

Landlord Combined Cover with excess

Terms and Conditions - effective from 18/11/2015

This policy provides insurance cover in relation to emergencies and in relation to other domestic incidents – please see the ‘What is Covered?’ section(s) of these terms and conditions.

This policy also provides certain non-insured services - please see your policy schedule.

These terms and conditions and the policy schedule form a contract of insurance between you and the Underwriter and a separate contract between you and HomeServe to sell, arrange and administer your policy and to provide the non-insured services set out in your policy schedule. Please read this document carefully along with any enclosed documents so you can make sure you know what you are covered for under your policy. If you have any queries, please call HomeServe on the customer services number, as shown on your policy schedule. Certain words within this policy have a particular meaning. Each time we use these words they will have the same meaning wherever they are used in your policy. Please see the General Definitions and Policy Coverage sections for further details.

A. KEY QUESTIONS

How do I make a claim?

- If an incident occurs at your property, which is covered by your policy, please call the claims number. This together with the address of the property covered will be shown on your policy schedule. We will arrange for the incident to be dealt with in accordance with the terms and conditions of this policy.
- Claims must be made by you or a person calling on your behalf. **Please call us as soon as you are aware of the incident. We will not be able to cover the costs of any work carried out by persons not authorised by us in advance.** You are deemed to have given the tenant permission to claim directly in the event of an incident covered by this policy. We will have provided the tenant with a letter that contains details of what is covered, what is not covered and how to make a claim.
- Please have your policy number ready when you call. The engineer may also ask to see your policy schedule when he/she arrives at your property. In the event that the tenant is claiming on your behalf the engineer may ask the tenant to produce the letter (detailed in point 2 above) upon arrival at your property.

- You have a ‘with excess’ policy, therefore you will have to pay the first **£50** of any claim. We will then cover the cost of the rest of the claim up to the applicable claims limit. It is your responsibility to pay the excess, however we will accept payment from the tenant in order to allow the claim to proceed. Excess payment(s) will be taken when you or your tenant call to make a claim. We can only accept payment using the following cards: MasterCard, Switch Maestro, Visa or Visa Delta.
Each area of policy coverage, as listed in section B, has its own claims limit(s). An excess payment is required for each new unrelated claim (i.e. not arising directly from the same incident). Excess payment(s) will be refunded to you or your tenant (as the case may be) if for whatever reason the claim is cancelled prior to the engineer attending or, where after initial inspection, the incident is not covered by your policy.

Please be aware that you cannot make a claim under your policy during any exclusion period. If applicable, the exclusion period(s) relevant to your policy are set out within your policy schedule.

How long is my policy for?

Your policy will continue for the period specified on your policy schedule. You have certain rights to cancel your policy, and these are set out below. Our cancellation rights are also set out below and under the heading ‘What if I miss a payment?’ of this section.

How can my policy be cancelled?

Only the named policyholder(s) or an authorised representative of the named policyholder(s) should call or write to cancel.

Please make sure you contact us to cancel your policy so that we do not attempt to collect any future payments.

Your policy may be cancelled in the following circumstances:

- You may cancel this policy for any reason and at any time by writing to us at the Freepost address or contacting us on the customer services number shown on your policy schedule.
- HomeServe may cancel this policy by giving you at least 7 days’ notice in writing to the last address provided to us if you are seriously in breach of the terms of your policy. Examples of a serious breach include: if you submit a fraudulent claim or if you use threatening or abusive behaviour towards our engineers or staff.
- HomeServe may also cancel this policy in any specific circumstances stated in the Policy Coverage section. If the cancellation is as a result of a claim being made, unless stated otherwise, the claim which led to the cancellation will not be considered a claim when calculating any refund due.

The cancellation period shown on your policy schedule includes the statutory 14 day period which commences on the start date of your policy or 14 days from the date you receive your policy documentation, whichever is the later.

