NOTICE TO SHAREHOLDERS OF AVIVA INVESTORS

Luxembourg, 31 May 2022

Dear Shareholder,

We would like to inform you that the Board of Directors of the Fund (the “Board”) has decided to transition the following sub-funds (the “Sub-Funds”) from Article 6 to Article 8 Funds, in compliance with Regulation (EU) 2019/2088 of the European Parliament and of the Council of 27 November 2019 on sustainability-related disclosures in the financial sector (the “Sustainable Finance Disclosure regulation” or “SFDR”):

- Aviva Investors - Asian Equity Income Fund
- Aviva Investors - Emerging Markets Bond Fund
- Aviva Investors - Emerging Markets Corporate Bond Fund
- Aviva Investors - Global Emerging Markets Core Fund
- Aviva Investors - Emerging Markets Local Currency Bond Fund
- Aviva Investors - Global Convertibles Absolute Return Fund
- Aviva Investors - Global Convertibles Fund
- Aviva Investors - Global Emerging Markets Equity Unconstrained Fund
- Aviva Investors - Global Equity Endurance Fund
- Aviva Investors - Global High Yield Bond Fund
- Aviva Investors - Global Investment Grade Corporate Bond Fund
- Aviva Investors - Global Sovereign Bond Fund
- Aviva Investors - Short Duration Global High Yield Bond Fund
- Aviva Investors - UK Equity Unconstrained Fund
- Aviva Investors - Multi-Strategy Target Return Fund

This change will be effective on 1 July 2022 (the “Effective Date”):

As from the effective date the above mentionned Sub-Funds will promote environmental and/or social characteristics.

The Board has also decided to include more information around responsible investment in a new “Aviva Investors Transition Approach and Responsible Investment policy” section in the prospectus.

The investment process will now include binding ESG characteristics (ESG screens and sector exclusions), the integration of ESG considerations and the investment manager’s transition philosophy into investment
The Investment Manager aims to identify both sustainability leaders and corporate and sovereign entities that have the potential and commitment to improve. It does this by excluding companies using our Baseline Exclusions Policy and utilising a suite of ESG data tools alongside qualitative research generated by the Investment Manager’s large, dedicated team of in-house ESG specialists. The Investment Manager will help catalyse and drive the required transition by using a variety of levers, including voting, engagement and what it calls “macro stewardship,” which is engaging with regulators, governments and other entities to “change the rules of the game,” in favour of those businesses that are providing solutions to sustainability problems or supporting the transition to a sustainable future.

The Investment Manager’s responsible investment philosophy is to invest in the transition to a more sustainable future and, in particular, to promote the relative merits of engagement over divestment. The Investment Manager will therefore seek to identify and invest in companies that are either focused on delivering sustainability solutions, exhibit the highest standards of corporate behaviour (when measured against national and international norms, see below) or are transitioning and evolving to become more sustainable and responsible.

The Investment Manager believes that for the Sub-Funds that it manages adopting a purely exclusions-based approach or simply investing in today’s sustainability leaders would limit the Investment Manager’s ability to shape a sustainable future and not help to enable the transition to a low carbon economy. Real change requires a radical overhaul of the world’s economy and industries and investors must be willing to support and be fully engaged in the transition from “brown” to “green.” Creating a “better tomorrow” means we must play our part as investors in helping “today’s world” become better.

The Investment Manager also notes that the rise of ESG investing with a narrow focus on “green” companies has in many cases triggered inflated valuations which may ultimately undermine sustainability objectives and generate suboptimal outcomes for clients.

Please refer to the ESG Screening Impact appendix to this notice, which provides an overview of ESG considerations that may apply to each Sub-Fund.

Further information on Aviva Investor’s approach to Article 8 is available on the Aviva Investors’ website under EU Sustainable Finance Disclosure Regulation.

***

If you do not accept these changes, you may request free of charge redemption or conversion of your shares into any of the other sub-funds of the Fund until 30 June 2022, under the conditions described in the Prospectus.

An updated version of the Prospectus dated July 2022 reflecting the change referred to above will soon be available, free of charge, upon request, at the registered office of the Fund.

Capitalised terms not defined herein shall have the meaning given to them in the prospectus of the Fund.

