

Minor collision?

Here's why it's important to tell Aviva about it straight away, whether it was your fault or not...

If the other driver reports the incident before you,

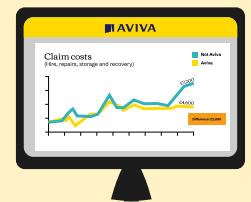

it can cause costs to quickly add up...

crucial evidence can be lost...

and it opens up opportunities for fraud,

which can impact your employer's motor insurance and operating costs

Report this key information as soon as you can

- ☒ Other driver's name and telephone number
- ☒ Other driver's vehicle registration number
- ☒ Time and location of incident
- ☒ Witness information including photos taken at the scene, if safe to do so.
