

Advised Aviva Platform

External account providers and interest rate

This is the current list of external client money account providers for the cash account. This also shows the interest rate for the cash account within the Advised Aviva Platform products below.

Advised Aviva Platform

Pension Portfolio
ISA Portfolio
Investment Portfolio
Junior ISA Portfolio (JISA)

If you have a non-advised Aviva Wealth product (such as the Aviva Stocks & Shares ISA, Aviva Pension, or Aviva Investment Account), there is a different cash interest factsheet which is available here: static.aviva.io/content/dam/document-library/adviser/customerplatform/rd06102.pdf

External account providers

Within the cash account, cash may be held in one or more interest-bearing client money bank account(s) with external account providers of our choice. The current providers holding client money are shown below.

We need to hold money with HSBC to meet daily client requirements. Outside of HSBC, the remaining client money is spread between the other providers. This is to diversify the holdings to reduce risk.

- HSBC Bank plc
- Lloyds Bank plc
- NatWest Group plc

Interest rate

The current interest rate on the cash account for any of these products is: 3.05% gross*

The interest rate is variable and may change. Interest is paid monthly and interest rates can be positive, zero or negative.

*'Gross' means the rate of interest before the deduction of tax.

Please remember that we may change the external account providers and interest rate at any time.

Protecting client money

The Financial Services Compensation Scheme (FSCS) has been set up to provide protection to consumers if authorised financial services firms are unable to meet claims against them. For the cash account (a UK deposit account), Aviva is normally entitled to claim up to £120,000 on behalf of each customer for each of these account providers. This limit will also take into consideration any other accounts you hold with these account providers. You should refer to your key features document for more information about the FSCS.
