

Aviva personal protection application and data capture form

How to fill out this form

You can use this form as a paper application or as data capture. If you're using this as an application form you can apply for up to 6 contracts at once. There can be a maximum of two policyholders and two lives covered per application. Policyholders and lives covered don't have to be the same people unless applying for Income Protection+. You should complete a separate 'product details' section for each contract and number them for further use in the form, you may also want to send a copy of your quote with this form to: Aviva, PO Box 520, Norwich, NR1 3WG.

Please note:

- Section 7 is an additional health questionnaire. You must complete this section if you answer yes to any question in Section 6, other than for asthma. Please complete an additional health questionnaire for each condition disclosed in Section 6.

- Section 9 is an additional family history questionnaire. You must complete this section if you answer yes to any question in Section 8. Please complete this section for each family history disclosed in Section 8.
- If you're using this for data capture, you do not need to send the form to us. If a declaration is required please ensure you return Section 20.
- If you're using this form as a data capture form, please use our non-interactive journey when keying into the online application.

As part of the application process, Aviva asks all customers to give consent for us to request a medical report from their doctor under the Access to Medical Reports Act 1988 (AMRA). We also need your GP details. If you choose not to give consent, or if you're unable to, we won't be able to go ahead with your application. This doesn't stop you from applying to other companies for cover. A report can be sent electronically using secure software or in the post.

Placing policies under trust

Data capture: If you're using this form for data capture and a policy is to be placed under trust, you can post the paper trust form(s) or complete the online trust at the point when inputting the application data. you'll need to speak with the applicant(s) at the time of completing the trust details online.

Paper application: If you're using this form as a paper application and a policy is to be placed under trust, please complete an appropriate paper trust form(s). You can either return along with the application or at a later date.

Form use:

☐ Application

☐ Data capture

Changes before the contract comes into force

Until we confirm when the cover will start you must notify us immediately of any change in the circumstances relating to the health, activities, occupation or residence of the person(s) covered which would change any of the answers or information

provided in this application form. This includes attending any medical appointment or consultation after submitting the application.

Any changes may affect the terms and extent of the benefit we can offer. We reserve the right to offer amended terms or decline cover.

Important information

You must answer all the questions fully, truthfully and accurately. Please remember that we'll use the answers given to assess the terms and the extent of benefits we can offer. Even if information has already been provided in a previous application, it must be provided to us again as our systems may not identify the previous information.

In order for us to provide a decision on applications, we'll ask questions about build, medical history and other risk factors relevant to the products being applied for. We'll use these answers to determine whether we can offer cover and on

what basis. This includes questions regarding mental health conditions, where these are relevant to the products being applied for.

If incorrect or incomplete information is provided this may result in the policy being amended or cancelled, may reduce the amount payable in the event of a claim, or may result in the non-payment of a claim.

We have a confidentiality policy in place, which means we hold medical information securely and access is limited to authorised individuals who have a need to see it.

IMPORTANT: You must answer all questions fully, truthfully and accurately. Failure to do so may result in your policy being amended or cancelled, may reduce the amount payable in the event of a claim, or may result in the non-payment of a claim. You do not need to tell us about any predictive genetic test results unless this application, together with any existing cover, will total over £500,000 of life insurance. If your cover is over this limit, we only need to know about predictive genetic tests for Huntington's disease. You can tell us about any negative predictive genetic tests results, because it may help your application.

Please note: Sections 5 to 13 (inclusive) refer to the lives covered so the questions should be answered by them, not the policyholder, if different.

Section 15 – Important information

The policy conditions and policy summary for the product(s) you're applying for are important and you should take time to

read them. You should have already received these documents but if you've not please ask your financial adviser for a copy.

Section 16 – Data protection

Privacy Notice

Aviva Life & Pensions UK Limited is the main company responsible for your Personal Information (known as the controller).

We collect and use Personal Information about you in relation to our products and services. Personal Information means any information relating to you or another living individual who is identifiable by us. The type of Personal Information we collect and use will depend on our relationship with you and may include more general information (e.g. your name, date of birth, contact details) or more sensitive information (e.g. details of your health or criminal convictions).

Some of the Personal Information we use may be provided to us by a third party. This may include information already held about you within the Aviva group, information we obtain from publicly available records, third parties and from industry databases, including fraud prevention agencies and databases.

This notice explains the most important aspects of how we use your Personal Information, but you can get more information by viewing our full privacy policy at **aviva.co.uk/privacypolicy** or requesting a copy by writing to us at: The Data Protection Team, Aviva, PO Box 7684, Pitheavlis, Perth PH2 1JR. If you're providing Personal Information about another person you should show them this notice.

We use your Personal Information for a number of purposes including providing our products and services and for fraud prevention.

