

Aviva Smart Health

Health and wellbeing support.
All under one roof.

See a GP when it suits you

Our team of UK based GPs are on hand for things like medical advice, prescriptions or specialist referrals.

Managing your health doesn't always fit in to the 9-5. If you want to speak to a doctor, you've got unlimited, round-the-clock appointments at your fingertips.

Get fit and eat well

Physical and mental wellbeing are equally important - we know that. But putting off the gym and ordering a takeaway are easier than we'd like. So Aviva Smart Health offers you bespoke fitness and nutrition plans to make life a little easier.

Talk to an expert about your mental health

If you or your family need someone to talk to, our team of qualified Mental Health experts are on hand for confidential support. They'll guide you to the specialist support you need, from coping with stress, anxiety, trauma or depression to dealing with a bereavement.
