Welfare	For (Exceptional)	Support for this proposal is warranted as additional information on the company's oversight of animal welfare issues will further enhance and promote the company's commitment towards preventing violations of animal welfare regulations, help minimize controversies that may lead to financial liability, and mitigate the company's exposure to the risks associated with its operations.
	Resolution 8. Reduce Ownership Threshold for Shareholders to Call Special Meeting	For (Exceptional)	Support for this proposal is warranted as a lower ownership threshold (from 20% of the share capital to 10%) would provide for a more useful special meeting right for shareholders.
	Resolution 9. Report on Climate Transition Plan Describing Efforts to Align Financing Activities with GHG Targets	For (Exceptional)	Support for this resolution is warranted. Additional disclosure about the company's climate transition plan would help shareholders better evaluate the company's strategy around the transition to a low-carbon economy and the company's management of related risks and opportunities. The filer says the company disclosed 2030 intensity targets to reduce its financed emissions for the oil and gas, power, and auto manufacturing sectors, pledged financing to the low-carbon transition, and integrated climate into its risk management framework. These are important first steps, but an effective transition plan will help describe affirmative strategies, indicators, milestones, metrics, and timelines necessary to achieve decarbonization strategies.
	Resolution 10. Report on Risks Related to Discrimination Against Individuals Including Political Views	Against	<ul style="list-style-type: none"> <li>Proposals do not add any value or strong case not made</li> </ul>

	Resolution 11. Report on Political Expenditures Congruence	For (Exceptional)	Support for this proposal is warranted, as a report on the company's congruence of political expenditures with stated values would enable shareholders to have a more comprehensive understanding of how the company oversees and manages risks related to its political partnerships.
	Resolution 12. Disclose 2030 Absolute GHG Reduction Targets Associated with Lending and Underwriting	For (Exceptional)	Support for this proposal is warranted as setting an absolute emission reduction target aligned with a science-based emission reduction pathway would further the company's decarbonization strategy. The company has committed to aligning its business strategy with the Paris Agreement objectives and has set goals to achieve net zero greenhouse gas emissions in its financing activities, operations, and supply chain before 2050. As part of its strategy, the company has set 2030 emission reduction targets for the intensity of emissions associated with its financing activities in the Oil & Gas, Power, and Auto Manufacturing sectors. It also aims to spend \$1 trillion on sustainable finance by 2030. However, the proponent makes a strong argument that intensity targets on their own will not necessarily lead to real-world emission reductions, may not be aligned with a science-based pathway, and are less transparent and more difficult for shareholders to compare.

	Resolution 4. Ratify Ernst & Young LLP as Auditors	For (Exceptional)	Under normal circumstances we would have voted against the auditor as the non-audit fees for the year were significant at USD 544,612 and being more than 25% of the audit fees USD 1,898,245. The integrity of the auditor's relationship with the company is compromised when a firm is paid excessive fees on top of those paid for auditing services. This arrangement has the potential to open the auditor process to a wide range of conflicts of interest. However, we have exceptionally supported in recognition of a significant reduction in non-audit fees for the year under review (particularly in relation to audit fees).

<b>SYNTHOMER PLC</b> <b>AGM</b> <b>16/05/2023</b> <b>United Kingdom</b>	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Policy	For (Exceptional)	<p>Under normal circumstances, we wouldn't be able to support this resolution as the remuneration policy increases the LTIP headroom for the CEO and CFO from 200% to 250% and 150% to 200% of base salary respectively. The larger quantum is not in line for a company of its size, as it ranks towards the bottom half of the FTSE 250 as of now, particularly given the depressed share price performance between 2022 and 2023. Mitigating, this additional award will be based exclusively on relative TSR targets, with threshold of 25% beginning at upper quartile performance and maximum vesting at upper decile performance. Although the increase in quantum is of concern, the new relative TSR award acts as stretching target beyond the initial relative TSR award and will only begin paying out when the initial award has already paid out in full.</p>

	Resolution 3. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as performance targets are partially not disclosed for incentive schemes (Strategic targets under the LTI). Further, there is a possibility for windfall gains in relation to the FY2023 LTIP award. The Company acknowledges this possibility and although it did not reduce the award at grant, the Company stated that it would look to scale back the award at vesting if the Remuneration Committee considered the EDs had benefitted from windfall gains. We will communicate to the company that votes against remuneration report and possibly the appropriate remuneration committee members may be expected if sufficient adjustments are not made at vesting time. We also note that the Company is not an accredited Living Wage Employer. We note the pay ratio is currently low (20:1), and will focus on engaging with the company to understand how they will aspire to pay the living wage.
	Resolution 4. Re-elect Michael Willome as Director	For	

	Resolution 5. Re-elect Alexander Catto as Director	For (Exceptional)	Under normal circumstances, we would not be able to support this director as this Director is not independent (due to being a member of the founding family and having served on the board for a significant amount of time) and independent directors represent 43% of the board whilst we expect a majority for a company of this size. In mitigation, these independence concerns are exclusively as a result of the retirement of Brendan Connolly. In addition, the annual report states that the recruitment of a new board member will be a priority for the Nomination Committee next year. It is therefore expected that the Company will address this in FY2023. This will be kept under review ahead of the next AGM.

	Resolution 15. Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 16. Authorise Issue of Equity without Pre-emptive Rights in Connection with an Acquisition or Other Capital Investment	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. 	Resolution 2. Advisory Vote to Ratify Named Executive Officers' Compensation	For	
	Resolution 3. Advisory Vote on Say on Pay Frequency	For (Exceptional)	In the US, companies are now required to give shareholders a choice of one, two or three years for the preferred frequency of advisory say-on-pay votes. We have voted for our preferred frequency of one year.
	Resolution 4. Ratify PricewaterhouseCoopers LLP as Auditors	Against	<ul style="list-style-type: none"> <li>• Concerns over level or type of non-audit fees</li> </ul>
	Resolution 5. Report on Key-Person Risk and Efforts to Ameliorate It	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as additional information on the company's key-person risk would allow shareholders to better assess the company's efforts to manage and mitigate risks related to the potential loss of such individuals.