We also use profiling and other data analysis to understand our customers better (e.g. what kind of content or products would be of most interest) and to predict the likelihood of certain events arising (e.g. to assess insurance risk or the likelihood of fraud).

We may carry out automated decision making to decide on what terms we can provide products and services, deal with claims and carry out fraud checks. More information about this, including your right to request that certain automated decisions we make have human involvement, can be found in the 'Automated Decision Making' section of our full privacy policy.

We may use Personal Information we hold about you across the Aviva group for marketing purposes, including sending marketing communications in accordance with your preferences. If you wish to amend your marketing preferences please contact us at **contactus@aviva.com** or by writing to us at: Aviva, Freepost, Mailing Exclusion Team, Unit 5, Wanlip Road Ind Est, Syston, Leicester, LE7 1PD. More information about this can be found in the 'Marketing' section of our full privacy policy.

Your Personal Information may be shared with other Aviva group companies and third parties (including our suppliers such as those who provide claims services and regulatory and law enforcement bodies). We may transfer your Personal Information to countries outside of the UK but will always ensure appropriate safeguards are in place when doing so.

You've certain data rights in relation to your Personal Information, including a right to access Personal Information, a right to correct inaccurate Personal Information and a right to erase or suspend our use of your Personal Information. These rights may also include a right to transfer your Personal Information to another organisation, a right to object to our use of your Personal Information, a right to withdraw consent and a right to complain to the data protection regulator. These rights may only apply in certain circumstances and are subject to certain exemptions. You can find out more about these rights in the 'Data Rights' section of our full privacy policy or by contacting us at **dataprt@aviva.com**

Section 17 – Medical reports

Please read this section carefully as it tells you how we'll obtain your medical information if we need it.

As part of the application process, Aviva asks all customers to give consent for us to request a medical report from their doctor under the Access to Medical Reports Act 1988 (AMRA). We also need your GP details. If you choose not to give consent, or if you're unable to, we won't be able to go ahead with your application. This doesn't stop you from applying to other companies for cover. A report can be sent electronically using secure software or in the post.

A report may be needed to help Aviva make a decision about the insurance you've applied for or within 12 months of your policy starting to help Aviva monitor the quality of customer information provided.

Aviva accepts the vast majority of applications based on customer information alone without obtaining upfront medical evidence. After the policy has started, we'll obtain a doctor's report for a selection of these customers, to ensure the application questions have been answered accurately. We call this post-issue sampling, and the possible outcomes of this are:

- The policy will remain in force on the original terms.
- If evidence is received showing that the policy would have been offered on different terms, the policy will be amended to reflect this.
- If evidence shows information that means we wouldn't have offered a policy, the policy will be cancelled, and premiums refunded.

Aviva will tell you if it needs to ask your doctor to prepare a medical report and will use the consent you give to do this. Your doctor will use your medical records to complete a medical report. Usually the report will be sent directly to us. However, you can ask to see it before it's sent to us. We'll use the report to assess your application, for audit purposes or in the event of a claim.

What we'll ask for

We'll ask your doctor:

- for information about your medical history, including details of any relevant illnesses, trauma, hospital admissions, medical consultations, referrals, tests or investigations and treatments you may have had
- about your current health including any care, medication or treatment you're receiving and the results of any referrals or tests you're waiting for.

We won't ask your doctor:

- for information about any negative tests for HIV, hepatitis B or C, or any sexually-transmitted diseases unless there could be long term effects on your health
- about any predictive genetic test results unless this application, together with any existing cover, will total over £500,000 of life insurance. If your cover is over this limit, we only need to know about predictive tests for Huntington's disease. You can tell us about any negative predictive test results, because it may help your application.

You can find two copies of the Aviva Access to Medical Reports Declaration in Section 22.

Section 18 – Financial crime

To verify your identity and prevent financial crime, your information may be used by any company within the Aviva group. It may also be shared with third parties who provide services to us, and any other organisations, where required to by law and regulation.

We may record any searches carried out. These, and any suspicion of financial crime, may be used to help other companies with verification and identification. The search isn't a credit check and your credit rating shouldn't be affected.

Section 19 – Residency Criteria

Please read this section carefully as it tells you the residency criteria that you need to fulfil in order to apply for the policy.

At the time you complete the application, both you and the life covered must:

1. be in the UK, the Channel Islands, the Isle of Man or Gibraltar, with a legal right to live in that jurisdiction, and
2. consider your main home as being in the UK, the Channel Islands, the Isle of Man or Gibraltar and have no current intention of moving anywhere else permanently.

You need to tell us if you move outside of the UK, the Channel Islands, Isle of Man or Gibraltar and your main residence is in another territory. Laws in the territory you become resident in may affect your ability to continue to benefit fully from the features of your policy. We may need to change, reduce or remove any of your policy terms. We'll give you details once you've told us. You should seek your own independent advice to consider your options if you move to another territory.

