

EUROPEAN
COMMISSION

Brussels, 31.10.2022
C(2022) 7545 final

ANNEXES 1 to 4

ANNEXES

to the

COMMISSION DELEGATED REGULATION (EU) .../...

amending and correcting the regulatory technical standards laid down in Delegated Regulation (EU) 2022/1288 as regards the content and presentation of information in relation to disclosures in precontractual documents and periodic reports for financial products investing in environmentally sustainable economic activities

ANNEX IV

Template periodic disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Product name: Cantor Fitzgerald Multi Asset 30 Fund

Legal entity identifier: 213800J1Y9YKVMHC4W61

Environmental and/or social characteristics

Did this financial product have a sustainable investment objective? *[tick and fill in as relevant, the percentage figure represents sustainable investments]*

☒ ☒ ☐ Yes

☐ It made **sustainable investments with an environmental objective:** ____%

- ☐ in economic activities that qualify as environmentally sustainable under the EU Taxonomy
- ☐ in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

☐ It made **sustainable investments with a social objective:** ____%

☒ ☐ ☒ No

☐ It **promoted Environmental/Social (E/S) characteristics** and while it did not have as its objective a sustainable investment, it had a proportion of ____% of sustainable investments

- ☐ with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy
- ☐ with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy
- ☐ with a social objective

☒ It promoted E/S characteristics, but **did not make any sustainable investments**

To what extent were the environmental and/or social characteristics promoted by this financial product met? *[list the environmental and/or social characteristics promoted by the financial product. For the financial products referred to in Article 6, first paragraph, of Regulation (EU) 2020/852, in respect of sustainable investments with environmental objectives, list the environmental objectives set out in Article 9 of that Regulation to which the sustainable investment underlying the financial product contributed. For financial products that made sustainable investments with social objectives, list the social objectives]*

The fund promoted the following environmental and social characteristics:

The fund promoted the following environmental and social characteristics:

Environmental

- Promoted the reduction of thermal coal generation and extraction

Social

- a) Promotion of political rights;
- b) Promotion of political stability and global peace;
- c) Promotion of universal human rights;
- d) Prohibition of forced labour;

Promoted the incorporation of Good Governance Practices.

Please note that the fund has not committed to making sustainable investments at this time.

● How did the sustainability indicators perform?

The fund performed well in all sustainability indicators, leading to no violations within the binding criteria. For a further breakdown of sustainability indicator performance, please see the table below:

Indicator	Performance
% of investee funds that promote the reduction of thermal coal use	97%
Number of investee funds that hold investments that make up more than 5% of the portfolio which violate the UNGC, ILO or OECD Guidelines for Multinational Enterprises and are therefore part of the Investment Manager's norms-based <u>engagement programme</u> ;	0
The number of investee issuers that are subject to European union (EU) or United Nations (UN) sanctions	0
% of direct sovereign investments flagged for having lack of political rights	0
Weighted average direct sovereign investment stability and peace score as measured by MSCI ESG Research	0
The number of holdings voted (last 12 months)	71
Number of holdings that violate Sovereign and Fund screen as mentioned in the Investment Managers Good Governance Policy.	0

- ...and compared to previous periods? [include for financial products where at least one previous periodic report was provided]

Not applicable, there have been no prior reporting periods.

- What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives? [include for financial products that made sustainable investments, where not included in the reply to the above question, describe the objectives. Describe how the sustainable investments contributed to the sustainable investment objective. For the financial products referred to in Article 6, first paragraph, of Regulation (EU) 2020/852, list the environmental objectives set out in Article 9 of that Regulation to which the sustainable investment underlying the financial product contributed]

Not applicable, the fund has not committed to making any sustainable investments.

Principal adverse impacts are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective? *[include where the financial product includes sustainable investments]*

Not applicable, the fund has not committed to making any environmental or social sustainable investments.

How were the indicators for adverse impacts on sustainability factors taken into account?

Not applicable, the fund does not consider adverse impacts on sustainability factors.

Were sustainable investments aligned with the OECD Guidelines for

The EU Taxonomy sets out a “do not significant harm” principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific Union criteria.