	Resolution 17. Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 1.3. Re-elect Rhidwaan Gasant as Director	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as women represent less than 33% of the board (30%). 	Resolution 5. Place Authorised but Unissued Shares under Control of Directors	For	

	Resolution 6.1. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as the lack of forward-looking pre-determined performance targets used to determine the long-term element of the DSP represents a cause for concern. However, we note that the long deferral period for the share portion of the award vests equally over five years, which leaves the Executive Directors exposed to share price performance up until the point of vesting and is considered to mitigate the concerns associated with the DSP at this time.
	Resolution 6.2. Approve Implementation Report	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as executive Directors achieved payouts of c.66-70% of maximum opportunity under DSP awards. This has resulted in sizable awards granted to the CEO amounting to c.4.5 million US Dollars on aggregate. Profit before tax was reported to be going down by c.49% to USD 489 million in FY2022. In addition, EBITDA reduced by c.19% to USD 1,352 million. Further, basic earnings (profit attributable to equity shareholders) for FY2022 equated to USD 297 million or 71 US cents per share, compared to USD 622 million or 148 US cents per share for FY2021. Mitigating, the other performance targets used for the DSP are clearly aligned to the company's broader strategy and outlook as disclosed in the 2021 integrated annual report.

	Resolution 4. Advisory Vote on Say on Pay Frequency	For (Exceptional)	In the US, companies are now required to give shareholders a choice of one, two or three years for the preferred frequency of advisory say-on-pay votes. We have voted for our preferred frequency of one year.

	Resolution 5. Submit Severance Agreement (Change-in-Control) to Shareholder Vote	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this item is warranted. While the company's current severance arrangements are within market practice, and equity awards are double trigger, the implementation of a policy like the one described in the proposal would meaningfully mitigate the risk of cash severance payments that are excessive or not in line with market norms. Further, the proposal applies only to new or renewed severance arrangements.

BALFOUR BEATTY PLC AGM	Resolution 1. Accept Financial Statements and Statutory Reports	For	

<b>12/05/2023</b> <b>United Kingdom</b>	Resolution 2. Approve Remuneration Report	For (Exceptional)	<p>Under normal circumstances, we would not be able to support this resolution: - CFO Philip Harrison has been awarded an above inflationary increase of 7% in FY2023, a level above the salary increase granted to the wider workforce at 3.5%. Additionally, the use of benchmarking as a sole rationale for any salary increase is concerning, as are successive increases to fixed pay. Likewise, CEO Leo Quinn received a 3.5% increase in line with wider workforce. Company is not an accredited Living Wage Employer. While the pay ratio has risen in comparison to the previous year (81:1 in 2022, 57:1 in 2021), it remains on the lower side. For 2023, Balfour Beatty will be increasing its salary review budget ensuring a specific focus on lower paid roles, with increases in the January 2023 main review consolidated into base pay (rather than "one-off" payments). The Group aims to consistently claims it will strive to apply guidelines of statutory and voluntary wage levels, including the Real Living Wage. We also note that executive Directors have received near maximum bonus awards, despite an observed reduction in the target range of the total cash flow target range, which facilitated the payout. With that said, bonus pay outcomes don't appear to be out of line with performance. For mitigating reasons abovementioned, we will support on an exceptional basis at this time.</p>

<b>DERWENT LONDON PLC</b> <b>AGM</b> <b>12/05/2023</b> <b>United Kingdom</b>	Resolution 1. Accept Financial Statements and Statutory Reports	For	
	Resolution 2. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances, we would not have supported the new remuneration policy as the deferral only applies top bonus when the bonus is over a certain percentage of salary, which we do not view as sufficient (instead, some of any bonus should be deferred). However, we have exceptionally supported as the new requirement is that the amount of annual bonus earned above 75% of salary will be deferred into shares for three years, as compared to 100% of salary in the previous policy and hence, the proposed remuneration policy strengthens the annual bonus deferral requirements and alignment of interests between directors and shareholders. It is also proposed that until the in-employment shareholding guideline is met, Executive Directors are required to retain at least half of any deferred bonus shares or LTIP shares which vest (net of tax), although similarly, it would have been preferable if some of any bonus was deferred (or rather invested in shares) if shareholding guidelines are not meet.

	Resolution 5. Increase Authorized Common Stock	For	

	Resolution 6. Change Company Name to Sempra	For	
	Resolution 7. Amend Articles of Incorporation	For	
	Resolution 8. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 5. Disclose GHG Emissions Reductions Targets	For (Exceptional)	A vote FOR this proposal is warranted, as additional information on the company's GHG emissions reduction goals would allow shareholders to better assess how the company is mitigating climate change related risks and ensure alignment with the Paris Agreement's goal of limiting warming to 1.5 C for the company's operations. The board outlines that it is displacing coal-fired generation resources with cleaner sources of energy, which is appreciated; however, an annual report may better help to hold the company accountable for disclosing its scope 1 and 2 targets in the short, medium and long-term aligned with the Paris Agreement.

While the company's current severance arrangements are within market practice, and equity awards are double trigger, the implementation of a policy like the one described in the proposal would meaningfully mitigate the risk of cash severance payments that are excessive or not in line with market norms. Further, the proposal applies only to new or renewed severance arrangements.