Regardless of what is set out elsewhere in these terms we won't be obliged to exercise any of our rights and/or comply with any of our obligations under this policy, if to do so would cause, or be reasonably likely to cause, us to breach any law or regulation in any territory.

Section 20 – Declaration to Aviva Life & Pensions UK Limited ('Aviva')

Policy numbers:

1.	2.	3.
4.	4.	6.

You only need to complete the declaration if you're using this form as an application form.

- **If you're a life covered and a policyholder** – Read Part 1 and Part 2 of the declaration then sign, date and return it to us.
- **If you're a life covered only** – Read Part 1 of the declaration then sign, date and return it to us. Not applicable for Income Protection+.
- **If you're a policyholder only** – Read Part 3 of the declaration (over the page) then sign, date and return it to us. Not applicable for Income Protection+.

Part 1 – If you're a life covered please read this section.

I confirm:

- The answers I've provided about my health and lifestyle are truthful, accurate and complete.
- I'm aware that if any of the information I've provided is not truthful, accurate or complete, and this might have reasonably affected their decision to provide cover, Aviva may amend or cancel the policy, may reduce the amount payable in the event of a claim, or may not pay a claim.
- I'll check my answers to the health and lifestyle questions in the personal details confirmation form sent to me, and will let Aviva know within 14 days if anything is incorrect. If I do not receive this document within 10 days then I'll contact Aviva so that they can send me another one.
- I'll let Aviva know if any of my answers to the health and lifestyle questions change before they confirm when cover will start. I'm aware that any changes may result in alterations to the cover, premium or benefits offered.
- I've read the important information about how medical information can be obtained from my doctor, either for the purposes of assessing my application, or for audit purposes, and I agree to give my written consent to such information being obtained, if required.
- I understand that Aviva may need to seek medical information in the event of a claim and I also agree to provide my authority for this.
- I give my authority for Aviva, and any company within the Aviva group, to seek relevant information from other insurers if I've applied, or am currently applying, for a policy with them.
- I've read the Data protection section, which explains how my personal data will be held and used, and am happy to continue with this application.
- I'm currently living in the UK, Channel Islands, Isle of Man or Gibraltar and meet the residency criteria as confirmed in Section 19.

Part 2 – If you're both a policyholder and a life covered, please read this section (in addition to Part 1 above).

I confirm:

- I'm aware of the importance of reading the Policy Conditions and Policy Summary for the policy or policies I'm applying for and that these documents, together with my Policy Schedule, the personal details confirmation, this declaration and any information given in the application process, will apply to my policy.
- I understand that the Policy Conditions are written subject to the laws of England.
- I'm currently living in the UK, Channel Islands, Isle of Man or Gibraltar and meet the residency criteria as confirmed in Section 19.
- I've read the Financial crime section and understand Aviva, or a company within the Aviva group of companies, may need to verify my identity and address using the services of a third party company.
- I understand that it may be necessary to assess my application and that cover won't start until Aviva has accepted my application, received a Direct Debit mandate and confirmed when cover will start.

- I understand it may be necessary to assess my application and that cover won't start until Aviva has accepted my application, received a Direct Debit mandate and confirmed when cover will start.
- I understand cover is provided on the basis that the answers provided by the life or lives covered are truthful, accurate and complete.
- I'm aware that if any of the information the life or lives covered have provided is not truthful, accurate or complete, and this might have reasonably affected their decision to provide cover, Aviva may amend or cancel the policy, may reduce the amount payable in the event of a claim, or may not pay a claim.

Section 22 – Aviva Access to Medical Reports declaration

(continued)

Your rights under the Access to Medical Reports Act 1988:

Before we can ask a doctor to give us a medical report, you need to give your consent under the Access to Medical Reports Act 1988 (or if you live in Northern Ireland or the Isle of Man, the Access to Personal Files and Medical Reports (Northern Ireland) Order 1991 and the Isle of Man Access to Health Records and Reports Act 1993 respectively) (collectively referred to as “AMRA”).

This is specific legislation which allows insurers, like Aviva, to obtain a medical report with your consent.

We may need to ask for additional information (such as specialist letters or test results) from your doctor to give us the information we need to fully assess the application.

Please be assured that we'll only ask for, and take into account, the medical information that we need to in relation to your application. We respect the confidentiality and privacy of your information and will ensure that your medical information isn't kept for longer than is necessary and is safe in our hands. We may also need to send it to other third parties, such as reinsurers, to help assess your application.