If you have any further questions about any aspect of the changes mentioned above, please contact Aviva Investors Luxembourg S.A. on the following number; +352 40 28 20 1.
Yours sincerely,

Cindy Joller
On behalf of the Board of Directors

[4] The performance of the sub-fund is assessed against the relevant benchmark. This is an estimate at a point in time, the actual impact of the restrictions could be higher based on wider investment powers of the funds to invest off-benchmark. This is therefore the minimum rate as our best estimate and does not take into consideration the limitations these exclusions also place on the funds to be overweight the assets/sectors screened out. For some funds (noted "n/a") it is not possible to provide an estimated impact of the screen because there is no suitable index to use in the assessment of the sub-fund has an interest rate as a performance benchmark. Additionally, where the benchmark is not a full representation of the fund’s investable universe but the ESG screen is considered applicable to the fund, this has been indicated by the investment manager.
NOTICE TO SHAREHOLDERS OF AVIVA INVESTORS GLOBAL SICAV-SIF

Luxembourg, 1 June 2022

Dear Shareholder,

We would like to inform you that the Board of Directors of the Fund (the “Board”) has decided to transition the following sub-funds (the “Sub-Funds”) from Article 6 to Article 8 Funds, in compliance with Regulation (EU) 2019/2088 of the European Parliament and of the Council of 27 November 2019 on sustainability-related disclosures in the financial sector (the “Sustainable Finance Disclosure regulation” or “SFDR”):

- Aviva Investors Global – GBP ReturnPlus Fund
- Aviva Investors Global – EUR ReturnPlus Fund

This change will be effective on 1 July 2022 (the “Effective Date”):

As from the effective date the above mentioned Sub-Funds will promote environmental and/or social characteristics.

The Board has also decided to include more information around responsible investment in a new “Aviva Investors Transition Approach and Responsible Investment policy” section in the prospectus.

The investment process will now include binding ESG characteristics (ESG screens and sector exclusions), the integration of ESG considerations and the investment manager’s transition philosophy into investment decisions.

The Investment Manager aims to identify both sustainability leaders and corporate and sovereign entities that have the potential and commitment to improve. It does this by excluding companies using our Baseline Exclusions Policy and utilising a suite of ESG data tools alongside qualitative research generated by the Investment Manager’s large, dedicated team of in-house ESG specialists. The Investment Manager will help catalyse and drive the required transition by using a variety of levers, including voting, engagement and what it calls “macro stewardship,” which is engaging with regulators, governments and other entities to “change the rules of the game,” in favour of those businesses that are providing solutions to sustainability problems or supporting the transition to a sustainable future.

The Investment Manager’s responsible investment philosophy is to invest in the transition to a more sustainable future and, in particular, to promote the relative merits of engagement over divestment. The Investment Manager will therefore seek to identify and invest in companies that are either focused on delivering sustainability solutions, exhibit the highest standards of corporate behaviour (when measured against national and international norms, see below) or are transitioning and evolving to become more sustainable and responsible.

The Investment Manager believes that for the Sub-Funds that it manages adopting a purely exclusions-based approach or simply investing in today’s sustainability leaders would limit the Investment Manager’s
ability to shape a sustainable future and not help to enable the transition to a low carbon economy. Real change requires a radical overhaul of the world’s economy and industries and investors must be willing to support and be fully engaged in the transition from “brown” to “green.” Creating a “better tomorrow” means we must play our part as investors in helping “today’s world” become better.

The Investment Manager also notes that the rise of ESG investing with a narrow focus on “green” companies has in many cases triggered inflated valuations which may ultimately undermine sustainability objectives and generate suboptimal outcomes for clients.

Please also refer to the ESG Screening Impact appendix to this notice, which provides an overview of ESG considerations that may apply to each Sub-Fund.

The data in this table is provided for information purposes only and should be read in conjunction with the provided investor notice, dated 27 May 2022.

Data shows as of 29 April 2022 indicating where there is a material impact of the approach on the investment strategy.

1) Table depicts only the facets of the ESG screening which constrain our definition of the fund’s investable universe and how the fund typically invests.

2) Data provided for informational purposes only and should be used in conjunction with the product prospectus.

3) In the majority of cases, the sub-fund benchmark is used as a reasonable approximation of the investable universe for the sub-fund. This is to estimate a point in time, the actual impact of the restrictions could be higher based on wider investment powers of the funds to invest off-benchmark. This is therefore the minimum rate as our best estimate and does not take into consideration the limitations these exclusions also place on the fund to be overweight the restrictions screened out. For some funds (marked “n/a”) it is not possible to provide an estimated impact of the screen because there is no suitable index to use in the assessment or the sub-fund has an interest rate as performance benchmark. Additionally, where the benchmark is not a full representation of the fund’s investable universe but the ESG screen is considered applicable to the fund, this has been indicated by the investment manager.

4) Further information on Aviva Investors’ ESG criteria can be found on the Aviva Investors’ website in the ESG definitions glossary.