<b>11/05/2023</b> <b>United States</b>	Resolution 1b. Elect Director Jack A. Fusco	For (Exceptional)	Under normal circumstances we would have voted against the re-election of this director to reflect our concerns that, in aggregate they have too many board commitments. However, we have exceptionally supported their re-election given they are the CEO of this company. Instead, our default position would be to vote against their election as a non-executive at their other companies.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 13. Amend Remuneration Policy	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as we continue to have significant concerns with the overall remuneration policy. This resolution however is tabled as an amendment to the policy that was approved last year, to only one element (pensions). As context, to respond to shareholder dissent, the company has tabled to amend the remuneration policy this year (last approved in 2022) to amend it in respect of Company pension contributions to the Chief Executive. Executive Directors may participate in a defined contribution scheme. Individuals may receive a cash allowance in lieu of some or all of their pension contribution. With effect from April 2023, the employer contribution will be amended to 10% of base salary only, which will apply to both Executive Directors and the UK workforce, in compliance with provision 38 of the UK Code. We are satisfied with the change in relation to the pension arrangements, but continue to have concerns on other elements, including the significant variable pay opportunities and threshold vesting potential under the LTIP.
	Resolution 14. Approve Remuneration Report	Against	<ul style="list-style-type: none"> <li>• Too much vesting at threshold or median performance</li> <li>• Potentially excessive remuneration</li> <li>• Company is not an accredited Living Wage Employer</li> <li>• Concerns over generosity of arrangements</li> </ul>

	Resolution 7. Report on Reliance on Child Labor in Supply Chain	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as additional information on the company's efforts to eliminate child labor from its supply chain would allow investors to better understand how the company is managing human rights-related risks in its supply chain.
	Resolution 8. Report on Animal Testing Practices	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted because - Adoption of this proposal will further enhance and promote the company's commitment towards preventing violations of animal welfare regulations, help minimize controversies that may lead to financial liability and reputational damage, and mitigate the company's exposure to any risks associated with the use of animals in vehicle testing. - Given the company's existing policies and disclosures, adopting the proposal should not be a prohibitively costly or unduly burdensome endeavor.

	Resolution 10. Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 4. Ratify Deloitte & Touche LLP as Auditors	For	

	Resolution 5. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.
	Resolution 6. Report on Transport of Nonhuman Primates Within the U.S.	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this resolution is warranted because shareholders would benefit from additional disclosure about steps the company is taking to mitigate risks related to animal welfare in its supply chain of non-human primates.
	Resolution 7. Report on Risks Related to Fulfilling Information Requests for Enforcing Laws Criminalizing Abortion Access	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as additional disclosure on the potential risks and costs associated with the fulfilment of information requests for the enforcement of state laws related to reproductive rights would allow shareholders to assess how the company is managing such risks.

	Resolution 5. Disclose Board Skills and Diversity Matrix	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this resolution is warranted for the following reasons: - A board matrix would enhance transparency and would provide shareholders with a better tool to assess the quality of Las Vegas Sands' board and to evaluate its director nominees; and - A growing number of large companies are providing a board skills matrix.

	Resolution 5. Adopt GHG Emissions Reduction Targets Aligned with the Paris Agreement Goal	For (Exceptional)	A vote FOR this proposal is warranted, as shareholders would benefit from increased transparency on the company's efforts to manage the risks and opportunities associated with climate change and the transition to a low-carbon economy. While the company makes the argument that it is primarily an aggregates producer, the majority of its Scope 1 emissions come from its cement operations and its Form 10-K shows that many of its competitors in the aggregates producer space are also cement companies. Three of its competitors have set science-based targets and Vulcan Materials, which calls itself the largest aggregates producer in the U.S., has committed to set a science-based target. Shareholders would benefit from increased transparency around how the company plans to manage the risks and opportunities associated with climate change and the transition to a low-carbon economy. This proposal may also give shareholders the opportunity to engage with the company as it issues more ambitious targets in its 2022 Sustainability Report.

<b>11/05/2023</b> <b>United Kingdom</b>	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution. CEO Tufan Erginbilgic was appointed on a salary of GBP 1,250,000 which is 29% higher than the salary of his predecessor and is competitively positioned relative to peers in the FTSE100 index. In addition, he was granted an LTIP award for remuneration forfeited from previous employment to the value of GBP 7.5 million, representing c. 600% of his base salary. We raise concerns with the high amount and the absence of performance conditions. It is, however, acknowledged that pay at a private equity company, where the new CEO had previously served, is structured differently, and is set relatively higher, than at a PLC. Further, the share award will vest after four and five years from the date of grant, which provides for greater alignment with shareholder interests.

Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 7. Amend Clawback Policy	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. The company's current clawback policy does not provide for the disclosure of the amounts and circumstances surrounding any recoupments. Such disclosure would benefit shareholders.
	Resolution 8. Submit Severance Agreement (Change-in-Control) to Shareholder Vote	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. The request applies only to future severance arrangements, the current agreements will not be affected, and the request offers flexibility as to when the board may seek shareholder approval of a new or renewed severance arrangement, such as at the next annual meeting.
	Resolution 9. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. We prefer the roles of the CEO and chair to be split. a role we prefer to be split. The Chair's role on a board is to evaluate and review the performance of management; this role is obviously compromised when the Chair is also the CEO. While the company does have a lead independent director they have been on the board for 17 years so we do not view them as independent.

	Resolution 4. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 3. Advisory Vote on Say on Pay Frequency	For (Exceptional)	In the US, companies are now required to give shareholders a choice of one, two or three years for the preferred frequency of advisory say-on-pay votes. We have voted for our preferred frequency of one year.
	Resolution 4. Ratify PricewaterhouseCoopers LLP as Auditors	Against	• Auditor tenure
	Resolution 5. Oversee and Report a Racial Equity Audit	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as an independent racial equity audit would help shareholders better assess the effectiveness of American Water's efforts to address racial inequity.

	Resolution 3. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances, we would not have supported this item on account of our concerns over (i) lack of an executive shareholding requirement; (ii) LTIP being cash settled as awarded in phantom shares and includes an element of restricted shares; and a (iii) lack of post-vesting holding periods and post-cessation shareholding requirements. However, we note that the CEO is based in Chile and is not a member of the Main Board. While, the policy falls short of UK best market practice requirements, we take cognisance of the fact that the remuneration is structured in a way that is suitable for the Chilean market, we are supporting this item on an exceptional basis this year.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 7. Require Independent Board Chair	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director. The proposal does not seek an immediate change to the board leadership structure. Further, compliance with the proposed policy is waived if the board needs to temporarily appoint a non-independent chair while searching for an independent chair.