Your rights under this Act are as follows:

- You can change your mind at any time before your doctor sends the medical report to us. Just contact the team on **0800 2851 098/+44 1603 603 479** or your doctor directly. However, if you do withhold/withdraw your consent, we may not be able to go ahead with your application. Where your policy has already been set up, withholding/ withdrawing your consent may result in your policy being cancelled and premiums refunded.
- You can ask to see the report before your doctor sends it to us. If this is the case, we'll tell the doctor you wish to see the report. Your doctor will keep the report for 21 days so you can arrange to see it. If you've not made arrangements to see the report within this time, your doctor will send it to us, unless you withdraw consent for us to access the report.
- If you choose not to see the report at this stage, you may ask the doctor for a copy within six months of it being sent to us. If you ask to see a copy of the report at a later date, you can speak to your doctor, or ask us. If you ask us, we may need to consult with your doctor before providing a copy of the report.
- If you think any part of the report isn't correct or is misleading, you may ask the doctor to amend it. If your doctor refuses to make the amendments, you may ask them to attach a statement outlining your views, which will then accompany the report. Or, you can withdraw your consent and ask your doctor not to send your medical report to us.

- In some circumstances the doctor may decide, in the interests of your health, or to respect the interests of other persons, that you should not see all or part of the medical report. The doctor will tell you of this and you will have the right to see any remaining part of the report. If the doctor decides that you should not see any of the report, it may be that they won't give it to us without your consent.

Detail about the type of information that will be provided in the GP's medical report:

Our preference is to request an electronic report using secure software. Electronic reports are more comprehensive and can be requested and returned to us more quickly. We would request a manual (paper) report if your GP doesn't have the software to produce an electronic report.

For electronic reports:

The medical report your doctor completes will contain the following, where applicable:

- Details of major conditions which impact on your long-term health, for example:
 - Malignancy (cancer), cardiovascular (heart) disease and diabetes.
 - Neurological conditions, such as Multiple Sclerosis or Alzheimer's Disease.
 - Suicidal thoughts or attempts at suicide.
 - Conditions related to drug or alcohol misuse or smoking.
- Details of referrals from the last 10 years, for example a referral to a specialist at a hospital.
- Details of relevant medical consultations you've had over the last 10 years. (Information from consultations not considered relevant to your application, for example details regarding uncomplicated pregnancy, or minor conditions such as acne or chicken pox, won't be included in the report).
- Details of investigations such as biopsies, blood tests, electrocardiograms (heart tests), urinalyses (tests on urine), x-rays or other investigations from the last 10 years.
- Copies of any hospital letters from the last 5 years.
- Medication prescribed within the last 5 years.
- Details of blood pressure, cholesterol and height/weight recordings in the last 3 years.
- Any history of disease among your parents or brothers or sisters that you've told your doctor about.

Section 22 – Aviva Access to Medical Reports declaration (continued)

For manual reports:

The medical report your doctor fills in asks about the following:

- Your current health including any care, medication or treatment you're currently receiving.
- The results of referrals or tests you're waiting for.
- Any time off work in the last three years.
- Your past health including details of any relevant illness, trauma, or referrals for specialist advice or treatment, hospital admissions, consultations with your doctor or any other medical adviser, therapist or counsellor, in particular if you've a history of:
 - malignancy (cancer), cardiovascular (heart) disease, diabetes, and degenerative (gradually worsening) diseases;
 - musculoskeletal disease or injury, for example, arthritis, rheumatism, back problems or any other disorder of the joints or muscles;
 - anxiety, depression, neurosis (such as phobias, obsessions and so on), psychosis (a mental disorder where you lose contact with reality), stress or fatigue;
 - suicidal thoughts or attempts at suicide; or – conditions related to drug or alcohol misuse or smoking or chewing tobacco
- Details of any biopsies, blood tests, electrocardiograms (heart tests), height, weight if measured in the last two years, urinalyses (tests on urine), x-rays or other investigations.
- Any blood pressure readings in the last three years or

- Any history of disease among your parents or brothers or sisters that you've told your doctor about.

In both reports we won't ask your doctor to reveal information about:

- Negative tests for HIV, hepatitis B or C;
- Any sexually-transmitted diseases unless there could be long-term effects on your health.
- Any predictive genetic test results (except genetic tests for Huntington's disease, but only when the total amount of your life cover is more than £500,000.)

If this information is included, we'll disregard it. If your doctor does include reference to other unfavourable predictive genetic test results, we won't take these into account when assessing your application or considering a claim.

If your doctor includes reference to favourable genetic test results, we can take these into account if they show that you haven't inherited a condition your family suffers from.

If you've any questions about your rights under the Act or the process of getting, assessing or storing medical information, please write to: **Chief Medical Underwriter, Aviva, Wellington Row, York, YO90 1WR.**

The information you and your doctor provide about your health may result in us:

- Setting premiums at standard rates
- Increasing premiums above standard rates,
- Applying exclusions, or
- Refusing to provide insurance or, where insurance has already been provided, cancelling your policy.
