# 10 years of doing more

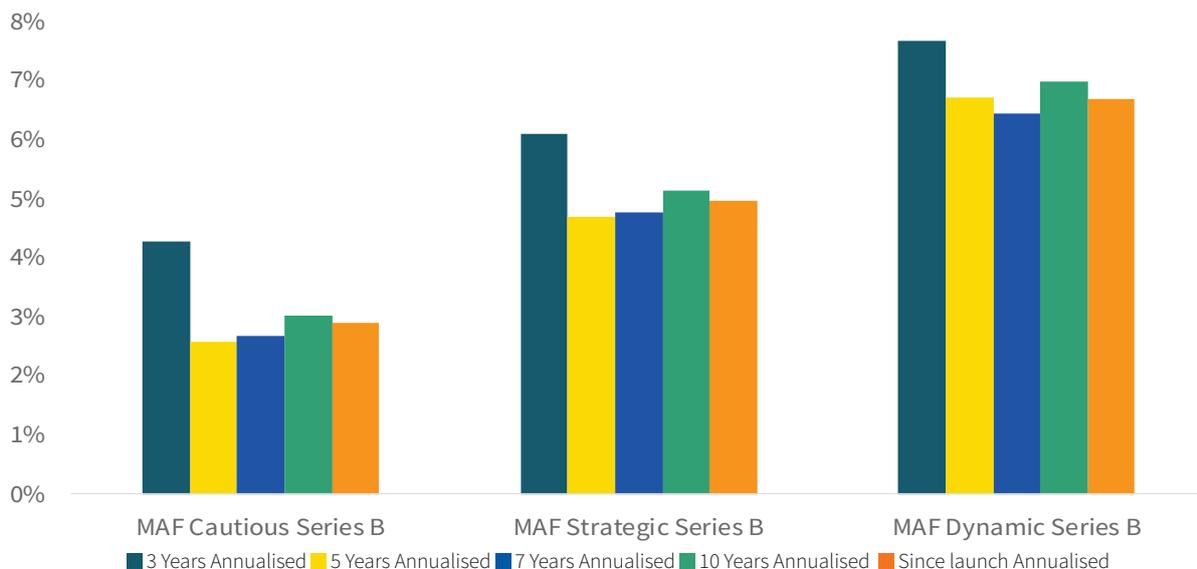

With Aviva you don't have to choose between your environmental and social conscience and your financial wellbeing. Aviva Investors has been using its voice to drive positive change for decades and our Multi-Asset Funds (MAFs) have delivered consistent returns over the last decade to help our clients achieve their financial goals.

With consistent investment performance, great value, dynamic management, and responsibility built in, you can enjoy more with MAFs.

## 10 years of delivering consistent returns

Your money can be a powerful tool to help you achieve your financial goals. Since their launch ten years ago, MAFs have a strong track record in delivering long-term consistent fund performance.

If you are like one of the 7 in 10 Irish pension holders who say it's important to consider Environmental, Social and Governance factors when investing your pension<sup>1</sup>, the good news is Aviva's commitment to responsible investment has a long track record. Aviva has been at the forefront of responsible and sustainable investment for nearly 50 years; from being the first operationally carbon-neutral international insurer, to being awarded the UN Momentum for Change Award in 2017 in recognition of Aviva's commitment to reducing its environmental impact, as well as helping to author the world's first corporate governance code and the UN Principles for Responsible Investment.