	Resolution 6. Accept Financial Statements and Statutory Reports; Approve Allocation of Income and Dividends of USD 0.30 Per Share, Approve Extraordinary Dividends of USD 0.60 Per Share	For (Exceptional)	Under normal circumstances we would have voted against this resolution as Equinor has not yet had its climate targets validated by the SBTi. However, we recognise that the SBTi is currently developing a new methodology for companies in the oil and gas sector to set science-based targets and is unable to accept commitments or validate targets for companies in the oil and gas or fossil fuels sectors. Furthermore, we note that the company has reported that it is engaging with the SBTi and has provided input into previous consultations with respect to the development of the oil and gas sector guidance. We will continue to review progress against the company's transition pathway and any further commitments ahead of the next AGM.

	Resolution 15. Approve Company's Corporate Governance Statement	For	

	Resolution 16.1. Approve Remuneration Policy And Other Terms of Employment For Executive Management	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as the company's LTI plan does not appear to be based on any performance criteria beyond the general threshold requirement that applies to the company's variable remuneration plans. On behalf of the participants employed in Equinor ASA, the company acquires shares equivalent to the net annual grant amount after withholding of tax and the shares are subject to a lock-in period of three years. Concerns are mitigated, however, by the relatively low amount of grant at 25 percent of base salary.
	Resolution 16.2. Approve Remuneration Statement	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as some specific performance targets are not disclosed for long term incentive awards (company's overall operational and financial performance). On behalf of the participants employed in Equinor ASA, the company acquires shares equivalent to the net annual grant amount after withholding of tax and the shares are subject to a lock-in period of three years. Instead, our default position would be to vote against their election as a non-executive at their other companies.
	Resolution 2.18. Elect Director Siim A. We are supporting the re-election but we will however be keeping this under review.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 1.2. Elect Director Kerry D. Dyte	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as women represent less than 33% of the board. However, the level of gender diversity had recently fallen from 33% to 30%, due to the appointment of Michael Lewis. Overall, female participation was at 33% for the past two years, and we will expect this track to be continued.

	Resolution 16. Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 13. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as the company continues to maintain a bonus banking system. The primary performance period for all incentive awards under the MIP is one year, and there is limited upfront visibility on targets. Awards are granted retrospectively in shares based on the performance targets for the relevant year. Awards are subject to continued employment for three years. As an addition, there is a financial underpin applied to the deferred shares which, if not achieved over the three year vesting period, results in the loss of up to 50% of the award. We feel that there are some stops to prevent excess pay outcomes on an annual basis.

<b>RENTOKIL INITIAL PLC AGM</b>	Resolution 1. Accept Financial Statements and Statutory Reports	For	

<b>10/05/2023</b> <b>United Kingdom</b>	Resolution 2. Approve Remuneration Report	For (Exceptional)	resolution. The CEO: Employee pay ratio is more than 100:1 (currently at 121:1, and was 232:1 in the previous year). While the pay ratio is excessive, the decrease is acknowledged, which was largely as a result of a significantly smaller vesting LTIP outcome in 2022. We do note that the Company is not an accredited Living Wage Employer. Nevertheless, we recognise that the company took a number of measures to account for the cost of living crisis for its employees. A last concern is that under the Performance Share Plan, meeting threshold performance conditions will result in vesting of 20% of the award potential, and this level of vesting represents approximately 75% of salary. We consider this to be excessive, although we do acknowledge that in previous proposal cycles, the company had reduced the LTIP vesting opportunity from 25% down to 20%.

	Resolution 19. Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. 	Resolution 16. Amend Nonqualified Employee Stock Purchase Plan	For	

	Resolution 17. Require Independent Board Chairman	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted as shareholders would benefit from a policy requiring more independent oversight of management in the form of an independent chairman.
	Resolution 18. Disclose Plan to Link Executive Compensation to GHG Emissions Reduction Goals	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted. Incorporating climate-related performance measures as a broader component of senior executive pay setting decision-making would serve to incentivize executives to ensure that company performance on environmental, social and sustainability considerations, alongside financial factors, is appropriately aligned with management's interests, the firm's stated commitments to climate, sustainability, and long-term corporate strategy.

	Resolution 5. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. While the company does separate the roles of the CEO and Chair the current chair is one of the founders and holds an executive position. They do have a lead director but we do not view them as independent and overall board independence is poor.
	Resolution 6. Report on Effectiveness of Diversity, Equity, and Inclusion Efforts	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. While the company does provide some reporting in this area additional disclosure on diversity and inclusion efforts, including workforce composition and inclusion data would allow shareholders to better assess the effectiveness of the company's diversity, equity, and inclusion efforts and management of related risks.

	Resolution 18. Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 17. Authorise Issue of Equity without Pre-emptive Rights in Connection with an Acquisition or Other Capital Investment	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 5. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 5. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 1i. Elect Director Sarah Raiss	For (Exceptional)	Under normal circumstances, we would not be able to support this vote on the nomination committee Chair reflects our concerns that there is no ethnic diversity on the board. While Mahesh Shah, the board's only ethnically/racially diverse member, stepped down from the board on March 19, 2023, the company has committed to appoint or nominate a highly qualified and racially or ethnically diverse board member by the 2024 annual meeting. Given this commitment is bound by a specific deadline, we can exceptionally support her election at this time. This will be scrutinised ahead of the next AGM if no progress is made on appointments.

	Resolution 3. Advisory Vote on Say on Pay Frequency	For (Exceptional)	In the US, companies are now required to give shareholders a choice of one, two or three years for the preferred frequency of advisory say-on-pay votes. We have voted for our preferred frequency of one year.
	Resolution 4. Report on Physical and Transitional Climate-Related Risks and Opportunities	For (Exceptional)	Support for the proposal is warranted as shareholders would benefit from corporate-level disclosure on the climate risks the company judges as material and plans to mitigate those risks.