The “do no significant harm” principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:

Not applicable, no sustainable investments were made by the fund.

How did this financial product consider principal adverse impacts on sustainability factors? *[include section if the financial product considered principal adverse impacts on sustainability factors]*

Not applicable, the fund does not consider principal adverse impacts on sustainability factors.

The list includes the investments constituting the **greatest proportion of investments** of the financial product during the reference period which is 100% of fund.

What were the top investments of this financial product?

Largest investments	Sector	% Assets	Country
CF International Equity	Fund	30.80%	Ireland
CF Cash Fund	Fund	30.30%	Ireland
CF Fixed Interest Fund	Fund	20.70%	Ireland

Taxonomy-aligned activities are expressed as a share of:

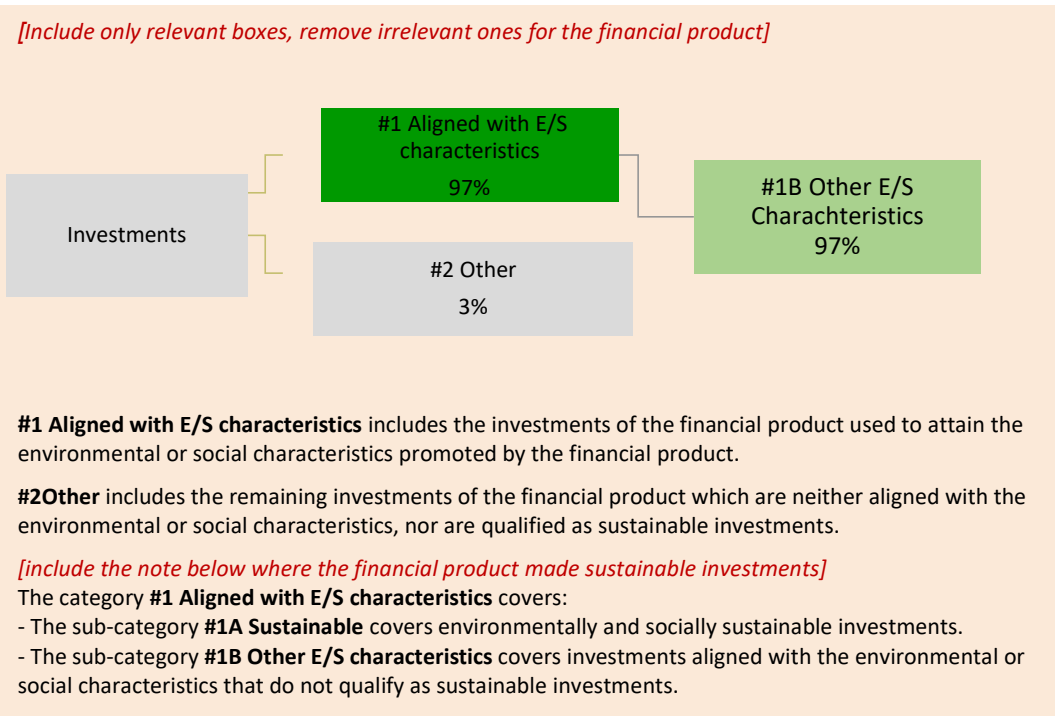

- **turnover** reflecting the share of revenue from green activities of investee companies.
- **capital expenditure** (CapEx) showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure** (OpEx) reflecting green operational activities of investee companies.

CF Alternative Investment	Fund	9.90%	Ireland
CF Long Data Bond Fund	Fund	4.70%	Ireland
CF CAP SPCLST A EUR	Fund	2.10%	Ireland
CF Tech Fund	Fund	.90%	Ireland
WisdomTree Copper	Commodity	.60%	USA

What was the proportion of sustainability-related investments?

What was the asset allocation?

In which economic sectors were the investments made? [include information referred to in Article 54 of this Regulation]

The funds made investments in Sovereigns (25%), Information Technology (15.8%), Financial Services (8.4%), Health Care (2.3%), Consumer Discretionary (5%), Consumer Staples (0.3%), Industrials (3.8%), Materials (1.6%), Telecommunication services (3.4%), Utilities (0.2%), Indirect Property (0.6%), Copper (0.6%), Cash (32%), other (2.1%).