Depending on when you cancel and whether you have made a claim you may receive a refund as follows:

- If you cancel your policy within the cancellation period and you have not made a claim, you will receive a full refund of any premium paid.
- If you cancel your policy after the cancellation period and you have not made a claim, you will receive a refund of any premium already paid to us for the remaining period after your policy has ended (calculated daily). If you pay monthly your policy will be cancelled at the end of the monthly period you are in at the time you notify us of your wish to cancel. You will continue to benefit from cover until the date your policy is cancelled.
- If you cancel your policy and you have made a claim (including within the cancellation period) you will not receive a refund - we will retain all premium you have already paid to us.

In any event you will need to pay for any non-insured services that you have received.

What if I miss a payment?

If you fail to make a payment of premium on the due date, your policy may be suspended and you will not be able to make a claim. HomeServe will notify you in writing within 5 working days of the date on which a payment was due if you fail to make a payment. If you do not pay the requested amount within 30 days of the due date, your policy will be cancelled. You will remain liable for any due and outstanding premium for the period up to the date of cancellation. If you want to make a claim under your policy whilst your policy coverage is suspended, you will be required to pay any outstanding premiums before an engineer will be despatched to your property. When your policy is cancelled, the outstanding premium due to us will depend on how you selected to pay your premium for the policy. If you pay your premium monthly, the outstanding premium will be your monthly premium payments up to the date that the policy is cancelled. If you pay your premiums quarterly or annually, the outstanding premium will be all unpaid premium payments for the term of the policy.

What if I move home?

You are responsible for informing HomeServe of a change of your address so that cover can be transferred to your new property. Please phone us on the customer services number or write to HomeServe at the Freepost address, to advise us of your new address. We will check with you whether your cover is appropriate for your new property before it is transferred. If it is not appropriate you may cancel your policy as set out under the heading 'How can my policy be cancelled?' in this section.

How do I renew?

HomeServe will contact you in writing before your policy expires to arrange the renewal of your policy. At the same time we will review your premium and advise you of your renewal premium amount. Your claims history will be considered as part of the premium review. We reserve the right to adjust your premium to reflect any changes in the rate of tax applicable to it. HomeServe reserves the right to refuse renewal of any individual policy and we will inform you before your policy expires if we choose to do so.

How can I complain?

Only the named policyholder(s) or a representative authorised by the named policyholder should call or write to make a formal complaint. If you have a complaint, please phone or write to HomeServe in the first instance using the customer services number or Freepost address. Every effort will be made to resolve your complaint to your satisfaction. If your complaint relates to the insurance cover provided under this policy and it is not resolved to your satisfaction, then you may have the right to refer the matter to the Financial Ombudsman Service. We will give you information about referring your complaint to the Financial Ombudsman Service if you remain dissatisfied. If your complaint relates to any non-insured service provided under this policy, you will not have the right to refer the complaint to the Financial Ombudsman Service.

B. POLICY COVERAGE

WATER SUPPLY PIPE

Cover definitions

Water supply pipe: the freshwater pipe that connects your property to the mains water supply up to and including the property's internal stop tap. In England and Wales, this includes the pipe from the junction with the mains services. Therefore this can include any section of the pipe where it is on private land outside your property boundary up to the public highway, but only if you have a legal right of access to the pipe on such private land, and in relation to any section of pipe under the public highway only if you have this extra legal responsibility. In Scotland, your responsibility ends at your property boundary.

Permanent reinstatement: repairs required to re-instate (put right) the damage caused by any excavations necessary to access the water supply pipe. This includes the reinstatement of tarmac, concrete, block paving and lawns.

What is Covered?

You are covered for a leak or blockage in your water supply pipe. An engineer will locate the leak or blockage and repair, replace or unblock the affected section of the water supply pipe.

Examples of claims covered

- ✓ Leaking water supply pipe
- ✓ Blocked water supply pipe
- ✓ Leaking internal stop tap
- ✓ Seized internal stop tap

Claims limit

- Up to £4,000 per claim
- No limit to the number of claims

Response

- If your incident is an emergency (including internal leaks which cannot be controlled), your claim will be given priority, otherwise an appointment will be made.