	Resolution 5. Report on Audit Committee's Oversight on Climate Risks and Disclosures	For (Exceptional)	Support for this proposal is warranted at this time because the enhanced disclosure would allow shareholders to assess the board's governance and risk oversight mechanisms in place to protect the company from potentially adverse regulatory requirements and market changes related to the energy transition.
	Resolution 6. Report If and How Company Will Measure, Disclose and Reduce GHG Emissions	For (Exceptional)	Support for this proposal is warranted at this time because the requested report would allow shareholders to evaluate emissions from Berkshire's insurance group, and the report may help the company prepare for state climate regulations.
	Resolution 7. Report on Effectiveness of Diversity, Equity, and Inclusion Efforts	For (Exceptional)	Support for this resolution is warranted due to: - The absence of information regarding comprehensive company diversity-related policies, programs or metrics; and - The potential benefits for shareholders of increased reporting of diversity-related efforts and program effectiveness.
	Resolution 8. Require Independent Board Chair	For (Exceptional)	Support for this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 4. Eliminate Supermajority Vote Requirement	For	
	Resolution 5. Adopt Simple Majority Vote	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. The elimination of supermajority vote requirements would improve shareholder rights and approval of this non-binding item may convey to the board that shareholders may wish for it to take additional steps to ensure they are removed.
	Resolution 6. Report on Congruency of Political Spending with Company Values and Priorities	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. While the company has made some progress in this area more comprehensive information regarding the company's political, lobbying, and electioneering spending would enable shareholders to have a more comprehensive understanding of how the company oversees and manages risks related to its political partnerships.

	Resolution 7. Report on Lobbying Payments and Policy	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. While the company has made some progress in this area additional disclosure of the company's direct and indirect lobbying payments would help shareholders better assess the risks and benefits associated with the company's participation in the public policy process.
	Resolution 8. Report on Impact of Extended Patent Exclusivities on Product Access	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Shareholders would benefit from more robust disclosure of the company's processes and oversight mechanisms for managing risks related to anti-competitive practices.

	Resolution 5. Submit Severance Agreement (Change-in-Control) to Shareholder Vote	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted given that the request applies only to future severance arrangements, the current agreements will not be affected, the request offers flexibility as to when the board may seek shareholder approval of a new or renewed severance arrangement, such as at the next annual meeting, and it is positive for shareholders to have the ability to vote on severance amounts that exceed market norms.

	Resolution 5. Require Independent Board Chair	For (Exceptional)	Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

05/05/2023 Switzerland	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would not support the remuneration report as specific targets are not forwardly disclosed for the CORE EPS and ROIC metrics for long term incentive awards. However, we have exceptionally supported as for CORE EPS, the threshold was determined to be 125% of the threshold performance level for the 2021 LTIP and the maximum goal is above the 2024 guidance and is a double-digit figure above the threshold performance levels. For ROIC, the threshold is 95% of the ROIC threshold performance level set for the 2021 LTIP award and the maximum goal is above the 2024 guidance and is a double-digit figure above the threshold performance levels. Further we note that the company provides a full ex-post breakdown of variable performance targets and corresponding results and achievement levels, and there is a detailed assessment of the application of the personal performance factor for the CEO. This level of transparency goes beyond current market practice in Switzerland and we note that the targets would appear to reward materially improved performance. Finally, pay levels are not considered problematic.

	Resolution 6. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 5. Require Independent Board Chair	For (Exceptional)	We prefer the roles of CEO and Chair to be split. The Chairman's role on a board is to evaluate and review the performance of management; this role is obviously compromised when the Chairman is also the CEO. While the company does have a lead director they have now been on the board for 15 years and we do not view them as independent. As such support for this proposal is warranted.

BAE SYSTEMS PLC AGM	Resolution 1. Accept Financial Statements and Statutory Reports	For	

<p><b>04/05/2023</b> <b>United Kingdom</b></p>	<p>Resolution 2. Approve Remuneration Policy</p>	<p>For (Exceptional)</p>	<p>Normally, we would not be able to support this resolution: - Up to 92.5% of salary can vests for threshold performance under the LTIP which is too generous. - There are concerns around the pay package for the FD, whose maximum bonus opportunity has been increased from 160% to 200% of salary, which significantly increases his aggregate remuneration opportunity. - The maximum LTIP opportunity of the US CEO is increased substantially in the performance shares component (from 298% to 440% of salary). The retention-based component will be retained at 150% of salary. The Company justifies this due to the significant proportion of group US sales and national security requirements. A large increase in LTIP opportunity coupled with entitlement to retention-based shares is an uncommon executive remuneration arrangement for UK-listed companies and could attract scrutiny due to its deviation. However, there is a business case in accommodating this, supported not only by alignment to the Company and stakeholders, but also in recognition of the company's US business. The US business represents 44% of Group sales and is uniquely recognised as the major non US-owned defence contractor in the largest market globally. BAE Systems, Inc. is the only top ten non US based US government defence prime contractor. For any material uplift in pay opportunity, it is expected that the higher variable remuneration requires an increase in stretch of performance targets. This will be kept under close review.</p>
--	--	------------------------------	--

	Resolution 3. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution. Some performance targets are not disclosed for incentive schemes (Operating Cash Flow for Tom Arsenault and Free Cash Flow for Charles Woodburn and Brad Greve). Further, base pay for the CEO and highest paid director is in the upper quartile for the index on a balanced comparison. Additionally, the FD's total remuneration opportunity has been significantly increased due to salary adjustments and a concurrent increase in maximum bonus opportunity for FY2023. Further, the Remuneration Committee implemented two salary increases for the FD, Brad Greve, during the year under review. With the final increase, taking effect from 1 January 2023, the aggregate year-on-year uplift to the FD's base salary is 17.6%. We note that the salary increase granted to the wider workforce at 6%. Mitigating, the company's explanation is acknowledged, with the salary increase being implemented in phases and recognising the FD's additional scope of responsibilities, salary upon appointment and growth in the role. The company's increased size in recent years is also recognised. We also note that there are no ESG metrics in current pay plans. However, ESG metrics are added to LTIP in ensuing year.

	Resolution 21. Approve Long-Term Incentive Plan	For (Exceptional)	Under normal circumstances, we would not support the LTI due to the following concerns: - Under the LTIP, meeting threshold performance conditions will result in vesting of 25% of the award potential, and this level of vesting represents approximately 92.5% of salary. We consider this to be excessive. - The maximum LTIP opportunity of the US CEO is increased substantially in respect of the available performance shares component, while retaining the retention-based component. However, these concerns are better addressed under the remuneration policy, and have largely been backed with role-based rationale.

