Why choose Aviva for Equity Release?

If you want to work with experienced, trusted equity release experts, you've come to the right place. Over our 20 plus years in the business, we've helped over 270,000 UK customers release more than £10 billion.

The type of Equity Release we offer is a lifetime mortgage which is a long-term loan secured on the customer's home. For homeowners over 55. Inheritance will be reduced; tax position and welfare benefits may be affected.

What do we offer?

- ✓ **Lending criteria**
We'll consider more property types than many other providers.
- ✓ **Personalised equity release**
Our pricing engine allows us to provide interest rates based on individual circumstances.
- ✓ **Postcode enhancements**
See if your clients qualify for a better interest rate or higher loan amount with our unique postcode pricing.
- ✓ **Medically enhanced interest rates**
Our unique health and lifestyle enhancements means your client could benefit from a lower interest rate or higher loan amount.
- ✓ **A choice of early repayment charges**
We know your clients may want to pay back their lifetime mortgage early, so we offer a choice of two types of early repayment charge: fixed or gilt-based.
- ✓ **21 day rate guarantee on quotes**
We want to give you and your clients as much certainty as possible. That's why we now offer a 21 day quote guarantee from when you generate an illustration. So if interest rates change during this 21 day period you can be sure that your client is guaranteed the interest rate on the illustration. If they decide apply, we'll then provide a 14 week offer period for further certainty until completion.
- ✓ **A competitive re-offer process**
With our wide lending criteria, we often get complex applications - but that's nothing we can't handle. We offer a 14 weeks re-offer period giving your clients greater certainty and peace of mind. And that's why we're the market leader.
- ✓ **Quote, apply and track cases online**
There's no waiting and no need to call us with our online quote, apply and tracking system. You simply log into our [Adviser website](#), get a quote, download a KFI, apply and keep track of your client's cases all in one seamless process.
