We do not currently make any decisions based on automatic decision making using your personal information to decide whether we can provide an investment. If in the future we need to make decisions based on automatic decision making, we will inform you about this.

We need to keep information for the period necessary to administer your investment and deal with any queries on your investment. We may also need to keep information after our relationship with you has ended, for example to ensure we have an accurate record in the event of any complaints or challenges, carry out relevant fraud checks, or where we are required to do so for legal, regulatory or tax purposes.

Additional disclosures

Best execution

When placing orders for transactions in portfolio investments, the Fund must comply with the obligation to act in the best interests of Shareholders. While price is typically the key consideration, the Fund may also consider any other factors that are relevant, such as incidental costs, order size, speed of execution, likelihood of execution and settlement, and efficiency of execution (including liquidity and the market impact of the order). The Fund may also consider any offer by the broker to provide research that is valuable to the Fund and would not otherwise be available as economically (or at all). Further details of the Aviva Investors Global Order Execution Policy will be provided free of charge at the written request of the Shareholder.

Complaints

The Management Company considers investor complaints a serious matter and generally sends out a response within 48 hours. If further investigation is needed, this response may be an acknowledgement of the complaint which will be followed in due course by more substantive information. Complaints can be submitted free of charge in writing to The Bank of New York SA/NV, Luxembourg branch or to: Aviva Investors Luxembourg, Compliance Department, 2, rue du Fort Bourbon, L-1249 Luxembourg. A detailed complaint resolution procedure is available on demand via email to Aviva.TA.AML.LUX@bny.com

Conflicts of interest

Conflicts of interest are inherent in all businesses. To safeguard investor interests, and in compliance with regulatory requirements, the Fund and the Management Company have a variety of policies, procedures and processes designed to manage conflicts of interest. This includes situations where the Management Company has an opportunity to benefit at the expense of the Fund (such as lowering its own costs while increasing costs to the Fund) or an opportunity to give preferential treatment to another investment product or client over the Fund. Should an issue arise that cannot be managed satisfactorily under the existing policies and procedures, the Management Company will disclose the issue to the Fund before taking any action.

Proxy voting policy

The Management Company strongly supports good corporate governance, as a matter of policy and of culture and attitude. This support applies to the Management Company's own operations, to the Fund, and to companies the Fund invests in.

Because good governance is a key consideration in choosing portfolio securities, the Management Company in general hopes to support company management in proxy voting. However, where the Management Company disagrees with company management, does not believe a proposal is consistent with the interest of Fund Shareholders, or simply finds that company management has not provided adequate justification of their position (such as with dilution or a departure from best practices), the Management Company does not hesitate to withhold support and oppose management. Further details of Aviva Investors' Voting Rights Policy are available to Shareholders free of charge upon request.