	Resolution 1e. Elect Director Peter Thomas Killalea	For (Exceptional)	Under normal circumstances we would not have supported this director as they hold the equivalent of more than 4 positions, which is in excess of our guidelines. However, we are mindful that in this case the overall count exceeds our limit by only one position, and this director serves as non-executive chair of at least one of the boards they sit on. Given our lack of further concerns regarding this director we are supporting the re-election.

	Resolution 7. Adopt Simple Majority Vote	For (Exceptional)	Support for this proposal is warranted given that elimination of the supermajority vote requirement would enhance shareholder rights.
	Resolution 8. Report on Board Oversight of Risks Related to Discrimination	Against	• Lack of disclosure
	Resolution 9. Disclose Board Skills and Diversity Matrix	For (Exceptional)	Support for this resolution is warranted for the following reasons: - A board matrix would enhance transparency and would provide shareholders with a better tool to assess the quality of Capital One's board and to evaluate its director nominees; and - A growing number of large companies, including several of its peers, are providing a board skills matrix.

	Resolution 5. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 7. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 5. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as we have concerns over the CEO: Employee pay ratio which is more than 50:1 and has increased by over 20% from the previous year. This is as a result of a significant increase in single total figure which is mainly due to the increased LTIP vesting value, which was granted in 2020. Even though the company reduced the 2020 award at grant by 20% , an exceptional gain materialised when the award vested. The company explains "the company's strong performance and outperformance relative to the FTSE 100 and the STOXX Europe 600 Food and Beverage index over the performance period, the Remuneration Committee considers that the increase in the share price from date of grant is due to the underlying performance of the business. Therefore, it does not consider the vesting outcome to result in a windfall gain. It also considered that the share price at which the award was made of EUR 11.87 and the share price at which previous awards have been made. As such, the Remuneration Committee does not consider a further scale back of the award would be appropriate, in light of the current share price relative to previous share award share prices." The company's explanation, together with the reduction at grant, is acknowledged.

	Resolution 4. Ratify PricewaterhouseCoopers as Auditors	For	
	Resolution 5. Authorise Board to Fix Remuneration of Auditors	For	
	Resolution 6. Approve Remuneration Report	For (Exceptional)	<p>Normally, we would not be able to support this resolution albeit there are some mitigating factors: - No ESG metrics in pay plans. However, for FY2023, the performance metrics and weightings for the annual bonus have been slightly changed, to include Gender Diversity (5%) and Carbon Reduction (5%). - Base pay for the CEO is in the upper quartile which is not justified by either the performance or size of the company and the new CEO will receive a salary of £740,000, representing a 17.5% premium to that of his predecessor. - No deferral has been applied to the annual bonus. However, 30% of the bonus must be used for the purchase of shares in the Group. - Company is not an accredited Living Wage Employer. However due to the cost of living crisis, the group has taken some measures to help its wider workforce. As an example, Selco provided 96% of its 3,000 colleagues with a cost of living support payment of £750 each at a total cost of £2.5 million. Other Group businesses introduced additional payments direct to colleagues, ?early pay? and flexible pay facilities so that colleagues can access accrued salary before scheduled pay date, and availability of free breakfast with locally sourced products. In the UK and Ireland 97.5% of colleagues were paid at least 1% above the national minimum wage. Other businesses operate in countries that have industry level agreements. We will engage with the company to communicate that living wage considerations are now a process to be undertaken when it comes to staffing.</p>

	Resolution 7. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as there is no mandatory bonus deferral. 	Resolution 18. Request Company to Negotiate with Unions and Suppliers to Establish and Manage (i) Wage Assurance Account, (ii) Severance Claims Account, and (iii) Administration and Enforcement Account	For (Exceptional)	A vote FOR this proposal is warranted as we support the request for negotiations as it may aid in ensuring that the company appropriately manages workers present in its supply chain and ensures fair labor standards during unforeseen events.

	Resolution 19. Request Company to Disclose Exposure to and Risks of Sourcing GM Cotton, and Set Targets to Decrease Exposure to GM Cotton and Increase Sourcing of Organic Cotton	For (Exceptional)	A vote FOR this item is warranted, as the company's level of sustainability disclosure could benefit from further inclusion of biodiversity preservation with regard to GMOs.
	Resolution 20. Report on Slaughter Methods Used in H&M Supply Chain	For (Exceptional)	A vote FOR this proposal is warranted because greater transparency on policies and practices regarding animal slaughter methods should benefit shareholders. The report would also help to ensure that animal welfare is protected through industry collaboration and supplier engagement.

Authorise Issue of Equity without Pre-emptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as in total, the proposed authorities would enable the Board to issue the equivalent of 20% of issued share capital without pre-emptive rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

Shareholders would benefit from the requested report as it would provide additional information on the company's water supply and conservation practices, particularly in its supply chains, thereby accounting for water risk throughout the entire value chain. Furthermore, the disclosure would allow the company to better manage water related risks and align company commitment to long term shareholder value.

	Resolution 3. Approve Remuneration Policy	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as the maximum limit on bonus component has been increased from 125% to 150% of base salary and LTIP opportunities have been increased from 150% to 200% of base salary. Further, it is observed that over the past two years maximum bonus and LTIP have been paid to the executives. We note that the increased limits will not be applicable for FY2023 awards and will be applicable from FY2024 onwards. We also appreciate that increases are primarily being made on variable pay opportunities; the level of stretch in performance conditions will be kept under review.
	Resolution 4. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as there are no ESG metrics in pay plans. The company intended to introduce ESG metrics as performance conditions during the year but ultimately decided not to in order to maintain a clear, transparent, well-understood remuneration structure. The Committee's view on inclusion of ESG targets, has remained unchanged. We have engaged with them on this topic, and understood that the company considers ESG to largely motivate financial outcomes (the bonus and LTIP are fully performance-based). Furthermore, the Company is not an accredited Living Wage Employer. We however acknowledge that the CEO to employee pay ratio is quite low (34:1 in 2022, 53:1 in 2021). We will observe future pay outcomes to look for evidence of ESG being embedded into financial performance considerations; we will scrutinise this vote ahead of the next AGM if such evidence is not found.