Permanent reinstatement - An exact match to the existing surface cannot be guaranteed and we will only reinstate the area that is damaged. Where we are able to carry out permanent reinstatement work this will be part of the regular claims limit amount. We use engineers with the necessary skills and reputable stockists who stock the materials usually required to reinstate surfaces; however if the permanent reinstatement requires non-standard construction materials and/or methods and skills we will make the ground safe and reimburse you an amount towards your own reinstatement costs within the claims limit. To allow for settlement of the ground following excavations, the permanent reinstatement works may not be carried out immediately.

⚠ What isn't Covered? (see also the General Exclusions)

- a) the external stop valve connection to the water mains supply (because it is the water company's responsibility);
- b) where there is no evidence of a blockage, a leak or damage;
- c) frozen pipes which have not resulted in a leak or permanent blockage;
- d) any costs of the water lost during a leak;
- e) costs which exceed your fair share of the cost of any work undertaken by us under the terms of this policy on a water supply pipe outside the boundary of your property where you share legal responsibility for the water supply pipe with any third party(ies). Your fair share will be calculated as the total cost of the work divided by the number of parties (including you) that are responsible for the water supply pipe and benefit from the repair;
- f) any work required on a water supply pipe outside the boundary of your property where you share legal responsibility for the water supply pipe with any third party(ies) who does not agree to the work being completed by our engineers.

Cover Definitions

Plumbing and/or drainage: the water pipework, taps, stop taps, water storage, drainage (internal and external) and waste pipes within your property which you are legally responsible.

You are covered for incidents relating to your plumbing and drainage. The engineer will resolve the immediate problem by repairing or replacing leaking pipes; clearing blockages; repairing taps; restoring toilet facilities, including repairs to leaking overflows; investigating the causes of noisy pipes and quietening these where they can be accessed.

The engineer will leave a blocked drain running clear by clearing the drain or repairing or replacing the damaged section of waste pipe. This will include the temporary reinstatement of any excavations carried out as part of the claim.

Additional information
 We will not cover any additional repair work. For example, a blocked drain will be left running clear but if the drain needs to be realigned to avoid the problem recurring, this is not covered.
 If any loss, damage or expense covered under the Plumbing & Drainage section of your policy is also covered by any other insurance or maintenance contract, you must provide us with full details of the other contract. This includes from the boiler isolating valve, including all manufacturer's fitted components within the boiler together with the pump, motorised valves, thermostat, timer, temperature and pressure controls, radiators, interconnecting pipework, feed and expansion tank and flue.

Beyond Economic Repair (BER) (applies to the boiler only): Upon making a claim, the total cost of parts (including VAT) required to repair the boiler will be determined by us using reputable suppliers. If this cost exceeds 85% of the manufacturer's current retail price (or if this is not available, the average current retail price available through leading UK suppliers) for a boiler of the same or similar make and model to your boiler or the then current version of your boiler, it will be deemed to be beyond economical repair.

What is Covered?

Examples of claims covered

- a) repairing a boiler, or any part of it, which is BER;

- t) repairing or a like for like replacement of a non-standard radiator (e.g. cast-iron, decorative, customised, or those which curve with the profile of a wall).

⚠️ BER – If upon making a claim your boiler is deemed to be BER, we will replace it if it is less than 7 years old (when it is declared BER) with a boiler of the same or similar make and model or the then current version of your boiler, which has the same or similar functionality as your boiler and has a power output of up to 60KW/hr. We cannot guarantee the same make or model or that it will be fitted in the same place. Replacements will meet all current statutory requirements. If your boiler is 7 years old or older when it is declared BER we will make a contribution of **£200** towards the cost of a new boiler. When your boiler is declared BER, your policy will be cancelled in accordance with the procedure outlined in section A, under the heading 'How can my policy be cancelled?'

Maintenance work - The engineer, when dealing with your boiler and/or system may complete the repair but diagnose that additional maintenance work is required to your boiler and/or system in order to prevent a future breakdown. For example; maintenance work can include circumstances where there is a build up of sludge/scale/rust resulting in your boiler and/or system needing cleaning. As this maintenance work is not covered under this policy, it is your responsibility to have it completed. We will notify you and confirm by letter that this work needs to be completed. Until the maintenance work is carried out we will be unable to offer any cover for the affected part of your system. To avoid you paying for cover you no longer have, you should get this maintenance work completed as soon as possible. Please provide us with evidence in writing of the work having been completed in order for us to reinstate your policy coverage.