To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy? [include section for the financial products referred to in Article 6 , first paragraph, of Regulation (EU) 2020/852 and include information in accordance with Article 51 of this Regulation]

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

are sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under Regulation (EU) 2020/852.

0%

● **Did the financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy¹?**

☐ Yes: *[specify below, and details in the graphs of the box]*

☐ In fossil gas ☐ In nuclear energy

☒ No

The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds*, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.

[Include information on Taxonomy aligned fossil gas and nuclear energy and the explanatory text in the left hand margin on the previous page only if the financial product invested in fossil gas and/or nuclear energy Taxonomy-aligned economic activities during the reference period]

* For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures.

● **What was the share of investments made in transitional and enabling activities?**
[include a breakdown of the proportions of investments during the reference period]

¹ Fossil gas and/or nuclear related activities will only comply with the EU Taxonomy where they contribute to limiting climate change ("climate change mitigation") and do not significantly harm any EU Taxonomy objective - see explanatory note in the left hand margin. The full criteria for fossil gas and nuclear energy economic activities that comply with the EU Taxonomy are laid down in Commission Delegated Regulation (EU) 2022/1214.

Not applicable.

- **How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?** *[include where at least one previous periodic report was provided]*

0%

What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy? *[include section only for the financial products referred to in Article 6, first subparagraph, of Regulation (EU) 2020/852 where the financial product included sustainable investments with an environmental objective that invested in economic activities that are not environmentally sustainable economic activities, and explain why the financial product invested in economic activities that were not Taxonomy-aligned]*

[include section only for the financial products referred to in Article 6, first subparagraph, of Regulation (EU) 2020/852 where the financial product included sustainable investments with an environmental objective that invested in economic activities that are not environmentally sustainable economic activities, and explain why the financial product invested in economic activities that were not Taxonomy-aligned]

0%.

What was the share of socially sustainable investments? *[include only where the financial product included sustainable investments with a social objective]*

Not applicable.

What investments were included under “other”, what was their purpose and were there any minimum environmental or social safeguards?

The investments categorised under the “Other” are a small holdings in ETFs/Funds (2.6%) for which there were no minimum environmental or social safeguards.

What actions have been taken to meet the environmental and/or social characteristics during the reference period? *[list the actions taken within in the period covered by the periodic report to meet the environmental or social characteristics promoted by the financial product, including shareholder engagement as referred to in Article 3g of Directive 2007/36/EC and any other engagement relating to the environmental or social characteristics promoted by the financial product]*

[list the actions taken within in the period covered by the periodic report to meet the environmental or social characteristics promoted by the financial product, including shareholder engagement as referred to in Article 3g of Directive 2007/36/EC and any other engagement relating to the environmental or social characteristics promoted by the financial product]

A screener has been put in place to ensure promoted environmental and social characteristics are maintained during the stock selection process. This ensures investments that do not meet the promoted characteristics are screened out from the investment universe. Additionally, companies alignment with global norms (such as the The United Nations Guiding Principals (UNGPs), International Labour Organizations (ILO) standards, United Nations Global Compact (UNGC) or Organization for Economic Cooperation and Development (OECD) Guidelines for Multinational Enterprises) are monitored through a third party engagement software. This ensures investments do not violate any of the previously mentioned global norms, and in cases where they are violated action through engagement can be taken.

How did this financial product perform compared to the reference benchmark?

[include section where an index has been designated as a reference benchmark for the purpose of attaining the environmental or social characteristics promoted by the financial product and indicate where the methodology used for the calculation of the designated index can be found]

Not applicable, the product does not consider a specific benchmark to determine alignment with environmental or social characteristics.

- **How does the reference benchmark differ from a broad market index?**

Not applicable.

- **How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?**

Not applicable.

- **How did this financial product perform compared with the reference benchmark?**

Not applicable.

- **How did this financial product perform compared with the broad market index?**

Not applicable

Reference benchmarks are indexes to measure whether the financial product attains the environmental or social characteristics that they promote.