	Resolution 17. Approve Long-Term Incentive Plan	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as the increase in the bonus component from 125% to 150% of base pay and LTIP opportunity from 150% to 200% of base pay, substantially increases the variable pay (both bonus and LTIP) for Executive Directors. In mitigation, the LTIP covers all employees of the Company and the concerns on the quantum available to EDs is further discussed under the vote for the remuneration policy.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would have voted against the remuneration report as the company is not accredited with the Living Wage Foundation and therefore there is no guarantee that the company pays / will continue to pay the Real Living Wage. However, this is not a vote against as no concerns have been identified with regards to executive pay so instead this issue will be considered as part of any engagement with the company or our voting in subsequent years.

	Resolution 5. Approve Recapitalization Plan for all Stock to Have One-vote per Share	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as it would provide all shareholders with equal voting rights on all matters.

	Resolution 6. Adopt Independently Verified Science-Based Greenhouse Gas Emissions Reduction Targets in Line with the Paris Climate Agreement	For (Exceptional)	A vote FOR this proposal is warranted, as additional information on the company's efforts to reduce its carbon footprint and align its operations with Paris Agreement goals would allow investors to better understand how the company is managing its transition to a low carbon economy and climate change related risks.
	Resolution 7. Report on Integrating GHG Emissions Reductions Targets into Executive Compensation	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted because this request is not considered burdensome and there is some ambiguity around how and whether the company's executive compensation strategy includes climate goals.
	Resolution 8. Report on Just Transition	Against	<ul style="list-style-type: none"> <li>Proposals do not add any value or strong case not made</li> </ul>
	Resolution 9. Report on Risk Due to Restrictions on Reproductive Rights	For (Exceptional)	A vote FOR this resolution is warranted, as additional information on the potential risks and costs associated with proposed or enacted state policies that restrict reproductive healthcare would allow shareholders to better assess how the company is managing such associated risks. Additional factors that help us support this resolution is the large size of the company and labour force, signalling the large level of impact of the requested report.
	Resolution 10. Oversee and Report a Civil Rights Audit	For (Exceptional)	A vote FOR this resolution is warranted, as a report on an independent audit analyzing the adverse impacts of the company's business practices on the civil rights of its stakeholders would allow shareholders to better understand how the company is managing related risks.

	Resolution 11. Report on Effectiveness of Diversity, Equity, and Inclusion Efforts	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this resolution is warranted, as reporting quantitative and comparable diversity statistics would allow shareholders to better assess the effectiveness of the company's diversity initiatives and its management of related risks.

	Resolution 8. Re-elect Mohamed A. El-Erian as Director	For (Exceptional)	Under normal circumstances, we would have voted against the re-election of this non-executive director due to overboarding concerns/potential issues over his ability to devote sufficient time to his role at Barclays Plc. As well as serving as a non-exec at Barclays plc, he is also a non-exec at Under Armour Inc and a non-Director Executive Officer at Allianz SE. However, we have exceptionally supported having engaged with the company. His role as Allianz's Chief Economic Adviser is through an independent consultancy - he is neither a board member nor an employee and therefore should not be classified as a full-time executive - the issue that triggers a vote against when individuals also have multiple non-exec roles. Further, the Company says "the Board is comfortable that he is able to devote sufficient time to his Barclays role and that he has always done so through periods of significantly increased activity during his tenure on our Board – whether as a result of Covid, external/macroeconomic developments, or the over-issuance of securities, all of which have impacted the number of Board (and Board Risk Committee) meetings which have gone beyond the scheduled meetings." Extra clarity was given on the number of days that non-execs are expected to give to Barclays including unscheduled/ad-hoc meetings; we suggested to the company that going forward it could perhaps disclose these details that will give shareholders a better sense of director commitments required.

This concern is raised as GSK Plc features in the Forest 500 ranking with a score of less than 40%, indicating the company is exposed to deforestation risk but has a weak deforestation policy. They currently score 39% which is just below the threshold but we acknowledge they score well on the CDP forest survey and they have a deforestation target of 100% agricultural, forestry and marine-derived materials sustainably sourced and deforestation free by 2030 below. 	Resolution 5. Submit Severance Agreement (Change-in-Control) to Shareholder Vote	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted. The board's severance plan document establishes a reasonable limit on cash severance. However, the proxy does not disclose a policy or requirement that payments in excess of amounts provided under the plan are subject to shareholder approval. Without such a requirement, shareholders do not have adequate assurances that the company's current practice safeguards against excessive severance payments.

	Resolution 6. Report on Risks Related to Fulfilling Information Requests for Enforcing Laws Criminalizing Abortion Access	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this resolution is warranted, as additional information on the potential risks and costs associated with proposed or enacted state policies that restrict reproductive healthcare would allow shareholders to better assess how the company is managing such associated risks.

A vote FOR this proposal is warranted given that the request applies only to future severance arrangements, the current agreements will not be affected, the request offers flexibility as to when the board may seek shareholder approval of a new or renewed severance arrangement, such as at the next annual meeting, and it is positive for shareholders to have the ability to vote on severance amounts that exceed market norms.
	Resolution 6. Adopt Share Retention Policy For Senior Executives	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. 	Resolution 5. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 5. Submit Severance Agreement (Change-in-Control) to Shareholder Vote	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this item is warranted. While the company's current severance arrangements are within market practice, the implementation of a policy like the one described in the proposal would meaningfully mitigate the risk of cash severance payments that are excessive or not in line with market norms. Further, the proposal applies only to new or renewed severance arrangements.

	Resolution 6. Report on Effectiveness of Diversity Equity and Inclusion Efforts and Metrics	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. A vote FOR this proposal is warranted, as reporting quantitative, comparable diversity data would allow shareholders to better assess the effectiveness of Expeditors's diversity, equity and inclusion efforts and management of related risks.