Boiler Type and Condition – We reserve the right to assess your boiler at any time. We are not able to continue to cover boilers which are not in good working order or can no longer be supported due to parts being obsolete.

Obsolete parts – HomeServe uses reputable suppliers who stock the usual parts required to fix most boilers. However if, when attempting to fix your boiler and/or system we find that the relevant manufacturer's spare parts are not readily available after a search of all HomeServe's stockists or that parts may be available but will take longer than 28 days to source, we will not be able to complete your repair. In this event we will deem that we can no longer offer you gas central heating cover and will make a contribution of **£200** towards the cost of a new boiler. Your policy will be cancelled and your premium will be refunded in accordance with the procedure outlined in section A, under the heading 'How can my policy be cancelled?'

Annual Landlord Gas Safety Inspection & Annual Gas Boiler Service

Your policy includes provision for an annual gas safety inspection (CP12) and annual gas boiler service by HomeServe. These are not elements of insurance and therefore are not part of the contract of insurance, underwritten by the underwriter and are not regulated by the FCA. This also means that if you have any complaint relating to these services, you will not have the right to refer the complaint to the Financial Ombudsman Service.

As a landlord it is your legal responsibility to be able to prove that any gas appliance used in your tenanted property is safe to use and you must provide a valid record to this effect to the tenant on an annual basis.

The landlord gas safety inspection will record each gas appliance in the property and whether or not they are safe to use at the time of inspection. If any gas appliance at the property is found to be unsafe on inspection this will be recorded on the landlord gas safety record which will be issued to you upon completion of the landlord gas safety inspection. The engineer will follow industry standard procedures to ensure that he does not leave an appliance operating in an unsafe manner.

It is your responsibility to have any necessary remedial work carried out to make the appliance(s) safe to use. Should you wish HomeServe to carry out this work for you please contact us to request a price for this service. Your policy only provides you with one landlord gas safety inspection per policy period. Should you require any further landlord gas safety inspection(s) to be carried out following identification that remedial works are required please contact HomeServe to request a price for this service.

The gas fired boiler at the property will be serviced to meet statutory requirements, manufacturer's recommendations and relevant codes of practice.

We will contact you to arrange for an engineer to carry out the annual landlord gas safety inspection and the annual gas boiler service. These will be undertaken together and will be available Monday to Friday, 9am to 5pm, excluding bank holidays.

General Conditions

Our guarantee

Under this policy, the workmanship and any part(s) used by us to solve the problem will be guaranteed for a period of twelve months from the date the work is carried out.

Where appropriate, we may advise you that remedial or maintenance work will be required to be undertaken by you in order to bring your installation up to a suitable standard or to prevent a future incident. Such work will be at your own cost.

Creating access

Upon arrival at your property, the engineer will locate the source of the incident. If direct access is not available, for instance if there are floor tiles or floorboards in the way, the engineer will need to create access. If you want our engineer to do this, you will be asked to confirm it in writing while the engineer is at your property. Unless stated in the 'What is Covered?' sub-sections of the Policy Coverage section, this policy does not provide you with cover for any damage which may be caused to the property, its contents, fixtures, fittings, floorings or sanitary ware (unless such damage is as a result of our engineer's negligence). If you do not want our engineer to create access, we will be unable to progress your claim until you have arranged for access to be made.

Property eligibility

This policy is for landlords only. Retail, commercial and other premises used for business are not eligible for this cover, and council and housing association tenants will not need this service. Flats, maisonettes, mobile homes, bedsits, sub-divided homes and sub-let properties are not covered. Please also see the definition of property in the 'General Definitions' section.

The boiler at your property must have a power output of less than 60 KW/hr and be fired by natural gas (and not LPG, electric or oil). Your property must not be heated by dual purpose boilers, a warm air heating system, combination and unvented cylinders or thermal storage units.