To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, our preference is for such authorities to be limited to 10% of the share capital. However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

	Resolution 5. Require Independent Board Chair	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. Two major components at the top of every public company are the running of the board, and the executive responsibilities of running of the company's business. There should be a clear division between the head of the company, and the chair of the board. When there is no clear division of independence between the executive and board branches of a company, poor executive and/or board actions often go unchecked to the ultimate detriment of shareholders. A vote FOR this proposal is warranted as it seeks the adoption of a policy that requires the board's chairman to be an independent director.

	Resolution 5. Report on GHG Emissions Reduction Targets Aligned with the Paris Agreement Goal	For (Exceptional)	The company argues that self-storage carries an inherently light environmental footprint that is significantly lower than other property types, and Public Storage has already achieved a 27 percent reduction in Scope 1 and 2 GHG emissions. The company notes that it meets the TCFD-aligned Governance, Strategy, and Metrics & Targets disclosure pillars and exemplifies the Risk Management disclosure pillar. It reiterates that it needs to complete the necessary foundational steps before committing to the proponent's requested actions, and the company states its commitment to achieving increasingly ambitious emissions reduction targets. However, the proposal warrants support due to significant shareholder interest in companies taking a proactive approach to addressing climate change. Whilst the company has taken positive steps to meet climate disclosure standards, these standards assess the company's level of disclosure and do not necessarily indicate that the company's targets are Paris-aligned or sector leading. Given the material risks posed by the changing climate and the transition to a low-carbon economy, comprehensive emissions reduction targets would provide shareholders with valuable information to assess the company's strategies to mitigate risks and take advantage of potential opportunities.

	Resolution 4. Advisory Vote on Say on Pay Frequency	For (Exceptional)	In the US, companies are now required to give shareholders a choice of one, two or three years for the preferred frequency of advisory say-on-pay votes. We have voted for our preferred frequency of one year.
	Resolution 5. Reduce Ownership Threshold for Shareholders to Call Special Meeting	Against	<ul style="list-style-type: none"> <li>• Proposals do not add any value or strong case not made</li> </ul>
	Resolution 6. Require Independent Board Chair	For (Exceptional)	We prefer the roles of CEO and Chair to be split. The Chairman's role on a board is to evaluate and review the performance of management; this role is obviously compromised when the Chairman is also the CEO. While the company does have a lead director they have now been on the board for 14 years and we do not view them as independent.

	Resolution 7. Report on Lobbying Payments and Policy	For (Exceptional)	This item is not contentious and is in the best interest of shareholders. More comprehensive disclosure of the company's lobbying-related oversight mechanisms and trade association payments would help shareholders better assess the risks and benefits associated with the company's participation in the public policy process.
	Resolution 8. Adopt Policy to Include Legal and Compliance Costs in Incentive Compensation Metrics	For (Exceptional)	Given that the proposal would provide the board with flexibility to adjust the application of the policy in individual circumstances, with an explanation to shareholders, the request is not viewed as overly prescriptive.

We do not support proposed terms of office exceeding 3 years as we feel longer terms in office reduces director accountability to shareholders. However, we have exceptionally supported their appointment as we are mindful that the proposed term is just one year above our guidelines and that we have no concerns regarding this director, who is considered independent, and in fact improves the composition of the board.

	Resolution 3. Approve Issuance of Equity or Equity-Linked Securities with or without Preemptive Rights	For (Exceptional)	Under normal circumstances we would have voted against this authority as it would enable the Board to issue the equivalent of 20% of the share capital without respecting pre-emption rights. To ensure reasonable protection of shareholders, given the dilutive effect of such authorities, we have a strong preference for general authorities, which do not apply pre-emption or priority rights, to be limited to no more than 10%, unless a clear justification and strategic rationale is provided to shareholders. However, on this occasion, we feel that we could be limiting the ability for the company to manoeuvre. Real Estate Investment Trusts (REITs) pay out the majority of their income as dividends to remain tax efficient. This means they are not cash rich and will need to come to the market generally when they want to expand their portfolio. We expect the business to do accretive transactions, benefiting shareholder returns. As such, we are comfortable in voting in favour of this occasion.

	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as the proposed increase to board chair and non-executive fees is 13.3% and 22.2%, respectively, which is a significant increase. In the round, we do not have significant concerns on the current fee levels. These will be kept under review ahead of the next AGM.

<b>HOUSING DEVELOPMENT FINANCE CORPORATION LTD</b> <b>EGM</b> <b>28/04/2023</b> <b>India</b>	Resolution 1. Approve Borrowing Limits	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution. The board seeks shareholder approval to increase the ceiling on the company's borrowing powers. This authority would allow the company to raise funds by way of loans/borrowings in excess of the company's aggregate paid-up capital and its free reserves, provided that total borrowings shall not exceed INR 6,500 billion. The proposed authority has the potential of raising the company's consolidated debt-to-equity ratio to approximately 352%. In financial services companies, overall leverage is generally reined in by capital adequacy requirements. Given the company's financial position, compelling rationale and the absence of any known issues, we support this resolution.

However, we have exceptionally supported as we are mindful that the proposed authorities are in line with the Pre-emption group's revised guidelines and instead we intend to monitor what companies actually do in practice. Where we have concerns with how a company has used these authorities we would consider not supporting the authorities in future years or vote against the relevant non-executive directors.

<b>28/04/2023</b> <b>Ireland</b>	Resolution 2. Approve Remuneration Report	For (Exceptional)	Under normal circumstances, we would not be able to support this resolution as the CEO: Employee pay ratio is more than 100:1 and is considered excessive, albeit it has decreased from the prior year. Further, the Company is not an accredited Living Wage Employer. Upon engagement, the company responded by stating that it has recently carried out a global living wage review, conducted by an independent third party, using the ANKER methodology and can confirm that they pay the living wage in all the countries in which they operate. Specifically with regard to accreditation, it currently has no plans to seek it but this position is will be under the company's review. We were unable to support the pay package last year as the company experienced one subcontractor death, but did not account for this in the safety element of the bonus framework. While this has not changed this year, we will choose to escalate this issue by engaging with the company to ask them how they can improve this part of the bonus assessment. A lack of response to this will garner a voting sanction next year.
